Contractor shall comply with the I.S.O. 8583 standard (as it may be amended from time to time) promulgated by the International Standards Organization. The System shall be one which processes credit card payment transactions by direct electronic capture of payments at the Host Computer at the time of the transaction with virtually no paper, except for printed receipts issued at the City's Unit and copies thereof in the event of cardholder inquiries, and shall require no periodic uploading of data from the City's Units, except for Batching Out. It shall contain sufficient redundancy in design and in practice that all City data are secure and retrievable in the event that one part of the System fails. The System shall employ a fully automated authorization process requiring no human voice communication for either sending or receiving authorizations; the City will not be required by Contractor to perform manual processing or make referral calls. Contractor shall provide for certain types of payments, as specified by the City, to be made over the telephone; in the event that an ARU system of reliability which is mutually acceptable to Contractor and City becomes available during the life of this Agreement, Contractor shall make such an ARU available to the City at a cost to the City to be mutually agreed upon.

(2) **Speed of Performance -- Transactions.** The System shall verify and return authorizations (transaction period) within a period of time ranging from 5 to a maximum of 15 seconds. In a dial-up environment (autopound Sites, Midway parking Sites and parking ticket Sites), the transaction period shall be measured from the time the request for authorization enters S.P.S.'s network until S.P.S. returns the response to the Terminal and shall not include dialing time or connect time through local telephone lines. In a leased line environment (O'Hare parking Sites), the transaction time shall be measured from the time the "enter/send" key is depressed on the Terminal until the Terminal receives a response to the authorization request. The system shall sustain this speed in verifying and returning authorizations even when all Units are accessing the authorizing entity simultaneously. The minimum acceptable level of performance by Contractor regarding processing for both the dial-up and leased line environments shall be (i) successful completion of credit card transactions within 15 seconds 95.5% of the time and (ii) network availability 95.5% of the time, except for scheduled maintenance time. All such scheduled maintenance time shall occur after business hours or, in the case of 24-hour Sites, during periods of anticipated lowest activity. "Successful completion" of a credit card transaction means that the City has received a response from the authorizing entity.

This performance data shall be measured and reported over each calendar week and averaged on a monthly basis for purposes of determining Contractor's compliance with the requirements set forth herein. In measuring Contractor's compliance, Contractor shall not be held

accountable for delays arising from causes outside the Contractor's reasonable control such as a construction crew damaging or destroying telephone lines.

(3) Installation; Commencement of Operations. Time Is Of The Essence. Immediately upon award and release of this Agreement by the City, Contractor shall arrange for the installation of any communication lines required hereunder, unless the City elects to make such arrangements on its own. Within 15 business days after the installation of the communication lines at all City Sites for a particular type of collection (e.g., all Parking Ticket Sites), Contractor shall install the System and have those City Sites fully equipped and operational, including but not limited to the initial training of City personnel. Contractor understands that, even though the System may be fully operational, the City needs to enter into a merchant agreement to receive code numbers required to enter transactions into the System, and if such merchant agreement has not been executed within 90 days after the System becomes fully operational at all City Sites, either party may terminate this Agreement without liability to the other party. In such event, and without diminishing Contractor's obligations under the Agreement prior to termination, City shall not be obligated to pay and Contractor shall not be entitled to receive any compensation under this Agreement.

(4) Flexibility. Contractor agrees that the System shall accept payments by other major credit cards, if requested to do so by the City, if the Contractor or its subcontractor has or is reasonably capable of entering into a processing arrangement with a processor of such credit cards, and if the City enters into any required settlement or merchant agreement in connection with such other credit cards; compensation of Contractor to be in accordance with Article 5 of this Agreement, or if the costs associated with the particular type of card are not addressed in Article 5, then pursuant to Sections 7.03 and 7.04. Contractor agrees to provide all reasonable assistance with respect to the City's negotiation and execution of any required settlement or merchant agreement(s) with a processor(s) of such credit cards.

(5) Batching Out. The system shall require no more than one period of 5 minutes or less per unit within any 24-hour period for Batching Out. However, the parties may mutually agree at the City's request and for the City's convenience to Batch Out more often. Contractor shall arrange any scheduled maintenance for periods of no or lowest System activity and at the convenience of the respective Departments. All understandings with the respective Departments regarding batching Out and scheduled maintenance shall be reduced to writing, and copies of all such understandings shall be submitted to the Purchasing Agent as supplemental information.

(6) Help Desk. Contractor shall cause its subcontractor S.P.S. to maintain a 24-hour help desk to provide needed information or assistance to the City in connection with the operation of the System.

(7) Spare Equipment on Site. Contractor shall store with each of the Departments, except the Treasurer, at Sites to be designated by the respective Departments, one or more complete equipment arrays, the precise number to be as agreed, before installation of equipment may begin, between the respective Departments and Contractor, for emergency use by the Departments in the event of equipment breakdown. All such agreements as to spare equipment and storage locations shall be reduced to writing, attached to this Agreement at (Sub)Exhibit 11 and shall be incorporated by reference as if set forth here. (Sub)Exhibit 11 may be modified from time to time pursuant to Section 9.03.

(8) Reports. Contractor shall deliver all reports required under the Agreement in a timely manner. A list of those Departments requesting daily electronic reports, the nature of those reports, and the time schedule for transmission, is attached to this Agreement as (Sub)Exhibit 8 and incorporated by reference here.

Weekly reports shall be mailed by _____ on _____ of the week following.

Monthly reports shall be delivered by the sixth day of the month following.

(9) Chargebacks. Chargebacks to the City shall be governed by the respective settlement or merchant agreement entered into by the City, and by law, as the case may be. For Airport Site transactions under \$75.00, the City may utilize any programs available from credit card issuers or associations, such as Visa, U.S.A.'s Express Payment Service (E.P.S.) and MasterCard International's Quick Payment Service (Q.P.S.), or any similar program offered by another entity, which will provide protection to the City against chargebacks in the manner afforded by and in accordance with the requirements of such programs.

C. Liquidated Damages.

Contractor acknowledges that it would be impracticable for administrative reasons for the City to commence using the System with respect to any type of collections if all Sites for that type of collection are not operational with substantially all Units in place and functioning. Contractor further acknowledges that its failure to comply with the requirement set forth in Section 3.01B that all Sites for a particular type of collection be fully operational within 15 business days after the installation of the telecommunication lines for those Sites or to meet its obligations to process transactions within the time limits set forth in Section 3.01B will result in severe operational disruption and certain losses and costs to the City which may be difficult to ascertain. Accordingly, Contractor agrees to pay to the City as liquidated damages and not as a penalty the amounts set forth below.

(1) Implementation. In the event that the Contractor fails to comply with the requirement that the System be fully operational at all Sites for a particular type of collection within 15 business days after the installation of telecommunication lines at those Sites, Contractor shall pay the City \$1,000 per day as liquidated damages and not as a penalty. The total days for which such liquidated damages are payable under this paragraph shall not exceed 10 (ten); provided, however, that this limitation shall apply only to those days for which liquidated damages are payable due to the failure of the otherwise fully installed equipment to operate in accordance with this Agreement and shall not apply to any day for which liquidated damages are payable due to the failure of the Contractor to have delivered and installed the equipment; and further provided that, notwithstanding such liquidated damages, the City shall have the right to declare the Contractor in default pursuant to Section 7.11.

(2) Processing. In the event the System fails to comply with the requirement that 95.5% of transactions be processed within 15 seconds, Contractor shall pay the City \$0.16 per such transaction as liquidated damages and not as a penalty. There shall be no limit on liquidated damages payable under this paragraph.

These provisions regarding liquidated damages for delays in Contractor's performance are not in lieu of any other damages suffered by the City as a result of termination of this Agreement pursuant to a declaration of default.

D. Epidemic Failures.

If during any 30-day period of use an item of equipment or a group of similar items or related items of equipment evidences a mean time between failures, determined as of the date and time such failures are recorded at the City Site(s), which is less than 99.5% of the normal or expected mean time between failures as may be specified by the manufacturer thereof for such item or groups, Contractor shall replace such item or group with the new equipment reasonably satisfactory to the Purchasing Agent in light of the nature, extent and reasons for such failure. Contractor shall supply the manufacturers' respective mean times to failure prior to installing the equipment.

E. Promotion.

Contractor shall assist the City in promoting payment by credit card by planning and carrying out an advertising program directed primarily at City residents and users of O'Hare and Midway Airports. All copy, creative work and media selection shall be subject to City approval. Contractor shall spend at least \$10,000, including all costs, for advertising and promotional services, without mark-up, surcharge or rebate for itself. Contractor shall

produce and deliver to the City the promotional materials as described in (Sub)Exhibit 2, attached hereto and hereby incorporated by reference.

F. Key Personnel; Key Subcontractors; Subcontracting In General.

Contractor shall, and shall cause its subcontractors to, assign and maintain during the term of this Agreement and any extension of it an adequate staff of competent personnel which is available as needed to perform the services. Contractor and each of its key Subcontractors listed in (Sub)Exhibit 7 shall designate a certain key person(s), identified in the Staffing Schedule attached as (Sub)Exhibit 10 and incorporated here by reference, as the principal persons responsible for performing the services and responding to the Departments regarding the services to be provided by the Contractor or key Subcontractor, respectively. Neither Contractor nor its key Subcontractors shall reassign or replace these key persons without written notice to the Purchasing Agent. In the event that the Purchasing Agent reasonably objects to any such reassignment or replacement, Contractor shall make reasonable efforts to retain such key persons. For reasonable cause, the Purchasing Agent may in writing notify the Contractor that the City will no longer accept performance of the services by one or more of the key persons listed in the Staffing Schedule as modified hereunder from time to time. Upon such notice, Contractor shall within a reasonable period cease to assign that person or those persons to perform the services and shall replace him or them in accordance with this Section.

