D.P.D. shall then have fifteen (15) business days to approve or reject the Project Contract. The Demolition and Site Preparation Specifications contained in the Project Contract (the "Specifications") may be simultaneously submitted by the Developer to the City's Building Department, Department of Transportation and such other City departments as may be deemed necessary for the Developer to receive the necessary building permits and other governmental approvals for the Project. The Project Contract shall contain a provision to this effect. The term "Change Order" as used in this Agreement shall mean any amendment or modification to the Project Contract or the Project Budget approved by D.P.D. for the Project. An approved Change Order shall not be deemed to imply any obligation by the City to increase funding or other assistance to the Developer.

5.03 D.P.D. Approval.

Any approvals made by D.P.D. of the Specifications and the Change Orders are for the purposes of this Agreement only and do not affect or constitute approvals required for building permits or the approvals required pursuant to any City ordinance, code, regulation or any other governmental approvals. Any approval shall have no effect upon nor shall it operate as a waiver of the Developer's obligations to comply with all City codes, ordinances and regulations or any other governmental approvals. Any approval of any Change Order shall not be deemed to imply any increase in funding or other assistance to the Developer.

Section 6.

Certification Of Completion.

Upon completion of the Project in accordance with this Agreement, and at Developer's written request, D.P.D. shall issue the Developer a Certificate of Completion ("Certificate") certifying that Developer has fulfilled its obligation to complete the Project. D.P.D. shall respond to the Developer's

written request for a Certificate within thirty (30) days after D.P.D.'s receipt thereof, by issuing either a Certificate or a written statement detailing how the Project does not conform to this Agreement and any other objections to the issuance of a Certificate which D.P.D. may have and the measures which must subsequently be taken by the Developer prior to obtaining the Certificate. The Developer may resubmit a written request for a Certificate upon completion of these measures.

Section 7.

7.01 Utility Connections.

Developer may connect all on-site water, sanitary, storm and sewer lines constructed on the Property to City utility lines existing on or near the perimeter of the Property, provided Developer first complies with all City requirements governing such connections, including the payment of any fees and costs related thereto.

The amount of City Funds available to finance a portion of the cost of the Project and to reimburse the Developer or fund draw requests will be reduced by the amount, if any, of any credit received by the Developer for salvaged items removed from the buildings. Failure to notify the City of any credits shall constitute a material default under this Agreement.

9.04 Funding For Improvements.

The parties agree that the City Funds in the amount set forth in Section 9.03 shall be the partial source of funding for the Project, provided, however, the Developer shall pay the amount by which the actual cost of the Project exceeds such City Funds.

In the event the aggregate cost of the Project exceeds the amount of the City Funds available pursuant to Section 9.03, the Developer shall be solely responsible for those excess costs pursuant to Section 2.04 and shall hold the City harmless from any and all costs and expenses of completing the Project in excess of the City Funds.

9.08 Failure To Complete.

Subject to Section 19.21, if the Developer fails to complete the Project in accordance with the terms hereof and provided the City has complied in all material respects with the disbursement requirements as set out in the Escrow Agreement, then the City shall have the right (but not the obligation) to complete the Project and to pay for the costs of the Project (including interest costs) out of the City Funds, as appropriate. However, such fee may be paid to the City from available tax increment funds.

Section 12.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with (i) the Developer's failure to comply with

A. Governmental Charges.

The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Hawthorn-Campbell Holdings Limited Partnership Property (the "Property") or the Project, or become due and payable, and which create, may create, or appear to create a lien upon all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, state, county, city, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances relating to Developer, the Property or the Project including, specifically, real estate taxes. The Developer shall have the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property to collect the same. However, the Developer's right to challenge real estate taxes applicable to the Property is limited as provided for in paragraph B below, and provided, further, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to D.P.D. of the Developer's intent to contest or object to a Governmental Charge and, unless at D.P.D.'s sole option (i) the Developer shall demonstrate to D.P.D.'s satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent a lien against or the sale or forfeiture of all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings and/or (ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to D.P.D. in such form and amounts as D.P.D. shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the

Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise D.P.D. thereof in writing, at which time D.P.D. may, but shall not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in its sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which D.P.D. deems advisable. All sums so paid by D.P.D., if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses, and other charges relating thereto, shall be promptly disbursed to D.P.D. by the Developer. However, notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. [Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited financial statements at the Developer's own expense.]

B. Real Estate Taxes.

1. Acknowledgement of Real Estate Taxes. The Developer agrees that (i) for the purpose of this Agreement, the total projected minimum assessed value of the Property which is necessary to support the debt service indicated ("Minimum Assessed Value") is shown on (Sub)Exhibit M attached hereto and incorporated herein by reference for the years noted on (Sub)Exhibit M; (ii) Part II of (Sub)Exhibit M sets forth the specific improvements which will generate the fair market values, assessments, equalized assessed values and taxes shown thereon; and (iii) the real estate taxes anticipated to be generated and derived from the respective portions of the Property for the years shown are fairly and accurately indicated in (Sub)Exhibit M.

2. Real Estate Tax Exemption. With respect to the Property neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall apply for, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

3. No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project below the amount of the Minimum Assessed Value as shown in (Sub)Exhibit M.

4. No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer,

shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or by any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean a complaint seeking to increase the assessed value of the Project.

5. Covenants Running with the Land. The parties agree that the restrictions contained in this Paragraph B are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof shall be made subject to such covenants and restrictions.

3. Time Is Of The Essence.

Licensee shall use all efforts to perform, or cause to be performed, the Work within the time limits required under the Agreement, as applicable, or as requested from time to time by the Department. Licensee acknowledges that the failure by Licensee to meet the time limits specified shall result in severe economic or other losses to the Licensor, and that Time Is Of The Essence.

4. Site Rules.

The Site Rules and Regulations ("Site Rules"), which are attached hereto and incorporated by reference herein. Licensee must incorporate the Site Rules into each Contract. To the extent that these Site Rules conflict with any portions of the Contracts, these Site Rules shall prevail.

For purposes of the Work in accordance with this Agreement, the following amendments and deletions are applicable to the attached Site Rules:

(a) T5T shall coordinate the activities of Licensee and its Contractors.

(b) The Licensor shall provide builder's risk coverage for improvements performed, or caused to be performed, by Licensee. Licensee shall, however, be responsible for any additional or increased premium resulting from adding the endorsement of Licensee to the Licensor's policy. Further, the Licensor shall not be responsible for a \$10,000 deductible for each

claim relating to or arising from the activities of the Contractor. Licensee shall be responsible for the payment of any such deductible.

5. Licensor/Licensee Coordination.

In all provisions of this (Sub)Exhibit in which Licensor's written approval or consent is required, such approval or consent must be that of the Tenant Coordinator, unless Licensee is notified in writing by the Commissioner otherwise. Any approval or consent by the Tenant Coordinator hereunder shall not create any liability on Licensor, in whole or in part, for the professional or technical accuracy of Licensee's Work to be provided hereunder. The Tenant Coordinator shall be the final arbiter of any decision to be made or consent or approval to be given under this (Sub)Exhibit. The Tenant Coordinator shall further assist Licensee in coordinating Licensee's Work with other projects and operations at the airport and in Licensee's contacts with any federal, state, or local government agencies. The Tenant Coordinator shall provide such personnel as may be needed from time to time.

7. Requirements For Work.

(a) Project Plans And Approvals Of Plans.

Licensee shall submit, or cause to be submitted, at such levels as may be reasonably requested by the Tenant Coordinator, proposed drawings, plans, and specifications for review and comment by the Tenant Coordinator. Such drawings, plans, and specifications, and all amendments thereto, and the schedule information to be provided by Licensee under Paragraph 7(b), shall be subject to the approval of the Tenant Coordinator. The Tenant Coordinator will approve, conditionally approve, or disapprove submissions of any such drawings, plans and specifications within fifteen (15) days, or as mutually agreed to following receipt thereof. Any conditional approval or disapproval shall be accompanied by an explanation. If Licensee intends to adopt fast track construction procedures, Licensee must still complete each contract package to a reasonable level of detail (including alternate designs selected by Licensee for major structural, mechanical, electrical and architectural elements) that will provide the Tenant Coordinator adequate information upon which to base its review and approval. Licensee shall not proceed with construction operations until all necessary approvals have been obtained.

(b) Licensee To Provide Information.

Prior to the commencement of the Work, and thereafter as often as may be necessary to provide the Tenant Coordinator with current and complete information about the Work, Licensee shall submit to the Tenant Coordinator: (i) initial and updated construction schedules (which shall be reviewed by the Tenant Coordinator for their impact and relation to other projects or operations at the Airport) indicating the proposed and/or actual sequence of all Work, and the estimated date of completion of the Work under each of Licensee's Contracts; and (ii) initial and updated site utilization plans, including limit lines, on-site storage and office areas, and proposed temporary alterations or detours and support detours intended to maintain public access and support services, to, from, through or past operating facilities at the Airport.

- material certificates and samples;
- approved shop drawings;
- progress reports;
- notification of substantial completion of the Work;
- as-built drawings; and
- any other documents related to the Work which may be reasonably requested by Licensor.

(d) Change Orders.

No design change which alters: (i) the scope of the Work or the Project, or (ii) the construction schedule shall be implemented by Licensee without review and approval by the Tenant Coordinator. Tenant Coordinator will approve, conditionally approve or disapprove submissions of change orders, which shall be in the same degree of detail as initial submissions, within fifteen (15) days following receipt thereof. Any conditional approval or disapproval shall be accompanied by an explanation.

(e) Correction Of Work.

In the event the Tenant Coordinator determines that the Work is at material variance from the approved schedule, drawings, plans, and specifications or applicable standards, Licensee shall use its best efforts to expeditiously resolve such variance through immediate consultation with its Contractors. Until it has been determined by the Tenant Coordinator that the Work has been performed without material variance from the approved schedule, drawings, plans and specifications and applicable standards, the Tenant Coordinator may, by written notice to Licensee, (i) suggest to Licensee that Licensee withhold payments from any Contractor which has performed, in the judgment of the Tenant Coordinator, Work which is at material variance from the approved schedule, drawings, plans and specifications, or applicable standards or (ii) suggest to Licensee that it stop Work where it is directly affected by such variance from the approved schedule, drawings, plans, specifications and applicable standards. If Licensee's response is unacceptable in the opinion of the Tenant Coordinator, the Tenant Coordinator shall have the right to direct Licensee to stop any other Work that is at variance with the approved schedule, drawings, plans, and specifications or applicable standards until the affected Work is corrected or replaced.

Any Work which is: (i) in violation of the warranty described above, or (ii) at material variance from the approved schedule, drawings, plans, and

specifications or applicable standards shall be corrected or replaced by Licensee, directly or through its Contractors. The Tenant Coordinator shall inform Licensee of such defect in Work variance within ten (10) days following the detection of such defect, unless the defect affects the structural integrity or safety of the Project, in which case the Tenant Coordinator shall inform Licensee of such defect as soon as reasonably practicable.

8. Compensation To Licensor.

(a) Within no more than thirty (30) days after receipt of an invoice from the Licensor in accordance with Subparagraph (c) below, Licensee shall compensate the Licensor for the cost of those services provided by the Licensor. The Licensor agrees to keep its cost as low as reasonably practicable; provided, however, that in no event shall the aggregate amount of the reimbursement to the Licensor be less than an amount equal to one and one-half percent ($1\frac{1}{2}\%$) of the expenditures for the Work on the Project.

(b) During the continuation of Work, the Licensor shall provide Licensee with an estimate of the Licensor required manhours and budgets each month with regard to its services.

(c) The Licensor shall provide Licensee with monthly invoices that describe time charges for the staff assigned to the Project, and any other costs associated with the services provided by the Licensor. Licensee may, within ten (10) days of such provision, request a meeting with the Licensor to review and discuss such invoices. The Licensor shall hold such meeting or provide Licensee with a reasonable opportunity for such a meeting, and give due consideration to Licensor concerns and recommendations regarding such invoices. Licensee may further request, at Licensee's expense, Licensor to review and audit invoices related to the Work at any time. Licensee shall, upon reasonable request therefor, receive copies of all such audits performed by Licensor and may interview the personnel who performed such audits. In no event shall Licensee withhold from the Licensor the payment.

Licensee shall promptly comply, and shall cause its Contractors to comply, with any request from the Commissioner or Tenant Coordinator to correct the demeanor or conduct of the Contractors. In the event Licensee or its Contractors fail to so comply, the Commissioner shall have the right to stop any or all Work being performed, until such compliance is achieved, without

terminating this Agreement. Licensor shall not be responsible for any additional expense resulting from stopping Work.

