WHEREAS, It is deemed to be necessary, essential and in the best interests of the inhabitants of the City and necessary for the welfare of the government and affairs of the City to provide for the refunding of all or a portion of the Prior Bonds, the Prior Bonds to be refunded to be selected by the City Comptroller as provided in Section 12 hereof; and

WHEREAS, The cost of refunding certain of the Prior Bonds is estimated to be not more than \$55,000,000, and the City expects to pay such cost by borrowing such money and issuing its bonds in evidence thereof as hereinafter provided; and

WHEREAS, The City has determined that it is advisable and necessary at this time to borrow the sum necessary for the purpose of refunding all or a portion of the Prior Bonds and paying the expenses of issuing the bonds herein authorized for such purpose, and in evidence thereof to issue its General Obligation Bonds, Refunding Series of 1993A, in an original principal amount not to exceed \$55,000,000 (the "Bonds"), such borrowing being for a proper public purpose and in the public interest, and the City, by virtue of its constitutional home rule powers and all laws applicable thereto, has the power to issue the Bonds; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The City Council, after a public meeting heretofore held on this ordinance by the Committee on Finance of the City Council, pursuant to proper notice having been given thereof, and in accordance with the findings and recommendations of such Committee, hereby finds that all of the recitals contained in the preambles to this ordinance are full, true and correct and does incorporate them into this ordinance by this reference.

SECTION 2. There shall be borrowed on the credit of and for and on behalf of the City the original principal amount of not to exceed \$55,000,000 for the refunding purposes aforesaid; and the Bonds shall be issued in said original principal amount, or such lesser original principal amount, as may be determined by the City Comptroller.

All or any portion of the Bonds may be issued as Bonds payable in one payment on a fixed date ("Capital Appreciation Bonds"). Any Bonds issued as Capital Appreciation Bonds shall be dated the date of issuance thereof and shall also bear the date of authentication, shall be in fully registered form, shall be numbered as determined by the bank or trust company designated by the City Comptroller, or its successor as bond registrar and paying agent (the "Bond Registrar"), and shall be in denominations equal to the Original Principal Amounts of such Capital Appreciation Bonds or any integral multiple thereof, each such Original Principal Amount representing Compound Accreted Value at maturity of \$5,000 or any integral multiple thereof (but no single Bond shall represent Compound Accreted Value maturing on more than one date). As used herein, the "Compound Accreted Value" of a Capital Appreciation Bond on any date of determination shall be an amount equal to the Original Principal Amount (or integral multiple thereof) plus an investment return accrued to the date of such determination at a semi-annual compounding rate which is necessary to produce the yield to maturity borne by such Capital Appreciation Bond (the "Yield to Maturity"). Any Capital Appreciation

Bonds shall mature (without option of prior redemption) on January 1 of each of the years within the limitations set forth below.

Any Bonds not issued as Capital Appreciation Bonds (the "Current Interest Bonds") shall be dated February 1, 1993, or such later date as shall be agreed upon between the City Comptroller and the Purchasers of the Current Interest Bonds, shall be in fully registered form, shall be in denominations of \$5,000 each and any integral multiple thereof (but no single Current Interest Bond shall represent installments of principal maturing on more than one date), and shall be numbered 1 and upward.

The principal of the Bonds shall become due and payable not earlier than January 1, 1994, and not later than January 1, 2017. The aggregate of (a) the principal amount of the Current Interest Bonds payable, whether at maturity or by virtue of mandatory redemption, on any January 1 (after taking into account prior required mandatory redemptions of such Current Interest Bonds) and the interest to be payable thereon, and (b) the Compound Accreted Value of any Capital Appreciation Bond payable at maturity on any such January 1, shall not exceed for any period the applicable amount levied therefor in Section 7 hereof. The Current Interest Bonds shall bear interest at a rate or rates and the Capital Appreciation Bonds shall have Yields to Maturity not to exceed 10% per annum.

Each Capital Appreciation Bond shall bear interest (computed upon the basis of a 360-day year of twelve 30-day months) from its date at the rate per annum compounded semi-annually on each January 1 and July 1, commencing on or after July 1, 1993, as determined by the City Comptroller at the time of sale of such Capital Appreciation Bonds, which will produce the Yield to Maturity until the maturity date thereof. Interest on the Capital Appreciation Bonds shall be payable only at the respective maturity dates thereof.

Each Current Interest Bond shall bear interest from the later of its dated date or the most recent interest payment date to which interest has been paid or duly provided for, until the principal amount of such Bond is paid, such interest (computed upon the basis of a 360-day year of twelve 30-day months) being payable on the first day of January and July of each year, commencing on or after July 1, 1993, as determined by the City Comptroller at the time of the sale of any of the Current Interest Bonds. Interest on each Current Interest Bond shall be paid to the person in whose name such Bond is registered at the close of business on the fifteenth day of the month next preceding the interest payment date, by check or draft of the Bond Registrar, or, at the option of any registered owner of \$1,000,000 or more in aggregate principal amount of Current Interest Bonds, by wire transfer of immediately available funds to such bank in the continental United States as the registered owner of such Bonds shall request in writing to the Bond Registrar.

The Compound Accreted Value of the Capital Appreciation Bonds and the principal and redemption premium, if any, on the Current Interest Bonds shall be payable at maturity (or upon redemption in the case of Current Interest Bonds) in lawful money of the United States of America upon presentation and surrender thereof at the principal corporate trust office of the Bond Registrar.

Each of the Bonds shall be designated "General Obligation Bond, Refunding Series of 1993A", with such additions or modifications as shall be determined to be necessary by the City Comptroller at the time of the sale of the Bonds to reflect whether the Bonds are Capital Appreciation Bonds or Current Interest Bonds and any other authorized features of the Bonds determined by the City Comptroller as desirable to be reflected in the title of the Bonds being issued and sold.

The facsimile of the seal of the City shall be affixed to each of the Bonds, and the Bonds shall be executed by the manual or facsimile signatures of the Mayor and the City Comptroller and attested by the manual or facsimile signature of the City Clerk, and in case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Bond Registrar as authenticating agent of the City and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this ordinance unless and until such certificate of authentication shall have been duly executed by the Bond Registrar by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this ordinance. The certificate of authentication on any Bond shall be deemed to have been executed by the Bond Registrar if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

SECTION 3. (a) Registration and Transfer. The City shall cause books (the "Bond Register") for the registration and for the transfer of the Bonds as provided in this ordinance to be kept at the principal corporate trust office of the Bond Registrar, as the Registrar for the City. The City is authorized to prepare, and the Bond Registrar shall keep custody of, multiple Bond blanks executed by the City for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the principal corporate trust office of the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by the registered owner or his attorney duly authorized in writing, the City shall execute and the Bond Registrar shall

authenticate, date and deliver in the name of the transferee or transferees (a) in the case of any Capital Appreciation Bond, a new fully registered Capital Appreciation Bond or Bonds of the same maturity of authorized denominations, for like aggregate Original Principal Amount of Capital Appreciation Bond or Bonds of the same maturity of other authorized denominations, or (b) in the case of any Current Interest Bond, a new fully registered Current Interest Bond or Bonds of the same interest rate and maturity of authorized denominations, for a like aggregate principal amount. Any Capital Appreciation Bond or Bonds may be exchanged at said office of the Bond Registrar for a like aggregate Original Principal Amount of Capital Appreciation Bond or Bonds of the same maturity of other authorized denominations. Any Current Interest Bond or Bonds may be exchanged at said office of the Bond Registrar for a like aggregate principal amount of Current Interest Bond or Bonds of the same interest rate and maturity of other authorized denominations. The execution by the City of any fully registered Bond shall constitute full and due authorization of such Bond and the Bond Registrar shall thereby be authorized to authenticate, date and deliver such Bond; provided, however, (a) the aggregate Original Principal Amount of outstanding Capital Appreciation Bonds of each maturity authenticated by the Bond Registrar shall not exceed the authorized aggregate Original Principal Amount of Capital Appreciation Bonds of such maturity less previous retirements and (b) the principal amount of outstanding Current Interest Bonds of each maturity authenticated by the Bond Registrar shall not exceed the principal amount of Current Interest Bonds for such maturity less previous retirements.

The Bond Registrar shall not be required to transfer or exchange any Capital Appreciation Bond after the close of business on the fifteenth day of the calendar month next preceding the maturity date for such Bond. The Bond Registrar shall not be required to transfer or exchange any Current Interest Bond (a) during the period beginning at the close of business on the fifteenth day of the calendar month next preceding an interest payment date on such Bond and ending on such interest payment date, (b) after notice calling such Bond for redemption has been mailed, or (c) during a period of 15 days next preceding mailing of a notice of redemption of such Bond.

The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the Compound Accreted Value at maturity of, principal of, redemption premium, if any, or interest on any Bond, as appropriate, shall be made only to or upon the order of the registered owner thereof or its legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. In the event any of the Bonds are registered in the name of a securities depository which uses a book-entry system, the standing of the registered owner to enforce any of the covenants herein may be established through the books and records of such securities depository or a participant therein.

No service charge shall be made for any transfer or exchange of Bonds, but the City or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds except that no such payment may be required in the case of the issuance of a Current Interest Bond or Bonds for the unredeemed portion of a Current Interest Bond surrendered for redemption.

(b) Book-Entry Only System. If so determined and directed by the City Comptroller for any maturity or maturities of the Bonds, any such Bonds shall be initially issued in the form of a separate single fully registered Bond for each of the maturities of such Bonds determined by the City Comptroller as provided in Section 2 hereof. Upon initial issuance, the ownership of each such Bond (the "Book-Entry Bonds") shall be registered in the Bond Register in the name of Kray & Co., or any successor thereto ("Kray") as nominee of Midwest Securities Trust Company, Chicago, Illinois, and its successors and assigns ("Midwest"). In the event that the City Comptroller determines to use the book-entry system of Midwest as provided in this Section 3(b), all of the outstanding Book-Entry Bonds shall be registered in the Bond Register in the name of Kray, as nominee of Midwest, except as hereinafter provided. The City Comptroller is hereby authorized to determine whether or not the book-entry services of Midwest shall be used and if used, the City Comptroller is authorized to execute and deliver on behalf of the City such letters to or agreements with Midwest and the Bond Registrar as shall be necessary to effectuate such book-entry system (any such letter or agreement being referred to herein as the "Representation Letter").

With respect to Book-Entry Bonds, the City and the Bond Registrar shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which Midwest holds Bonds from time to time as securities depository (each such broker-dealer, bank or other financial institution being referred to herein as a "Midwest Participant") or to any person on behalf of whom such a Midwest Participant holds an interest in the Book-Entry Bonds. Without limiting the immediately preceding sentence, the City and the Bond Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of Midwest, Kray or any Midwest Participant with respect to any ownership interest in the Book-Entry Bonds, (ii) the delivery to any Midwest Participant or any other person, other than a registered owner of a Book-Entry Bond as shown in the Bond Register, of any notice with respect to the Book-Entry Bonds, including any notice of redemption, or (iii) the payment to any Midwest Participant or any other person, other than a registered owner of a Book-Entry Bond as shown in the Bond Register, of any amount with respect to Compound Accreted Value at maturity of, principal of, premium, if any, or interest on, the Book-Entry Bonds. The City and the Bond Registrar may treat and consider the person in whose name each Book-Entry Bonds is registered in the Bond Register as the holder and absolute owner of such Bond for the purpose of payment of Compound Accreted Value at maturity of, principal, premium, if any, and interest with respect to such Bond, for the purpose of

giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Bond Registrar shall pay all Compound Accreted Value at maturity of, principal of, premium, if any, and interest on the Book-Entry Bonds only to or upon the order of the respective registered owners of the Book-Entry Bonds, as shown in the Bond Register, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to satisfy and discharge fully the City's obligations with respect to the payment of Compound Accreted Value at maturity of, principal of, premium, if any, and interest on the Book-Entry Bonds to the extent of the sum or sums so paid. No person other than a registered owner of a Book-Entry Bond as shown in the Bond Register shall receive a certificate evidencing the obligation of the City to make payments of Compound Accreted Value at maturity of, principal, premium, if any, and interest with respect to any Bond. Upon delivery by Midwest to the Bond Registrar of written notice to the effect that Midwest has determined to substitute a new nominee in place of Kray, and subject to the provisions of Section 2 hereof with respect to the payment of interest by the mailing of checks or drafts or by wire transfer to the registered owners of Current Interest Bonds at the close of business on the fifteenth day of the month next preceding the applicable interest payment date, the name "Kray" in this ordinance shall refer to such new nominee of Midwest.

In the event that (a) the City Comptroller determines that Midwest is incapable of discharging its responsibilities described herein and in the Representation Letter, (b) the agreement among the City, the Bond Registrar and Midwest evidenced by the Representation Letter shall be terminated for any reason or (c) the City Comptroller determines that it is in the best interests of the beneficial owners of the Book-Entry Bonds that they be able to obtain certificated Bonds, the City shall notify Midwest and Midwest Participants of the availability through Midwest of Bond certificates and the Book-Entry Bonds shall no longer be restricted to being registered in the Bond Register in the name of Kray, as nominee of Midwest. At that time, the City Comptroller may determine that the Book-Entry Bonds shall be registered in the name of and deposited with such other depository operating a universal book-entry system, as may be acceptable to the City Comptroller, or such depository's agent or designee, and if the City Comptroller does not select such alternate universal book-entry system, then the Book-Entry Bonds may be registered in whatever name or names registered owners of Bonds transferring or exchanging Bonds shall designate, in accordance with the provisions of Section 3(a) hereof.

Notwithstanding any other provision of this ordinance to the contrary, all payments with respect to Compound Accreted Value at maturity of, principal of, premium, if any, and interest on any Book-Entry Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in the Representation Letter.

(c) Bonds Lost, Destroyed, Et Cetera. If any Bond, whether in temporary or definitive form, is lost (whether by reason of theft or otherwise), destroyed (whether by mutilation, damage, in whole or in part, or otherwise) or improperly cancelled, the Bond Registrar may authenticate a new bond of like date, denomination and Original Principal Amount (in the case of Capital Appreciation Bonds) or principal amount (in the case of Current Interest Bonds) and bearing a number not contemporaneously outstanding; provided that (a) in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Bond Registrar and (b) in the case of any lost Bond or Bond destroyed in whole, there shall be first furnished to the Bond Registrar evidence of such loss or destruction, together with indemnification of the City and the Bond Registrar, satisfactory to the Bond Registrar. In the event any lost, destroyed or improperly cancelled Bond shall have matured or is about to mature, or has been called for redemption, instead of issuing a duplicate Bond, the Bond Registrar shall pay the same without surrender thereof if there shall be first furnished to the Bond Registrar evidence of such loss, destruction or cancellation, together with indemnity satisfactory to it. Upon the issuance of any substitute Bond, the Bond Registrar may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

(d) Redemption. Capital Appreciation Bonds are not redeemable prior to maturity. Current Interest Bonds are redeemable prior to maturity at the option of the City, in whole or in part on any date, at such times and at such redemption prices (to be expressed as a percentage of the principal amount of such Bonds being herein redeemed not to exceed 103%, plus accrued interest to the date of redemption) as determined by the City Comptroller at the time of the sale thereof. If less than all of the outstanding Current Interest Bonds are to be optionally redeemed, the Current Interest Bonds to be called shall be called from such maturities as may be determined by the City and if less than all of a single maturity is so redeemed, then by lot within a maturity in the manner hereinafter provided. Certain of the Current Interest Bonds may be made subject to mandatory redemption, at par, plus accrued interest to the date fixed for redemption, as determined by the City Comptroller at the time of the sale thereof; provided, that the Bonds shall reach final maturity not later than the date set forth in Section 2 hereof.

The Current Interest Bonds shall be redeemed only in the principal amount of \$5,000 each and integral multiples thereof. In the event of the redemption of less than all the Current Interest Bonds of like maturity the aggregate principal amount thereof to be redeemed shall be \$5,000 or an integral multiple thereof and the Bond Registrar shall assign to each Current Interest Bond of such maturity a distinctive number for each \$5,000 principal amount of such Bond and shall select by lot from the numbers so assigned as many numbers as, at \$5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Current Interest Bonds to be redeemed shall be those to which were assigned numbers so selected; provided that only so much of the principal amount of each Current Interest Bond shall be redeemed as shall equal \$5,000 for each number assigned to it

and so selected. The City shall, at least 45 days prior to the redemption date (unless a shorter time period shall be satisfactory to the Bond Registrar), notify the Bond Registrar of such redemption date and of the principal amount of Current Interest Bonds to be redeemed. For purposes of any redemption of less than all of the outstanding Current Interest Bonds of a single maturity, the particular Current Interest Bonds or portions thereof to be redeemed shall be selected not more than 60 days prior to the redemption date by the Bond Registrar.

The Bond Registrar shall promptly notify the City in writing of the Current Interest Bonds, or portions thereof, selected for redemption and, in the case of any Current Interest Bond selected for partial redemption, the principle amount thereof to be redeemed.

(e) **Mandatory Tender and Purchase Provisions for Current Interest Bonds.**

(i) **In General.** The Current Interest Bonds that are subject to optional redemption pursuant to Section 3(d) above (the "Callable Bonds") also shall be subject to mandatory tender by the registered owner for purchase by the City at the option of City, in whole or in part, at such purchase prices (not to exceed 103% of the principal amount thereof, plus accrued interest to the purchase date) as determined by the City Comptroller at the time the Bonds are sold. The right of the City to require the mandatory tender of all or any portion of the Callable Bonds as herein provided is herein referred to as an "Option Right".

(ii) **Mandatory Tender and Purchase not a Discharge of Debt.** To the extent permitted by law, the mandatory tender and purchase of Callable Bonds shall not operate to extinguish or discharge the indebtedness evidenced by the Callable Bonds.

(iii) **Sale of Option Rights.** The City Comptroller is hereby authorized, with the concurrence of the Chairman of the Committee on Finance of the City Council, the Vice Chairman of the Committee on Finance of the City Council or the Chairman of the Committee on the Budget of the City Council, to sell all or any part of the City's Option Rights to another party (the "Option Rights Owner"), provided that the City first obtains an opinion of nationally recognized bond counsel to the effect (1) that such sale is authorized under this ordinance, (2) that such sale will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes, (3) that such sale will or, if applicable, will not result in the deemed reissuance of the Callable Bonds for federal income tax purposes, and, if it will, setting forth the date of such reissuance, and (4) that such sale does not require the registration of any security under the Securities Act of 1933, or that such registration, if required, has been effected. Such sale shall transfer to the Option Rights

Owner the right of the City to require the mandatory tender of specified Callable Bonds during an identified period of time (the "Option Period"). If Option Rights for certain Callable Bonds are sold by the City, the City will no longer have the right optionally to redeem or require the mandatory tender of those Bonds (unless it reacquires the Option Rights from the Option Rights Owner).

(iv) Notice of Proposed Sale of Option Rights. Prior to any sale of Option Rights by the City, the City shall cause the Bond Registrar to give notice of the proposed sale to the registered owners of the Callable Bonds to be affected by the sale. Such notice shall be given no earlier than 180 days and no later than 30 days prior to the execution of a sale contract by the City. The notice shall state the following:

1. that it is a notice of proposed sale of Option Rights with respect to specified Callable Bonds;
2. that the opinion of bond counsel described in paragraph (iii) above shall be delivered prior to the proposed sale;
3. a description of the Callable Bonds affected (including the maturities or sinking fund installments, C.U.S.I.P. numbers and principal amounts); and
4. the name and address of a representative of the City from whom additional information regarding the proposed sale may be obtained.

Such notice is for informational purposes only. Any error in or failure to receive such notice shall not affect the ability of the City to proceed with the sale of its Option Rights.

(v) Right Certificates. Any Option Rights sold by the City shall be evidenced by certificates (the "Right Certificates") executed by the City Comptroller and authenticated by the Bond Registrar. Each Right Certificate shall identify the maturity and principal amount of Bonds to which it applies and the Option Period during which the Option Right evidenced by the certificate may be exercised. No single Right Certificate shall be issued for more than one maturity of the Bonds. In connection with the sale of any Option Rights, the City Comptroller is hereby authorized to execute and deliver such instruments, agreements and certificates as may be necessary or desirable, including, but not limited to, a rights offering disclosure statement and appropriate documents providing for the registration, transfer and exchange of Rights Certificates, and if deemed appropriate by the City Comptroller, arrangements for the deposit of such Rights Certificates with a book-entry depository.

(vi) **Exercise of Right Certificates.** An Option Rights Owner may exercise its option to require the mandatory tender of specified Callable Bonds at the same times and for the same purchase prices applicable to the City under paragraph (i) above. In order to exercise its option, an Option Rights Owner must deliver the following to the Bond Registrar not more than 90 and not less than 45 days before the mandatory tender date:

1. the Right Certificate;
2. the purchase price; and
3. irrevocable instructions designating the purchase date and the principal amount to be purchased.

The designated purchase date must be within the Option Period. The purchase date may not be a date after the record date for the Bonds and before the corresponding interest payment date. The Bond Registrar shall hold the purchase price uninvested, unless otherwise agreed to in writing by the Bond Registrar and the Option Rights Owner, in which case any investment income on the purchase price (less any fee of the Bond Registrar relating to the investment) shall be remitted to the Option Rights Owner. The City shall have no liability whatsoever for the payment of such investment income to the Option Rights Owner.

(vii) **Mandatory Tender Pursuant to a Right Certificate.** Upon receipt of the items described in paragraph (vi) above, the Bond Registrar shall require the mandatory tender of the specified Callable Bonds on the purchase date (including the giving of notice pursuant to Section 4(b) hereof). In the event of a partial purchase, the Bond Registrar shall select the Callable Bonds to be purchased in the same manner as in the case of a partial redemption.

(viii) **Delivery of Callable Bonds Required to be Mandatorily Tendered.** Any Callable Bond required to be mandatorily tendered for purchase must be delivered by the registered owner thereof to the Bond Registrar on the mandatory tender date, and upon such delivery the purchase price will be paid to the registered owner thereof as provided in Section 4(b) hereof. Bonds not so tendered on the applicable mandatory tender date shall be deemed tendered by the registered owner thereof as of such date. The Bond Registrar shall cancel any Bonds or portions thereof tendered or deemed tendered and issue a new Bond to such Option Rights Owner in the same aggregate principal amount and with the same interest rate, maturity date, form and tenor. Such new Bond shall also state that it is a Bond that is not subject to mandatory tender for purchase or optional redemption during the applicable Option Period. The Bond Registrar shall note such on the Bond Register.