In addition to S.P.S., Contractor has identified and the City has approved the use of certain Subcontractors identified in (Sub)Exhibit 7 which is attached hereto and incorporated by reference as if set forth here. Contractor agrees that it shall not substitute Subcontractors for the Subcontractors identified in (Sub)Exhibit 7 without the express written consent of the City in accordance with Section 7.03, which consent shall not be unreasonably withheld. Notwithstanding this restriction on Contractor, the City reserves the right, in the event that any approved Subcontractor's performance, in the sole judgment of the Purchasing Agent, fails to comply with the terms and conditions of this Agreement as they apply to the Subcontractor including but not limited to the performance standards described herein, to direct Contractor to replace the Subcontractor within a reasonable time period. The City understands that if the Contractor must replace a Subcontractor at the direction of the City, such replacement may involve delays and an inability of the Contractor to meet its performance standards during such replacement period. Contractor understands and agrees that this provision regarding replacement of approved Subcontractors is for the sole benefit of the City. This provision is in no way in derogation of any other provision of this Agreement, including but not limited to provisions regarding Contractor's commitment to use City-certified minority and women's business enterprises in connection with the performance of this Agreement.

All subcontracts and all approvals of Subcontractors by the Purchasing Agent shall be, regardless of their form, deemed conditioned upon performance by the Subcontractor in accordance with the terms and conditions of this Agreement. All subcontracts shall provide that they are for the benefit of the City, require strict compliance with the terms of this Agreement as they apply to that Subcontractor and bring particular attention to the provisions regarding key persons, minimum performance standards, insurance and non-discrimination. In addition, all such subcontracts shall provide that they may be assigned to the City by the Contractor in the event that the City elects to terminate this Agreement pursuant to Sections 7.06 or 7.11. All such agreements are subject to the approval of the Purchasing Agent. Provided that such agreements do not prejudice any of the City's rights under this Agreement, they may contain different provisions than are provided herein with respect to extensions of schedule, time of completion, payments, guarantees and matters not affecting the quality of the services to be performed hereunder. The City shall have the absolute right upon written notification to rescind approval forthwith and to require the performance of this Agreement by Contractor or through any other City-approved Subcontractor. Any approval for the use of Subcontractors in the performance of the services under this Agreement shall under no circumstances operate to relieve Contractor of any of its obligations or liabilities hereunder. Contractor shall furnish the Purchasing Agent with 5 copies of any subcontracting agreement.

3.02 Use Of Designated Depository; Availability Of Funds.

Contractors shall deposit all revenues paid by Credit Card only in Designated Depositories as directed by the Treasurer and in no other place or institution. Contractor is currently a Designated Depository, and in accordance with Article 5 and subject to the provisions of Section 7.06, Contractor shall be the Designated Depository hereunder for at least some of the Collected Funds. Contractor shall deliver to the City, through a Designated Depository, the gross amount paid by Credit Card without discount, fee, service charge or other charge to the City, nor shall Contractor add a service charge or fee to the credit cardholder's account on account of the transaction or by characterizing the transaction as a cash advance or as one subject to immediate interest charges to the cardholder. In the event that any subcontractor or settlement institution withholds any fee or assessment from Collected Funds prior to transmitting such funds to the Contractor, Contractor shall replace such fee or assessment prior to delivering such funds to the City. Contractor shall be liable to the City for all Funds Collected under this Agreement until received by the City or delivered to the City's account in another Designated Depository in accordance with Section 3.03, and if any such Collected Funds shall, for any reason, be unaccounted for, lost, misdirected, or otherwise not delivered to the City as required hereunder or by law, Contractor shall reimburse the City for any such loss.

All funds shall be available to the City on the Deposit Day or the following day unless the Deposit Day is a Friday, Saturday, Sunday or the day preceding a banking holiday, in which case the funds shall be available to the City on the first following Deposit Day which is a banking day, and the treatment of all City funds shall be in accordance with the requirements of the law governing municipal depositories and municipal funds.

3.03 Separate Accounts.

The City requires that Funds Collected by the respective Departments be deposited into separate accounts by the cheapest available electronic means directly upon receipt by Contractor in accordance with the Schedule of Accounts set forth in Exhibit 1. This requirement is in no way in derogation of the provisions of Article 5, and the City shall maintain sufficient balances on deposit with Contractor, a Designated Depository, to meet the City's obligations for compensating Contractor pursuant to Article 5.

3.04 Minority And Women's Business Enterprises.

In the performance of this Agreement, including the procurement and lease of materials or equipment, Contractor shall abide by the Special Conditions Regarding Minority Business Enterprise Commitment and Women's Business Enterprise Commitment ("M.B.E./W.B.E. Special Conditions"), attached hereto under Exhibit 3, and the requirements of the Chicago Municipal Code, Ch. 2-92, § 2-92-420, et seq. (1990), requiring utilization of minority and women's business enterprises at 21.1% and 5% of the Contractor's total fees, respectively, except to the extent waived by the Purchasing Agent. Contractor's completed Schedules C-1 and D-1 evidencing its compliance hereunder shall be and become a part of this Agreement, also included in (Sub)Exhibit 3, upon approval by the Purchasing Agent.

3.05 Insurance.

A. Insurance To Be Provided By Contractor.

Contractor shall procure and maintain at all times, at Contractor's own expense, during the life of this Agreement for services covered under this Agreement, the types of insurance specified below, with insurance companies authorized to do business in the State of Illinois covering all operations under the Agreement, whether performed by Contractor or by Subcontractors.

The kinds and amounts of insurance required are as follows:

- (3) Automobile Liability Insurance when any motor vehicles are used in connection with the work to be performed, the Contractor shall maintain Automobile Liability Insurance with limits of not less than \$1,000,000 per occurrence, combined single limit, for bodily injury and property damage. - (6) Blanket Crime the contractor shall obtain and maintain a blanket crime insurance policy, including a computer fraud and credit card extension, covering all persons handling funds under this agreement against loss by reason of theft, robbery, dishonesty, destruction, disappearance or other crimes. The amount of the policy shall be written to cover losses in an amount of not less than the amount of monies collected and received at any given time.
- (7) Professional Liability when any architects, engineers, or consulting firms perform work in connection with this contract, Professional Liability or Directors and Officers Insurance shall be maintained with limits of \$1,000,000. The policy shall have an extended reporting period of two years. When policies are

renewed or replaced, the policy retroactive date must coincide with, or precede, start of work on the contract.

- (8) All Risk Property Insurance property insurance coverage shall be maintained by the Contractor or by its subcontractor for full replacement value to cover the material, equipment, tools and supplies being leased to the City or stored on City property under this Agreement. The Contractor shall be responsible for any loss or damage to any such personal property.

B. Related Requirements.

The Contractor shall furnish the City, Department of Purchases, Contracts and Supplies, City Hall, Room 402, 121 North LaSalle Street, Chicago, Illinois 60602, original Certificates of Insurance, evidencing the required coverage to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement.

The insurance specified above shall be carried until all services required to be performed under the terms of the Agreement are satisfactorily completed. Failure to carry or keep such insurance in force may constitute a violation of the Agreement, and the City maintains the right to stop work until proper evidence is provided. The Contractor shall require all Subcontractors to carry the insurance required herein, as appropriate for the services being provided by any such Subcontractor, and Contractor may, at its option, provide the coverage for any or all Subcontractors or have any such Subcontractor provide the coverage for Contractor, and, if so, the evidence of insurance submitted shall so stipulate. The insurance policies shall provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, cancelled, or non-renewed.

Contractor expressly understands and agrees that any insurance protection furnished by Contractor hereunder shall in no way limit Contractor's liabilities and responsibilities under the law or specified in this Agreement.

The Contractor and each Subcontractor agree that insurer shall waive their rights of subrogation against the City of Chicago.

The Contractor expressly understands and agrees that any insurance maintained by the City of Chicago shall apply in excess of and not contribute with insurance provided by the Contractor under the Agreement.

3.06 Indemnity.

The Contractor agrees to defend, indemnify and hold the City of Chicago, its officers, officials, agents and employees, harmless from and against any and all liabilities, losses, suits, claims, judgments, fines or demands of every kind and nature (including all reasonable costs for investigation, reasonable attorneys' fees, court costs and expert fees) arising by reason of injury or death of any person or damage to property arising out of or incident to Contractor's performance or non-performance of this Agreement or the enforcement thereof and resulting from Contractor's negligence, otherwise tortious conduct, or failure to perform in accordance with the terms of this Agreement, including the enforcement of this indemnification provision, or the acts or omissions of Contractor's officers, agents, employees, Subcontractors, licensees or invitees, upon notice from the City of any claim or liability which the City believes to be covered under this provision. The Contractor shall defend all suits brought upon such claims and lawsuits and shall pay all costs and expenses incidental thereto, but the City shall have the right, at its option, to participate in the defense of any suit, without relieving the Contractor of any of its obligations hereunder. The indemnities contained in this paragraph shall survive expiration or early termination of this contract.

3.07 Records And Audits.

Contractor shall deliver all funds, records, reports, reconciliations, summaries, data and supporting documentation required under the Agreement promptly in accordance with the time limits specified in the Agreement, and if no time limit is specified, then upon reasonable demand therefor or upon termination or expiration of the Agreement. In the event of Contractor's failure to make such delivery, as required or upon demand, then Contractor shall pay to the City any damages the City may sustain by reason of such failure. The City agrees that the Contractor has no obligation to collect, maintain or deliver to the City sales slips originated in connection with any payment of Fees or Fines.

