The Committee on Health submitted the following report:

CHICAGO, March 9, 1988.

To the President and Members of the City Council:

Your Committee on Health, Alcoholism and Substance Abuse, having had under consideration an ordinance to prohibit smoking in public places except in designated areas and to regulate smoking in places of employment begs leave to recommend that Your Honorable Body pass the said proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by the majority of the members of the committee present, with no dissenting vote.

Respectfully submitted,
(Signed) ALLAN STREETER,
Chairman.

Alderman Figueroa moved to substitute the following proposed ordinance:

WHEREAS, Reliable studies have found that tobacco smoke is a major contributor to indoor air pollution and that breathing second-hand smoke can cause lung cancer and other diseases in healthy nonsmokers; and

WHEREAS, Nonsmokers can suffer allergies, respiratory disease and other illness due to breathing second-hand smoke and may experience a loss of job productivity or may be forced to take periodic sick leave because of such adverse reactions; and

WHEREAS, Numerous polls have shown that a majority of both nonsmokers and smokers desire to have restrictions on smoking in enclosed public areas and in places of employment; and

WHEREAS, By enacting this ordinance, the City Council has sought to balance the needs of persons who smoke and the needs of nonsmokers to breathe smoke-free air, and the legislature recognizes that where these needs conflict, the need to breathe smoke-free air should take priority; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Chapter 192 of the Municipal Code of Chicago is hereby amended by adding thereto new Sections 192-20 through 192-20.6 to read as follows:

192-20. Title and Purpose. This section shall be known and may be cited as the "Clean Indoor Air Ordinance," and shall be liberally construed and applied to promote its purpose and policies. It is the purpose of this section and the policy of the City to provide smoke-free areas in enclosed public places and to regulate smoking in places of employment.

192-20.1. Definitions. Whenever used in Sections 192-20 through 192-20.6, the following words and phrases shall have the following meanings:

"Bar" means an enclosed area which is devoted to the serving of alcoholic beverages for consumption on the premises and in which the serving of food is only incidental to the consumption of such beverages. Although a restaurant may contain a bar, the term "bar" shall not include the restaurant dining area.

"Dining Area" means any enclosed area containing a counter or tables upon which meals are served.

"Employee" means any person who is employed by any employer in consideration for direct or indirect monetary wages or profit, and any person who volunteers his or her services for a not-for-profit entity.

"Employer" means any person, partnership, corporation, including a municipal corporation, or non-profit entity who employs the services of one or more persons.

"Enclosed Area" means all space between a floor and ceiling which is surrounded on all sides by walls or windows with appropriate openings for ingress and egress and is not intended to mean areas commonly described as public lobbies.

"Place of Employment" means any enclosed area under the control of a public or private employer which employees normally frequent during the course of employment including, but not limited to work areas, employee lounges, cafeterias, restrooms and conference rooms. A private residence is not a "place of employment" unless it is used as a child care or health care facility.

"Public Place" means any enclosed area to which the public is invited. For the purpose of this section, a hospital is a public place.

"Restaurant" means any coffee shop, cafeteria, luncheonette, sandwich shop, private or public school cafeteria or eating establishment, and any other eating establishment, organization or club which gives or offers for sale food to the public, guests, patrons or employees.

"Service Line" means any indoor line at which one or more persons are waiting for or receiving services of any kind, whether or not such service involves the exchange of money.

"Smoking" means inhaling, exhaling, burning or carrying any lighted cigar, pipe or cigarette.

192-20.2. Smoking in Public Places. Smoking shall be prohibited in all public places except in designated smoking areas.

When establishing a designated smoking area, the person establishing such area shall utilize existing physical barriers, ventilation systems, and other physical elements of the premises to minimize the intrusion of smoke into areas where smoking is not permitted.

(a) In all waiting areas of airport terminals, train stations and bus depots, the area where smoking is prohibited must include either (i) a contiguous area of at least 50% of the total seating capacity of the facility or (ii) a separate waiting room for nonsmokers, so

long as the room designated for nonsmokers contains at least 50% of the total seating capacity of the waiting area.

(b) Any owner, operator, manager or other person in control of an enclosed public place may declare that entire facility as a nonsmoking area.

(c) Smoking is prohibited in all areas of the following public places:

- 1) Public Restrooms;*
- 2) Polling Places;*
- 3) Service Lines;*
- 4) Public Meeting and Public Assembly Rooms;*
- 5) Taxicabs.*

(d) Notwithstanding any other provision of this section, the following areas shall not be subject to the smoking restrictions of this section:

- 1) Bars;*
- 2) Private residences;*
- 3) Restaurants, hotel and motel conference or meeting rooms and public and private banquet or assembly rooms while these places are being used for private functions.*

However, any owner, operator, manager or other person who controls any establishment described in this subsection may designate the entire establishment, or any portion thereof, as a nonsmoking area.

192-20.3. Regulation of Smoking in Places of Employment. Employers shall provide smoke-free areas for nonsmoking employees within existing facilities to the maximum extent practicable, but employers are not required to make physical modifications in providing these areas.

192-20.3(a). Each employee shall be able to designate his or her own work area as a nonsmoking area and to post the same with an appropriate sign to be provided by the employer. If, due to the proximity of smokers, size of the work area, poor ventilation or other factors, such designation does not reduce the effects of smoke to the satisfaction of the employee, the employer shall make additional accommodation by assigning the employee to a different but comparable work area, expanding the size of the work area subject to the

prohibition against smoking or implementing other measures reasonably calculated to minimize or eliminate the effects of smoke on the employee.

