*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. That the Mayor, subject to attestation by the City Clerk, approval by the Commissioner of Aviation and the City Comptroller, and by the Corporation Counsel as to form and legality, is authorized to enter into, on behalf of the City of Chicago, a lease of hangar facilities with Midway Airlines, Incorporated at Chicago Midway Airport, said agreement to be in substantially the following form:

[Hangar Facilities Lease immediately follows Section 2  
of this ordinance.]

SECTION 2. This ordinance shall be in full force and effect from and after its passage.

Hangar Facilities Lease attached to this ordinance reads as follows:

*Hangar Facilities Lease*

*With Midway Airlines, Incorporated*

*For Certain Premises*

*At Chicago Midway Airport.*

This Lease made and entered into as of this 19th day of January, 1990, by and between the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as "City"), and Midway Airlines, Incorporated, a corporation organized and existing under and by virtue of the laws of the State of Delaware (hereinafter referred to as "Airline").

*Witnesseth:*

Whereas, City owns and operates the airport known as Chicago Midway Airport (a plat of said airport being attached hereto as Exhibit A and by this reference made a part hereof) situated in the County of Cook, State of Illinois (hereinafter, together with any additions thereto or enlargements thereof, referred to as the "Airport"), with the power to lease premises and facilities and to grant rights and privileges with respect thereto, all as hereinafter provided; and

Whereas, Airline is engaged in the business of air transportation and desires to lease hangar and other facilities at the Airport and to obtain certain rights and privileges with respect thereto, all as hereinafter provided; and

Whereas, City is willing to lease such space and to grant rights and privileges with respect thereto to Airline upon the terms and conditions hereinafter provided;

Now, Therefore, For and in consideration of the premises (which are incorporated into the body of this Lease as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and other valuable considerations, the parties hereto covenant and agree as follows:

1. Effective January 19, 1990, Airline is hereby authorized to use and occupy the East Bay of the double hangar located at Chicago Midway Airport, 5245 West 55th Street, Chicago, Illinois, consisting of approximately 48,000 square feet (the "Premises"). This Lease shall supersede all prior agreements pertaining to the Premises. Such use and occupancy of the Premises shall include rights of ingress thereto and egress therefrom over public areas at the Airport for Airline's aircraft and other vehicles and its employees, agents and independent contractors. All rights of use and occupancy granted to Airline by this Lease shall terminate thirty (30) days from the effective date hereinabove. Provided that the parties agree, the Commissioner of Aviation is authorized to extend this Lease for five (5) additional thirty (30) day periods under the same terms and conditions. All requests by Airline to extend this Lease beyond the then current thirty (30) day period must be in writing and must be made before the then current thirty (30) day period expires. All responses to such requests by the Commissioner of Aviation must also be in writing. This Lease may also be terminated during the term hereof as provided in Sections 6 and 8 hereof.

2. At the time of execution of this Lease, Airline shall pay to the City as rent the sum certain of Fifteen Thousand and no/100 Dollars (\$15,000.00) less any amount of \$15,000.00 prepaid by Airline for the period January 19, 1990 through February 4, 1990 under the lease passed by the City Council on October 4, 1989. Rent for any additional thirty (30) day period beyond February 19, 1990 shall be Fifteen Thousand and no/100 Dollars (\$15,000.00) per period. Payment shall be due and payable at the time the extension is granted. In addition, Airline shall produce an insurance policy or binder referenced in Section 5 hereof. The payment of this rent shall be made to the City of Chicago at the Office of the City Comptroller, Room 501, City Hall, Chicago, Illinois 60602 on the effective date hereof. Payment for the extension periods will be at the same rate and due upon City's granting of each extension.

Airline shall pay, in addition to the rents above specified, all water rates, electricity and utilities of any kind, taxes and assessments, general and special, lawfully levied or assessed upon the Premises, or any part thereof, or upon any buildings or improvements at any time situated thereon, or lawfully levied or assessed upon the leasehold interest created hereby, during the term of this Lease.

3. (a) Airline's use and occupancy of the Premises shall in all respects be subject to the express terms and provisions of this Lease and shall include the following:

- (i) the repair, maintenance, conditioning, testing, parking, moving and storage of aircraft and other equipment operated by Airline;
- (ii) the servicing of aircraft operated by Airline and other equipment operated by Airline with gasoline, oil, greases, lubricants and other fuels or propellants, and other supplies and materials;
- (iii) the training of personnel in Airline's employ or under its direction;
- (iv) the maintenance and operation of the Premises, and the carrying on of activities reasonably necessary in connection with all of the foregoing; and
- (v) the installation of portable toilet facilities, and an office trailer for temporary accommodation of Airline's employees, agents and independent contractors;

provided, however, that the foregoing shall not be construed to permit the conduct by Airline of any business at the Premises other than the operation of an air transportation system and activities incidental thereto.

(b) Airline's use and occupancy of the Premises shall be subject to, and Airline agrees to comply with, and obtain any and all permits necessary to comply with, all lawful rules and regulations promulgated by the City governing the conduct and operation of the Airport which are now in existence or may be promulgated from time to time by the Commissioner of Aviation for the City, and with all applicable federal, state and local laws, codes, regulations, ordinances, rules and orders.

(c) Airline shall illuminate the apron in front of the hangar building on the Premises with floodlights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of each building on the Premises and on the highest point of each smokestack, pole, aerial and antenna on the Premises. The obstruction light fixtures shall be of a dual type and the lights shall be kept burning at Airline's expense from dusk to dawn and during periods of restricted visibility.

(d) Airline shall keep the Premises and the buildings, improvements and facilities constructed thereon free and clear of any and all liens in any way arising out of the construction, improvement or use thereof by Airline, provided, however, that Airline may in good faith contest the validity of any lien. In the event of the filing of any lien against the Premises as a result of any act of Airline, Airline shall promptly provide City with evidence satisfactory to City that such contest shall prevent the perfection of any such lien and shall escrow with City any amounts necessary to satisfy any contested lien.

(e) Airline shall allow City, its officers, agents or employees, free access to the Premises for the purpose of examining the same to ascertain if Airline is performing its obligations hereunder with respect thereto.

(f) Airline, in performing under this Lease, shall not discriminate against any worker, employee or applicant, or any member of the public, based on race, creed, color, religion, age, sex, national origin, handicap or disability, ancestry, marital status, parental status, sexual orientation, source of income, or military discharge. Airline agrees that it will comply with all federal, state and local laws which prohibit discrimination, including but not limited to, the aforementioned forms of discrimination.

Airline further agrees that it will not commit an unfair employment practice.

(g) Airline agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Airline further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors, and all labor organizations which furnish skilled, unskilled, and craft union skilled labor, or which may perform any such labor or services in connection with this Lease.

(h) Airline will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to race, creed, color, religion, age, sex, national origin, handicap or disability, ancestry, marital status, parental status, sexual orientation, source of income, or military discharge. Airline agrees that it will comply with all federal, state and local laws which prohibit discrimination, including but not limited to, the aforementioned forms of discrimination. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

(i) Attention is called to Executive Order 11246, 3 C.F.R. 339 (1964 -- 1965), as modified by Executive Order 11375, 3 C.F.R. 320 (1967); The Civil Rights Act, 42 U.S.C. 2000d, (1964); The Age Discrimination Act, 42 U.S.C. 1601 -- 1602 inclusive, (1975); Discrimination In Public Contract Acts, Ill. Rev. Stat. Ch. 29, Secs. 17-24 (1987); The Human Rights Act, Pub. A. No. 81-1216, Ill. Rev. Stat. Ch. 68, Secs. 2-105, 5-101 -- 5-103, inclusive (1987); Municipal Code of Chicago Ch. 199 "Human Rights", Council Journal Proceedings pages 23526 -- 23536 (December 21, 1988); Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor 41 C.F.R. 60-1 (July 1, 1988).

(j) Airline shall execute an "Anti-Apartheid Certification" as required by Sections 26-26.1 to 26-27 of the Municipal Code of the City of Chicago.

(k) Airline agrees that it shall, in the course of performing its services and responsibilities hereunder, comply with the terms and conditions of Executive Order 89-7 of the City of Chicago.