Contractor shall maintain any such records not delivered to or demanded by the City for a period of 5 years after the termination or expiration of this Agreement or the final resolution of any disputes, whichever occurs last.

Contractor and any of its Subcontractors shall furnish the City with such information as the City may reasonably request concerning the charges, credits, costs and performance of the Agreement. Contractor shall keep books, documents, paper, records and accounts in connection with the Agreement open to audit, inspection, copying and abstracting by the City and the City's designated auditors at reasonable times during Contractor's performance of the Agreement. In addition, Contractor shall retain them in a safe place and make them available for audit, inspection, copying and abstracting for at least 5 years after termination or expiration of the

Agreement or the final resolution of any dispute arising thereunder, whichever occurs last.

Contractor shall maintain its books, records, documents and data and adopt accounting procedures and practices sufficient to reflect properly all charges and credits applied and all costs of whatever nature claimed to have been incurred in connection with the performance of the Agreement; this system of accounting shall be in accordance with generally accepted accounting principles and practices and/or regulatory accounting practices, consistently applied throughout.

No provision of this Agreement granting the City a right of access to records and documents is intended to impair or limit any right of access to such records and documents which the City would have had in the absence of such provisions.

3.08 Confidentiality.

All of the reports, data or information in any form prepared, developed, assembled or encountered by or provided to the Contractor or the subcontractors under this Agreement are confidential, and the Contractor agrees that, except as specifically authorized in this Agreement or as may be required by law, the reports, data or information shall not be made available to any other individual or organization, except the Departments and the Subcontractors, without the prior written approval of the Purchasing Agent. The Contractor further agrees to implement such measures as may be necessary to ensure that its staff and its Subcontractors shall be bound by the confidentiality provisions contained in this Agreement.

The City agrees that, except as specifically authorized in this Agreement or as may be required by law, any reports, data, or information which the Contractor has marked as confidential and has provided to the City shall not be made available to any individual or other organization except Key Subcontractors without the prior written approval of the Contractor. The Contractor understands that any reports, data, or information provided to the City may be subject to the provisions of the Illinois Freedom of Information Act.

If either party is presented with a request for documents by any administrative agency or with a subpoena duces tecum regarding any records, data or documents which may be in the party's possession by reason of this Agreement, the party shall immediately give notice to the other party (in the case of the City to the Purchasing Agent and the Corporation Counsel for the City) with the understanding that the other party shall have the opportunity to contest such process by any means available to it before such records or documents are submitted to a court or other third party; provided, however, that the party presented with the subpoena or request shall not be obligated to withhold such delivery beyond that time as may be ordered by

the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

Contractor and its subcontractors will disclose no information concerning their respective services hereunder, and will neither disclose nor use any facts or data acquired or developed in connection with the services except for performing the services, without the express written approval of the Purchasing Agent, except as may be required by law during or after the performance of this Agreement; Contractor and its subcontractors shall not issue publicity news releases or grant press interviews, or disseminate any information regarding its services or the project to which the services pertain without the prior written consent of the Purchasing Agent.

For purposes of this Agreement, confidential information shall not include information which has entered the public domain.

3.09 Limitation Of Liability.

The Contractor's liability to the City for damages arising as a result of S.P.S.'s breach of the Network Services Agreement entered into between S.P.S. and Contractor for transaction processing services (the "Processing Subcontract") shall be limited to the greater of Thirty Thousand Dollars (\$30,000) or the amount paid by Contractor to S.P.S. during the twelve months immediately preceding the breach. The foregoing limitation on liability shall apply solely to breaches of this Agreement which are attributable to S.P.S.'s breach of the Processing Subcontract, and it shall not apply to the following:

- A. Damages or losses represented by the dollar value of credit card payments which have been transmitted by the City for processing and for which, for any reason, Collected Funds are unaccounted for, lost, misdirected, or otherwise not delivered or available to the City;
- B. Damages which are intended to be covered by the insurance policies required to be maintained by the Contractor or subcontractors under this Agreement, whether or not such insurance policies are actually maintained;
- C. Damages arising as a result of fraud by the Contractor or a subcontractor; and
- D. The Contractor's liability under Section 3.06, the Indemnity provision of this Agreement.

*Article 4.**Term Of Services.*

The term of this Agreement shall be for 5 years from _____, 1992 through _____, 1997. In addition Contractor grants the City an option to renew the Agreement for an additional year on the same terms and conditions provided the City notifies Contractor in writing at least 90 days before the Agreement is to expire of the City's intent to extend the Agreement. The Contractor shall have the right to preempt such a renewal by notifying the City in writing at least 180 days before the Agreement is to expire of the Contractor's desire not to extend the Agreement. Contractor's failure to provide such timely notice shall result in renewal solely at the City's option.

*Article 5.**Compensation.***5.01 General Provisions.**

Contractor agrees that it shall derive its entire compensation for all equipment required to be furnished and services to be performed under this Agreement, whether directly by Contractor or through Subcontractors, from interest Contractor may earn on balances left on deposit with Contractor. Subject to the requirement that Contractor's fees shall be compensated solely from earnings on such balances, the City agrees to leave initially \$ _____ (_____ Dollars) on deposit with Contractor. Such deposit shall earn an interest rate equal to the average of the two most recent 13 week Treasury Bill rates quoted in *The Wall Street Journal* as of the end of the previous month.

Contractor shall provide the City monthly statements reflecting fees generated and interest earned for the prior month. If the interest earned exceeds the fees generated, the Contractor shall pay the City such excess upon request and/or the City may reduce the balance on deposit accordingly. If the interest earned for the month is less than the fees generated, the City shall place additional balances on deposit with the Contractor as are reasonably necessary to compensate it for the deficiency.

In the event a deficiency occurs at the termination or expiration of this Agreement, the Treasurer shall either leave balances on deposit for a period sufficient for the interest earnings to compensate Contractor, or, if funds

have been appropriated for the purpose, direct that payment be made to Contractor from the appropriate fund.

5.02 Detailed Description Of Compensation Methodology.

The City agrees to compensate Contractor for its services in performing under this Agreement in accordance with the fee schedule below. The fees include all of Contractor's costs and expenses of any nature whatsoever, all to be paid solely from interest earnings on balances which the City leaves on deposit with Contractor pursuant to Section 5.01.

The portion of any fee representing the Interchange Rate or which is established by any entity not the Contractor or a Subcontractor under this Agreement may be adjusted upward or downward to reflect changes in rates by such an entity, upon written notice to the City. The amount of any such adjustment shall be limited strictly to the change in costs to Contractor attributable to the applicable change in rates charged by the rate-setting entity, shall include no additional profit or charge for Contractor, and shall be effective prospectively only. Any such modification shall be made pursuant to Section 7.03.

The City shall have the right to terminate any special programs, such as QPS and EPS, if in the sole judgment of the Purchasing Agent, after consultation with the Departments, the rates charged by the rate-setting entity become excessive or the Purchasing Agent deems it to be in the City's best interests. In such an event, a reduction in Contractor's fees for transactions from affected City Sites shall be renegotiated at the City's request in line with the transaction fees charged under this Agreement for similar or comparable transactions at other Sites, and the parties may agree to any appropriate requirements for signatures and authorizations in connection with such negotiations.

A. Transaction Fees.

The City agrees to compensate Contractor for its services in accordance with the fee schedule set forth below; however, the City reserves the right to change Unit locations and to eliminate, reduce or increase the number of Units and Unit locations, and to permit other City Departments to participate in the System and to designate additional types of payments to be collected, at any time upon reasonable notice to Contractor. If Unit locations are changed or increased, the City shall pay the cost of installing necessary equipment and communication lines at such locations. Whenever Unit locations are eliminated or increased for any reason, the portion of the fee schedule applicable to the affected Units or the remaining Units of the Department making the change shall be modified to the extent the change will result in lower or higher Interchange Rates. Any such modification of the fee schedule shall be based upon good faith

projections of adjusted average transaction size and the proportion of credit card transactions anticipated by type of credit card; the portion of any rate reflecting Contractor's fee shall not be modified, however.

Contractor has established its charges for credit card transactions making certain assumptions as to the anticipated mix of credit card types likely to be offered for payments and as to the average transaction amount per Site. The assumed average amount is listed in brackets following each credit card payment item. Contractor assumes the proportion of credit card payments to be made by Visa and by MasterCard will be 60:40 respectively and has weighted its Interchange Rate accordingly. If the City directs Contractor to accept additional credit cards, or if after the first year this Agreement is in effect experience demonstrates that the proportionate card use is substantially different from that set forth above, the Interchange Rate shall be reweighted and the transaction fees modified accordingly at the beginning of each year of this Agreement after the first year, for prospective application. Contractor shall not be allowed to adjust the portion of the transaction fee representing Contractor's or its Subcontractors' charges.

(1) For each O'Hare Airport Parking Fee credit card transaction with an estimated average transaction amount of \$11.00: A rate of 3.6816% of the gross dollar amount of the transaction (consisting of Contractor's discount rate of 2.0045% and a weighted Interchange Rate of 1.6771%).

(2) For each Midway Airport Parking Fee credit card transaction with an estimated average transaction amount of \$8.00: A rate of 4.0149% of the gross dollar amount of the transaction (consisting of Contractor's discount rate of 2.6010% and a weighted Interchange Rate of 1.4139%).

(3) For each Parking Ticket Site credit card transaction with an estimated average transaction amount of \$166.00: A rate of 1.5710% of the gross dollar amount of the transaction (consisting of Contractor's discount rate of 0.2229% and a weighted Interchange Rate of 1.3481%).

