If DPD rejects any Scope Drawings it shall inform Purchaser of said rejection within 14 days of Purchaser's submission of such Scope Drawings to DPD. In such event Purchaser shall revise its Scope Drawings in conformity with the requirements of DPD and resubmit them to DPD within 15 days from the date Purchaser received notice of the rejection of its Scope Drawings.

Within forty-five days of receiving approval of the Scope Drawings from DPD, Purchaser shall submit Plans and Specifications to the Landmarks Division of DPD. If DPD rejects such Plans and Specifications it shall inform Purchaser of said rejection within 14 days of Purchaser's submission of the Plans and Specifications to DPD. In such event Purchaser shall revise its Plans and Specifications in conformity with the requirements of DPD and resubmit them to DPD within 15 days from the date Purchaser received notice of the rejection of its Plans and Specifications.

Upon receiving approval of its Plans and Specifications from DPD, Purchaser shall transmit the Plans and Specifications to the City's Department of Construction and Permits ("DCAP") for issuance of the building permit. Purchaser shall not commence work on the Administration Property until Purchaser has obtained all necessary permits and approvals, including but not limited to DPD's approval of the Scope Drawings and Plans and Specifications and the Commission on Chicago Landmarks' approval with respect to the work affecting the Administration Building's Designated Feature."

E. Section 7. Section 7 is hereby amended in its entirety to state as follows:

"Purchaser shall commence the historic restoration of the Designated Feature of the Administration Building and the other work described in Section 6.E. not later than October 31, 2006, and shall complete the historic restoration of the Designated Feature of the Administration Building and the other work described in Section 6.E. by October 31, 2007; provided, however, DPD shall have discretion to extend the construction commencement and completion dates by issuing a written extension letter. Purchaser shall give written notice to the City within five (5) days after it commences construction.

Purchaser shall procure and maintain or cause to be maintained by its contractors, subcontractors, agents, and/or employees, at all times during the period that work is performed pursuant to the terms of this Agreement, the following insurance coverages:

- (i) commercial general liability insurance with a combined single limit of not less than \$1,000,000.00 per occurrence and not less than \$2,000,000.00 aggregate for bodily injury, personal injury and property damage liability. Coverages shall include the following: all premises and operations, products/completed operations, independent contractors, separation of insureds, defense, and contractual liability (with no limitation

With respect to property insurance, the City will accept an ACORD 28 form. With respect to liability insurance, the City will accept an ACORD 25 form, together with a copy of the endorsement that is added to Purchaser's policy showing the City as an additional insured. The City must be identified as a certificate holder on the insurance certificates.

Copies of said insurance policies shall be delivered to the City and shall provide for not less than thirty (30) days prior written notice to the City by the insurer of any proposed cancellation of any such insurance.

Purchaser agrees for itself, its successors and assigns, and the Deed is deemed amended to contain certain covenants on the part of Purchaser for itself and its successors and assigns, that Purchaser shall promptly begin and diligently complete the historic restoration of the Designated Feature of the Administration Building and the other work described in Section 6.E. within the time period specified herein. It is intended that these agreements and covenants shall be covenants running with the land, binding for the benefit of the community and the City, and enforceable by the City against Purchaser, its successors and assigns to or of the

Administration Property or any per thereof or any interest therein."

F. Section 8. Section 8 of the Agreement is amended in its entirety as follows:

"Pursuant to the First Amendment, the parties acknowledged and agreed that (i) the City no longer intends to issue "Final Certificate" of completion affecting the Property and (ii) the references to the Final Certificate contained in paragraphs 12(B),(C), and (D) of the Deed were deleted and the following was substituted, 'Until the City issues its certificate of completion for the Administration Property.'

DPD shall issue a certificate of completion for the Administration Building ("Administration Completion Certificate") after the following three conditions have been satisfied: (i) Purchaser has completed the historic restoration of the Designated Feature of the Administration Building and the other work described in Section 6.E., in accordance with this Agreement, as amended, (ii) the Designated Feature Amendment (as defined below) has been recorded, and (iii) the City's Department of Buildings and DPD have inspected the interior and exterior of the Administration Building and determined that Purchaser has remedied all code violations.

When Purchaser believes it has fulfilled the three conditions set forth in the preceding paragraph, it shall submit to DPD a written request for the Administration Completion Certificate. Within (90) days after DPD's receipt of Purchaser's request for the Administration Completion Certificate, DPD and the City's Department of Buildings shall undertake an inspection of Administration Property and the Administration Building and thereafter provide Purchaser either with the Administration Completion Certificate or a written statement indicating in adequate detail how Purchaser has failed to complete the restoration of the Designated Feature of the Administration Building in conformity with this Agreement, as amended, and the Drawings as approved by DPD, or has failed to remedy all ordinance violations, or is otherwise in default and what measures or acts will be necessary, in the opinion of DPD, for Purchaser to perform in order to obtain the Administration Completion Certificate. Purchaser shall have a single six (6) month period to correct all such nonconformity or default. Upon compliance with DPD's requirements, Purchaser shall resubmit a written request for a Administration Completion Certificate from DPD.

Before the Administration Completion Certificate can be issued by DPD, Purchaser agrees to provide DPD with three sets of photographs depicting in accurate detail the Designated Feature of the Administration Building. An additional set of photographs shall be prepared in conjunction with an amendment to the Agreement (hereinafter referred to as the "Designated Feature Amendment"). The written text and photographs contained in the Designated Feature Amendment shall represent the restoration of the Designated Feature of the Administration Building of which Purchaser affirmatively agrees to preserve, protect, enhance and perpetuate. The Designated Feature Amendment shall be recorded in conjunction with the procedures described in Section 29 below.

The Administration Completion Certificate shall be a conclusive determination of satisfaction and termination of the covenants in the Agreement and the Deed with respect to the obligations of Purchaser and its successors and assigns to restore the Designated Feature of the Administration Building. The Administration Completion Certificate shall be in recordable form."

G. Section 9. Section 9 of the Agreement is hereby amended in its entirety to state as follows:

"SECTION 9. LIMITED APPLICABILITY. Any approvals of the Scope Drawings and Plans and Specifications made by DPD are for the purposes of the Second Amendment only and do not affect or constitute approvals required for building permits or approvals required pursuant to any other ordinance of the City nor does any approval by DPD pursuant to the Agreement, as amended, constitute approval of the quality, structural soundness or the safety of any improvements located on the Administration Property. DPD, however, agrees to assist Purchaser in expeditiously obtaining approvals for building permits, driveways and median cuts affecting the Administration Property."

H. Sections 10. Sections 10.A. through 10.C. and 10.E. and 10.F. are hereby amended to apply solely to the Consolidated Wire Property and the Powerhouse Property. Section 10 is amended to include Section 10.G., which reads as follows:

"G. RESTRICTIONS ON USE OF THE ADMINISTRATION PROPERTY. Purchaser agrees for itself, its successors and assigns, and every successor in interest to the Administration Property or any part thereof, and the Deed shall be deemed amended to contain covenants on the part of Purchaser for itself, its successors and assigns, and every

successor in interest to the Administration Property or any part thereof, that Purchaser, its successors and assigns, and every successor in interest to the Administration Property or any part thereof:

- i. Shall devote the Administration Property in accordance with the uses set forth in the First Amended Agreement and in accordance with the January 2005 Zoning Ordinance, as that ordinance may be amended from time to time. To the extent the uses of the Administration Property permitted pursuant to the January 2005 Zoning Ordinance, as that ordinance may be amended from time to time, conflict with the uses permitted pursuant applicable to the First Amended Agreement, the uses permitted pursuant to the January 2005 Zoning Ordinance, as that ordinance may be amended from time to time, shall prevail; and
- ii. Shall rehabilitate, preserve and maintain the Designated Features in accordance with the Scope Drawings and the requirements set forth in Section 106 of the National Historic Preservation Act of 1966, the United States Secretary of the Interior's Standards for Rehabilitating Historic Buildings, the Deed and any and all recommendations made by the City's Landmarks Commission; and

Shall not discriminate based on race, color, religion, sex, national origin or ancestry, military discharge status, sexual orientation, marital status, source of income, age or disability/ handicap in the sale, lease, rental, use or occupancy, of the Administration Property or any improvements located or to be erected thereon; and
- iv. Agrees that, if Purchaser violates any of covenants i. through iii. of this Section 10.G. with respect to the Administration Property prior to the City's issuance of the Administration Completion Certificate, the City shall have the right to re-enter and take possession of the Administration Property in accordance with the provisions described in Section 16(C)(4) below. The right of re-entry described in this covenant 10.G.iv. is in addition to, and not a limitation of, any other rights and remedies the City may have pursuant to the Agreement, as amended, and at law or in equity;

- v. Agrees that, if at anytime Purchaser violates any of covenants G.i. through G.iii. of this Section 10, the City may institute any action available at law or in equity against Purchaser and its successors and assigns; however, the City's right to re-enter the Administration Property is limited as set forth in paragraph G.iv. of this Section 10."

I. **Section 11.** Section 11 of the Agreement is hereby amended in its entirety to state as follows:

"Section 11. PRESERVATION OF THE DESIGNATED FEATURES.

A. Purchaser's Covenants. Purchaser agrees for itself, its successors and assigns, and every successor in interest to the Property and the Historic Buildings, that the Deed shall contain covenants with regard to the historic preservation and enhancement of the Designated Features on the part of Purchaser for itself, its successors and assigns, that Purchaser, its successors and assigns:

1. Shall not demolish, remove or raze the Designated Features;
2. Shall not undertake or permit to be undertaken any of the following changes with regard to the Designated Features, without the express written consent of DPD, which written consent or refusal to grant such consent, including a statement of reasons for refusal, shall be delivered to Purchaser by DPD within thirty (30) days of receipt of Purchaser's written request for such approval:
 - (a) Increase or decrease the height of the Designated Features;
 - (b) Aversely affect the structural soundness of the Designated Features;
 - (c) Make any changes in the Designated Features, including the alteration, partial removal, construction, remodeling or physical or structural change or change in color or surfacing with respect to the appearance or construction of the Designated Features;
 - (d) Erect anything on the Designated Features which would prohibit it from being visible from street level, except for a temporary structure during any period of approved alteration or restoration; or

(e) Undertake any significant reconstruction, repair, repainting or refinishing of the Designated Features that alters its state from the condition as described in the Drawings developed in accordance with this Agreement, as amended, or in the Designated Feature Amendment. Purchaser shall comply with the provisions of subsections (B) and (C) of this section 11 while undertaking any significant reconstruction of the Designated Features. This subsection shall not include ordinary or necessary maintenance as covered in subsection D. below.

B. Amendment to the Agreement. Upon the completion of any significant alteration to a Designated Feature, Purchaser shall prepare an amendment to the Agreement, the form and content of which shall be subject to the sole approval of DPD, which shall describe in written text and photographs the alterations undertaken with regard to the Designated Feature. The amendment, upon its recordation with the proper authorities as described in section 29 below, shall be deemed to refer to the state of the Designated Feature and supercede the Designated Feature Amendment described in Section 8 above.

C. Specification of Work. In the event Purchaser is required to seek the consent of the DPD pursuant to Section 11.A.2. above, Purchaser shall furnish DPD with plans, designs, elevations, specifications and documents relating thereto, including specification of all materials, colors and construction techniques to be used in any such work and photographs of the subject area as it appears at the time of the request.

D. Maintenance of the Designated Features. Purchaser, for itself, its successors and assigns, covenants that it shall use its best efforts to perform ordinary maintenance on the Designated Features in order to maintain its appearance and structural soundness and to prevent any further deterioration of the Designated Features.

E. Insurance Covering the Designated Features and the Administration Building. Purchaser, its successors and assigns, at its sole expense, shall: (i) keep the Designated Features and the Historic Buildings insured under a standard form of insurance policy in an amount representing the full insurable value of the Designated Features and the Historic Buildings against loss or damage resulting from fire and other perils normally insured under a uniform standard extended coverage endorsement limited only as may be provided in the standard form of extended coverage endorsement at the time in use in the State of Illinois;

F. Damage to the Designated Features and the Administration Building. In the event that the Designated Features, the Historic Buildings, or both, shall be damaged by fire or other casualty, then the proceeds of the insurance required to be carried by Purchaser pursuant to subsection 11.E. above shall be applied to reconstruct the Designated Features and the Administration Building. If the Designated Features, the Administration Building, or both, are damaged to such an extent that Purchaser determines that reconstruction is not feasible, Purchaser shall provide the DPD with a certification by an independent engineer attesting to such conclusion. If the City rejects the engineer's determination, it shall notify Purchaser of such rejection within sixty (60) days of the receipt of the engineer's report. Purchaser shall utilize proceeds from the insurance required to be carried by Purchaser pursuant to subsection 11.E. above to restore and reconstruct the Designated Features and the Administration Building. If Purchaser disputes the findings of the engineer selected by the DPD, it shall have the right to institute a suit for injunctive or other relief.

G. Inspection of the Designated Features. Purchaser agrees for itself, its successors and assigns, that DPD shall be permitted to inspect from time to time the Designated Features for the purpose of determining conformity with the provisions of this section 11 and the Agreement generally.

H. Remedies. In the event of a violation of any provision of this section 11, DPD shall serve written notice to Purchaser explaining in sufficient detail the nature of the violation. Purchaser shall have six (6) months from the date of receipt of the notice in which to cure such violation. If, after the expiration of the six (6) month period, Purchaser has failed to cure the violation to the sole satisfaction of the DPD, the DPD, upon five (5) days prior written notice to Purchaser, may institute a suit for injunctive relief, damages or specific performance. Purchaser shall reimburse the DPD for any costs or expenses incurred in connection with the enforcement of the terms of this section 11."

J. Section 12. Section 12 of the Agreement is hereby amended in its entirety to state as follows:

"SECTION 12. Prohibition Against Transfer of Property. Prior to the issuance of the Administration Completion Certificate described in Section 8, Purchaser or its successors in interest shall not, without the prior written consent of the Commissioner of DPD: (a) sell or convey the Administration Property or any part thereof or any improvement thereon, (b) create any assignment with respect to the Agreement, the Administration Property, or any improvement thereon, or (c) contract or agree to: (1) sell or convey the Administration Property or any improvement thereon, or (2) create any assignment with respect to the Agreement, the Administration Property, or any improvement thereon. In the event of a proposed sale (except for the sale and conveyance of the dwelling units to private purchasers), Purchaser shall provide DPD copies of any and all sales contracts, legal descriptions, descriptions of intended use, certifications from the proposed buyer regarding this Agreement and such other information as the City may reasonably request. The proposed buyer must be qualified to do business with the City (including, without limitation, the anti-scofflaw requirement). The provisions of this section 12 shall not limit Purchaser's rights under section 13 of the Agreement."

K. Section 13. Section 13 of the Agreement is amended in its entirety to state as follows:

"SECTION 13. LIMITATION UPON ENCUMBRANCE OF PROPERTY. Prior to the City's issuance of the Administration Completion Certificate, neither Purchaser nor any successor in interest to the Administration Property shall engage in any financing or other transaction which creates an encumbrance or lien upon the Administration Property, except for the purposes only of obtaining: (a) funds necessary to complete the historic restoration of the Designated Feature of the Administration Building; and (b) funds necessary for architect, surveyor and legal and title fees in connection with the historic restoration of the Designated Feature of the Administration Building."

L. Section 14. Section 14 of the Agreement is hereby re-affirmed in its entirety as follows:

"Section 14. COVENANTS RUNNING WITH THE LAND. The parties agree, and the Deed shall so expressly provide, that the covenants

provided in sections 6, 7, 10, 11, 12 and 13 shall be covenants running with the land, binding to the fullest extent permitted by law and equity for the benefit and in favor of, and enforceable by the City, and any successor in interest to the Property, or any part thereof."

M. Sections 15 through 20. Sections 15 through 20 of the Agreement are hereby amended in their entirety to state as follows:

Section 15. MORTGAGEES NOT OBLIGATED TO CONSTRUCT. Notwithstanding any of the provisions of the Agreement, the holder of any mortgage authorized by the Agreement (including any holder who obtains title to the Administration Property or any part thereof as a result of foreclosure proceedings, or action in lieu thereof, but not including: (a) any other party who thereafter obtains title to the Administration Property or such part from or through such holder, or (b) any other purchaser at foreclosure sale other than the holder of the mortgage itself) shall not be obligated to restore or complete the restoration of the Designated Feature of the Administration Building or to guarantee such restoration or completion of restoration, nor shall any covenant or any other provision in the Deed be construed to so obligate such holder. Nothing in this section 15 or any other section of the Agreement shall be deemed or construed to permit or authorize any such holder to devote the Administration Property or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided or permitted in the Second Amendment.

Section 16. REMEDIES.

(A) Time of the Essence. Time is of the essence of the Agreement.