Upon conclusion of Work, Licensee shall provide the Tenant Coordinator with final waivers of lien from all Contractors. All such waivers must indicate that the Contractors have been compensated in full and waive all liens in connection with the Work and the Premises.

10. Performance And Payment Bonds.

Such bonds shall comply with the provisions of 30 ILCS 550/1 (1992), as amended, and Section 2-92-030 of the Chicago Municipal Code. Any questions regarding the coordination of your work with other Project Contractors should be addressed to him.

Because the Project is a highly complex, multi-prime effort, it is imperative that all persons performing work on the Project follow certain rules and regulations promulgated to promote the safe, economic, and timely completion of the Project. The City may promulgate additional Rules and Regulations pertaining to the Project as may be needed from time to time. These Rules and Regulations constitute a material term of your contract. In the event of any conflict between these Rules and Regulations and the Contract, these Rules and Regulations shall prevail. In addition, these Rules and Regulations shall be included in contracts with subcontractors of any tier. Failure to properly coordinate your work with T5T and T5V, or to follow these Rules and Regulations, may constitute grounds for loss of access to the Project Site.

Access To Site.

1. Contractor shall not proceed with any work without prior notification to and written approval from the Tenant Coordinator. All of Contractor's architects and consultants must make prior arrangements with the Tenant Coordinator prior to entering the Site.
2. Contractor will be provided with two vehicle stickers which will allow access into the Project Site, provided Contractor is in compliance with these Rules and Regulations.

In the event that the Contractor, or any individual employed by the Contractor, in the performance of this Contract, has (i) unescorted access to aircraft located on or at the City's airports; (ii) unescorted access to secured areas; or (iii) capability to allow others to have unescorted access to such aircraft or secured areas, the Contractor shall be subject to, and further shall conduct with respect to its subcontractors and the respective employees of each, such employment investigations, including criminal history record checks, as the Administrator of the Federal Aviation Administration and the City may deem necessary. Further, in the event of any threat to civil aviation, as defined in the Act, the Contractor shall promptly report any information in accordance with those regulations promulgated by the Secretary of the United States Department of Transportation and by the City. Finally, the Contractor shall, notwithstanding anything contained in the contract specifications, at no cost to the City, perform the Contract in compliance with those guidelines developed by the City

and the Federal Aviation Administration, and in effect at the time of bid opening, with the objective of maximum security enhancement. In the event the Contract involves the design of facilities or equipment, the drawings, plans, and specifications to be provided under the Contract shall comply with those guidelines developed by the City and the Federal Aviation Administration and in effect at the time of the submittal of such drawings, plans, and specifications.

4. All of Contractor's employees shall attend a new employee orientation meeting. This is a one-time event and must be attended before any employee begins working on site.
5. Contractor is solely responsible for the security of its work site. The City, its agents, officials or employees, are not responsible for damage to the Contractor's work or loss of property.

Operations.

1. Normal working hours are from 7:00 A.M. to 3:30 P.M.. Permission to work at other times may be granted in the sole discretion of the Tenant Coordinator. The request to work outside of normal working hours must be made no less than 24 hours before the work is to be started. Should the Contractor elect to work other than during normal working hours, Contractor shall pay for costs for all stand-by-facilities (e.g., paramedics, security, T5V supervision, etc.) required as a result of such work.

2. One service elevator and operator will be available for Contractor's use during normal working hours at no charge. It is noted that this elevator is shared by all contractors on the Project. 4. Contractor will be allowed use of existing temporary toilets.
5. Contractor shall be responsible for all temporary and permanent electrical power and lighting. Contractor may tie into the building system with prior written approval from the Tenant Coordinator. Contractor shall bear all costs associated with any mechanical and electrical tie-ins to the existing building systems required by the Contractor's work. There will be no charge for normal electrical consumption. The Tenant Coordinator will at his sole discretion determine any additional charges to be made.
6. Contractor will not be allowed to store material outside its immediate work area without prior approval from the Tenant Coordinator. If approval is given and the material must be moved, Contractor shall relocate material at its own cost.
7. If Contractor requires space for its office trailers or storage trailer, an area on the Project Site will be assigned to it by the Tenant Coordinator based on availability of space.
8. Contractor shall maintain updated as-built drawings and provide a set of as-built drawings to the Tenant Coordinator upon substantial completion of the work.

Damage To Project.

1. The Tenant Coordinator, or such party as he may designate, shall have the right to inspect the Contractor's work during normal working hours or at any other time deemed necessary by the Tenant Coordinator.
2. Contractor shall take all precautions to protect the Project and all work in place. Contractor shall bear all costs to repair the Project and any work in place damaged by its employees. Contractor shall pay for any and all damage to the Project or work in place as the result of its work. In the event the Contractor's operations cause any damage, interference, or inconvenience to work being carried out

under any other contract, Contractor shall restore, replace, rectify, or otherwise make good any damage to the satisfaction of the Tenant Coordinator. If the Contractor fails to comply with this provision, the work will be done by others at the expense of the responsible Contractor.

3. Special attention must be given to the terrazzo flooring and glass balustrades along moving walkways. The terrazzo floor must be planked with 2x4 lumber for any loads in excess of 6,000 lbs..

Contractor shall not impede, hinder, or delay any other contractor in the performance of its work and shall remain solely and exclusively responsible for any damages or costs incurred by Contractor or other Project contractors as a result of the unreasonable hindrance or delay.
2. It is Contractor's duty to cooperate and communicate with any other Project contractors who will be performing work which may connect, complement or interfere with Contractor's work and each Contractor will be solely and exclusively responsible to resolve any disputes, scheduling interfaces, or coordination problems with all other Project contractors.
3. In the event that any other Project contractor performing work should hinder, disrupt, impede, delay, or damage Contractor's work, Contractor agrees that he shall look solely and exclusively to such Contractor for any and all financial relief and will in no event, make a claim, equitable or otherwise, or attempt to hold the City, its officers, agents or employees, T5T, T5V, Group One, or C.I.C.A. T.E.C. liable for any of the costs or delays thereof.

In addition, neither the City, its officers, agents or employees, T5T, T5V, Group One, or C.I.C.A. T.E.C. shall have any financial responsibility should additional costs be incurred by Contractor because of delays, required acceleration, or disruptions caused by other contractors.

4. Contractor agrees that it will be responsible to any other Project contractor performing work for any loss, injury, damage, or delay caused by Contractor. Contractor shall be solely and exclusively liable to and shall pay other contractors for all damages caused.

Compliance Will All Laws.

1. Contractor shall at all times observe and comply, and cause its subcontractors of any tier to observe and comply, with all applicable federal, state, and local laws, ordinances, rules, regulations, and executive orders, now existing or hereinafter in effect, which may in any manner affect the performance of the contract, the work thereunder, or the Project.
2. Provision(s) required by law, ordinance, rules, regulations, or executive orders to be inserted in the Contract shall be deemed inserted, whether or not they appear in the Contract or, upon application by either party, the Contract shall forthwith be physically amended to physically make such insertion: however, in no event shall the failure to insert such provision(s) prevent the enforcement of such provision or the Contract.

1. Any payments due and owing under these Rules and Regulations shall be made by the Contractor to T5V within thirty days of receiving each invoice.
2. The Contractor shall procure and maintain at all times the types of insurance specified below, at Contractor's own expense, until final acceptance of the Work covered by this Contract, and if required to return during the warranty period, during that period. (To Amendment To Concession License Agreement)

*Additional Special Conditions Regarding Disadvantaged
Business Enterprise Commitment.*

(In Connection With Airport Business Opportunities)

I. Commitment.

In accordance with the requirements of federal statutes and regulations and the City's Minority and Women Business Enterprise Ordinance (Section 2-92-420 et seq. of the Municipal Code of the City of Chicago) ("Ordinance"), it is the City's policy that disadvantaged business enterprises ("D.B.E.s"), as defined below, shall have the maximum opportunity practicable to

participate in the operation of concessions (the "Concessionaire") under any concession license agreement entered into with the City in connection with its airports ("D.B.E. Concession Goal"). The City's goal in 1992 is 15.8%, which means the City wants at least 15.8% of gross receipts from concession operations at the airports to be those of D.B.E. concessionaires. While there is no specific goal for this concession license agreement unless specified in this agreement, the maximum D.B.E. participation in the operation of this concession is desired to compensate for instances when such participation cannot be obtained.

In addition to encouraging D.B.E. participation in operating concessions, the City has a further goal of encouraging D.B.E.s to participate in providing the goods, work and services the Concessionaire may require in order to operate the concession ("Specific Concession Agreement D.B.E. Goal"). The Specific Concession Agreement D.B.E. Goal shall be thirty percent (30%) of gross receipts of each concession, unless these goals are modified: (i) elsewhere in this concession license agreement; (ii) in applicable federal regulations; or (iii) any relevant regulations promulgated by the City under the Ordinance.

II. General Provisions.

A. Definitions.

- (1) "Disadvantaged Business Enterprise" or "D.B.E." means a small business concern awarded certification as a business owned and controlled by socially and economically disadvantaged individuals in accordance with 49 C.F.R. Part 23 and the City Ordinance and relevant regulations.
- (2) "Socially and Economically Disadvantaged Individuals" means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans (as defined below) or women and any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act. The Purchasing Agent shall make a rebuttable presumption that individuals in the following groups are socially and economically disadvantaged. The Purchasing Agent also may determine, on a case-by-case basis, that individuals who are not members of one of the following groups are socially and economically disadvantaged:

- a. "Black Americans", which includes persons having origins in any of the Black racial groups of Africa;
 - b. "Hispanic Americans", which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - c. "Native Americans", which includes persons who are American Indians, Eskimos, Aluets, or Native Hawaiians;
 - d. "Asian-Pacific Americans", which includes persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, the U.S. Trust Territories of the Pacific, and the Northern Marianas;
 - e. "Asian-Indian Americans", which includes persons whose origins are from India, Pakistan and Bangladesh; and
 - f. "Women".
- (3) "Small Business Concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto, except that a small business concern shall not include any concern or group of concerns controlled by the same socially and economically disadvantaged individual or individuals which has annual average gross receipts in excess of a certain sum over the previous three fiscal years, as adjusted periodically by the Secretary of Transportation for inflation.
- (4) "Directory" means the Directory of Certified "Disadvantaged Business Enterprises" "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the Department of Purchases. The Directory identifies firms that have been certified as D.B.E.s, and includes both the date of their last certification and the area of specialty in which they have been certified. Concessionaires are responsible for verifying the current certification status of all proposed D.B.E. firms.
- (5) "Area of Specialty" means the description of a D.B.E. firm's business which has been determined by Purchasing Agent to be most reflective of the D.B.E. firm's claimed specialty or expertise. Each D.B.E. letter of certification contains a

description of the firm's Area of Specialty. This information is also contained in the Directory. Credit toward this contract's D.B.E. participation goal shall be limited to the participation of firms performing within their Area of Specialty.

Notice: The Department of Purchases does not make any representation concerning the ability of any D.B.E. to perform work within its Area of Specialty. It is the responsibility of all Concessionaires to determine the capability and capacity of D.B.E. firms to satisfactorily perform the work proposed.

- (6) "Joint Venture" means an association of two or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Contractors may develop joint venture agreements as an instrument to provide participation by D.B.E.s in contract work. A joint venture seeking to be credited for D.B.E. participation may be formed among D.B.E. firms or between D.B.E. firm(s) and non-D.B.E. firm(s).

A joint venture is eligible for D.B.E. credit if the D.B.E. venturer(s) shares in the ownership, control, management responsibilities, risks and profits of the joint venture, and are responsible for a clearly defined portion of work to be performed, in proportion with the D.B.E. ownership percentage.

B. Third Party Challenges To Eligibility Of D.B.E. Firm.

Any third party may challenge the socially and economically disadvantaged status of any individual (except an individual who has a current 8(a) certification from the Small Business Administration) presumed to be socially and economically disadvantaged if that individual is an owner of a firm certified by or seeking certification from the City as a D.B.E. The challenge shall be made in writing to the City, and shall include all information available to the challenging party relevant to a determination of whether the challenged party is in fact socially and economically disadvantaged. The City will notify the challenged party of the statements and identity of the challenging party and may permit them to respond to the allegations, and will notify both parties in writing of the outcome. If the City determines first that there was not reasonable grounds presented in the challenge sufficient to justify an inquiry, then the City will notify the challenger that the proceedings are now terminated. During the pendency of any challenge, the presumption that the challenged party is a socially and economically disadvantaged individual shall remain in effect.