(4) For each Auto Pound Site credit card transaction with an estimated average transaction amount of \$110.00: A rate of 1.6139% of the gross dollar amount of the transaction (consisting of Contractor's discount rate of 0.2654% and a weighted Interchange Rate of 1.3485%).

B. Equipment Fees.

Contractor shall provide the equipment listed in (Sub)Exhibit 9 for the fees set forth therein.

C. Other Fees.

(1) Wire transfers: \$6.00 per transfer to Contractor; \$12.00 per transfer from Contractor to other institutions.

(2) Electronic reports (including all required software, documentation, interfaces and the like): \$50.00 per month per Site.

Article 6.

Disputes.

Further, in the event of any threat to civil aviation, as defined in the Act, the Contractor shall promptly report any information in accordance with those regulations promulgated by the Secretary of the United States Department of Transportation and by the City. In the event this Agreement involves the construction, reconstruction, demolition or alteration of facilities to be located at or on the City's airports, the Contractor shall, notwithstanding anything contained in the Agreement specifications, at no additional cost to the City, perform the Agreement in compliance with those guidelines developed by the City and the Federal Aviation Administration, and in effect at the time of bid opening, with the objective of maximum security enhancement. In the event the Agreement involves the design of facilities or equipment, the drawings, plans, and specifications to be provided under the Agreement shall comply with those guidelines developed by the City and the Federal Aviation Administration and in effect at the time of the submittal of such drawings, plans, and specifications.

7.03 Modifications And Amendments.

No changes, amendments, modifications, or discharge of this Agreement, or any part thereof, shall be valid unless in writing and signed by the Contractor and by the Mayor, Comptroller, and Purchasing Agent of the City or their respective successors and assigns. The City shall incur no liability for additional services without a written amendment to this Agreement pursuant to this Section.

7.04 Changes.

The City may from time to time request changes in the services if within the scope of services of this Agreement. Such changes, including any increase or decrease in the amount of the Contractor's compensation, which are mutually agreed upon by and between the City and the Contractor shall be incorporated in written amendments to the Agreement. If the parties cannot reach agreement on the amount of compensation before the time when the City requires the change in the services, Contractor shall perform the revised services and the parties shall negotiate in good faith the amount of compensation thereafter. The factual basis for determining the compensation shall be subject to Article 6, "Disputes".

7.05 Taxes.

Federal Excise Tax does not apply to materials purchased by the City of Chicago by virtue of Exemption Certificate No. 36-6005820 and State of Illinois Sales Tax does not apply by virtue of Exemption Certificate No. E9998-1874-01. Illinois Retailers' Occupation Tax, Use Tax, and Municipal Retailers' Occupation Tax do not apply to materials or services purchased by the City by virtue of statutory exemption. Neither Contractor nor Contractor's Subcontractors shall include such taxes in prices charged to the City hereunder.

7.06 Loss Of Designated Depository Status.

If during the life of this Agreement Contractor shall cease to be a Designated Depository, Contractor shall immediately transfer all City funds then on deposit with Contractor to a Designated Depository with the approval of the Treasurer. Contractor shall immediately upon loss of its Designated Depository status meet with the Purchasing Agent to discuss Contractor's ability to perform satisfactorily under this Agreement and the City's ability to compensate Contractor from appropriated funds. Contractor may request the Purchasing Agent pursuant to the provisions of 7.10 hereof to permit it to delegate its performance to another Designated Depository which is ready, willing and able to perform and to accept compensation in accordance with the provisions of Article 5, which request the Purchasing Agent shall not unreasonably refuse. In the event Contractor cannot identify a Designated Depository willing to undertake Contractor's performance under this Agreement, the City may at its option terminate this Agreement completely, require Contractor to assign to the City any or all of Contractor's subcontracts under this Agreement, or appropriate funds in order to compensate Contractor for its continued services under this Agreement. If the City elects to take assignment of any subcontracts, Contractor shall promptly execute any such assignments when requested to do so by the City; if Contractor fails or refuses to do so when requested, Contractor hereby appoints the Purchasing Agent as its attorney in fact for

such purpose. Contractor shall remain liable to pay any compensation earned by any such Subcontractor but unpaid by Contractor prior to the effective date of the assignment.

Notwithstanding the foregoing, if the Contractor ceases to be a Designated Depository due to a minor matter or deficiency which in the City's reasonable judgment can be readily remedied, the City shall not terminate the Agreement until Contractor has had a reasonable time within which to regain its Designated Depository status.

7.07 Contractor's Additional Warranties.

Contractor Warrants:

A. That it is financially solvent; that it and each of its employees, agents, Subcontractors of any tier are competent to perform the services required under this Agreement; and that Contractor is legally authorized to execute and perform or cause to be performed this Agreement in accordance with its terms.

B. That its Key Subcontractor S.P.S. has the authorization(s) required, if any, to process the City's transactions; that Contractor has informed the City and shall continue to keep the City informed of all of Contractor's or S.P.S.'s obligations in connection with such authorization(s) which may in any way affect Contractor's or S.P.S.'s performance under this Agreement.

C. That it will work cooperatively and in the spirit of good faith with the City in order to assure high quality services. The Contractor agrees to meet with City representatives whenever necessary to promptly resolve any problems that occur in the administration of this Agreement.

D. In the event that there is no spare equipment stored on site, or if the spare equipment malfunctions upon substitution by the City, or if the nature of the spare equipment is such that it requires professional installation, Contractor warrants that it shall make all reasonable efforts to correct such problems at Airport Sites within one hour of being notified by the City and at all other City Sites within ____ hours of being notified by the City.

7.08 Delays And Extensions.

The Contractor agrees that no charges or claims for damages shall be made by it against the City for any delays or hindrances from any cause whatsoever during the progress of any portion of the services and specified in the Agreement. Such delays or hindrances, if any, and if attributable to Excusable Events of Delay, shall be compensated for by an extension of time

for such reasonable period as may be mutually agreed upon between the parties, which shall be memorialized in a writing to be executed by the Contractor and the Purchasing Agent. It is understood, however, that permitting the Contractor to proceed to complete its services or any part of them after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of the City of any of its rights. Under no circumstances shall labor disputes between Contractor or between its Subcontractors and their respective employees be deemed a delay or hindrance beyond Contractor's or its Subcontractors' reasonable control.

7.09 Nonassignability.

Neither the City nor the Contractor shall assign or delegate all or any part of its rights, services or responsibilities under the Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld; but in no case shall any such assignment or delegation by the Contractor relieve Contractor of its obligations under the Agreement. Any such transfer or assignment by the Contractor without the City's prior written consent shall constitute an event of default under the Agreement and be void as far as the City is concerned.

7.10 Termination For Convenience.

The City may terminate this Agreement upon 120 days' written notice by the Purchasing Agent if there is no further need for the services; if the volume of transactions actually processed through the System does not justify the equipment rental fees, wire transfer fees, and communication line costs; or if he deems it to be in the best interests of the City.

7.11 Events Of Default.

The following shall constitute events of default:

- A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.
- B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:
 - (1) Failure to perform the services with sufficient personnel and equipment or with sufficient material to ensure the

performance of the services due to a reason or circumstances other than an Excusable Event of Delay;

(2) Failure to perform the services as required by this Agreement, or inability to perform the services satisfactorily as a result of insolvency, filing for bankruptcy or assignment for the benefit of creditors;

(3) Failure to promptly re-perform within a reasonable time services that were rejected as erroneous or unsatisfactory;

(4) Discontinuance of the services for reasons other than Excusable Events of Delay;

(5) Failure to comply with a material term of this Contract, including but not limited to the provisions concerning insurance and nondiscrimination; and

(6) Any other acts specifically and expressly stated in this Agreement as constituting an event of default.

- C. Any change in ownership or control of Contractor without the prior approval of the Purchasing Agent, which shall not be unreasonably withheld.
- D. Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.12 Remedies.

If any event of default occurs, the City may, at its sole option, declare Contractor in default. Whether to declare Contractor in default is within the sole discretion of the Purchasing Agent and neither that decision nor the factual basis for it is subject to review or challenge under the Disputes provision of this Agreement. Written notification of the default, and any intention of the Purchasing Agent to terminate the Agreement, shall be provided to Contractor and such decision shall be final and effective upon Contractor's receipt, as defined herein, of such notice. Upon the giving of such notice as provided herein, Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials, records and funds accumulated in the performance of this Agreement, whether completed or in the process, to the City. At such time the City may invoke any or all of the following remedies:

- i. The right to terminate this Agreement as to any or all of the services yet to be performed effective at a time specified by the City.
- ii. The right of specific performance, an injunction or any other appropriate equitable remedy.
- iii. The right to money damages.
- iv. The right to withhold all or any part of Contractor's compensation hereunder.
- v. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interests, it may elect not to declare default or to terminate the Agreement hereunder. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits Contractor to continue to provide the services despite one or more events of default, the Contractor shall in no way be relieved of any of its responsibilities, duties or obligations under this Agreement nor shall the City waive or relinquish any of its rights.

The remedies under the terms of the Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy shall be cumulative and shall be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default shall impair any such right or power nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

7.13 Entire Agreement.

This Agreement, and the exhibits attached hereto and incorporated hereby, shall constitute the entire agreement between the parties and no other warranties, inducements, considerations, promises, or interpretations shall be implied or impressed upon this Agreement that are not expressly addressed herein and therein.

7.14 Counterparts.

This Agreement is comprised of several identical counterparts, each to be fully executed by the parties and each to be deemed an original having identical legal effect.