(ix) Registered Owners Who Are Also Option Rights Owners. If a registered owner of a Callable Bond is also the owner of a Right Certificate pertaining to that Bond, the registered owner may deliver the Bond and the Right Certificate to the Bond Registrar and request that the Bond Registrar cancel the Right Certificate and designate the Bond as a Bond that is not subject to mandatory tender for purchase or optional redemption during the applicable Option Period.

(x) Amendment. The provisions herein dealing with Option Rights may be amended by the City without the consent of the registered owners of the Bonds, provided that no such amendment shall adversely affect the security for or payment of the Bonds or permit the Bonds to be called for mandatory tender prior to the dates or at purchase prices less than those established pursuant to paragraph (i) above.

(xi) Book-Entry Only System. If the Bonds are held under a Book-Entry Only System, then notwithstanding the other provisions of this Section 3(e) the Bonds shall be registered in the name of the nominee of the Securities Depository, and the Securities Depository shall perform certain of the functions of the Bond Registrar, as described under Section 3(b) hereof.

SECTION 4. (a) Notice of Redemption. Unless waived by any holder of Current Interest Bonds to be redeemed, notice of the call for any such redemption shall be given by the Bond Registrar on behalf of the City by mailing the redemption notice by first-class mail at least 30 days and not more than 45 days prior to the date fixed for redemption to the registered owner of the Current Interest Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar, but the failure to mail any such notice or any defect therein as to any Current Interest Bond shall not affect the validity of the proceedings for the redemption of any other Current Interest Bond.

All notices of redemption shall state:

- (1) the redemption date;
- (2) the redemption price;
- (3) if less than all outstanding Current Interest Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Current Interest Bonds to be redeemed;
- (4) that on the redemption date the redemption price will become due and payable upon each such Current Interest Bond or portion thereof

called for redemption, and that interest thereon shall cease to accrue from and after said date;

(5) the place where such Current Interest Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the principal corporate trust office of the Bond Registrar; and

(6) such other information as shall be deemed necessary by the Bond Registrar at the time such notice is given to comply with law, regulation or industry standard.

On or prior to any redemption date, the City shall deposit with the Bond Registrar an amount of money sufficient to pay the redemption price of all the Current Interest Bonds or portions thereof which are to be redeemed on that date.

Notice of redemption having been given as aforesaid, the Current Interest Bonds, or portions thereof, so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the City shall default in the payment of the redemption price) such Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Bond Registrar at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Current Interest Bond, there shall be prepared for the registered owner a new Current Interest Bond or Bonds of the same interest rate and maturity in the amount of the unpaid principal.

If any Current Interest Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by the Current Interest Bond, or portion thereof, so called for redemption. All Current Interest Bonds which have been redeemed shall be cancelled and destroyed by the Bond Registrar and shall not be reissued.

(b) Notice of Mandatory Tender for Purchase. Unless waived by any holder of Bonds to be purchased, notice of the call for any tender for purchase shall be given by the Bond Registrar on behalf of the City by mailing the notice of mandatory tender by registered or certified mail at least 30 days and not more than 45 days prior to the date fixed for purchase to the registered owner of the Bond or Bonds to be purchased at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the mandatory tender of any other Bond.

All notices of purchase shall state:

- (1) the purchase date;
- (2) the purchase price;
- (3) if less than all outstanding Bonds are to be purchased, the identification (and, in the case of partial tenders for purchase, the respective principal amounts) of the Bonds to be purchased;
- (4) that on the purchase date the purchase price will become due and payable upon each such Bond or portion thereof called for mandatory tender, and that interest shall cease to accrue from and after said date;
- (5) the place where such Bonds are to be surrendered for payment of the purchase price, which place of payment shall be the principal corporate trust office of the Bond Registrar; and
- (6) such other information as shall be deemed necessary by the Bond Registrar at the time such notice is given to comply with any law, regulation or industry standard.

Prior to any purchase date as provided herein, the City or Option Rights Owner shall deposit with the Bond Registrar an amount of money sufficient to pay the purchase price of all the Bonds or portions thereof which are to be purchased on that date.

Notice of purchase having been given as aforesaid, the Bonds, or portions thereof, so to be purchased shall, on the purchase date, become due and payable at the purchase price therein specified plus accrued interest, and from and after such date upon payment of the purchase price thereof such Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Bonds for purchase in accordance with said notice, such Bonds shall be paid by the Bond Registrar at the purchase price. Installments of interest due on or prior to the purchase date shall be payable as herein provided for payment of interest.

If any Bond, or portion thereof, called for purchase shall not be so paid upon surrender thereof for purchase, the principal shall, until paid, bear interest from the purchase date at the rate borne by the Bond, or portion thereof, so called for purchase.

SECTION 5. The Capital Appreciation Bonds and Current Interest Bonds shall be prepared in substantially the following forms with such insertions and revisions as shall be necessary to reflect the terms and provisions of the sale of the Bonds pursuant to Section 12 hereof; provided, however, that if the text of any Bond is to be printed in its entirety on the

front side of such Bond, then the text shown or appearing on the reverse side of such Bond shall replace paragraph [2] and the legend, "See Reverse Side for Additional Provisions", shall be omitted.

principal thereof and interest thereon, as aforesaid, which, together with the accrued interest received, will be deposited in the Ad Valorem Tax Escrow Account, if established for any of the Bonds pursuant to Section 9 hereof.

SECTION 8. The City shall appropriate amounts sufficient to pay the Compound Accreted Value of, principal of, redemption premium, if any, and interest on the Bonds for the years such amounts are due, and the City hereby covenants to take timely action as required by law to carry out the provisions of this Section, but, if for any such year it fails to do so, this ordinance shall constitute a continuing appropriation ordinance of such amounts without any further action on the part of the City Council.

SECTION 9. The City Comptroller is authorized to establish a special account, if determined to be necessary in connection with the sale of any of the Bonds, separate and segregated from all other funds and accounts of the City (the "Ad Valorem Tax Escrow Account"), which is to be maintained with a bank or trust company to be designated by the City Comptroller pursuant to an escrow agreement (the "Ad Valorem Tax Escrow Agreement"), between the City and the Escrow Agent named therein (the "Ad Valorem Tax Escrow Agent"), and the Mayor, the City Comptroller and the City Clerk, or any of them, are hereby authorized to execute and deliver an Ad Valorem Tax Escrow Agreement in connection with any sale of the Bonds in such form as the officers so executing may deem appropriate in accordance with the provisions of this ordinance.

In lieu of the proceeds of such taxes being deposited with the City Treasurer, such Ad Valorem Tax Escrow Agreement may authorize the County Collectors of Cook and DuPage Counties to deposit the proceeds of such taxes directly into the Ad Valorem Tax Escrow Account, if such Account has been created.

SECTION 10. In the event that amounts to be deposited in the Ad Valorem Tax Escrow Account are not available in time to make any payments of Compound Accreted Value of, principal of or interest on the Bonds when due, then the fiscal officers of the City are hereby directed to make such payments in accordance with the Ad Valorem Tax Escrow Agreement, if any, from any other moneys, revenues, receipts, income, assets or funds of the City that are legally available for that purpose in advancement of the collection of such taxes and when the proceeds of the taxes are received, such other funds shall be replenished, all to the end that the credit of the City may be preserved by the prompt payment of the Compound Accreted Value of, principal of and interest on the Bonds as the same become due.

SECTION 11. A copy of this ordinance, duly certified by the City Clerk, shall be filed in the respective offices of the County Clerks of Cook and DuPage Counties, Illinois (the "County Clerks"), and such filing shall constitute the authority for and it shall be the duty of said County Clerks, in

each year beginning in 1993, to and including 2015, to extend for collection the taxes levied pursuant to Section 7 hereof for the payment of the Bonds, such taxes to be in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by the City on its behalf.

A copy of this ordinance, duly certified by the City Clerk, shall also be filed with the Ad Valorem Tax Escrow Agent, if any, the Bond Registrar, and if the County Collectors of Cook and DuPage Counties are authorized to deposit the proceeds of the taxes levied pursuant to Section 7 hereof directly with the Ad Valorem Tax Escrow Agent pursuant to Section 9 hereof, with such County Collectors.

SECTION 12. The City Comptroller is hereby authorized to sell all or any portion of the Bonds from time to time, with the concurrence of the Chairman of the Committee on Finance of the City Council, the Vice Chairman of the Committee on Finance of the City Council or the Chairman of the Committee on the Budget of the City Council, on such terms as the City Comptroller may deem to be in the best interests of the City; provided that the Compound Accreted Value of, principal amount of and the interest on the Bonds sold of each maturity (after taking into account mandatory redemptions) shall not exceed for any period the amount levied therefor as specified in Section 7 hereof. Capital Appreciation Bonds may be sold separately from Current Interest Bonds from time to time as the City Comptroller shall determine.

Subsequent to each such sale, the City Comptroller shall file in the office of the City Clerk a notification of sale directed to the City Council setting forth the name of the underwriters of the Bonds (which shall include Grigsby Brandford & Co., Inc. as senior managing underwriter), the terms of the sale, the sale price of the Bonds (not less than 97% of the original principal amount thereof less any original issue discount), the amount of the Bonds being sold as Capital Appreciation Bonds and the amount of the Bonds being sold as Current Interest Bonds, the date of the Bonds sold, the aggregate principal amount of Bonds sold, if less than all the Prior Bonds are to be refunded, the specific Prior Bonds to be refunded with proceeds of the Bonds (which Prior Bonds shall be selected by the City Comptroller so as to achieve debt service savings as a result of the issuance of the Bonds), the principal amount of Bonds maturing and mandatorily redeemable in each year, the optional redemption provisions applicable to the Current Interest Bonds sold, the Original Principal Amounts of and Yields to Maturity on the Capital Appreciation Bonds being sold, a table of Compound Accreted Values per \$5,000 Compound Accreted Value at Maturity for any Capital Appreciation Bonds being sold, setting forth the Compound Accreted Value of each such Capital Appreciation Bond on each semiannual compounding date, the interest rate or rates on the Current Interest Bonds sold, the information regarding the title of the Bonds and the maturities of the Bonds, if any, for which bond insurance has been obtained and the identity of the bond insurer. Thereafter the Bonds so sold shall be duly prepared and executed in the form and manner provided herein and delivered to the

purchaser or purchasers in accordance with the terms of sale. The initial notification of sale directed to the City Council as provided for above shall include the name of the Bond Registrar designated for the Bonds.

Each of the Mayor and the City Comptroller, acting alone, is hereby authorized to execute and deliver a contract of purchase with respect to each sale of all or a portion of the Bonds, each such contract of purchase to be in substantially the form previously used for general obligation bond issues of the City, with such appropriate revisions as are necessary to reflect the terms and provisions of the Bonds being sold and with such other provisions as shall be approved by the officer or officers executing the same, with such execution to constitute conclusive evidence of such officer's approval and the City Council's approval of such contract of purchase.

In connection with any sale of the Bonds, the City Comptroller is hereby authorized to obtain a policy of bond insurance from such recognized bond insurer as the City Comptroller shall determine, if said Comptroller determines such bond insurance to be desirable in connection with such sale of the Bonds.

In the event that a portion of the Bonds are sold in any year (after taking into account mandatory redemptions) so as to require the levy of taxes in such year less than the amount specified therefor in Section 7 hereof, then the City Comptroller shall, on or prior to December 31 of such year, notify the City Council of the amount of reduction in the amount so levied for such year resulting from such sale with lesser maturities (after taking into account mandatory redemptions) or at a lower rate or rates of interest, and, in addition, the City Comptroller shall file in the respective offices of the County Clerks certificates of tax abatement for the year. In the event that upon the final sale of the Bonds, such Bonds have been sold (after taking into account mandatory redemptions) so as to require the levy of taxes in that year or any succeeding year less than the amount specified therefor in Section 7 hereof, then the City Comptroller shall include, in the final notification of sale to the City Council described in the second paragraph of this Section 12, the amount of reduction in the amount so levied for that year and any succeeding year resulting from such sale with lesser maturities (after taking into account mandatory redemption) or lesser payments of interest, and, in addition, the City Comptroller shall file in the respective offices of the County Clerks certificates of tax abatement for such year or years. Any certificate of abatement delivered pursuant to this paragraph shall refer to the amount of taxes so levied pursuant to Section 7 hereof, shall indicate the amount of reduction in the amount of taxes levied by the City resulting from the then current sale of the Bonds, which reduced amount is to be abated from such taxes, and shall further indicate the remainder of such taxes which is to be extended for collection by said County Clerks.

The preparation, use and distribution of a preliminary official statement and official statement relating to each sale and issuance of the Bonds are

hereby approved. Each of the Mayor and the City Comptroller, acting alone, is hereby authorized to execute and deliver an official statement relating to each sale and issuance of the Bonds on behalf of the City. The preliminary official statement and official statement herein authorized shall be in substantially the form previously used for general obligation financing of the City with appropriate revisions to reflect the terms and provisions of the Bonds and to describe accurately the current condition of the City and the parties to the financing.

The Bonds shall be duly prepared and executed in the form and manner provided herein and delivered to the purchasers in accordance with the terms of sale.

The proceeds from the sale of any of the Bonds shall be used as follows:

(a) The sum representing the accrued interest received from any sale of Current Interest Bonds shall be used to pay the first interest becoming due on the Current Interest Bonds sold, and to that end, shall be deposited into the Ad Valorem Tax Escrow Account, if established.

(b) From the sale proceeds of the Bonds, the sum determined by the City Comptroller to be sufficient to pay the Prior Bonds being refunded at or prior to their respective maturities, at a price of par, the applicable redemption premium and accrued interest thereon up to and including said redemption or maturity dates shall be deposited into a "Refunded Bonds Escrow Account" and held by a bank or trust company to be designated by the City Comptroller pursuant to the terms of an Escrow Agreement (the "Refunding Escrow Agreement"), and the Mayor, the City Comptroller and the City Clerk, or any of them, are hereby authorized to execute and deliver the Refunding Escrow Agreement in such form as the officers so executing the same shall deem appropriate to effect the refunding described in this paragraph.

(c) From the sale proceeds of the Bonds not applied as provided in paragraphs (a) and (b) above, the amount deemed necessary by the City Comptroller shall be applied to the payment of the costs of issuance of the Bonds including the premium for bond insurance, if any, and any unexpended portion of the sale proceeds shall be paid to the City.

The Mayor, the City Comptroller, the City Treasurer, the City Clerk and the Deputy City Clerk are hereby authorized to execute and deliver such other documents and perform such other acts as may be necessary or desirable in connection with the Bonds, including, but not limited to, the exercise following the delivery date of the Bonds of any power or authority delegated to such official under this ordinance with respect to the Bonds upon original issuance, but subject to any limitations on or restrictions of such power or authority as herein set forth.

SECTION 13. The City Comptroller is hereby directed to prepare and file with the County Clerks of the Counties of Cook and DuPage, Illinois, a certificate of reduction of taxes heretofore levied for the payment of the Prior Bonds selected for refunding by the City Comptroller as provided in Section 12 hereof and to the extent possible directing the abatement of the taxes heretofore levied to pay the Prior Bonds being refunded.

SECTION 14. The City covenants that it will take no action in the investment of the proceeds of the Bonds which would result in making the interest payable on any of the Bonds subject to federal income taxes by reason of the Bonds being classified as "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986 (the "Code"). The City further covenants that it will act with respect to the proceeds of the Bonds, the earnings on the proceeds of the Bonds and any other moneys on deposit in any fund or account maintained in respect of the Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on the Bonds to continue to be exempt from federal income taxation under Section 103 (a) of the Code, or any successor Internal Revenue Code of the United States of America. The City Comptroller is hereby authorized to execute such agreements as shall be necessary, in the opinion of nationally recognized bond counsel, to evidence the City's compliance with the covenants contained in this paragraph.

SECTION 15. This ordinance is prepared in accordance with the powers of the City as a home rule unit under Article VII of the Illinois Constitution. The appropriate officers of the City are hereby authorized to take such actions and do such things as shall be necessary to perform, carry out, give effect to and consummate the transactions contemplated by this ordinance, the Bonds, and Ad Valorem Tax Escrow Agreement (if any) and the Refunding Escrow Agreement.

SECTION 16. The Mayor, the City Clerk and the City Comptroller may each designate another to act as their respective proxy and to affix their respective signatures to the Bonds whether in temporary or definitive form, and any other instrument, certificate or document required to be signed by the Mayor, the City Clerk or the City Comptroller pursuant to this ordinance and any instrument, certificate or document required thereby. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor, the City Clerk and the City Comptroller, respectively. A written signature of the Mayor, the City Clerk or the City Comptroller, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the Journal of the Proceedings of the City Council and filed with the City Clerk. When the signature of the Mayor, the City Clerk or the City Comptroller is placed on an instrument, certificate or document at the direction of the Mayor, the City Clerk or the City Comptroller, as the case may be, in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor, the

City Clerk or the City Comptroller in person, as the case may be.

SECTION 17. If requested by the Bond Registrar, the Mayor, the City Comptroller and the City Clerk are authorized to execute the standard form of agreement between the City and the Bond Registrar with respect to the obligations and duties thereof.

SECTION 18. If payment or provision for payment is made, to or for the holders and owners of the Bonds, of the Compound Accreted Value of, principal of, redemption premium, if any, and interest due and to become due thereon at the times and in the manner stipulated therein, and there is paid or caused to be paid to the Bond Registrar, or the Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, all sums of money due and to become due according to the provisions hereof, then these presents and the estate and rights hereby granted shall cease, determine and be void except for purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. Any Bond shall be deemed to be paid within the meaning of this section when payment of the Compound Accreted Value of any such Capital Appreciation Bond or the principal of any such Current Interest Bond, plus redemption premium, if any, and interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this ordinance or otherwise), either (a) shall have been made or caused to have been made in accordance with the terms thereof, or (b) shall have been provided for by irrevocably depositing with the Bond Registrar, or the Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, in trust, and exclusively for such payment, (1) moneys sufficient to make such payment, or (2) (A) direct obligations of the United States of America; (B) obligations of agencies of the United States of America, the timely payment of principal of and interest on which are guaranteed by the United States of America; or (C) instruments evidencing an ownership interest in obligations described in the preceding clauses (A) and (B), or (3) a combination of the investments described in clauses (1) and (2) above, such amounts so deposited being available or maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestment thereof, as will insure the availability of sufficient moneys to make such payment (all as confirmed by a nationally recognized firm of independent public accountants). At such times as a Bond shall be deemed to be paid hereunder, as aforesaid, it shall no longer be secured by or entitled to the benefits of this ordinance, except for the purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations.

No such deposit under this section shall be made or accepted hereunder and no use made of any such deposit unless the Bond Registrar, or the Ad Valorem Tax Escrow Agent, as the case may be, shall have received an opinion of nationally recognized bond counsel to the effect that such deposit and use would not cause any of the Bonds to be treated as arbitrage bonds within the meaning of Section 148 of the Code or any successor provision thereto.

SECTION 19. The Mayor or the City Comptroller is hereby authorized to execute and deliver from time to time one or more agreements with counterparties selected by the City Comptroller, the purpose of which is to reduce the City's interest cost with respect to the Bonds or other general obligation notes or bonds of the City or to insure, protect or preserve its investments from any loss (including, without limitation, loss caused by fluctuations in interest rates, markets or in securities). Master Agreement accompanied by the U.S. Municipal Counterparty Schedule published by the International Swap Dealers Association, and in appropriate confirmations of transactions governed by that agreement, with such insertions, completions and modifications thereof as shall be approved by the officer of the City executing the same, his or her execution to constitute conclusive evidence of this City Council's approval of such insertions, completions and modifications. Amounts payable by the City under any such agreement shall constitute operating expenses of the City payable from any moneys, revenues, receipts, income, assets or funds of the City available for such purpose. Such amounts shall not constitute an indebtedness of the City for which its full faith and credit is pledged. Nothing contained in this Section 19 shall limit or restrict the authority of the Mayor or the City Comptroller to enter into similar agreements pursuant to prior authorization of this City Council.

SECTION 20. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall be controlling. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

(h) The borrowing authorized by this Ordinance and the issuance of the Series 1993 Bonds are for a proper public purpose and are in the public interest. The City has the power to borrow for the purposes set forth in this Ordinance and to issue the Series 1993 Bonds.

The purchase price shall not be less than 98% of the original principal amount of the Series 1993 Bonds plus any accrued interest on the Series 1993 Bonds from their date to the date of their delivery and less any original issue discount on the Series 1993 Bonds, and on such terms as the Comptroller may deem to be in the best interests of the City as provided in this ordinance. Such terms include, without limitation, the aggregate principal amount of the Series 1993 Bonds, the amount of any original issue discount, the maturities of the Series 1993 Bonds, the issuance of the Series 1993 Bonds as serial bonds, as term bonds subject to mandatory sinking fund redemption, or in any combination of serial bonds and term bonds, the numbering of the Series 1993 Bonds, the interest rate or rates or interest rate determination method or methods for the Series 1993 Bonds, the redemption terms applicable to the Series 1993 Bonds, and the mandatory tender provisions, if any, applicable to the Series 1993 Bonds, all as provided in and subject to the limitations expressed in this Article II. The Comptroller may in the Determination Certificate make such changes to the terms of the Series 1993 Bonds from those provided in this Ordinance as he or she shall determine but which shall result in the Series 1993 Bonds having substantially the terms provided by this Ordinance. The Comptroller is further authorized to take the actions and execute and deliver

the documents and instruments specified in this Ordinance. The Series 1993 Bonds shall be then duly prepared and executed in the form and manner provided in the Indenture and delivered to the Initial Purchasers in accordance with the terms of sale.

(b) The Comptroller is authorized to execute on behalf of the City a Bond Purchase Agreement for the sale by the City to the Initial Purchasers of the Series 1993 Bonds pursuant to a negotiated sale on such terms as the Comptroller may deem to be in the best interests of the City as provided in this Ordinance. The Bond Purchase Agreement shall be in such form as the Comptroller shall determine, with the concurrence of the Chairman of the Committee on Finance of the City Council, the Vice Chairman of the Committee on Finance of the City Council or the Chairman of the Committee on the Budget and Government Operations of the City Council.

(c) The City shall cause there to be prepared and delivered to prospective purchasers of the Series 1993 Bonds a Preliminary Official Statement, as shall be approved by the Comptroller. Upon sale of the Series 1993 Bonds, the Comptroller is authorized to cause a final Official Statement to be prepared, executed, and (i) delivered to the Initial Purchasers and (ii) filed with the Office of the City Clerk directed to the City Council.