4. (a) It is hereby understood and agreed by Airline that the City is making the Premises available to Airline pursuant to this Lease in "as-is-where-is" condition, there being no warranties, express or implied, with respect to the condition of the Premises, or its suitability for any particular purpose or use. During the term of this Lease, Airline shall be responsible for and shall perform, or cause to be performed all normal housecleaning and maintenance of the Premises including, without limiting the generality hereof, repair of any damage caused by Airline, its employees, agents and invitees in connection with its use and occupancy of the Premises, but excluding major repairs required by water infusion resulting from preexisting defects in the roof or walls of the Premises. Airline shall keep all fixtures, equipment and personal property located in or about the Premises in clean and orderly condition and appearance.

(b) Airline understands, and accepts without prejudice, the fact that the City currently conducts, and intends to continue to conduct, airport maintenance vehicle operations and related functions on the west side of the West Bay of the aircraft hangar facility which area is contiguous to the Premises. Airline agrees not to hold the City liable for damage or injury which may occur to Airline, its employees, agents or assigns, as a result of the aforesaid City operations except for damage or injury caused by the willful misconduct and/or gross negligence of the City, its employees and agents or assigns.

5. Airline shall indemnify, defend and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, be claimed or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of the Premises, including acts of its agents, contractors and subcontractors, provided that the City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against the City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount. Airline shall also maintain, or cause to be maintained, at its own expense, insurance with respect to its property and business against such contingencies (including but not limited to public liability) in the following amounts: minimum liability of \$50,000,000.00, minimum automobile liability of \$5,000,000.00, all-risk property insurance for any and all real and personal property, and as to the hangar, all-risk coverage at full replacement cost. All insurance coverages shall name the City as the insured, and Airline shall furnish to City certificates evidencing such insurance for approval by the City Comptroller of the City and Commissioner of Aviation of the City. In addition, Airline shall provide evidence of all other insurances as the City may require.

6. Should any building or improvements located on the Premises or constructed or installed by Airline on the Premises, pursuant to any right granted to Airline, be damaged or destroyed, City may determine, in its sole discretion, using the insurance proceeds, to repair or rebuild the building. If City elects to repair or rebuild the building and the insurance proceeds are insufficient, due solely to Airline's failure to maintain insurance required by this Lease, Airline shall provide funds for the repair or rebuilding. If the City elects not to repair or rebuild the building, City may give notice,

as provided in Section 11, of termination of all of the rights and obligations established under this Lease.

7. Airline shall not sublet or assign any rights granted to it under this Lease to any other person or organization.

8. City may terminate this Lease by giving Airline five (5) days written notice upon the default by Airline in the performance of any covenant or agreement herein, or in any other agreement between City and Airline.

9. If Airline abandons the Premises, or if this Lease is terminated, Airline's right to the possession of the Premises shall terminate, with or without any further notice or demand whatsoever. In such event, Airline shall surrender possession of the Premises immediately in good condition, normal wear and tear excepted, and City shall have the right to enter into and upon the Premises, or any part thereof, to take possession thereof, as against Airline and any other person claiming through it and to expel and remove Airline and any other person claiming through it who may be occupying the Premises. City may use such force in so expelling and removing Airline and said other person as may reasonably be necessary, and such repossession shall not cause forfeiture of rent due hereunder, nor a waiver of any covenant, agreement or promise herein contained to be performed by Airline. No holdover by Airline shall imply any extension of this Lease or any waiver of any right or remedy of the City.

10. Airline shall be entitled during the term of this Lease to remove from the Premises, or any part thereof, all aircraft, trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Lease, subject, however, to any valid lien which City may have thereon for unpaid fees or other amounts, payable by Airline to City hereunder or under any other agreement between City and Airline relating to the Airport or any part thereof, and provided that Airline shall repair all damage resulting from such removal.

11. All notices to City provided for herein shall be in writing and may be sent by registered or certified mail, postage prepaid, addressed to the Commissioner of Aviation of the City of Chicago, 20 North Clark Street, Suite 3000, Chicago, Illinois 60602-4194, or to such other address as City may designate from time to time by notice to Airline, and shall be deemed given when so mailed. This recommendation was concurred in by seven members of the committee with four dissenting votes.

Respectfully submitted,

(Signed) PATRICK M. HUELS,  
*Chairman.*

The following is said proposed substitute ordinance, as amended, transmitted with the foregoing committee report:

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. Chapter 28, Sections 28-1, 28-4, 28-5.2, 28-6, 28-7, 28-14, 28-15.1, 28-22.1, 28-30 and 28-31.2 of the Municipal Code of Chicago are hereby amended by deleting the language contained in brackets and adding the language in italics, as follows:

28-1. Whenever used in this ordinance:

(a) the word "affiliation" means an association of public passenger vehicle license holders organized and incorporated for the purpose of providing its members with a Chicago business address, telephone number registered to the affiliation, color scheme where applicable, a trade name or emblem where applicable, a *two-way radio dispatch system*, insurance and *the* designation of an authorized registered agent. Members of an affiliation shall be known as "affiliates";

\* \* \*

(u) the word "taximeter" means any mechanical or electronic device which records and indicates a charge or fare measured by distance traveled, waiting time and extra passengers [.];

(v) *the words "two-way radio dispatch system" mean a method of radio communication by which a dispatcher may communicate with the drivers of all vehicles in the organization. With respect to an unaffiliated licensee, the term "organization" refers to the licensee and all vehicles for which a license is owned or controlled by him; with respect to an affiliation, the term "organization" refers to the affiliation and all its affiliate's vehicles. A two-way radio dispatch system shall have the capability of permitting the dispatcher to communicate with the drivers of all vehicles in the organization simultaneously for the purpose of providing service to customers and for driver safety. In the case of an individual licensee who is not a member of an affiliation and who holds no more than one taxicab license, a "two-way radio dispatch system" may consist of any two-way radio communication device which permits direct customer communication with the driver of the vehicle, including a telephonic device.*

28-4. No vehicle shall be licensed as a public passenger vehicle until it has been inspected under the direction of the Commissioner and found to be in safe operating condition, *to have all equipment as required by this chapter*, and to have adequate body and seating facilities which are clean and in good repair for the comfort and convenience of passengers. All public passenger vehicles are subject to annual inspection except that taxicabs must be submitted for inspection semi-annually.

*If any licensee fails to appear and make his vehicle available for inspection after receiving a notification from the Commissioner to do so, the Commissioner shall suspend the licensee's public passenger vehicle license for a period of 2 days. If the licensee again fails to so appear, the Commissioner shall suspend his license until the vehicle has passed an inspection pursuant to this section.*

28-5.2.(a)

\* \* \*

(b) No applicant shall be eligible for a public passenger vehicle license if any Chicago public passenger vehicle license he has held within the previous five years was revoked, or if the applicant, or any officer or director of a corporate applicant, within the five years immediately preceding the date of his application, has been *either convicted, or in custody, under parole or under any other non-custodial supervision resulting from a conviction* in a court of any jurisdiction for the commission of any felony as defined by Article 2 of the Illinois Criminal Code of 1961.

*If the Commissioner has knowledge that a licensee has been charged with the commission of a forcible felony, as defined in Article 2 of the Illinois Criminal Code of 1961, arising in connection with the provision of public passenger vehicle services, the Commissioner shall suspend the public passenger vehicle license of the licensee until final adjudication is made with respect to such charges.*

\* \* \*

28-6. Upon receipt of an application for a public passenger vehicle license the Commissioner shall, and in the case of an application for license renewal, upon good cause shown, the Commissioner may cause an investigation to be made of: (1) the character and reputation of the applicant as a law abiding citizen; and (2) the financial ability of the applicant to render safe and comfortable transportation service, to maintain or replace the equipment for such service and to pay all judgments and awards which may be rendered for any cause arising out of the operation of a public passenger vehicle during the license period. If the Commissioner shall find that the application, and all other statements and documents required to be filed with the application have been properly executed, and that the applicant is qualified to provide the services required of a license holder, the Commissioner shall issue to him [and] in his name a license for each public passenger vehicle applied for, [to terminate on the 31st day of December following the date of issue,] provided that each such vehicle is in safe and proper condition at the time the license is issued; and further provided that the vehicle is either registered in applicant's name or, in the case of a leased vehicle, that the applicant has provided the Commissioner with a copy of the lease, in a form acceptable to the Commissioner, which lease must be of a minimum of one year's duration with an expiration date of December 31st and must include an acknowledgment by the lessor/owner of the vehicle that he has given his consent for the vehicle to be used as the type of public passenger vehicle for which a license is sought.