192-20.3(b). Every employer shall adopt a smoking policy which shall be communicated to all employees. All employers shall supply a written copy of the smoking policy upon request to any existing or prospective employee. In any dispute arising under the smoking policy, the health concerns of the nonsmoker shall be given priority.

192-20.3(d). No employer shall discharge, refuse to hire, or in any manner retaliate against any employee or applicant for employment because such employee or applicant exercises any rights afforded by this section.

192-20.4. Signs. Signs indicating "Smoking Permitted" shall be posted in all designated smoking areas located in places of employment and enclosed public places.

192-20.5. Violation and Penalties.

192-20.5(a). It shall be unlawful for any person who owns, operates, or otherwise controls any premises or facility subject to regulation under this ordinance to fail to comply with any of the requirements of Sections 192-20 through 192-20.4.

192-20.5(b). It shall be unlawful for any person to smoke in any area designated pursuant to Sections 192-20 through 192-20.4 as a nonsmoking area.

192-20.5(c). Any person who violates any provision of Sections 192-20 through 192-20.4 shall be subject to a fine not less than twenty-five dollars (\$25) and not more than one hundred dollars (\$100.00).

192-20.5(d). This section shall not be interpreted or construed to permit smoking where it is otherwise restricted or prohibited by any other applicable ordinance or statute.

192-20.6. Severability. If any provision, clause, sentence or paragraph of Sections 192-20 through 192-20.5 or the application thereof shall be held invalid by a court of competent jurisdiction, such invalidity shall not affect the other provisions of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are declared to be severable.

WHEREAS, Financial manipulators are mounting abusive takeover attacks on American corporations at a record pace; and

WHEREAS, Loss of jobs and economic dislocation caused by such takeovers have adversely affected San Francisco and other Bay Area communities; and

WHEREAS, Such abusive takeovers do not add to the wealth of the nation but merely enrich bankers, lawyers and other manipulators; and

WHEREAS, The companies that survive leveraged takeover attempts are so weakened by debt burden and asset sales that they can no longer compete effectively in world markets nor continue to contribute meaningfully to the welfare of their employees or communities; and

WHEREAS, A new national grassroots coalition has called on state and local officials, businesses and consumers to unite against these greedy raiders whose tactics threaten the American free market economy; and

WHEREAS, This coalition will seek enactment of federal reform legislation that:

--First and foremost affirms the traditional role of states in governing their corporate citizens; and

--Requires earlier disclosure of acquisition of a significant stake in a company; and

--Puts teeth into penalties for reporting violations; and

--Tightens control over secret practices by investor groups; and

--Restricts manipulative tender offers that coerce small investors into selling at a low price; and

--Lengthens tender offer periods to give shareholders adequate time to make sound decisions;

--And compels manipulators, who threaten to take over a company and then don't, to return any short-term profits generated from trading in its stock or "greemail"; and

WHEREAS, The national co-chair of the Coalition to Stop the Raid on America is former Housing and Urban Development Secretary Moon Landrieu, who was twice mayor of New Orleans and a past president of the U.S. Conference of Mayors; and the California State co-chair of the coalition is Carol Ruth Silver, member of the San Francisco Board of Supervisors and chair of the Task Force for San Francisco Jobs and Businesses (formerly the Task Force to Retain Bank America Corporation in San Francisco); now, therefore,

Be It Resolved, That the Acting Mayor and the members of the City Council of the City of Chicago do hereby endorse the Coalition to Stop the Raid on America; and

Be It Further Resolved, That copies of this resolution be distributed to all members of the Illinois congressional delegation and state legislators.

DESIGNATION OF APRIL, 1988 AS "NATIONAL AMNESTY
AWARENESS MONTH IN CHICAGO".

A proposed resolution, presented by Aldermen Pucinski, Gutierrez, Soliz, Sheahan, Streeter and Figueroa, reading as follows:

WHEREAS, A year ago the President signed into law the most sweeping immigration reform in more than three decades. Among the provisions of the new law was a generous legalization or "amnesty" provision that allows persons who are unlawfully in the United States to become legal residents if they meet certain requirements. In general, they must have lived here continuously with only brief absences since prior to 1982, and they must have been contributing members of our society and free from serious criminal violations of our laws; and

WHEREAS, More than one and one-quarter million persons have already come forward to accept this one-time amnesty provision in the immigration laws. They are made up of nearly every nationality, from Hispanic and Asian to Polish and English. By their actions in this country over the past six years they have demonstrated that they deserve the privilege of remaining here in a fully legal status . . . without having to live in an underground society fearing discovery of their unlawful existence in this great nation; and

WHEREAS, Like other immigrants who have come through normal, lawful channels, they have shown a great willingness to work and contribute to our nation, while sharing in our economic well-being; and

WHEREAS, The time to make such application will end for most people on May 4, 1988. There may still be those who for one reason or another have not taken advantage of this one time opportunity and if they do not do so soon will be left behind while their brother and sister immigrants enjoy living in the daylight of liberty; now, therefore,

Be It Resolved, That all Americans do whatever is in their power to remind their neighbors, friends, co-workers and others who may be living outside our immigration laws but are eligible for legal residence that the time is growing short for them to come forward and join us as recognized members of our nation and our society; and

Be It Further Resolved, That we, the Acting Mayor and members of the City Council, hereby proclaim April, 1988 as National Amnesty Awareness Month and call upon the people of Chicago to observe this month with appropriate ceremonies and activities and to pursue in the course of their regular activities the spirit of welcome and to urge those who may be eligible for amnesty to start the process without further delay.