(B) Permitted Delays. Neither the City, Purchaser, nor any successor in interest to Purchaser, shall be considered in breach of its obligations with respect to the historic restoration of the Designated Feature of the Administration Building in the event of delay in the performance of such obligations due to unforeseeable causes beyond such party's control and without such party's fault or negligence, including but not limited to, any delays or halts in the historic restoration of the Designated Feature of the Administration Building, which are compelled by court order, acts of God, acts of the public enemy, acts of the United States, acts of

the other party, fires, floods, epidemics, quarantine restrictions, strikes, embargoes, delays in freight and unusually severe weather or delays of subcontractors due to such cause. The time for the performance of the obligations shall be extended only for the period of the delay if the party seeking the extension shall request it in writing of the other party within twenty (20) days after the beginning of any such delay.

(C) Breach

1. Generally. Except as otherwise provided in the Second Amendment, in the event of default by any party or its successor in interest in the performance of its obligations under the Second Amendment, such party or successor, upon written notice from the other, shall proceed to immediately cure or remedy such default but, in any event, not later than sixty (60) days after receipt of such notice. In the event such action is not diligently pursued or the default not cured within a reasonable time, the aggrieved party may institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy such default, including but not limited to, proceedings to compel specific performance by the party in default of its obligations.

2. Event of Default. For purposes of the Agreement, the occurrence of any one or more of the following shall constitute an "event of default":

a. If, at any time, any warranty, representation or statement made or furnished by Purchaser to the City (whether in this Agreement, an Economic Disclosure Statement and Affidavit, or another document) is not true and correct in any material respect; or

b. If any petition is filed by or against Purchaser under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing (and in the case of involuntary proceedings, failure to cause the same to be vacated, stayed or set aside within thirty (30) days after filing); or

c. Failure of Purchaser to develop Scope Drawings or Plans and Specifications consistent with the procedures outlined in section 6 above with regard to the historic restoration of the Designated Feature of the Administration Building; or

d. If Purchaser defaults in fulfilling its obligations with respect to the historic restoration of the Designated Feature of the Administration Building (including the nature of and the dates of the beginning and completion thereof) or abandons or substantially suspends such restoration and such default, violation, abandonment or suspension shall not be cured, ended or remedied within thirty (30) days of the date Purchaser receives written demand by the City to cure such default; or

e. Failure of Purchaser to pay real estate taxes or assessments affecting the Administration Property or any part thereof when due, or placing thereon any encumbrance or lien unauthorized by the Agreement, or suffering any levy or attachment to be made, or any materialmen's or mechanics' lien, or any other unauthorized encumbrance or lien to attach to the Administration Property or any part thereof, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed or discharged or provision satisfactory to the City made for such payment, removal or discharge within sixty (60) days after written demand by the City to remove such lien or encumbrance; or

f. Any assignment, pledge, encumbrance, transfer or other disposition is made in violation of sections 12 above or 19 below; or

g. Any adverse change of financial condition or operations of Purchaser.

3. If prior to the City's issuance of the Administration Completion Certificate, Purchaser or its successor in interest shall default in any specific manner as described in paragraph (2) of this subsection 16(C), then the City, by

written notice to Purchaser, may utilize any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the Administration Property, to terminate the estate conveyed by the Deed to the Administration Property to Purchaser and re-vest title in said Administration Property with the City. The City, in its sole discretion, may terminate Purchaser's right of title and all other rights and interests in and to the Administration Property, and that such title and all rights and interests of Purchaser and its assigns or successors in interest to the Administration Property shall revert to the City; provided, however, that the re-vesting of title as a result thereof in the City shall always be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by the Agreement, for the protection of the holders of said mortgage.

(D) Resale of the Property. Upon the re-vesting in the City of title to the Administration Property as provided in paragraph (3) of subsection 16(C), the City may utilize proceeds from the Letter of Credit to complete the historic restoration the Designated Feature of the Administration Building, including, if necessary, the hiring of an alternative contractor (other than the one selected by Purchaser) to complete the historic restoration. Upon completion of the historic restoration of the Designated Feature of the Administration Building, the City shall employ its best efforts to convey the Administration Property (subject to the mortgage liens described in this section) to a qualified and financially responsible party or parties (as solely determined by the City) who shall assume the obligation of completing the historic restoration of the Designated Feature of the Administration Building (in the event that the proceeds from the Letter of Credit are insufficient to allow for the completion of said historic restoration) to the sole satisfaction of the City and in accordance with the uses specified for the Administration Property in this Second Amendment. The Administration Property shall be conveyed by the City to said party in accordance with all applicable federal, state and local laws, ordinances and regulations and consistent with the objectives of this Second Amendment.

(E) Disposition of Resale Proceeds. If the City sells the Administration Property as described in subparagraph 16(D) above,

the proceeds from such sale shall be utilized to reimburse the City for:

- a. reasonable costs and expenses incurred by the City with regard to the recapture, management and resale of the Administration Property (but less any income derived by the City from the Administration Property in connection with such management); and
- b. all taxes, assessments, and water and sewer charges with respect to the Administration Property; and
- c. any payments made or necessary to be made (including attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of Purchaser, its successors or transferees; and
- d. any expenditures made or obligations incurred with respect to the historic restoration of the Designated Feature of the Administration Building; and
- e. any other amounts owed to the City by Purchaser, its successors or transferees.

Purchaser shall be entitled to receive any proceeds not utilized in meeting the expenses of the City described in subparagraphs (E)a. through (E)e. above.

(F) Waiver and Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by Purchaser shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of Purchaser.

(G) Access to the Property. Any duly authorized representative of the City, at all reasonable times, shall have access to the Administration Property for the purpose of confirming Purchaser's compliance with the Second Amendment.

Section 17. INDEMNIFICATION. Purchaser hereby agrees to indemnify,

defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (i) the failure of Purchaser to perform its obligations under the Second Amendment; (ii) the failure of Purchaser, in its historic restoration of the Designated Feature of the Administration Building, to adhere to the requirements contained in Section 106 of the Historic Preservation Act of 1966, the United States' Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, and the Deed, and to the recommendations of the SHPO and the City's Landmarks Commission; (iii) the failure of Purchaser or any contractor to pay contractors, subcontractors or materialmen in connection with the historic restoration of the Designated Feature of the Administration Building; (iv) a material misrepresentation or omission which is the result of information supplied or omitted by Purchaser or by agents, employees, contractors or persons acting under the control or at the request of Purchaser; (v) the failure of Purchaser to redress any misrepresentations or omissions in the Agreement or any other agreement relating hereto; and (vi) resulting from any activity undertaken by Purchaser on the Administration Property.

Section 18. ENVIRONMENTAL CONDITIONS. The City makes no representation concerning the environmental condition of the Property or the suitability of the Property for any purpose whatsoever. It shall be the responsibility of Purchaser, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property. Purchaser agrees to deliver to the City a copy of each report prepared by Purchaser or for its behalf regarding the soil and environmental condition of the Property. If the soil and environmental condition of the Property is not in all respects entirely suitable for the use or uses to which the Property shall be utilized pursuant to the terms of the Agreement, it shall be the sole responsibility and obligation of Purchaser to take such action as may be necessary to place the soil and environmental condition of the Property in a condition entirely suitable for the intended uses of the Property. Purchaser additionally agrees to indemnify the City from any claim relating to the soil and environmental condition of the Property, and to undertake and discharge all liabilities of the City arising from any condition which exists on the Property.

Section 19. CONFLICT OF INTEREST; CITY'S REPRESENTATIVES NOT INDIVIDUALLY LIABLE. No member, official or employee of the City shall have any personal interest, direct or indirect, in the Agreement; nor shall any such member, official or employee participate in any

decision relating to the Agreement which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is directly or indirectly interested. No member, official or employee of the City shall be personally liable to Purchaser or any successor in interest in the event of any default or breach by the City or for any amount which may become due to Purchaser or any successor or on any obligation under the terms of the Agreement.

Section 20. PROVISIONS NOT MERGED WITH DEED. The provisions of the Agreement shall not be merged with the Deed, and the Deed shall not be deemed to affect or impair the provisions of the Agreement.

N. Section 21. Section 21 is hereby amended in its entirety to state as follows:

"A. Purchaser agrees, and shall contractually obligate its various contractors, subcontractors and any affiliate of Purchaser operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree that with respect to the use or occupancy of the Property and during the period during which work is performed pursuant to Section 6.E.:

- (i) Neither Purchaser nor any Employer shall discriminate against any employee or applicant for employment based upon race, color, sex, gender identity, age, religion, disability or handicap, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or source of income, as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010 et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). Purchaser and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, color, sex, gender identity, age, religion, disability or handicap, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for

training, including apprenticeship. Purchaser must post, and must require each Employer agrees to post, in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, Purchaser and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, color, sex, gender identity, age, religion, disability or handicap, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or source of income.

- (ii) To the greatest extent feasible, Purchaser and each Employer shall present opportunities for training and employment of low and moderate income residents of the City, and provide that contracts for work in connection with the construction of the Improvements be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the City.
- (iii) Purchaser and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, without limitation, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.
- (iv) Purchaser, in order to demonstrate compliance with the terms of this Section 21, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.
- (v) Purchaser and each Employer shall include the foregoing provisions of subparagraphs (i) through (iv) in every contract entered into in connection with the construction of the Improvements, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate

operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.

- (vi) Failure to comply with the employment obligations described in this Section 21 shall be a basis for the City to pursue remedies under the provisions of Section 16.

B. Purchaser's MBE/WBE Commitment. Purchaser agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the general contractor to agree, that:

- i. Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 21.B., at least 24% of the "Outsourced Costs" shall be expended by Purchaser for contract participation by minority-owned businesses and at least 4% of the "Outsourced Costs" shall be expended by Purchaser for contract participation by women-owned businesses. "Outsourced Costs" means the total dollar amount of all costs set forth in the Total Project Budget, excluding the cost for labor performed by employees of the Purchaser or its Affiliates. Purchaser will provide the City with certified payrolls or copies of them and such other documentation as the City reasonably requires to verify the cost for labor performed by employees of the Purchaser or its Affiliates.

For purposes of this Section 21.B., "Affiliate" of a person or entity means a person or entity that directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person or entity. In determining whether persons or entities are affiliates, the City shall consider all appropriate factors, including common ownership, common management and contractual relationships. Affiliates shall be considered together in determining whether a firm is a "Small

Business Enterprise."

"Small business enterprise" means a small business as defined by the U.S. Small Business Administration, pursuant to the business size standards found in 13 C.F.R. Part 121, relevant to the scope(s) of work the firm seeks to perform on city contracts. A firm is not an eligible small business enterprise in any city fiscal year in which its gross receipts, averaged over the firm's previous five fiscal years, exceed the size standards of 13 C.F.R. Part 121.

ii. For purposes of this Section 21.B. only:

(a) Purchaser (and any party to whom a contract is let by Purchaser in connection with the performance of the work required by Section 6.E. (the "Project")) shall be deemed a "contractor" and this Agreement (and any contract let by Purchaser in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(b) The term "minority-owned business" or "MBE" shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) The term "women-owned business" or "WBE" shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

iii. Consistent with Sections 2-92-440 and 2-92-720,

Municipal Code of Chicago, Purchaser's MBE/WBE commitment may be achieved in part by Purchaser's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by Purchaser) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture, or (ii) the amount of any actual work performed on the Project by the MBE or WBE); by the Purchaser utilizing a MBE or a WBE as the general contractor (but only to the extent of any actual work performed on the Project by the general contractor); by subcontracting or causing the general contractor to subcontract a portion of the construction of the Project to one or more MBEs or WBEs; by the purchase of materials or services used in the construction of the Project from one or more MBEs or WBEs; or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Purchaser's MBE/WBE commitment as described in this Section 21.C. In accordance with Section 2-92-730, Municipal Code of Chicago, Purchaser shall not substitute any MBE or WBE general contractor or subcontractor without the prior written approval of the City's Department of Housing.

- iv. Purchaser shall deliver quarterly reports to the City's monitoring staff during the construction of the Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by Purchaser or the general contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the construction of the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining Purchaser's compliance with this MBE/WBE commitment. Purchaser shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the construction of the Project for at least five (5) years after completion of the Project, and the City's monitoring staff

shall have access to all such records maintained by the Purchaser, on prior notice of at least five (5) business days, to allow the City to review Purchaser's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the construction of the Project.

- v. Upon the disqualification of any MBE or WBE general contractor or subcontractor, if the disqualified party misrepresented such status, Purchaser shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection v., the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.
- vi. Any reduction or waiver of Purchaser's MBE/WBE commitment as described in this Section 21 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable."

C. Pre-construction meeting. Prior to commencing the work required by Section 6.E., but not later than fourteen (14) days following the Second Amendment Execution Date, Purchaser and Purchaser's general contractor (if any) and all major subcontractors shall meet with the City's Department of Housing monitoring staff regarding compliance with all Section 21 requirements. During this pre-construction meeting, Purchaser shall present its plan to achieve its obligations under this Section 21, the sufficiency of which is subject to the City's monitoring staff's reasonable approval. Purchaser's failure to obtain such approval is an Event of Default.

D. Purchaser shall include the provisions of paragraphs 21.A. and 21.B. in every contract, and shall require the inclusion of these provisions in every sub-contract entered into by any of its contractors, so that such provision shall be binding upon each such contractor or sub-contractor, as the case may be. Failure to comply with the provisions of this section 21 shall be a basis for the City to institute remedies under the provisions of section 16 of the Agreement."

O. Sections 22 through 25. Sections 22 through 25 of the Agreement are hereby re-affirmed as follows.

"Section 22. HEADINGS. The headings of the various sections of the Agreement have been inserted for convenient reference only and shall not in any manner be construed as modifying, amending or affecting in any way the express terms and provisions thereof.

Section 25. SEVERABILITY. If any provision of the Agreement, or any paragraph, sentence, clause, phrase or word, or the application thereof, is held invalid, the remainder of the Agreement shall be construed as if such invalid part were never included herein and the Agreement shall be and remain valid and enforceable to the fullest extent permitted by law."

"Section 27. COUNTERPARTS. The Agreement is executed in triplicate, each of which shall constitute an original instrument.

Section 28. AMENDMENT. For purposes of furthering the preservation of the Designated Features and of furthering the other purposes set forth in the Agreement and to meet unforeseen future conditions, the City and Purchaser agree that the Agreement may be amended from time to time by mutual consent of the parties in writing. Such amendment shall become effective upon its recording in accordance with the procedures described in Section 29 below.

Agreement on the behalf of Purchaser have the authority to do so.

Section 31. SUCCESSORS AND ASSIGNS. The terms of the Agreement shall be binding upon the City, Purchaser, and their respective heirs, legal representatives, successors and assignees."

R. Sections 32. Section 32 of the Agreement are amended and restated to read as follows:

"Section 32. NO THIRD PARTY BENEFICIARY. The approvals given by the City pursuant to the Agreement and any completion certificate when issued by the City shall be only for the benefit of Purchaser, the mortgagee or other lien holder, and their successors in interest in the Property, and no other person or party may assert against the City or claim the benefit of such approval or certificate.

S. Section 33. Section 33 of the Agreement (FIRST SOURCE AGREEMENT) is deleted.

T. Sections 33 (new) through 38. The Agreement is amended to include Sections 33 through 38, which read as follows:

"SECTION 33. BUSINESS RELATIONSHIPS.

Purchaser acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Agreement, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Agreement shall be grounds for termination of this Agreement and the transactions contemplated hereby. Purchaser hereby represents and warrants

that no violation of Section 2-145-030 (b) has occurred with respect to this Agreement or the transactions contemplated hereby.

SECTION 34. PATRIOT ACT CERTIFICATION.

Purchaser represents and warrants that neither Purchaser nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section 34, an "Affiliate" shall be deemed to be a person or entity related to Purchaser that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Purchaser, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

SECTION 35. WASTE SECTIONS.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Purchaser warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of the following sections of the Municipal Code of Chicago (collectively, the "Waste Sections"):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;
- 11-4-1420 Ballast tank, bilge tank or other discharge;
- 11-4-1450 Gas manufacturing residue;
- 11-4-1500 Treatment and disposal of solid or liquid waste;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this Agreement is executory, Purchaser's, general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole discretion of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity. This section does not limit Purchaser, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Purchaser's eligibility for future contract awards.

SECTION 36. PROHIBITION ON CERTAIN CONTRIBUTIONS - MAYORAL EXECUTIVE ORDER NO. 05-1.

a. Purchaser agrees that Purchaser, any person or entity who directly or indirectly has an ownership or beneficial interest in Purchaser of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Purchaser's contractors (i.e., any person or entity in direct contractual privity with Purchaser regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Purchaser and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Agreement by Purchaser, (b) while this Agreement or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Agreement or any Other Contract, or (d) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to February 10, 2005, the effective date of Executive Order 2005-1.

b. Purchaser represents and warrants that from the later of (a) February 10, 2005, or (b) the date the City approached Purchaser, or the date Purchaser approached the City, as applicable, regarding

the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

c. Purchaser agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

d. Purchaser agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

e. Notwithstanding anything to the contrary contained herein, the Purchaser agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Section 36 or violation of Mayoral Executive Order No. 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

f. If Purchaser intentionally violates this provision or Mayoral Executive Order No. 05-1 prior to the Closing, the City may elect to decline to close the transaction contemplated by this Agreement.

g. For purposes of this provision:

- (i) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

- (ii) "Other Contract" means any other agreement with the City to which Purchaser is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.
- (iii) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.
- (iv) Individuals are "domestic partners" if they satisfy the following criteria:
 - (A) they are each other's sole domestic partner, responsible for each other's common welfare; and
 - (B) neither party is married; and
 - (C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
 - (D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
 - (E) two of the following four conditions exist for the partners:
 - 1. The partners have been residing together for at least 12 months.
 - 2. The partners have common or joint ownership of a residence.
 - 3. The partners have at least two of the following arrangements:
 - (a) joint ownership of a motor vehicle;
 - (b) joint credit account;

- (c) a joint checking account;
- (d) a lease for a residence identifying both domestic partners as tenants.