*All licenses issued pursuant to this chapter shall expire on December 31 following the date of issue unless they are renewed within the period specified in this section. Application for renewal of any license issued pursuant to this chapter shall be made no later than the last day of February of the year for which the license is to be renewed.*

28-7. The annual fee for each public passenger vehicle license of the class herein set forth is as follows:

Charter/sightseeing vehicle .....		\$200.00
Livery vehicle .....		200.00
Medical carriers .....		150.00
Taxicab .....	[250.00]	500.00

\*\*\*

28-14. If any public passenger vehicle shall become unsafe for operation or if its body or seating facilities shall be so damaged, deteriorated or unclean as to render [said] the vehicle unfit for public use, the license therefor shall be suspended by the Commissioner until the vehicle shall be made safe for operation and its body shall be repaired and painted and its seating facilities shall be reconditioned or replaced as directed by the Commissioner. In determining whether any public passenger vehicle is unfit for public use the Commissioner shall give consideration to its effect on the health, comfort and convenience of passengers and its public appearance on the streets of the City.

*The Commissioner may suspend the license of and/or impose a fine not exceeding \$500 upon any licensee who violates any of the provisions of this chapter or any rules or regulations adopted pursuant to this chapter. The Commissioner shall promulgate rules and regulations regarding the lengths of suspension and the amounts of fines to be imposed for specific violations. Before any suspension or fine is imposed, the licensee shall be notified of the specific charges against him and of his right to a hearing. Any person who requests a hearing shall be notified of the time, date and place of the hearing not less than 10 days prior to the date of the hearing. The hearing shall be conducted by the Commissioner or his designee in accordance with rules and regulations promulgated by the Commissioner. An order imposing a suspension or a fine may be appealed by the licensee to the Mayor's License Commission.*

Upon suspension of a license *and/or imposition of any fine* for cause under the provisions of this chapter, the license sticker emblem and metal plate shall be removed by the Commissioner from the vehicle and an entry of the suspension *and/or fine* shall be made on the license card. When a *fine is paid* and the suspension, *if any*, is terminated, an entry thereof shall be made on the license card by the Commissioner and a duplicate license sticker shall be furnished by the Commissioner and the Commissioner shall re-affix the metal plate, for a fee of ten dollars. The Commissioner shall notify the department of police of every suspension and termination of suspension.

28-15.1. In the event that the Commissioner, after investigation and hearing, shall determine that any licensee has obtained any public passenger vehicle license by fraud or false representation or wilful misstatement of material fact, or in case any licensee shall fail to carry out any representation made to the Commissioner before the issuance of such license, or shall wilfully make any material misstatement of fact on any statement filed with the Commissioner, or if any licensee[,] shall operate, or cause or suffer to be operated, any public passenger vehicle in violation of the provisions of this

chapter or of the rules and regulations of the Commissioner relating to the administration and enforcement of the provisions of this chapter, or if the licensee shall be convicted of a felony, or in the case of a corporate licensee if any officer or director shall be convicted of a felony, unless the licensee shall sever its relationship with any such officer or director immediately upon his conviction, *or if the licensee has obtained his license pursuant to a foreclosure of a security interest without having provided the Commissioner with the information required under Section 28-19(f)(2)*, the Commissioner shall recommend to the Mayor's License Commission that any or all public passenger vehicle licenses held by the licensee be revoked and the Mayor's License Commission shall revoke the license or licenses.

28-22.1.(b)(1)

\* \* \*

[(2) When the Commissioner shall distribute licenses in accordance with a modified random selection process, he shall accord all timely applicants equal weight in the selection except that the following persons shall be eligible for inclusion in separate groups for distribution of licenses in the order indicated, and within each group, veterans of the United States armed forces who were separated from military service by other than dishonorable discharge shall be granted a weighting preference of 10% as follows:

- A. First preference: all applicants who have held a City of Chicago public chauffeur license for five or more of the seven years preceding the date of application and who own or control no livery or taxicab licenses;
- B. Second preference: all applicants who have held a City of Chicago public chauffeur license for from one to less than five of the seven years preceding the date of application and who own or control no livery or taxicab licenses;

Licenses shall first be distributed by modified random selection to qualified applicants in the first preference group. Then, if any licenses remain available, those shall be distributed in the same manner to qualified applicants in the second preference group. If any licenses remain available after distribution to the first and second preference groups, they shall be distributed in the same manner to qualified applicants in the third preference group.

In any such modified random selection process, no applicant may be awarded more than one license. Only natural persons may claim first or second or veterans preference. Any person who obtains a license in a distribution by modified random selection in which he has claimed any such preference shall be ineligible thereafter to claim such a preference in a subsequent distribution pursuant to this subsection (b)(2).]

(2) *When the Commissioner distributes licenses in accordance with the modified random selection process, he shall accord all timely applicants equal weight in the selection group for which they qualify. The licenses shall be distributed as follows:*

*A. Fifty percent of the licenses available for distribution shall be randomly distributed to qualified applicants in the First Selection Group. The First Selection Group shall consist only of those applicants who, as of the date the application is made, own or control no livery or taxicab licenses and, as of the date the application was made: (i) have held a City of Chicago public chauffeur license for at least 10 of the previous 15 years; or (ii) hold a City of Chicago public chauffeur license and are veterans of the United States Armed Forces, and were separated from military service other than by dishonorable discharge. If the number of licenses allocated for distribution under this paragraph A exceeds the number of qualified applicants in the First Selection Group, the excess licenses shall be distributed with the other licenses distributed pursuant to paragraph B.*

*B. After the distribution for the First Selection Group is made, all remaining licenses available for distribution shall be randomly distributed to qualified applicants in the Second Selection Group. The Second Selection Group shall consist only of (i) those applicants who qualified for the First Selection Group but did not receive a license pursuant to the selection made pursuant to paragraph A; and (ii) applicants who, as of the date the application was made, own or control no livery or taxicab license and have held a City of Chicago public chauffeur license for at least 5 of the previous 7 years.*

*C. If any licenses remain undistributed after distributions to the First and Second Selection Groups have been made, the remaining licenses shall be distributed randomly to qualified applicants in the Third Selection Group. The Third Selection Group shall consist only of those applicants who, as of the date the application was made, own or control no livery or taxicab license and have held a City of Chicago public chauffeur license for at least one year.*

*D. If any licenses remain undistributed after distributions to the First, Second and Third Selection Groups have been made, the remaining licenses shall be distributed randomly to all other qualified applicants.*

*In any such modified random selection process, no applicant may be awarded more than one license. Only natural persons may qualify for the First, Second or Third Selection Group. Any person who has obtained a license pursuant to a modified random selection process conducted under this subsection (b)(2) shall not qualify for the First, Second or Third Selection Group in a subsequent distribution of licenses. If there is an odd number of licenses available for distribution under this subsection (b)(2), the additional license shall be distributed to applicants in the First Selection Group under paragraph A.*

SECTION 2. Chapter 28.1, Section 28.1-3(7) of the Municipal Code of Chicago is hereby amended by adding the language in italics, and Section 28.1-4 of such Code is repealed and replaced with a new Section 28.1-4, as follows:

28.1-3(7). The Commissioner shall provide or cause to be offered on an ongoing basis a course of study covering the subjects required in Section 28.1-32(e) and such additional

subjects as the Commissioner may prescribe for all applicants for public chauffeur licenses. The Commissioner may contract with the City Colleges or, with the approval of the Mayor, with any State approved vocational or technical school to provide the required chauffeur training course of study. *No such course may be offered unless the curriculum for the course has been certified by the Commissioner as being in compliance with this chapter. The certification shall be made annually and may be revoked at any time.* The Commissioner shall approve the tuition to be charged for such course.

*28.1-4. The Commissioner may revoke or suspend the license of and/or impose a fine not exceeding \$500 upon any licensee who violates any traffic law or any of the provisions of this chapter or Chapter 28 or rules or regulations adopted pursuant to this chapter or Chapter 28, and may revoke the license of any person who ceases to be qualified for a license under this chapter. The Commissioner shall promulgate rules and regulations regarding the lengths of suspension and the amounts of fines to be imposed for specific violations. Before any revocation, suspension or fine is imposed, the licensee shall be notified by mail of the specific charges against him and of his right to a hearing. The licensee may request such a hearing by making a written demand for the hearing not more than 10 days after the notification of charges was mailed. Any person who makes a timely request for a hearing shall be notified of the time, date and place of the hearing not less than 5 days prior to the date of the hearing. The hearing shall be conducted by the Commissioner or his designee in accordance with rules and regulations promulgated by the Commissioner. If, after the hearing, or if no timely request is made for a hearing, the Commissioner determines that a violation has occurred, the Commissioner shall enter an order revoking or suspending the license and/or imposing a fine pursuant to the rules and regulations promulgated by the Commissioner. An order imposing a revocation, suspension or fine may be appealed by the licensee to the Mayor's License Commission.*

SECTION 3. This ordinance shall take effect 30 days after its passage and publication.