C. Joint Ventures.

Bidders/Proposers may develop joint venture agreements as an instrument to provide participation by D.B.E.s in contract work or airport business opportunities. A joint venture seeking to be credited for D.B.E. participation may be formed among D.B.E. firms or between a D.B.E. firm and a non-D.B.E. firm.

A Joint Venture Is Eligible To Be Counted Toward D.B.E. Goals If, And Only If, All Of The Following Requirements Are Satisfied:

- (1) The D.B.E. venturer(s) shares in the (1) ownership, (2) control, (3) management responsibilities, (4) risks and (5) profits of the joint venture in proportion with the D.B.E. ownership percentage;
- (2) The D.B.E. venturer(s) is responsible for a clearly defined portion of work to be performed or the business to be operated, in proportion with the D.B.E. ownership percentage;
- (3) In the case of work, the D.B.E. venturer(s) actually performs (with its own forces and using its own equipment) work equal to at least 50% of the value of its ownership of the joint venture. For example, if the D.B.E. is proposed as a 25% venture on a \$1,000,000 contract (or subcontract) for work, the D.B.E. must, in addition to its other joint venture responsibilities, perform work equal to at least \$125,000 (or 50% of 25% of \$1,000,000); and
- (4) In the case of the operation of a business such as a concession, the D.B.E. venturer(s) actually performs the services or operates the business (with its own forces and its own supervising staff) to an extent commensurate with the value of its ownership of the joint venture. For example, if the D.B.E. is proposed as a 25% venturer in a concession business, the D.B.E. must, in addition to its other joint venture responsibilities, operate at least that much of the business as would constitute 25% of the business's gross revenues.

The Purchasing Agent will evaluate the proposed joint venture agreement, the Schedule B submitted on behalf of the proposed joint venture, and all related documents to determine whether these requirements have been satisfied. In addition, the Purchasing Agent shall consider the record of the joint venturers as joint venturers on City of Chicago contracts. The decision of the Purchasing Agent regarding the eligibility of the joint venture shall be final.

Note: Credit for participation by D.B.E.s in a joint venture with non-D.B.E.s does not require a minimum participation of 51% in venture ownership and control on the part of the D.B.E.. A junior ownership interest in the venture by the D.B.E. can be credited toward the Specific Concession Agreement D.B.E. goal in a pro rata fashion, but not the D.B.E. Concession Goal.

D.B.E./non-D.B.E. joint ventures are creditable on either the prime or the subcontractor level and are otherwise subject to federal, state and City contract limitations restricting second tier subcontracting.

Notice: The City requires that, whenever a joint venture is proposed as the prime contractor, each joint venturer must separately sign the proposal to the City.

III. Measuring D.B.E. Participation.

A. Counting D.B.E. Participation For The D.B.E. Concession Goal.

D.B.E. participation shall be counted toward the D.B.E. Concession Goal as follows: where a D.B.E. is a Concessionaire, once the D.B.E. is determined to be eligible under these rules, the total gross receipts generated by the D.B.E. from the concession counts towards the D.B.E. Concession Goal.

In the event of a joint venture or subconcession arrangement between a non-D.B.E. and a D.B.E. for the operation of a concession, only that portion of the gross receipts contributed by the commercially useful efforts of the D.B.E. joint venturer(s) or subconcessionaire(s) count towards the D.B.E. Concession Goal, but in no case may the percentage contribution attributable to a D.B.E. joint venture exceed the D.B.E.'s percentage interest in the joint venture. Where the Purchasing Agent has reason to doubt the extent of a D.B.E. joint venturer's or subconcessionaire's commercially useful contribution towards the Concessionaire's gross receipts, the Purchasing Agent may request evidence to substantiate the D.B.E.'s contribution. No credit shall be given toward the D.B.E. Concession Goal if the subconcessionaire or joint venturer is not participating in the actual operation of the concession, but rather is providing goods or services used by a Concessionaire.

B. Counting D.B.E. Participation Toward The Specific Concession Agreement D.B.E. Goal.

- (1) Where a D.B.E. is a contractor for work, goods or services and is determined to be eligible in accordance with these rules, except as provided below, the total dollar value of the contract awarded to the D.B.E. may be counted toward the Specific Concession Agreement D.B.E. Goal, except that a Concessionaire may count only a portion of the total dollar value of a contract with a joint venture subcontractor eligible under the standards of these Special Conditions equal to the percentage of the ownership and control of the D.B.E. joint venturer.
- (2) Where a Concessionaire contracts out for work, a Concessionaire may count toward its Specific Concession Agreement D.B.E. Goal only expenditures to firms that perform a commercially useful function in the work of a concession. A firm is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a concession and carries out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Purchasing Agent shall evaluate the amount of work subcontracted, industry practices, and other relevant factors.

Consistent with normal industry practices, a D.B.E. may enter into subcontracts. If a D.B.E. contractor subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the D.B.E. shall be presumed not to be performing a commercially useful function. Evidence may be presented by the contractors involved to rebut this presumption.

- (3) A Concessionaire may count toward its D.B.E. goal the following expenditures to D.B.E. firms that are not manufacturers or regular dealers:
 1. The fees or commissions charged for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel,

facilities, equipment, materials or supplies required for performance of the concession agreement, provided that the fee or commission is determined by the Purchasing Agent to be reasonable and not excessive as compared with fees customarily allowed for similar services.

2. The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by the Purchasing Agent to be reasonable and not excessive as compared with fees customarily allowed for similar services.
3. The fees or commissions charged for providing any bonds or insurance specifically required under the concession agreement, provided that the fee or commission is determined by the Purchasing Agent to be reasonable and not excessive as compared with fees customarily allowed for similar services.

IV. Procedure To Determine Bid/Proposal Compliance.

- A. The following Schedules and documents constitute the bidder's or proposer's D.B.E. proposal, and must be submitted in accordance with the guidelines stated. The proposal should indicate whether the bidder or proposer believes it is a D.B.E. and to what extent can it be counted toward the D.B.E. Concession Goal and should clearly indicate the Specific Concession Agreement D.B.E. commitment.

- (1) Schedule B: Affidavit of D.B.E./Non-D.B.E. Joint Venture.

Where the D.B.E. proposal includes the participation of any D.B.E. as a joint venturer prime or subcontractor, the proposers must submit, together with their proposal, a Schedule B: Affidavit of D.B.E./Non-D.B.E. Joint Venture with an attached copy of the joint venture agreement proposed among the parties.

The Schedule B, in conjunction with the joint venture agreement must clearly evidence that the D.B.E.

venturer will be responsible for a clearly defined portion of the work to be performed or the concession(s) to be operated and that the D.B.E. firm's responsibilities are in proportion with their ownership percentage, as described under II(C) Joint Ventures. In order to demonstrate the D.B.E. venturer's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the proposed joint venture agreement shall include specific details related to (i) the contributions of capital and equipment; (ii) work items or management services or concession(s) to be performed or operated by the D.B.E.'s own forces; (iii) work items, management services or concessions to be performed or operated under the supervision of the D.B.E. venturer; and (iv) the commitment of management, supervisory and operative personnel employed by the D.B.E. to be dedicated to the performance of the project.

The Schedule B, together with the joint venture agreement must, in addition, clearly evidence the commitment of the D.B.E. venturer to actually perform (with its own forces and equipment) work equal to at least fifty percent (50%) of the value of its ownership of the joint venture or to operate a concession business (with its own forces and supervisory staff) to an extent commensurate with the value of its ownership in the joint venture.

- (2) Schedule C: Letter Of Intent To Perform As A Subcontractor, Subconsultant, Or Goods Or Material Supplier.

A Schedule C, executed by the D.B.E. firm (or joint venture subcontractor) must be submitted by the proposer for each D.B.E. included on the proposer's Schedule D. Each Schedule C must accurately detail the work to be performed by the D.B.E. firm and the agreed rates and prices to be paid. If any fully complete and executed Schedule C is not or cannot be submitted with the proposal, it must be received by the Purchasing Agent within two (2) business days after the date set for receipt of proposals except as provided for elsewhere in the R.F.P..

(3) Letters Of Certification.

A copy of each proposed D.B.E. firm's Letter of Certification from the City of Chicago must be submitted with the proposal.

All Letters of Certification issued by the City of Chicago include a statement of the D.B.E. firm's area of specialization. The D.B.E. firm's scope of work, as detailed by its Schedule C must conform to its stated area of specialization. Where a D.B.E. is proposed to perform work or supply goods, materials or services not covered by its area of certification, it must request an extension of its certification at least thirty (30) calendar days prior to its being proposed to perform such work or supply such goods, materials or services. The D.B.E. firm's request to expand the scope of its certification, together with all documentation required by the City to process that request, must be received by the City at least thirty (30) calendar days before execution of any agreement with the City.

(4) Schedule D: Affidavit Of Prime Contractor Regarding D.B.E.s.

Proposers must submit, together with the proposal, a completed Schedule D committing them to the utilization of each listed D.B.E. firm. Except in cases where the proposer has submitted a complete request for a waiver or variance of the Specific Concession Agreement D.B.E. Goal (See V. Grant of Relief for Proposers, below), the proposer must commit with respect to the acquisition of goods, work or services to the expenditure of a specific dollar amount of participation by each D.B.E. firm included on its Schedule D. The total dollar commitment to proposed D.B.E. firms must at least equal the Specific Concession Agreement D.B.E. Goal.

All commitments made by the Proposer's Schedule D must conform to those presented in the submitted Schedule Cs. Where Schedule Cs will be submitted after the date set for receipt of proposals, the proposer may submit a revised Schedule D (executed and notarized in triplicate) to conform with the Schedule Cs. Except in cases where substantial and documented justification is provided, proposers will not be allowed to reduce the

dollar commitment made to any D.B.E. in order to achieve conformity between the Schedules C and D.

- B. The submittals must have all blank spaces on the Schedule pages applicable to the subject specification correctly filled in.
- C. Agreements between a proposer and a D.B.E. in which the D.B.E. promises not to provide subcontracting quotations to other proposers are prohibited.
- D. During the period before award, the submitted documentation will be evaluated. Furthermore, the proposer agrees to give, upon request, earnest and prompt cooperation to the Purchasing Agent and/or Contract Compliance Officer or authorized delegate in submitting to interviews that may be necessary, or in allowing entry to places of business or in providing further documentation, or in soliciting the cooperation of a proposed D.B.E. in providing such assistance. A proposal may be treated as non-responsive by reason of the determination that a proposer's proposal contains an insufficient level of D.B.E. participation, or that the proposer was found to be unresponsive or uncooperative when asked for further information relative to the proposal, or that false statements were made in the Schedules.
- E. In cases where the City's review of a proposal concludes that the D.B.E. proposal was deficient, the proposer will be instructed to submit (within three business days of such notice given by the City), a modification of the D.B.E. proposal, in proper format, which remedies all the deficiencies cited. The failure to correct all deficiencies as required by this section may result in a Purchasing Agent's determination that a proposal is "non-responsive". The Purchasing Agent shall have the discretion to apply suitable sanctions against any proposer who fails to comply with these requirements. Appropriate sanctions may include, without limitation, forfeiture of the proposal deposit, if any, rejection of the proposal, and suspension of the proposer's eligibility to enter into future contracting opportunities with the City.
- F. Proposers will not be permitted to modify their D.B.E. proposals except insofar as directed to do so by the City. All terms and conditions stipulated for prospective D.B.E. subcontractors or suppliers therefore should be satisfactorily negotiated prior to the submission to the City of the proposer's D.B.E. commitment as part of a proposer's proposal. If circumstances should arise, however, where a proposed D.B.E. becomes no longer available,

the process described below in the section entitled VII. D.B.E. Substitutions and Waivers of Requirements should be followed.

- G. When necessary in the interest of time, the City may treat as non-responsive a proposal instead of granting extended time for a proposer to replace D.B.E.s named in the proposer's proposal which were later determined to be ineligible or unavailable.

V. Grant Of Relief For Proposers.

The following Regulations set forth the standards to be used in determining whether or not a reduction or waiver of the Specific Concession Agreement D.B.E. Goal is appropriate. As explained above, no D.B.E. Concession Goal is set for this concession license agreement unless contained elsewhere in this concession license agreement, since the goal is based on gross receipts of all airport concessions; however, maximum participation by D.B.E.s in operating this concession is desired.

In the event a D.B.E. Concession Goal for this particular concession license agreement is provided for elsewhere in this agreement, the procedure is set forth below for waiver of the Specific Concession Agreement D.B.E. Goal. In the event a proposer determines that it is unable to meet the Specific Concession Agreement D.B.E. Goal for a City concession license agreement, a written request for the reduction or waiver of the commitment must be included in the proposal. The written request for reduction or waiver from the commitment must be in the form of a signed petition for grant of relief from the D.B.E. percentages. The request must be submitted on the proposer's letterhead and must demonstrate that all required efforts as set forth in this document were taken to secure eligible D.B.E.s to meet the commitments. The Purchasing Agent or designee shall determine whether the request for the reduction or waiver will be granted.

