SECTION 7. The City shall appropriate amounts sufficient to pay principal of and interest on the Bonds for the years such amounts are due, and the City hereby covenants to take timely action as required by law to carry out the provisions of this Section, but, if for any such year it fails to do so, this Ordinance shall constitute a continuing appropriation ordinance of such amounts without any further action on the part of the City Council.

SECTION 8. Such certificates shall refer to the amount of taxes levied pursuant to Section 6 hereof, shall indicate the amount of reduction in interest cost to the City resulting from the sale of the Bonds at a lesser rate or rates of interest than the rate specified therefor in Section 2 hereof, which reduced amount is to be abated from such taxes, and shall further indicate the remainder of such taxes which is to be extended for collection by said County Clerks.

SECTION 13. The Escrow Agreement, dated as of April 1, 1981, by and between the City and Continental Illinois National Bank and Trust Company of Chicago, as Escrow Agent, and all mutual agreements therein set forth, are in all respects ratified, approved, readopted, confirmed and continued.

The Mayor and the City Comptroller may each designate another to act as their respective proxy and to affix their respective signatures to the Bonds, whether in temporary or definitive form, and any other instrument, certificate or document required to be signed by the Mayor or the City Comptroller pursuant to this Ordinance or the Escrow Agreement. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and the City Comptroller, respectively. A written signature of the Mayor or of the City Comptroller, respectively, executed by the person so designated underneath, shall be attached to each notice. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor in person. When the signature of the City Comptroller is so affixed to an instrument, certificate or document at the direction of the City Comptroller, the same, in all respects, shall be binding on the City as if signed by the City Comptroller in person.

- (ii) A quitclaim deed by the Purchaser to the Seller conveying the interest in the Property acquired by the Purchaser pursuant to the Deeds to be deposited by Seller pursuant to paragraph 6(a) of this Agreement, to be recorded only in the event of a failure of this transaction. In the event this transaction is consummated as contemplated by this Agreement, then escrowee shall mark said quitclaim deed void and return said quitclaim deed to Purchaser;
- (iii) Purchaser shall furnish any necessary Exemption Certificates signed by Purchaser with regard to any Chicago Transaction Tax or other local transfer or transaction tax, and any necessary Real Estate Transfer Declaration signed by Purchaser with regard to any State or County transfer or transaction tax. If any Chicago Transaction Tax or other transfer or transaction tax required by other local ordinance is payable by reason of the transfer of title under the Deeds, such tax shall be paid by Purchaser. All recording fees in connection with the transaction contemplated hereunder, including, without limitation, the recordation of the Deeds, shall be paid by Purchaser.

7. Prorations. The following are to be prorated as of 12:01 A.M. on the date of the Closing:

- (a) Water and sewer charges, utility or other services including, without limitation, telephone, gas and electric services.
- (b) Real estate taxes, assessments, charges and other public impositions assessed against, covering or affecting the Property and the Benefit Parcel.
- (c) Fuel oil at cost as of the date of this Agreement.
- (d) Charges for the provision of steam heat and hot water pursuant to the Loading Dock Lease.

All prorations shall be final unless otherwise agreed in writing between the parties at the time of Closing.

Seller shall be responsible for the general taxes for the year 1981, and for a proportionate share of the general taxes for the year 1982, which proportionate share shall be represented by a fraction, the numerator of which is the actual number of days which have elapsed during the period from January 1, 1982, to and including the date of Closing, and the denominator of which is 365 (herein called "Seller's Proportionate Share"), and Purchaser shall be responsible for the remaining 1982 general taxes and any amount of the general taxes for 1982 which may accrue by reason of new or additional improvements made after the Closing.