The following is said proposed substitute ordinance, as amended, transmitted with the foregoing committee report:

WHEREAS, Various individuals and groups have suffered similar acts of prejudice and discrimination because of their race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or lawful source of income; and

WHEREAS, The common experience of such prejudice and discrimination unites its victims, giving them a common interest in eliminating prejudice and discrimination and in securing the rights of all members of society; and

WHEREAS, It is necessary and beneficial to the City of Chicago to establish an agency representative of the entire City, that can address both the common and the unique issues faced by various racial, ethnic, cultural, religious and other identifiable groups; and

WHEREAS, It is beneficial to the City of Chicago to maintain representative advisory councils that can identify with and focus upon the unique concerns faced by various racial, ethnic, cultural, religious and other specified groups; and

WHEREAS, It is desirable to strengthen the enforcement of ordinances designed to eliminate unlawful discrimination based on race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or lawful source of income by providing additional remedies against such unlawful practices; and

WHEREAS, The enforcement of these ordinances can be enhanced further by coordinating the efforts of City agencies and personnel in the area of human relations, in order to avoid duplication of effort and to maximize the use of City resources; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. The Commission on Human Relations existing on the date of introduction of this ordinance is hereby abolished.

SECTION 2. Chapter 21 of the Municipal Code of Chicago is hereby amended by deleting existing Sections 21-49 through 21-52, inclusive, and by inserting new Sections 21-49 through 21-53, as follows:

*21-49. The City Council finds that prejudice and the practice of discrimination against any individual or group because of race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or lawful source of income menace peace and public welfare. The City Council further finds that it is necessary to promote peace and good order and to eliminate such prejudice and discrimination by establishing an agency that will investigate complaints of discrimination, enforce civil rights ordinances, and promote harmony and understanding among various segments of society by gathering information on matters of human relations and providing education and counseling thereon to the various agencies of city government and to interested groups and individuals. The City Council further finds that the function of such an agency can be enhanced by the creation of Advisory Councils on matters of special concern to groups that historically have been the subject of discrimination and bias, and provide a point of contact between such groups and the city government.*

*21-50. A Commission on Human Relations is hereby established. The Commission shall consist of the chairs of the Advisory Councils described in Section 21-51, and 15 additional members appointed by the Mayor with approval of the City Council. One-third of the initial appointees shall be appointed for terms expiring on July 1 of the year following their appointment, one-third shall be appointed for terms expiring on July 1 of the second year following their appointment, and one-third shall be appointed for terms ending on July 1 of the third year following their appointment. Thereafter members shall be appointed for three year terms. The Mayor shall designate one member to serve as chairperson at the pleasure of the Mayor. Members other than the chairperson shall serve without compensation, but may be reimbursed for their reasonable expenses incurred in the performance of their duties. The chairperson shall be compensated and shall appoint such assistants as are provided in the annual appropriation ordinance, and shall be responsible for the day to day operation of the Commission and its staff. A majority of the members of the Commission shall constitute a quorum for the purpose of transacting business.*

*21-51. The following Advisory Councils of the Commission on Human Relations are hereby established:*

- (a) *Advisory Council on Women;*
- (b) *Advisory Council on Latino Affairs;*
- (c) *Advisory Council on Asian Affairs;*
- (d) *Advisory Council on Arab Affairs;*
- (e) *Advisory Council on African Affairs;*
- (f) *Advisory Council on Gay and Lesbian Issues;*
- (g) *Advisory Council on Veterans' Affairs;*
- (h) *Advisory Council on Immigrant and Refugee Affairs.*

*The Mayor shall appoint 21 members to each Advisory Council, subject to approval of the City Council. Of the initial appointments to each Advisory Council, one-third shall be appointed for a term of one year, one-third shall be appointed for terms of two years, and one-third shall be appointed for terms of three years, subject to the following exceptions: the members, as of the effective date of this section, of the Chicago Commission on Women, the Commission on Latino Affairs, the Commission on Asian-American Affairs and the Commission on Arab-American Affairs existing under prior ordinances shall serve as the initial members of the Advisory Council on Women, the Advisory Council on Latino Affairs, the Advisory Council on Asian Affairs and the Advisory Council on Arab Affairs, respectively, for the remainder of their individual terms under prior ordinances; and members, as of the effective date of this section, of the Mayor's Committee on Gay and Lesbian Issues, the Mayor's Advisory Committee on Veterans' Affairs, and the Mayor's Advisory Committee on Refugee and Immigrant Affairs, existing under the prior Commission on Human Relations by mayoral appointment, shall serve as the initial members of the Advisory Council on Gay and Lesbian Issues, the Advisory Council on Veterans' Affairs, and the Advisory Council on Refugee and Immigrant Affairs, for the remainder of their terms under such appointment. Succeeding appointments to these Advisory Councils shall be for terms of three years. The Mayor shall designate a member of each Advisory Council to serve as its chairperson. The chairperson of each Advisory Council shall be a member ex officio of the Commission on Human Relations. The Mayor shall also appoint a director for each Advisory Council. Each director must be a member of the respective Advisory Council's affected community and shall receive such compensation as provided by the annual appropriation ordinance.*

*From time to time the Commission may create additional Advisory Councils on matters of special concern to other racial, ethnic, cultural or social groups that have been or are subjected to discrimination as a result of membership in such a group.*

*Each Advisory Council shall have the following powers and duties, relating specifically to the segment of the population of Chicago described in the Council's name:*

(a) *To assist the Commission on Human Relations in designing educational and enforcement programs for the implementation of the policies embodied in Chapters 198.7B and 199 of the Municipal Code;*

(b) *To act as a liaison between the city government and community organizations, in order to promote cooperation between the government and these organizations and among these organizations in order to enhance services to the population of Chicago;*

(c) *To cooperate, through the Commission on Human Relations, with the other Advisory Councils in the identification of practices and actions having a common discriminatory impact on the Advisory Council's target population and other segments of society, and in the design of programs for the elimination of such practices and actions;*

(d) *To develop a procedure, primarily through solicitation of advice from members of the affected community, for recommending appointments of successor members to their respective Advisory Council to the Mayor;*

(e) *To devise rules of procedure for its meetings, subject to the approval of the Commission on Human Relations.*

*21-52. The Commission shall have the following powers and duties, in addition to those assigned by other provisions of the Municipal Code:*

(a) *to advise and consult with the Mayor and the City Council on all matters involving prejudice or discrimination based on race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income or professional training or education from an accredited institution and recommend such legislative action as it may deem appropriate to effectuate the policy of this ordinance.*

(b) *to cooperate with the Mayor, the City Council, officials, departments and agencies of the city government in securing equality of services to all citizens, and where the need is greater, in meeting that need with additional services.*

(c) *to develop and implement programs to train city employees in methods of dealing with intergroup relations, in order to develop respect for equal rights and to achieve equality of treatment regardless of race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or source of income.*