(d) Upon a finding by the Comptroller that the purchase of municipal bond insurance for the Series 1993 Bonds is likely to facilitate the marketing and sale of the Series 1993 Bonds and permit completion of such sale in a timely fashion, and that such insurance is available at an acceptable premium, the Comptroller is authorized to cause the City to purchase a policy of municipal bond insurance for the Series 1993 Bonds, payable from amounts received upon the sale of the Series 1993 Bonds, and to execute any related agreements with the provider of such municipal bond insurance. Such policy shall be provided by a bond insurance company or association approved by the Comptroller. In addition, upon a finding by the Comptroller that the purchase of a Bond Debt Service Reserve Account Credit Instrument is appropriate, and that such Bond Debt Service Reserve Account Credit Instrument is available at an acceptable cost, the Comptroller is authorized to cause the City to obtain a Bond Debt Service Reserve Account Credit Instrument to satisfy the Bond Debt Service Reserve Requirement for the Series 1993 Bonds, the cost of which shall be payable from amounts received upon the sale of the Series 1993 Bonds, and to execute a Reimbursement Agreement and any related agreements with the Provider of such Bond Debt Service Reserve Account Credit Instrument. The Comptroller may on behalf of the City make necessary covenants with respect to any municipal bond insurance or Bond Debt Service Reserve Account Credit Instrument consistent with this Ordinance.

(e) Subsequent to such sale, the Comptroller shall file in the Office of the Clerk directed to the City Council (i) a Determination Certificate setting forth the terms of sale of the Series 1993 Bonds, the interest rate or rates or interest rate determination method or methods for the Series 1993 Bonds,

and setting forth the amount of any original issue discount, any arrangements made for municipal bond insurance or a Bond Debt Service Reserve Account Credit Instrument, and the determination made pursuant to Section 203 of this Ordinance with respect to the amount to be borrowed for the refunding of the Refunded Bonds, (ii) an executed copy of the Bond Purchase Agreement, reflecting concurrence of the Chairman of the Committee on Finance of the City Council, the Vice Chairman of the Committee on Finance of the City Council or the Chairman of the Committee on the Budget and Government Operations of the City Council in the determinations made by the Comptroller as to the terms of sale of the Series 1993 Bonds, and (iii) the final Official Statement of the City as provided in Section 204(c) of this Ordinance. An executed copy of the Indenture also shall be attached thereto.

(f) The Series 1993 Bonds may be issued in either certificated or book-entry form as determined by the Comptroller. In connection with the issuance of any Series 1993 Bonds issued in book-entry form, the Comptroller is authorized to select the book-entry depository and to execute and deliver a representation letter to the book-entry depository.

SECTION 205. Appointment of Trustee; Authorization of Indenture. The City hereby authorizes the Comptroller to appoint the Trustee under the Indenture for the purposes and upon the express terms and conditions set forth in the Indenture. The acceptance of the Trustee shall be evidenced by its execution of the Indenture. The Mayor or the Comptroller is hereby authorized to execute and deliver the Indenture in connection with the issuance of the Series 1993 Bonds, under the seal of the City, affixed and attested by the City Clerk or Deputy City Clerk, such Indenture to be in substantially the form of Exhibit A attached hereto, but with such revisions in text and completions as the Comptroller shall determine are necessary or desirable in connection with the sale of the Bonds, including any changes necessary to reflect the terms and provisions of any municipal bond insurance policy or Bond Debt Service Reserve Account Credit Instrument. The execution of the Indenture by the Comptroller shall constitute conclusive evidence of the approval of such changes and completions by the City Council. The Mayor or the Comptroller also is hereby authorized to appoint an Auction Agent, Broker-Dealer and a Market Agent, as contemplated by the Indenture, and, if necessary, to enter into agreements on behalf of the City with those parties on the basis described in the Indenture.

SECTION 206. Interest Rate Agreement. The Mayor or the Comptroller is hereby authorized to execute and deliver from time to time one or more agreements with counterparties selected by the Comptroller, the purposes of which is to reduce the City's interest cost with respect to the Series 1993 Bonds, or to reduce the City's exposure to fluctuations in the interest rate or rates payable on the Series 1993 Bonds or to insure, protect or preserve its

investments from any loss (including, without limitation, loss caused by fluctuations in interest rates, markets or in securities).

Article III.

Disposition Of Series 1993 Bond Proceeds.

SECTION 301. Escrow For Refunded Bonds. If the Comptroller determines to proceed with the refunding of all or a portion of the Refunded Bonds pursuant to Article II, the City shall establish one or more escrow accounts (the "Escrow Accounts") for the defeasance of the Refunded Bonds with one or more paying agents for the Refunded Bonds as selected by the Comptroller, as escrow agents (the "Escrow Agents"). From the amounts received upon the sale of the Series 1993 Bonds, the City shall make an irrevocable deposit into the Escrow Accounts of an amount sufficient to purchase investment obligations and to deposit cash that shall be sufficient to defease the Refunded Bonds, as provided in the Series 1986 Bond Ordinance, with respect to the Outstanding Series 1986 Bonds, the Series 1989 Bond Ordinance, with respect to the Outstanding Series 1989 Bonds, and the Series 1990 Bond Ordinance, with respect to the Outstanding Series 1990 Bonds. The City shall enter into escrow agreements (the "Escrow Agreements") with the Escrow Agents in a form as shall be determined by the Comptroller. The Comptroller is authorized to execute such Escrow Agreements on behalf of the City. The City shall, by entering into the Escrow Agreements, irrevocably determine to call for redemption each Refunded Bond at its earliest optional redemption date.

SECTION 302. Bond Debt Service Reserve Account. There shall be deposited in the Bond Debt Service Reserve Account from the proceeds of the Series 1993 Bonds and such other sources as necessary any amount required upon the issuance of the Series 1993 Bonds to cause the balance in the Bond Debt Service Reserve Account to equal the Bond Debt Service Reserve Requirement or alternatively, to pay the costs of any Bond Debt Service Reserve Account Credit Instrument. No more than 10% of the proceeds of the Series 1993 Bonds shall be deposited in the Bond Debt Service Reserve Account.

SECTION 303. Accrued Interest. Accrued interest on Series 1993 Bonds shall be deposited with the Trustee as provided in the Indenture.

SECTION 304. Construction Accounts. The City has, upon the issuance of the Refunded Bonds and the Senior Lien Bonds, established, and upon the issuance of Parity Bonds, may establish, separate Construction Accounts in the Sewer Revenue Fund for construction purposes. These Construction Accounts shall remain in full force and effect and all amounts in them, and

all investment earnings on those accounts shall be used for the purposes specified in the City's respective ordinances authorizing the Senior Lien Bonds, Refunded Bonds or Parity Bonds or for purposes for which Bonds may be issued as provided in Article VI of this Ordinance, as the City shall direct. Amounts in the Construction Accounts shall be invested in Permitted Investments. All interest on and investment earnings of any Construction Account shall be deposited in that related Construction Account.

SECTION 305. Cost of Issuance Account. There is established in the Sewer Revenue Fund a Series 1993 Bonds Cost of Issuance Account. From amounts received upon the sale of Series 1993 Bonds, the City shall deposit in the Series 1993 Cost of Issuance Account an amount sufficient to pay the Costs of Issuance of the Series 1993 Bonds and shall use the amounts in that Account and interest on or investment earnings of that Account to pay those costs. Any amounts in the Series 1993 Cost of Issuance Account not needed for paying Costs of Issuance of the Series 1993 Bonds shall be transferred to the Sewer Rate Stabilization Account.

Article IV.

Sewer Revenue Fund And Accounts.

SECTION 401. Revenue Obligation. The Series 1993 Bonds shall have a claim for payment together with any Parity Bonds solely from the Net Revenues Available for Bonds, the Construction Accounts and the Accounts of the Sewer Revenue Fund established as provided in Section 404 of this Ordinance. The Series 1993 Bonds shall not constitute an indebtedness of the City within the meaning of any constitutional or statutory provision or limitation as to indebtedness and each Series 1993 Bond shall contain a statement to that effect. The claim for payment of the Bonds from accounts of the Sewer Revenue Fund and from Net Revenues Available for Bonds shall be junior to the claim of the Senior Lien Bonds.

SECTION 402. Sewer Revenue Fund. There has been created and there exists a separate fund of the City designated the Sewer Revenue Fund into which the Gross Revenues of the Sewer System are and shall be deposited as collected. The Sewer Revenue Fund shall continue as a separate fund of the City. The Sewer Revenue Fund shall constitute a trust fund and has been and is irrevocably pledged to the Registered Owners of the Senior Lien Bonds and the Bonds from time to time Outstanding for the sole purpose of carrying out the covenants, terms and conditions of the ordinances authorizing the Senior Lien Bonds, this Ordinance and the ordinances authorizing the issuance of Parity Bonds. The Sewer Revenue Fund shall be used only as provided in the ordinances authorizing the Senior Lien Bonds, this Ordinance and the ordinances authorizing Parity Bonds for (a) paying

Operation and Maintenance Costs, (b) paying the principal of, redemption premium, if any, and interest on Senior Lien Bonds and all Bonds or purchasing Senior Lien Bonds or Bonds, and (c) establishing and maintaining (for the purposes specified in those ordinances) the Construction Accounts and the Accounts in the Sewer Revenue Fund described in Sections 403 and 404 of this Ordinance and all other reserve funds or accounts that are required to be established and maintained in the ordinances authorizing the issuance of the Senior Lien Bonds and the Bonds; provided that any funds available after these requirements have been satisfied or that are not necessary to satisfy these requirements may be used for any lawful purpose of the Sewer System. A lien on and security interest in the Net Revenues Available for Bonds and the various Accounts of the Sewer Revenue Fund established as provided in Section 404 of this Ordinance and in the Construction Accounts is granted to the Registered Owners of the Bonds Outstanding from time to time, subject to amounts in the various accounts being deposited, credited and expended as provided in this Ordinance. This pledge and grant of a lien and security interest is effective immediately upon the issuance of the Series 1993 Bonds without the requirement of any further act or filing and is superior to the claims of any other persons whether or not they have notice of this pledge or grant, except that the pledge of and grant of a lien on and security interest on Net Revenue Available for Bonds and the various Accounts is junior to the claim of the Senior Lien Bonds. Nothing in this Ordinance shall prevent the City from commingling money in the Sewer Revenue Fund (except the Senior Lien Accounts (other than the Depreciation, Improvement and Extension Account and the Contingencies and Construction Reserve Account), the Accounts to which reference is made in paragraphs (a) through (c) of Section 404 and the Construction Accounts) with other money, funds and accounts of the City. Any advance by the City to the Sewer Revenue Fund from other funds of the City shall have a claim for reimbursement only from amounts in the Sewer Revenue Fund not required for deposit in the Senior Lien Accounts or the various Accounts specified in paragraphs (a) through (d) of Section 404 of this Ordinance.

SECTION 403. Sewer Revenue Fund Accounts. There have been created and there exist separate Senior Lien Accounts in the Sewer Revenue Fund designated the "Operation and Maintenance Account", the "Debt Service Account", the "Debt Service Reserve Account" and the "Depreciation, Improvement and Extension Account" and the "Rebate Account". So long as any Senior Lien Bonds shall remain outstanding, the Net Revenues shall first be applied in each period to make all required deposits in the Senior Lien Accounts. To the extent not required to make deposits in the Senior Lien Accounts, any funds deposited in the "Contingencies and Construction Reserve Account" shall be used to make deposits in the Accounts described in Section 404 of this Ordinance.

SECTION 404. Application of Net Revenues Available For Bonds. There are established in the Sewer Revenue Fund, the following separate accounts: the Bond Principal and Interest Account, the Bond Debt Service Reserve

Account, the Sewer Rate Stabilization Account and the Rebate Accounts for each series of Bonds. The Net Revenues Available for Bonds shall be transferred, without any further official action or direction, to the Bond Principal and Interest Account, the Bond Debt Service Reserve Account, the Rebate Accounts and the Sewer Rate Stabilization Account in the order in which those accounts are listed below, for use in accordance with the provisions of Paragraphs (a), (b), (c) and (d) of this Section 404.

(a) Bond Principal and Interest Account. Not later than ten days prior to each principal or interest payment date for the Bonds, there shall be transferred to the Bond Principal and Interest Account sufficient funds (together, with respect to the first interest payment date on Series 1993 Bonds, with accrued interest received upon delivery of the Series 1993 Bonds) to pay the amount of the principal, redemption premium, if any, and interest becoming due, whether upon maturity, redemption or otherwise, on such payment date on all Outstanding Bonds.

Funds in the Bond Principal and Interest Account shall be used only for the purpose of paying principal of, or redemption premium, if any, and interest on Outstanding Bonds as the same become due.

(b) Bond Debt Service Reserve Account. (i) At the time of the delivery of the Series 1993 Bonds, sufficient funds from the proceeds of sale of the Series 1993 Bonds shall be transferred to the Bond Debt Service Reserve Account, together with any Bond Debt Service Reserve Account Credit Instrument purchased as provided in this Ordinance, to establish a balance in that Account at least equal to the Bond Debt Service Reserve requirement with respect to the Series 1993 Bonds. Amounts in the Bond Debt Service Reserve Account shall be deposited in a separate account or fund with the Trustee, in the case of the Series 1993 Bonds, or a depository designated by the Comptroller pursuant to a depository agreement, in the case of any Parity Bonds. Whenever the balance in the Bond Debt Service Reserve Account is less than the Bond Debt Service Reserve Requirement for the Bonds, except as permitted pursuant to Section 601(c) of this Ordinance, there shall be transferred to the Bond Debt Service Reserve Account within the next 12 months sufficient funds to maintain balances in the Bond Debt Service Reserve Account at least equal to the Bond Debt Service Reserve Requirement for the Bonds.

Except as may be required to be credited to the Rebate Fund and except for amounts in excess of the Bond Debt Service Reserve Requirement (which excess amounts may be transferred to any account of the Sewer Revenue Fund), funds in the Bond Debt Service Reserve Account and any Bond Debt Service Reserve Account Credit Instruments in that Account shall be used to pay principal of, redemption premium, if any, and interest on the Bonds as the same become due at any time when there are insufficient funds available for such purpose in the Bond Principal and

Interest Account (after any available amounts in the Sewer Rate Stabilization Account have first been applied to that purpose).

(ii) All or any part of the Bond Debt Service Reserve Requirement may be met by deposit in the Bond Debt Service Reserve Account of one or more Bond Debt Service Reserve Account Credit Instruments. A Bond Debt Service Reserve Account Credit Instrument shall, for purposes of determining the value of the amounts on deposit in the Bond Debt Service Reserve Account, be valued at the Bond Debt Service Reserve Account Credit Instrument Coverage for the Bond Debt Service Reserve Account Credit Instrument except as provided in the next sentence. If a Bond Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination) prior to the last principal payment date on any Outstanding Bond, then the Bond Debt Service Reserve Account Credit Instrument Coverage of that Bond Debt Service Account Credit Instrument shall be reduced each year, beginning on the date that is four years prior to the first date on which the Bond Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination), by twenty-five percent (25%) of the coverage in each of the years remaining prior to such date, provided that if by the terms of the Bond Debt Service Reserve Fund Credit Instrument and the terms of the related ordinance, the City has the right and duty to draw upon the Bond Debt Service Reserve Account Credit Instrument prior to its termination for deposit in the Bond Debt Service Reserve Account (if and to the extent a substitute Bond Debt Service Reserve Account Credit Instrument is not deposited in the Bond Debt Service Reserve Account) all or part of its Bond Debt Reserve Account Credit Instrument Coverage, then the reduction shall be in an amount equal to the difference between (A) the Bond Debt Service Reserve Requirement, and (B) the sum of the amounts on deposit in the Bond Debt Service Reserve Account and the amount which the City may draw under the Instrument prior to its termination for deposit in the Bond Debt Service Reserve Account. Any amounts in the Bond Debt Service Reserve Account that are not required to be transferred to the Bond Principal and Interest Account may, from time to time, be used to pay costs of acquiring a Bond Debt Service Reserve Account Credit Instrument or to make payments due under a Reimbursement Agreement, but only if after such payment, the value of the Bond Debt Service Reserve Account shall not be less than the Bond Debt Service Reserve Requirement. The City pledges and grants a lien on and security interest in the amounts on deposit in the Bond Debt Service Reserve Account to any Provider with respect to such Provider's Bond Debt Service Reserve Account Credit Instrument, provided that the pledge, lien and security interest shall be junior to any claim for the benefit of the Registered Owners of the Outstanding Bonds.

After the deposit of a Bond Debt Service Reserve Account Credit Instrument into the Bond Debt Service Reserve Account and after the City has received notice of the value of the Bond Debt Service Reserve Account after such deposit, the Comptroller may then direct the transfer from the Bond Debt Service Reserve Account to any account of the Sewer Revenue

Fund of any amounts in the Bond Debt Service Reserve Account in excess of the Bond Debt Service Reserve Requirement.

(c) Rebate Accounts. There shall be transferred from the Sewer Revenue Fund from Net Revenues Available for Bonds and deposited to the credit of the various Rebate Accounts the amounts as shall be required to be held available for rebate to the United States of America with respect to each series of Bonds as required by Section 508 of this Ordinance. The Rebate Account with respect to the Series 1993 Bonds shall be held by the Trustee as provided in the Indenture. Any other such Rebate Account shall be deposited in a separate bank account in a bank or banks designated by the Comptroller pursuant to a depository agreement. The amount so to be held available shall be determined from time to time by the City pursuant to the ordinances authorizing the various series of Bonds.

Amounts in such Rebate Accounts shall be used at the direction of the City to make rebate payments to the United States of America.

(d) Sewer Rate Stabilization Account. In any year the City may withdraw any amounts from the Sewer Rate Stabilization Account and use those amounts for paying any expenses or obligations of the Sewer System, including, without limitation, any Operation and Maintenance Costs, deposits in the Senior Lien Accounts, deposits in the Bond Principal and Interest Account, deposits in the Bond Debt Service Reserve Account, the costs related to any agreements or other arrangements entered into pursuant to Section 206 of this Ordinance, or any cost of repairs, replacements, renewals, improvements, equipment or extensions to the Sewer System. The Sewer Rate Stabilization Account shall be used to make all required deposits in the Senior Lien Accounts and the Bond Principal and Interest Account and the Bond Debt Service Reserve Account when no other funds are available for that purpose. Any Net Revenues remaining in any period after providing sufficient funds for all required deposits in the period to the Senior Lien Accounts and not required for transfer to the Bond Principal and Interest Account, the Bond Debt Service Reserve Account or any Rebate Account for Bonds may be transferred to the Sewer Rate Stabilization Account at any time upon the direction of the Comptroller.

SECTION 405. Deficiencies, Excess. In the event of a deficiency in any Fiscal Year in the Bond Principal and Interest Account, the Bond Debt Service Reserve Account, or any Rebate Account for Bonds, the amount of such deficiency shall be included in the amount to be transferred from the Sewer Revenue Fund and deposited into such account during the next 12-month period or succeeding Fiscal Year, as required by this Ordinance.

Whenever the balance in the Bond Debt Service Reserve Account or any Rebate Account for Bonds exceeds the amount required to be on deposit in that Account, such excess may be transferred to the Sewer Revenue Fund, provided that no such transfers shall be made when any debt service payments on outstanding obligations of the City that are payable by their terms from the revenues of the Sewer System are past due. Any funds that remain in the Sewer Revenue Fund at the end of any Fiscal Year shall be retained in the Sewer Revenue Fund and shall be available for appropriation for any proper purpose of the Sewer System.

SECTION 406. Investments. Funds in the Accounts established as provided in Section 404 shall be invested in Permitted Investments. All amounts in the Bond Debt Service Reserve Account and each Rebate Account for Bonds shall be invested in Permitted Investments that are held separate and distinct from those of any other Funds or Account. Investments shall be scheduled to mature before needed for the respective purposes of each of such accounts. All Investment Earnings on any such Accounts so invested as provided in this Section 406 shall be credited to the Sewer Revenue Fund and shall be considered Gross Revenues provided that earnings on the investment of amounts on deposit in the Rebate Accounts shall not be Investment Earnings, shall not be considered Gross Revenues, and shall be retained in the respective Rebate Accounts except to the extent no longer required for rebate purposes.

For purposes of determining whether sufficient cash and investments are on deposit in such Accounts under the terms and requirements of this Ordinance, investments shall be valued at cost or market price, whichever is lower, on or about December 31 in each year.

Article V.

General Covenants.

The City covenants and agrees with the Registered Owners of the Series 1993 Bonds as follows:

SECTION 501. Maintenance and Continued Operation of Sewer System. The City will maintain the Sewer System in good repair and working order, will continuously operate it on a Fiscal Year basis, and will punctually perform all duties with respect to the Sewer System required by the Constitution and laws of the State of Illinois.

So long as the Series 1993 Bonds are Outstanding, the City will continue to operate the Sewer System as a revenue-producing system so as to produce Gross Revenues sufficient to satisfy the covenants of this Ordinance.

SECTION 502. Sewer Rates. The City will establish, maintain and collect at all times fees, charges and rates for the use and service of the Sewer System sufficient at all times to (a) pay Operation and Maintenance Costs, and (b) produce Net Revenues Available for Bonds sufficient to pay the principal (at maturity or pursuant to mandatory sinking fund redemption) of and applicable redemption premium and interest on all Bonds then Outstanding from time to time and to establish and maintain the Senior Lien Accounts, the Bond Principal and Interest Account and the Bond Debt Service Reserve Account as may be covenanted in ordinances authorizing the issuance of Bonds, which Net Revenues Available for Bonds shall each Fiscal Year at least equal 115% of the sum required to pay promptly when due the Bond Debt Service Requirement for the Fiscal Year on all Bonds then Outstanding. These fees, charges and rates shall not be reduced while any Bonds are Outstanding below the level necessary to ensure compliance with the covenants of this Section 502. While any Senior Lien Bonds are Outstanding, for purposes of the calculations of this section, there shall be added to the Net Revenues Available for Bonds the amount to be paid in the Fiscal Year for principal (at maturity or pursuant to mandatory sinking fund redemption) and interest on the Senior Lien Bonds, and the Senior Lien Bonds shall be treated as Bonds for calculation of the Bond Debt Service Requirement.

The City will, prior to the end of each Fiscal Year, conduct a review to determine if it has been and will be in compliance with the rate covenant set forth above. Whenever the annual review indicates that projected Gross Revenues will not be sufficient to comply with the rate covenant, the City shall prepare or cause to be prepared a rate study for the Sewer System identifying the rate changes necessary to comply with the rate covenant and the Office of the Budget and Management of the City and the Comptroller shall recommend appropriate action to the City Council to comply with this rate covenant. Copies of the rate study shall be provided to any Registered Owner of Bonds upon request.

