

OFFICE OF THE MAYOR
CITY OF CHICAGO

BRANDON JOHNSON
MAYOR

EXECUTIVE ORDER NO. 2025-6

**EXECUTIVE ORDER DENOUNCING ANY ATTEMPTS TO DEPLOY THE
UNITED STATES ARMED FORCES AND/OR THE NATIONAL GUARD
AND/OR MILITARIZED CIVIL IMMIGRATION ENFORCEMENT IN
CHICAGO AND TO ESTABLISH THE PROTECTING CHICAGO
INITIATIVE**

Whereas, the City of Chicago affirms its commitment to public safety policies rooted in investments in violence prevention, education, economic opportunity, mental health supports, and constitutional policing and respect for civil and human rights for all; and

Whereas, federal law prohibits the use of the U.S. Military for domestic law enforcement except in extraordinary circumstances—which do not exist in Chicago. To the contrary, under the leadership of Mayor Brandon Johnson, the City has achieved historic reductions in violent crime. During the past year alone, Chicago has reduced homicides by more than 30%. Chicago's increased investments in community violence intervention programs have reduced gun violence by almost 40%. Following the launch of the Robberies Task Force, robberies have decreased by 35% and vehicular hijackings have decreased by 49%; and

Whereas, the deployment of federal military forces in Chicago without the consent of local authorities undermines democratic norms, violates the City's sovereignty, threatens civil liberties, and risks escalating violence rather than securing the peace; and

Whereas, the deployment of federal military forces and/or federal tactical units for civil immigration enforcement in Chicago exacerbates existing harms facing the City's historically underserved residents and vulnerable populations, including Black and brown communities, unsheltered people, veterans, people who are

MAYOR

formerly incarcerated, individuals experiencing poverty, and immigrant communities; and

Whereas, the City of Chicago remains committed to approaches that uphold civil rights, reinforce public safety through neighborhood investment, and respect the authority of local leadership ; and

Whereas, the Chicago Police Department (“CPD”) is entrusted to enforce local and state law in the City of Chicago through locally controlled law enforcement agencies guided by professional standards and community trust; and

Whereas, the deployment of federal military forces on the streets of Chicago disregards CPD’s authority; and

Whereas, today more than one in five Chicago residents is an immigrant, with communities representing every corner of the globe, including more than half from Latin America, nearly a quarter from Asia, and significant populations from Africa, the Caribbean, and Europe, and with especially strong representation from Mexico, India, Poland, the Philippines, China, Nigeria, and Haiti, these communities continue to power Chicago’s cultural, economic, and civic life, reminding us that immigration is not a threat to be managed but a legacy to be honored and a strength to be protected; and

Whereas, the City of Chicago is a Welcoming City, and is committed to serving all residents with respect and dignity; now, therefore

I, BRANDON JOHNSON, Mayor of the City of Chicago, do hereby order, as follows:

Section 1. Chicago Rejects the Federal Militarization of Law Enforcement and Civil Immigration Enforcement

OFFICE OF THE MAYOR
CITY OF CHICAGO

BRANDON JOHNSON
MAYOR

The City of Chicago Mayor Brandon Johnson demands that President Donald J. Trump and any agents acting under his authority stand down from any attempts to deploy the U.S. Armed Forces—including the National Guard—in Chicago. The City will pursue all available legal and legislative avenues to counter coordinated efforts from the federal government that violate the rights of the City and its residents, including the Constitutional rights to peacefully assemble and protest and the right to due process.

Consistent with local, state, and federal law, all City departments are prohibited from participating in any enforcement actions aimed at violating Chicagoan's rights to peacefully assemble and protest.

Section 2. Establishing the Protecting Chicago Initiative

The City will establish the Protecting Chicago Initiative that will coordinate designated Departments' work to promote the well-being and safeguard the rights of all Chicagoans in response to threats arising from the actions and inactions of the federal government. The Protecting Chicago Initiative's work will include, but is not limited to:

(1) Making available clear and accessible information regarding:

- (i) Residents' rights when encountering potential federal immigration enforcement activities occurring at or near schools, hospitals, homeless shelters, places of worship and other sensitive locations. The Trump Administration rescinded long-standing policy that restricted immigration enforcement actions in designated sensitive areas, including schools, hospitals, and places of worship. As a result, residents now face the threat of federal immigration enforcement**

MAYOR

operations taking place when residents seek education, health care, or practice their faith; and

(ii) General information about how the federal government's actions and inactions affect the rights and well-being of Chicago residents.