- (d) *to require the assistance of the various departments and agencies of the city government in identifying and eliminating discriminatory activities. The head of every city department and agency shall provide to the Commission, at its request, information under control of the department or agency and relating to a pending complaint or matter under review by the Commission. Upon receipt of a recommendation from the Commission, the head of every department or agency shall submit to the Commission a written report indicating action on and disposition of the recommendation.*
- (e) *to initiate, receive and investigate complaints of alleged violations of Chapter 199 and Chapter 198.7B of the Municipal Code. A complaint must be filed no later than 180 days after the alleged violation. The person against whom a complaint is made shall be given a copy thereof within 10 days after it is filed, and shall be allowed to be present and offer a defense at any hearing thereon. Any person who files a complaint or against whom a complaint is made may be represented by counsel at any stage of conciliation, investigation or hearing on the complaint. The filing of a complaint pursuant to this section does not bar any person from seeking any other remedy that may be provided by law.*
- (f) *to investigate complaints in order to determine whether there is substantial evidence that a violation of Chapter 199 or Chapter 198.7B has occurred. The investigation shall be completed within 180 days after receipt of the complaint, unless it is impractical to do so within that time. Within 30 days after completion of the investigation, the Commission shall issue a written determination whether there is substantial evidence that a violation has occurred. If the Commission determines that there is not substantial evidence, it shall give written notification of the determination to the charging party and the person against whom the complaint was made. Neither the Commission nor its staff shall disclose, other than at a hearing as provided in subsection (g) any information obtained in the course of investigation or conciliation.*
- (g) *to conduct hearings on complaints under subsection (e) of this section, if the Commission determines that there is substantial evidence that a violation has occurred. Hearings may be conducted by the Commission, a member thereof, or a hearing officer appointed for that purpose. A hearing must be commenced within 90 days after the determination of substantial evidence that a violation has occurred. All testimony shall be under oath, and shall be either recorded or transcribed.*
- (h) *to appoint one or more hearing officers to conduct hearings authorized by subsection (g) of this section.*
- (i) *to expedite proceedings under this section under the following circumstances. The Commission at the request of the complainant may at any time consider a request for expedited proceedings. If the Commission determines that the complainant is likely to die before the termination of the proceedings established in this section, it may order the proceedings*

*expedited. When an order for expedited proceedings is issued, the processing of the complainant's charge by the Commission shall take precedence over all matters except other matters of the same expedited character. Where such order is issued, the Commission, or any hearing officer shall be authorized to shorten any time period, other than the 180 day charge filing period set by this Act or by rule.*

- (j) *to attempt to settle or adjust any complaint by conciliation at any time that the complaint is pending.*
  
- (k) *to issue subpoena for the appearance of witnesses, the production of evidence, or both, in the course of investigations and hearings authorized under this section, if there is reason to believe that a violation has occurred and the testimony of the witness or the documents or items sought by the subpoena are relevant to the investigation. A subpoena shall be served in the same manner as subpoenas issued under the Rules of the Illinois Supreme Court to compel appearance of a deponent, and subject to the same witness and mileage fees fixed by law for such subpoenas. A subpoena issued under this section shall identify the person to whom it is directed and the documents or other items sought thereby, if any, and the date, time and place for the appearance of the witness and production of the documents or other items described in the subpoena. In no event shall the date for examination or production be less than seven days after service of the subpoena. No later than the time for appearance or production required by the subpoena, the person to whom the subpoena is directed may object to the subpoena, in whole or in part. The objection shall be in writing, delivered to the Commission, and shall specify the grounds for the objection. For seven days after receipt of a timely objection to a subpoena, the Commission shall take no action to enforce the subpoena or to initiate prosecution of the person to whom the subpoena is directed. During this seven day period the Commission, or the member or hearing officer conducting the hearing or investigation, shall consider the grounds for the objection and may attempt to resolve the objection through negotiation with the person to whom the subpoena is directed. The seven day period may be extended by the Commission, the member or hearing officer conducting the hearing or investigation, in order to allow completion of any negotiations. The extension shall be in writing addressed to the person to whom the subpoena is directed, and shall specify the date on which the negotiation period will end. Negotiations may include such matters as the scope of the subpoena and the time, place and manner of response thereto. The filing of an objection to a subpoena, and negotiations pursuant to an objection, shall not constitute refusal to comply with the subpoena, or interference with or obstruction of an investigation. Notwithstanding anything to the contrary contained herein, the Commission on Human Relations shall have no power or authority over any member of the City Council, any employee or staff person of any member of the City Council or any employee or staff person of any City Council committee, including, but not limited to the power of subpoena.*

- (1) *to render a decision upon the conclusion of a hearing, or upon receipt of a hearing officer's recommendation at the conclusion of a hearing, including findings of fact relating to the complaint, and to order such relief as may be appropriate under the circumstances determined in the hearing. Relief may include but is not limited to an order: to cease the illegal conduct complained of; to pay actual damages, as reasonably determined by the Commission, for injury or loss suffered by the complainant; to hire, reinstate or upgrade the complainant with or without back pay or provide such fringe benefits as the complainant may have been denied; to admit the complainant to a public accommodation; to extend to the complainant the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of the respondent; to pay to the complainant all or a portion of the costs, including reasonable attorney fees; expert witness fees, witness fees, and duplicating costs, incurred in pursuing the complaint before the Commission or at any stage of judicial review; to take such action as may be necessary to make the individual complainant whole, including, but not limited to, awards of interest on the complainant's actual damages and backpay from the date of the civil rights violation. These remedies shall be cumulative, and in addition to any fines imposed for violation of provisions of Chapter 199 and Chapter 198.7B. If the hearing was conducted by a member of the Commission or by a hearing officer, the member or hearing officer shall submit written recommendations to the Commission, including recommended findings of fact and recommended relief. The Commission may adopt, reject or modify the recommendations, in whole or in part, or may remand for additional hearing on some or all of the issues presented. The Commission shall adopt the findings of fact recommended by a hearing officer or Commission member if the recommended findings are not contrary to the evidence presented at the hearing. Decisions of the Commission shall be in writing, and must be approved by a majority of a quorum of the Commission. Decisions of the Commission shall be subject to review in accordance with applicable law.*

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development attached to this ordinance reads as follows:

*Business Planned Development  
(As Amended)*

*Plan Of Development*

*Statements.*

1. The area delineated herein as a Business Planned Development (the "Planned Development") consists of 45,511.4 square feet of real property (the "Property"), as depicted on the attached property line map and is owned or controlled by the applicant, Madison Plaza II Partnership.
2. This Plan of Development, consisting of seventeen (17) statements; an existing zoning map; a boundary and property line map; a generalized land use map; an existing land use map; a table of use and bulk regulations and related controls; and a Site Plan prepared by Cesar Pelli and Associates dated November 30, 1989 (the "Site Plan") which are on file with the Department of Planning, is applicable

to the area delineated herein. These and no other controls shall apply to that area.

3. The permitted uses in the Planned Development are as follows:

Business and professional offices, retail uses, health club including a pool, broadcast and telecommunications uses including satellite transmitting and receiving dishes which may exceed 8 feet in diameter, public observation deck, public art galleries and museums, day care centers, related uses authorized as permitted uses in the B7-7 district and accessory and non-accessory parking.

4. Business and business identification signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning. Temporary signs such as construction and marketing signs shall be permitted.
5. Any dedication or vacation of streets, alleys or easements or any adjustment of right-of-way shall require a separate submittal on behalf of the applicant or its successors, assignees or grantees and approval by the City Council.
6. The applicant shall obtain all official City reviews, approvals and permits required in connection with this Planned Development.
7. The height restriction of the improvements and any appurtenance attached thereto shall be subject to:
- (1) Height limitations as certified and approved by the Federal Aviation Administration; and
  - (2) Airport Zoning Regulations as established by the Department of Planning, Department of Aviation and Department of Law and approved by the City Council.
8. This Planned Development shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Development Amendments" as promulgated by the Commissioner of the Department of Planning and in effect on the date hereof.
9. The improvements on the Property, including the ground floor of the building and all entrances and exits to the parking areas, authorized by this Planned Development shall be designed and constructed in general conformance with the Site Plan. In addition, the design and construction of the improvements on the Property also shall be subject to the following conditions:

- a) A portion of the ground floor shall be devoted to public purposes (the "Public Areas"). It is intended that the Public Areas will be divided into two areas, an art or cultural display area (the "Cultural Display Space", denoted on the Site Plan as Public Area A) and an interior public space (the "Interior Public Space", denoted on the Site Plan as Public Area B). For purposes of this Planned Development the Cultural Display Space is defined as an area devoted to an exhibition or revolving exhibitions mounted by one of Chicago's major cultural institutions (the "Cultural Institution"). An Interior Public Space is defined, for purposes of this Planned Development, as an area intended and appropriate to provide a weather protected environment within the office building for passive activities that can best be accommodated indoors;
- b) The location of the Public Areas shall be in general conformance with the Site Plan;
- c) The Public Areas shall have a minimum combined total area of approximately 3,200 square feet;
- d) Public Area A shall have a minimum floor to ceiling height of approximately 30 feet. Public Area B shall have a minimum floor to ceiling height of approximately 15 feet;
- e) Public Area A shall be devoted to Cultural Display Space which shall be of museum quality and consistent with the Cultural Institution's cultural mission. The applicant shall make the space to be used by the Cultural Institution available without charge and shall bear all expenses for such exhibitions. The public shall be admitted to the Cultural Display Space free of charge. The applicant shall file with the Department of Planning a copy of the agreement between it and the Cultural Institution prior to the issuance of a certificate of occupancy for the ground floor, which certificate shall be a condition precedent to the opening of the ground floor to the public. If, after its best effort to secure an agreement with a Cultural Institution, the applicant fails to do so, then the applicant shall devote Public Area A to Interior Public Space;
- f) The Public Areas shall be furnished in a manner consistent with their use, as Cultural Display Space or Interior Public Space, as the case may be. The furnishings of the Public Areas may include, without limitation, lighting, landscaping and art or cultural displays. In addition, the Interior Public Space shall include, in all cases, appropriate fixed or movable seating, but need not include seating in excess of 100 lineal feet;
- g) The Public Areas shall be visible from the street to the extent reasonably possible;
- h) The applicant shall physically and visually integrate Public Area A and Public Area B. For purposes of this Planned Development, physical integration means appropriate means for pedestrian circulation between the two areas. It

is understood that physical and visual integration may be accomplished through the use of glass doors between Public Area A and Public Area B;

i) Public Area B may be physically separated from the circulation area of the building's ground floor immediately to its west only if such separation is reasonably necessary to satisfy mechanical concerns. If such separation is reasonably necessary, it shall be accomplished through the use of walls at least 50% of which shall be made of glass or other similarly transparent material. In addition, the Public Areas shall be unobstructed except by columns, other elements or items which are consistent with the nature of the space;

j) That portion of the second level of the building, generally located above Public Area B (the "Mezzanine Level Space"), shall be devoted to a restaurant use or such other use which is consistent with the nature of the Public Areas as herein defined. The Mezzanine Level Space shall be physically and visually integrated with the Public Areas. It is understood that physical integration may be accomplished through the use of elevators or stairs reasonably accessible from the Public Areas;

k) The Public Areas shall be opened to the public during all regular business hours. The Public Areas may be closed to the public to the extent and for such period of time as may be reasonably necessary or appropriate to accommodate the construction, maintenance or repair of such space or the building after regular business hours;

l) The use, configuration and operation of the Public Areas, so long as it is consistent with the provisions of this statement, shall be within the applicant's control;

m) The applicant's agreement herein to permit the public use of the Public Areas shall not be construed as permitting any use which interferes with the reasonable operation of the building on the Property or any private use of the Property;

n) The requirements of this statement shall be waived or modified, administratively, by the Commissioner of the Department of Planning to the minimum extent reasonably necessary to enable the applicant to comply with the provisions of the Chicago Building and Fire/Life Safety Codes and, in so complying, to also satisfy the provisions of this statement to the extent possible; and

o) In the event the applicant applies for an amendment to this statement, for any reason, and the Commissioner of the Department of Planning determines such amendment is appropriate, such amendment shall be deemed to be a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. Such amendment may include, without limitation, changes to the size, proportions, use and location of Public Area A and Public Area B.

10. The following minimum setbacks shall apply within this Planned Development:

From grade to + 187.5 feet above grade:

Madison Street: 20 feet

Wells Street: none

Arcade Place: 20 feet

West Property Line: none

From + 187.5 feet above grade to + 763.5 feet above grade:

West Property Line: 72 feet

Above + 1,296.5 feet above grade:

Madison Street: 40 feet

Wells Street: 40 feet

Arcade Place: 50 feet

West Property Line: 80 feet

All setbacks shall be measured from the corresponding property lines as depicted on the Site Plan and may be obstructed by columns or piers supporting a roof or upper stories. Grade shall be deemed to be the level of the Madison Street curb as established on the effective date of this Planned Development. In addition, the elevation at which setbacks occur may be varied by the applicant by up to approximately 40 feet in either direction.

11. The operation of that observation deck permitted by this Planned Development shall be subject to the following conditions:
  - a) The applicant shall take affirmative acts to discourage any private tour or sightseeing buses from stopping to load and unload passengers for the purpose of visiting the building or the observation deck along the frontage of the Property or on the Property. Such affirmative acts shall include contacting bus companies and others in the hospitality industry to alert them to the prohibition against loading and unloading passengers. It shall be the applicant's responsibility to police the area to ensure compliance with this provision;

b) No reservations shall be accepted authorizing groups to visit the observation deck prior to 6:30 P.M., except on weekends and holidays;

c) The applicant shall obtain a certificate of occupancy specifically for the observation deck, which certificate shall be a condition precedent to the opening of the observation deck. A copy of that certificate shall be filed with the Department of Planning;

d) An observation deck shall be a permitted use within this Planned Development during the life of the Planned Development or the life of the building authorized hereunder. It is contemplated that the observation deck will not be located below +1,296.5 feet above grade. During the period between the issuance of the certificate of occupancy for the observation deck and the second anniversary of that certificate's issuance, the Department of Planning jointly with the Department of Public Works, Bureau of Traffic Engineering and Operations may review the operation of the observation deck with regard to its impact on pedestrian and vehicular traffic on those portions of the public right-of-way immediately adjacent to the Property and recommend reasonable operational modifications thereof. Additionally, the Department of Planning may request, no later than 90 days prior to the second anniversary of the issuance of the observation deck's certificate of occupancy that the applicant commission a study of the observation deck's operational impacts on immediately adjacent public right-of-ways. That study shall be submitted to the Department of Planning and the Department of Public Works, Bureau of Traffic Engineering and Operations for their review within 30 days of the request and the Department shall advise the applicant, in writing, of the results of its review of the study within 30 days of the receipt thereof; and

e) Following consultation between the applicant and the above named departments, any reasonable modifications to the operation of the observation deck jointly recommended by the departments, at any time prior to the second anniversary of the certificate of occupancy's issuance, shall be implemented by the applicant. It is understood that any such operational modifications requested under this statement may include a requirement that the observation deck not be open during the morning peak hour and that operational modifications which may affect the viability of the observation deck shall not be requested unless reasonably necessary to protect the public health, safety and welfare. For purposes of this Planned Development the morning peak hour is deemed to occur daily between 8:30 A.M. and 10:00 A.M., except weekends and holidays. Furthermore, it is understood that the operational modifications requested under this statement also may include revisions of the conditions and limitations imposed by sub-paragraphs (a) and (b), which revisions shall be deemed to be minor changes to the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.

12. For purposes of Floor Area Ratio (F.A.R.) calculations, the definitions in the Chicago Zoning Ordinance shall apply. In addition to the other exclusions from

floor area for purposes of determining F.A.R. permitted by the Chicago Zoning Ordinance, all floors wholly devoted to mechanical equipment and portions of floors not wholly devoted to mechanical equipment but which contain in excess of 5,000 contiguous square feet of mechanical space regardless of placement in the building shall be excluded. All floor area devoted to accessory or non-accessory off-street parking shall be excluded.

13. The size, design and construction of the parking area authorized under this Planned Development shall conform to the provisions of Sections 8.11(4) through (7) of the Chicago Zoning Ordinance. Additionally, the design, construction and operation of the parking area shall be subject to the following conditions:

a) The applicant shall request and reasonably cooperate with the City in causing Arcade Place, between the west line of the Property and the east line of Franklin Street, to be designated a one-way, westbound street;

b) That portion of Arcade Place east of the west line of the Property is intended to remain a two-way street. However, the applicant shall grant a license, in such form as is reasonably acceptable to the City prior to the approval of any building permit application by the Department of Planning under Section 11.11-3(b) of the Chicago Zoning Ordinance, for widening Arcade Place by 6 feet for roadway purposes in general conformance with the Site Plan;

c) No egress to Madison Street from the parking areas shall be permitted between 3:00 P.M. and 6:30 P.M., except on weekends and holidays or during emergencies;

d) Such devices as may be deemed reasonably necessary by the Department of Public Works, Bureau of Street Engineering and Operations to alert pedestrians to the presence of a parking facility access point or to ensure ease of access to adjoining roadways (including the intersections of Arcade Place with Wells and Franklin Streets) shall be installed by the applicant. If, however, the required devices are of the type typically installed by the City or if the devices must be installed within the public right-of-way, then the applicant shall request and reasonably cooperate in the City's granting of all necessary approvals for such installation and in the City's installation of the devices;