SECTION 503. Repairs, Replacements, Additions, Betterments. The City from time to time will make all necessary and proper repairs, replacements, additions and betterments to the Sewer System so that the Sewer System may at all times be operated efficiently, economically and properly. When any necessary equipment or facility shall have been worn out, destroyed, or otherwise is insufficient for proper use, it shall be promptly replaced so that the value and efficiency of the Sewer System shall be at all times fully maintained.

SECTION 504. Control and Operation of Sewer System. The City will establish such rules and regulations for the control and operation of the

Sewer System as are necessary for the safe, lawful, efficient and economical operation of the Sewer System.

SECTION 505. Books and Records. The City will make and keep proper books, records and accounts (separate and apart from all other books, records and accounts of the City) in which correct and complete entries shall be made of all transactions relating to the Sewer System. Within 180 days following the close of each Fiscal Year, the City will cause the financial statements of the Sewer System to be audited by independent certified public accountants. Such audited financial statements shall be available for inspection by the Registered Owners. The financial statements shall, without limiting the generality of the foregoing, include the following:

(a) A statement of revenue and expenses of the Sewer System for each Fiscal Year.

(b) A balance sheet as of the end of such Fiscal Year, including the amounts in each of the funds and accounts of the Sewer Revenue Fund.

(c) A statement of changes in cash flows of the Sewer System for such Fiscal Year.

(d) The amounts, maturities, interest rates and redemption provisions of all Outstanding Senior Lien Bonds and Bonds.

All expenses of the audit required by this provision shall be regarded and paid as an Operation and Maintenance Cost.

The accountants who audit such financial statements shall also prepare a separate compliance letter regarding the manner in which the City has complied with the financial covenants of this Ordinance, which compliance letter may be prepared on a different basis than that of the financial statements. A copy of the financial statements shall be provided to any Registered Owner upon request.

SECTION 506. Sewer System Dispositions or Encumbrances. The City will not sell, lease, loan or mortgage or in any manner dispose of or encumber the Sewer System (subject to the right of the City to issue Parity Bonds as provided in this Ordinance, to issue bonds payable from the Net Revenues Available for Bonds of the Sewer System on a basis subordinate to the Bonds, and to dispose of real or personal property that is no longer useful or necessary to the operation of the Sewer System).

SECTION 507. No Arbitrage. The City will not direct or permit any action which (or fail to take any action the failure of which) would cause any Series 1993 Bond to be an "arbitrage bond" within the meaning of the Internal Revenue Code of 1986, as amended, and the regulations under that

Code as promulgated and as amended from time to time and as applicable to the Series 1993 Bonds.

SECTION 508. Special Tax Covenant. The covenants and agreements of the City set forth in this Section 508 shall apply as long as any of the Series 1993 Bonds continue to bear interest (whether or not they are Outstanding Bonds within the meaning of this Ordinance) and shall also apply after the Series 1993 Bonds cease to bear interest but within such subsequent period as shall be required for the City to comply with the covenants of this Section 508. At the discretion of the Comptroller, the Comptroller may execute an agreement or certificate in the name of and on behalf of the City to ensure compliance with the requirements of this Section 508.

(a) The City (i) will take all actions which are necessary to be taken (and avoid taking any action that it is necessary to avoid being taken) so that interest on the Series 1993 Bonds will not be or become subject to federal income taxation under present law, and (ii) will take all actions reasonably within its power to take that are necessary to be taken (and avoid taking any actions that are reasonably within its power to avoid taking and that it is necessary to avoid) so that interest on the Series 1993 Bonds will not be or become includible in gross income for federal income tax purposes under the federal income tax laws as in effect from time to time.

(b) The City will, without limitation, (i) to the extent required by the Internal Revenue Code of 1986, as amended, restrict the yield on investments of amounts received upon the sale of the Series 1993 Bonds and other amounts, and (ii) timely rebate to the United States of America certain amounts that may be received as interest or other investment earnings on Accounts of the Sewer Revenue Fund, all as shall be necessary to comply with this section. The City shall also make or cause to be made identifiable investments of amounts allocable to the Series 1993 Bonds as shall be necessary or appropriate to be able to ascertain the amounts that may be required so to be rebated to the United States of America. The City shall from time to time determine the amounts in Accounts of the Sewer Revenue Fund that shall be subject so to be rebated and those amounts from time to time shall be held by the City in the Rebate Fund for the Series 1993 Bonds and shall be rebated to the United States of America in the amounts and at the times as required. Such amounts so subject from time to time so to be rebated shall not be available for the other purposes for which the Sewer Revenue Fund and its Accounts and accounts established by this Ordinance may be applied, and, for purposes of computing the balance in the Sewer Revenue Fund and such various Accounts shall be disregarded. At the time of delivery of the Series 1993 Bonds, and from time to time after their delivery, the City shall provide instructions to appropriate officials as to the restrictions to be made on the yield and segregation of investments and as to the calculations and rebate

of amounts to the United States of America, as are required for the City to comply with this Section 508.

(c) The City will not take any of the following actions without in each such event obtaining the opinion of nationally recognized bond counsel (which may represent the City from time to time in other matters) that such action will not contravene any covenant of this Ordinance and will not make compliance with those covenants impossible: (i) defease or refund any Bonds; (ii) sell, lease or otherwise dispose of any material portion of the Sewer System; (iii) enter into or amend any short-term or long-term contract for sewer service by the City other than pursuant to general rates charged to the general public; (iv) enter into or amend any contract or arrangement for persons other than its employees to manage the Sewer System; or (v) sell any right to redeem, or require the mandatory tender for purchase of, the Series 1993 Bonds.

(d) The provisions of this Section 508 shall not be interpreted to impose upon the City any obligation to redeem or to purchase any Series 1993 Bonds, other than with proceeds or other amounts available under this Ordinance.

Article VI.

Issuance Of Additional Bonds.

SECTION 601. Parity Bonds. As long as there are any Outstanding Series 1993 Bonds, no bonds, notes or other obligations of any kind that are payable from Net Revenues or any Accounts of the Sewer Revenue Fund with a claim senior to that of the Bonds shall be issued. As long as there are any Outstanding Series 1993 Bonds, no bonds, notes or other obligations of any kind that are payable from Net Revenues Available for Bonds or any Accounts of the Sewer Revenue Fund on an equal and ratable basis with the Series 1993 Bonds shall be issued, except Parity Bonds that may be issued for the purpose of paying the cost of repairs, replacements, renewals, improvements, equipment or extensions to the Sewer System, funding capitalized interest and reserve funds for Bonds or particular series of Bonds, funding working capital for the Sewer System, refunding Outstanding Senior Lien Bonds, Bonds or obligations payable from revenues of the Sewer System on a basis subordinate to the Bonds and issued for purposes for which Bonds may be issued or for paying Costs of Issuance, and then only upon compliance with the following conditions:

(a) if any Senior Lien Bonds are Outstanding, the funds then required to be transferred to the Senior Lien Accounts shall have been transferred in full up to the date of the delivery of such Parity Bonds;

(b) the funds required to be transferred to the Bond Principal and Interest Account and the Bond Debt Service Reserve Account shall have been transferred in full up to the date of delivery of such Parity Bonds;

(c) the Ordinance authorizing the issuance of Parity Bonds shall require either (i) the transfer at the time of the delivery of such Parity Bonds of sufficient proceeds of such Parity Bonds or Net Revenues Available For Bonds, or the deposit of a Bond Debt Service Reserve Account Credit Instrument, or any combination of bond proceeds, Net Revenues Available for Bonds and Bond Debt Service Reserve Account Credit Instruments, to the Bond Debt Service Reserve Account so that the balance in the Bond Debt Service Reserve Account is at least equal to the Bond Debt Service Reserve Requirement, or (ii) equal monthly transfers to the Bond Debt Service Reserve Account during a period not exceeding 60 months following the delivery of such Parity Bonds sufficient to cause the balance in the Bond Debt Service Reserve Account to be an amount at least equal to the Bond Debt Service Reserve Requirement; and

(d) Net Revenues Available for Bonds for the last completed Fiscal Year prior to the issuance of the Parity Bonds (as shown by the audit of an independent certified public accountant), or Net Revenues Available for Bonds for such last completed Fiscal Year, adjusted as described below, shall equal at least 115% of the maximum annual Bond Debt Service Requirement for Bonds that will be Outstanding Bonds following the issuance of the proposed Parity Bonds, computed on a pro forma basis assuming the issuance of the proposed Parity Bonds and the application of the proceeds of any Bonds as provided in the ordinance authorizing their issuance, sale and delivery. For purposes of this section, Net Revenues Available for Bonds shall be calculated as if any Refunded Bonds and any Senior Lien Bonds that have been refunded or that are to be refunded by the proposed Parity Bonds were Bonds (and thus for which there was no claim on the Senior Lien Accounts). Net Revenues Available for Bonds may be adjusted as follows for purposes of this paragraph (d):

(i) If there shall have been an increase in the rates of the Sewer System from the rates in effect for such last completed Fiscal Year, which increase is in effect at the time of the issuance of any such Parity Bonds, Net Revenues Available for Bonds may be adjusted to reflect the Net Revenues Available for Bonds for such last completed Fiscal Year as they would have been had the existing rates been in effect during all of that last completed Fiscal Year; and

(ii) Any such adjustment shall be evidenced by the certification of an Independent Consulting Engineer or an independent certified public accountant employed for that purpose.

If during the first six months of a Fiscal Year, an audit of the Sewer System for the preceding Fiscal Year by an independent certified public account is not available, the conditions of paragraph (d) shall be deemed to have been satisfied if both (1) Net Revenues Available for Bonds for the second preceding Fiscal Year (as shown by the audit of an independent certified public accountant), adjusted as described in this paragraph (d), and (2) Net Revenues Available for Bonds for the preceding Fiscal Year (as estimated by the Comptroller and either estimated by an Independent Consulting Engineer or by an independent certified public accountant based on a review the scope of which, as specified by such accountant, may be less complete than an audit), adjusted as described in this paragraph (d), shall equal at least 115% of the maximum Bond Debt Service Requirement for any Fiscal Year for Bonds that will be Outstanding following the issuance of the proposed Parity Bonds, computed on a pro forma basis assuming the issuance of the proposed Parity Bonds and the application of the proceeds of any Bonds as provided in the ordinance authorizing their issuance, sale and delivery.

(e) The City may issue Parity Bonds without complying with either of the tests in paragraph (d) of this Section 601:

(i) to pay, redeem or refund Bonds or Senior Lien Bonds if in the judgment of the City there will be no money available to make payments of interest on or principal of those Bonds or Senior Lien Bonds (at maturity or on sinking fund installment dates) as such amounts become due; and

(ii) to pay, redeem or refund any Bonds or Senior Lien Bonds if the total Bond Debt Service Requirement on all Bonds Outstanding after the issuance of the Parity Bonds and the payment, redemption or refunding of such Bonds or Senior Lien Bonds will not be in excess of the total Bond Debt Service Requirement on all Bonds Outstanding prior to the issuance of the Parity Bonds in each Fiscal Year in which there was to be any Bond Debt Service Requirement on those prior Outstanding Bonds (treating, for purposes of this clause (ii) Senior Lien Bonds as Bonds).

SECTION 602. Subordinate Obligations. Other obligations, including bonds, may be issued payable from Net Revenues Available for Bonds on a basis subordinate to the Outstanding Bonds.

Article VII.

SECTION 801. Amendment of the Ordinance. Subject to Sections 802 and 803 of this Ordinance, the City may amend or modify this Ordinance from time to time and may modify the rights and obligations of the City and of the Registered Owners of the Series 1993 Bonds by adopting a supplemental ordinance to this Ordinance. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the City to pay the principal of, redemption premium, if any, or interest on any Series 1993 Bond without the express consent of the Registered Owner of such Series 1993 Bond, nor permit the creation by the City of any mortgage, pledge, lien or security interest on the Sewer System, or upon the Net Revenues Available for Bonds or other moneys pledged or held pursuant to this Ordinance, other than those contemplated by this Ordinance, including Section 802, nor permit the preference or priority of any Bond over any other Bonds, nor reduce the percentages of Series 1993 Bonds required for the written consent to an amendment or modification of this Ordinance, nor modify any of the rights or obligations of the Trustee at the time acting pursuant to the Indenture without the written consent of the Trustee.

SECTION 802. Amendments Without Written Consent. The City may amend or modify this Ordinance from time to time for any one or more of the following purposes without obtaining the prior written consent of any of the Registered Owners of the Series 1993 Bonds:

- (1) To add additional covenants and agreements of the City for the purpose of further securing the payment of the Series 1993 Bonds, provided that such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the City contained in this Ordinance;

(2) To prescribe further limitations and restrictions upon the issuance of Parity Bonds and the incurring of obligations by the City that are not contrary to or inconsistent with the limitations and restrictions on such issuance or incurring of obligations in effect prior to the adoption of such supplemental ordinance;

(3) To surrender any right, power or privilege reserved to or conferred upon the City by the terms of this Ordinance;

(4) To confirm as further assurance any covenant, lien, pledge or security interest created or recognized by the provisions of this Ordinance;

(5) To take any further action necessary or desirable for the collection and application of Net Revenues Available for Bonds sufficient to pay the Series 1993 Bonds as to principal at maturity or on mandatory sinking fund installment dates and to pay interest on the Series 1993 Bonds as it falls due;

(6) To correct any ambiguity or defect or inconsistent provision in this Ordinance or to insert such provisions clarifying matters or questions arising under this Ordinance as are necessary or desirable, provided that any such amendments or modifications are not contrary to or inconsistent with this Ordinance as in effect prior to the adoption of any such supplemental ordinance, and provided further that any such amendments or modifications are not adverse to the interests of the Registered Owners of the Series 1993 Bonds.

SECTION 803. Amendments by Two-Thirds Consent of Registered Owners. The City may amend or modify this Ordinance from time to time for any purpose other than one or more of the purposes not prohibited in Section 801 and not authorized by Section 802 of this Ordinance only pursuant to the consent of Registered Owners of sixty-six and two-thirds percent ($66\frac{2}{3}\%$) in principal amount of all Outstanding Series 1993 Bonds by written instrument.

SECTION 804. Method of Obtaining Written Consent of Registered Owners. The City may at any time adopt a supplemental ordinance amending the provisions of the Series 1993 Bonds or of this Ordinance, to the extent that such an amendment is permitted by the provisions of Section 803 of this Ordinance and the Indenture, to take effect when and as provided in this section and the Indenture. A copy of such supplemental ordinance, together with a written consent form, shall be mailed by the City to Registered Owners of the Series 1993 Bonds, first class mail, postage prepaid, at the address appearing for such Registered Owner upon the bond register maintained by the Trustee. Failure to mail copies of such supplemental ordinance and written consent form as to any Registered Owner shall not affect the validity of the supplemental ordinance when assented to as provided in this Article VIII.

A supplemental ordinance adopted in accordance with this section shall not be effective unless and until there shall have been filed with the City the written consents of the Registered Owners of percentages in principal amount of Outstanding Series 1993 Bonds specified in Section 803 of this Ordinance as provided in this paragraph. Each such consent shall be effective only if accompanied by proof of ownership of the Series 1993 Bonds for which such consent is given, which proof shall be such as the City may prescribe from time to time. Any such consent shall be binding upon the Registered Owner of the Series 1993 Bonds giving such consent and on any subsequent Registered Owner (whether or not such subsequent Registered Owner has notice of the consent) unless such consent is revoked in writing by the Registered Owner giving such consent or a subsequent Registered Owner by filing a notice of revocation with the City prior to the first date when the notice provided for in the next sentence of this paragraph has been given. After the Registered Owners of the required percentages of Series 1993 Bonds shall have filed their consents to the supplemental ordinance, the City shall mail a notice to the Registered Owners of the Series 1993 Bonds, in the manner provided in the first paragraph of this section for the mailing of the supplemental ordinance and request for consent, stating in substance that the supplemental ordinance has been consented to by the Registered Owners of the required percentages of Series 1993 Bonds and will be effective as provided in this section. A certificate of the City reciting compliance with the provisions of this section shall be filed with the Trustee and shall be proof of the matters stated until the contrary is proved, and the supplemental ordinance shall be deemed conclusively binding upon the City and the Registered Owners of all Series 1993 Bonds at the expiration of sixty (60) days after the filing with the City of the certificate, except if a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding commenced within such sixty (60) day period.

SECTION 805. Endorsement of Series 1993 Bonds. Series 1993 Bonds authenticated and delivered after the effective date of any action taken by the Registered Owners of Series 1993 Bonds as provided in this article may bear a notation by endorsement or otherwise in form approved by the City as to such action, and in that case upon demand of the Registered Owner of any Series 1993 Bond Outstanding at such effective date and presentation of his or her Series 1993 Bond for that purpose at the office of the City or at such additional offices as the City may select and designate for that purpose, a suitable notation shall be made on such Series 1993 Bond. If the City shall so determine, new Series 1993 Bonds so modified as to conform to such Registered Owners' action shall be prepared, authenticated and delivered, and upon demand of the Registered Owner of any Series 1993 Bond then Outstanding shall be exchanged in the City of Chicago, without cost to any Registered Owner, for any Outstanding Series 1993 Bonds, upon surrender of such Series 1993 Bond.

- (a) "AA Composite Commercial Paper Rate" means, on any date of determination, (i) the interest equivalent of the 30-day rate on commercial

paper placed on behalf of issuers whose corporate bonds are rated "AA" by S & P, or the equivalent of such rating by S & P, as made available on a discount basis or otherwise by the Federal Reserve Bank of New York for the Business Day immediately preceding such date of determination, or (ii) if the Federal Reserve Bank of New York does not make available any such rate, then the arithmetic average of such rates, as quoted on a discount basis or otherwise, by the Commercial Paper Dealers to the Auction Agent for the close of business on the Business Day immediately preceding such date of determination. Upon the issuance of any substitute Bond, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto. The Trustee may charge the Bondowner reasonable fees and expenses in connection with any transaction described in this Section 3.08, except for improper cancellation by the Trustee.

All such payments so made to any such Bondowner shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Any Bond, upon surrender thereof at the principal office of the Trustee may, at the option of the Bondowner, be exchanged for an equal aggregate principal amount of Bond or Bonds of any Authorized Denomination of the same sub-series as the Bond being surrendered.

In all cases in which the privilege of exchanging Bonds or registering the transfer of Bonds is exercised, the City shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Indenture. In such event, the Trustee shall issue, transfer and exchange Bond certificates as requested by the Securities Depository in appropriate amounts in accordance with the provisions of this Indenture. (d) So long as any Bond is registered in the name of Cede & Co., as nominee of the Securities Depository, all payments with respect to the principal of, premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to the Securities Depository or its nominee as provided in the City's representation letter to the Securities Depository.

(e) In connection with any notice or other communication to be provided to Bondowners pursuant to this Indenture by the City or the Trustee, or by the Trustee with respect to any consent or other action to be taken by Bondowners, the City or the Trustee, as the case may be, shall establish a record date for such consent or other action and give the Securities Depository notice of such record date not less than 15 calendar days in advance of such record date to the extent possible. Such notice to the Securities Depository or its nominee shall be given only when the Securities Depository is the sole owner.

(f) Neither the City nor the Trustee will have any responsibility or obligation to the Depository Participants or the Beneficial Owners with respect to (i) the accuracy of any records maintained by the Securities Depository or any Depository Participant; (ii) the payment by the Securities Depository or any Depository Participant of any amount due to any Beneficial Owner in respect of the principal amount, redemption or purchase price of or interest on the Bonds; (iii) the delivery by the Securities Depository or any Depository Participant of any notice to any Beneficial Owner which is required or permitted under the terms of this Indenture to be given to Bondowners; (iv) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; (v) the delivery of Bonds upon tender thereof; or (vi) any consent given or other action taken by the Securities Depository as Bondowner.

Section 4.02 Procedures For Redemption.

(a) In order to exercise its option to redeem the Bonds prior to maturity pursuant to paragraph (b) of Section 4.01 hereof, the City shall notify the Trustee no later than 45 days prior to the designated redemption date.

(b) Notice of redemption shall be given by the Trustee by mail, not less than 30 nor more than 60 days prior to the date fixed for redemption to the Owner of each Bond at the address shown on the registration books of the City kept by the Trustee, except that in the case of the Short Term Auction Rate Securities and Complementary Auction Rate Securities, such notice shall be given after the Interest Payment Date next preceding a redemption date, but not less than 30 days prior to such redemption date. Notice of any redemption shall also be given to the National Information Services by a manner acceptable to the National Information Services.

Failure duly to give notice of redemption by mail to any particular Bondowner, or any defect therein, shall not affect the validity of any proceedings for the redemption of Bonds for which notice has properly been given. Failure by the Trustee to give notice to one or more of the National Information Services shall not affect the sufficiency of the proceedings for redemption.

(c) Each such redemption notice shall specify (i) the Bonds to be redeemed by C.U.S.I.P. number, (ii) the redemption date, (iii) the place where amounts due upon such redemption will be payable (which shall be the principal office of the Trustee), (iv) if less than all the Bonds are to be redeemed, specify the specific Bonds to be redeemed, identified by number, and the principal amounts of such Bonds to be redeemed, (v) that on the redemption date, the Bonds shall cease to bear interest, (vi) in the case of a partial redemption of Short Term Auction Rate Securities and Complementary Auction Rate Securities, the aggregate principal amounts of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities to be redeemed, and (vii) in the case of Short Term Auction Rate Securities and Complementary Auction Rate Securities, the redemption price (plus accrued and unpaid interest thereon to the Redemption Date) per \$1,000 of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively. Such notice may set forth any additional information relating to such redemption as shall be deemed necessary or appropriate by the Trustee.

(d) (i) When Bonds are called for partial redemption, the specific Bonds to be redeemed shall be selected by the Trustee in Authorized Denominations.