- (2) Coordinating with designated Departments and agencies, community, business, philanthropic partners, and the faith community, to identify and address community needs resulting from the threats of federal law and immigration enforcement and military deployment, and from federal budget cuts that drastically reduce funding for vital public benefit programs, including health care, food assistance, shelter, housing supports, violence reduction and educational initiatives.
- (3) Regularly submitting Freedom of Information Act (FOIA) requests to the U.S. Department of Homeland Security (DHS), including but not limited to Immigration and Customs Enforcement (ICE) and Customs and Border Protection (CBP), to obtain information related to federal immigration enforcement activity within the city. These requests will seek data on:
 - (i) The date, time, and location of enforcement actions;
 - (ii) The names of individuals arrested or detained;
 - (iii) The stated basis or alleged criminal conduct underlying such arrests or detentions.
- (4) Cooperating with consular officers serving Chicagoans to document federal law enforcement activity and to ensure that residents receive access to know your rights materials.

CITY OF CHICAGO

BRANDON JOHNSON
MAYOR

Section 3. CPD will Remain a Locally Controlled Law Enforcement Agency Responsible for Enforcing State and Local Laws

The CPD shall remain a locally controlled law enforcement agency under the authority of the City of Chicago and Mayor Brandon Johnson. Consistent with the limitations prescribed by CPD policy and the Welcoming City Ordinance, Municipal Code of Chicago, § 2-173, and in accord with the Illinois TRUST Act, 5 ILCS 805/1 *et seq.*, and the Illinois VOICES Act, 5 ILCS 825/1 *et seq.*, no CPD personnel shall be assigned joint law enforcement patrols, arrest operations, or other law enforcement duties alongside federal law enforcement, or military personnel, or National Guard units engaging in civil immigration enforcement. Nothing in this Order prevents CPD members from engaging in lawful and appropriate law enforcement activity to address an immediate public safety concern. CPD may cooperate with federal law enforcement agencies consistent with applicable law and existing intergovernmental agreements.

Pursuant to CPD policy and operational requirements, all sworn CPD members, when engaged in any law enforcement, crowd-management, or public-safety operations, will wear Department-authorized uniforms or approved outer garments that readily identify them as a CPD officer. This requirement ensures that residents of the City of Chicago can readily distinguish CPD officers from federal law enforcement agents or members of the United States Armed Forces.

Section 4. In the Interests of Public Safety and Accountability, Federal Law Enforcement Operating in Chicago Should Comply with CPD Policy and Operational Requirements Related to Masks, Body Cameras, and Officer Identification

Pursuant to CPD Policy and operational requirements, CPD officers are prohibited from intentionally disguising or concealing their identities from the public by

OFFICE OF THE MAYOR
CITY OF CHICAGO

BRANDON JOHNSON
MAYOR

wearing any mask, covering, or disguise while performing their official duties. CPD officers may wear protective equipment (such as medical masks, riot helmets, or respirators) as required for health or safety reasons; however, officers may not use such equipment for the purpose of concealing identity. All other law enforcement officers, including federal agents, as well as members of the military operating in Chicago, are urged to adhere to these requirements to protect public safety and promote accountability.

Pursuant to CPD Policy and operational requirements and in accord with the Illinois Officer-Worn Body Camera Act, 50 ILCS 706/1, et seq, CPD officers assigned to conduct patrol or field duties wear body cameras and activate their cameras during all law enforcement-related activities during which the officer is interacting with a member of the general public. All other law enforcement officers, including federal agents, as well as members of the military operating in Chicago are urged to adhere to these requirements to protect public safety and promote accountability.

Pursuant to CPD policy and operational requirements, CPD officers must, when requested, correctly identify themselves by providing their rank, name, and star number (or employee number for civilian members) to any member of the public. To protect public safety and promote accountability, federal agents and members of the military operating in Chicago are urged to at all times when interacting with Chicago residents display identifying information in a clearly visible fashion, including the name of the federal agency, last name, and badge number of the federal law enforcement officer, or the armed forces member's last name and rank, respectively.

Section 5. This Executive Order does not prohibit any undercover or covert law enforcement officers, acting pursuant to lawful orders, from concealing their identities in the performance of their duties.