At Seller's option, a tax escrow may be established as follows: for 1981 taxes, Seller shall deposit in the Escrow at Closing, an amount equal to the general taxes for the year 1980, and for 1982 taxes, Seller shall deposit in the Escrow at Closing, an amount equal to Seller's Proportionate Share of the general taxes for the year 1980. Such deposits shall be invested by the Escrowee at the direction of Seller and all interest and income deriving therefrom shall be paid or credited to Seller. Each of the 1981 and 1982 tax bills shall be paid when due by the Escrowee; provided, however, that in the event the respective escrow funds shall be in excess of the 1981 tax bill or Seller's Proportionate Share of the 1982 tax bill, as the case may be, such excess shall, within ten days of such determination, be paid to Seller by Escrowee, and provided, further that in the event the 1981 tax bill or Seller's Proportionate Share of the 1982 tax bill, as the case may be, shall be in excess of the respective escrow funds, such excess shall, within ten days of such determination, be paid to Escrowee by Seller. Purchaser shall be responsible for the payment of the remaining balance of the 1982 tax bill. Seller expressly reserves the right to contest by appropriate proceedings or actions, without Purchaser's participation, the general taxes for each of the years 1981 and 1982, and to receive any refund or other benefit which may accrue by reason by such proceedings or actions and which is attributable to the 1981 taxes and Seller's Proportionate Share of the 1982

taxes. Said right to pursue such proceeding or action and to receive any refund or other benefit arising therefrom shall survive the Closing and shall not be merged in any deed delivered pursuant hereto.

If Seller does not exercise the aforesaid option to escrow and contest taxes, taxes shall be prorated on the basis of the most recently ascertainable taxes.

8. Title Commitment and Survey. No later than ten (10) days prior to the Closing, Seller shall deliver, or cause to be delivered, to Purchaser a title commitment for an Owners Title Insurance Policy issued to Purchaser, or its nominee or assignee, by the Chicago Title Insurance Company, covering the Real Estate provided for in this Agreement, with extended coverage, and showing the condition of title as of the date of such commitment, in the amount of Seven Million Seven Hundred Thousand Dollars (\$7,700,000), showing title in the Seller subject to the following exceptions which are herein referred to as "Permitted Exceptions":

- (a) The title exceptions set forth in Exhibit D attached hereto;
- (b) Title exceptions pertaining to liens or encumbrances of a definite or ascertainable amount which can be removed by the payment of money at the time of Closing and which Seller will remove at or prior to the Closing by using funds to be paid at the Closing; and
- (c) Acts of Purchaser or persons claiming through Purchaser.

If the title commitment referred to in paragraph 8(a) hereof discloses unpermitted exceptions that render the title not marketable, Seller has thirty (30) days from the date of delivery of the commitment to have the exceptions removed from the commitment, or to have the title insurer commit to insure against loss or damage that may be occasioned by such exceptions, and, in such event, the Closing shall be on a date agreed to by the parties but not later than fifty (50) days after the delivery of such commitment. If, within the specified time, Seller fails to have the exceptions removed or, in the alternative, to obtain the commitment for title insurance specified above as to such exceptions, then Purchaser may terminate this Agreement, or may elect, upon written notice to Seller within twenty (20) days after the expiration of such thirty (30) day period, to take title as it then is, with the right to deduct from the purchase price liens or encumbrances of a definite or ascertainable amount. If Purchaser does not so elect, this Agreement shall become null and void without further action of any of the parties.

9. Possession. Seller shall deliver or cause to be delivered to Purchaser possession of the Property and the Additional Property on and at the Closing.

10. New Leases. From the date of this Agreement to the date of Closing, Seller shall not lease, convey, encumber, mortgage or in any way create any interest in the Property.

11. Maintenance Prior to Closing. Seller agrees that during the period between the date of this Agreement and the Closing, Seller will maintain the Property and not enter into service contracts and agreements which cannot or will not be cancelled on or before the Closing.