(ii) So long as ownership of Short Term Auction Rate Securities and Complementary Auction Rate Securities is maintained in book-entry form by the Securities Depository, the Short Term Auction Rate Securities and Complementary Auction Rate Securities to be redeemed in part on any redemption date shall be selected by the Trustee in the manner set forth in the following sentence. An amount equal to the Linked Percentage of each of the principal amount of the Short Term Auction Rate Securities and of the Complementary Auction Rate Securities to be redeemed on such redemption date shall be selected from Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities (on a pro rata basis in accordance with the relative

principal amounts thereof), the remaining principal amount of Complementary Auction Rate Securities to be redeemed shall be selected from Regular Complementary Auction Rate Securities and the remaining principal amount of Short Term Auction Rate Securities to be redeemed shall be selected from Regular Short Term Auction Rate Securities and Special Short Term Auction Rate Securities on a pro rata basis in accordance with the relative principal amounts thereof), provided that, if any principal amount of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities selected as provided above from Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Short Term Auction Rate Securities and Special Short Term Auction Rate Securities is not equal to an Authorized Denomination, the Trustee shall, in such manner as, in its sole discretion, it shall determine, round up or down the principal amounts so determined. The Trustee shall give the Securities Depository at least two Business Days' notice of the record date selected by it for the purpose of a redemption (each a "Redemption Record Date") and obtain from the Securities Depository a position listing showing at the close of business as of such Redemption Record Date the aggregate principal amounts of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively. On the basis of such position listing, the Trustee shall calculate the Linked Percentage as of the Redemption Record Date and determine therefrom the principal amounts to be redeemed and redemption prices per \$1,000 (plus accrued and unpaid interest thereon to the Redemption Date) of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively.

(iii) If ownership of the Short Term Auction Rate Securities and Complementary Auction Rate Securities is not maintained in book-entry form, selection of such Short Term Auction Rate Securities and Complementary Auction Rate Securities to be redeemed in part shall be by lot or pro rata, among Bondowners or in such other manner as the Trustee determines to be fair.

If it is determined that one or more, but not all, of the units of Authorized Denominations represented by any Bond is to be called for redemption, then,

upon notice of intention to redeem such unit or units, the Bondowner shall forthwith surrender such Bond to the Trustee for (i) payment to such Bondowner of such unit of the redemption price of such Bonds called for redemption and (ii) delivery to such Bondowner of a new Bond or Bonds of the same sub-series and in the aggregate principal amount of the unredeemed balance of the principal amount of such Bond, without charge therefor.

If the Bondowner of any such Bond of a denomination greater than the amount called for partial redemption shall fail to present such Bond to the Trustee for payment and exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the applicable unit or units of principal amount called for redemption (and to that extent only).

(e) Any Bonds, or portions thereof, that have been duly selected for redemption shall be deemed to be paid and shall cease to bear interest on the specified redemption date, if moneys sufficient to pay such Bonds are held by the Trustee for the benefit of the Bondowners.

Section 4.03 No Partial Redemption Of Bonds After Default.

Anything in this Indenture to the contrary notwithstanding, if there shall have occurred and be continuing an Event of Default defined in paragraph (i), (ii) or (iii) of Section 6.01 hereof, there shall be no redemption of less than all of the Bonds at the time Outstanding.

Section 4.04 Redemption Payments.

Not later than 12:00 Noon, New York City time, on the Business Day next preceding any redemption date, the City shall deposit with the Trustee an amount of money sufficient to pay the aggregate redemption price of, and accrued and unpaid interest to the redemption date on, all the Bonds or portions thereof that are to be redeemed on such redemption date. So long as no Payment Default with respect to the Bonds has previously occurred and is continuing and the ownership of the Short Term Auction Rate Securities is maintained in book-entry form by the Securities Depository, the Trustee shall send, not later than 9:15 A.M., New York City time, on the redemption date, a notice in substantially the form of (Sub)Exhibit B hereto to the Auction Agent and to the Holders of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities by facsimile or similar means if the amounts on deposit with the Trustee and available therefor are insufficient to pay the amounts due on such redemption date. If all such insufficiencies are cured prior to the close of business on the Business Day immediately preceding the next Auction Date, the Trustee shall immediately send a notice thereof in substantially the form of (Sub)Exhibit

C hereto to the Auction Agent and to the Holders of the Short Term Auction Rate Securities and Complementary Auction Rate Securities by facsimile or similar means.

Section 4.05 Mandatory Tender For Purchase.

(a) Purchase by Holders of Complementary Auction Rate Securities. At any time prior to the Submission Deadline on each Auction Date, for the Short Term Auction Rate Securities, a Holder which for purposes of this Section 4.05(a) shall mean the beneficial owner of Complementary Auction Rate Securities (i) may notify a Broker-Dealer that such Holder intends to submit a Bid at the Minimum Rate for a specified principal amount of Short Term Auction Rate Securities in the Auction on such Auction Date in order to link the same with all or a portion of its Complementary Auction Rate Securities, and (ii) if such Bid is unsuccessful, in whole or in part, may elect no later than the second Business Day succeeding such Auction Date to require that Regular Short Term Auction Rate Securities in an aggregate principal amount equal to the unsuccessful portion of such Bid be tendered to such Holder for purchase (a "Tender Demand") on the seventh Business Day preceding the next succeeding Auction Date (a "Tender Date"). The purchase price shall equal the principal amount of such Regular Short Term Auction Rate Securities being purchased plus accrued and unpaid interest thereon to the Tender Date at the Applicable Short Term Auction Rate Securities Rate, less the Service Charge Rate (the "Tender Price"). A Holder of Short Term Auction Rate Securities who receives notice that all or any portion of its Short Term Auction Rate Securities has been selected for purchase by a Holder of Complementary Auction Rate Securities who has made a Tender Demand shall tender such Short Term Auction Rate Securities for purchase by such Holder of Complementary Auction Rate Securities at the Tender Price on the Tender Date therefor. A Holder of Complementary Auction Rate Securities who has made a Tender Demand shall purchase the Short Term Auction Rate Securities tendered to it on the Tender Date for the Tender Price therefor.

(b) (i) Purchase by the City. The Bonds that are subject to optional redemption pursuant to Section 4.01(b) hereof (the "Callable Bonds") also shall be subject to mandatory tender by the Owners for purchase by the City at the option of City, in whole or in part, at [insert terms].

The right of the City to require the mandatory tender of all or any portion of the Callable Bonds as herein provided is herein referred to as an "Option Right".

(ii) Mandatory Purchase not a Discharge of Debt. To the extent permitted by law, the mandatory tender and purchase by the City of

any of the Callable Bonds shall not operate to extinguish or discharge the indebtedness evidenced by such Callable Bonds.

(iii) Sale of Option Rights. The Comptroller may, with the concurrence of the Chairman of the Committee on Finance of the City Council, the Vice Chairman of the Committee on Finance of the City Council, or the Chairman of the Committee on the Budget and Government Operations of the City Council, sell all or any part of the Option Rights to another party (the "Option Rights Owner"), provided that the City first obtain an opinion of Bond Counsel to the effect that (A) such sale is authorized under this Indenture, (B) that such sale will not adversely affect the exclusion of interest on the Series 1993 Bonds from gross income for federal income tax purposes, and (C) that such sale does not require the registration of any security under the Securities Act of 1933, as amended, or that such registration, if required, has been effected. Such sale shall transfer to the Option Rights Owner the right of the City to require the mandatory tender of specified Callable Bonds during an identified period of time (the "Option Period"). If Option Rights for certain Callable Bonds are sold by the City, the City no longer will have the right optionally to redeem or to require the mandatory tender of those Callable Bonds unless it reacquires the Option Rights from the Option Rights Owner. Any sale of Option Rights with respect to the Short Term Auction Rate Securities must include the sale of Option Rights for an equal principal amount of Complementary Auction Rate Securities, and any sale of Option Rights with respect to Complementary Auction Rate Securities must include the sale of Option Rights for an equal principal amount of Short Term Auction Rate Securities.

(iv) Notice of Proposed Sale of Option Rights. Prior to any sale of Option Rights by the City, the City shall cause the Trustee to give notice of the proposed sale to the Owners of the Callable Bonds to be affected by the sale. Such notice shall be given no earlier than 180 days and no later than 30 days prior to the execution of a sale contract by the City. The notice shall state the following:

1. that it is a notice of proposed sale of Option Rights with respect to specified Bonds;
2. that the opinion of Bond Counsel described in subparagraph (iii) above shall be delivered prior to the proposed sale;
3. a description of the Callable Bonds affected, including the maturities or sinking fund installments, C.U.S.I.P. numbers and principal amounts; and
4. the name and address of a representative of the City from whom additional information regarding the proposed sale may be obtained.

Such notice is for informational purposes only. Any error in or failure to receive such notice shall not affect the ability of the City to proceed with the sale of its Option Rights.

(v) Right Certificates. Any Option Rights sold by the City shall be evidenced by certificates (the "Right Certificates") executed by the Comptroller and authenticated by the Trustee. Each Right Certificate shall identify the maturity or sinking fund installment and principal amount of Bonds to which it applies and the Option Period during which the Option Right evidenced by the certificate may be exercised. No single Right Certificate shall be issued for more than one maturity or sinking fund installment of the Bonds. In connection with the sale of any Option Rights, the Comptroller is hereby authorized to execute and deliver such instruments, agreements and certificates as may be necessary or desirable, including, but not limited to, a rights offering disclosure statement and appropriate documents providing for the registration, transfer and exchange of Rights Certificates, and if deemed appropriate by the Comptroller, arrangements for the deposit of such Right Certificates with a book-entry depository.

(vi) Exercise of Option Rights. An Option Rights Owner may exercise its option to require the mandatory tender of specified Callable Bonds at the same times and for the same purchase prices applicable to the City under subparagraph (i) above. To exercise its option, an Option Rights Owner must deliver the following to the Trustee not more than 90 days and not less than 45 days before the mandatory tender date:

1. the Right Certificate;
2. the purchase price; and
3. irrevocable instructions designating the purchase date and the principal amount to be purchased.

The designated purchase date must be within the Option Period. The purchase date may not be a date after a record date for the Bonds and before the corresponding interest payment date. The Trustee shall hold the purchase price uninvested, unless otherwise agreed to in writing by the Trustee and the Option Rights Owner, in which case any investment income on the purchase price (less any fee of the Trustee relating to the investment) shall be remitted to the Option Rights Owner. The City shall have no liability whatsoever for the payment of such investment income to the Option Rights Owner.

(vii) **Mandatory Tender Pursuant to a Right Certificate.** Upon receipt of the items described in subparagraph (vi) above, the Trustee shall require the mandatory tender of the specified Callable Bonds on the purchase date (including the giving of notice pursuant to subparagraph (xii) below), provided that upon the mandatory tender for purchase of Short Term Auction Rate Securities, an equal principal amount of Complementary Auction Rate Securities shall be purchased, and upon the mandatory tender for purchase of Complementary Auction Rate Securities, an equal principal amount of Short Term Auction Rate Securities shall be purchased. In the event of a partial purchase, the Trustee shall select the Bonds to be purchased in the same manner as in the case of a partial redemption.

(viii) **Delivery of Bonds Required to be Mandatorily Tendered.** Any Bond required to be mandatorily tendered for purchase must be delivered by the Owner thereof to the Trustee on the mandatory tender date, and upon such delivery the purchase price will be paid to the Owner thereof as provided in subparagraph (xii) below. Bonds not so tendered on the applicable mandatory tender date shall be deemed tendered by the Owner thereof as of such date. The Trustee shall cancel any Bonds or portions thereof tendered or deemed tendered and issue a new Bond to such Option Rights Owner in the same aggregate principal amount and with the same interest rate, maturity date, form and tenor. Such new Bond shall also state that it is not subject to mandatory tender for purchase or optional redemption during the applicable Option Period. The Trustee shall note such on the bond registry.

(ix) **Owners Who Are Also Option Rights Owners.** If an Owner of a Callable Bond is also the owner of a Right Certificate pertaining to that Callable Bond, the Owner may deliver the Callable Bond and the Right Certificate to the Trustee and request that the Trustee cancel the Right Certificate and designate the Bond as a Bond that is not subject to mandatory tender for purchase or optional redemption during the applicable Option Period.

(x) **Amendment.** The provisions herein dealing with Option Rights may be amended by the City without the consent of the Owners of the Bonds, provided that no such amendment shall adversely affect the security for or payment of the Bonds or permit the Bonds to be called for mandatory tender prior to the dates or at purchase prices less than those established pursuant to paragraph (i) above.

(xi) **Book-Entry Only System.** If the Bonds are held under a book-entry only system by the Securities Depository, then notwithstanding the other provisions of this Section 4.05(b), the Bonds shall be registered in the name of the nominee of the Securities Depository, and the Securities Depository shall perform certain of the functions of the Trustee.

(xii) Notice of Mandatory Tender for Purchase. Unless waived by any Owner of a Bond to be purchased, notice of the call for any such tender shall be given by the Trustee on behalf of the City by mailing the notice of mandatory tender by first class mail, postage prepaid, at least 30 days and not more than 45 days prior to the date fixed for purchase to the Owner of the Bond or Bonds to be purchased at the address shown on the Trustee or at such other address as is furnished in writing by such Owner to the Bond Registrar, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the mandatory tender of any other Bond.

All notices of purchase shall state:

1. the purchase date;
2. the purchase price;
3. if less than all Outstanding Bonds are to be purchased, the identification (and, in the case of partial tender for purchase, the respective principal amounts) of the Bonds to be purchased;
4. that on the purchase date the purchase price will become due and payable upon each such Bond or portion thereof called for mandatory tender, and that interest shall cease to accrue from and after said date;
5. the place where such Bonds are to be surrendered for payment of the purchase price, which place of payment shall be the principal corporate trust office of the Trustee; and
6. such other information as shall be deemed necessary by the Trustee at the time such notice is given to comply with any law, regulation or industry standard.

On or prior to any purchase date, the City or Option Rights Owner shall deposit with the Trustee an amount of money sufficient to pay the purchase price of all the Bonds or portions thereof which are to be purchased on that date.

Notice of purchase having been given as aforesaid, the Bonds, or portions thereof, so to be purchased shall, on the purchase date, become due and payable at the purchase price therein specified plus accrued interest, and from and after such date upon payment of the purchase price thereof such Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Bonds for purchase in accordance with said notice, such Bonds shall be paid by the Trustee

at the purchase price. Installments of interest due on or prior to the purchase date shall be payable as herein provided for payment of interest.

If any Bond, or portion thereof, called for purchase shall not be so paid upon surrender thereof for purchase, the principal shall, until paid, bear interest from the purchase date at the rate borne by the Bond, or portion thereof, so called for purchase.

Section 4.06 Purchase Of Bonds.

The City shall not purchase or otherwise acquire Short Term Auction Rate Securities or Complementary Auction Rate Securities unless the City purchases or acquires (i) Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities or Special Short Term Auction Rate Securities and Complementary Auction Rate Securities, or (ii) an equal aggregate principal amount of Complementary Auction Rate Securities or Short Term Auction Rate Securities, respectively, on the day of any purchase.

Each payment of principal of and interest on the Short Term Auction Rate Securities and Complementary Auction Rate Securities shall be accompanied by notice of the C.U.S.I.P. number of such Bonds. Each Holder of Short Term Auction Rate Securities by such Holder's purchase of Short Term Auction Rate Securities, appoints the Trustee as its agent in connection with the payment by such Holder of its share, if any, of the amounts payable to the Auction Agent and the Broker-Dealers pursuant to subsections (c) and (d) of Section 5.05 hereof. For any Interest Period with respect to which the Bond Insurer is obligated to make payments pursuant to the Bond Insurance Policy, each Holder of Short Term Auction Rate Securities by such Holder's purchase of Short Term Auction Rate Securities appoints the Bond Insurer and the [Insurance Trustee] as its agents in connection with the payment by such Holder of its share, if any, of any applicable Service Charge pursuant to the formulas set forth in Subsections (c) and (d) of Section 5.05 hereof.

(b) The Complementary Auction Rate Securities and Short Term Auction Rate Securities shall be dated _____, 1993. Each Bond shall bear interest from its date.

Section 5.03 Auction Procedures.

Subject to the provisions of Subsection 5.01(b), Auctions shall be conducted on each Auction Date in the following manner:

(a) (i) Prior to the Submission Deadline on each Auction Date:

(A) each Existing Holder of Short Term Auction Rate Securities may submit to a Broker-Dealer information as to:

(1) the principal amount of Outstanding Short Term Auction Rate Securities, if any, held by such Existing Holder that such Existing Holder desires to continue to hold without regard to the Auction Rate for the next succeeding Interest Period;

(2) the principal amount of Outstanding Short Term Auction Rate Securities, if any, that such Existing Holder offers to sell if the Auction Rate for the next succeeding Interest Period shall be less than the rate per annum specified by such Existing Holder; and/or

(3) the principal amount of Outstanding Short Term Auction Rate Securities, if any, held by such Existing Holder that such Existing Holder offers to sell without regard to the Auction Rate for the next succeeding Interest Period; and

(B) one or more Broker-Dealers may contact Potential Holders to determine the principal amount of Short Term Auction Rate Securities that each such Potential Holder offers to purchase if the Auction Rate for the next succeeding Interest Period shall not be less than the rate per annum specified by such Potential Holder.

For the purposes hereof, the communication to a Broker-Dealer of information referred to in clauses (A)(1), (A)(2), (A)(3) or (B) of this paragraph (a)(i) is hereinafter referred to as an "Order" and collectively as "Orders", and each Existing Holder and each Potential Holder placing an Order is hereinafter referred to as a "Bidder" and collectively as "Bidders"; an Order containing the information referred to in (x) clause (A)(1) of this paragraph (a)(i) is hereinafter referred to as a "Hold Order" and collectively as "Hold Orders", (y) clause (A)(2) or (B) of this paragraph (a)(i) is hereinafter referred to as a "Bid" and collectively as "Bids", and (z) clause (A)(3) of this paragraph (a)(i) is hereinafter referred to as a "Sell Order" and collectively as "Sell Orders".

(ii) (A) Subject to the provisions of Subsection (b) below, a Bid by an Existing Holder shall constitute an irrevocable offer to sell:

(1) the principal amount of Outstanding Short Term Auction Rate Securities specified in such Bid if the Auction Rate determined as provided in this section shall be less than the rate specified therein; or

(2) such principal amount or a lesser principal amount of Outstanding Short Term Auction Rate Securities to be determined as set forth in Subsection (d)(i)(D) below if the Auction Rate determined as provided in this section shall be equal to the rate specified therein; or

(3) such principal amount or a lesser principal amount of Outstanding Short Term Auction Rate Securities to be determined as set forth in Subsection (d)(ii)(C) below if the rate specified therein shall be higher than the Maximum Rate and Sufficient Clearing Bids do not exist.

(B) Subject to the provisions of Subsection (b) below, a Sell Order by an Existing Holder shall constitute an irrevocable offer to sell:

(1) the principal amount of Outstanding Short Term Auction Rate Securities specified in such Sell Order; or

(2) such principal amount or a lesser principal amount of Outstanding Short Term Auction Rate Securities as set forth in Subsection (d)(ii)(C) below if Sufficient Clearing Bids do not exist.

(C) Subject to the provisions of Subsection (b) below, a Bid by a Potential Holder shall constitute an irrevocable offer to purchase:

(1) the principal amount of Outstanding Short Term Auction Rate Securities specified in such Bid if the Auction Rate determined as provided in this section shall be higher than the rate specified therein; or

(2) such principal amount or a lesser principal amount of Outstanding Short Term Auction Rate Securities as set forth in subsection (d)(i)(E) below if the Auction Rate determined as provided in this section shall be equal to the rate specified therein.

(b) (i) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer and shall specify with respect to each such Order:

(A) the name of the Bidder placing such Order;

(B) the aggregate principal amount of Short Term Auction Rate Securities that are the subject of such Order;

(C) to the extent that such Bidder is an Existing Holder:

(1) the principal amount of Short Term Auction Rate Securities, if any, subject to any Hold Order placed by such Existing Holder;

(2) the principal amount of Short Term Auction Rate Securities, if any, subject to any Bid placed by such Existing Holder and the rate specified in such Bid; and

(3) the principal amount of Short Term Auction Rate Securities, if any, subject to any Sell Order placed by such Existing Holder; and

(D) to the extent such Bidder is a Potential Holder, the rate specified in such Potential Holder's Bid.

(ii) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one-thousandth (.001) of 1%.

(iii) If an Order or Orders covering all Outstanding Short Term Auction Rate Securities held by any Existing Holder is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Existing Holder covering the principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder and not subject to an Order submitted to the Auction Agent.

(iv) None of the City, the Trustee or the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Holder or Potential Holder.

(v) If any Existing Holder submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder, such Orders shall be considered valid as follows and in the following order of priority:

(A) all Hold Orders shall be considered valid, but only up to and including in the aggregate the principal amount of Short Term Auction Rate Securities held by such Existing Holder, and, if the aggregate principal amount of Short Term Auction Rate Securities subject to such Hold Orders exceeds the aggregate principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder, the aggregate principal amount of Short Term Auction Rate Securities subject to each such Hold Order shall be reduced pro rata to cover the aggregate principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder;

(B) (1) any Bid shall be considered valid up to and including the excess of the principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder over the aggregate principal amount of Short Term Auction Rate

Securities subject to any Hold Orders referred to in clause (v)(A);

(2) subject to subclause (B)(1), if more than one Bid with the same rate is submitted on behalf of such Existing Holder and the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the principal amount of Short Term Auction Rate Securities subject to each Bid with the same rate shall be reduced pro rata to cover the principal amount of Short Term Auction Rate Securities equal to such excess;

(3) subject to subclauses (B)(1) and (2), if more than one Bid with different rates is submitted on behalf of such Existing Holder, such Bids shall be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to and including the amount of such excess; and

(4) in any such event, the aggregate principal amount of Outstanding Short Term Auction Rate Securities, if any, subject to Bids not valid under this clause (B) shall be treated as the subject of a Bid by a Potential Holder at the rate therein specified; and

(C) all Sell Orders shall be considered valid up to and including the excess of the principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder over the aggregate principal amount of Short Term Auction Rate Securities subject to Hold Orders referred to in clause (v)(A) and valid Bids referred to in clause (v)(B).

(vi) If more than one Bid for Short Term Auction Rate Securities is submitted on behalf of any Potential Holder, each Bid submitted shall be a separate Bid with the rate and principal amount therein specified.

(vii) Any Bid or Sell Order submitted by an Existing Holder covering an aggregate principal amount of Short Term Auction Rate Securities not equal to an Authorized Denomination shall be rejected and shall be deemed a Hold Order. Any Bid submitted by a Potential Holder covering an aggregate principal amount of Short Term Auction Rate Securities not equal to an Authorized Denomination shall be rejected.

(viii) Any Bid submitted by an Existing Holder or a Potential Holder specifying a rate lower than the Minimum Rate shall be treated as a Bid specifying the Minimum Rate.