4. Each partner identifies the other partner as a primary beneficiary in a will.

- (v) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

SECTION 37. CITY RESIDENT EMPLOYMENT REQUIREMENTS.

- a. Developer agrees, and shall contractually obligate each Employer to agree, that during the construction of the Project, Purchaser and each Employer shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 2-92-330 of the Municipal Code of Chicago (at least fifty percent); provided, however, that in addition to complying with this percentage, Purchaser and each Employer shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.
- b. Purchaser and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the chief procurement officer of the City of Chicago.
- c. "Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.
- d. Purchaser and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed in the construction of the Project. Purchaser and the Employers shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

e. Purchaser and the Employers shall submit weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) to the City's Department of Housing ("DOH") in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that Purchaser or Employer hired the employee should be written in after the employee's name.

f. Purchaser and the Employers shall provide full access to their employment records to the chief procurement officer, DOH, the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. Purchaser and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years after the issuance of the Certificate of Completion.

g. At the direction of DOH, Purchaser and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

h. Good faith efforts on the part of Purchaser and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the chief procurement officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section 37 concerning the worker hours performed by actual Chicago residents.

i. If the City determines that Purchaser or an Employer failed to ensure the fulfillment of the requirements of this Section 37 concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section 37. If such non-compliance is not remedied in accordance with the breach and cure provisions of Section 16, the parties agree that 1/20 of 1 percent (.05%) of the aggregate hard construction costs set forth in the Total Project Budget shall be surrendered by Purchaser and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire

liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Purchaser and/or the other Employers or employees to prosecution.

j. Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement.

k. Purchaser shall cause or require the provisions of this Section 37 to be included in all construction contracts and subcontracts related to the construction of the Project.

SECTION 38. COMMISSIONER'S AUTHORITY.

Whenever the City's approval or consent is required under this Agreement, the City may withhold its approval or consent in its sole discretion, except to the extent otherwise expressly provided herein. Wherever this Agreement provides that an act is to be taken or performed or approval or consent given by the City, such act may be taken or performed or approval or consent may be given by the Commissioner of DPD without further action by the City Council of Chicago. The Commissioner's authority provided by this section 38 does not include the authority to make material revisions to material provisions of the Agreement, including, but not limited to, MBE/WBE compliance, residency requirements, scope of work and covenants running with the land."

4. Recordation. Upon the full execution of this Second Amendment by the City and Purchaser, Purchaser shall record this Second Amendment with the Recorder. Purchaser shall pay the recording fees.

5. Counterparts. This Second Amendment is comprised of several identical counterparts, each to be fully signed by the parties and each to be considered an original having identical legal effect.

IN WITNESS WHEREOF, the parties have executed this Second Amendment effective as of the day and year first set forth above.

13.4 Patriot Act Certification.

Congress Commons, L.L.C. agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

13.6 Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Congress Commons, L.L.C. warrants and represents that they, and to the best of their knowledge, their contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Agreement is executory, Congress Commons, L.L.C.'s, any general contractor's or any

subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity. This section does not limit Congress Commons, L.L.C.'s, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Congress Commons, L.L.C. eligibility for future contract awards.

Except as set forth in Section 5.1, Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's leasehold interest only. Tenant shall make good faith efforts to remove any such lien or encumbrance within ninety (90) days after written notice by Landlord. If Tenant makes good faith efforts at removing such lien or encumbrance, Landlord shall provide Tenant with an additional thirty (30) day extension after the first time frame has expired. If the lien or encumbrance remains one hundred twenty (120) days after written notice is tendered to Tenant by Landlord, Landlord may take such action to remove such lien or encumbrance. Notwithstanding the foregoing, Landlord shall not be obligated to repair or replace the personal property used by Tenant.

7.2 Other Terms Of Insurance.

Landlord will furnish Tenant, Department of General Services, Bureau Office of Real Estate Management, 30 North LaSalle Street, Suite 3700, Chicago, Illinois 60602, original Certificates of Insurance and/or similar documentation issued by Landlord evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term of this Lease. Landlord shall submit evidence of insurance prior to execution of this Lease. The receipt of any certificate and/or similar documentation issued by Landlord does not constitute agreement by Tenant that the insurance requirements in the Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all Lease requirements. The failure of the Tenant to obtain certificates or other insurance evidence from Landlord shall not be deemed to be a waiver by Tenant. Landlord shall advise all insurers of the Lease provisions regarding insurance. Nonconforming insurance shall not relieve Landlord of its obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease, and Tenant retains the right to terminate the Lease until proper evidence of insurance is provided within sixty (60) days of demand thereof.

Landlord and Landlord's insurance carrier shall provide Tenant with thirty (30) days prior written notice in the event coverage is substantially changed, canceled, or non-renewed.

Landlord expressly understands and agrees that any coverages and limits furnished by Landlord shall in no way limit Landlord's liabilities and responsibilities specified within the Lease documents or by law. The Landlord expressly understands and agrees that any insurance or self insurance programs maintained by Tenant shall apply in excess of and not contribute with insurance provided by the Landlord under the Lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

7.3 Mutual Indemnification.

Landlord and Tenant shall indemnify and hold each other harmless against all liabilities, judgments costs, damages, and expenses which may accrue against, be charged to, or be recovered from either party by reason of any negligent performance of or failure to perform any of their obligations under this Lease.

If Tenant exercises this option, the Rent shall be apportioned as of the date of such damage or destruction and Landlord shall forthwith repay to

Tenant all prepaid Rent. Any repayment of Rent to Tenant shall not constitute a waiver of any of Tenant's rights and remedies in this Lease or under the Law. However, if there is a casualty event, and normal business operations are interrupted, but the Tenant does not elect to terminate, the Landlord shall have fifteen (15) business days to cure the damaged or destroyed Premises. 4.11 Excess Insurance Proceeds.

It is understood and agreed that after the work of any such repairs, restoration, or rebuilding by the Lessee shall have been completed and paid for, any excess of insurance money then remaining on deposit with the Lessor shall belong to the Lessee and in that event, the Lessor shall pay to the Lessee the balance of said insurance money upon its written request. The provisions of this paragraph as well as those of paragraphs numbered 4.04 to 4.09, inclusive, shall apply whenever and so often as any buildings or other improvements erected and completed on the demised premises, under any of the provisions of this lease, shall have been damaged or destroyed by fire or windstorm.

It is understood and agreed by the Lessee that neither the right given in this lease to the Lessor to collect rent or such other compensation as may be due under the terms of this lease by sale nor any proceedings under this lease shall in any way affect the right of the Lessor to declare this lease terminated and the term hereby created ended as above provided, upon default of or failure by the Lessee to perform and carry out any of the provisions of this lease, as herein provided, after notices as aforesaid. And the Lessee, for itself and its assigns, hereby waives its right to any notice from the Lessor of its election to declare this lease at an end under any of the provisions hereof or to any demand for the payment of rent or the possession of the demised premises, except as aforesaid.

Lessee shall remain liable for all its obligations under the lease. For purposes of this section, leasehold shall be deemed abandoned if Lessee ceases business on the demised premises for a period of twenty-eight (28) consecutive days or fails to secure the demised premises from unauthorized use or entry within sixty (60) days of its execution and delivery of this lease provided, however, that the Lessee may cancel this lease with one (1) year's notice to Lessor after the fifteenth (15th) anniversary of the commencement date.

- C. There is an existing violation of or uncured default by Lessee with respect to the lease.
- D. The activity of the proposed assignee/sublessee would interfere with or disturb neighboring tenants or owners.

In addition to the payment of all cash rent or additional compensation otherwise herein required to be paid by or performed by the Lessee, Lessee will pay to the Lessor, as additional compensation hereunder in the event Lessee assigns this lease or sublets all or part of the demised premises, fifty percent (50%) of all value it receives from its assignee/sublessee for the use and occupancy of the demised premises as a result of the sublease or assignment in excess of the cash rent which Lessee is currently paying with respect to the subleased portion of the leasehold or the leasehold as a tract, if assigned. In the event any portion of the demised premises is sublet prior to obtaining the Lessor's written consent, the Lessor shall be entitled to recover from the Lessee one hundred percent (100%) of any sublease fees or rental collected by or on account of the Lessee for said sublease.

Upon acceptance of surrender of that segment of the

demised premises, the Lessee's rent hereunder shall be abated proportionately and Lessor may thereafter offer such segment as available for commercial leasing in accordance with the commercial leasing provisions of the Lessor's Leasing Statute and all applicable enactments, practices and policies of Lessor's Board of Commissioners relative thereto.

Miscellaneous Provisions.

8.01 Lessee May Implead Lessor In Real Estate Litigation.

The Lessee may, after notice in writing to the Lessor, implead the Lessor as a party at anytime during the term of this lease, in any litigation concerning the demised premises in which Lessor is a necessary party.

8.02 Lessee To Pay All Costs Of Enforcement.

8.04 Compliance With Waterway Strategy Resolution.

To the extent that the demised premises embrace or abut a waterway regulated by Lessor or in which Lessor asserts property rights, Lessee shall to the extent applicable, comply with the Waterway Strategy Resolution and Implementation Criteria therefor, the River Edge Renaissance Program and the Revised Leasing Criteria for the North Shore Channel right-of-way lands of the Lessor's Board of Commissioners in the execution of its development plan for the demised premises

which abut any such waterway and demised premises which afford Lessee direct access thereto may be utilized by the Lessee for the purpose of waterborne commerce. However, the Lessee will be responsible for the construction and maintenance of any docking facility at its own cost and expense which is compatible with the Waterway Strategy Resolution to maintain the bank in an aesthetically pleasing condition. Permanent storage of bulk commodities, unsightly materials and/or debris on waterway side of the scenic berm or the docking area is prohibited.

It is the intent of the Lessor to maintain, where possible, a "natural" appearance to its properties by retaining existing vegetative cover. However, the Lessor recognizes that site development will sometimes necessitate the removal of existing vegetative cover. In those cases the Lessor will require the Lessee to re-establish vegetative cover in the same quantities and qualities as those removed. The re-established plant materials are to be considered as an addition to the landscaping required within the scenic easement.

Lessee will comply with all applicable local zoning and setback requirements. The Lessor reserves the right to traverse the demised premises to access the waterway which abuts the demised premises.

The Lessor's Board of Commissioners has heretofore adopted its Waterway Strategy Resolution relating to the development of leased waterways property. The Lessee shall implement the beautification plan described in the attached Exhibit C. Lessee shall comply with all applications of said Resolution in its use and development of the demised premises. Lessee's method of compliance therewith shall be approved by Lessor's General Superintendent in writing.

The style, text and size of the sign(s) shall be approved in advance of erection thereof by the General Superintendent of Lessor, and shall, at a minimum, state that:

"This Facility Is Provided In Part As A Community Service With The Cooperation And Support Of The Metropolitan Water Reclamation District Of Greater Chicago."

Lessee accepts the demised premises and the improvements thereon, if any, "As-Is" and "With All Faults". Lessee acknowledges that it has inspected the demised premises and has satisfied itself as to the adequacy, fitness and condition thereof.

the demised premises prepared and certified in writing by a Registered Illinois Land Surveyor, within twenty-one (21) days of the execution date hereof. Said plat of survey and legal description shall be reasonably satisfactory to and approved by the Lessor's General Superintendent in writing. Failure to timely procure and receive approval of said plat of survey and legal description shall be grounds for immediate termination of this lease. The Lessor reserves the right and Lessee concurs that Lessor shall insert said legal description and plat of survey into this lease Agreement as Exhibits A and B, respectively, upon the approval thereof by District's General Superintendent, without further affirmative act by either party hereto.

C. "Phase I Environmental Assessment" shall mean:

- (1) an assessment of the demised premises performed by an independent and duly qualified, licensed engineer or registered architect with experience and expertise in conducting environmental assessments of real estate, bedrock and groundwater of the type found on the demised premises, and said assessment shall include, but not necessarily be limited to a historical review of the use (abuse) of the demised premises, a review of the utilization and maintenance of Hazardous Materials on the demised premises, review of the demised premises' permit and enforcement history (by review of regulatory agency records) a site reconnaissance and physical survey, inspection of demised premises, site interviews and site history evaluations, basic engineering analyses of the risks to human health and the environment of any areas of identified concerns, and preparation of a written report which discusses history, site land-use, apparent regulatory compliance or lack thereof and which includes historical summary, proximity to and location of USTs, LUSTs, TSDFs, C.E.R.C.L.A. site flood plain, maps, photograph log, references, conclusions and recommendations.

sampling of soils, groundwaters and structures, followed by laboratory analysis of these samples and interpretation of the results, and preparation of a written report with boring logs, photograph logs, maps, investigative procedures, results, conclusions and recommendations.

10.02 Manufacture, Use, Storage, Transfer Or Distribution Of Hazardous Materials Upon Or Within The Demised Premises.

Lessee, for itself, its successors and assigns, covenants that to the extent that any Hazardous Materials are manufactured, brought upon, placed, stored, transferred or distributed upon or within the demised premises by Lessee, or its subtenant or assigns, or any of their agents, servants, employees, contractors or subcontractors, same shall be done in strict compliance with all Environmental Laws.

Construction or installation of new or reconstruction of existing underground storage tanks and underground interconnecting conveyance facilities for any material or substance is not permitted without the advance written consent of the General Superintendent of the District.

10.03 Use Of Demised Premises (Restrictions -- Environmental).

Lessee shall use the demised premises only for purposes expressly authorized by Article 3.07 of this lease. Lessee will not do or permit any act that may impair the value of the demised premises or any part thereof or that could materially increase the dangers, or pose an unreasonable risk of harm, to the health or safety of persons to third parties (on or off the demised premises) arising from activities thereon, or that could cause or threaten to cause a public or private nuisance on the demised premises or use the demised premises in any manner (i) which could cause the demised premises to become a hazardous waste treatment, storage, or disposal facility within the meaning of, or otherwise bring the demised premises within the ambit of, the Resource Conservation and Recovery Act of 1976, Section 6901, et seq. of Title 42 of the United States Code, or any similar state law or local ordinance, (ii) so as to cause a release or threat of release of Hazardous Materials from the Demised Premises within the meaning of, or otherwise bring the Demised Premises within the ambit of, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 9601, et seq. of Title 42 of the United States Code, or any similar state law or local ordinance or any other Environmental Law or (iii) so as to cause a discharge of pollutants or effluents into any water source or system, or the discharge into the air of any emissions, which would require a permit under the Federal Water Pollution Control Act, Section 1251 of Title 33 of the United States Code, or the Clean Air Act, Section 741 of Title 42 of the United States Code, or any similar state law or local ordinance.

10.04 Condition Of Demised Premises (Environmental).

- A. In the event Lessee has been the prior occupant/tenant of the demised premises under a prior occupancy/use authorization, Lessee warrants and represents that to the best of Lessee's actual knowledge, during the period of such prior occupancy/use the demised premises and improvements thereon including all personal property, are free from contamination by any Hazardous Materials, that here has not been thereon a release, discharge, or emission, of any Hazardous Materials during its occupancy of the demised premises as defined by any Environmental Laws, and that the demised premises does not contain, or is not affected by underground storage tanks, landfills, land disposal sites, or dumps. *(This provision is applicable only to tenants seeking a new lease for the same property).
- B. In the event of a release, emission, discharge, or disposal of Hazardous Materials in, on, under, or about the demised premises or the improvements thereon during the term of this Lease except such release, emission, discharge or disposal by Lessor, its employees, or agents, Lessee will take all appropriate response action, including any removal and remedial action, either before or after the execution date of this lease.

10.05 Indemnification (Environmental).

- A. In consideration of the execution and delivery of this Lease Agreement, the Lessee indemnifies, exonerates, and holds the Lessor and its officers, officials, Commissioners, employees, and agents ("Indemnified Parties") free and harmless from and against any and all actions, causes of action, suits, losses, costs, liabilities and damages and expenses incurred in connection with any of these (irrespective of whether any such Indemnified Party is a party to the action for which indemnification is here sought), including reasonable attorney's fees, costs and disbursements, incurred by the Indemnified Parties as a result of or arising out of or relating to (i) the imposition of any governmental lien for the recovery of environmental cleanup costs expended by reason of Lessee's activities, or (ii) any investigation, litigation, or proceeding related to any environmental response, audit, compliance, or other matter relating to the protection of the environment, or (iii) the release or threatened release by Lessee, its subsidiaries, or its parent company, of any Hazardous Materials, or the presence of Hazardous Materials on or under the Demised Premises, or any property to which the Lessee, its parent company or any of its subsidiaries has sent Hazardous Materials, (including any losses, liabilities, damages, injuries, costs, expenses, or claims asserted or arising under any Environmental Law), regardless of whether caused by or within the

* Strike where applicable.

control of the Lessee, its parent company or its subsidiaries, provided that, to the extent Lessor is strictly liable under any Environmental Laws, Lessee's obligation to Lessor under this indemnity shall be without regard to fault on the part of the Lessee with respect to the violation of law which results in liability to Lessor.