e) The applicant shall actively police the entire length of Arcade Place, between Wells and Franklin Streets, daily between 9:00 A.M. and 2:00 P.M., except weekends and holidays, to ensure that vehicular traffic on Arcade Place does not interfere with the operations of the parking facility. The applicant shall employ such person or persons as are reasonably necessary to comply with this provision and shall immediately alert the proper authorities about any blockage of Arcade Place;

f) The applicant shall request and reasonably cooperate in the City's removal of all parking meters along the Wells Street and Madison Street frontages of the Property. The cost of removing said meters shall be borne by the applicant and,

if consistent with City regulations, the removal thereof may be performed by the applicant subject to the reasonable regulations of the City;

g) The applicant shall obtain a certificate of occupancy specifically for the parking area, which certificate shall be a condition precedent to the opening of the parking area to the public. A copy of that certificate shall be filed with the Department of Planning;

h) During the period between the issuance of the certificate of occupancy for the parking area and the second anniversary of that certificate's issuance, the Department of Planning jointly with the Department of Public Works, Bureau of Traffic Engineering and Operations may review the operation of the parking area with regard to its impact on pedestrian and vehicular traffic on those portions of the public right-of-way immediately adjacent to the Property and recommend reasonable modifications thereof. Additionally, the Department of Planning may request no later than 90 days prior to the second anniversary of the issuance of the parking area's certificate of occupancy, that the applicant commission a study of the parking area's operational impacts on immediately adjacent public right-of-ways. That study shall be submitted to the Department of Planning and the Department of Public Works, Bureau of Traffic Engineering and Operations for their review within 30 days of the request and the Department shall advise the applicant, in writing, of the results of its review of the study within 30 days of the receipt thereof; and

i) Following consultation between the applicant and the above named departments, any reasonable modifications to the operation of the parking area jointly recommended by the departments, at any time prior to the second anniversary of the certificate of occupancy's issuance, shall be implemented by the applicant. It is understood that operational modifications requested under this statement which may affect the viability of the parking area shall not be requested unless reasonably necessary to protect the public health, safety and welfare. Furthermore, it is understood that the operational modifications requested under this statement also may include revisions of the conditions and limitations imposed by sub-paragraphs (a) and (e), which revisions shall be deemed to be minor changes to the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.

14. Cab stands, if any, may be located only along the Property's Madison Street frontage and their location and operation shall be subject to the review and approval by the Department of Public Works, Bureau of Traffic Engineering and Operations.
15. The minimum size of the loading berths required under this Planned Development shall be 10 feet by 20 feet. The design of the loading berths shall otherwise conform to the provisions of Section 8.10 of the Chicago Zoning Ordinance.

- 16. The obligations imposed on the applicant under this Planned Development shall be binding on the applicant's successors or assigns.
- 17. Unless a building permit is properly applied for and diligently pursued and, once obtained, construction of the improvements is diligently prosecuted to completion, the approvals granted and obligations imposed under this Planned Development shall expire upon the tenth anniversary of the effective date hereof. Provided, however, if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all planned development ordinances, then this Planned Development shall expire upon the expiration of such shorter time period as provided for by said amendatory ordinance (the first day of which as applied to this Planned Development shall be the effective date of the amendatory ordinance). If this Planned Development expires under the provisions of this section, then the zoning of the Property shall automatically revert to that of a B7-7 General Central Business District.

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the Business Planned Development No. 277 symbols and indications as shown on Map No. 2-F in the area bounded by:

West Monroe Street; South LaSalle Street; the center line of the alley next south of and parallel with West Monroe Street; and South Wells Street,

to reflect the establishment of an amendment to said Business Planned Development No. 277, which is hereby established in the area above described, subject to such use and bulk regulations as are set forth in the Plan of Development herewith attached and made a part thereof and to no others.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development attached to this ordinance reads as follows:

*Business Planned Development  
(As Amended)*

*Plan Of Development.*

1. Legal title to that certain real property (the "Property") which is delineated herein as a Business Planned Development and is subject to the use and bulk restrictions of this Business Planned Development is held in the following manner:

Parcel A: The Lurie Company, a California corporation;

Parcel B: Exchange National Bank of Chicago, not individually, but as Trustee, under Trust No. 34975, dated February 7, 1979.

All required disclosures are contained within the Economic Disclosure Statement filed with the City of Chicago in accordance with applicable requirements. The Property will be held under single ownership or control or under single designated control by the applicant, said Trust or by the beneficiaries, affiliates, successors or assigns of either of them.

2. Business and professional offices, retail uses and all other uses described as permitted and special uses by the C3-7 and B6-7 zoning district provisions of the current Chicago Zoning Ordinance (Sections 9.3-3(B), 9.4-3, 8.3-6(B) and 8.4-6 and associated sections referred to therein) shall be permitted upon the Property (including, without limitation, non-accessory parking). Without limiting any use heretofore described as permitted, the operation of radio and television towers and earth station receiving dishes (without regard to size) shall also be permitted upon the Property. Nothing herein shall restrict the continuation of existing uses upon the Property.
3. The applicant, its affiliates, successors, assigns or grantees shall obtain all official reviews, approval and permits necessary to implement the development of Property.
4. Any dedication or vacation of streets or alleys or easement for any adjustment of rights-of-way necessary to implement development of the Property shall require separate submittal on behalf of the applicant, its successors, assigns or grantees, and approval by the City Council.
5. The use and development of the Property shall be in accordance with this Plan of Development, which consists of the statements made herein, an existing zoning and preferential street map, a property line map, a generalized land use map and

the bulk regulations table. These and no other controls shall apply to the Property.

6. Off-street parking and off-street loading shall be provided upon the Property in accordance with the Bulk Regulations Table attached hereto and made a part of this Plan of Development. The minimum number of parking spaces and loading berths identified by the Bulk Regulations Table shall be required at such time as the subject property has been redeveloped pursuant to this Planned Development Ordinance.
7. Any service drive or other ingress or egress shall be adequately designed and paved in accordance with the regulations of the Department of Streets and Sanitation and in compliance with the Municipal Code of Chicago to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such paved areas.
8. The height of each building located upon the Property and any appurtenances attached thereto shall be subject to:
  - (a) Height limitations as certified on Form FAA-177 (or on successor forms involving the same subject matter) and approved by the Federal Aviation Administration pursuant to Part 77 of the Regulations of the Administrator, Federal Aviation Administration; and
  - (b) Airport Zoning Regulations as established by the Department of Development and Planning, Department of Aviation and Department of Law and approved by the City Council.
9. Business and business identification signs may be permitted upon the Property subject to the review and approval of the Department of Planning and of the Department of Inspectional Services. Temporary signs, such as construction and marketing signs, may be permitted subject to the aforesaid approvals. Signs advertising products or services, which products or services are not located upon the Property, shall not be permitted. Signs described by Chapter 86, Section 86.1-11 of the Chicago Municipal Code shall require City Council approval in the manner described therein.
10. For purposes of maximum Floor Area Ratio calculations, mechanical equipment floor space including at least 5,000 square feet of contiguous area shall not be counted as Floor Area.
11. This Plan of Development and the development of the Property is and shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Developments" promulgated by the Commissioner of the Department of Development and Planning.

12. The applicant and the City acknowledge that LaSalle Street, between Wacker Drive and Jackson Boulevard (the "LaSalle Street Corridor") possesses certain urban design qualities which are unique and are of historical and architectural significance to the City of Chicago. While recognizing the changing needs of development and the limitations of the market place, these qualities should be enhanced and encouraged. To that end, the City has undertaken a review of the essential characteristics of the LaSalle Street Corridor and has developed from that review a set of urban design guidelines. These guidelines are intended to be flexible and adaptable in nature. The adherence by new development to these guidelines will help to assure that the essential character of the LaSalle Street Corridor will be enhanced rather than eroded. It is therefore agreed to by the applicant that any new development of the Property shall be in substantial accordance with the following guidelines:

A. Street Wall.

The building should be built to the property line along the entire LaSalle Street frontage returning along the eastern 100 feet on the Monroe Street frontage. Minor indentations for the expression of entry points and architectural articulation are allowed.

B. Exterior Facade Articulation.

The entire LaSalle Street facade should have an architecturally articulated base, mid-portion and top.

The base should be 3 to 6 stories tall reflecting the institutional character of LaSalle Street. This base composition should have a centralized character containing the major ceremonial entry feature.