- (c) (i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a "Submitted Hold Order", a "Submitted Bid" or a "Submitted Sell Order", as the case may be, or as a "Submitted Order" and collectively as "Submitted Hold Orders", "Submitted Bids" or "Submitted Sell Orders", as the case may be, or as "Submitted Orders") and shall determine:

(A) the excess of the total principal amount of Outstanding Short Term Auction Rate Securities over the sum of the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available Short Term Auction Rate Securities"); and

(B) from the Submitted Orders whether:

(1) the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to Submitted Bids by Potential Holders specifying one or more rates equal to or lower than the Maximum Rate;

exceeds or is equal to the sum of:

(2) the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to Submitted Bids by Existing Holders specifying one or more rates higher than the Maximum Rate; and

(3) the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to Submitted Sell Orders

(in the event such excess or such equality exists (other than because the sum of the principal amount of Short Term Auction Rate Securities in subclauses (2) and (3) above is zero because all of the Outstanding Short Term Auction Rate Securities are subject to Submitted Hold Orders), such Submitted Bids in subclause (1) above being hereinafter referred to collectively as "Sufficient Clearing Bids"); and

(C) if Sufficient Clearing Bids exist, the lowest rate specified in such Submitted Bids (the "Winning Bid Rate") which if:

- (1) (aa) each such Submitted Bid from Existing Holders specifying such lowest rate and (bb) all other Submitted Bids from Existing Holders specifying lower rates were rejected, thus entitling such Existing Holders to continue to hold the principal amount of Short Term Auction Rate Securities subject to such submitted Bids; and
- (2) (aa) each such Submitted Bid from Potential Holders specifying such lowest rate and (bb) all other Submitted Bids from Potential Holders specifying lower rates were accepted, would result in such Existing Holders described in subclause (1) above continuing to hold an aggregate principal amount of Outstanding Short Term Auction Rate Securities which, when added to the aggregate principal amount of Outstanding Short Term Auction Rate Securities to be purchased by such Potential Holders described in subclause (2) above, would equal not less than the Available Short Term Auction Rate Securities.

(ii) Promptly after the Auction Agent has made the determinations pursuant to paragraph (c)(i), the Auction Agent shall advise the Trustee of the Maximum Rate and the Minimum Rate and the components thereof on the Auction Date and, based on such determinations, the Auction Rate for the next succeeding Interest Period as follows:

(A) If Sufficient Clearing Bids exist, that the Auction Rate for the next succeeding Interest Period shall be equal to the Winning Bid Rate so determined;

(B) If Sufficient Clearing Bids do not exist (other than because all of the Outstanding Short Term Auction Rate Securities are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Interest Period shall be equal to the Maximum Rate; or

(C) If all Outstanding Short Term Auction Rate Securities are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Interest Period shall be equal to the Minimum Rate.

(d) Existing Holders shall continue to hold the principal amount of Short Term Auction Rate Securities that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph (c)(i), Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) If Sufficient Clearing Bids have been made, all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraphs (d)(iv) and (v) of below, Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Holders' Submitted Bids specifying any rate that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Holder to sell the aggregate principal amount of Short Term Auction Rate Securities subject to such Submitted Bids;

(B) Existing Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Holder to continue to hold the aggregate principal amount of Short Term Auction Rate Securities subject to such Submitted Bids;

(C) Potential Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be accepted;

(D) Each existing Holders' Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be rejected, thus entitling such Existing Holder to continue to hold the aggregate principal amount of Short Term Auction Rate Securities subject to such Submitted Bid, unless the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to all such Submitted Bids shall be greater than the principal amount of Short Term Auction Rate Securities equal to the excess of the Available Short Term Auction Rate Securities over the aggregate principal amount of Short Term Auction Rate Securities subject to Submitted Bids described in clauses (i) (B) and (C), in which event such Submitted Bid of such Existing Holder shall be rejected in part, and such Existing Holder shall be entitled to continue to hold the principal amount of Short Term Auction Rate Securities subject to such Submitted Bid, but only in an amount equal to the aggregate principal amount of Short Term Auction Rate Securities obtained by multiplying the remaining principal amount by a fraction the numerator of which shall be the principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the sum of the principal amount of

Outstanding Short Term Auction Rate Securities subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate; and

(E) Each Potential Holders' Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the principal amount of Short Term Auction Rate Securities obtained by multiplying the excess of the Available Short Term Auction Rate Securities over the aggregate principal amount of Short Term Auction Rate Securities subject to Submitted Bids described in clauses (i) (B), (C) and (D) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Short Term Auction Rate Securities subject to such Submitted Bid of such Potential Holder and the denominator of which shall be the sum of the principal amounts of Outstanding Short Term Auction Rate Securities subject to Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate.

(ii) If Sufficient Clearing Bids have not been made (other than because all of the Outstanding Short Term Auction Rate Securities are subject to Submitted Hold Orders), subject to the provisions of paragraph (d) (iv) below, Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be accepted, thus requiring such Existing Holders to continue to hold the aggregate principal amount of Short Term Auction Rate Securities subject to such Submitted Bids;

(B) Potential Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be accepted; and

(C) Each Existing Holders' Submitted Bid specifying any rate that is higher than the Maximum Rate and the Submitted Sell Order of each Existing Holder shall be accepted, thus entitling each Existing Holder that submitted any such Submitted Bid or Submitted Sell Order to sell the Short Term Auction Rate Securities subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate principal amount of Short Term Auction Rate Securities obtained by multiplying the aggregate principal amount of Short Term Auction Rate Securities subject to Submitted Bids described in clause (ii)(B) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Short Term Auction Rate Securities held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate principal amount of

Outstanding Short Term Auction Rate Securities subject to all such Submitted Bids and Submitted Sell Orders.

(iii) If all Outstanding Short Term Auction Rate Securities are subject to Submitted Hold Orders, all Submitted Bids shall be rejected.

(iv) If, as a result of the procedures described in paragraphs (d)(i) or (ii) any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a principal amount of Short Term Auction Rate Securities that is not equal to an Authorized Denomination, the Auction Agent shall, in such manner as, in its sole discretion, it shall determine, round up or down the principal amount of Short Term Auction Rate Securities to be purchased or sold by any Existing Holder or Potential Holder so that the principal amount of Short Term Auction Rate Securities purchased or sold by each Existing Holder or Potential Holder shall be equal to an Authorized Denomination.

(v) If, as a result of the procedures described in paragraph (d)(ii) any Potential Holder would be entitled or required to purchase less than an Authorized Denomination of Short Term Auction Rate Securities, the Auction Agent shall, in such manner as, in its sole discretion, it shall determine, allocate Short Term Auction Rate Securities for purchase among Potential Holders so that only Short Term Auction Rate Securities in principal amounts of an Authorized Denomination are purchased by any Potential Holder, even if such allocation results in one or more of such Potential Holders not purchasing any Short Term Auction Rate Securities.

(e) Based on the results of each Auction, the Auction Agent shall determine the aggregate principal amount of Short Term Auction Rate Securities to be purchased and the aggregate principal amount of Short Term Auction Rate Securities to be sold by Potential Holders and Existing Holders on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate principal amount of Short Term Auction Rate Securities to be sold differs from such aggregate principal amount of Short Term Auction Rate Securities to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers acting for one or more sellers such Broker-Dealer shall receive, as the case may be, Short Term Auction Rate Securities.

Section 5.04 Certain Orders Not Permitted.

The City may not submit an Order in any Auction. The Auction Agent shall have no duty or liability with respect to monitoring or enforcing compliance with this Section 5.04.

Section 5.05 Application Of Interest Payments.

(a) The Trustee shall determine not later than 12:00 Noon, on the second Business Day next preceding each Interest Payment Date (other than at maturity) with respect to the Short Term Auction Rate Securities and the Complementary Auction Rate Securities, whether there is available in the funds an aggregate amount of funds equal to the aggregate amount of interest due and payable on the Short Term Auction Rate Securities and the Complementary Auction Rate Securities on such Interest Payment Date. The aggregate amount of interest payable by the City on the Short Term Auction Rate Securities and the Complementary Auction Rate Securities on each Interest Payment Date therefor shall be calculated by applying the Fixed Rate to the aggregate principal amount of the Outstanding Short Term Auction Rate Securities and Complementary Auction Rate Securities for which interest is to be paid and multiplying such sum by the actual number of days in the Interest Period concerned divided by 365 and rounding the resultant figure to the nearest cent (half a cent being rounded upwards).

(b) So long as the ownership of the Short Term Auction Rate Securities is maintained in book-entry form by the Securities Depository, the Trustee shall send by 12:15 P.M., New York City time, on the second Business Day next preceding each Interest Payment Date (other than at maturity) for the Short Term Auction Rate Securities and Complementary Auction Rate Securities a notice, in substantially the form of (Sub)Exhibit B hereto, to the Auction Agent and to the Holders of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities by facsimile or similar means, if the aggregate amount of funds available in the Funds to pay such interest is insufficient to pay the aggregate amount of interest payable on the Complementary Auction Rate Securities and Short Term Auction Rate Securities on such Interest Payment Date. If all insufficiencies are cured prior to the close of business on such Business Day, the Trustee shall immediately send a notice thereof in substantially the form of (Sub)Exhibit C hereto to the Auction Agent and to the Holders of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities by facsimile or similar means.

(c) On the Initial Interest Payment Date, the Trustee shall pay to the Auction Agent, on behalf of the Holders of Short Term Auction Rate Securities, out of amounts made available to it on account of interest due on the Short Term Auction Rate Securities, an amount equal to the product of (i) a fraction, the numerator of which is the number of days in the Initial

Interest Period and the denominator of which is 365, times (ii) .28 of 1% times (iii) the aggregate principal amount of Outstanding Short Term Auction Rate Securities on the Date of Original Issuance.

(d) On the Interest Payment Date for each Subsequent Interest Period immediately following an Auction Date, the Trustee shall pay to the Auction Agent, on behalf of the Holders of Short Term Auction Rate Securities in respect of which interest is to be paid on such Interest Payment Date, out of amounts made available to it on account of interest due on such Short Term Auction Rate Securities, an amount equal to the product of (i) a fraction, the numerator of which is the number of days in such Interest Period and the denominator of which is 365, times (ii) the amount of the Service Charge Rate times (iii) the aggregate principal amount of such Short Term Auction Rate Securities which were not Linked with Complementary Auction Rate Securities at the close of business on the Regular Record Date for Short Term Auction Rate Securities immediately preceding such Auction Date.

Section 5.06 Calculation Of Maximum Rate, Minimum Rate.

The Auction Agent shall calculate the Maximum Rate and the Minimum Rate on each Auction Date. If all Outstanding Short Term Auction Rate Securities are Linked with Complementary Auction Rate Securities at the close of business on any Regular Record Date for Complementary Auction Rate Securities and Short Term Auction Rate Securities, the Auction Agent shall calculate the Minimum Rate on the Business Day immediately preceding the first day of the next succeeding Subsequent Interest Period and notify the Trustee of such rate. If the ownership of the Short Term Auction Rate Securities is no longer maintained in book-entry form by the Securities Depository, the Trustee shall calculate the Maximum Rate on the Business Day immediately preceding the first day of each Subsequent Interest Period commencing after the delivery of certificates representing the Short Term Auction Rate Securities pursuant to Section 3.10(c) hereof. The Trustee shall calculate the Applicable Factors for each Interest Period. The determination of the Applicable Factors shall (in the absence of manifest error) be final and binding upon all parties.

Section 5.07 Computation Of Interest Distributable On Short Term Auction Rate Securities And Complementary Auction Rate Securities.

The amount of interest distributable to Holders of Regular Short Term Auction Rate Securities and Special Short Term Auction Rate Securities, respectively, for any Interest Period shall be calculated by applying the Applicable Factor for Regular Short Term Auction Rate Securities and Special Short Term Auction Rate Securities, respectively, for such Interest Period to the aggregate principal amounts of Regular Short Term Auction Rate Securities and Special Short Term Auction Rate Securities, respectively, multiplying such sum by the actual number of days in the

Interest Period concerned divided by 365 and rounding the resultant figure to the nearest cent (half a cent being rounded upwards). The amount of interest distributable to Holders of Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively, for any Interest Period shall be calculated by applying the Applicable Factor for Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively, for such Interest Period to the aggregate principal amounts of Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively, multiplying such sum by the actual number of days in the Interest Period concerned divided by 365 and rounding the resultant figure to the nearest cent (half a cent being rounded upwards).

Section 5.08 Notification Of Rates, Amounts And Payment Dates.

(a) By 2:00 P.M. on the Business Day immediately preceding the first day of each Interest Period, so long as the ownership of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities is maintained in book-entry form by the Securities Depository, the Trustee shall obtain from the Securities Depository a position listing showing at the close of business on the immediately preceding Regular Record Date for Complementary Auction Rate Securities and Short Term Auction Rate Securities the aggregate principal amounts of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively. On the basis of such position listing, the Trustee shall determine the aggregate amounts of interest distributable on the next succeeding Interest Payment Date to the Holders of Regular Short Term Auction Rate Securities, Special Short Term Auction Rate Securities, Regular Complementary Auction Rate Securities, Regular Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities and Special Linked Short Term Auction Rate Securities and Complementary Auction Rate Securities, respectively. So long as ownership of the Short Term Auction Rate Securities and the Complementary Auction Rate Securities is maintained in book-entry form by the Securities Depository, the Trustee shall advise the Securities Depository of each Regular Record Date relating to the Short Term Auction Rate Securities and the Complementary Auction Rate Securities at least two Business Days prior thereto.

(b) Promptly after the Date of Original Issuance and each Interest Payment Date (other than at maturity) for the Short Term Auction Rate Securities and the Complementary Auction Rate Securities and in any event at least 10 days prior to the next Interest Payment Date for the Short Term Auction Rate Securities and the Complementary Auction Rate Securities following the Date of Original Issuance or such Interest Payment Date (other than at maturity), as the case may be, the Trustee will advise:

(i) the Auction Agent, so long as the ownership of the Short Term Auction Rate Securities is maintained in book-entry form by the Securities Depository, of such next succeeding Interest Payment Date and, if such next succeeding Interest Payment is also a maturity date, of the second next succeeding Interest Payment Date;

(ii) the Securities Depository, so long as the ownership of the Short Term Auction Rate Securities or the Complementary Auction Rate Securities is maintained in book-entry form by the Securities Depository, of the Applicable Factors with respect of the next succeeding Interest Payment Date; and

(iii) the Auction Agent, so long as the ownership of the Short Term Auction Rate Securities is maintained in book-entry form by the Securities Depository, of the amount payable to the Auction Agent pursuant to subsection (c) or (d) of Section 505 on such next succeeding Interest Payment Date.

If any day that is scheduled to be an Interest Payment Date shall be changed after the Trustee shall have given the notice referred to in clause (i) of the preceding sentence, not later than 9:15 A.M. on the Business Day next preceding the earlier of the new Interest Payment Date or the old Interest Payment Date, the Trustee will, by such means as the Trustee deems practicable, give notice of such change to the Auction Agent, so long as the ownership of the Short Term Auction Rate Securities is maintained in book-entry form by the Securities Depository.

(c) By 10:00 A.M. on each Interest Payment Date (other than at maturity), the Trustee shall advise the Auction Agent of the Applicable Complementary Auction Rate Securities Rate for the Interest Period commencing on such Interest Payment Date.

(d) If the Bond Insurer is obligated to make payments pursuant to the Bond Insurance Policy with respect to any Interest Period, the Trustee shall make available to the Bond Insurer any information obtained or determined by it pursuant to subsection (a) in order to facilitate the payment of any amounts due under the Indenture in accordance with the terms of the Bond Insurance Policy.

Section 5.09 Adjustment In Percentages.

(a) The Market Agent may adjust the percentage used in determining the Minimum Rate and the Applicable Percentages used in determining the Maximum Rate if any such adjustment is necessary, in the judgment of the Market Agent, to reflect any Change of Preference Law such that the Maximum Rate and Minimum Rate shall have substantially equal market values before and after such Change of Preference Law. In making any such adjustment, the Market Agent shall take the following factors, as in existence both before and after such Change of Preference Law, into account: (i) short-term taxable and tax-exempt market rates and indices of such short-term rates, (ii) the market supply and demand for short-term tax-exempt securities, (iii) yield curves for short-term and long-term tax-exempt securities or obligations having a credit rating that is comparable to the Bonds, (iv) general economic conditions, and (v) economic and financial factors present in the securities industry that may affect or that may be relevant to the Bonds.

(b) The Market Agent shall communicate its determination to adjust the percentage used in determining the Minimum Rate and the Applicable Percentages used in determining the Maximum Rate pursuant to Subsection (a) of this section by means of a written notice delivered at least 10 days prior to the Auction Date on which the Market Agent desires to effect the change to the City, the Trustee and the Auction Agent in substantially the form attached hereto as, or containing substantially the information contained in, (Sub)Exhibit D. Such notice shall be effective only if it is accompanied by the form of opinion that Bond Counsel expects to be able to give by 9:30 A.M. on such Auction Date to the effect that such adjustment is authorized by this Indenture and will not have an adverse effect on the exclusion of interest on the Bonds of each subseries from gross income for federal income tax purposes.

(c) An adjustment in the percentage used to determine the Minimum Rate and the Applicable Percentages used to determine the Maximum Rate shall take effect on an Auction Date only if (i) the Trustee and the Auction Agent receive, by 11:00 A.M. on the Business Day immediately preceding such Auction Date, a certificate from the Market Agent by facsimile or similar means, in substantially the form attached hereto as, or containing substantially the information contained in, (Sub)Exhibit E, (A) authorizing the adjustment of the percentage used to determine the Minimum Rate and the Applicable Percentages used to determine the Maximum Rate which shall be specified in such authorization and (B) confirming that Bond Counsel expects to be able to give an opinion on such Auction Date to the effect that the adjustment in the percentage used to determine the Minimum Rate and the Applicable Percentages used to determine the Maximum Rate is authorized by this Indenture and will not have an adverse effect on the exclusion of interest on the Bonds of each Series from gross income for federal income tax purposes and (ii) the Trustee and the Auction Agent receive by 9:30 A.M. on such Auction Date, a Bond Counsel opinion to the

effect that the adjustment in the percentage used to determine the Minimum Rate and the Applicable Percentages used to determine the Maximum Rate is authorized by this Indenture and will not have an adverse effect on the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Article VI.

Section 6.01 Default By The City.

(a) "Event of Default" in this Indenture means any one of the events set forth below and "default" means any Event of Default without regard to any lapse of time or notice.

(b) Upon the occurrence and continuance of any Event of Default described in clauses (i), (ii), (iii) or (iv) of paragraph (a) of this section, the Trustee may, and at the written request of Bondowners owning not less than a majority in aggregate principal amount of Bonds then Outstanding, shall, by written notice to the City, declare the Bonds to be immediately due and payable, whereupon they shall, without further action, become and be immediately due and payable, and the Trustee shall give notice thereof to the City, and the Bond Insurer; provided that no such declaration shall be

In the event D.P.D. rejects all or any portion of the Scope Drawings as initially presented prior to the First Construction Disbursement Date, Developer shall have fifteen (15) days from the date Developer is notified of such rejection to submit revised or corrected Scope Drawings to D.P.D. for approval. D.P.D.'s approval shall be granted or denied by D.P.D. within fifteen (15) business days of receipt thereof. Failure by D.P.D. to approve or deny the Scope Drawings within such fifteen (15) day period shall not be deemed an approval thereof. After the initial approval, subsequent proposed changes to the Scope Drawings shall be submitted to D.P.D. as a Change Order pursuant to Section 3.05 hereof.

3.04 Project Budget.

Developer has furnished to D.P.D., and D.P.D. has approved, a Project Budget dated as of the date hereof showing total costs in an amount not less than Fourteen Million One Hundred Sixty Thousand Dollars (\$14,160,000.00) (including the cost of the Project and acquisition of the Existing NWS Property). Developer hereby certifies to City that (a) the City Funds, together with other financing and/or equity described in Section 4.01 hereof, shall be sufficient to pay all Project costs and (b) to the best of Developer's knowledge after diligent inquiry, the Project Budget is true, correct and complete in all material respects. 3.05 Change Orders.

Except as provided below, all Change Orders (and documentation substantiating the need and identifying the source of funding therefor) must be submitted by Developer to D.P.D. for D.P.D.'s prior written approval, which approval shall not be unreasonably withheld and which shall be given or denied within ten (10) business days after receipt by D.P.D. of the request for the Change Order. Failure by D.P.D. to approve or deny any Change Order within such ten (10) day period shall not be deemed an approval of the particular Change Order. Except for Change

Orders costing less than Twenty-five Thousand Dollars (\$25,000.00) each, to an aggregate amount of One Hundred Thousand Dollars (\$100,000.00), Developer shall not authorize or permit the performance of any work relating to such Change Order or the furnishing of materials in connection therewith prior to the receipt by Developer of D.P.D.'s written approval. The construction contract between Developer and the third party General Contractor, if any, and the General Contractor and each subcontractor, shall contain a provision to this effect. An approved Change Order shall not be deemed to imply any obligation on the part of City to increase the amount of the City Funds or provide any other additional assistance to Developer.

3.06 D.P.D. Approval.

Any approvals made by D.P.D. of the Scope Drawings and the Change Orders are for the purposes of this Agreement only and do not affect or constitute approvals required for building permits or pursuant to any City ordinance, code, regulation or any other governmental approval, nor does any approval by D.P.D. pursuant to this Agreement constitute approval of the quality, structural soundness or safety of the NWS Property or the Project.

3.07 Other Approvals.

Any D.P.D. approval under this Agreement shall have no effect upon, nor shall it operate as a waiver of, Developer's obligations to comply with the provisions of Section 5.03 hereof. Rehabilitation, construction and/or demolition work on the Project and purchase of materials shall not proceed until Developer has obtained all necessary permits and approvals (including but not limited to D.P.D.'s approval of the Scope Drawings) and proof of the General Contractor's and each subcontractor's bonding.

respect to the rehabilitation of the Project prior to requests for disbursement pursuant to the Escrow Agreement.

3.10 Barricades.

Prior to commencing any construction requiring barricades, Developer shall install a construction barricade of a type, kind and appearance satisfactory to City and constructed in compliance with all applicable federal, state or City laws, ordinances and regulations. D.P.D. retains the right to reasonably approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades.

3.11 Signs And Public Relations.

Developer shall erect a sign of size and style approved by City in a conspicuous location on the NWS Property during construction of the Project, indicating that financing has been provided by City. City reserves the right to include the name, photograph, artistic rendering of the Project and other pertinent information regarding Developer, the NWS Property and the Project in City's promotional literature and communications.