12. Damage or Destruction Prior to Closing and Condemnation. In the event that any portion of the property is (a) taken by the exercise of the power of eminent domain or condemnation or by voluntary transfer under threat of and in lieu of such taking, or (b) is damaged by fire or other casualty prior to Closing, then, in any such event, Purchaser shall accept the Property subject to such taking, transfer or damage except that in such event Purchaser shall be entitled to receive the entire award or insurance proceeds payable in connection with such taking, transfer or damage, Seller shall assign all of its right, title and interest in and to such award or proceeds to Purchaser, and, in the case of damage of or destruction to the Property, the purchase price shall be reduced by the lesser of (a) the dollar value of the damage or (b) \$100,000, the amount of the deductible under the insurance policy.

13. Notices. All notices, demands and communications required herein or desired to be given hereunder shall be in writing and shall be deemed to be given when personally delivered or forty-eight (48) hours after placed in the United States mail, certified or registered, return receipt, postage prepaid and addressed as follows:

14. Remedies. In the event Purchaser shall default in any of Purchaser's duties and obligations under this Agreement, Purchaser shall pay to Seller \$100,000 as agreed liquidated damages. Payment of this amount by Purchaser to Seller shall relieve Purchaser from any and all obligations hereunder and shall constitute Seller's sole remedy. If this transaction shall not close on or before the Closing date set forth in Paragraph 6 of this Agreement, as such date may be extended pursuant to Paragraph 8 of this Agreement, through no default of either Seller or Purchaser, then either Seller or Purchaser may terminate this Agreement.

15. Miscellaneous.

- (a) At all times from the date of this Agreement until the Closing, Seller shall give Purchaser and its agents, employees and designees access to the Property at reasonable hours as may be reasonably requested for the sole purpose of inspecting the Property and the Additional Property, and preparing plans and specifications for the rehabilitation work currently contemplated by Purchaser; provided however, that Purchaser agrees to hereby indemnify, exonerate and hold Seller and each of the officers, directors, employees and agents of the Seller (herein collectively called the "Seller Parties") free and harmless from and against any and all actions, causes of action, suits, liabilities, losses, damages and expenses, including, without limitation, reasonable attorneys' fees and expenses, incurred by the Seller Parties or any of them as a result of, or arising out of, any acts (or omissions to act) of the Purchaser or its agents or representatives in connection with such inspection of the Property or Additional Property.

- (f) It is a condition of both Seller's and Purchaser's obligations under this Agreement that the Purchaser by Ordinance appropriate money to pay the purchase price due at the closing and that the Purchaser by Ordinance approve this Agreement, said appropriation and approval to be obtained within fourteen (14) days of the date of this Agreement.
- (g) It is a condition of both Seller's and Purchaser's obligations under this Agreement that the Seller obtain approval of this Agreement by the United States Bankruptcy Court for the Northern District of Illinois, in case number 81-B-07075, said approval to be obtained within fourteen (14) days of the date of this Agreement.

The estimated cost of the acquisition, installation and construction of the Project is not less than \$1,500,000, which will be provided by the issuance of the Bond hereinafter authorized and the loan of the proceeds thereof to the Company. It is hereby found and declared that the financing of the Project and the use thereof by the Company as hereinafter provided is necessary to accomplish the public purposes described in the preamble hereto, and that in order to secure the Bond, the assignment and pledge to the Bank of all right, title and interest of the Issuer in and to the Agreement and the Note (except with respect to certain rights of the Issuer for indemnification and payment of certain expenses by the Company) are necessary and proper.

Authorization and Payment of Bond

SECTION 3. That for the purpose of financing a portion of the cost of the Project there shall be and there is hereby authorized to be issued by the Issuer its Industrial Revenue Bond, Series 1982 (Weil Pump Company Project), in the principal amount of \$1,500,000, dated the date of its delivery, lettered R and numbered 1, payable to the order of State National Bank, or its assigns and maturing in 179 monthly principal installments of \$8,333.34 each (the "Monthly Installment"), due the first day of each month, commencing the first day of the month after the day of delivery of the Bond, and a final principal installment of \$8,332.14 due the first day of the month after the date that the final Monthly Installment is due; and shall bear interest (computed on the basis of a year of 360 days) from its date on the principal amount from time to time remaining unpaid on the Bond, at a rate per annum adjusted daily to equal 67.0% of the Prime Rate, due on the first day of each month, commencing the first day of the month after the date of delivery of the Bond. Interest shall accrue on the overdue payments as provided in the form of the Bond.