7.15 Severability.

If any provisions of this Agreement shall be held or deemed to be or shall in fact be inoperative or unenforceable as applied in any particular case in any jurisdiction or in all cases because it conflicts with any other provision or provisions hereof or of any constitution, statute, ordinance, rule of law or public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever. The invalidity of any one or more phrases, sentences, clauses or sections contained in this Agreement shall not effect the remaining portions of this Agreement or any part thereof.

7.16 Interpretation.

All references to any person or entity shall be deemed to include any person or entity succeeding to the rights, duties, and obligations of such persons or entities in accordance with the terms and conditions of this Agreement.

7.17 Cooperation.

Contractor agrees at all times to cooperate fully with the City and to act in the City's best interests. If this Agreement is terminated for any reason, or if it is to expire on its own terms, Contractor shall make every effort to assure an orderly transition to another provider of the Services, if any, orderly demobilization of its own operations in connection with the Services, uninterrupted provision of services during any transition period and shall otherwise comply with the reasonable requests and requirements of the City in connection with the termination or expiration.

7.18 Miscellaneous Provisions.

Whenever under this Agreement the City by a proper authority waives Contractor's performance in any respect or waives a requirement or condition to either the City's or the Contractor's performance, the waiver so granted, whether express or implied, shall only apply to the particular

instance and shall not be deemed a waiver forever or for subsequent instances of the performance, requirement or condition. No such waiver shall be construed as a modification of the Agreement regardless of the number of times the City may have waived the performance, requirement or condition.

In addition to the foregoing standard programs and Interchange Fees, City may elect to utilize any special programs which may be offered by VISA or M.C.I. from time to time at the Interchange Rates applicable to those programs. City anticipates using VISA's Express Payment System ("E.P.S.") and M.C.I.'s Quick Payment System ("Q.P.S."), which are more fully described in (Sub)Exhibit 1 attached to this Agreement and hereby incorporated as if fully set forth herein, at its O'Hare Airport parking facility.

q. "Original Paper" means the City copy of a Sales Record or Credit Record transcribed in writing on a paper form which has either been reasonably approved by N.P.C. or supplied by N.P.C. for use under this Agreement.

r. "Processing Fees" means the fees assessed upon City for N.P.C.'s and F.N.B.L.'s processing and entry for settlement, respectively, of Sales Records and Credit Records, as set forth in (Sub)Exhibit 1 hereof.

s. "Products" means the City Fees and Fines imposed by City as a municipality and for which City accepts payment by Charge Card.

t. "Retrieval Request" means a written demand by N.P.C. to City, through I.B.C., in the manner permitted by M.C.I. or VISA, as the case may be, for the retrieval of a Sales Record or Credit Record, either in the form of microfilm or Original Paper, previously delivered in Electronic Image form to N.P.C. by City.

u. "Sales Records" mean all documents or the Electronic Images of such documents used to evidence a transaction for payment for Products through the use of Charge Cards. The form for each Sales Record shall be such as has been either reasonably approved by N.P.C. or supplied by N.P.C. for use under this Agreement. City agrees that it shall bear sole liability for the use of any form of Sales Record which has not been approved or provided by N.P.C.. State legislation may require the use of carbonless or perforated Sales Records.

v. "Successful Transmission" means a transmission for which the total dollar amount and the total number of Sales Records and Credit Records, as reported by City to N.P.C. in connection with such Transmission, correspond with the total dollar amount and total number of Sales Records and Credit Records as verified by N.P.C. following a Transmission evidenced by a confirmation number.

w. "Terminals" means the electronic equipment used at the point of transaction to authorize Sales Records, to access Void List Files and to

z. "Void List Files" are magnetic computer tapes and daily updates thereof which contain the account numbers of Charge Cards which have been lost, stolen, fraudulently used or which are otherwise not to be honored by City without specific authorization from the appropriate Authorization Center.

3. Honoring Charge Cards.

a. City shall honor all valid Charge Cards when properly presented as payment for Products. City shall not establish a minimum or a maximum transaction amount as a condition for honoring Charge Cards.

City shall display the current M.C.I. and VISA marks and symbols provided to City by N.P.C., or by I.B.C., in its service areas and on promotional materials so as to inform the public that valid Charge Cards will be honored at City Sites.

City shall not require a Customer to provide personal information such as home/business address or telephone number or a driver's license for identification as a condition for honoring a Charge Card.

b. City shall examine each Charge Card presented for validity, as described in Paragraph 2(e) of this Agreement. City shall not complete a transaction involving the use of an invalid Charge Card.

c. City shall use Terminals to obtain authorizations and to access the Void List Files. If the transaction is authorized by an Authorization Center, the approval code evidencing such authorization shall be legibly printed in the appropriate space on the Sales Record. With due regard for employee and public safety, City may reasonably attempt to recover the Charge Card, if instructed by the Authorization Center to do so.

d. City shall not receive any payment from a Customer for Products which are included on a Sales Record except in a situation as described in Paragraph 3(g) and 6 of this Agreement, nor shall City make any cash advance to any Customer through the use of a Charge Card.

e. City shall include all items of Products paid for in single transaction in the total amount on a single Sales Record. All Sales Records shall be signed only by the Customer and shall be legibly completed so as to include the data or the machine imprint of the embossed legend from the Charge Card and the City's imprinter plate or electronic equivalent through the use of a Terminal or other electronic printing device; the date of the transaction; a brief description of the Products paid for completed to the Customer's reasonable satisfaction; the total dollar amount including all applicable local, state and federal taxes; the identification of the City employee or agent who completed the transaction; and such additional data as is reasonably required to enable N.P.C. to comply with those M.C.I. Rules and those VISA Operating Regulations which have been provided to the City, state and federal billing disclosure laws and regulations. City shall deliver to the Customer a copy of the legibly completed Sales Record at the time the Sales Record is executed by the Customer.

f. Except as may be provided under special programs offered by M.C.I. or VISA whereby no signature is required, City shall complete the transaction only if the Customer signature on the Sales Record appears to be reasonably the same as the signature appearing on the Charge Card and, if there is a picture on the reverse side of the Charge Card, only if the Customer reasonably resembles the person depicted in such picture. If such identification is uncertain, if the Charge Card cannot be imprinted or if City otherwise reasonably questions the validity of the Charge Card, City may not attempt to complete the transaction.

g. City shall not affect a Charge Card transaction when only a part of the amount due is included on a single Sales Record except when the balance is paid at the time of sale in cash or by check or another Charge Card or card or any combination thereof.

h. If any services are terminated or canceled or any price adjustment is allowed, City shall make the refund, replacement or adjustment to the Customer by preparing, and shall transmit or deliver promptly to N.P.C., a Credit Record. City shall not make any cash refund to the Customer, but shall deliver to the Customer a copy of each Credit Record legibly completed so as to include the date of the transaction; a description of the Products involved; the amount of the credit granted including all applicable local, state and federal taxes; and the data or the imprint of the embossed information from the Charge Card and the City's imprinter plate or electronic equivalent through the use of a Terminal or other electronic printing device.

i. If mutually agreed by City and N.P.C. pursuant to an amendment to this Agreement, City may make transactions with a Customer by mail or telephone or as a pre-authorized order at certain City Sites.

j. City, through I.B.C. or its subcontractor, shall transmit data representing only those Sales Records and Credit Records which represent valid transactions between City and the Customer, and City shall in no event transmit data from any other source whatsoever.

4. Processing Of Sales Records.

a. Each Sales Record or Credit Record which City desires to be processed by N.P.C. shall be received by N.P.C. within twenty (20) calendar days of the date of the transaction, including the transaction date it represents. The Transmission to N.P.C. shall also include a Header Record and Trailer Record. Each such Sales Record or Credit Record which City desires to qualify for a specific Interchange Fee shall be transmitted to N.P.C. in accordance with the guidelines established in this Agreement for that Interchange Fee.

b. City and N.P.C. agree that Sales Records and Credit Records of City transmitted in Electronic Image form to N.P.C. for processing and settlement by N.P.C. and F.N.B.L. which are completed as a Successful Transmission by 2:00 P.M. at N.P.C.'s designated processing center on any banking day shall be deemed to have been received by N.P.C. on the date thereof. City and N.P.C. agree that a Successful Transmission completed other than on a banking day or after 2:00 P.M. at N.P.C.'s designated processing center on any banking day shall be deemed to have been received the next succeeding banking day.

c. N.P.C. agrees to process and F.N.B.L. agrees to enter into M.C.I.'s or VISA's settlement network, as appropriate, all Sales Records and all Credit Records which have been generated and legibly completed in accordance with this Agreement. The parties contemplate that I.B.C., under the terms of the Depository Agreement and for the consideration therein described, will pay to F.N.B.L. all fees set forth in (Sub)Exhibit 1 hereof; however, if for any reason I.B.C. fails to promptly make any such payment to N.P.C., N.P.C. may, after giving written notice to I.B.C. and the City, withhold such payment from the next transmission to I.B.C.. Such payments shall be made in such amounts and at such times as specified in (Sub)Exhibit 1, as same may be revised from time to time as provided herein. (Sub)Exhibit 1 shall at all times constitute an integral part of this Agreement, as if fully set forth herein.