3.12 Utility Connections.

Developer may connect all on-site water, sanitary, storm and sewer lines constructed on the NWS Property to City utility lines existing on or near the perimeter of the NWS Property, provided Developer first complies with all City requirements governing such connections, including the payment of any fees and costs related thereto.

3.13 Permit Fees.

In connection with the redevelopment of the Project, Developer shall be obligated to pay only those building, permit, engineering, tap on and inspection fees that are assessed on a uniform basis throughout the City of Chicago and are of general applicability to other property within the City of Chicago.

4.02 City Funds.

Subject to the terms and conditions of this Agreement, including but not limited to Section 5 hereof, City hereby agrees to provide City Funds in an amount not to exceed Four Million Four Hundred Sixty Thousand Dollars (\$4,460,000.00) to assist in financing the T.I.F.-Funded Improvements only through the funding of draw requests with respect thereto pursuant to the Escrow Agreement and this Agreement.

4.03 Cost Overruns/Reduction In Scope.

If the aggregate cost of the T.I.F.-Funded Improvements exceeds City Funds available pursuant to Section 4.02 hereof, Developer shall be solely responsible for such excess costs and shall hold City harmless from any and all costs and expenses of completing the T.I.F.-Funded Improvements in excess of the City Funds. In such circumstances, City may, but shall not be obligated to confer with Developer to determine whether a reduction in scope of all or any portion of the T.I.F.-Funded Improvements should be made. The decision to reduce the scope of all or any portion of the T.I.F.-Funded Improvements shall be in the sole discretion of City and shall not reduce Developer's obligations under this Agreement.

4.04 Construction Escrow.

City and Developer hereby agree to enter into the Escrow Agreement with the Title Company.

4.05 City Fees.

City may allocate the sum of One Hundred Thousand Dollars (\$100,000.00) for payment of costs incurred by City for the administration and monitoring of the Project. Developer shall select the General Contractor (or, if Developer acts as its own General Contractor, each subcontractor) submitting the lowest responsible bid for a particular T.I.F.-Funded Improvement who can complete the Project in a timely manner, and shall submit such bid to D.P.D. for approval, which approval shall be granted or denied in writing within ten (10) business days after receipt thereof. If Developer selects other than the lowest responsible bid for any T.I.F.-Funded Improvement, Developer shall pay the difference

between the lowest responsible bid and the bid selected. City shall have the right to inspect all bids submitted and shall have final approval over the bid process. The General Contractor shall not begin work on the Project until the Scope Drawings have been approved by D.P.D. and all requisite permits have been obtained.

Developer shall contractually obligate and use reasonable efforts to cause its third party General Contractor, if any, and each subcontractor to agree to the provisions of Section 10 hereof.

6.05 Other Provisions.

7.01 Certificate Of Completion.

Upon completion of the Project in accordance with the terms of this Agreement, and at Developer's written request, D.P.D. shall issue Developer a Certificate certifying that Developer has fulfilled its obligation to construct the Project in accordance with the terms of this Agreement; provided, however, that the issuance of such Certificate shall not operate as a waiver of any of City's rights under this Agreement or any other agreement. D.P.D. shall respond to Developer's written request for a Certificate within thirty (30) days after D.P.D.'s receipt thereof, by issuing either a Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement, and any other objections to the issuance of a Certificate which D.P.D. may have, and the measures which must subsequently be taken by Developer in order to obtain the Certificate. Developer may resubmit a written request for a Certificate upon completion of such measures.

(k) Developer has not incurred, and, prior to the issuance of a Certificate, shall not, without the prior written consent of City, which shall not be unreasonably withheld, incur any indebtedness secured or to be secured by the NWS Property or any fixtures now or hereafter affixed thereto, except pursuant to Section 4.01 hereof and as disclosed on the Project Budget, or except as disclosed on (Sub)Exhibit L hereto.

8.02 Covenant To Redevelop.

Upon D.P.D.'s approval of the Scope Drawings and Project Budget and Developer's receipt of all required building permits and governmental approvals, Developer shall redevelop the NWS Property in accordance with this Agreement and all (Sub)Exhibits attached hereto, the T.I.F. Ordinances, the Bond Ordinance, the Scope Drawings, Project Budget and all amendments thereto, and all federal, state and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Project, the NWS Property and/or Developer.

8.05 Other Bonds.

Developer shall, at the request of City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for City to issue (in its sole discretion) any bonds in connection with the Project other than the Bonds; provided, however, that any such amendments shall not have a material adverse effect on Developer or the

Project. Developer, at its own expense, shall cooperate and provide reasonable assistance in connection with the marketing of any such bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting City in preparing an offering statement with respect thereto.

8.06 Employment Opportunity.

Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause each third party General Contractor, if any, and subcontractor to abide by the terms set forth in Section 10 hereof.

8.07 Employment Profile.

Developer shall submit, and contractually obligate and use reasonable efforts to cause its third party General Contractor, if any, or any subcontractor to submit, to D.P.D. statements of its employment profile upon D.P.D.'s request.

8.08 Conflict Of Interest.

Developer represents and warrants that no member, official, or employee of City, or of any commission or committee exercising authority over the Project or the Redevelopment Plan, or any consultant hired by City, owns or controls (or has owned or controlled) any interest, direct or indirect, in Developer's business or the property described in (Sub)Exhibits B (1) and B (2) hereto; nor shall any such member, official employee or consultant participate in any decision relating to Developer's business which affects his or her interests or the interests of any corporation, partnership or association in which he or she is directly or indirectly interested.

8.09 Financial Statements.

Developer shall maintain and provide to D.P.D. Financial Statements for Developer's fiscal year ended March 31, 1993 and each March 31 thereafter for the Term of the Agreement. Developer shall furnish to D.P.D., within thirty (30) days of D.P.D.'s request, official receipts from the appropriate entity, or other proof satisfactory to D.P.D., evidencing payment of the Non-Governmental Charge in question. Developer shall have the right, before any delinquency occurs, (i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the NWS Property. 8.12 Developer's Liabilities.

Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay Developer's Liabilities or any other material liabilities or material obligations of Developer to any other person or entity. Developer shall immediately notify D.P.D. of any and all events or actions which may materially affect Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.13 Conditional Provisions.

The covenants set forth in (Sub)Exhibit M hereto will become effective at the sole option of City and upon City's receipt of an opinion from nationally recognized bond counsel that the effectiveness of those provisions will not adversely affect the tax-exempt status of the Bonds. In the event that City exercises its option to make the covenants in (Sub)Exhibit M effective, it shall so notify Developer in accordance with Section 17 hereof.

8.14 Compliance With Laws.

To the best of Developer's knowledge, after diligent inquiry, the NWS Property and the Project are in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the NWS Property. Upon City's request, Developer shall provide evidence satisfactory to City of such compliance.

Section 10. Employment Opportunity.

Developer and its successors and assigns hereby agree, and shall contractually obligate and use reasonable efforts to cause its or their third party General Contractors (if any), subcontractors, tenants and lessees (collectively with the Developer, the "Employers") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other such party's provision of services hereunder:

(a) Employer shall not discriminate against any employee or applicant for employment on the basis of race, color, religion, sex, national origin, ancestry, age, mental or physical disability, sexual orientation, marital status, parental status, military discharge status or source of income, as defined in the City of Chicago Human Rights Ordinance adopted December 21, 1988. Each Employer will take affirmative action to insure that applicants are employed and employees are treated during employment without regard to their race, color, religion, sex, national origin, ancestry, age, mental or physical disability, sexual orientation, marital status, parental status, military discharge status or source of income. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation and selection for training, including apprenticeship. (b) To the greatest extent feasible, each Employer shall create training and employment opportunities for the benefit of low- and moderate-income residents of the Redevelopment Area. Moreover, to the greatest extent possible, contracts for work performed in connection with the Project shall be awarded by Employer to business concerns located in, or owned in substantial part by persons residing in, the Redevelopment Area.

(c) All solicitation or advertisement for employees placed by or on behalf of any Employer shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, ancestry, age, mental or physical disability, sexual orientation, marital status, parental status, military discharge status or source of income.

(d) Simultaneously upon the execution and delivery of this Agreement, Developer and the City of Chicago, Mayor's Office of Employment and Training ("M.E.T.") will enter into a "First Source Agreement" in the form attached hereto as (Sub)Exhibit N.

(e) Each Employer shall comply with federal and state equal employment and affirmative action statutes, rules and regulations, including but not limited to the Human Rights Acts of the State of Illinois and City of Chicago, and any subsequent amendments and regulations promulgated pursuant thereto.

(f) Each Employer agrees to be bound by and comply with the Minority Business Enterprise and Women Business Enterprise Commitment provisions contained in (Sub)Exhibit O attached hereto. For the purposes of this Agreement, the following terms used in (Sub)Exhibit O shall have the following meanings: (i) "Year Advertised" shall mean year of the First Disbursement Date, (ii) "Contractor, Bidder and Proposer" shall mean each Employer, and (iii) "Total Contract Prices" shall mean total costs of the Project as indicated in the Project Budget.

(g) Each Employer will include the foregoing provisions in every contract entered into in connection with the Project, and will require the inclusion of these provisions in every subcontract entered into by any subcontractors, and every lease and sublease so that such provision will be binding upon each contractor or subcontractor, tenant or subtenant, as the case may be.

In addition thereto, original certificates of such insurance in form satisfactory to Developer and City shall be delivered to City prior to the date of this Agreement, and certified copies of said policies of insurance, including the applicable loss payable endorsements, shall be delivered to City within thirty (30) days of the date hereof. All policies of insurance required by the terms of this Agreement shall contain an endorsement or agreement by the insurer that any loss shall be payable in accordance with the terms of such policy notwithstanding any act of negligence of Developer which might otherwise result in forfeiture of said issuance, and the further agreement of the insurer waiving all right of set-off, counterclaim, or deductions against Developer, and shall provide that the amount payable for any loss shall not be reduced by reasons of co-insurance.

In the event Developer shall fail to comply with any provisions of this Section 12.02 City, at its option (without waiving or releasing any obligation or default by Developer under this Agreement) shall have the unqualified right (but not the obligation) to obtain or maintain any of the insurance policies required under this Agreement. All sums expended by City shall be promptly reimbursed by Developer upon demand by City.

Section 13. Indemnification.

Developer agrees to indemnify, defend and hold City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorney's fees and court costs) suffered or incurred by City arising from or in connection with (i) Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement, or (ii) Developer's or any contractor's failure to pay third party General Contractors (if any), subcontractors or materialmen in connection with the T.I.F.- Funded Improvements or any other Project improvement, or (iii) the existence of any material misrepresentation or omission in any offering memorandum or the Redevelopment Plan or any other document related to this Agreement that is the result of information supplied or omitted by Developer or its agents, employees, contractors or persons acting under the control or at the request of Developer or (iv) Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto.

Section 14. Maintaining Records/Right To Inspect.

14.01 Books And Records.

Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the amount and disposition of the total cost of the activities paid for with the City Funds. All such books, records and other documents, including but

not limited to Developer's loan statements, General Contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, shall be available at Developer's offices for inspection, copying, audit and examination by an authorized representative of City, at Developer's expense. Developer shall incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by Developer with respect to the Project.

14.02 Inspection Rights.

Any authorized representative of City shall have access to all portions of the Project and the NWS Property during normal business hours for the Term of the Agreement.

Section 15. Default And Remedies.

15.01 Events Of Default.

The occurrence of any one or more of the following events shall constitute an "Event of Default" by Developer hereunder:

(a) the failure of Developer to pay when due, declared due, or demanded by City (under law or in accordance with the terms of this Agreement or any other agreement between City and Developer), and of Developer's Liabilities;

(b) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under this Agreement or any related agreement;

(c) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under any other agreement with any person or entity if such failure may have a material adverse affect on Developer's business, property, assets, operations or condition, financial or otherwise;

(d) the making or furnishing by Developer to City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any respect;

(e) the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the NWS Property, other

than the Permitted Liens or the making or any attempt to make any levy, seizure or attachment thereof;

(f) the commencement of any proceedings in bankruptcy by or against Developer or for the liquidation or reorganization of Developer, or alleging that such Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within thirty (30) days after the commencement of such proceedings;

(g) the appointment of a receiver or trustee for Developer, for any substantial part of Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within thirty (30) days after the commencement thereof;

(h) the entry of any judgment or order against Developer which remains unsatisfied or undischarged and in effect for thirty (30) days after such entry without a stay of enforcement or execution;

(i) the dissolution of Developer; and

(j) the institution in any court of a criminal proceeding against Developer or any natural person who owns a material interest in Developer, which is not dismissed within thirty (30) days, or the indictment of Developer or any natural person who owns a material interest in Developer, for any crime provided, however, that in the event such indictment or institution is made against a person owning a material interest in Developer, such event shall not be deemed a default hereunder if such person divests his or her interest in Developer or is acquitted within ninety (90) days of such indictment or institution.

15.02 Remedies.

Upon the occurrence of an Event of Default, City may terminate this Agreement and all related agreements, and may suspend disbursement of the City Funds. City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, secure the specific performance of

the agreements contained herein, or may be awarded damages for failure of performance, or both.

15.03 Curative Period.

In the event Developer shall fail to perform a monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer shall have failed to perform such monetary covenant within ten (10) days of its receipt of a notice from City specifying that it has failed to perform such monetary covenant. In the event Developer shall fail to perform a non-monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer shall have failed to cure such default within twenty (20) days of its receipt of a notice from City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such twenty (20) day period, Developer shall not be deemed to be in default under this Agreement if it has commenced to cure the alleged default within such twenty (20) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

Section 16. Mortgaging Of The Project.

[The Commissioner of D.P.D. may, in her sole discretion, agree to some or all of the following provisions of this Section 16:]

In the event that Developer shall hereafter elect to execute and record or permit to be recorded against the NWS Property or any portion thereof, a mortgage(s) or deed(s) of trust (any such mortgage or deed of trust being hereinafter referred to as the "Mortgage" and the holder of the same being hereinafter referred to as the "Mortgagee"), then it is hereby agreed by and between City and Developer as follows:

(a) Prior to the issuance by City to Developer of a Certificate of Completion pursuant to Section 7 hereof, no such Mortgage shall be executed without City's prior written consent, which shall not be unreasonably withheld.

(b) At any time a Mortgage is recorded against the NWS Property or any portion thereof, then notwithstanding any term or provision of this Agreement to the contrary, no amendments or modifications may be made

to this Agreement, nor may this Agreement be terminated, without the Mortgagee's prior written consent.

(c) At any time a Mortgage is recorded against the NWS Property or any portion thereof, then, notwithstanding any term or provision of this Agreement to the contrary, in the event of a default under this Agreement by Developer then, before City may exercise any of its rights pursuant to, or for remedying such default, City shall send written notice describing the nature of such default to the Mortgagee. Such notice shall be sent to the Mortgagee at the address shown in the Mortgage by United States registered or certified mail, return receipt requested, postage prepaid, and shall be deemed received by the Mortgagee three (3) regular business days after mailing in accordance with the foregoing provisions. The Mortgagee shall have fifteen (15) days, commencing with the later to occur of: (i) the day following the last day of the applicable cure period herein provided to Developer; or (ii) the Mortgagee's receipt of the foregoing notice, within which to cure the alleged default. City shall not be entitled to exercise any of its rights or remedies with respect to such default until the foregoing cure period granted the Mortgagee herein shall have expired; provided, however, that if the default specified in the notice to the Mortgagee is a non-monetary default which cannot be cured within said fifteen (15) day period, then City shall not be entitled to pursue any rights or remedies on account of such default so long as Mortgagee in good faith has commenced to cure the default within said fifteen (15) day period and thereafter diligently pursues the curing thereof within a reasonable time; provided further, however, that during such cure period, City shall have no obligation to disburse any City funds, and Developer shall be solely liable for any liabilities occasioned by such failure to disburse.

(d) In the event that the Mortgagee shall succeed to the Developer's interest in the NWS Property, whether by foreclosure, deed in lieu of foreclosure, or otherwise, City hereby agrees to attorn to and recognize Mortgagee as the successor in interest to Developer for all purposes under this Redevelopment Agreement; provided, however, that it is understood and agreed that the Mortgagee shall have no liability under this Agreement for any of Developer's liabilities or obligations which accrued prior to the time Mortgagee succeeded to the interest of Developer under this Agreement, in which case Developer shall be solely responsible.

(e) At any time a Mortgage is recorded against all or any portion of the NWS Property, then, in the event this Agreement shall be terminated by operation of law prior to its stated expiration date, or in the event Developer's trustee in bankruptcy, or any receiver or liquidator of Developer's interest in the Project shall disaffirm or terminate this Agreement, City agrees that, upon Mortgagee's request, it will enter into a new Agreement for the Project with the Mortgagee for the remainder of the unexpired Term of this Agreement, which new agreement shall be effective as of the date of such disaffirmation or termination and shall

contain all of the same covenants, conditions, terms and provisions which are contained in this Agreement.

(f) The parties acknowledge that there are currently two mortgages against the Existing NWS Property as set forth on (Sub)Exhibit L hereto. The terms of this Agreement are subject and subordinate to such mortgages.

This recommendation was concurred in by twenty-six (26) members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) EDWARD M. BURKE,
Chairman.

The following is said proposed ordinance transmitted with the foregoing committee report:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of Chicago is hereby amended by adding a new Chapter 3-92, as follows:

3-92-010 Chapter Title.

This chapter shall be known and may be cited as the Chicago Property Tax Limitation Ordinance.

3-92-020 Definitions.

Whenever used in this chapter, the following words and phrases shall have the following meanings:

(a) "Consumer Price Index" means the Consumer Price Index for All Urban Consumers for all items, published by the United States Department of Labor.

(b) "Aggregate levy" means the annual levy of property taxes by the city for all purposes, with the exception of amounts levied for the specific purposes of special service areas, plus adjustment for new property.

(c) "Adjustment for new property" means an amount equal to the product of the most recent rate of extension for the aggregate levy, times the sum of all new property since the levy of the prior year.

(d) "New property" means the assessed value, after final action by the county board of (tax) appeals or county board of review, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Illinois Department of Revenue under Section 151 of the Revenue Act of 1939. "New property" also includes any increase in assessed valuation of existing property caused by the expiration of reduced assessments under the Cook County Real Estate Classification Ordinance.

3-92-030 Limitation.

Beginning with the city's 1994 fiscal year, the city shall not certify to the county clerks of Cook and DuPage Counties an aggregate levy in one year that exceeds the aggregate levy of the prior year by more than the lesser of (a) 5%; or (b) the percentage increase in the annualized Consumer Price Index during the 12-month period most recently announced preceding the filing of the preliminary budget estimate report. If the city reduced its aggregate levy for the last preceding levy year, the highest aggregate levy in any of the last three preceding levy years shall be used for the purpose of computing the limiting rate.

3-92-040 Merging And Consolidating Taxing Districts; Transfer Of Functions.

If the city of Chicago merges or consolidates with one or more other taxing districts, the sum of the last preceding aggregate levies for each taxing district shall be combined for the resulting merged or consolidated taxing district. If a function performed by another taxing district is transferred to the city, then the portion of the transferor taxing district's most recent aggregate levy attributable to the transferred function shall be added to the city's aggregate levy for the year of the transfer. If a function performed by the city is transferred to another taxing district, then that part of the aggregate levy of the city attributable to the transferred function shall be deducted from the aggregate levy of the city for that year.

3-92-050 Disconnected Territory.

If a portion of the city's territory in the prior levy year has been disconnected, for purposes of computing the limitation on the city's levy, the aggregate levy shall be adjusted by multiplying it by a factor, the numerator of which is the prior levy year's equalized assessed value of property

remaining in the city and the denominator of which is the prior levy year's equalized assessed value of the entire city. This adjustment to the aggregate levy will be made before any adjustments under Section 3-92-060.

3-92-060 Annexed Property.

If property is annexed into the city during the current levy year, for purposes of computing the limitation on the city's levy, the aggregate levy shall be adjusted by multiplying it by a factor, the numerator of which is the sum of prior levy year's equalized assessed value of all property located within the city prior to the annexation, plus the prior year's equalized assessed valuation of all property located within the annexed territory, and the denominator of which is the prior levy year's equalized assessed value of the entire city.

3-92-070 Tax Increment Financing Districts.

Levies allocable to a special tax allocation fund and the amount of taxes abated under Sections 162 and 162e of the Revenue Act of 1939 are not included in the aggregate levy when computing the limitation on increases from year to year.

3-92-080 Certification Of New Property.

In order to ensure compliance with this chapter, the City Comptroller each year shall obtain from appropriate officials of Cook and DuPage Counties the assessed value of new property within the city for that year.

3-92-090 Rules.

The City Comptroller shall promulgate reasonable rules relating to the administration of this chapter.

SECTION 2. This ordinance shall take effect and be in force hereinafter its passage and publication.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

Said resolution, which failed to pass, reads as follows:

WHEREAS, Community policing -- a program involving law-abiding citizens working with law enforcement officers -- is a new philosophy of policing already being experimented within other cities in the successful fight against crime; and

WHEREAS, Community policing has already been approached in the Austin District; and

WHEREAS, There are two elements to community policing: police involvement in community problem solving, and the enlistment of community citizens to enhance the police ability to deal with crime. Community policing places law enforcement officers and citizens in better

touch with one another and involves the addition of specially trained police officers to the force; and

WHEREAS, Six hundred new police cadets are slated for graduation in April, 1992. Also, it is possible that a savings of \$1.2 Million may be realized in the removal of police personnel from polling places during elections. Thus there are police officers, and funding, which could easily be diverted to a policy of community policing and hopefully in an area that would provide a social and economic cross section of our citizens: a variety of police districts with a variety of different problems; now, therefore,

Be It Resolved, That the Superintendent of Police is hereby memorialized to establish an experimental program of community policing in the area comprising the 7th, 8th, 9th, 11th, 15th and 25th Police Districts, to insure a social and economic cross section of Chicago's large population, as an expansion of the program already being tried in the Austin District; and

Be It Further Resolved, That police personnel for this program be recruited and trained from the six hundred cadets slated for graduation in April, and that funding for the program be derived, if possible, from the \$1.2 Million savings from the withdrawal of police officers from the City's polling places during elections.