Proposers will be considered responsive to the terms and conditions of these Regulations if a waiver request and proof of notification to an assist agency is submitted at the time of proposal opening. Once the proposals have been opened, the most responsive and responsible proposer so deemed by the Purchasing Agent or authorized designee will have 14 calendar days to submit to the Department of Purchases complete documentation that adequately addresses the conditions for waiver described herein. Failure to submit documentation sufficient to support the waiver request may cause the proposal to be found non-responsive by the Purchasing Agent, and the proposal may be rejected. In such cases the remedies to be taken by the Purchasing Agent, in his discretion, may include, but are not limited to, forfeiture of proposal deposit, negotiating with the next lowest proposer, or readvertising the proposal. All proposers are encouraged to submit all required documents at the time of proposal opening to expedite the contract award.

A. D.B.E. Participation.

Each of the following elements must be present in order to determine whether or not such a reduction or waiver is appropriate.

- (1) The proposer has documented the unsuccessful solicitation for either subcontractors or joint venture partners of at least 50% (or at least five when there are more than nine certified firms in the commodity area) of the appropriate certified D.B.E. firms to operate any part of the concession or to furnish any direct work, goods or services identified or related to the concession. Direct participation involves subcontracting a portion of the goods/services specifically required in the proposal. Documentation must include but is not necessarily limited to:
 - a. A detailed statement of efforts to identify and select portions of the concession operation or the work, goods or services required for the concession for subcontracting to certified D.B.E. firms;
 - b. A listing of all D.B.E. firms contacted that includes:
 - i) Names, addresses and telephone numbers of D.B.E. firms solicited;
 - ii) Date and time of contact;
 - iii) Method of contact (written, telephone, transmittal of facsimile documents, etc.).
 - c. Copies of letters or any other evidence of mailing that substantiates outreach to D.B.E. operators or vendors that includes:
 - i) Project identification and location;
 - ii) Classification/commodity of work items for which quotations were sought;
 - iii) Date, item and location for acceptance of subcontractor proposals;
 - iv) Detailed statement which summarizes direct negotiations with appropriate D.B.E. firms for

specific portions of the work and indicates why negotiations were unsuccessful;

- v) Affirmation that good faith efforts have been demonstrated by choosing subcontracting opportunities likely to achieve the Specific Concession Agreement D.B.E. Goal by not imposing any limiting conditions which were not mandatory for all subcontractors; or denying the benefits ordinarily conferred on D.B.E. subcontractors for the type of work that was solicited.

Or

- (2) In the case of work, goods or services to be furnished for the concession, subcontractor participation will be deemed excessively costly when the D.B.E. subcontractor proposal exceeds the average price quoted by more than fifteen percent (15%). In order to establish that a subcontractor's quote is excessively costly, the proposer must provide the following information:
 - a. A detailed statement of the work identified for D.B.E. participation for which the proposer asserts the D.B.E. quote(s) were excessively costly (in excess of 15% higher):
 - i) A listing of all potential subcontractors contacted for a quotation on that work item;
 - ii) Prices quoted for the subcontract in question by all such potential subcontractors for that work item.
 - b. Other documentation which demonstrates to the satisfaction of the Purchasing Agent that the D.B.E. proposals are excessively costly, even though not in excess of 15% higher than the average price quoted. This determination will be based on factors that include, but are not limited to the following:

- i) The City's estimate for the work under a specific subcontract;
- ii) The proposer's own estimate for the work under the subcontract;
- iii) An average of the bona fide prices quoted for the subcontract;
- iv) Demonstrated increase in other contract costs as a result of subcontracting to the D.B.E.

B. Assist Agency Participation.

Every waiver and/or reduction request must include evidence that the Proposer has provided timely notice of the need for subcontractors to an appropriate association/assist agency representative of the D.B.E. business community.

The notice requirement of this Section will be satisfied if a Proposer contacts at least one of the associations on Attachment A to these Regulations when the Concessionaire seeks a waiver or reduction in the utilization goals. Attachment B to these Regulations provides the letter format that a prime contractor may use. Proof of notification prior to proposal submittal (e.g., certified mail receipt or facsimile transmittal receipt) will be required for any proposal submitted to be deemed responsive on the date of proposal opening. If deemed appropriate, the Purchasing Agent or Contract Compliance Administrator may contact the assist agency for verification of notification.

C. Impracticability.

- (1) If the Purchasing Agent determines that a lesser Specific Concession Agreement D.B.E. percentage standard is appropriate with respect to a particular concession agreement subject to competitive proposing prior to the solicitations for the concession agreement, proposal specifications shall include a statement of such revised standard.
- (2) The requirements set forth in these Regulations shall not apply where the Purchasing Agent determines that D.B.E. subcontractor participation is impracticable. This may occur whenever the Purchasing Agent determines that for reasons of time, need, industry practices or standards not previously known by the Purchasing Department administrator, or such other extreme circumstances as may be deemed appropriate,

such a waiver is in the best interests of the City. This determination may be made in connection with a particular concession agreement, whether before the concession is let for proposal, during the proposal or award process, before or during negotiation of the concession agreement, or during the performance of the agreement.

For all notifications required to be made by proposers, in situations where the Purchasing Agent has determined that time is of the essence, documented telephone contact may be substituted for letter contact.

VIII. Reporting.

A. Operation Of Concession.

- (1) The Concessionaire shall, within five working days of receiving the awarded concession agreement, execute a formal subcontract with any D.B.E. subcontractor which was proposed to operate a portion of the concession.
- (2) The Concessionaire shall file monthly D.B.E. utilization reports, together with its monthly concession license fee payment, delineating the D.B.E. contribution to Concessionaire's gross receipts for the month and cumulatively for the year to date. Each D.B.E. utilization report shall be signed by an authorized officer or representative of the Concessionaire and notarized.

B. Furnishing Of Work, Goods And Services.

- (1) The Concessionaire shall, within five working days of receiving the awarded concession agreement, execute a formal subcontract or purchase order with the D.B.E.s which were proposed all in accordance with the terms of the Concessionaire's proposal and D.B.E. assurances, and shall promptly submit to the City at that time a copy of the D.B.E. subcontracts or purchase orders, each showing acceptance of the subcontract or purchase order by the D.B.E..
- (2) During the term of the concession agreement, the Concessionaire shall submit partial and final waivers of lien, where appropriate, from D.B.E. subcontractors

which are drawn up to show the true, cumulative dollar amount of subcontractor payments made to date.

- (3) The Concessionaire shall file regular D.B.E. utilization reports on Purchases Form D.B.E. Status -- 1 entitled "Status Report of D.B.E. (Sub)Contract Payments". The Concessionaire shall present the notarized D.B.E. status form executed to reflect the current status of effective and projected payments to D.B.E.s.

IX. D.B.E. Substitutions And Waivers Of Goals.

A. Arbitrary changes by the Concessionaire of the commitments earlier certified in the Schedule D are prohibited. Further, after once entering into each approved D.B.E. subagreement, the Concessionaire shall thereafter neither terminate the subagreement, nor reduce the scope of the work to be performed by the D.B.E., nor decrease the price to or the level of participation of the D.B.E., without in each instance receiving the prior written approval of the City. In some cases, however, it may become necessary to substitute a new D.B.E. in order actually to fulfill the D.B.E. requirements. In such cases, the City must be given reasons justifying the release by the City of prior specific D.B.E. commitments established in the Concessionaire's D.B.E. proposal, and will need to review the eligibility of the D.B.E. presented as a substitute. The substitution procedure will be as follows:

- (1) The Concessionaire must notify the Purchasing Agent immediately in writing of an apparent necessity to reduce or terminate a D.B.E. subcontract or joint venture and to propose a substitute firm for some phase of the operation or the work, goods or services, if needed in order to sustain the fulfillment of the D.B.E. Concession Goal or the Specific Concession Agreement D.B.E. Goal.
- (2) The Concessionaire's notification should include the specific reasons for the proposed substitution. Stated reasons which would be acceptable include any of the following examples: a previously committed D.B.E. was found not to be able to perform, or not to be able to perform on time; a committed D.B.E. was found not to be able to produce acceptable work; a committed D.B.E. was discovered later to be not bona fide; a D.B.E. previously committed at a given price later demands an unreasonable escalation of price.

The Concessionaire's position in these cases must be fully explained and supported with adequate documentation. Stated reasons which will not be acceptable include: a replacement

firm has been recruited to perform the same work under terms more advantageous to the Concessionaire; issues about performance by the committed D.B.E. were disputed (unless every reasonable effort has already been taken to have the issues resolved or mediated satisfactorily); and a D.B.E. has requested reasonable price escalation which may be justified due to unforeseen circumstances.

- (3) The Concessionaire's notification should include the name, address, and principal official of any proposed substitute D.B.E. and the dollar value and scope of work of the proposed subcontract. Attached should be all the same D.B.E. affidavits, documents, and Letters of Intent which are required of bidders, as enumerated above in Section IV. Procedure to Determine Bid/Proposal Compliance.
- (4) The City will evaluate the submitted documentation, and respond within fifteen working days to the request for approval of a substitution. The response may be in the form of requesting more information, or requesting an interview to clarify or mediate the problem. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, the City will instead respond as soon as practicable.
- (5) Actual substitution of a replacement D.B.E. should not be made before City approval is given of the acceptability of the substitute D.B.E.. A subcontract with the substitute D.B.E. must be executed within five working days, and a copy of the D.B.E. subcontract with signatures of both parties to the agreement should be submitted immediately to the City.

B. After award of a concession, no relief of the D.B.E. requirements will be granted by the City except in exceptional circumstances. Requests for complete or partial waiver of the D.B.E. requirements of this agreement must be made in writing, stating all details of the request, the circumstances, and any additional relevant information. The request must be accompanied by a record of all efforts taken by the Concessionaire to locate specific firms, solicit D.B.E. bids, seek assistance from technical assistance agencies, etc., as outlined above in Section V. Grant of Relief for Proposers.

C. In a case where an enterprise under contract was previously considered to be a D.B.E. but is later found not to be, or whose work is found not to be creditable toward D.B.E. goals fully as planned, the City will consider the following special criteria in evaluating a waiver request:

1. Whether the Concessionaire was reasonable in believing the enterprise was a D.B.E. or that eligibility or "counting" standards were not being violated.
2. The adequacy of unsuccessful efforts taken to obtain a substitute D.B.E. as outlined in Section VII. Grant of Relief for Proposers.

D. The Purchasing Agent solely will determine grants of waiver and all matters of D.B.E. compliance.

X. Non-Compliance And Damages.

The following constitute a material breach of any concession agreement entered into of which these special conditions form a part and shall entitle the City to declare a default, terminate the contract and exercise those remedies provided for in the agreement, at law or in equity:

1. Failure to satisfy the D.B.E. percentages required by the concession agreement; and
2. The Concessionaire, joint venturer or subcontractor is disqualified as a D.B.E., such status was a factor in concession award, and was misrepresented by the Concessionaire.

In the event that the Concessionaire is determined not to have been involved in any misrepresentation of the status of the disqualified joint venturer or subcontractor or supplier, the Concessionaire shall discharge the disqualified subcontractor or supplier and, if possible, identify and engage a qualified D.B.E. as its replacement. Furthermore, continued eligibility to enter into future contracting arrangements with the City may be jeopardized as a result of non-compliance. Payments due to the Concessionaire, if any, may be withheld until corrective action is taken.

In the event the Concessionaire has not complied with the contractual D.B.E. percentages, underutilization of identified D.B.E.s shall entitle the affected D.B.E.s to recover from the Concessionaire damages suffered by these D.B.E.s as a result of such underutilization. Therefore, the Concessionaire hereby agrees that any disputes between the Concessionaire and such affected D.B.E.s regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorneys' fees, being recoverable by a

prevailing D.B.E. in accordance with applicable City regulations. This provision is intended for the benefit of any D.B.E. affected by underutilization and grants them specific third party beneficiary rights. In cases where deemed appropriate by the Purchasing Agent, notification of a dispute by the affected D.B.E. or the Concessionaire may lead to the withholding of sums that the City may owe Concessionaire until the City receives a copy of the final arbitration decision, but in no event shall the Concessionaire be excused from making any payments due to the City during the pendency of a dispute.