In the event that (Sub)Exhibit 1 provides that N.P.C. or F.N.B.L. may deduct any fees listed in (Sub)Exhibit 1 from the funds collected by F.N.B.L. prior to the wire transfer of those funds to I.B.C., N.P.C. or F.N.B.L. shall provide I.B.C. with sufficient information to enable I.B.C. to: (i) allocate such deducted fees to the various City Sites and (ii) deposit in City's account, on the same day as such wire transfer, any and all deducted fees.

d. Following completion of each settlement through M.C.I.'s and VISA's settlement networks, F.N.B.L. shall wire transfer to City's account at I.B.C. the total face amount of each Sales Record less the total face amount of each Credit Record. F.N.B.L. agrees to electronically transfer funds to I.B.C. on the day such funds become available for withdrawal by City (no later than the first (1st) banking day following the banking day of N.P.C.'s receipt of the relevant Sales Records and Credit Records, as determined in accordance with Paragraph 4(b) of this Agreement). All debits and credits which comprise the wire transfers to City's account are subject to audit by N.P.C., F.N.B.L., City and I.B.C.. City agrees that in the case of any inaccuracies, F.N.B.L. may, with written notice to City and I.B.C., adjust the wire transfer to correct any erroneous credits or debits.

e. Except as provided in Paragraphs 2(u), 5, 9 and 13 hereof, all Sales Records received and accepted by N.P.C. shall be without recourse.

f. Sales Records and Credit Records shall be electronically transmitted to N.P.C. by City, through I.B.C. or its subcontractor, or delivered in such other manner as City and N.P.C. agree upon. The transmission or delivery to N.P.C. of Sales Records shall empower F.N.B.L. to collect the indebtedness represented thereby. In the event of loss in transit to N.P.C. of any Sales Record or Credit Record, City may promptly retransmit such Sales Record or Credit Record to N.P.C. or deliver to N.P.C. a legible microfilm print or legible photostatic copy of the lost Sales Record or Credit Record, which item shall be deemed a Sales Record or Credit Record.

Unless N.P.C. agrees to microfilm Original Paper, City shall retain, for a period of not less than ninety (90) calendar days from the date of delivery of each Sales Record or Credit Record, a Sales Record or Credit Record in the form of Original Paper. In the event of loss, theft, spoilage or destruction of any Original Paper Sales Record or Credit Record, City shall, upon N.P.C.'s request, provide N.P.C. a microfilm copy thereof, if available.

City shall retain Original Paper, or a microfilm or microfiche copy of the Original Paper, for not less than three (3) years. For M.C.I. and VISA requests, City shall, in response to a Retrieval Request, ensure that such requested item is received by the Issuing Member within fifteen (15) calendar days of the date of I.B.C.'s receipt of N.P.C.'s Retrieval Request to City.

g. F.N.B.L. is hereby authorized to charge to City, through I.B.C., the Processing Fees and any Other Fees set forth in (Sub)Exhibit 1 to this Agreement. Such charges may be made in such amounts and at such times as specified in (Sub)Exhibit 1, as same may be revised from time to time as provided herein.

h. The parties acknowledge that the Processing Fees and any Other Fees specified in (Sub)Exhibit 1 are based on the anticipations set forth therein and on present M.C.I. and VISA processing and transmittal expenses and

other factors. The parties agree that the Processing Fees and any Other Fees specified in (Sub)Exhibit 1 may be reviewed and adjusted by N.P.C., upon written notice to City and I.B.C., from time to time to reflect any increase or decrease in N.P.C.'s cost of performance hereunder.

5. Chargebacks.

Subject to the City's right to dispute any chargeback to the full extent permitted by VISA and M.C.I. rules and regulations, F.N.B.L. is authorized to charge daily the amount of any Sales Record or Credit Record to I.B.C., as authorized depository for the City, and return such Sales Record or Credit Record or a legible microfilm print or photostatic copy thereof to City in any of the following situations supported by reasonable evidence:

- a. Where the Customer has a copy of a Credit Record issued by the City for which the Customer has not been compensated;
- b. Where City fails to obtain an authorization from the appropriate Authorization Center. N.P.C.'s authorization log will be used to resolve any authorization dispute;
- c. Where any material portion of the Sales Record or Credit Record is missing, materially illegible, altered, incorrect or inconsistent;
- d. Where the Sales Record describes items other than Products;
- e. Where the Sales Record describes fees and/or fines (other than City Fees and City Fines) the collection of which is in material violation of law or the rules or regulations of any governmental agency, federal, state or local;
- f. Where the Sales Record or Credit Record was received by N.P.C. more than twenty (20) calendar days after the transaction date, including the transaction date;
- g. Where the Sales Record or Credit Record contains the data or imprint of a card other than a Charge Card;
- h. Where the Sales Record does not contain a transaction date or shows that such date has been altered or incorrectly entered;
- i. Where the Sales Record was generated through the use of an invalid Charge Card, as described in Paragraph 2(e) of this Agreement, unless the City received positive authorization for the transaction from an Authorization Center;

j. Where the Sales Record is a duplicate of one previously delivered to an Issuing Member or includes Products previously paid for by, or on behalf of the Customer;

k. Where no Customer signature appears on the Sales Record, except on a mail order, telephone order, pre-authorized order transaction, or pursuant to authorized special VISA or M.C.I. programs such as E.P.S. and Q.P.S.;

l. Where the Cardholder certifies that such Cardholder neither participated in nor authorized a mail order or telephone order or pre-authorized transaction, or the Charge Card number used in the transaction was fictitious, whether or not such transaction was properly authorized by the appropriate Authorization Center;

m. Where the Sales Record does not contain the data or the legible imprint of the embossed legend of a Charge Card or the Authorization Log indicates that the Cardholder's account number was manually entered and the Cardholder has certified that such Cardholder did not make or authorize the transaction;

n. Where the Customer signature on the Sales Record, if required, did not reasonably correspond to the signature appearing on the Charge Card used in the transaction or the Customer did not reasonably resemble the person depicted in a picture on the reverse side of the Charge Card used in the transaction;

o. Where the Customer has submitted adequate proof that the amount shown on the Sales Record has been increased without such Customer's approval; provided, however, the amount of the chargeback shall be limited to the amount of the alleged unauthorized alteration;

p. Where the City's employee generated the Sales Record or Credit Record under circumstances which indicate a fraudulent use of a Charge Card;

q. Where the Sales Record or Credit Record was generated by a City Site after City had received special notice that N.P.C. had designated the Site a "Special Merchant". N.P.C. may so designate a location if it has reason to believe that the location has committed or knowingly permitted misuse of Charge Cards; has presented Sales Records or Credit Records involving fraudulent transactions; has generated excessive numbers of transactions resulting in chargebacks; or is otherwise materially failing to comply with the requirements of Paragraph 3 of this Agreement;

r. Where the Sales Record or Credit Record does not contain the legible imprint of the embossed legend from the City's imprinter plate or electronic equivalent through the use of a Terminal or other electronic printing device;

s. Where the Sales Record or Credit Record does not contain such data as is required to comply with M.C.I.'s Rules or VISA's Operating Regulations to the extent that N.P.C. has provided City with copies of those Rules and Operating Regulations which apply to City, and with federal and state billing disclosure laws and regulations relating to identification of transactions;

t. Where the proper form of Sales Record or Credit Record was not used or the Sales Record or Credit Record was not transmitted in the manner agreed upon;

u. Where N.P.C. makes a Retrieval Request to City, through I.B.C., for any Sales Record or Credit Record and Issuing Member fails to receive such requested M.C.I. or VISA item from the City within fifteen (15) City business days after the date of I.B.C.'s receipt of N.P.C.'s Retrieval Request to City, which Retrieval Request shall specify the date when and the City Site where the transaction allegedly occurred;

v. Where the Sales Record or Credit Record does not evidence a valid transaction between the City and a Cardholder; and

w. In any other situation where the Sales Record or Credit Record was executed or depository credit was given to City in circumstances constituting a breach of any representation or warranty of City hereunder.

The obligation of the City to pay the amount of any such Sales Record or Credit Record pursuant to the provisions of this Paragraph 5 shall be deemed waived by N.P.C. and F.N.B.L. unless demand is made upon City, within two hundred and twenty (220) calendar days from the date of the Successful Transmission from City to N.P.C.; provided however, the time limitation for charging back to City any Sales Record or Credit Record which qualifies as a Cardholder Dispute or Error under the Federal Truth in Lending Act or Regulation E or Regulation Z of the Board of Governors of the Federal Reserve System or any applicable state law, shall be governed by the statute under which the claim is asserted, but in any event shall be at least one (1) year; provided further, however, the time limitation for charging back to City any Sales Record or Credit Record for which City fails to timely satisfy a Retrieval Request shall be three (3) years.

N.P.C. agrees to review chargebacks received from Issuing Members and to use its best efforts to reverse chargebacks which fail to comply with applicable M.C.I. or VISA Rules or Regulations or which N.P.C. otherwise reasonably determines should be reversed.

6. Collection.

F.N.B.L. and Issuing Members shall have the sole right to collect the indebtednesses represented by Sales Records delivered to N.P.C. by City pursuant to this Agreement, unless and until returned to City, in which event City may enforce collection for the balance thereof.

7. Representations.

City represents to N.P.C. and F.N.B.L. that:

a. Each Sales Record delivered to N.P.C. by City shall represent the indebtedness of a Customer in the amounts set forth thereon for only Products paid for and shall not involve any element of credit for any other purpose, and the indebtedness shall not be subject to any defense, dispute, offset or counterclaim supported by reasonable evidence.

b. City shall not make any special charge to a Customer, nor require any Customer to pay any part of the Processing Fees or any Other Fees provided in (Sub)Exhibit 1, through any increase in price, nor require any Customer to pay any finance charge, nor extract any special agreement or condition from a Customer solely due to the Customer entering into a Charge Card transaction. This provision shall not be construed as prohibiting discounts for payments in cash.