The principal installments of the Bond are subject to prepayment upon written notice as set forth in the next succeeding paragraph given by the Company on behalf of the Issuer at any time in whole or in part, and if in part, in integral multiples \$8,333.34, except for the first partial prepayment installment which shall be in the amount of \$8,332.14, and in inverse order of maturity at a prepayment price of par plus accrued interest to the prepayment date without premium.

Upon receipt by the Bank of at least five business days' prior written notice specifying a date for the prepayment of the principal of the Bond (or any portion thereof), the Depository shall, to the extent that amounts are or become available therefor in the Bond Fund, prepay principal, together with accrued interest on the portion prepaid, on the Bond in accordance with the preceding paragraph; provided however that, except for the first partial prepayment which shall be in the amount of \$8,332.14, no partial prepayment of less than \$8,333.34 shall be permitted. In addition, if other funds in an amount in excess of \$8,333.34 or \$8,332.14, as may be appropriate, shall become available in the Bond Fund, and are not otherwise required to be applied to the payment of the Bond, the Depository shall, without notice from the Company or the Issuer, promptly, but in any event within five business days from the receipt of such funds, apply such funds to the prepayment of the Bond at the prepayment price set forth above, and shall give notice to the Company of such prepayment. All principal installments of the Bond or portions thereof designated for prepayment will cease to bear interest on the specified prepayment date, provided funds for their prepayment are on deposit at the place of payment at that time.

In lieu of prepaying the Bond in whole, if the Company has purchased the Bond, the Company may tender the Bond for cancellation by the Issuer and upon such cancellation the Bond shall be deemed paid.

The principal installments of and interest on the Bond shall be payable to State National Bank or its assigns in lawful money of the United States of America at the principal office of State National Bank, as Depository, in the City of Evanston, Illinois. The Bank or Depository shall note on the Payment Record attached as Schedule A to the Bond or on a comparable computer-generated record attached to the Bond, the date and amount of payment of each principal installment (whether at maturity or upon redemption or acceleration) and interest then being paid and of principal installments (whether at maturity or upon redemption or acceleration) and interest theretofore paid and not yet noted thereon, provided, however, that the failure of the Bank to make any such notation thereon shall not limit or otherwise affect the obligations of the Issuer under the Bond, and upon request of the Company or the Issuer, the Bond shall be made available by the holder thereof for inspection by the Company or the Issuer at the offices of the Bank at Orrington at Davis, Evanston, Illinois 60204. At least annually, on the anniversary date of the Bond, the Bank shall notify the Issuer of the payment of the principal installments of the Bond (whether at maturity or upon redemption or acceleration) and shall include in such notification a statement of the unpaid balance of the Bond. The Bond is non-transferable by the Bank, except as a whole and after notice in writing to the Issuer and the Company of such transfer.

The Bond, together with interest thereon, shall be a limited obligation of the Issuer secured by the Agreement and the Note, and shall be payable solely from the revenues and receipts derived from the Agreement and the Note (except to the extent paid out of moneys attributable to the Bond proceeds or the income from the temporary investment thereof), and shall be a valid claim of the owner thereof only against the Bond Fund and other moneys held by the Depository and the revenues and receipts derived from the Agreement and the Note, which revenues and receipts shall be used for no other purpose than to pay the principal installments of and interest on the Bond, except as may be expressly authorized otherwise in this Ordinance and in the Agreement. The Bond has been issued under and shall contain a recital that it is issued pursuant to the provisions of the Enabling Ordinance; the Bond and the obligation to pay interest thereon does not now and shall never constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provisions, but shall be secured as aforesaid, and is payable solely from the revenues and receipts from the Agreement and the Note (except as stated aforesaid).