XI. Record Keeping.

The Concessionaire shall maintain records of all relevant data with respect to the utilization of D.B.E.s, retaining these records for a period of at least three years after termination or expiration of the concession agreement. Concessionaire grants full access to these records to the City of Chicago, federal or state authorities, the U.S. Department of Justice, or any duly authorized representatives thereof.

XIII. Concessionaire Assistance.

Concessionaires must themselves assist D.B.E.s in overcoming barriers to program participation. The following instruments of assistance, for example, should be used as applicable:

- A. Developing solicitations of subcontract proposals so as to increase potential D.B.E. participation. This can take the form of breaking down large subcontracts into smaller ones, and of issuing notice of solicitations in a timely manner;
- B. Providing technical assistance and guidance in the proposing, estimating, and scheduling processes;
- C. Considering purchasing supplies and/or leasing the required equipment for a job, then subcontracting only for the expertise required to perform the work;

- D. Providing accelerated payments or establishing prorated payment and delivery schedules so as to minimize cash flow problems faced by small firms;
- E. Providing, waiving, or reducing subcontractor bonding requirements; allowing stage bonding (bonding carried over from one project stage to the next); and
- F. Providing a pre-bid conference for potential subcontractors.

In addition to the employment of minority and women business enterprises for construction work and materials, and goods and services directly used for the concession, the Concessionaire should consider the utilization of D.B.E.s in fields indirectly related to management and concession contracts: banking, office equipment sales, vehicle sales, mechanical repair, legal and accounting services, building security, graphics and advertising, etc..

XIV. Equal Employment Opportunity.

Compliance with D.B.E. requirements will not diminish or supplant Equal Employment Opportunity and Civil Rights provisions as specified elsewhere in the concession agreement and as they relate to Concessionaire and subcontractor obligations.

This Payment Agreement and Note ("Agreement") is entered into on _____, 1993, between the City of Chicago (the "City"), a municipal corporation and a home rule unit of local government of the State of Illinois, and Independence Bank of Chicago, an Illinois corporation (the "Bank").

Whereas, There is an Amended Foreign Currency Exchange Concession License Agreement ("Concession Agreement") between the Bank and the City, which was authorized by the Chicago City Council ("City Council") on March 29, 1989 (Council Journal of the Proceedings, pages 26365 -- 26393), for the operation of a foreign currency exchange facility at Chicago O'Hare International Airport (the "Airport"); and

Whereas, A dispute has arisen between the City and the Bank regarding whether the Bank is in arrears under the terms of the Concession Agreement, and the City and the Bank believe it is in their best interest to settle this matter at this time so as to avoid the risks and costs associated with future litigation; and

Whereas, The City and the Bank have agreed to settle their dispute in accordance with the terms of an amendment to the Concession Agreement, of which this Agreement is a part, to be submitted to City Council for its approval; and

Whereas, Upon City Council approval of the aforesaid amendment to the Concession Agreement, through payment of \$100,000.00 pursuant to the terms of this Agreement and making timely payments under the terms of the amendment to the Concession Agreement, the Bank will cure any alleged arrearage under the Concession Agreement incurred prior to June 1, 1993;

Now, Therefore, The Bank, the Maker, hereby agrees, as of the date of this Agreement, to pay to the order of the City of Chicago the sum of One Hundred Thousand and no/100 Dollars (\$100,000.00) representing the settlement amount due pursuant to the terms of this Agreement and the aforementioned amendment to the Concession Agreement.

The Bank, as the Maker, shall pay the sum of One Hundred Thousand and no/100 Dollars (\$100,000.00) due under this Agreement in five (5) equal yearly installments of \$20,000.00 commencing on June 15, 1993, and continuing thereafter on the 15th day of June each year until fully paid. No interest shall accrue on any unpaid balance due under the terms of the Agreement. The Bank shall have the option to prepay the balance due under the Agreement at any time without penalty.

All payments are to be made at 121 North LaSalle Street, City Hall, Room 610, Chicago, Illinois 60602, to the attention of Scott A. Lindenberg, Chief Assistant Corporation Counsel.

The Bank, the Maker, understands and agrees that, should it default in any payment as set forth above, and that default is not cured within 10 days of receipt by Bank, addressed to Independence Bank of Chicago, 7936 South Cottage Grove Avenue, Chicago, Illinois 60619, Attention: Mr. Alvin J. Boutte, of written notice of same from the City, the entire principal remaining to be paid under the Agreement will then become due and owing and the City will be entitled to have the entire balance remaining paid immediately without further notice or demand. Further, in the event the Bank fails to cure any default under the terms of the Agreement, the City retains the right to sue under the terms of the aforesaid Concession Agreement and amendment thereto for any amounts deemed due thereunder. For purposes of this paragraph only, "default" shall be defined as any payment not received within 7 days of its original due date, and any notice, if mailed, shall be presumed to be received on the third business day after the notice is placed in the mails with sufficient postage prepaid.

The Bank further agrees that its failure to cure any default under the terms of the Agreement may result in the termination, at the election of the City, of any and all concession agreements between the City and the Bank at the Airport, and immediate possession, by the City, of all space occupied by the Bank under the Concession Agreement and amendment thereto, without prejudice to any other rights the City may have at law, in equity or otherwise against the Bank.

The Bank, the Maker, also understands and agrees that any default under the Concession Agreement or amendment thereto, of which this Agreement is a part, shall also constitute a default hereunder, and give rise to all of the remedies herein set forth.

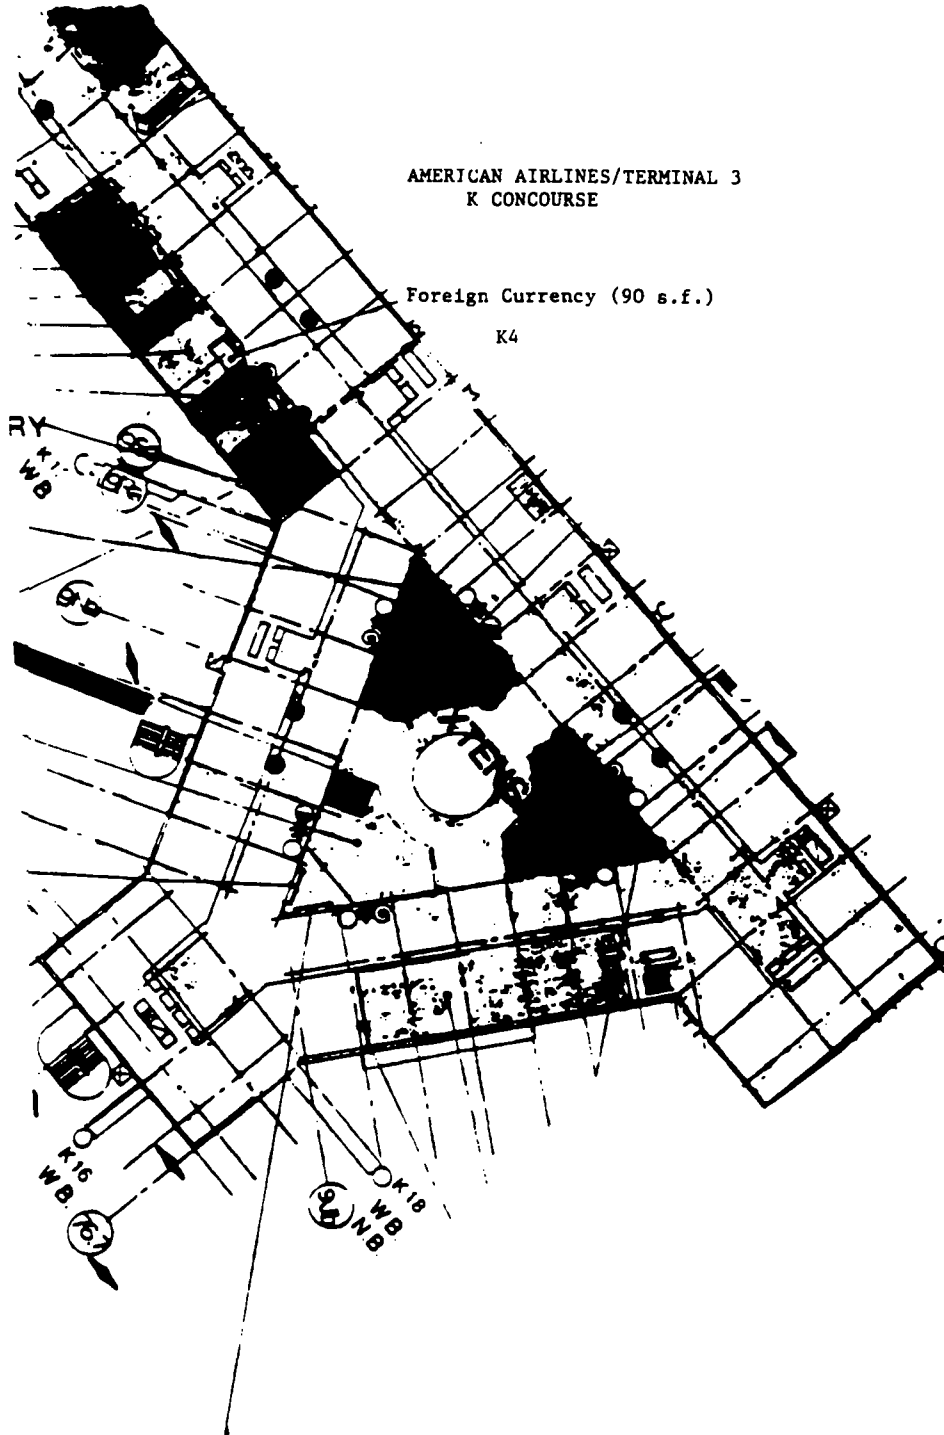

The Bank further agrees that should it become insolvent, make a general assignment for the benefit of creditors or file a petition in bankruptcy, the entire balance will immediately be deemed due and payable to the City.

The Bank agrees that this Payment Agreement and Note is executed and is to be construed under the laws of the State of Illinois. If any provision of the Agreement is held to be unconstitutional or otherwise invalid in a court of competent jurisdiction, the invalid provision or provisions shall not affect any other provision of the Agreement, as each provision is severable. The Bank further agrees that as the Maker, it submits itself to the jurisdiction of the courts of the State of Illinois for the purposes of any action arising under, in connection with, or relating to the Agreement.

The Bank, the Maker, further understands that by signing this Agreement, it is authorizing an attorney at law to appear for it in any court of record in the United States and waives the issue and service of process and confess a judgment against it at any time after its default and upon its receipt of notice shall demand for payment having been made of the Bank. Judgment shall be in favor of the City of Chicago for the amount that remains unpaid.

The Bank, the Maker, understands and agrees that, should it default in any payment as set forth above, and that default is not cured within 10 days of receipt by Bank, addressed to Independence Bank of Chicago, 7936 South Cottage Grove Avenue, Chicago, Illinois 60619, Attention: Mr. Alvin J. Boutte, of written notice of same from the City, the entire principal remaining to be paid under the Agreement will then become due and owing and the City will be entitled to have the entire balance remaining paid immediately without further notice or demand. Further, in the event the Bank fails to cure any default under the terms of the Agreement, the City retains the right to sue under the terms of the aforesaid Concession Agreement and amendment thereto for any amounts deemed due thereunder. For purposes of this paragraph only, "default" shall be defined as any payment not received within 7 days of its original due date, and any notice, if mailed, shall be presumed to be received on the third business day after the notice is placed in the mails with sufficient postage prepaid.

The Bank further agrees that its failure to cure any default under the terms of the Agreement may result in the termination, at the election of the City, of any and all concession agreements between the City and the Bank at the Airport, and immediate possession, by the City, of all space occupied by the Bank under the Concession Agreement and amendment thereto, without prejudice to any other rights the City may have at law, in equity or otherwise against the Bank.

The Bank, the Maker, also understands and agrees that any default under the Concession Agreement or amendment thereto, of which this Agreement is a part, shall also constitute a default hereunder, and give rise to all of the remedies herein set forth.

The Bank further agrees that should it become insolvent, make a general assignment for the benefit of creditors or file a petition in bankruptcy, the entire balance will immediately be deemed due and payable to the City.

The Bank agrees that this Payment Agreement and Note is executed and is to be construed under the laws of the State of Illinois. If any provision of the Agreement is held to be unconstitutional or otherwise invalid in a court of competent jurisdiction, the invalid provision or provisions shall not affect any other provision of the Agreement, as each provision is severable. The Bank further agrees that as the Maker, it submits itself to the jurisdiction of the courts of the State of Illinois for the purposes of any action arising under, in connection with, or relating to the Agreement.