- B. Lessee shall defend, indemnify, save and keep harmless the Indemnified Parties against any loss, damage, cost, lien or expense which they may suffer, incur or sustain or for which it may become liable, growing out of any injury to or death of persons or loss or damage to property which shall at any time during the term of this lease be caused by or resulting from the migration of Hazardous Materials from the demised premises to adjacent properties. In case any action, suit, proceeding or investigation shall be commenced against one or more of the Indemnified Parties growing out of any such loss, damage, cost or expense, the Lessee shall give immediate written notice of the same to the Lessor, and Lessee shall attend to the defense of the same and save and keep harmless the Indemnified Parties from all expense, attorney's fees, costs, disbursements and liabilities in any manner growing out of, pertaining to or connected therewith.
- C. Lessee shall be responsible for all costs for remediation of the demised property for contamination that migrates from adjacent property during the term of the lease but Lessor may seek recovery from any responsible third party.

10.06 Environmental Covenants.

Lessee agrees to and covenants as follows:

- A. It has no knowledge of any pending or threatened:
 - (1) claims, complaints, notices, or requests for information directed to Lessee with respect to any alleged violation of any Environmental Laws, or
 - (2) complaints, notices or requests for information directed to Lessee regarding potential liability under any Environmental Law, relating to or arising from the demised premises.
- B. Lessee covenants and agrees that, throughout the term of the lease, all Hazardous Materials which may be used by any person for any purpose upon the demised premises shall be used or stored thereon only in a safe, approved manner, in accordance with all generally accepted industrial standards and all Environmental Laws.

- C. Lessee has been issued and is in compliance with all permits, certificates, approvals, licenses, and other authorizations relating to environmental matters and necessary for its business, if any.
- D. Lessee, to the best of its knowledge, is not a potentially responsible party with respect to any other facility receiving waste of the Lessee (whether or not from the demised premises) under C.E.R.C.L.A. or under any statute providing for financial responsibility of private parties for cleanup or other actions with respect to the release or threatened release of any Hazardous Materials.
- E. None of the manufacturing or distribution facilities of Lessee is subject to any environmental lien. "Environmental Lien" means a lien in favor of any government entity for any liability under any law relating to the environment or costs incurred by such government entity in response to the release or threatened release of any substance into the environment.
- F. Lessee will take all reasonable steps to prevent and has no knowledge of any conditions on the demised premises that is or was alleged by any government entity or third party to be in violation of any Environmental Laws. Lessee will take all reasonable steps to assure that there will be no spill, discharge, leaks, emission, injection, escape, dumping or release of any toxic or Hazardous Materials by any persons on the Demised Premises during the term of this lease.
- G. Except as disclosed on Attachment D hereto, Lessee has not received from any government entity since 1980, any written complaint or written notice asserting potential liability, written request for information, or written request to investigate any site under the C.E.R.C.L.A. of 1980, as amended, or under any domestic state law comparable to C.E.R.C.L.A. or any foreign law comparable to C.E.R.C.L.A.
- H. Lessee, to the best of its knowledge after due Inquiry, since November 15, 1971, represents that there has not been any discharging, spilling, leaking, dumping, or burying of hazardous substances, as defined in C.E.R.C.L.A., or disposal of hazardous wastes, as defined in R.C.R.A., or of any other pollutant or contaminant at the demised premises that is likely to form the basis for any written claim by any government entity seeking to impose liability for remedial action under C.E.R.C.L.A. or R.C.R.A. *(This provision applicable only to occupants/tenants seeking a new lease for the same property).

* Strike where applicable.

- I. During the term of this lease, Lessee will not allow the installation of asbestos on the demised premises, or any item, article, container or electrical equipment, including but not limited to transformers, capacitors, circuit breakers, reclosers, voltage regulators, switches, electro-magnets and cable, containing PCBs.
- J. Within sixty (60) days after execution of the lease, the Lessee shall prepare and submit a general statement to Lessor of its operations and maintenance program for any activities conducted on demised premises, describing its layout, process, method of inspections, reporting procedure, and maintenance of equipment, which shall be updated annually and submitted to Lessor on the anniversary date of the execution of the lease.
- K. The Lessee shall notify Lessor in writing of any proposed significant renovation or improvement on or to the demised premises, which notice shall include any drawings, plans and specifications thereof, at least thirty (30) days prior to beginning construction of any such renovation or improvement. For purposes of this subsection (1), renovation shall be deemed significant when the total cost exceeds Ten Thousand and no/100 Dollars (\$10,000.00).
- L. Lessee shall be responsible to install "plugs" of compacted impermeable soil material at intervals of no greater than one hundred (100) feet between such plugs along utility trenches which have been backfilled with compacted granular materials in order to minimize cross-site and off-site environmental contaminant migration. The spacing of these plugs should be based on the characteristics of the site, the configuration of the trench or trenches, the characteristics (nature and extent) of the site environmental contamination, and/or the potential for site contamination should a surface of subsurface chemical release occur. Special emphasis should be placed on locating these plugs at all utility trenches where they cross: other utility trenches, containment berms or walls, property boundaries and lease boundaries.
- M. The aforesaid representations and warranties shall survive the expiration or termination of the lease.

10.07 Default (Environmental).

The occurrence of any one or more of the following events shall constitute a default under this Lease Agreement, but said default shall not terminate the lease unless Lessor notifies Lessee of termination in writing:

- A. The demised premises are listed or proposed for listing on the National Priorities List pursuant to Section 1.05 of the C.E.R.C.L.A., 42 U.S.C. Section 9605, on the C.E.R.C.L.I.S., or on any other similar state list of sites or facilities requiring environmental investigation or cleanup.

- B. Lessee is determined to have liability for underground storage tanks, active or abandoned, including petroleum storage tanks, on or under the demised premises, including any release of Hazardous Materials therefrom, that, singly or in the aggregate, have or may reasonably be expected to have a material adverse effect on the financial condition, operations, assets or business, properties or prospects of Lessee.
- C. Lessee is determined to have liability for polychlorinated biphenyls (PCBs) that require immediate remediation or cleanup or friable asbestos in such condition to cause or threaten to cause, a present health hazard at any property previously leased by Lessee that, singly or in the aggregate, has or may reasonably be expected to have a material adverse effect on the financial condition, operations, assets, business, properties, or prospects of Lessee.
- D. Lessee is determined to have liability under any Environmental Laws for any condition that exists at, on, or under any property previously leased by Lessee that, with the passage of time or the giving of notice, or both, gives rise to liability that, singly or in the aggregate, has or may reasonably be expected to have a material adverse effect on the financial condition, operations, assets or business properties or prospects of Lessee.

Lessee shall not be in default pursuant to Article 10.08 for conditions not related to the demised premises.

10.08 Additional Environmental Covenants.

Lessee shall cause each of its contractors, subcontractors, employees and agents to:

- A.
 - (1) use and operate all of the demised premises in compliance with all applicable Environmental Laws, keep all material permits, approvals, certificates and licenses in effect and remain in material compliance with them;
 - (2) undertake reasonable and cost-effective measures to minimize any immediate environmental impact of any spill or leak of any Hazardous Materials caused by Lessee or any person permitted to use the demised premises by Lessee or any third party during the term of the lease except Lessor;
 - (3) provide notice to the Lessor of the operation of any on-site non-hazardous waste disposal facility. For purposes of this subsection (A)(3), the term "waste" means any discarded or

abandoned material, and the term "disposal facility" means any facility in which wastes are placed for disposal or storage, in each case, for longer than three (3) months.

- B. Notify Lessor by telephone within two (2) hours of Lessee's actual knowledge the release of Hazardous Materials, including the extent to which the identity of the Hazardous Materials is known, the quantity thereof and the cause(s) of the release, and provide Lessor within seventy-two (72) hours of the event, with copies of all written notices by Lessee, its parent and its subsidiaries that are reported to government regulators or received from the government regulators.
- C. Provide such information that Lessor may reasonably request from time to time to determine compliance by the Lessee with this article.
- D. Lessee covenants and agrees to cooperate with Lessor in any inspection, assessment, monitoring or remediation instituted by Lessor during the lease term and to allow prospective tenants or purchasers reasonable access to the demised premises one (1) year prior to the expiration of the lease.

10.09 Compliance (Environmental).

The Lessee will cause its parent company and each of its subsidiaries, if any, to exercise due diligence to comply with all applicable treaties, laws, rules, regulations and orders of any government authority.

- A. Lessee shall conduct a Phase I Environmental Assessment, at its own expense, with respect to the demised premises every fifth (5th) anniversary of the execution of this lease and submit the written report to the Lessor within ninety (90) days after each fifth (5th) anniversary. After review of each Phase I Environmental Assessment, or at any other time, upon receipt of any information or report Lessor, at its sole discretion, may require Lessee, at Lessee's expense, to obtain a Phase II Environmental Assessment with respect to the demised premises. The written report of the Phase II Environmental Assessment shall be submitted to Lessor within one hundred twenty (120) days of Lessor's request for same. If the Phase II Assessment discloses the presence of any Hazardous Materials contamination on the demised premises or adjacent property caused or permitted by Lessee during the term of the lease, Lessee shall take immediate action to remediate the contamination and to restore the demised premises to a clean and sanitary condition and to the extent required by any and all environmental laws. Lessor may require Lessee to obtain a Phase I and Phase II Environmental Assessment with respect to

the demised premises at any other time if it has reasonable suspicion of the presence of Hazardous Material on the demised premises resulting from Lessee's activities.

- B. If buildings exist on the premises on the date of this lease or subsequent thereto, Lessee agrees to implement its own building maintenance and operations program for asbestos inspections on an annual basis and to report its findings to Lessor annually on the anniversary date of the lease.
- C. Capacitors, transformers, or other environmentally sensitive installations or improvements shall be removed at the end of the lease at Lessor's election.
- D. In addition to the Environmental Assessments required in paragraph A of this article, Lessor shall have the right, but is not required to cause an independent environmental consultant, chosen by the Lessor at its sole discretion, to inspect, assess and test the demised premises for the existence of any and all environmental conditions and any and all violations of Environmental Laws (Environmental Assessment). The scope, sequence and timing of the Environmental Assessment shall be at the sole discretion of Lessor.
- E. If any Environmental Assessment reveals, or Lessor otherwise becomes aware of, the existence of any violation of any Environmental Laws that either Lessee is unwilling to remediate or that Lessor is unwilling to accept, Lessor shall have the right and option to terminate this Agreement and to declare it null and void.
- F. Not less than one (1) year prior to the expiration of the lease, Lessee shall have caused to be prepared and submitted to the Lessor a written report of a site assessment in scope, form and substance, and prepared by an independent, competent and qualified professional and engineer, registered in the State of Illinois, satisfactory to the Lessor, and dated not more than eighteen (18) months prior to the expiration of the lease, showing that:
 - (1) the demised premises and any improvements thereon do not materially deviate from any requirements of the Environmental Laws, including any licenses, permits or certificates required thereunder;
 - (2) the demised premises property and any improvements thereon do not contain: (i) asbestos in any form; (ii) urea formaldehyde; (iii) items, articles, containers or equipment which contain fluid containing polychlorinated biphenyls (PCBs); or (iv) underground storage tanks which do not comply with Environmental Laws;

- (3) the engineer has identified, and then describes, any Hazardous Materials utilized or maintained on the demised premises, the exposure to which is prohibited, limited or regulated by any Environmental Laws;
 - (4) if any Hazardous Materials were utilized and maintained on the demised premises, the engineer has conducted and submitted a Phase II Environmental Assessment of the demised premises, which documents that the demised premises and improvements are free of contamination by Hazardous Materials;
 - (5) the engineer has identified and then describes, the subject matter of any past, existing or threatened investigation, inquiry or proceeding concerning environmental matters by any federal, state, county, regional or local authority (the "Authorities"), and described any submission by Lessee concerning said environmental matter which it intends to give, has been given or should be given with regard to the demised premises to the Authorities; and
 - (6) the engineer includes copies of the submissions made pursuant to the requirements of Title III of the Superfund Amendments and Reauthorization Act of 1986 (S.A.R.A.), Section 11001, et seq., of Title 42 of the United States Code.
- G. In the event Lessee should receive a Notice of Environmental Problem, Lessee shall promptly provide a copy to the Lessor, and in no event later than seventy-two (72) hours from Lessee's and any tenant's receipt or submission thereof. "Notice of Environmental Problem" shall mean any notice, letter, citation, order, warning, complaint, inquiry, claim or demand that: (i) the Lessee has violated, or is about to violate, any Environmental Laws; (ii) there has been a release, or there is a threat of release, of Hazardous Materials, on the demised premises or any improvements thereon; (iii) the Lessee will be liable, in whole or in part, for the costs of cleaning up, remediating, removing or responding to a release of Hazardous Materials; or (iv) any part of the demised premises or any improvements thereon is subject to a lien in favor of any governmental entity for any liability, costs, or damages, under any Environmental Laws, arising from or costs incurred by such government entity in response to a release of a Hazardous Material.

10.10 Inspection And Right Of Inspection (Environmental).

- A. In the event Lessee receives a Notice of Environmental Problem as defined in paragraph 10.01, Lessee shall, within ninety (90) days, submit to Lessor a written report in scope, form and substance, and prepared by an

independent, competent and qualified, professional, registered engineer, reasonably satisfactory to the Lessor, showing that the engineer made all appropriate inquiry consistent with good commercial and customary practice and consistent with generally accepted engineering practice and procedure, indicating whether any evidence or indication came to light which would suggest there was a release of substances on the demised premises which could necessitate an environmental response action, and which describes the demised premises compliance with, or lack thereof and with all applicable environmental statutes, laws, ordinances, rules, and regulations, including licenses, permits or certificates required thereunder, and the Lessee's compliance with the representations and warranties previously set forth in this lease. After review of the written report, upon reasonable basis therefor Lessor may require Lessee to submit a written Phase II Environmental Assessment pursuant to provisions set forth in paragraph 10.10A.

- B. Lessor hereby expressly reserves to itself, its agents, attorneys, employees, consultants and contractors, an irrevocable license and authorization to enter upon and inspect the Leased Premises and improvements thereon, and perform such tests, including without limitation, subsurface testing, soils and groundwater testing, and other tests which may physically invade the demised premises or improvements thereon, as the Lessor, in its sole discretion, determines it is necessary to protect its interests.

In Witness Whereof, The Metropolitan Water Reclamation District Of Greater Chicago has caused this instrument to be executed in triplicate by the Chairman of the Committee on Finance of its Board of Commissioners and attested by its Clerk, and its corporate seal to be hereunto affixed; and the Lessee has caused this instrument to be executed in triplicate by its Mayor and attested by its Clerk and its corporate seal to be hereunto affixed all the day and year first above written.

“Interoffice Telecommunications Services” or “Services” shall mean the transmission of primarily networked communications signals (including the collection, storage, forwarding, private switching and delivering of such signals point-to-point between separate locations within the System), provided that the term “Services” shall not include: (i) the provision of programming and other services that would constitute Grantee as a Cable Television System, (ii) the sale, resale, lease or exchange of telecommunications facilities or services to or with Third Parties, or (iii) the operation of a public switched network. The term “Services”, as used herein, shall include the transmission and distribution of internal educational audio and visual programming described in Section 2.1.3. The limitation concerning “operation of a public switched network”, as used herein, shall not preclude, restrict or limit interconnection of the Grantee’s Network to any public switched telephone network or other facility operated by a telecommunication carrier authorized by the State of Illinois and the City to operate such public switched network or facilities in the City.

Section 1.13

“Interoffice Telecommunications System” or “System” shall mean a system occupying two thousand three hundred twenty-seven (2,327) linear feet (comprised of ten thousand nine hundred twenty-seven (10,927) linear feet of Cable Conduit, along the Authorized Routes described in Exhibit 1, consisting of fiber optic cable conduit and copper cable conduits designed and operated by Grantee solely to provide Services by means of electromagnetic, including light transmission, together with all related instrumentalities, facilities, apparatus, repeaters, conduit, splicing boxes and services and appurtenances; provided that no portion of a System shall constitute all or any portion of a Cable Television System, or shall be used to sell, resell, lease or exchange telecommunications services or facilities with Affiliates or Third Parties.