The mid-portion should have a predominate vertical composition with a strong architectural feature such as a cornice element at the last 2 floors of the first setback.

The top of the building should have a distinct architectural composition predominately vertical which terminates the entire facade composition.

C. Setbacks.

Setbacks reflecting the existing street character shall occur at the second horizontal datum, at a point between the 20th and 23rd levels. This setback shall be a minimum of 15 feet from the LaSalle Street facade.

Within the upper-level datum occurring within the 35 to 40-story level setbacks shall occur at the two east-west streets, West Marble Place and West Monroe Street. These setbacks shall be a minimum total of 15 feet within the 35 to 40-story levels.

D. Horizontal Datums.

The building facade shall be composed of three and more horizontal architectural expressions occurring at levels 3 to 6, 20 to 23 and 35 to 40. These expressions shall relate to adjoining buildings on both sides of LaSalle Street in a manner which reaches compatibility with the majority of the LaSalle Street facades.

The levels 3 to 6 expression should be the strongest articulated of the three, developing a degree of shade, shadow and depth that will be more pronounced than the above portions.

E. Facade Openings.

The majority of the facade surface, averaging 60 to 75 percent, should be solid.

The remaining areas, spandrels and windows, should have a minimum setback of 5 inches or more from the solid areas.

F. Scale Element.

The base portion should incorporate architectural elements and features which create the visual interest appropriate to the pedestrian scale.

G. Details and Materials.

Detailing of the architectural features, i.e. formal entry, cornice and stone course lines, shall employ quality materials.

This quality detailing shall enhance the pedestrian experience and assist in differentiating zones of the building's mass and composition.

H. Ground-Floor Uses.

There shall be a through block concourse between LaSalle Street and Wells Street.

Retail uses, including banks and similar financial institutions, shall front on and be accessed from either the concourse or one of the three street faces, i.e. LaSalle, Monroe and Wells Streets.

Without limiting the design of any building upon the Property, it is acknowledged by the City and by the applicant that the proposed development plan prepared by Skidmore, Owings & Merrill, consisting of 8 pages and dated June, 1989, which is on file with the Department of Planning substantially conforms with the foregoing guidelines.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development attached to this ordinance reads as follows:

*Residential-Business Planned Development  
(As Amended)*

*Plan Of Development*

*Statements.*

1. The area delineated herein as Residential-Business Planned Development (the "Planned Development") consists of approximately 55,641 square feet (or 1.28 acres) of real property. Title to Subarea A is held by the City of Chicago and will be conveyed to Halsted-Clybourn Limited Partnership ("Applicant") subject to an

agreement for the sale and redevelopment of land ("Redevelopment Agreement") to be entered into between the City of Chicago and Applicant. With respect to Subarea A, Applicant has been authorized by the Department of Urban Renewal pursuant to a letter dated September 11, 1989, from the Commissioner of the Department of Housing, to proceed with the rezoning of Subarea A subject to the limitations set forth below in Statement No. 15. Subarea B is under the control of the Applicant pursuant to a long term lease between the Chicago Transit Authority and the Applicant.

2. The Applicant or its successors, assignees or grantees shall obtain all official City reviews, approvals and permits required in connection with this Plan of Development.
3. Any dedication or vacation of streets or alleys or easements or any adjustment of right-of-ways shall require a separate submittal on behalf of the Applicant or its successors, assignees or grantees and approval by the City Council.
4. The following uses shall be permitted within the Planned Development:

Residential, retail, commercial, off-street accessory parking, earth station receiving dishes, accessory uses and any permitted use allowed under a B3-2 General Retail District; provided, however, the sale of packaged liquor (unless ancillary to the principal use of the premises), video arcades and fast-food restaurants shall be prohibited,

subject to such limits, maximum and minimum, as are set forth in the table of use and bulk regulations and related controls made a part of this Plan of Development.

5. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of Streets and Sanitation and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such paved areas. Ingress and egress shall be subject to the review of the Bureau of Traffic Engineering and Operations and the approval of the Commissioner of Planning. Except as otherwise provided herein all parking spaces and loading areas shall be in compliance with Sections 8.10 and 8.11 of the Chicago Zoning Ordinance.
6. The height of the one-story structure to be constructed in conjunction with the Planned Development shall not be greater than 24 feet nor less than 20 feet and the height of the three-story structure to be constructed in conjunction with the Planned Development shall not be greater than 45 feet nor less than 42 feet.
7. Notwithstanding the provisions of Statement No. 6, the height restriction of the development and any appurtenance attached thereto shall be subject to:

- a. Height limitations as certified on Form FAA-117 (or on successor form or forms covering the same subject matter) and approved by the Federal Aviation Administration;
  - b. Airport Zoning Regulations as established by the Department of Planning, the Department of Aviation and the Department of Law and approved by the City Council; and
  - c. Height limitations as approved by the Federal Aviation Agency pursuant to Part 77 of the Regulations of the Administrator, Federal Aviation Administration.
8. Off-street parking, loading facilities and yard setbacks will be provided in compliance with this Plan of Development.
  9. The information in the Plan of Development attached hereto sets forth data concerning the generalized land use of the Planned Development, and illustrates that the development of such area will be in accordance with the intent and purpose of this Plan of Development.
  10. Business and business identification signs shall be permitted within the Planned Development subject to the review and approval of the Departments of Planning and Zoning; provided, however, no pylon signs will be permitted. Temporary signs such as construction, marketing and special event or art exhibit signs and banners, may be permitted subject to the aforesaid approvals.
  11. The Applicant acknowledges that the Planned Development is subject to the following easements in vacated North Dayton Street reserved by the City of Chicago in an ordinance passed by the City Council of the City of Chicago on April 26, 1989, and recorded on September 7, 1989 as Document Number 89420475:
    - a. A 30-foot easement for existing underground utilities with a prohibition for the erection of any buildings or other structures on the easement; and
    - b. A perpetual 8-foot easement for a pedestrian walkway.

The location and dimensions of these easements are depicted on Sheet Site Plan dated September 26, 1989 prepared by Gelick Foran Associates Limited, which is on file with the Department of Planning. In conjunction with the 30-foot easement in vacated North Dayton Street located in Subarea A, a 20-foot minimum height clearance shall be maintained between the grade level surface and any improvement other than landscaping erected over such easement area.

12. This Planned Development shall be landscaped in general conformance with the landscape plan prepared by Joe Karr & Associates identified as Sheet LS-1 dated November 6, 1989, which is on file with the Department of Planning. The landscaping on the Planned Development shall be maintained at all times in accordance with the landscaping plan.
13. The property subject to this Planned Development shall be used and developed pursuant to and consistent with the site plan and elevation drawings identified as Sheets A-8 and A-9 dated October 16, 1989, prepared by Gelick Foran Associates Limited, which are on file with the Department of Planning.
14. The development and use of Subarea A of the Planned Development shall be subject to and in compliance with the Redevelopment Agreement to be entered into between the City of Chicago and the Applicant. To the extent not inconsistent with the Plan of Development and Redevelopment Agreement, the Planned Development shall be subject to the Lincoln Park Conservation Plan.
15. This Planned Development is conditioned upon the execution of a Redevelopment Agreement by and between the Applicant and the City of Chicago and upon the subsequent conveyance by the City of Chicago to the Applicant of Subarea A. In the event that the Redevelopment Agreement is not executed and title to Subarea A of the Planned Development is not conveyed by the City of Chicago to the Applicant within one (1) year of the effective date of the adoption of this Residential-Business Planned Development by the City Council, this Residential-Business Planned Development shall be null and void and the zoning classifications of Subarea A and Subarea B shall revert to the zoning classifications existing prior to the adoption of this Residential-Business Planned Development; provided, however, that if the execution of the Redevelopment Agreement and the subsequent conveyance of Subarea A by the City of Chicago to the Applicant does not occur within said one (1) year period through no fault of the Applicant, the one (1) year limitation set forth in this Statement 15 shall be extended for one additional year and this Residential-Business Planned Development shall remain in effect for that additional period.
16. This Plan of Development, consisting of seventeen (17) statements; an existing zoning map; a boundary and property line map; a generalized land use map; and a table of use and bulk regulations and related controls, is applicable to the area delineated herein.
17. The Plan of Development hereby attached shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Development Amendments" as promulgated by the Commissioner of the Department of Planning.