The Bank, the Maker, further understands that by signing this Agreement, it is authorizing an attorney at law to appear for it in any court of record in the United States and waives the issue and service of process and confess a judgment against it at any time after its default and upon its receipt of notice shall demand for payment having been made of the Bank. Judgment shall be in favor of the City of Chicago for the amount that remains unpaid.

The Bank, the Maker, further understands and agrees that the obligations under the Agreement are continuing and would survive the City's termination, for any reason, of the Bank's Concession Agreement or amendment thereto.

The following is said ordinance as passed:

WHEREAS, City, as the operator of the Airports, has the right to limit any given type, kind, or class of aeronautical use of the Airports if such action is necessary for the safe operations of the Airports or to serve the civil aviation needs of the public; and

WHEREAS, City, as the operator of the Airports, further has the right to establish fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airports as may be necessary for the safe and efficient operation of the Airports; and

WHEREAS, Certain users ("Handling Operators") of the Airports, not including aircraft operators which are signatories to use agreements with the City or fixed base operators approved by the City, offer a variety of operation and maintenance services to aircraft operators, including terminal operations, ground handling, and fueling (collectively, "Handling Operations"); and

WHEREAS, Such Handling Operations constitute an aeronautical use of the Airport; and

WHEREAS, City has both the right and responsibility to require that Handling Operators which use any of the Airports will comply with certain minimum standards; will report their activities in a timely fashion; will pay all fees and charges; will indemnify the City for their operations; will produce proof of financial responsibility and adequate insurance coverage; and will adhere to all applicable federal, state and local government laws, rules, and regulations relating to the Airports and airport operations; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby incorporated by reference as if fully set forth in this Ordinance.

SECTION 2. The Commissioner of Aviation ("Commissioner") is hereby authorized to grant permits to any qualified and properly licensed or certified Handling Operators serving one or more of the Airports in substantially the form attached hereto as Exhibit A.

SECTION 3. The Commissioner is further authorized to take such actions, including the promulgation of standards, rules, and regulations, as may be reasonably necessary to ensure that Handling Operations are conducted in a first class manner and further in such a manner so as to promote the safety, security, efficiency, and physical integrity of the Airports.

SECTION 4. The Commissioner is further authorized to charge such fees for the granting of permits in connection with the Handling Operations,

provided that the annual aggregate value of such fees shall not exceed 10 percent of the gross receipts of each Handling Operator.

SECTION 5. This Ordinance supersedes any previous ordinance authorizing the issuance of permits to Handling Operators at the Airports.

SECTION 6. This Ordinance shall be in full force and effect from and after the date of its passage.

Exhibit "A" attached to this ordinance reads as follows:

Exhibit "A".

Date of issuance: _____

Handling Operations Permit.

Subject to the terms and conditions set forth herein, the City of Chicago, a municipal corporation and a home rule unit of local government under Sections (1) and 6(a), respectively, of Article VII, of the 1970 Constitution of the State of Illinois ("City"), hereby grants this non-exclusive permit to the handling operator ("Permittee") named herein, solely for the purpose of conducting those Handling Operations¹ (as designated herein) at the Airport(s) (as designated herein).

1. Airport Use. For purposes of this Permit, "Airport" shall mean each and every Airport as designated herein. Permittee shall use, and shall cause its officers, employees, agents, and contractors to use, the highest degree of care when entering or present on the Airport.

Permittee may use Airport solely in connection with the performance of such Handling Operations (Terminal Operations², Ground Handling³, or Fueling⁴) as may be designated for such Airport, and any functions incidental thereto, when pursuant to a valid contract with an aircraft operator. Permittee may be authorized to use apron and ramp areas by the Commissioner of the Department of Aviation ("Commissioner") in connection with its Handling Operations.

Permittee shall have no right hereunder to carry on any business or operation at the Airport or to use any apron and ramp areas other than as specifically provided herein or as expressly authorized by the

Commissioner in writing. Nothing contained in this Permit shall grant to Permittee any right to perform any construction at the Airport.

This Permit shall not enlarge or diminish Permittee's rights regarding any use of any other Airport facilities to which Permittee or an Airport tenant may be entitled by virtue of other contractual relationships. This Permit, and any Handling Operations conducted pursuant thereto, shall not abrogate or infringe upon any rights of any signatory to any use agreement with the City regarding self handling or the right to handle others through such signatory's own personnel within signatory's leased premises. Handling Operations shall not be provided under this Permit to aircraft operated by air taxi, scheduled commuter, general aviation, and itinerant aircraft operators, using the aircraft ramp under the direct jurisdiction of any fixed base operator authorized by City.

2. Operations. Permittee shall act, and shall cause its officers, employees, agents and contractors to act, in accordance with that degree of skill, care and diligence normally exercised by a professional handling operator performing operations at an airport comparable in size and magnitude to the Airport. Permittee shall further maintain those standards set by the Commissioner for the granting of this Permit. Permittee shall be open for and shall conduct business and furnish services during such days and at such hours as required by the Commissioner. Permittee shall conduct its operations in a clean, sanitary and safe manner, and shall be responsible for any maintenance which is a result of Permittee's Handling Operations. Permittee shall restore, remediate and replace any property damaged or contaminated as a result of Permittee's Handling Operations. City, in addition to any other remedies it possesses, may, at its option, repair all or any part of the Airport damaged by Permittee, and charge the cost thereof to the Permittee, which cost the Permittee agrees to pay on demand. Permittee shall be responsible for any and all charges incurred in connection with its Handling Operations under this Permit.

3. Term. The term of this Permit shall be for one year, commencing on the date of issuance noted above, and continuing for additional periods of one year each, not to exceed a total of three years. The Permit is revocable, in whole or in part, at will by the Commissioner, without cause, provided the Commissioner first gives Permittee thirty (30) prior days written notice. If Permittee has breached any condition of this Permit, Commissioner may revoke, in whole or in part, this Permit, by giving Permittee twenty-four (24) hours oral or written notice. Permittee shall provide City with written notice no less than thirty (30) days prior to discontinuance of operations at any Airport.

4. Fees. In return for the privileges granted herein, Permittee agrees to pay City such Fees⁵ as may be set in the reasonable discretion of the Commissioner, from time to time, without need for notice or demand by City, and without deduction or set off; provided, however, that Permittee's

annual aggregate payment for each Airport shall not exceed 10% of its Gross Receipts⁶ for all Handling Operations at such Airport.

5. Monthly Activity Report. Permittee shall furnish to City on or before the 10th day of each month, in such form and detail as may be requested by the Commissioner, a true and accurate report of Permittee's operations at each Airport during the preceding month, setting forth all data necessary to calculate the fees due and owing City. This report shall include, but shall not necessarily be limited to, Permittee's Gross Receipts of all Handling Operations designated herein. Permittee shall certify the report and send it to the Commissioner in care of City's Department of Aviation.

6. Method of Payment of Fees. Permittee shall transmit to City with the monthly activity report a certified check for the full amount of Fees incurred by Permittee during the reported month. Notwithstanding acceptance by City of any payment made by Permittee, City shall have the right to verify the accuracy of Permittee's report, and to audit Permittee's records upon which such reports were based. Resulting surpluses or deficits may be applied as credits or charges to the payment for the next succeeding month. Permittee agrees to maintain original copies of all such reports for a minimum of three years from the date of creation and to make them readily available in Chicago upon reasonable demand by City.

If Permittee fails to furnish City with the monthly activity report when due, Permittee's payment shall be determined by assuming that the Permittee's total gross receipts for such month was 200% of its total gross receipts for the highest reported month for which such data is available for Permittee. Permittee shall then be obligated to pay the City the fees calculated according to this formula. Any necessary adjustment in such payment shall not be calculated by City until an accurate report is delivered to City by Permittee.

Permittee shall make all payments when due at the Office of the City Comptroller, Room 501, City Hall, 121 North LaSalle Street, Chicago, Illinois 60602, or at such other place as may be designated by the Office of the City Comptroller.

7. Security. No later than the date of issuance of this Permit, Permittee shall deposit with the Comptroller of the City of Chicago ("Comptroller") security in such form and amount as may be reasonably requested by Commissioner to guarantee Permittee's performance of its obligations hereunder.

8. Delinquent Fees. There shall be added to all sums due City by way of this Permit an interest charge of $1\frac{1}{2}\%$ of the principal sum for each full calendar month of delinquency, or 18% per annum, computed as simple interest. No interest shall be charged upon that portion of any debt which, in good faith, is in dispute. No interest shall be charged upon any account

until payment is thirty (30) days overdue, but interest shall be computed and assessed as of the original due date.

9. Indemnification. Permittee agrees to indemnify, defend, save and hold City fully harmless from and against all liabilities, losses, suits, claims, judgments, fines or demands of every kind and nature (including all reasonable costs for investigation, reasonable attorneys' fees, court costs and expert's fees) arising from, related to, or caused by Permittee's use of, or occupancy of, or Handling Operations at the Airport; provided, however, that Permittee shall not be liable solely and to the extent any injury, damage, or loss is caused by the gross negligence of City, its agents, officials, or employees. This indemnification shall not be limited by any insurance required hereunder. This indemnification shall survive the expiration or revocation of this Permit.

10. Non-Liability of City. City shall not be liable for any acts or omissions of Permittee, or its officers, employees, agents, or contractors; or for any conditions resulting from the Handling Operations or other activities of Permittee, its officers, employees, agents, or contractors; or for any loss or damage to any personal property or equipment of Permittee, its officers, employees, agents, or contractors.

11. Insurance. Permittee shall, at its own expense, procure and keep in force at all times during the term of this Permit, or any renewal thereof, with a company acceptable to City, insurance with such coverages and limits as may be reasonably directed by the City's Risk Manager, but in no event less than that required by the guidelines issued by the Airport Operators Council International ("A.O.C.I."). Permittee shall cause City to be named as an additional insured on all such policies and shall furnish City's Risk Manager with proper certificates evidencing that such insurance is in force. At least thirty (30) days notice must be given to City prior to cancellation of or change in insurance coverage. City reserves the right to change the insurance requirements during the term of the Permit.

12. Rules and Regulations. Permittee shall comply, and shall cause its officers, employees, agents, and contractors to comply, with all applicable Federal, State, and local government laws, rules, regulations, and Executive Orders, including without limitation the rules, regulations, Executive Orders, and ordinances of City, now or hereafter in effect; and, further, if Fueling is designated as a Handling Operation herein, Permittee shall comply with all rules established by the applicable parties having jurisdiction over the Airport fueling systems.

In the use of all public areas of the Airport including but not limited to the walkways, roads, streets, corridors, hallways, stairs, and other common areas of the Airport as a means of ingress and egress to, from, and about the Airport, and also in the use of portions of the Airport to which the general public is not admitted, and specifically to the airfield operations areas, the Permittee shall conform (and shall require its

officers, employees, agents, and contractors to conform) to the general rules and regulations of the Department of Aviation, and all other applicable laws, statutes, rules, and regulations.

This Permit is expressly subject to the Aviation Security Improvement Act of 1990 (P.L. 101-604) ("Act"), the provisions of which are hereby incorporated by reference, including without limitation Sections 105, 109, and 110, and all rules and regulations promulgated thereunder. In the event that Permittee, or any individual employed by the Permittee, has (i) unescorted access to aircraft located on or at the Airport; (ii) unescorted access to secured areas; or (iii) capability to allow others to have unescorted access to such aircraft or secured areas, Permittee shall be subject to, and further shall conduct with respect to its contractors and the respective employees of each, such employment investigations, including criminal history record checks, as the Administrator of the Federal Aviation Administration and City may deem necessary. Further, in the event of any threat to civil aviation, as defined in the Act, Permittee shall promptly report any information in accordance with those regulations promulgated by the Secretary of the United States Department of Transportation and by City.

13. **Certifications.** Permittee shall provide City with proof that Permittee is a validly licensed and certified handling operator; that Permittee has procured all licenses, certificates, permits, or other authorization from all governmental authorities which may be necessary for Permittee's Handling Operations at the Airport; that Permittee is authorized to do business and is in good standing in Illinois; and that Permittee is fiscally sound, all as may be reasonably requested by City.

If Fueling is a designated Handling Operation herein, Permittee must possess a valid fuel system access agreement with the applicable parties having jurisdiction over the fueling system at the Airport. Failure to possess such agreement(s) will result in the automatic loss of authorization to perform Fueling under this Permit.

Permittee shall further complete such certificates as may be reasonably requested by City in connection with the execution of public contracts, or as may be required by law.

14. **Non-Discrimination Clause.** Permittee for itself, its personal representatives, successors in interest, and assigns, does hereby covenant and agree:

- (a) That no person on the grounds of race, creed, color, religion, age, sex, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of its facilities.