Section 1.14

“Not-For-Profit Private Telecommunications System” or “System” shall mean a private network designed and operated by Grantee solely to provide Interoffice Telecommunications Services to Grantee’s facilities for its use and not with the intent of generating profits, which System uses electromagnetic, including light transmission, all related instrumentalities, facilities, apparatus, repeaters, conduit, fiber optic cables, splicing boxes and services and related appurtenances; provided that without further approval of the City, no portion of Grantee’s System shall (i) constitute all or any portion of a Cable Television System, (ii) constitute a public switched network, or (iii) be used to sell, resell, lease or exchange Services or facilities to or with Third Parties.

Section 1.15

Section 1.16

"Risk Management" shall mean the City Comptroller's Office of Risk Management.

Section 1.17

SECTION 2. Grant Of Rights; Restrictions.

Section 2.1 Grant Of Rights.

Subject to Section 3.4, the City hereby grants to Grantee the non-exclusive right to operate and maintain as now constructed its System, along the Authorized Routes, on the terms and conditions set forth herein, within its own conduits and/or existing conduits, constructed and maintained by other individuals or entities which are authorized or otherwise lawfully permitted to occupy the City's public ways. This ordinance does not, without further approval of the City, authorize Grantee to operate a Cable Television System or to sell, lease, re-lease, exchange or resell Telecommunications Services to Third Parties. This ordinance does not authorize telecommunications facilities to be located in the Public Ways except the System described in Exhibit 1.

2.1.2

Grantee is expressly permitted to provide Interoffice Telecommunications Services subject to the following limitations: (1) Grantee's System facilities are dedicated for its internal use, (2) Grantee's operation of its System is not conducted for profit or with the objective of generating revenues or profits, and (3) Grantee does not operate or maintain a public switched network.

2.1.3

The granting of this ordinance and the exercise of any privileges hereunder does not waive or extinguish any rights the City may have to regulate or charge for portions of Grantee's System not located in the Authorized Routes which, in fact, are located in the Public Ways. This reservation obtains regardless of the original basis for permission for the installation of such portions of Grantee's System.

2.1.4 Right Of Renegotiation.

The City, acting through its Director of the Department of Business Affairs and Licensing (the "Director"), reserves the right to renegotiate and amend any or all provisions of this ordinance at any time in any way consistent with fairness and equity in the event that, after review of the information provided by Grantee pursuant to Section 8.4, the Director shall determine that Grantee operates its System substantially for other than the not-for-profit or charitable purposes of the Grantee. Before requiring renegotiation and amendment of this ordinance pursuant to this section, the Director shall give the Grantee thirty (30) days prior written notice of its intention to require renegotiation and shall give Grantee the opportunity to appear before the Director to show cause why the ordinance should not be amended. After such meeting if the Director reaffirms the necessity of renegotiation, and no agreement is reached by the parties within six (6) months of the meeting, the Director may suspend or revoke the permit described in Section 11.2.

2.1.5 Right Of Termination.

The City may terminate or require Grantee's rights to be terminated under the Agreement at any time if the City determines Grantee is, in fact, operating a Cable Television System or is operating its System for substantially other than the not-for-profit or charitable purposes of Grantee.

Section 2.2 Term And Expiration Date.

The term of this ordinance and of the rights granted hereunder shall be five (5) years from and after the date of passage of this ordinance by the City Council (the "Expiration Date").

Section 2.3 Interim And Expiration In The Absence Of Default Or Termination.

If, on the Expiration Date, Grantee shall not be in default under this ordinance and if neither party has notified the other of its intent to terminate this

Agreement on or before the Expiration Date, then the terms of this ordinance shall be deemed extended on an interim basis until terminated, renewed or renegotiated or further extended by order of the Director for a term not to exceed sixty (60) days, after which time this ordinance shall be considered terminated and all rights of the Grantee to use the Authorized Routes to provide Telecommunications Services shall cease.

Section 2.4 Renewal.

Grantee is responsible for obtaining from the City a new ordinance for submission to the City Council preserving or extending the privileges granted herein prior to the Expiration Date. The City has no obligation to renew any particular terms or to renew the rights granted by this ordinance if the Director determines such terms or such renewal are not in the best interests of the City. Any proposed renewal, extension or modification through such ordinance is subject to approval, modification or rejection by the City Council in its sole discretion.

Section 2.5 Location Of Authorized Routes.

Grantee's System may extend for a total distance of two thousand three hundred twenty-seven (2,327) feet comprised of ten thousand nine hundred twenty-seven (10,927) linear feet of Cable Conduit along the Authorized Routes as set forth in Exhibit 1.

Section 2.6 Acts Or Omissions Of Other Entities.

During the term of this ordinance, Grantee (and not the City) shall be liable for any costs incurred by the City or Third Parties for damage to any City facilities in the Public Ways caused by the acts or omissions of any entity employed or otherwise authorized by Grantee when such entity is involved, directly or indirectly, in the installation, maintenance or operation of Grantee's System as if the acts or omissions of such entity were the acts or omissions of Grantee.

SECTION 3. Nature Of Limitation Of Rights Granted.

Section 3.1 Right Not Exclusive.

This is a nonexclusive privilege to use the Public Ways and is made expressly subject to and subordinate to the right of the City to use the Authorized Routes for any public purpose.

Section 3.2 Other Permittees.

The City does not agree to restrict the number of Interoffice Telecommunications Systems, franchises, licenses or permits in any part of the City. The permission and authority herein granted are not intended to limit or modify any franchise, license or permit previously granted or which may be granted by the City to any other entity for use of the Public Ways. Therefore, the Grantee, recognizing the rights of other franchisees, licensees and permittees in the Public Ways, shall exercise the authority herein granted in such a manner as not to interfere unreasonably with the rights of other prior or future franchisees, licensees and permittees in the Public Ways and to act so as not to endanger or to impair the facilities of any other such franchisee, licensee or permittee. Prior and future franchisees, licensees or permittees shall also, in like manner, be required to respect the Grantee's rights and not unduly interfere with those rights.

Section 3.3 City's Rights Over Authorized Routes.

3.3.1 City's Authority Is Paramount.

At Grantee's own risk, upon notice given as provided in Section 3.3.2 the City may make use in the future of the Authorized Routes in which Grantee's System is located in a manner inconsistent with Grantee's use thereof, provided Grantee shall be given the opportunity, if feasible, to relocate its systems within the Public Way as provided in Section 3.3.2.

3.3.2 Removal And Relocation.

The City reserves the right to exercise its police or proprietary powers, to modify, vacate or transfer what is now the Authorized Routes for a public purpose. Grantee acknowledges that the City has predominant right to use the Authorized Routes in the placement, maintenance and repair of sewers, water mains and other public utility facilities or to relocate or remove Grantee's System where the City determines public convenience would be enhanced or for any other public purpose, including, but not limited to, the use of the Authorized Routes for public transportation purposes.

The permit referred to in Section 11.1 maybe amended or revoked in whole or in part by the Director whenever the Director or the Commissioner of the Department of Transportation considers it necessary or advisable for a public purpose. Grantee shall make no claim for costs or damages against the City by reason of such removal or relocation provided advance notice is given and such removal or relocation is required for a proper public purpose. Upon thirty (30) days written notice to Grantee of partial or complete revocation of such permit from the Director, Grantee shall remove, modify, replace or relocate all or any

portion of its facilities as required at its own expense. Said thirty (30) day period maybe extended by the Director at his or her sole discretion. In the event that Grantee does not remove, modify, replace or relocate its facilities as required by said notice within the thirty (30) day period (or extension thereof) described in the preceding sentence, the Director may cause the same to be done at Grantee's expense and all expenses incurred or damages paid by the City on account of such action shall be paid by Grantee upon demand. Grantee shall remove, replace or relocate or modify at its own expense, the installation of any of its facilities as may be deemed necessary by any other appropriate governmental authority to meet its proper responsibilities. In the event the City exercises its predominant right to use any part of the Authorized Routes for a public purpose, the City shall reasonably cooperate with Grantee in finding an alternate site for any telecommunications facilities removed and in avoiding disruption to Grantee's Services. In an emergency, as determined by the Commissioner of the Department of Transportation, the City may order Grantee to remove or relocate its facilities within forty-eight (48) hours. Upon receipt of such notice, City and Grantee shall provide for such removal or relocation as promptly as possible within such time frame as shall be reasonable and Grantee shall diligently proceed on such agreed-on basis. If the City exercises any of its rights pursuant to this Section 3.3, Grantee shall have the option, upon notice to the Director, of abandoning the portion of its System to be removed or relocated and deleting such portion from the Authorized Routes. Any relocation or abandonment of Grantee's System pursuant to this Section 3.3.2 shall be conducted with the approval of the Director and shall be automatically considered within the Authorized Routes and an amended or restated Exhibit 1 shall be filed with this ordinance. The calculation of the Annual Fee shall be adjusted according to such abandonment or relocation.

3.3.3 Fire Or Other Disaster.

Wherever, in case of fire or other disaster, it becomes necessary in the judgment of the City to remove or damage any part of Grantee's System, no charge shall be made by Grantee against the City for restoration and repair.

3.3.4 Temporary Relocation Or Removal.

At the request of any person holding a valid building permit issued by the City or other appropriate government authority and upon reasonable notice, depending on the circumstances, but not, in any case, less than thirty (30) days, Grantee shall temporarily raise, lower or remove its cables as may be necessary for the performance of the work so permitted, subject to payment in advance by the permit holder to the Grantee of the direct expenses of such temporary move, including standby time.

Section 3.4 No Burden On Public Ways.

Grantee shall not attempt to construct or install its Interoffice Telecommunications System in such a fashion as to unduly burden the present or future use of the Authorized Routes. In designing its System, Grantee shall not provide for conduit space in excess of Grantee's present or reasonably anticipated future needs. The Commissioner of the Department of Transportation is authorized to regulate the size of the conduit system used or to be used by Grantee, as well as other physical characteristics of Grantee's System. In the event that the Commissioner of the Department of Transportation shall determine that any portion of Grantee's System, either planned or presently constructed, unduly burden any portion of the Public Ways, now or in the future, Grantee shall be required either to modify its System, or to take such actions as the Commissioner of the Department of Transportation shall determine for the sake of public convenience to eliminate the problem within the time frame provided by the Commissioner of the Department of Transportation and the Code. Failure to comply with this Section 3.4 in a timely fashion shall be grounds for revocation of the permit described in Section 11.1.

SECTION 4. Change Of Control Or Transfer.

Section 4.1 Change Of Control.

4.1.1 Privilege Is Personal To Grantee.

Other than pursuant to a Permitted Transfer as hereinafter defined, the rights granted pursuant to this ordinance shall be a privilege to be held in personal trust by Grantee. Grantee shall not transfer, assign or lease the rights granted in this ordinance or its ownership or operation of its System, or any portion thereof, through sale, merger, corporate reorganization, consolidation, foreclosure, leaseback or in any other manner transfer, lease or assign in any manner any conduit space occupied by its System, without prior consent of the City Council expressed by resolution and then only on such conditions as may be therein prescribed. Any sale, transfer, lease, assignment or other transfer not made according to the procedures set forth in Section 4 shall void the rights granted by this ordinance. The sale, transfer, lease, assignment or other transfer in bulk of a major portion of the tangible assets of Grantee other than pursuant to a Permitted Transfer shall be considered a transfer subject to the provisions of this Section 4. Notwithstanding anything in this Section 4.1.1, Grantee may form a wholly-owned subsidiary and assign its rights under this Agreement to such subsidiary without prior consent of the City Council; provided, however, that Grantee shall provide notice of such assignment and full disclosure to the Director as to the nature of such subsidiary within thirty (30) days of such assignment.

4.1.2 Authorization By City Council.

Any transfer ("Permitted Transfer") described in Section 4.1.1 authorized by a bill of sale or similar document, an executed copy of which shall be filed with the Director within thirty (30) days after any such transfer, provided, however, that the transferee must agree to comply with this ordinance and amendments thereto, and must be able to provide proof of its legal, technical, financial and character qualifications as determined by the City and provide disclosure of ownership interests as required by Chapter 2-154 of the Code and provide such other certifications as the City shall require.

4.1.3 Disclosure Of Ownership.

Prior to adoption of this ordinance, Grantee has submitted to the Director the Economic Disclosure Statement required by Chapter 2-154 of the Code. Grantee, or any transferee or assignee permitted hereunder, within thirty (30) days of any such transaction, shall file an amendment to the foregoing statement of ownership interest with the Director in the event ownership of ten percent (10%) or the right to control Grantee is acquired during the term of this ordinance by any person or one or more groups of persons acting in concert after the date of passage of this ordinance.

SECTION 5. Compensation.

Section 5.1 Annual Fee.

Except as set forth below, throughout the term of this ordinance, Grantee agrees to pay the City for the use of the Authorized Routes the Annual Fee of Sixty-five Thousand Three Hundred Fifty-one and 10/100 Dollars (\$65,351.10) on or prior to the anniversary date of this ordinance representing payment for the succeeding year. The Annual Fee shall be due in advance of the year to which it relates. An amount representing the first year's Annual Fee shall be payable within thirty (30) days after passage of this ordinance.

Section 5.2 Separate Charge.

Payment by Grantee to the City of the Annual Fee is separate from, and in addition to, any and all federal, state, local and municipal taxes, as may be due, which are separate and distinct obligations of Grantee.

Section 5.3 Subsequent Action Affecting Compensation.

If during the term of this ordinance any court, agency or other authority of competent jurisdiction takes any action, or makes any declaration, that

adversely affects the legality or collection of the Annual Fee, the City and Grantee shall enter into negotiations to amend this ordinance to make the City whole in a manner consistent with said action or declaration by restoring the City to a position equivalent to that which it held prior to said action or declaration.

Section 5.4 Other Fees.

In addition to and unrelated to the payment of the Annual Fee, Grantee shall pay all other fees necessary to obtain federal, state, local and City licenses, permits and authorizations required for installation, repair, maintenance or operation of its System; provided, however, that no fee shall be especially imposed on Grantee by the City for any such license, permit or authorization other than standard fees of general application required by City ordinance or the Code, which fees include, but are not limited to, fees required in connection with obtaining electrical wiring permits from the Building Department. Grantee shall also pay such additional fees for the use of City-owned conduits as may be required by the Code.

SECTION 6. Insurance And Indemnification.

Section 6.1 Insurance.

Prior to issuance of the permit described in Section 11.1 and at all times during the term of this ordinance, and thereafter, during such time as may be required to remove Grantee's System and restore the Authorized Routes to their prior condition, Grantee shall obtain, pay all premiums for, and file with Risk Management on the City's standard Certificate of Insurance form attached hereto as Exhibit 2, of the insurance coverages covering all risk associated with the installation, repair, maintenance, removal and operation of Grantee's System specified below:

(A) Workers' Compensation And Occupational Disease Insurance.

Workers' Compensation and Occupational Disease Insurance, in accordance with the laws of the State of Illinois, or any other applicable jurisdiction, covering all employees who are to provide a service under this ordinance and Employer's liability coverage with limits of not less than Five Hundred Thousand Dollars (\$500,000) each accident or illness.

(B) Commercial Liability Insurance.

Commercial Liability Insurance or equivalent with limits of not less than Five Million Dollars (\$5,000,000) per occurrence, combined single limit

for bodily injury, personal injury and property damage liability. Coverage extensions shall include the following: all premises and operations, products/completed operations, explosion, collapse, underground, independent contractors, cross liability and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents and representatives are to be named as additional insureds on a primary, noncontributory basis for any liability arising directly or indirectly from the work. Any self-insured retention provision must be approved in advance by Risk Management.

(C) Railroad Protective Liability Insurance.

When any work is to be done adjacent to or on railroad or C.T.A. rapid transit facilities property with respect to the operations Grantee or any Contractor performs, Railroad Protective Liability Insurance in the name of the transit entity shall be provided. The policy shall have limits of not less than Two Million Dollars (\$2,000,000) per occurrence, combined single limit and Six Million Dollars (\$6,000,000) in the aggregate, for losses arising out of injuries to or death of any and all persons, and for damages to or destruction of property, including the loss of use thereof. In lieu of providing Railroad Protective Insurance, the exclusion for work around railroads in the Commercial Liability Insurance set forth in (B) above may be deleted.

(D) Automobile Liability Insurance (Primary And Umbrella).

When any motor vehicles are used in connection with the construction, installation, maintenance and operation of Grantee's System, Automobile Liability Insurance shall be maintained with limits of not less than Five Hundred Thousand Dollars (\$500,000) per occurrence, combined single limit, for bodily injury and property damage. The City is to be named as an additional insured.

(E) Professional Liability Insurance.

Any work on Grantee's System done within the Chicago Freight Tunnels must have Professional Liability Insurance.

When any architects, engineers, or consulting firms or construction management firms perform work in connection with this ordinance, Professional Liability Insurance covering acts, errors or omissions shall be maintained with limits of not less than Five Million Dollars (\$5,000,000). Coverage extension shall include contractual liability. When policies are renewed or replaced, the policy retroactive date must

coincide with, or precede, start of work on the contract. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years.

In lieu of purchasing the above coverages, Grantee may file a Certificate of Self-Insurance provided that such Certificate is satisfactory to Risk Management.

Section 6.2 Qualified Companies.