8. Service Marks And Trademarks.

City may use without restriction any promotional materials which may be supplied to it by N.P.C. or I.B.C. and which contain the trademarks and service marks (hereinafter collectively called "Marks") owned by N.P.C., F.N.B.L., M.C.I. or VISA. City may utilize such Marks in its own promotional and advertising materials without specific authorization so long as the colors, sizes and designs of such Marks as contained in N.P.C. or I.B.C. supplied materials are not altered or obscured in any way. City shall obtain the prior consent of N.P.C. for any other display, show or use of such N.P.C. supplied Marks. City, N.P.C. and F.N.B.L. acknowledge that none of them will acquire any right, title or interest in or to any other party's Marks or company names by virtue of this Agreement without prior consent. Upon termination of this Agreement, the parties hereto will discontinue all reference to and display of the other parties' Marks and company names.

9. Disputes With Cardholders.

City agrees to handle all claims or complaints asserted by a Cardholder with regard to Products paid for. Any dispute between City and a

Cardholder shall be settled directly by City without liability to N.P.C. or F.N.B.L..

10. Termination.

a. Term. This Agreement shall have an initial term of two (2) years, commencing on the date hereof, and may, at the City's option, be extended for four successive one (1) year terms unless terminated as provided herein.

b. Termination for convenience. The City may at any time, and any other party may, effective upon the expiration date of the initial term or any renewal term, terminate this Agreement upon at least ninety (90) calendar days advance written notice to the other parties. Further, following the expiration date of the initial term, F.N.B.L. may terminate this Agreement at any time upon at least twelve (12) months advance written notice to N.P.C., I.B.C. and City, specifying the date of termination. The foregoing notwithstanding, N.P.C. shall have the right to adjust its Processing Fees and any Other Fees set forth in (Sub)Exhibit 1 to reflect fairly any increase or decrease in N.P.C.'s cost of performance hereunder including, but not limited to, any charge, expense, or fee which is levied upon N.P.C. by a third party which directly affects its cost of performance hereunder and which is not within the reasonable control of N.P.C.. If N.P.C. revises its Processing Fees or any Other Fees and such revision results in an increase in cost to City, City shall each have the right to terminate this Agreement upon at least thirty (30) calendar days advance written notice to N.P.C., provided that such notice is delivered to N.P.C. within thirty (30) calendar days following receipt by City of the written notice from N.P.C. setting forth such revision.

c. Run-Out Period. If this Agreement is terminated by City following such a revision, N.P.C. and F.N.B.L. agree to continue to process and enter for settlement, respectively, all Sales Records and all Credit Records which are generated and completed in accordance with this Agreement for a period of ninety (90) calendar days following such termination date at the Processing Fees which fairly reflects the increased operating costs of N.P.C..

d. Termination for default. If any party shall default in the performance of its obligations as defined in this Agreement and shall fail or refuse to remedy such default within thirty (30) calendar days after written notice identifying such default, any other party may terminate this Agreement on twenty-four (24) hours written notice. In the event of termination by any party, City shall give appropriate notice thereof to its Sites. If any party shall become insolvent, be placed in receivership, make an assignment for the benefit of creditors, or seek relief or have a petition filed against it under any provision of the Federal Bankruptcy Code, any other party may terminate this Agreement immediately upon written notice. No termination shall affect the rights or obligations of any party which may

have arisen or accrued prior to such termination including, but not limited to, City's obligations to honor proper chargebacks and Retrieval Requests and I.B.C.'s obligations to pay all Processing Fees and Other Fees provided in (Sub)Exhibit 1 hereof, N.P.C.'s obligation to process City's Sales Records and Credit Records, and F.N.B.L.'s obligation to enter such Sales Records and Credit Records into settlement and credit City therefor in accordance with Paragraph 4(b) of this Agreement.

11. Entire Agreement And Assignment.

This Agreement, including M.C.I.'s Rules, VISA's Operating Regulations, as they may be amended from time to time, and operational letters, to the extent N.P.C. and/or F.N.B.L. has furnished copies of those Rules, Operating Regulations and operational letters to the City before the execution of this Charge Card Processing Agreement and furnishes to the City copies of any modifications thereto promptly, and further to the extent that the Rules, Regulations and letters are both consistent herewith and address no issues not addressed herein, shall constitute the entire Agreement of the parties. This Agreement shall bind the parties, their respective successors, legal representatives and assigns. This Agreement shall not be assignable by any party hereto without the prior consent of each other party, provided however, that performance of some or all of the services to be performed by N.P.C. hereunder may be delegated by N.P.C. to any other affiliate or subsidiary of National City Corporation.

13. Indemnity Agreements.

a. Each party shall remain liable for its own negligent or wrongful acts or omissions, including any and all expenses, losses, damages and costs incurred as a result of any claim asserted because of unapproved Sales Records or in connection with any claim, complaint or dispute described in Paragraph 9 of this Agreement.

b. N.P.C. and F.N.B.L. shall indemnify, defend and hold City harmless from and against any and all expenses, losses, damages, costs and liabilities incurred as a result of any claim or allegation that systems, specifications or procedures used or furnished by N.P.C. or F.N.B.L. infringe the patent, copyright, trade secret or other proprietary right of any third party or as a result of the breach of any representation, warranty or obligation of N.P.C. or F.N.B.L. under this Agreement.

c. As among City and N.P.C. and F.N.B.L., City shall remain liable for any and all expenses, losses, damages, costs and liabilities incurred as a result of, arising from or in connection with the wrongful acts of any City employee or agent engaging in any transaction by a purported Cardholder which includes, but is not limited to, any fraudulent transactions involving the multiple imprinting of Sales Records and Credit Records or the use of counterfeit Charge Cards.

d. N.P.C. and F.N.B.L. hereby agree to indemnify and hold City and I.B.C. harmless from any and all liability and expenses, including attorneys' fees, resulting from the failure of N.P.C. and F.N.B.L. to perform the services under this Agreement.

14. Force Majeure.

Any party to the Agreement shall be excused from performance hereunder for failure to perform any of the obligations herein where such failure to perform occurs by reason of any act of God, fire, flood, storm, earthquake, tidal wave, sabotage, war, military operation, national emergency,

mechanical or electrical breakdown, civil commotion, strike or other differences with workmen or unions, or an order, requisition, request or recommendation of any governmental agency or acting governmental authority, or any party's compliance therewith or government proration, regulation, or priority, or any other cause beyond such party's reasonable control whether similar or dissimilar to such causes; provided, however, that N.P.C. and F.N.B.L. shall continue to process and enter for settlement, respectively, all Sales Records and Credit Records delivered to N.P.C. by City for not less than thirty (30) days following such occurrence and F.N.B.L. shall appropriately credit City's account when funds are collected.

15. Location List.

City shall provide N.P.C., upon execution of this Agreement, with a complete list of all its locations which City authorizes to honor Charge Cards under this Agreement, with correct and complete mailing addresses and complete telephone numbers, separately designating any which may be permitted to handle M.O., T.O. or P.O. transactions. City shall provide updates to the list at N.P.C.'s request. N.P.C. may, without terminating this Agreement, cease accepting delivery of Sales Records and Credit Records from any location whom it suspects may be engaging in activity which could result in such location being designated a "Special Merchant" in accordance with Paragraph 5 hereof, provided N.P.C. has notified City in writing of such suspicion and the situation creating such suspicion has not been corrected to N.P.C.'s satisfaction within fourteen (14) calendar days following the date of City's receipt of such notice.

16. Confidentiality Of Cardholder Information.

All parties to this Agreement agree not to disclose a Cardholder's account information nor other personal information to any third parties other than to participating parties or their agents for the purpose of assisting each party in completing the transaction or as specifically required by law.

All parties to this Agreement, or any agent of any party, shall store in an area limited to selected personnel and, prior to discarding, shall destroy in a manner rendering data unreadable, all material containing Cardholder account number, card imprints, such as Sales Records or Credit Records, transaction agreements and carbons.

17. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois. If any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or

impaired thereby. N.P.C. and F.N.B.L. each irrevocably submits itself to the jurisdiction of the courts located in Cook County, Illinois, and further agrees that any action brought against the City or I.B.C. in connection with this agreement shall be brought only in those courts located in Cook County, Illinois.

18. Compliance With All Laws.

*Amendment No. 1 To**Planned Development No. 136**Plan Of Development Statements.*

1. The Applicant is LaSalle Street Church, an Illinois religious corporation (the "Applicant"). LaSalle Street Church has been designated by Atrium Village Associates as the party with single designated control with respect to this Amended Planned Development. Atrium Village Associates owns and operates Atrium Village, which is designated herein as "Subarea A" and which is the subject of the existing Residential Planned Development No. 136. The Applicant proposes to amend R.P.D. No. 136 to include "Subarea B", vacant land on which LaSalle Street Church proposes to construct its Project Cornerstone herein described. ("Subarea A", and "Subarea B" are collectively referred to as the "Property"). Title to the property delineated herein as "Subarea A" is held by American National Bank & Trust Company of Chicago as Trustee under Trust Agreement dated April 15, 1977 and known as Trust No. 39653, with beneficial interest in the Trust held by Atrium Village Associates, an Illinois limited partnership. Title to the property designated herein as "Subarea B" (with the exception of the portions of Hill Street and a public alley which are to be vacated) is held by Lake Shore National Bank, as Trustee under Trust Agreement dated August 1, 1988 and known as Trust No. 6362; the beneficial interest in the trust is held by the LaSalle Street Church. Title to the property designated as "Subarea B" is also subject to the provisions of a Contract for the Sale of Land and Redevelopment between the City of Chicago and LaSalle Street Church.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees, or grantees.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal title holder. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned

Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property.