- (b) That in the construction of any improvements on, over, or under such facilities and the furnishing of services thereon, no person on the grounds of race, creed, color, religion, age, sex, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination.
- (c) That Permittee shall use the Airport in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Office of the Secretary, Part 21, Subtitle A, Nondiscrimination in Federally-assisted programs of the Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964, as may be amended.
- (d) That Permittee shall furnish services on a fair, equal, and not unjustly discriminatory basis to all Airport users and shall charge fair, reasonable, and not unjustly discriminatory prices for each unit of service; provided that Permittee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reduction to volume purchasers.

15. Not Exclusive Right. Nothing herein contained shall be construed to grant, or authorize the granting of, an exclusive right prohibited by Section 308 of the Federal Aviation Act of 1958, as amended, and City reserves the right to grant to others the privilege and right of conducting any one or all activities of an aeronautical nature.

16. Not Assignable. This Permit is personal and is granted solely to the Permittee identified herein and shall not be assigned to or assumed by any other party.

17. Notices. Notices shall be in writing and shall be delivered, personally or by registered mail, return receipt requested, if to City, to the Department of Aviation; and if to Permittee, to the address set forth below; or to such other place as either party shall in writing designate. Notices delivered personally shall be effective upon receipt. Notices delivered by mail shall be effective upon date of mailing.

18. Authority. Granting of this Permit is authorized by ordinance passed by the City Council of the City of Chicago on _____ (Council Journal of Proceedings, page _____).

Under penalty of perjury, I hereby certify that I am authorized to accept this Permit on behalf of the Handling Operator named below; that I have read and understand all of the terms and conditions of the Permit; and that

The following is said ordinance as passed:

WHEREAS, Pursuant to Chapter 2-120-690 of the Municipal Code of Chicago, the City of Chicago through its Commission on Chicago Landmarks has determined that the North Kenwood Multiple Resource District, generally bounded by East 43rd Street, South Cottage Grove Avenue, East 47th Street, and Lake Michigan, in Chicago, Illinois, is worthy of designation as a Chicago landmark; and

WHEREAS, The Commission has found that the North Kenwood Multiple Resource District meets certain criteria for landmark designation as set forth in Section 2-120-620 (1), (3), (4), (5) and (6) of the Municipal Code of Chicago; and

WHEREAS, The North Kenwood Multiple Resource District has value as an example of the economic, historic, and social heritage of Chicago as seen through its development as an affluent railroad suburban community during the late nineteenth century, and its subsequent transformation into a middle class urban neighborhood; and

WHEREAS, The founders and developers of the North Kenwood community had a particular vision for its future growth, as reflected in such significant landscape features as Drexel Boulevard, which was donated to the Village of Hyde Park by the Drexel family of Philadelphia, and reflected in the homes of prominent Chicagoans such as Joy Morton, founder of the company now known as the Morton-Thiokol Corporation, Frank Linden, entrepreneur and owner of a prominent local stained glass manufacturing company, and William E. Hale, owner of an elevator company and a prominent developer of Chicago's Loop; and

WHEREAS, The North Kenwood Multiple Resource District consists of a cohesive core of late nineteenth century residences, including a development of picturesque rowhouses built between 1889 and 1895 surrounded by many free-standing residences and institutions built by and associated with individuals prominent in Chicago, Illinois, and the nation; and

WHEREAS, Many prominent architects in Chicago designed the buildings in the North Kenwood Multiple Resource District, including William W. Boyington, Robert Rae, Jr., Webster Tomlinson, J.J. Flanders and W.C. Zimmerman, and Daniel Burnham and John Root, all of whom contributed to the establishment of Chicago's reputation as a leading center nationally and internationally for the architectural arts; and

WHEREAS, The North Kenwood Multiple Resource District is made up of common building types, styles, scale, materials, and designs that reflect and perpetuate historic and architectural themes that constitute a distinctive residential enclave, and that, although some of these buildings have lost their historic context and stand isolated or in small groups surrounded by vacant lots, they share in the collective historic and architectural themes of the district, and are included as multiple resources within the proposed district; and

WHEREAS, The Commission on Chicago Landmarks has concluded that the North Kenwood Multiple Resource District is truly important to Chicago and deserves to be preserved, protected, enhanced, rehabilitated, and perpetuated, and the Commissioner of Planning of the City of Chicago and the City Council Committee on Historical Landmark Preservation have concurred in the Commissioner's recommendation that the North Kenwood Multiple Resource District be designated as a Chicago landmark; now, therefore,

The following is said ordinance as passed:

WHEREAS, Pursuant to §2-120-690 of the Municipal Code of Chicago, the City of Chicago, through its Commission on Chicago Landmarks has determined that the North Pullman District is worthy of designation as a Chicago Landmark; and

WHEREAS, The Commission on Chicago Landmarks has found that the North Pullman District meets certain criteria for landmark designation listed at §2-120-620 (1), (3), (4), (5) and (6) of the Municipal Code of Chicago; and

WHEREAS, The North Pullman District reflects the larger history and development of the town of Pullman as one of the most innovative plans for an industrial town in the United States; and

WHEREAS, North Pullman, as a part of the larger town of Pullman, is critical for its associations with the development of American labor unions; and

WHEREAS, George Mortimer Pullman, one of the most important industrialists of the nineteenth century, developed Pullman and is for that reason irrevocably linked with the community that bears his name; and

WHEREAS, The North Pullman District is comprised of a variety of building types, including industrial buildings and a variety of residential types, all of which are distinguished by their Queen Anne architectural styling; and

WHEREAS, Several structures in North Pullman illustrate a unique aspect of development within the community; that being, the incorporation of commercial activities -- including grocery stores, butcher shops, drug stores, and schools -- into structures whose exterior design largely conformed with prevalent residential stylings; and

WHEREAS, The design continuity of the residences built in North Pullman remains intact, forming distinctive and visually harmonious streetscapes; and

WHEREAS, Solon S. Beman, the architect of the homes in North Pullman, was a prolific designer not of only homes throughout Pullman but also of a number of major office and institutional buildings in Chicago -- including

the Fine Arts Building, Pullman Building, Blackstone Library, Grand Central Station, and numerous Christian Science churches; and

WHEREAS, The two areas comprising the North Pullman District were developed in concert with and close to two major factories of the Pullman industrial complex -- the Allen Paper Car Wheel Works, and the Union Foundry and Pullman Car Wheel Works -- reflecting the unified nature of George Pullman's development plan; now, therefore,

The location of said privilege shall be as shown on print hereto attached, which by reference is hereby incorporated and made a part of this ordinance. Such privilege and the structures and appliances herein authorized shall be maintained and used in accordance with all applicable laws, including the ordinances of the City of Chicago, and the directions of the Commissioner of Streets and Sanitation, the Commissioner of Buildings, the Commissioner of Transportation and the Director of Revenue. The grantee shall keep that portion of the public way in, over, under or adjacent to said privilege in good

condition and repair, safe for public travel, free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

SECTION 2. The grantee shall pay to the City of Chicago as compensation for the privilege herein granted the sum of One Hundred and no/100 Dollars (\$100.00) per annum, in advance. In case of termination of the privilege herein granted or the grantee transfers title or vacates its property, the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall become due and payable under the provisions hereof, until the structures and appliances herein authorized are removed and the public way is restored as herein required. Further renewal authority for the continued maintenance and use of the public ways as herein described shall be obtained prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor of the City of Chicago and the Director of Revenue at their discretion, at any time for good cause without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said structures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance with the City Municipal Code.

SECTION 4. In the event of failure, neglect or refusal of grantee so to perform any of its obligations under this ordinance, the City may, at its option, either (a) perform such work and charge the cost thereof to said grantee, or (b) determine what the cost of said work shall be and bill the grantee for said cost, or (c) combine the two methods. Immediately upon receipt of notice of such cost, grantee shall pay the City such amount.

SECTION 5. Grantee shall be responsible and pay for the removal, relocation, alteration, repair, maintenance and restoration of City-owned structures or appliances located in or adjacent to the public way including pavement, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other facilities and utilities, which are necessary or appropriate on account of grantee's use of the public way. The Commissioner of Streets and Sanitation is hereby authorized, in his or her discretion and from time to time during grantee's use and occupancy of the public way until the restoration of the public way, to determine the work which is or will be necessary or appropriate and the cost involved to perform such work. The Commissioner is authorized to collect a deposit prior to commencing any work and to charge grantee all actual costs for causing all such work to be performed. The decision of such Commissioner shall be final and binding. The grantee, upon receiving written notification from the Commissioner of Streets and Sanitation of the required deposit or the cost of

such work, shall immediately pay or deposit such amount as directed by the Commissioner.

There's something in "the parting hour"
 Will chill the warmest heart,
 Yet kindred, comrades, lovers, friends
 Are fated all to part;
 But this I've seen and many a pang
 Has passed it on my mind,
 The one who goes is happier
 Than those he leaves behind;

God wills it so, and so it is
 The pilgrims on their way,
 Though weak and worn, more cheerful are
 than all the rest who stay;
 And when, at last, poor man, subdued
 Lies down to death resigned,
 May he not still be happier far
 Than those he leaves behind

; and

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to the family of Phill Trevillion.

Presented By

ALDERMAN MOORE (49th Ward):

**OCTOBER 3 THROUGH OCTOBER 9, 1993 PROCLAIMED
"CHICAGO OSTEOPOROSIS AWARENESS WEEK".**

WHEREAS, Osteoporosis is a debilitating bone-thinning disease in which the skeleton becomes so fragile that the slightest movement can cause a bone fracture. Osteoporosis affects twenty-five million Americans, eighty percent of whom are women. It takes a terrible human toll of death, pain, impaired mobility, and disruption of daily activities. Its victims lose their independence, and their families share in the heartache; and

WHEREAS, Osteoporosis stands as a foremost problem in women's health issues. The disease is more prevalent among women, and has risk factors and interventions which are different for women. Because of generally lower income and lack of health care reimbursement for necessary testing, women encounter significant barriers to early diagnosis. And because women have a longer life expectancy, the likelihood of developing fractures associated with osteoporosis is greatly increased; and

WHEREAS, In 1993, one-third of the female population reached fifty years of age or older. One out of every two women over the age of fifty will suffer an osteoporosis-related fracture; and

WHEREAS, Building peak bone mass during childhood and young adulthood is critical to reducing the chances of developing osteoporosis later in life; and a healthy lifestyle, including a balanced diet rich in calcium, and regular exercise can help prevent osteoporosis; and

WHEREAS, Methods do exist to detect the disease before fractures occur and women will take preventive action to reduce their risk of osteoporosis if they are informed; and

WHEREAS, A national clinical conference, a public information meeting and a luncheon in recognition of the opening of a National Osteoporosis Foundation Chicago office are scheduled; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council assembled in meeting this ninth day of June, nineteen hundred and ninety-three, do hereby proclaim October 3 through 9, 1993, as "Chicago Osteoporosis Awareness Week". The people of Chicago and educational, philanthropic, scientific, medical, and health care organizations and professionals are urged to observe this week with appropriate ceremonies and activities; and

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to Janet Heishetter, regional services director of the National Osteoporosis Foundation.

CODE OF CHICAGO BY DEFINING AND ALLOWING FOR
CREATION OF SPECIAL ZONING DISTRICTS
TO PROTECT UNIQUE CULTURAL,
HISTORICAL AND PHYSICAL
CHARACTERISTICS OF
SAID AREAS.

On motion of Alderman Banks, the City Council took up for consideration the report of the Committee on Zoning, deferred and published in the Journal of the Proceedings of May 19, 1993, pages 32849 through 32855, recommending that the City Council pass a proposed ordinance amending Title 17, Articles 3, 10 and 11 of the Municipal Code of Chicago by defining and allowing for the creation of special zoning districts to protect the unique cultural, historical and physical characteristics of said areas.

WHEREAS, Chicago is a city of neighborhoods with unique histories and special physical and architectural characteristics; and

WHEREAS, It is the intent of the City Council to arrest the proliferation of incompatible land subdivisions and developments within special established areas of the City; and

WHEREAS, It is the intent of the City Council to promote compatible infill development that respects the special features of established neighborhoods within the city and to provide a process for establishing special zoning district regulations for this purpose; and

WHEREAS, Traditional zoning regulations are inadequate for establishing the appropriate compatibility standards for new development constructed within existing neighborhoods with special or unique characteristics; and

WHEREAS, The City needs a mechanism whereby special neighborhood areas or unique districts can be afforded special zoning protections and whereby an area's special physical characteristics can be maintained; and

WHEREAS, Chicago is a home rule unit of local government as defined in Article VII, Section 6(a) of the Illinois Constitution and may exercise any power and perform any function relating to its government and affairs; and

WHEREAS, The Chicago City Council is authorized under Section 11.9-1 of the Chicago Zoning Ordinance to amend the text of the Zoning Ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That Section 3.2 of Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new definition as follows:

Special District. A zoning district that has been established in accordance with the provisions of Section 5.15 and which imposes special, supplemental zoning regulations for the use and development of land within such district.