All insurance policies called for in this ordinance shall be issued by companies authorized to do business in Illinois and satisfactory to Risk Management and each insurance policy shall be satisfactory to Risk Management. Each insurance policy shall contain a covenant or endorsement of the insurance company to provide sixty (60) days written notice by registered mail of the insurance company's intention to cancel, substantially change or not to renew such policy to both Risk Management and the Grantee, and Grantee shall in the event of any such notice, obtain, pay premiums for, and file with Risk Management written evidence of the issuance of termination notice. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the ordinance have been fully met or that the insurance policies indicated on the certificates are in compliance with all the ordinance requirements. The failure of the City to obtain certificates or other insurance evidence from the Grantee shall not be deemed to be a waiver by the City. The Grantee shall advise all insurers of the ordinance provisions regarding insurance. Nonconforming insurance shall not relieve Grantee of its obligation to provide insurance as specified herein. Failure to carry or keep such insurance in force throughout the period set forth in Section 6.1 shall constitute a material violation of this ordinance. The City reserves the right to stop any work related to Grantee's System until proper evidence of insurance is furnished. The foregoing requirements are supplementary to requirements for insurance set forth in Chapter 10-20, et seq., of the Code. To the extent such requirements are not included herein, Grantee shall also meet such requirements of the Code, Chapter 10-20, et seq.

Section 6.3 Right To Require Replacement Of Insurance.

If the financial condition of any insurance company providing an insurance policy pursuant to Section 6 or if Grantee's financial condition materially and adversely changes, Risk Management may, at any time, require that such insurance policy provisions be replaced with such other insurance policy consistent with the requirements set forth in Section 6.

Section 6.4 Alteration.

Grantee shall not materially change or alter the terms or conditions of the insurance policies referred to herein or replace or cancel said insurance policies without prior approval of Risk Management.

Section 6.5 City's Right To Increase Minimum Limits.

In the event of changed circumstances that would render the limits of the insurance policies set forth in this Section 6 inadequate, Risk Management reserves the right to reasonably increase the minimum required limits of such insurance policies upon sixty (60) days written notice to Grantee in order to ensure adequate protection for the City. Within sixty (60) days after such notice, Grantee shall increase such limits to an amount equal to or greater than the increased minimum amounts.

Section 6.6 Subcontractors.

The Grantee shall require all Contractors to carry the insurance required herein, or Grantee may provide the coverage for any or all subcontractors, and, if so, the evidence of insurance submitted shall so stipulate.

Section 6.7 Deductibles And Retentions.

Any and all deductibles or self-insured retentions on referenced insurance coverage shall be borne by Grantee or its Contractors.

Section 6.8 Waiver Of Subrogation.

Grantee and any of Grantee's Contractors agree that all insurers issuing coverage related to Section 6 shall waive rights of subrogation against the City, including its appointed and elected officials, representatives, agents and employees.

Section 6.9 No Excuse From Performance.

None of the provisions contained herein, nor the insurance policies required herein, shall be construed to excuse the faithful performance by Grantee of the terms and conditions of this ordinance or limit the liability of the Grantee under this ordinance for any and all damages in excess of the amounts of such insurance policies. Any insurance protection furnished by the Grantee

hereunder shall in no way limit its responsibility to indemnify and save harmless the City under the indemnity provisions of this ordinance.

Section 6.10 No Contribution.

Grantee expressly understands and agrees that any insurance or self-insurance programs maintained by the City shall apply in excess of and not contribute with insurance provided by the Grantee under the Agreement.

Section 6.11 No Effect Of Indemnities.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

Section 6.12 Higher Coverages.

If Grantee, or its Contractors, desire additional coverage, higher limits of liability, or other modifications for its own protection, the Grantee and each of its Contractors, shall be responsible for the acquisition and cost of such additional protection.

Section 6.13 Indemnity.

Grantee shall be solely responsible for the support, safety and protection of its System and the Authorized Routes being used by Grantee and for the safety and protection of all persons and all property coming into contact with Grantee's facilities or their operations. Grantee shall, at its sole cost and expense, indemnify, defend, keep and save harmless the City, its officials, boards, commissions, agents and employees (collectively, the "Indemnified Parties") against any and all suits, causes of action, proceedings and judgments, claims, losses, damages (whether such claims and damages are for personal injury, property damage or interruption of utility service), liabilities, judgments, costs and expenses (collectively, referred to as "Claims") arising out of, caused by or directly resulting from the grant of rights pursuant to the ordinance and Grantee's installation, maintenance and operation of its System; provided that the Indemnified Parties may not be indemnified to the extent a court of final adjudication determines that a Claim or portion thereof has been caused by negligence of the City. The City shall have the right, at its option and at Grantee's expense to participate in the defense of any suit without relieving Grantee of any of its obligations under this section. The term "Claim" specifically shall be deemed to include, but not be limited to, any liability for the

payment of Workers' Compensation under Illinois law which the City is required to make and the Grantee shall reimburse the City for any such payments made by the City. Grantee, in accepting the terms of this ordinance, shall be deemed as a condition of its acceptance, to understand and agree that the insurance required by Section 6 of this ordinance shall in no way limit the responsibility of Grantee to indemnify, keep and save harmless and defend the Indemnified Parties pursuant to this section. Indemnified expenses shall include, but not be limited to, all out-of-pocket expenses of the Indemnified Parties, such as reasonable attorneys' fees, and shall also include the reasonable value of any services rendered by the Corporation Counsel or his or her other assistants or any consultants, employees or agents of the City. The indemnities contained in this section shall survive the expiration or repeal of the ordinance.

SECTION 7. Construction And Installation Of Grantee's System.

Section 7.1 Construction And Installation Procedures; Letter Of Credit.

- (A) Grantee shall not access the public ways to construct, install or modify its System without prior approval of the Commissioner of the Department of Transportation, the issuance of a permit therefor and the payment of applicable permit fees. Grantee shall also obtain a public work license under Chapter 10-20 of the Code if required thereunder and a letter of credit in such amounts as may be required under said Chapter 10-20 and attendant regulations. Grantee shall submit to the Commissioner of the Department of Transportation documents which set forth the project purposes, specifications, exact proposed locations, standards and procedures for construction and installation of its System including size and depth of conduits and cables (the "Construction Documents"). Said specifications, standards and procedures shall be consistent with the applicable standards of the telecommunications industry and shall, at a minimum, establish procedures to ensure quality work and provide for the safety and protection of residents and property. Said Construction Documents shall be submitted to the Commissioner of the Department of Transportation for review and approval prior to commencement of construction, installation or modification of Grantee's System and shall be modified as said Commissioner may require in the interest of public safety or to comply with applicable provisions of the Code and City regulations or where mutually agreed on by the City and Grantee. Any application for permits shall be subject to compliance with the Board of Underground procedures and the guidelines set forth in Section 19 of this ordinance and the modification, to the extent deemed necessary by the Commissioner of the Department of Transportation, of any Construction Documents to comply with such procedures and guidelines, and of any

requirements for a letter of credit pursuant to Chapter 10-20 of the Code and attendant regulations.

(B) Grantee shall provide the City with an irrevocable unconditional letter of credit in the form attached hereto as Exhibit 7, in the principal amount of Five Thousand Dollars (\$5,000) naming the City as beneficiary. Said letter of credit (or any replacement letter of credit) shall be provided for the length of this ordinance and for such period of time thereafter as is required by Chapter 10-20 of the Code and attendant regulations. Said letter of credit shall be used to ensure the faithful performance by Grantee of all provisions of this ordinance and compliance with all orders, licenses, permits and directions of any agency, commission, board, department, division or office of the City having jurisdiction over Grantee's acts or defaults under this ordinance and for payment by Grantee of any penalties, liens, claims and taxes due the City which arise by reason of the construction, installation, operation or maintenance of Grantee's System. Such letter of credit may be drawn upon under either of or both of the following circumstances:

1. in the event the Grantee: (i) has failed to pay the City any compensation due the City within the time fixed in this ordinance; or (ii) has failed to repay the City within ten (10) days of any damages, expenses or costs which the City is compelled to pay by reason of Grantee's act or omission to act in connection with this ordinance (except for matters covered under Chapter 10-20 of the Code); or (iii) has failed after three (3) days notice to Grantee of such failure to comply with any provisions of this ordinance which the Director of the Department of Revenue has reasonably determined can be remedied by a draw on the letter of credit, the City can immediately draw up to the amount thereof outstanding, with interest and penalties, if any, from the letter of credit. Upon such demand for payment, the City shall notify the Grantee of the amount thereof; and
2. under such circumstances and subject to such conditions which are set forth in Chapter 10-20 of the Code, attendant regulations, and any license required thereunder for public way work.

(C) The letter of credit called for in this ordinance shall be issued by a financial institution authorized to do business in Illinois that is an insured depository institution (as defined in 12 U.S.C. §1813) and satisfactory to the City Comptroller. The financial institution issuing the letter of credit shall be located or have a branch within the City and shall

carry an investment grade rating from a major rating company. The City shall be entitled to draw on any letter of credit provided the City which expires (either by its terms or because of non-renewal) on a date prior to the termination date of this ordinance at least thirty (30) days prior to the expiry date thereof unless either (i) proof of renewal of such letter of credit satisfactory to the City's Departments of Transportation and Revenue has been furnished to the City or (ii) a replacement letter of credit has been approved by the City's Departments of Transportation and Revenue prior to such draw date. The City also reserves the right to stop any work related to the carrying out of this ordinance until the letter of credit is furnished. If the financial condition of any letter of credit issuer issuing a letter of credit pursuant hereto materially and adversely changes, the City may, at any time, require that such letter of credit be replaced with such other letter of credit consistent with the requirements set forth in this section. Grantee shall not materially change or alter the terms or conditions of the letter of credit referred to herein or replace or cancel said letter of credit without prior approval of the City's Risk Management Office. None of the provisions contained herein nor the letter of credit required herein shall be construed to excuse the faithful performance by the Grantee of the terms and conditions of this ordinance or limit the liability of the Grantee under this ordinance for any and all damages in excess of the amounts of such letter of credit.

Section 7.2 Maintenance Requirements And Standards.

7.2.1 In General.

Grantee shall maintain and operate, as now constructed, its System in a safe, orderly and workmanlike manner utilizing only materials of good, durable quality with due respect for engineering considerations and in accordance with applicable federal, state and local laws and regulations, including but not limited to, the standards set by the City's Department of Transportation and the Buildings Department.

7.2.2 Compliance Standards.

Grantee shall at all times comply with the following:

- (A) U.L. Code (latest edition).
- (B) Applicable provisions of the Code.
- (C) Written standards of the Department of Transportation and the Buildings Department applicable to Grantee's installation, operation and maintenance of its Systems.

7.2.3 "As Built" Drawings.

Grantee shall update its as-built drawings previously filed with the City within sixty (60) days of a material change whenever material changes are made to Grantee's System which impact the Public Ways and submit such updated drawings to the Commissioner of the Department of Transportation. Said drawings shall at a minimum include cable routings and the location of amplifiers, power supplies and system monitor test points.

7.2.4 Emergency Or Disaster.

In case of emergency or disaster, Grantee shall, upon request of the City, make available its facilities to the City, without cost.

7.2.5 Use Of Existing Conduits.

Grantee shall use existing conduits and other facilities whenever economically feasible and shall not install any new, different or additional conduits or other facilities for its Systems without approval of the City and any other applicable governmental agency. If Grantee is using existing conduit owned by any other person, Grantee shall comply with all applicable City safety standards as well as the safety standards imposed by the entities owning the existing conduit and any applicable tariffs.

7.2.6 Adjoining Property Owners.

All Grantee's System shall be installed and located so as to cause minimum interference with the rights and appearance and reasonable convenience of adjoining property owners and at all times shall be kept and maintained in a safe condition and in good order and repair. Grantee shall at all times employ reasonable care and shall install and maintain and use commonly accepted methods and devices for preventing failure and accidents which are likely to cause damage, injuries or nuisance to the public. Suitable barricades, flags, lights or other devices shall be used at such time and place as are reasonably required for the safety of all members of the public. Any fixtures placed in any Public Ways by Grantee shall not interfere with the usual and customary uses of, or any specifically permitted or licensed use of, the Public Ways.

7.2.7 Adjustment Of Utility Facilities.

In the event that the location of Grantee's System will require an adjustment of the location of existing public and private utility facilities, Grantee must

obtain written consent of the owner of such utility including, where applicable, all relevant City departments, to such adjustment and make such arrangements for the payment or reimbursement of the cost of such adjustments as are satisfactory to the owner of such utility including, where applicable, all relevant City departments. In no case shall Grantee be entitled to perform such adjustment or disturb such utility facilities without the written consent of the owner of such utility.

7.2.8 Electrical Permit.

All installation work for Grantee's System, after passage of this ordinance, shall be performed by electrical contractors licensed pursuant to Chapter 86 of the Code.

Section 7.3 Restoration.

In the event of disturbance of the Public Ways or private property by Grantee, Grantee shall, at its own expense and in a manner approved by the City or other appropriate governmental authority and/or the owner of such private property, rebuild, restore and repair the Public Ways, including sidewalks, or private property in as good a condition as before the work causing such disturbance was done. In the event Grantee fails to perform such rebuilding, replacement or restoration, the City or the owner shall have the right to do so at the sole expense of Grantee.

Section 7.4 Suspension Or Revocation Of Construction Permit.

The Commissioner of the Department of Transportation may suspend or revoke any permit issued by the Department of Transportation or take any action he or she deems necessary, including the stopping of work, should Grantee violate the terms of said permit, until said violation has been corrected to said Commissioner's satisfaction.

Section 7.5 Other Requirements And Approvals.

The provisions contained in this Section 7 are supplemental to and not in substitution of applicable provisions of Chapter 10-20, et seq. of the Code and attendant regulations, including the procurement of a letter of credit consistent with and pursuant to Chapter 10-20 of the Code and attendant regulations. Issuance of a permit by the Commissioner of the Department of Transportation as to the installation of any portion of Grantee's System does not waive other applicable requirements of federal or Illinois law or the Code (including said Chapter 10-20) and Grantee shall comply with such other requirements. Grantee

is further responsible for obtaining approvals related to Grantee's use of the Authorized Routes contemplated in this ordinance from other applicable City departments (such as the Department of Streets and Sanitation and the Buildings Department) in a timely fashion when and as required by the Code.

SECTION 8. Inspection And Physical Audit.

Section 8.1 Inspection.

The City reserves the right to make, at any time after the date of passage of this ordinance and throughout the duration of this ordinance, physical on-site inspections of Grantee's System, including Grantee's telecommunications terminals. Grantee will accommodate the City's monitoring needs by providing the Department of Revenue and the Department of Transportation a map and the "as built" drawings required by Section 7.2.3 which Grantee shall update annually or indicate "no change" (as the case may be) and shall submit these documents to the City at the time of Grantee's payments of its Annual Fee. These documents submitted will identify the locations of all terminals and junction boxes, and the linear footage of each portion of Grantee's System located in the Public Ways.

Section 8.2 Physical Audit.

In the event that the Director has reason to believe at any time that there is a material discrepancy between information submitted by Grantee pursuant to this Section 8 and the size, location or nature of Grantee's System, then the Department of Revenue may send its own personnel, or hire an engineering firm of the Department's choice (the "City's Inspector"), to perform an unannounced physical audit of Grantee's Telecommunications System. Grantee shall cooperate with such an audit. Grantee shall pay the reasonable costs and fees of any such physical audit. If the City's Inspector determines and establishes in said audit that a material discrepancy exists between the results of such physical audit and the information contained in the specifications, summaries, maps and drawings that Grantee has placed on file with the City pursuant to Sections 7.2.3 of this ordinance, Grantee shall owe the City the sum of any underpayment which has resulted from the discrepancy (plus liquidated damages, if applicable, as specified in Section 10), and shall pay to the Department of Revenue, within thirty (30) days of Grantee's receipt of the Director's decision the costs and fees of the audit by the City's Inspector as well as any required follow-up by the City's Inspector.

Section 8.3 Trespassing Facilities.

Any portion of Grantee's System in the Public Ways but not along the Authorized Routes is known as a "Trespassing Facility". Upon discovery of a Trespassing Facility by the City, the Director shall have the following options:

- (A) order the immediate removal of the Trespassing Facilities from the Public Ways;
- (B) seek to obtain liquidated damages to the extent provided pursuant to Section 10 hereof; and/or
- (C) seek other remedies available to the City under the Code, this ordinance or under Illinois law; provided that the Director may waive for a period of thirty (30) days any such sanctions in the event he or she determines that (i) the trespass was inadvertent and (ii) Grantee is making a timely and reasonable effort to remove or relocate the Trespassing Facility promptly, so as to correct any violation of this ordinance. The Director may extend this thirty (30) day correction period for circumstances beyond the reasonable control of Grantee, but only upon receipt and approval by the Director of Grantee's timetable specifying the anticipated date the Trespassing Facility will be removed or relocated.

Section 8.4 Annual Certifications.