The Bond may be prepared in typewritten, printed or engraved form.

The Bond shall be signed by the Mayor of the Issuer by her manual or facsimile signature, and attested by the manual or facsimile signature of the City Clerk of the Issuer, and the corporate seal of the Issuer shall be affixed thereto. In case any official whose signature shall appear on the Bond shall cease to be such official before the delivery of the Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

In the event the Bond is mutilated, lost, stolen or destroyed, the Issuer may execute a new Bond of like date, tenor and maturity as that Bond mutilated, lost, stolen or destroyed; provided that, in the case the Bond is mutilated, such mutilated Bond shall first be surrendered to the Issuer, and in the case the Bond is lost, stolen or destroyed, there shall be first furnished to the Issuer evidence of such loss, theft or destruction satisfactory to the Issuer, together with indemnity satisfactory to the Issuer. The Issuer shall duplicate on the Payment Record of the new Bond replacing the mutilated, lost, stolen or destroyed Bond all payments of principal (whether at maturity or upon redemption or acceleration) and interest which the Issuer's and Depository's records indicate as having appeared on the mutilated, lost, stolen, or destroyed Bond. In the event all the principal installments of the Bond shall have matured, instead of issuing a duplicate Bond the Issuer may pay the same without surrender thereof. The Issuer may charge the holder or owner of the Bond with reasonable fees and expenses in this connection.

In any case where the date of maturity of interest on or any principal installment of the Bond or the date fixed for redemption of any principal installment or installments of the Bond shall be in the city where the principal office of the Bank is located, a Saturday, a Sunday or a legal holiday or a day on which banking institutions are authorized or required by law or executive order to close, then the payment of principal installments or interest need not be made on such date but may be made on the next succeeding business day with the same force and effect as if made on the date of maturity or the date fixed for redemption, but interest on the Bond shall accrue until paid.

With respect to Section 103(c) of the Code, the Company has made certain covenants with the Issuer in Section 3.6 of the Agreement, and the Company will make certain certifications and representations with respect to Section 103(c) of the Code on the date of delivery of the Bond which the Issuer shall accept and adopt, and the Issuer, acting in reliance on such covenants, certifications and representations, hereby covenants with the Bank that so long as any principal installment of the Bond remains unpaid, the governing body of the Issuer will not take or authorize the taking of any action which will cause the Bond to be classified as an "arbitrage bond" within the meaning of Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Treas. Reg. 1.103-13 and 1.103-14 as the same presently exist, or may from time to time hereafter be amended, supplemented or revised.

No delay or omission to exercise any right, power or remedy accruing upon any event of default hereunder shall impair any such right, power or remedy or shall be construed to be a waiver of any such event of default or acquiescence therein; and every such right, power or remedy may be exercised from time to time as often as may be deemed expedient.

All moneys received pursuant to any right given or action taken under the provisions of this Section or under the provisions of Article VI of the Agreement (after payments of the costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Company or the Bank acting on its own behalf as the owner of the Bond or on behalf of any other owner of the Bond), and all moneys in the Construction Fund (or such lesser amount as the Depository shall determine) at the time of the occurrence of an event of default hereunder shall be deposited in the Bond Fund and all such moneys in the Bond Fund shall be applied to the payment of the principal and interest (or, as to interest, accrued) due and unpaid upon the Bond to the person entitled thereto.

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times, and from time to time, as the Depository shall determine, but in any event within five business days after deposit of such moneys in the Bond Fund. The Depository shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the owner of any Bond until such Bond shall be presented to the Depository for appropriate endorsement or for cancellation if fully paid.

Whenever all principal installments of and interest on the Bond have been paid under the provisions of this Section and all expenses of the Bank, the Depository and the Issuer have been paid, any balance remaining in the Bond Fund shall be paid to the Company pursuant to Section 9.4 of the Agreement.