SECTION 2. That Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new Section 5.15, as follows:

Special District Amendments.

5.15-1 Purpose.

The purpose of this Section is to establish a process for amending the zoning ordinance to establish supplemental zoning regulations for certain established neighborhood residential and business areas within the City which have unique cultural, historic and physical characteristics that contribute positively to the city's diversity and livability. Special supplemental zoning regulations are intended to reduce conflicts between new construction and existing development, encourage city beautification and conserve the character of the city's unique, established areas.

5.15-2 Effect.

Special district regulations function as supplemental zoning requirements that apply in addition to existing zoning regulations. All existing zoning regulations shall apply except those which conflict with regulations imposed for a particular special district. In case of conflict between special district regulations and existing, underlying zoning district regulations, the special district regulations shall govern.

5.15-3 Minimum Requirements.

An area shall be eligible for designation as a special district after a recommendation by the City Council Committee on Zoning if it is at the time an application is filed within the R1 through R4 Residence District or B1 through B4 Business District classifications and contains at least two (2) contiguous and no more than ten (10) acres compactly configured and contiguous except for separation by a public way or railroad right-of-way.

5.15-4 Procedure For Creation Of Special District.

(a) Initiation of Special District Amendment. An amendment to create a special district shall be proposed and processed under the provisions of Section 11.9, except to the extent that this section imposes additional requirements.

(b) Application Requirements. An application for an amendment to create a special district shall be filed and notice given in the same manner as for other amendments under Sections 11.9-3 and 11.9-3.1. Provided, however, that: 1) upon receipt of any such application, the Zoning Administrator shall transmit an original copy without delay to the Chairman of the City Council Committee on Zoning; and 2) in addition to

the persons to whom written notice must be provided under Sections 11.9-3.1 and 11.9-6, written notice of the filing of the application, of the community hearing provided for in Section 5.15-4(c) and the public hearing provided for in Section 11.9-5 shall also be forwarded, by certified or registered mail return receipt requested, to the owners of property within the proposed special district, as determined from the authentic tax records of Cook County. The application shall address the factors to be considered by the Mayor and the City Council in determining whether the particular area qualifies as a special district.

(c) Community Meeting and Report. Before a public hearing is held by the City Council Committee on Zoning, as provided for in Section 11.9-4, to consider recommending the designation of any area as a special district, the Chairman of the Committee on Zoning or his designee shall hold at least one public meeting in the ward in which the proposed district is located for the purpose of explaining the proposal, soliciting comments on it, and making findings regarding the factors listed in Section 5.15-5. The Chairman shall notify the alderman of the ward in writing of the time, place and purpose of the meeting and shall also publish notice of the same in a newspaper of general circulation within the ward. The Chairman shall submit a written report and recommendation on the proposed Special District Amendment to the Committee on Zoning prior to the date scheduled for a formal public hearing before that Committee. Failure to make such a recommendation shall be deemed to be a finding that the conditions necessary to justify adoption of a special district do not exist.

5.15-5 Factors To Be Considered.

In reviewing an application for a Special District amendment filed pursuant to Section 5.15, the City Council Committee on Zoning shall give consideration to the following factors:

(a) Whether the property within the proposed special district was classified at the time of the filing of the application with the R1 through R4 Residence Districts or the B1 through B4 Business Districts;

(b) Whether the proposed boundaries delineate a reasonably compact and contiguous area of at least two (2) acres and not greater than ten (10) acres in size;

(c) Whether unique zoning, platting or building characteristics predominate throughout the proposed district, including unique: uses, floor area ratios, maximum number of dwelling units, lot size, lot coverage, yards or setbacks, minimum street frontage, building entrances, building orientation, building height, exterior building materials and design, vehicular and pedestrian circulation patterns,

amount or location of parking and loading or other unique zoning, platting or development features;

(d) Whether the existing zoning of the property would allow new development that is inconsistent with the unique characteristics within the proposed district;

(e) The area's importance to the City's heritage or identity, whether comprehensive plans exist for the area and the nature of recent and planned public and private investment within the area;

(f) Whether supplemental special district regulations are needed to maintain the stability and unique character of the area or to promote development that is consistent with any adopted comprehensive plans or design guidelines for the area; and

(g) The proportion of land within the proposed district that would become nonconforming if the special district amendment were approved.

5.15-6 Variations/Exceptions.

Within any established special district, any applicant may seek exceptions or variations from the special district regulations, pursuant to the general exception or variation procedures set forth in the Chicago Zoning Ordinance, or variations in the nature of special uses, as authorized by existing or special district regulations, pursuant to the general procedures set forth in the Chicago Zoning Ordinance. In the case where an applicant seeks a variation in the nature of a special use, the applicant shall demonstrate that any proposed use will be compatible with the special district regulations applicable to a particular special district.

SECTION 3. That Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new Article 10A, as follows:

Article 10A.

Special Districts.

The following special districts have been duly established in accordance with the purposes and procedures described in Section 5.15 of the Chicago Zoning Ordinance.

10.A-1 [Reserved]

SECTION 4. This ordinance shall take effect sixty days after its passage by the City Council and due publication.

WHEREAS, The City needs a mechanism whereby special neighborhood areas or unique districts can be afforded special zoning protections and whereby an area's special physical characteristics can be maintained; and

WHEREAS, Chicago is a home rule unit of local government as defined in Article VII, Section 6(a) of the Illinois Constitution and may exercise any power and perform any function relating to its government and affairs; and

WHEREAS, The Chicago City Council is authorized under Section 11.9-1 of the Chicago Zoning Ordinance to amend the text of the Zoning Ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That Section 3.2 of Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new definition as follows:

Special District. A zoning district that has been established in accordance with the provisions of Section 5.15 and which imposes special, supplemental zoning regulations for the use and development of land within such district.

SECTION 2. That Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new Section 5.15, as follows:

Special District Amendments.

5.15-1 Purpose.

The purpose of this Section is to establish a process for amending the zoning ordinance to establish supplemental zoning regulations for certain established neighborhood residential and business areas within the City which have unique cultural, historic and physical characteristics that contribute positively to the city's diversity and livability. Special supplemental zoning regulations are intended to reduce conflicts between new construction and existing development, encourage city beautification and conserve the character of the city's unique, established areas.

5.15-2 Effect.

Special district regulations function as supplemental zoning requirements that apply in addition to existing zoning regulations. All

existing zoning regulations shall apply except those which conflict with regulations imposed for a particular special district. In case of conflict between special district regulations and existing, underlying zoning district regulations, the special district regulations shall govern.

5.15-3 Minimum Requirements.

An area shall be eligible for designation as a special district after a recommendation by the City Council Committee on Zoning if it is at the time an application is filed within the R1 through R4 Residence District or B1 through B4 Business District classifications and contains at least two (2) contiguous and no more than ten (10) acres compactly configured and contiguous except for separation by a public way or railroad right-of-way.

5.15-4 Procedure For Creation Of Special District.

(a) Initiation of Special District Amendment. An amendment to create a special district shall be proposed and processed under the provisions of Section 11.9, except to the extent that this section imposes additional requirements.

(b) Application Requirements. An application for an amendment to create a special district shall be filed and notice given in the same manner as for other amendments under Sections 11.9-3 and 11.9-3.1. Provided, however, that: 1) upon receipt of any such application, the Zoning Administrator shall transmit an original copy without delay to the Chairman of the City Council Committee on Zoning; and 2) in addition to the persons to whom written notice must be provided under Sections 11.9-3.1 and 11.9-6, written notice of the filing of the application, of the community hearing provided for in Section 5.15-4(c) and the public hearing provided for in Section 11.9-5 shall also be forwarded, by certified or registered mail return receipt requested, to the owners of property within the proposed special district, as determined from the authentic tax records of Cook County. The application shall address the factors to be considered by the Mayor and the City Council in determining whether the particular area qualifies as a special district.

(c) Community Meeting and Report. Before a public hearing is held by the City Council Committee on Zoning, as provided for in Section 11.9-4, to consider recommending the designation of any area as a special district, the Chairman of the Committee on Zoning or his designee shall hold at least one public meeting in the ward in which the proposed district is located for the purpose of explaining the proposal, soliciting comments on it, and making findings regarding the factors listed in Section 5.15-5. The Chairman shall notify the alderman of the ward in writing of the time, place and purpose of the meeting and shall also publish notice of the same in a newspaper of general circulation within the ward. The Chairman shall

submit a written report and recommendation on the proposed Special District Amendment to the Committee on Zoning prior to the date scheduled for a formal public hearing before that Committee. Failure to make such a recommendation shall be deemed to be a finding that the conditions necessary to justify adoption of a special district do not exist.

5.15-5 Factors To Be Considered.

In reviewing an application for a Special District amendment filed pursuant to Section 5.15, the City Council Committee on Zoning shall give consideration to the following factors:

(a) Whether the property within the proposed special district was classified at the time of the filing of the application with the R1 through R4 Residence Districts or the B1 through B4 Business Districts;

(b) Whether the proposed boundaries delineate a reasonably compact and contiguous area of at least two (2) acres and not greater than ten (10) acres in size;

(c) Whether unique zoning, platting or building characteristics predominate throughout the proposed district, including unique: uses, floor area ratios, maximum number of dwelling units, lot size, lot coverage, yards or setbacks, minimum street frontage, building entrances, building orientation, building height, exterior building materials and design, vehicular and pedestrian circulation patterns, amount or location of parking and loading or other unique zoning, platting or development features;

(d) Whether the existing zoning of the property would allow new development that is inconsistent with the unique characteristics within the proposed district;

(e) The area's importance to the City's heritage or identity, whether comprehensive plans exist for the area and the nature of recent and planned public and private investment within the area;

(f) Whether supplemental special district regulations are needed to maintain the stability and unique character of the area or to promote development that is consistent with any adopted comprehensive plans or design guidelines for the area; and

(g) The proportion of land within the proposed district that would become nonconforming if the Special District amendment were approved.

5.15-6 Variations/Exceptions.

Within any established special district, any applicant may seek exceptions or variations from the special district regulations, pursuant to the general exception or variation procedures set forth in the Chicago Zoning Ordinance, or variations in the nature of special uses, as authorized by existing or special district regulations, pursuant to the general procedures set forth in the Chicago Zoning Ordinance. In the case where an applicant seeks a variation in the nature of a special use, the applicant shall demonstrate that any proposed use will be compatible with the special district regulations applicable to a particular special district.

SECTION 3. That Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by adding a new Article 10A, as follows:

Article 10A.

The following special districts have been duly established in accordance with the purposes and procedures described in Section 5.15 of the Chicago Zoning Ordinance.

The Applicant shall not be required to provide the paved pathway or install additional landscaping or make the setback area open to the public, unless and until similarly improved areas are available on both properties adjacent to the subject property. After installation, the pathway shall be open and available for use by the general public, free of charge, during the hours of 6:00 A.M. to 11:00 P.M. everyday (or any lesser time period which may be established by the Department of Planning and Development for the continuous pathway).

Notwithstanding any provision of this Planned Development, the requirement that a paved pathway and public access be provided along the river edge shall not be construed to require the Applicant to permit the public use of such pathway or access for any purpose other than pedestrian movement along the river edge or to restrict the Applicant's ability to close off public access from time to time to prevent the establishment of any public or constructive easements.

Applicant will use good faith efforts to promptly implement measures to prevent erosion of the existing shoreline; provided, however, the Applicant's rights to construct the proposed building and operate its business under this planned development ordinance shall not be affected if any necessary permits or approvals for such erosion control measures are not obtained.

13. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct

and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigeration and Air Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S."). Copies of these standards may be obtained from the Department of Planning and Development.

15. Unless substantial construction has commenced within ten (10) years following adoption of this Planned Development and unless completion is thereafter diligently pursued, then this Planned Development shall expire; provided, however, that if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all Planned Developments, then this Planned Development shall expire upon the expiration of such shorter time period as provided by said Amendatory Ordinance (the first day of which as applied to this Planned Development shall be the effective date of the Amendatory Ordinance). If this Planned Development expires under the provisions of this section, then the zoning of the property shall automatically revert to that of an M3-3 Heavy Manufacturing District.