Annually, on or before June 1, and commencing June 1, 2007, Grantee shall deliver to the Director a certificate substantially in the form of Exhibit 3, signed by an authorized officer of Grantee, stating that (A) Grantee has provided no Services along the Authorized Routes with the objective of generating revenue or profit, operating or maintaining a public switch network or operating a Cable Television System; (B) and the Grantee shall provide no Services for sale, re-sale, exchange or lease to any Third Party using Grantee's System located within the City.

SECTION 9. Repeal Of Privileges.

Section 9.1 Basis For Repeal Of Ordinance.

This ordinance may be repealed in accordance with its terms by the City Council, upon referral from the Mayor or on its own motion, at any time.

Section 9.2 Removal Or Abandonment Of Grantee's Interoffice Telecommunication System.

9.2.1 Removal By Grantee.

Upon repeal of this ordinance pursuant to Section 9.1, or upon revocation or termination of the privilege herein granted, the Grantee, without cost or expense to the City, shall promptly remove or abandon in place, at the option of

the City, its System and restore the Public Ways to the satisfaction of the Director and the Commissioner of the Department of Transportation and in accordance with this ordinance and the Code. In all cases, such facilities which are not removed within six (6) months of such date of termination or revocation shall become the property of the City. In determining whether and the extent to which such facilities shall be removed or abandoned, the Director shall take into account the best interests of the City and shall consider all other relevant factors.

9.2.2 Removal By The City.

In the event of the failure or refusal of the Grantee to remove facilities or restore the Public Ways where facilities are removed as required by Section 9.2.1, the City may remove or cause the removal of Grantee's System provided the City shall be reimbursed by Grantee for the total costs of such removal.

SECTION 10. Sanctions.

Section 10.1 Liquidated Damages.

The events set forth below will result in damages that will be impracticable or difficult to ascertain. Grantee, therefore, shall pay the City the sum of One Hundred and no/100 Dollars (\$100.00) a day from the date of receipt of written notice of the violation and the expiration of the applicable grace or cure period described below until the violation is corrected or resolved to the City's reasonable satisfaction, which amount shall not be considered in the nature of a penalty. Such written notice is to be given to the parties set forth in Section 20.2 by certified mail. Such events are as follows:

- (A) installation of "Trespassing Facilities" as defined in Section 8.3 of this ordinance;
- (B) material nonconformance of Grantee's Telecommunications System or any portion thereof with the standards of general applicability of the City set forth in the Code or furnished in writing by the Department of Transportation or the Buildings Department;
- (C) failure to remove, modify, replace or relocate facilities within the permitted time frame (and granted extensions) after notice from the Director or the Department of Transportation to remove, modify, replace or relocate such facilities pursuant to Section 3.3.2 or Section 9.2.1.

Notwithstanding anything set forth above in Section 10.1, in the event of the occurrence of any of the events described in Section 10.1(A), (B) or (C) above, with respect to removal and relocation not involving a risk to the public or the delay of a public purpose or project, Grantee shall be entitled to a grace period of fifteen (15) days in which to initiate action to cure or reverse any such event or occurrence and further provided that Grantee shall have provided the City with notice of the initiation of such action, facts to reasonably demonstrate to the City that Grantee is proceeding with reasonable diligence to pursue and conclude such action, and an estimated date of completion of such action, prior to the end of such fifteen (15) day grace period. Upon approval of the Director, Grantee shall be entitled to an additional fifteen (15) day grace period in which to cure or reverse any such event or action. No liquidated damages shall accrue or be payable during such grace periods.

Section 10.2 Other Rights Of City.

The right of the Director to impose upon Grantee liquidated damages pursuant to Section 10.1 shall be in addition to any other rights or remedies the City has under this ordinance, the Code or other applicable laws including the right of the City Council to repeal this ordinance pursuant to Section 9 and the right of the Director under Section 11.2 to revoke the permit described in Section 11.1.

Section 10.3 No Waiver Of Rights.

The decision by the Director to forego the imposition of liquidated damages or other monetary sanctions in a particular instance shall in no way act to waive the City's rights under this section with respect to subsequent violations of this ordinance.

SECTION 11. Permit Needed.

Section 11.1 Permit.

The permission and authority herein granted shall not be exercised until (i) Grantee has filed a written acceptance of the terms of this ordinance executed by Grantee containing such representations and in such form as is satisfactory to the Director and the City's Corporation Counsel, (ii) proof of insurance as required in Section 6 hereof has been submitted to and approved by Risk Management, (iii) payment of the first year's Annual Fee of Sixty-five Thousand Three Hundred Fifty-one and 10/100 Dollars (\$65,351.10) and the other amounts required in Section 5.1 have been made to the Department, and (iv) a permit authorizing use of the Authorized Routes pursuant to the length of term specified in Section 2 has been issued to Grantee by the Director.

Section 11.2 Revocation Of Permit.

In addition to the provisions of Section 3.3.2 and of Section 7.4, the Director may revoke the permit referred to in Section 11.1 if Grantee at any time shall fail to comply with the provisions and conditions of this ordinance and the Director, in exercise of his or her discretion, shall determine that revocation is necessary and proper. In case of such revocation, the City shall be entitled to its remedies hereunder, under the Code and under Illinois law. Such permit may be reinstated by the Director if the Director, in the exercise of his or her discretion, concludes that the cause of such revocation has been cured by Grantee in a timely fashion.

SECTION 12. Special Conditions.

Section 12.1 No Recourse.

Except as expressly provided in this ordinance or at law, Grantee shall have no recourse against the City for any loss, expense or damage resulting from the terms and conditions of this ordinance or because of the City's enforcement thereof nor for the City's failure to have authority to grant the rights conveyed in this ordinance. In applying for its permit pursuant to Section 11.1, Grantee will be deemed to agree to this ordinance, relying upon its own investigation and understanding of the power and authority of the City to grant the Grantee the rights and privileges granted under this ordinance.

Section 12.2 Compliance With Applicable Laws.

In installing, operating and maintaining its System, Grantee shall comply with all applicable laws and regulations of the United States of America and its agencies (including, but not limited to, the regulations and standards of the Federal Occupational Safety and Health Administration), the State of Illinois, all applicable ordinances and executive orders of the City, all applicable regulations of the Federal Communications Commission and the Illinois Commerce Commission and such laws shall be considered part of this ordinance as set forth herein.

Section 12.3 Underground Facilities Agreement.

If the Commissioner of the Department of Transportation shall determine that it is in the public interest and so directs in writing, Grantee may apply for and, if accepted, enter into membership in any City-sponsored utility alert network for underground facilities ("C.U.A.N.").

Section 12.4 McBride Principles.

If Grantee conducts any business operations in Northern Ireland, it is hereby required that Grantee make all reasonable and good faith efforts to conduct any such business operating in Northern Ireland in accordance with the McBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

Section 12.5 Compliance With The Environmental Laws.

(A) Compliance.

Grantee shall comply with all laws relating to environmental matters including, without limitation, those relating to fines, orders, injunctions, penalties, damages, contribution, cost recovery compensation, losses or injuries resulting from the release or threatened release of Hazardous Materials, special wastes or other contaminants including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. §9601, et seq.), the Hazardous Material Transportation Act (42 U.S.C. §1801, et seq.), the Resource Act (33 U.S.C. §1251, et seq.), the Clean Air Act (42 U.S.C. §7401, et seq.), the Toxic Substances Control Act of 1986 (15 U.S.C. §2601, et seq.), the Safe Drinking Water Act (42 U.S.C. §300f), the Occupational Safety and Health Act of 1970 (29 U.S.C. §651, et seq.), the Emergency Planning and Community Right-to-Know Act (42 U.S.C. §11001, et seq.), the Illinois Environmental Protection Act (415 ILCS 5/1, et seq.) and the Chicago Municipal Code, each as amended or supplemented, and any analogous future or present state or federal statutes, rules and regulations promulgated thereunder or pursuant thereto, and any other present or future law, ordinance, rule, regulation, permit or permit condition, order or directive regulating, relating to or imposing liability or standards of conduct concerning any Hazardous Materials or by the federal government, any state or political subdivision thereof, or any agency, court or body of the federal government, any state or any political subdivision thereof, exercising executive, legislative, judicial, regulatory or administrative functions (collectively "Environmental Laws").

If any of the above Environmental Laws require the Grantee to file any notice or report of a release or threatened release of Hazardous Materials or special wastes on, under or about any premises used by Grantee to perform the services required hereunder, the Grantee shall provide a copy of such report or notice to the City. In the event of a release or threatened release of Hazardous Materials, special waste or other contaminants into the environment by Grantee or its Contractors or in the event any claim, demand, action or notice is made against the Grantee regarding the Grantee's failure or alleged failure to comply with any of the above Environmental Laws, in regard to activities related to Grantee's System, Grantee

shall immediately notify the City in writing and shall provide the City with copies of any written claims, demands, notices or actions so made. Grantee shall comply with the rules and regulations stated in any applicable mandatory recycling ordinance enacted or amended by the City Council of the City of Chicago.

If Grantee fails to comply with any of the above referenced Environmental Laws, the City may terminate this ordinance in accordance with the default provisions of this ordinance.

For purposes of this provision, the following definitions shall apply:

“Hazardous Materials” means friable asbestos or asbestos-containing materials, polychlorinated biphenyls (PCBs), petroleum or crude oil or any fraction thereof, natural gas, special nuclear materials; and by product materials regulated under the Atomic Energy Act (42 U.S.C. §201, et seq.), pesticides regulated under the federal Insecticide Fungicide and Rodenticide Act (7 U.S.C. §136, et seq.) and any hazardous waste, toxic or dangerous substance or related material, including any material defined or treated as “hazardous substance”, “hazardous waste”, “toxic substance” or contaminant (or comparable term) under any of the Environmental Laws.

“Special Wastes” means those substances as defined in Section 415 ILCS 5/3.45 of the Illinois Environmental Protection Act, and as further referred to in Section 809-13 of 35 Illinois Code, Subtitle G, Chapter 1.

(B) Environmental Permits.

1. To the extent required by the Environmental Laws, Grantee must keep current throughout the term of this ordinance, waste hauling, Special Waste hauling, disposal permits and insurance certificates required by federal, state, city or local government body or agency pursuant to any Environmental Law, if any, and at the request of the City, show evidence thereof.
2. When requested by the City, the Contractor shall submit copies of any hauling permits required by any Environmental Law. To the extent requested by the City, copies of all permits that require periodic renewal must be forwarded to the City throughout the duration of this ordinance. Noncompliance with this requirement maybe cause for termination of this ordinance.
3. Environmental Records and Reports: Grantee shall be required to prepare and maintain proper, accurate and complete records of

accounts of all transactions related to its operation of the Public Ways, including, but not limited to, the following:

- a. Vehicle maintenance records.

- c. I.E.P.A. or O.S.H.A. manifests.
- d. Disposal records, including disposal site used, date, truck number and disposal weight.
- e. Permit documentation and all other documentation and transactions pertaining to all Environmental Laws.

(C) Disposal Of Materials, Construction Debris, Soil And Waste.

1. Grantee shall be responsible for the proper disposal of all materials, construction debris, soil and other waste. Hauling and disposal by a Contractor or subcontractor does not relieve the Grantee from responsibility for proper disposal. Disposal of all materials, construction debris, soil and other wastes shall be at a disposal site that is properly licensed and permitted to accept the particular materials, construction debris, soil and other wastes delivered to it in accordance with all Environmental Laws. Failure to identify disposal site(s) for materials, construction debris, soil and other wastes or to submit such information when requested by the City may be cause to terminate the ordinance.
2. At the request of the City, the Grantee shall provide said Commissioner or his/her designated representative with copies of all load tickets, manifests, bills of lading, scale tickets and other pertinent documents. When requested by the City, Grantee shall provide copies of all permits and/or licenses for the proposed transfer station and/or landfill. In the event that the transfer station and/or landfill proposed for use by the Grantee does not possess the necessary permits and/or licenses to accept the materials, construction debris, soil and other wastes, Grantee will replace the transfer station and/or landfill. If the Grantee disposes of materials, construction debris, soil or other wastes at a site which is not properly permitted, the Grantee will be responsible for all costs associated with the removal of the waste to a properly licensed/permitted landfill or disposal site.

3. The Grantee shall accept full responsibility for compliance with all Environmental Laws.
 4. The Grantee shall notify the City within twenty-four (24) hours of receipt of any environmental complaints, fines, citations, violations or notices of violation ("Claims") by any governmental body or regulatory agency against the Grantee by any third party relating to the loading, hauling or disposal of materials, construction debris, soil or other wastes in connection with Grantee's System. The Grantee will provide evidence to the City that any such Claim has been addressed to the satisfaction of the issuer or initiator of any such Claim.
 5. Grantee shall provide the City with reasonable prior written notice of any community meetings, media involvement or media coverage related to the loading, hauling or disposal of materials, construction debris, soil or other wastes, related to its System in which Grantee is asked to participate.
 6. Noncompliance with these terms and conditions may be used by the City as Grounds for termination of this ordinance.
- (D) Equipment and Environmental Control During Transport. Grantee shall haul any materials, construction debris, soil and other wastes in vehicles and/or containers complying with all applicable Environmental Laws. All equipment used to transfer materials, construction debris, soil or other wastes shall be designed to prevent spillage during the hauling operation. Grantee's equipment shall fully comply with all city, state and federal regulations, laws and ordinances pertaining to size, load weight, safety and any Environmental Laws.
- (E) Indemnification. Grantee acknowledges that Section 6.13 of this ordinance applies to any violation of Environmental Laws by Grantee or its Contractors.
- (F) Environmental Controls. Grantee shall comply with all Environmental Laws with respect to the elimination of excessive noise and pollution of air and water due to its construction and other operations. Grantee shall minimize the noise of heavy construction equipment and control the dust, smoke and fumes from construction equipment and other operations in work sites and in City streets and properties, in accordance with ordinances of the City and orders of City departments. Grantee shall not discharge oily, greasy chemicals, hazardous or toxic wastes into waterways and City sewers.

(G) Hazardous Materials.

1. In the event that Grantee while working within the Authorized Routes encounters asbestos or toxic or Hazardous Materials not caused by or introduced by Grantee or its Contractors or subcontractor, Grantee shall, before disturbing such materials, immediately notify the City and any owner of any conduit in which Grantee may be locating Grantee's System ("Owner") of the location and apparent location thereof, and as to whether it is feasible to re-route wiring or other work so as to avoid such materials. If such re-routing is feasible, Grantee or the Owner shall do so at no cost to the City. To the extent that Grantee exacerbates any existing environmental condition, Grantee shall be liable for any additional cost of abatement so caused by Grantee's activities.
2. If such re-routing or avoidance is not feasible in the judgment of the City, and such materials must be disturbed or relocated to complete such work, then Grantee shall perform or cause one or more of its Contractors or subcontractors or the Owner (including, if necessary, a new, specialized subcontractor then retained with the consent and approval of the City for such purpose) to perform such abatement, containment, treatment or removal and disposal of such materials as maybe required by law, subject to the provisions of paragraph (c) of this section.
3. In the undertaking of such abatement, treatment, containment, removal or disposition, Grantee, or such person employed by Grantee:
 - (a) shall notify the City and the Owner at least seventy-two (72) hours prior to the start of removal and disposal of any Hazardous Materials;
 - (b) shall be certified as a Hazardous Materials removal firm by the Environmental Protection Agency and all state or local agencies;
 - (c) shall carry such insurance coverage as may be required by the City's Department of Risk Management naming the City as an additional insured; and
 - (d) shall provide such indemnification and documentation as required by the City.

Section 12.6 Business Relationships With Elected Officials.

Pursuant to Section 2-156-030(b) of the Municipal Code of the City of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement. The term business relationship is defined as set forth in Section 2-156-080 of the Municipal Code of Chicago.

Section 2-156-080 defines a "business relationship" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of Two Thousand Five Hundred Dollars (\$2,500) or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent (1%) of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii) any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

SECTION 13. Conflict Of Interest.

No member of the governing body of the City or other unit of government and no other official, officer, agent or employee of the City or other unit of government is employed by Grantee or has personal financial or economic interest directly or indirectly in this ordinance or any contractor subcontract resulting therefrom or in the privileges to be granted hereunder except as may be permitted in writing by the Board of Ethics established pursuant to the Municipal Code of Chicago (Chapter 2-156). No payment, gratuity or offer of employment shall be made in connection with this ordinance by or on behalf of any Contractors to the Grantee or higher tier subcontractors or anyone associated therewith, as an

inducement for the award of contracts, subcontracts or orders. Any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable as to the City.

SECTION 14. Anti-Corruption Covenant And Representation.

Neither Grantee nor its Contractors shall be in violation of the provisions of Section 2-92-320, Chapter 2-92 of the Code. In connection herewith, Grantee has executed the applicable Certification required under the Illinois Criminal Code, Ill. Rev. Stat., Ch. 38, §33E-11 (1989), as amended, and under the Illinois Municipal Code, Ill Rev. Stat., Ch. 24, §11-42-1 (1989) (1990 Supp.), attached hereto as Exhibit 4.

SECTION 15. Cooperation With Inspector General.