Nothing herein shall be construed to mean that any individual owner of the Property or any portion thereof is relieved of obligations imposed hereunder or rights granted herein or is not subject to City action pursuant to this Planned Development. In addition, nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein, except any assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property so transferred, the term "Applicant" shall be deemed amended to apply to the legal title holder thereof (and their beneficiaries if such title is held in land trust) and the seller or transferor thereof (and their beneficiaries if title is held in land trust) shall thereafter be released from any and all obligations or liability hereunder.

4. This Plan of Development consists of 16 Statements; an Existing Zoning Map; a Property Line and Planned Development Boundary Map; a Generalized Land Use Plan; a Site Plan; Building Elevations; and Table of Use and Bulk Regulations and Data prepared by Barancik, Conte and Associates, Inc.. All of the foregoing documents are dated October 8, 1992. Reduced copies of the Site Plan and Building Elevations are attached hereto and full-sized copies of these items are on file with the Department of Planning and Development. These and no other zoning controls shall apply to the Property. This Planned Development conforms to the intent and purposes of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and satisfies the established criteria for approval as a planned development.
5. Any dedication or vacation of streets and alleys, or easements, or adjustments of rights-of-way or consolidation or re-subdivision of parcels shall require a separate submittal on behalf of the Applicant and approval by City Council. The Applicant and the City acknowledge that legal access for emergency vehicles and loading requirements of the improvements currently existing on the property located immediately to the east of the Property shall be preserved by means of the area depicted on the Site Plan as "Alley to be Dedicated". The Department hereby acknowledges the adequacy and appropriateness of such area for use as a public alley, together with the existing ten foot public alley, to achieve such access. The Applicant acknowledges its agreement, subject to the provisions hereof, to the dedication of the aforesaid "Alley to be Dedicated" depicted on the Site Plan. Accordingly, prior to any Part II approval

for development of the Property, (i) the Applicant shall have caused an application to be properly filed with the City on behalf of the Property's owner or owners requesting that an ordinance be adopted accepting the dedication of "Alley to be Dedicated" depicted on the Site Plan and also to submit a proper form of Plat of Dedication applicable to the "Alley to be Dedicated" depicted on the Site Plan as an exhibit to the aforesaid ordinance, (ii) the City Council, following such hearings and review as required by law, shall have adopted the aforesaid ordinance and (iii) the "Alley to be Dedicated" as depicted on the Site Plan shall have been properly offered for dedication to the City and properly accepted by the City. The City and the Department of Planning and Development shall fully and diligently cooperate with the Applicant to achieve such dedication as provided herein and to expedite the application process required therefor. In no event shall Part II approval be issued for any development of the Property unless prior to such issuance, the interest in the "Alley to be Dedicated" as depicted on the Site Plan has been properly dedicated to and accepted by the City or an easement accepted in writing by said contiguous property owners and approved by the Department of Law has been properly executed and recorded; provided, however, that in the event the City refuses to accept a properly offered dedication, the failure of the City to accept such dedication shall in no way be deemed a default on the part of the Applicant and shall in no way impair or affect the remaining provisions of this planned development or the Applicant's right to construct the apartment building contemplated by this planned development. The net site area of Subarea B of the Property for floor area ratio and square footage calculations shall be as set forth on the Table of Bulk Regulations, notwithstanding the aforesaid dedication.

6. The following uses shall be permitted uses within the area designated as "Residential Planned Development No. 136, as amended", subject to the restrictions in these Statements and in the Table of Bulk Regulations:

11. The Applicant acknowledges that the proposed development site is located adjacent to a Chicago landmark building (the Sexton School). Accordingly, the Applicant agrees to provide a landscape pedestrian walkway within the buffer zone between the landmark building and the proposed apartment building, as provided in Statement 12(B), as a means of increasing visual access to the west and north facades of the landmark building.
12. The improvements on the Property, including all entrances and exits to and from the parking and loading areas, shall be designed, constructed and maintained in substantial conformance with the Site Plans and Building Elevations. The Applicant shall install an illuminated, paved pedestrian walkway no less than six feet in width within this setback area. The pedestrian walkway shall not be closed off by any gate or other obstruction unless the Applicant determines that public safety requires otherwise; any such decision to restrict access for public safety reasons shall be subject to approval by the commander of the local district of the Chicago Police Department, with notice of any such decision provided to the Department of Planning and Development.
 - (C) Handicapped Accessibility. A minimum of five of the 115 off-street parking spaces within Subarea B shall be designed and designated for parking for the handicapped. The proposed development shall comply with all applicable local, state and federal laws and regulations pertaining to removal of physical barriers for persons with disabilities.
 - (D) Modification of Requirements. The requirements of this Statement may be modified, administratively, by the Commissioner of Planning and Development upon application for such a modification by the Applicants and a determination by the Commissioner that such modification is minor in character and appropriate and consistent with the nature of the improvements contemplated by this Planned Development and the purposes underlying the provisions hereof. Any such modification shall be deemed to be a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. This Statement shall not be construed as limiting the authority of the Commissioner pursuant to Section 11.11-3(c) of the Chicago Zoning Ordinance to authorize any other minor change to any of the portions or Statements of this Plan of Development.
13. The maximum permitted floor area ratio (F.A.R.) shall be in accordance with Table of Use and Bulk Regulations attached as part of this Plan of Development. For purposes of F.A.R. calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply.
14. This Planned Development shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Developments", as promulgated by the Commissioner of Planning and Development

in effect on the date hereof. The Planned Development Statements attached to Residential Planned Development Ordinance No. 136 shall continue in full force and effect, except in the event of conflict with these Statements, in which event these Statements shall control.

15. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigerating and Air Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S.").
16. Unless substantial construction of the improvements in Subarea B contemplated by this Planned Development has commenced within two years following adoption of this Planned Development, and unless completion thereof is diligently pursued, then this Amendment to Planned Development No. 136 shall expire; provided, however, that if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all planned developments, then this Planned Development shall expire upon the expiration of such shorter time period as provided by said amendatory ordinance (the first day of which as applied to this Planned Development shall be the effective date of the amendatory ordinance), and provided further, that Planned Development Ordinance No. 136 shall not be subject to expiration as it relates to Subarea A. If this amendment to Planned Development No. 136 expires under the provisions of this section, then the zoning of the Subarea B Property shall automatically revert to R6 General Residence District and C1-4 Restricted Commercial District.

WHEREAS, The 18th Street Office also serves the C.H.A. A.B.L.A. development; and

WHEREAS, Over its three decades of service to these communities, the 18th Street Office has established itself as a neighborhood institution that can be trusted to help disadvantaged persons cope with a legal system that is often seen as remote and uncaring or even hostile to their interests; and

WHEREAS, During the first eight months of 1992, the 18th Street Office of the Legal Assistance Foundation opened 3,678 new cases, more than any other office operated by the foundation, dealing with such legal issues as domestic violence, illegal residential lockouts, evictions, abusive conduct by slumlords, consumer fraud, and attempts to secure unemployment compensation, all of which have immediate impact on clients' daily lives; and

WHEREAS, In spite of the documented need to maintain legal services where they are most needed, and in spite of the success of the 18th Street Office staff in meeting the needs of community residents, the executive director of the Legal Assistance Foundation has proposed to the foundation's board of directors that the 18th Street Office be closed as a cost-cutting measure, and that additional resources of the foundation be devoted to expanded facilities in the Loop; and

WHEREAS, It is unlikely that many of the clients of the 18th Street Office would obtain legal services at all, if the office were not available to them; and

WHEREAS, The closure of the 18th Street Office of the Legal Services Foundation would shatter the trust that has developed over three decades and would deprive thousands of Chicago residents of effective legal services, thereby increasing the residents' alienation from the mainstream of society and sending the message that the poor, the immigrant, the unemployed and other disadvantaged persons are unimportant even to those who claim to serve them; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this sixth day of November, 1992, do hereby urge the board of directors of the Legal Assistance Foundation of Chicago to continue the operation of the Foundation's 18th Street Office; and

Be It Further Resolved, That the City Council Committee on Human Relations conduct hearings to examine the impact that the proposed closure of the Legal Assistance Foundation's 18th Street Office will have on the communities served by that office, and that the committee invite community members, representatives of the Legal Assistance Foundation, representatives of the legal profession and other interested persons to appear at such hearings; and

Be It Further Resolved, That we do hereby call on the Legal Assistance Foundation to take no action on the closing of its 18th Street Office until such time as the Foundation has conducted hearings in the communities served by that office, so that the board of directors of the Foundation may learn the impact of any such action; and

Be It Further Resolved, That suitable copies of this resolution be presented to the Legal Assistance Foundation of Chicago as an expression of our concern for the welfare of the Foundation's clients in the communities served by the 18th Street Office of the Foundation.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority are hereby given and granted to COM Realty, Incorporated, upon the terms and subject to the conditions of this ordinance, to construct, install, maintain and use a portion of the public right-of-way for a proposed access driveway with a steel guardrail located along North Delphia Avenue adjacent to the premises known as 8600 West Catalpa Avenue.

Said access driveway shall be utilized to gain entrance to a parking lot located on private property as shown on print hereto attached.

Authority herein given and granted shall be for a period of five (5) years from and after the date of passage of this ordinance.

The location of said privilege shall be as shown on print hereto attached, which by reference is made a part of this ordinance. Said privilege shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation, the Commissioner of Buildings, the Commissioner of Transportation and the Director of Revenue. The grantee shall keep that portion of the public way

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of One Thousand Five Hundred Sixty-seven and no/100 Dollars (\$1,567.00) per annum, in advance. In case of termination of the privilege herein granted or the grantee transfers title or vacates the premises, the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall become due and payable under the provisions hereof, until the structures and appliances herein authorized are removed and the public way is restored as herein required.