2. The Company, for performance of its work, may bill the Road Authority monthly for the Road Authority's share of the actual costs and expenses incurred. These progressive invoices may be rendered on the basis of the estimated percentage of the work completed. After the Federal, State or Road Authority representatives have audited the expenses as incurred, by the Company, and final inspection of the installation has been made, the Road Authority shall reimburse the Company for the retained percentage and the suspended items of expense less the deductions of any item (or items) or expense found by Federal, State or Road Authority representatives as not being eligible for reimbursement.

4. All work herein provided to be done by the Road Authority or its contractor or contractors on the right of way or upon, over, under and across the railroad tracks of the Company shall be done in a manner satisfactory to the Company and shall be performed at such time and in such manner as not to interfere unnecessarily with the movement of trains or traffic upon the tracks of the Company. The Road Authority shall require its contractor or contractors to use all care and precaution necessary to avoid accident, damage or interference to the Company's tracks or to the trains or traffic using its tracks, and to notify the Company a sufficient time in advance whenever the contractor is about to perform work adjacent to the tracks to enable the Company to arrange for, or furnish flagging and such other protective service as might be necessary to insure safety of railroad operations, and the Company shall have the right to furnish all such flagging or protective service as in its judgment is necessary, and the Road Authority or its contractor or contractors shall reimburse the Company for the cost thereof. Wherever safeguarding of trains or traffic of the Company is mentioned in this agreement, it is intended to cover all users of the Company's track having permission for such use.

Congratulations Extended to Mr. John A. Corneliuson,
Mr. Edward Murphy and the Chicago Police Department
for Determined Investigative Efforts of
Fraudulent Snow Removal Vendors.

A proposed resolution reading as follows:

WHEREAS, Heavy snowstorms during the winter of 1978/1979 caused the City of Chicago to react by employing emergency measures to remove the fallen snow, City contracts were let to private firms for snow removal and checks were written in payment for their services. During this period, the suspicions of Mr. John A. Corneliuson, Vice President of the Citizens National Bank of Chicago, were aroused when a person attempted to cash a large City of Chicago check. An inquiry was made in an attempt to verify the check bearer's identification. The Chicago Police Department was notified regarding the incident and cooperation was received from Mr. Edward Murphy of the Department of Streets and Sanitation; and

WHEREAS, Commander William Murphy, Lieutenant Francis Lueken No. 202, Sergeant John A. Ward No. 724, Detective Kenneth Burt No. 9664, Detective Lawrence Culbertson No. 6097, Detective John Gahich No. 10421, Detective Thomas Ghee No. 6111, Detective Richard Lis No. 6262, Detective Frank Pelnar No. 7596, and Technician Maureen Casey acting under the suspicion that the check had been stolen from an out-of-town snow removal vendor, initiated a criminal investigation which soon revealed that the snow removal firm was non-existent; and

WHEREAS, Painstaking investigation of over 20 million dollars in snow removal bills disclosed that a large number of companies were likely to be fraudulent vendors. Ultimately, twenty-seven major cases were developed, totaling almost six million dollars in fraud; and

WHEREAS, As a result of this investigation, the City government became aware of the ease with which fraudulent vendors and dishonest City employees had been able to defraud our City and Federal disaster assistance administration of millions of dollars; and

WHEREAS, Twelve defendants, including two former members of the City of Chicago Snow Command, have been found guilty and five remain under indictment and are awaiting trial in State and Federal courts; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago, gathered here this 15th day of September, 1982, do hereby with pride and gratitude recognize the courage of Mr. Corneliuson and Mr. Murphy in bringing this case to the attention of the Chicago Police Department. We also recognize the outstanding police investigative expertise which has brought great credit to the citizens of the City of Chicago; and

Be It Further Resolved, That suitable copies of this resolution be presented to each of the persons honored.