It shall be the duty of Grantee, all Contractors, and all officers, directors, agents, partners and employees of Grantee to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Code. Grantee shall inform all its Contractors of the provision and require understanding and compliance herewith.

SECTION 16. Business Documents And Disclosures Of Ownership Interests.

Grantee has provided copies of its latest articles of incorporation and bylaws, its certification of good standing from the office of the Secretary of State of Illinois and a certificate signed by an authorized officer of the Grantee certifying that the Grantee is authorized to do business in the State of Illinois. Grantee has provided the City with the Disclosure of Ownership Interest Affidavit for the Grantee, completed copies of which are attached hereto and incorporated by reference herein in Exhibit 5.

SECTION 17. Grantee's M.B.E./W.B.E. Commitment.

Section 17.1

Grantee agrees for itself and its successors and assigns, and shall contractually obligate the Contractors to agree, that during the construction of the System:

- (A) Consistent with the findings which support the Minority-Owned and Women-Owned Business Enterprise Procurement Program (the

"M.B.E./W.B.E. Program"), Section 2-92-420, et seq., of the Code, and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 17, during the course of construction of the System, at least the following percentages of the aggregate construction costs (as set forth in the budget) shall be expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned business ("W.B.E.s"):

1. At least twenty-four percent (24%).
2. At least four percent (4%).

- (B) For purposes of this Section 17 only, Grantee (and any party to whom a contract is let by Grantee pursuant to this ordinance) shall be deemed a "Contractor" and this ordinance (and any contract let pursuant thereto) shall be deemed a "Contract" as such terms are defined in Section 2-92-420 of the Code. In addition, the term "minority-owned business" or M.B.E. shall mean a business enterprise identified in the *Directory of Certified Minority Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a minority-owned business enterprise; and the term "women-owned business" or W.B.E. shall mean a business enterprise identified in the *Directory of Certified Women Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a women-owned business enterprise.
- (C) Consistent with Section 2-92-440 of the Code, Grantee's M.B.E./W.B.E. commitment may be achieved in part by Grantee's status as an M.B.E. or W.B.E., or by a joint venture with one or more M.B.E.s or W.B.E.s (to the extent of the M.B.E. or W.B.E. participation in such joint venture) by Grantee utilizing a M.B.E. or W.B.E. as a Contractor, by subcontracting or causing a Contractor to subcontract a portion of the work to one or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the construction of the System from one or more M.B.E.s or W.B.E.s, or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to Grantee's M.B.E./W.B.E. commitment as described in this Section 17. Grantee or a Contractor may meet all or part of this commitment through credits received pursuant to Section 2-92-530 of the Code for the voluntary use of M.B.E.s or W.B.E.s in its activities and operations other than with respect to the System.

- (D) "M.B.E./W.B.E. Activities" are within the City, cable installation services within buildings and outside buildings for Grantee's Telecommunications System.
- (E) Grantee shall furnish to the City a report detailing its compliance with this provision prior to any renewal of this Agreement. If a report shows noncompliance with the M.B.E. and the W.B.E. percentages, the City shall provide Grantee with notice of noncompliance and the Grantee shall use its best efforts to cure noncompliance over a reasonable period following the notice.
- (F) Any reduction or waiver of Grantee's M.B.E./W.B.E. commitment as described in this Section 17 shall be undertaken in accordance with Section 2-92-450, Municipal Code of Chicago.

SECTION 18. Residency.

Plan Of Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number ____ ("Planned Development") consists of a net site area of approximately fifty-three thousand two hundred fifty three (53,253) square feet of real property which is depicted on the attached Planned

Development Boundary and Property Line Map (the "Property"), and is owned or controlled by the applicant, Lennar Communities of Chicago, L.L.C. ("Applicant") for purposes of this Residential-Business Planned Development. This Planned Development consists of two (2) subareas: Subarea A and Subarea B.

2. The Applicant shall obtain all applicable official reviews, approvals or permits which are necessary to implement this plan of development. Any dedication or vacation of streets or alleys or easements or adjustments of rights-of-way or consolidation or resubdivision of parcels shall require separate submittal on behalf of the Applicant or its successors, assigns or grantees and approval by the City Council.
3. The requirements, obligations and conditions applicable within this Planned Development shall be binding upon the owner of each individual subarea, its successors and assigns and if different than the Applicant, the owners of all the property within the Planned Development or any homeowners association(s) formed to succeed the Applicant for purposes of control and management of any portion of the Planned Development, the legal titleholder and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors.

Furthermore, pursuant to the requirements of Section 17-13-0600 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control if the change has a material adverse effect on the other subarea. A change shall be deemed to have a material adverse effect if it results in, or would result in, any of the following: (i) any limitation, restriction or diminution in the allowable uses, floor area, floor area ratio, density or other development entitlements of the other subarea's owner as they exist under this Planned Development or the Chicago Zoning Ordinance; (ii) any increase in the other subarea's owner's obligations with regard to, or cost of, the development or maintenance of the improvements located, or which may in the future be located, in the subarea owned by such other subarea owner; (iii) any imposition of changes, conditions or requirements upon the use, development, construction or maintenance of the owner's subarea, the improvements located or to be located thereon or thereunder, which changes, conditions or requirements are not contained in this Planned Development, or (iv) any change in law sought by a subarea's owner which would result in any portion of the Property owned by the other subarea's owner or the improvements located thereon becoming nonconforming. Single designated

control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any modification or change thereto (administrative, legislative or otherwise) shall be made by the Applicant, the owners of all the property within the Planned Development or any homeowners association(s) formed to succeed the Applicant for purposes of control and management of any portion of the Planned Development. If an amendment, modification or change (administrative, legislative or otherwise) does not have a material adverse effect, the amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development applicable to or in a given subarea designated pursuant to Statement Number 5 below need only be made or authorized by the owners and/or ground lessees of such subarea. Moreover, where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and not to the individual unit owners therein. No amendment may be sought without written approval by the condominium association unless the right to do so has been retained by Applicant and its successors in title documents. Notwithstanding the foregoing, nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interest or obligation therein.

The Applicant or its successors or assignees shall construct and provide ongoing maintenance to the proposed landscaped open space totaling approximately fourteen thousand seven hundred seventy-five (14,775) square feet (zero and thirty-four hundredths (0.34) acres) to be located within Subarea A. The square footage of this landscaped open space shall be counted in determining compliance with any open space requirements within this Planned Development and shall be included in the determination of the required Open Space Impact Fee for Subarea A of this Planned Development. This landscaped open space shall be open to the public during regular Park District hours.

Prior to issuance by the Department of Planning and Development of a determination pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance ("Part II approval") for any future development within Subarea B of this Planned Development, plans for the proposed development of Subarea B shall be submitted to and approved by the Commissioner of the Department of Planning and Development ("Site Plan Approval"). All future proposals for development shall be subject to the provisions of this Planned Development and all relevant ordinances and City policies in effect at the time of submittal. Site Plan Approval is intended to assure that specific development proposals conform with this Planned Development, as well as relevant ordinances and City policies, and to assist the City in monitoring on-going development.

The approved Site Plans may be changed or modified pursuant to the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.

The Applicant hereby acknowledges that according to Section 17-4-1022-B of the Zoning Ordinance, floor area bonuses may be granted in return for payments to property owner of officially designated historic buildings to support specific building restoration projects. Section 17-4-1022-C-1 states that floor area bonuses for qualifying activities are to be based on financial contributions that reflect the value of property within the geographic area, based on the following formula: Cost of one (1) square foot of floor area equals eighty percent (80%) multiplied by median cost of land per buildable square foot. Based on Section 17-4-1022-C-1, the Applicant has agreed to make cash contribution to the Glessner House, which is an officially designated historic building, in the amount of Six Hundred Ninety-nine Thousand Eight Hundred Ninety-nine Dollars (\$699,899).

Plans for all buildings and improvements on the subject property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote a high standard of accessibility. No building permit shall be issued by the Department of Construction and Permits until the Director of M.O.P.D. has approved detailed construction drawings for the building or improvement proposed.

Any dedication or vacation of streets, alleys or easements or any adjustments of rights-of-way shall require a separate submittal on behalf of the applicant or its successors, assignees or grantees and approval by the City Council.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its successors, assignees or grantees and, if different than the applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors, assignees or grantees and, if different than the applicant, any legal titleholders and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessors.
4. This plan of development consists of fourteen (14) statements; a Bulk Regulations and Data Table; an Existing Zoning Map; an Existing Land-Use Map; Planned Development Boundary and Property Line Map; a Site/Landscape Plan; School Building Elevations (North, East, South, and West); and Gymnasium Building Elevations (West and North; South and East) prepared by OWP/P Architects dated August 17, 2006. A full-size set of the Site/Landscape Plan and the Building Elevations is on file with the Department of Planning and Development. These and no other zoning controls shall apply to the Property. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development. In any instance where a provision of the Planned Development conflicts with the Chicago Building Code, the Building Code shall control.
5. Subject to the Bulk Regulations and Data Table, the following uses shall be permitted in this Planned Development: schools and related and accessory uses.
6. On-premise signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development. Temporary signs such as construction and marketing signs also shall be permitted subject to the review and approval of the Department of Planning and Development.
7. Off-street parking and loading facilities shall be provided in accordance with the provisions of this Planned Development subject to the review and

approval of the Department of Transportation and the Department of Planning and Development. 11. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the applicant or its successors, assignees or grantees and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area or the maximum number of units for the total net site area established in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

12. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of natural resources. The applicant shall use its best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the Leadership in Energy and Environmental Design ("L.E.E.D.") The required green roof area may be consolidated on one (1) building.
13. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all new buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No building permits shall be granted until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement. The applicant shall design and construct the disabled access ramp in front of the existing school building in accordance with suggestions made by the Landmarks Division of the Department of Planning and Development, as depicted on the Site/Landscape Plan and the Building Elevations.
14. Unless substantial construction of the improvements contemplated in this Planned Development has been commenced within six (6) years following adoption of this ordinance, and unless completion thereof is diligently pursued, this Planned Development shall expire and the zoning classification of the Property shall revert to that of an RT4 Residential Two-Flat, Townhouse and Multi-Unit District.

**THE HONORABLE RICHARD M. DALEY, MAYOR
And OTHERS:**

**PRESIDENT GEORGE W. BUSH AND MEMBERS OF UNITED STATES
CONGRESS AND GOVERNOR ROD BLAGOJEVICH AND MEMBERS
OF ILLINOIS GENERAL ASSEMBLY URGED TO
INCREASE FEDERAL AND STATE
MINIMUM WAGE.**

A resolution, presented by The Honorable Richard M. Daley, Mayor, and Aldermen Flores, Haithcock, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Cárdenas, Olivo, Burke, T. Thomas, Coleman, Murphy, Rugai, Troutman, Muñoz, Zalewski, Chandler, Solis, Burnett, Carothers, Reboyras, Suarez, Matlak, Mell, Austin, Colón, Banks, Mitts, O'Connor, Natarus, Daley, Tunney, Shiller, Schulter and Stone, reading as follows:

WHEREAS, In 1938, the federal government of the United States enacted the Federal Fair Labor Standards Act, 29 U.S.C. 201, et seq. (the "F.L.S.A."), to assure that conditions detrimental to the maintenance of the minimum standard of living necessary for the health, efficiency and general well-being of workers were alleviated; and

WHEREAS, The F.L.S.A. provides, among other things, for the establishment of a federal minimum wage (the "Federal Minimum Wage"), first set at twenty-five cents per hour in 1938, which has been increased from time to time but, since 1997, has remained at \$5.15 per hour; and

WHEREAS, In 1971, the State of Illinois enacted the Minimum Wage Law, 820 ILCS 105/1, et seq. (the "Illinois Minimum Wage Law"), finding that the failure to pay adequate minimum wages leads to labor disputes, places burdens on the State of Illinois and other political subdivisions, and that a State minimum wage law was necessary to assure that workers had an adequate standard of living, sustained purchasing power and were paid an amount sufficient to meet the minimum cost of living necessary for the workers' health; and

WHEREAS, The Illinois Minimum Wage Law provides for, among other things, the establishment of a state minimum wage (the "State Minimum Wage"), first set at \$2.30 per hour in 1971, which has been increased from time to time but, since 2004, has remained at \$6.50 per hour; and

WHEREAS, A full-time employee, working a two thousand hour work year at the Federal Minimum Wage would make only Ten Thousand Three Hundred Dollars per year, and at the State Minimum Wage would make only Thirteen Thousand Dollars per year, which amounts are grossly inadequate to provide even one single adult with a reasonable standard of living, let alone the needs of any working families; and

WHEREAS, While the costs of food, housing, gasoline, health care and other basic goods and services have increased significantly, the Federal Minimum Wage Law has stagnated for nine years at \$5.15 per hour, and the Illinois Minimum Wage Law has also failed to increase at a rate sufficient to enable Illinois workers to pay even the most basic living expenses of such workers and their families; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this fourth day of October, 2006, do hereby urge the President of the United States and the United States Congress, at its next legislative session, to amend the F.L.S.A. to increase the Federal Minimum Wage to \$7.50 an hour, and thereafter at a rate that accomplishes the stated policy objectives of the F.L.S.A. and assures employees and their families a reasonable standard of living; and

Be It Further Resolved, That we urge the Governor of Illinois and the Illinois General Assembly, at its next legislative session, to amend the Illinois Minimum Wage Law to increase the State Minimum Wage to \$7.50 an hour, and thereafter at a rate that accomplishes the stated policy objectives of the Illinois Minimum Wage Law and assures employees and their families a reasonable standard of living; and

Be It Further Resolved, That copies of this resolution be delivered to the President of the United States, George W. Bush, to the Speaker of the United States House of Representatives, Dennis Hastert, to the United States House of Representatives Minority Leader, Nancy Pelosi, to the United States Senate Majority Leader, Bill Frist, to the United States Senate Minority Leader, Harry Reid and to members of the Illinois Congressional Delegation, and that copies of this resolution also be sent to Governor Rod Blagojevich, the President and Minority Leader of the Illinois Senate, and the Speaker and Minority Leader of the Illinois House of Representatives as an expression of our support for this important legislation.

**EXPRESSION OF SUPPORT FOR UNITED AIRLINES PROPOSED
"CAPITAL TO CAPITAL" NONSTOP FLIGHT SERVICE
BETWEEN WASHINGTON, D.C.
AND BEIJING, CHINA.**

A resolution, presented by Aldermen Levar, Olivo, Burke and Allen, reading as follows:

WHEREAS, United Airlines is Chicago's hometown airline and our region's success is closely tied with United's; and

WHEREAS, United and all of its employees in Chicago, the surrounding area and around the country have worked hard to return the airline to a competitive state; and

WHEREAS, The United States Department of Transportation (D.O.T.) controls international aviation routes and just recently requested domestic air carriers to submit proposals to service a new United States -- China route; and

WHEREAS, United has applied to provide the first daily, nonstop service between Washington, D.C. and Beijing, arguably the two most important capital cities in the world; and

WHEREAS, United has demonstrated a commitment to serving China for more than two decades, and has invested heavily to develop a strong network of service; and

WHEREAS, United currently offers direct China service from Chicago and the West Coast; and

WHEREAS, New service from our nation's capital in Washington, D.C. to Beijing fills a major gap for both United and the country; and

WHEREAS, United's proposal to launch the first and only nonstop service between these two critical capital cities will not only fill an inexcusable air service gap, but it will also bridge a critical geopolitical divide, affording new opportunities for face-to-face contact, improved trade and better diplomatic relations; and

WHEREAS, The national trade imbalance, which hurts all firms -- particularly Illinois based manufacturing companies -- can only be helped by increasing access to China for major American economic centers. In today's increasingly interrelated economy, forging new connections between the two countries will improve both the national economy and the Chicago-area economy; and

WHEREAS, The United States is the largest economy in the world, yet its capital does not have nonstop service to the capital of China, one of the largest and fastest growing economies in the world. Most major world capitals, including London, Paris, Tokyo, Moscow and Delhi already benefit from nonstop flights to Beijing. Connecting Washington, D.C. and Beijing would promote improved governmental, business, academic and cultural relations between the countries; and

WHEREAS, The Greater Washington Metropolitan area has the largest overall population, largest Asian population and largest Chinese population of any United States community in this proceeding without nonstop service to China; and

WHEREAS, United has proven that it will make the best use of scarce rights for United States carriers to service China. United secured entry into China through the purchase of PanAm routes in 1986. Since then, it has competed in D.O.T. proceedings and obtained additional China rights. All United's China services are operated on a nonstop basis, without relying on stops at intermediate cities like

Tokyo, and the vast majority of its China services utilize the largest capacity aircraft in the sky, the Boeing 747-400. In this way, United uses scarce China rights to provide far more available seats on every flight -- at least twenty percent more -- than any other United States airline; and

WHEREAS, The equipment used on the routes are manufactured by Boeing, headquartered in Chicago; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, gathered here this fourth day of October, 2006 A. D., do hereby express our support for the United Airlines "Capital to Capital" proposal to provide service between Washington, D.C. and Beijing, China.