WHEREAS, Experience in the City of Chicago as well as in other cities has shown that adult uses in certain areas of a city may lead to increased levels of criminal activity, including but not limited to prostitution and assault; and

WHEREAS, Merchants in some commercial areas of the City justifiably are concerned that the location of adult use establishments in such areas will have a serious negative effect; and

WHEREAS, In fact, the experiences of Seattle, Washington, and Detroit, Michigan, among other cities, have demonstrated that adult use establishments may degrade the quality of the area in which they are located and may have a blighting effect on a city; and

WHEREAS, Adult uses which continue to operate as nonconforming uses have had a deleterious effect on surrounding neighborhoods to a much greater extent than many other uses; and

WHEREAS, Adult uses should be subject to zoning regulations so that such uses may be separated from incompatible land uses, including but not limited to residential uses, schools, churches, and uses particularly patronized by young people; and

WHEREAS, The regulation of adult uses should serve to prevent the deterioration of the vitality of a community before a problem exists, rather than address only existing problems; and

WHEREAS, The reasonable regulation of adult uses will provide for the protection of property values and will protect City residents and persons who work within the City from the adverse effects of adult uses, while providing those who desire to patronize adult use establishments a reasonable opportunity to do so in areas of the establishments; and

WHEREAS, Adult uses should be treated as special uses to enable individualized consideration of the effects of an adult use on the surrounding neighborhood; now, therefore,

The following is said proposed resolution transmitted with the foregoing committee report:

WHEREAS, Victor Gonzalez, doing business as Happy Heart Lounge, as licensee, filed on July 15, 1992, an application for an exception pursuant to Article 11.7A-3 of the Chicago Zoning Ordinance for the approval of the change of licensee and continued operation of an existing tavern in a two-story building, in an R3 General Residence District, on premises at 3000 North Spaulding Avenue; and

WHEREAS, The decision of the Office of the Zoning Administrator rendered July 15, 1992 reads:

"Application not approved. Requested certification does not conform with the applicable provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, specifically, Articles 7.3-4, 11.7A-1."

; and

WHEREAS, The district maps show that the premises is located in an R3 General Residence District; and

WHEREAS, The Zoning Administrator, having fully reviewed all information and being fully advised of the premises, hereby makes the following findings of fact: the said use is located in an R3 General Residence District; that the subject site is improved with a two-story building containing an existing tavern; that on July 12, 1990, the City Council passed an ordinance requiring an exception for the approval of the change of licensee of an existing tavern located in a residence district; that the existing tavern is to be operated under a new license; that the majority of the tavern patrons come from the local neighborhood and that the continued operation of the tavern at this location is necessary for the public convenience; that the applicant, as the new licensee, proposes to operate the tavern in such a manner to insure that the public health, safety and welfare will be adequately protected; and that the continued operation of the existing tavern will not cause substantial injury to the value of other property in the neighborhood; now, therefore,

Be It Resolved, That the application for an exception is approved for the change of licensee and continued operation of an existing tavern in a two-story building, on premises at 3000 North Spaulding Avenue, and that all applicable ordinances of the City of Chicago shall be complied with before a license is issued; and

Be It Further Resolved, That the granting of this exception shall run only with the applicant, Victor Gonzalez, doing business as Happy Heart Lounge, as licensee, and that a change of licensee shall terminate the exception granted herein; and

the perimeter of Subarea E in accordance with the Interim Use Site Plan. In the event that the driving range or golf course are not constructed or are discontinued before construction of the Public Park is required, the areas designated for the driving range and golf course shall be, if not already planted or otherwise developed in accordance with this Planned Development, planted with grass and/or wildflowers as passive green space in accordance with specifications attached hereto. The passive green space shall be maintained in clean and litter-free condition and any areas planted with grass, other than prairie grasses, shall be mowed. In addition, notwithstanding any provision of this Planned Development, the Applicant may restrict the public's access to any portions or all of the areas planted as a passive green space.

- 7) The interim outdoor recreational uses authorized under this Planned Development shall be designed and constructed so as to preserve those existing trees that the Applicant determines will not interfere with the operation of the contemplated uses. The City acknowledges that operation of the driving range may require the removal of all trees from the area designated for that use on the Interim Use Site Plan.
- 8) The proposed interim uses shall be constructed, operated and maintained in accordance with all applicable environmental laws and regulations. Any herbicides or pesticides to be used on the planted areas shall be approved, prior to their use, by the Chicago Department of the Environment to insure compliance with applicable environmental laws and regulations.
- 9) Access to the proposed interim uses shall be provided at the general locations identified on the Interim Use Site Plan. The interim uses authorized under this Planned Development shall be designed and constructed in compliance with all applicable laws and regulations related to access for physically disabled persons. No approvals shall be granted pursuant to Section 11.11-3 (b) of the Chicago Zoning Ordinance until detailed construction drawings have been reviewed and approved by the Chicago Mayor's Office of People with Disabilities to insure compliance with all applicable laws and regulations related to access for physically disabled persons.

- 10) Netting and fencing shall be installed around the perimeter of the driving range and golf course as depicted on the Interim Use Site Plan. Such fencing or netting shall be of a mesh-type and shall be green in color.
- 11) Subject to the review and approval by the Department of Planning and Development of plans, specifications and cost estimates and upon the receipt of any other necessary approvals and authorizations, the Applicant, or at its option the City, shall be responsible for improving connections (including the removal of any obstructions under Lake Shore Drive) between the jogging path and the River Esplanade path and the Lakefront bicycle path at the locations depicted on the Interim Use Site Plan. Improvements to these connections shall include lighting, paving and striping as necessary and posting of directional signs to clearly identify that they are connections to the Lakefront bicycle path and the River Esplanade. In the event that the City decides that it and not the Applicant will undertake the necessary improvements to these connections, then the Applicant shall deposit the full \$150,000 as prescribed in Statement 12(A)(1)(b) provided, however, that the amounts so deposited shall be expended first in improving these connections.

B) Public Park.

A linear six acre public park (the "Public Park") shall be constructed within the eleven acre zone depicted in the Public Park Zone Map no later than the fifteenth anniversary of the issuance of a Certificate of Occupancy for the interim use driving range or earlier as provided in the 1993 Amendatory Lake Front Ordinance. The Public Park shall be constructed in substantial conformity with the Public Park Zone Map, the Public Park Site Plans and the Cross Sections and in accordance with the construction standards and time frames specified in the 1993 Amendatory Lakefront Ordinance. In addition, the following development parameters shall apply to the Public Park; provided, however, that nothing in this Planned Development shall require the Applicant to construct a Public Park which exceeds the cost of constructing said park

in accordance with the specifications in the 1993 Amendatory Lake Front Ordinance.

- 1) The Public Park shall be designed and constructed to encourage public use. The Public Park is intended to function as a public space for musical entertainment, live performances, festivals, outdoor cafes, special outdoor events and as a public gathering place for the surrounding office, hotel and residential neighborhood. Through connections to the Lake Michigan bicycle path, the Public Park is intended to provide a continuous linked park system. The City acknowledges that construction of the Public Park in accordance with the specifications in the 1993 Amendatory Lake Front Ordinance satisfies the City's intent as stated above.
- 2) The Public Park improvements shall include paved pathways, seating, lighting for passive uses, landscaping, trash receptacles and other furnishings as depicted in the Public Park Site Plan and in the specifications for construction of the Public Park in the 1993 Amendatory Lake Front Ordinance.
- 3) The Public Park shall be open and available for use by the general public free of charge during regular Chicago Park District hours. In the event that any portion of the Public Park is leased to private entities for outdoor cafes or other uses complementary to the park's proposed use, such leased area shall be opened and available at all times to the general public.
- 4) The Applicant shall provide walkways, open to the public, at the general locations indicated on the Exterior Pedestrian Circulation and Access Map. The proposed primary and secondary walkways depicted on that map shall be landscaped in accordance with the provisions of the Chicago Landscape Ordinance. In addition, the secondary walkways depicted on the Exterior Circulation and Access Map shall be improved with special paving treatments and with lighting and signage that clearly denote it as a route to the Public Park. Access to the Public Park shall comply with all applicable laws and regulations related to access for physically disabled persons. These walkways shall be in place and available for public use at the time that both the upper level of all developments on which they are

located and the adjacent portion of the Public Park have been constructed. The walkways should be at a minimum 25 feet in width (15 feet for the pedestrian bridge over the park) including any planted areas. The walkways shall not be located within or under any building. The Applicant shall cooperate with the City of Chicago and the Chicago Park District in preventing any obstructions (excluding plantings, structural columns, signage and lighting fixtures) from being created which would impair access along these walkways. Informational and directional signs shall be installed at each access point, subject to the review and approval of the Department of Planning and Development. Notwithstanding any provision of this Planned Development, the requirement that walkways and access points be provided at the general locations identified on the Exterior Pedestrian Circulation and Access Map, however, shall not be construed to require the Applicant to permit the public to use these walkways and access points for any purpose other than pedestrian movement from nearby public streets and buildings to the Public Park or to restrict the Applicant's ability to close off these access routes from time to time to prevent the establishment of any public or constructive easements.

- 5) For purposes of determining the minimum setback from the Public Park, the Public Park shall be divided into two sections along a north-south axis coterminous with the center line of Intermediate Level Field Boulevard. The two sections so created shall be referred to as the "Park Sections". Except as otherwise provided in this subsection, structures shall be set back at the Upper Level and above a minimum of 30 feet along at least 50% of each of the adjacent northern and southern edges of the Public Park within each Park Section. Provided, however, that any development containing residential or retail uses and not exceeding 50 feet in height shall be a permitted obstruction within the setback area required by this provision subject to the provisions of Statement 12(B)(6).
- 6) The exterior walls of structures up to the Upper Level which abut the Public Park shall be designed and constructed to provide fenestration, arcades, building entrances, variations in type or color of materials or architectural articulation or screened by

landscaping. In addition, the Applicant shall endeavor to the extent practical or feasible to locate retail uses, pedestrian walkways or openings to active uses adjacent to the park edge. Entrances to retail uses, pedestrian walkways or to active uses provided pursuant to this provision shall not be used to designate the Upper Level unless so designated by the Applicant. All parking areas adjacent to the park edge shall be enclosed and any mechanical areas adjacent to the park edge shall be either enclosed or screened by landscaping.

C) Pedestrian Walkways.

The pedestrian walkways depicted on the Pedestrian Walkway System Map shall consist of an enclosed all-weather walkway, having a minimum unobstructed vertical clearance of 9 feet (or lower as required by street conditions) and a width of 25 or 15 feet (as depicted on the Pedestrian Walkway System Map), designed to accommodate pedestrian movement at the Arcade Level and/or other levels as depicted in the Pedestrian Walkway System Map attached hereto. It shall be the responsibility of the Applicant to provide continuous pedestrian walkways at the Arcade Level and/or other levels subject to the review of the Department of Transportation and the approval of the Department of Planning and Development. In the area north of the Public Park, a pedestrian walkway extending east of the west line of North Field Boulevard shall be constructed only if Upper Level North Field Boulevard is constructed in the area north of the Public Park and south of Wacker Drive at or above +53.0 feet above Chicago City Datum and if the buildings east thereof have an Upper Level at or above +53.0 feet above Chicago City Datum.

D) Net Developable Area.

For purposes of Floor Area Ratio calculations, the definitions in the Chicago Zoning Ordinance shall apply, provided, however, that "Net Developable Area" refers to the net site area at approximately +53.0 feet above Chicago City Datum. Upper Level is typically at approximately +53.0 feet above Chicago City Datum but may be lower depending on factors such as road levels and the location of building entrances and exits as determined by the Applicant.

E) Bulk And Density Regulations.

- 1) Warehousing and storage uses permitted as principal uses in Statement No. 5 shall be limited to 400,000 square feet and shall be established in accordance with the C3-7 regulations existing on the effective date of this Planned Development.
- 2) With regard to areas devoted as a principal use to office, hotel and residential uses and retail sales and service uses, the following maximums shall apply:

Office, maximum floor area = 9,800,000 sq. ft.

Hotel, maximum number of rooms/keys = 5,500

Residential, maximum number of dwelling units = 17,500 units

Retail sales and service, maximum floor area = 1,325,000 sq. ft.

Provided, however, that in calculating these maximums, ballrooms, meeting rooms, exhibition space and eating facilities associated with a hotel use and located at or above the established Upper Level shall be chargeable against the maximum permitted floor area for principal retail sales and service uses and that construction of hotel rooms shall be chargeable against the 17,500 maximum permitted number of dwelling units at a ratio of .5 dwelling units per hotel room (key).

- 3) The Applicant at its discretion may decrease the maximum number of dwelling units established in Statement 12(E)(2) by a maximum of 30%. For any such decrease in the number of dwelling units, the maximum floor area devoted to office uses may be increased by the Applicant at a ratio of 1,000 square feet of office space per dwelling unit. With the approval of the Department of Planning and Development, the Applicant may decrease the maximum number of dwelling units by an additional 10% of 17,500 and may increase the maximum floor area devoted to office use according to the aforementioned ratio.

- 4) The number of efficiency units within this Planned Development shall not exceed 30% of the number of permitted dwelling units.
 - 5) To the extent this Planned Development does not cover all items required for development, the Chicago Zoning Ordinance shall apply as follows: warehousing and storage at the Lower Level shall be in general conformity with the C3-7 Commercial-Manufacturing District regulations; permitted office, hotel and retail uses shall be in general conformity with the B6-7 General Central Business District regulations; and residential uses shall be in general conformity with the R8 General Residence District regulations.
- F) Maximum Permitted Site Coverage.
- 1) East of Stetson Avenue: 50% between Upper Level and +30 feet above the Upper Level (60% on a single parcel); and 40% above +30 feet above the Upper Level.
 - 2) West of Stetson Avenue: 80% between the Upper Level and +75 feet above the Upper Level; and 60% above +75 feet above the Upper Level.
- G) Periphery Setbacks And Minimum Distance Between Buildings.
- Minimum Periphery Setbacks from Upper Level public streets: 20.0 feet.
- Minimum Distance Between Building Faces at Upper Level: 80.0 feet.
- Minimum Distance Between Building Corners or Building Face-to-Corner at Upper Level: 60.0 feet.

Periphery setback and distance provisions may be adjusted where required to allow flexibility of architectural or site design arrangement, subject to the approval of the Department of Planning and Development. However, the development of any

parcel of property shall require the first story of any structure at Upper Level to be set back at least 20 feet from the curb line for the entire frontage adjoining a public street and that this area shall be suitably paved and landscaped and otherwise unobstructed except for columns or piers supporting the upper stories of the structure.

H) **Parking.**

- 1) **Minimum Requirements for interim uses: 80 spaces.**
- 2) **Minimum Requirements for other uses:**

Office building: 1 space per 3,500 square feet.

Hotel: 1 space per three rooms/keys.

Residential building: spaces equal to 55% of the dwelling units including efficiency units.

- 3) **Location.**

All parking spaces required to serve buildings or uses shall be located on the same parcel as the building or use served, or (i) if a residential use, within 500 feet walking distance; or (ii) if a non-residential use, within 1,000 feet walking distance.

- 4) **Vehicular entrances and exits to accessory automobile parking areas shall be located in conformance with the Automobile Entrance Zone Maps attached hereto. Provided, however, that temporary driveways shall be permitted within the restricted areas depicted on the Automobile Entrance Zone Maps when necessitated by division of parcels and subject to the review and approval of the Department of Transportation.**
- 5) **The location, geometrics and operation of all interior or local ramps adjoining any structure at the Upper Level shall be subject to the review of the Department of Transportation and the approval of the Department of Planning and Development.**

I) Loading.

Minimum off-street loading shall be provided in accordance with the regulations applicable in the R8 and B7-6 Districts of the Chicago Zoning Ordinance existing on the effective date hereof. The location of loading berths shall be subject to the review of the Department of Transportation and the approval of the Department of Planning and Development.

J) Construction Of Public Improvements.

No permit shall be issued for any development until such time as the Applicant for the permit produces evidence that construction of public improvements has been completed, is under construction or is under contract for construction, or that adequate access can be provided, all as certified by the Department of Transportation and approved by the Department of Planning and Development.

K) Penalties.

If the Department of Planning and Development notifies the Applicant in writing that the Applicant has failed to file an application for a building permit for construction of any portion of the Public Park in accordance with the time frames established in Statement 12(A)(3) and in the 1993 Amendatory Lakefront Ordinance or diligently pursue construction of any portion of the Public Park to completion once the necessary approvals have been received, then the maximum permitted floor area within (Sub)Area E shall be reduced, after notification as prescribed above, by 600,000 square feet for every year that the Applicant fails to file an application for a building permit for construction of the Public Park or to diligently pursue construction, up to a maximum total reduction of 3,000,000 square feet. This penalty provision shall apply in addition to any remedies which may be available under the Chicago Zoning Ordinance.

L) Public Elementary School.

An area to be reserved for public elementary school purposes shall be located in a structure with access by walkway to the Public Park; the location, design and specifications subject to the review and approval of the Chicago Board of Education

and approval by the Department of Planning and Development and in accordance with the provisions of the 1993 Amendatory Lakefront Ordinance.

13. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area or the maximum number of dwelling units for the total net site area established in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.
14. The development authority contained in this Planned Development including, without limitation, the authority to issue building permits, site plan approvals, approvals pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance and similar approvals, shall not become effective until and unless a 1993 Amendatory Lakefront Ordinance has been adopted by the City of Chicago and accepted by the Applicant, the City of Chicago and the Chicago Park District. In the event that adoption or acceptance of a 1993 Amendatory Lakefront Ordinance has not occurred within six months following the date of adoption of this Planned Development, then, unless extended by mutual written agreement of the City (through the Commissioner of the Department of Planning and Development) and the Applicant (through its authorized representative) this Planned Development Ordinance shall expire and the zoning of the Property shall automatically revert to the previously existing Residential Business Planned Development No. 70 as adopted in 1979.
15. Unless substantial construction of at least one of the interim uses contemplated by this Planned Development (including the driving range, the golf course, the multi-purpose field, the jogging path, the passive green space or the portion of the Public Park east of the east line of Harbor Drive as extended) has commenced within ten years following adoption of this Planned Development, and unless completion thereof is diligently pursued, then this Planned Development shall expire, provided, however, that if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all planned developments, then this Planned Development shall expire upon the expiration of such shorter time period as provided by said amendatory ordinance (the first day of which as applied to this

Planned Development shall be the effective date of the amendatory Ordinance). If this Planned Development expires under the provisions of this section, then the zoning of the Property shall automatically revert to the previously existing Residential Business Planned Development No. 70 as adopted in 1979.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development attached to this ordinance reads as follows:

Central Area Parking Planned Development No. 394, As Amended

Plan Of Development Statements

1. The area delineated herein as a Central Area Parking Planned Development (the "Planned Development") consists of approximately 43,243.33 square feet (.99 acres) of property which is depicted on the attached Planned Development Boundary and Property Line Map (the "Property") and is controlled by the Applicant, Washington Madison Wells Limited Partnership, an Illinois limited partnership.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant. The Applicant shall obtain final approval from the Chicago Transit Authority of plans showing the location of the new exit driveway onto North Wells Street.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors

and assigns and, if different than the Applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners or controlling parties of the Property and any ground lessors.

Nothing herein shall be construed to mean that any individual owner or any ground lessors of the Property or any portion thereof is relieved of obligations imposed hereunder or rights granted herein or is not subject to City action pursuant to this Planned Development. In addition, nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein, except any assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property so transferred, the term Applicant shall be deemed amended to apply to the transferee thereof (and its beneficiaries if such transferee is a land trust) and the seller or transferor thereof (and its beneficiaries if such seller or transferor is a land trust) shall thereafter be released from any and all obligations or liability hereunder.

4. This Plan of Development consists of Fourteen (14) Statements; an Existing Zoning Map; a Planned Development Boundary and Property Line Map; a Generalized Land Use Map; an Existing Land Use Map; a Table of Use and Bulk Regulations and Related Controls; a site plan prepared by Desman Associates, dated December 10, 1992 (the "Site Plan"); a landscape plan prepared by Desman Associates, dated December 10, 1992 (the "Landscape Plan"); and elevation drawings prepared by Desman Associates, dated December 10, 1992 (the "Elevation Drawings"). Reduced copies of the Site Plan, Landscape Plan and Elevation Drawings are attached hereto and full sized copies are on file with the Department of Planning and Development. These and no other zoning controls shall apply to the Property. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development.

5. The following uses are permitted in the Planned Development subject to the restrictions in Statement 12 and in the Table of Use and Bulk Regulations:

Public parking, retail, office, service and storage uses and accessory uses.
6. Business and business identification signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development. The Applicant will extend the signage band currently in place on the existing Madison-Wells parking garage onto the addition to the garage to be constructed pursuant to this planned development. Any new signs shall be installed in general conformance with the existing signage scheme. Signs on the signage band for retail uses shall not overhang the public way along West Washington Street, and any such signs overhanging the public way along North Wells Street shall not project from the building more than one-third of the distance from the building wall to the east curb line of North Wells Street. Temporary signs such as construction and marketing signs also shall be permitted subject to the review and approval of the Department of Planning and Development.
7. Any dedication or vacation of streets, alleys or easements or any adjustment of right-of-way shall require a separate submittal on behalf of the Applicant and approval by the City Council.
8. Off-street parking and loading facilities shall be provided in compliance with this Planned Development subject to the review of the Department of Transportation and the approval of the Department of Planning and Development. Two percent of all parking spaces provided within the Planned Development shall be designated and designed for parking for the handicapped.
9. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such paved areas. Ingress and egress shall be subject to the review and approval of the Bureau of Traffic Engineering and Operations and of the Commissioner of Planning and Development.
10. In addition to the maximum heights of the buildings and any appurtenance attached thereto prescribed in this Planned

Development, the height of the improvements and any appurtenance attached thereto also shall be subject to:

- (A) Height limitations as certified and approved by the Federal Aviation Administration; and
 - (B) Airport Zoning Regulations as established by the Department of Planning and Development, Department of Aviation and Department of Law and approved by the City Council.
11. This Planned Development shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Development Amendments" as promulgated by the Commissioner of the Department of Planning and Development and in effect on the date hereof.
12. The improvements on the Property, including the landscaping along the adjacent rights-of-way and all entrances and exits to and from the parking and loading areas, shall be designed, constructed and maintained in substantial conformance with the Site Plan, the Landscape Plan and the Elevation Drawings. In addition, the improvements on the Property shall be subject to the following regulations:

A) Use.

The public parking facility shall be used for the parking of passenger cars, light vans and pickup trucks. No heavy commercial trucks shall be parked on the Property at any time, except in connection with the construction, repair and maintenance of the improvements or in connection with deliveries to the retail, office and service uses on the Property. A warning light shall be installed adjacent to the entrance driveway to the garage on West Washington Street. The Applicant shall provide internal stacking of nine (9) spaces to avoid traffic congestion on West Washington Street. The ticket dispensers shall be located inside the garage at the end of the stacking area. Entrances to the garage shall be provided on West Washington Street, North Wells Street and West Madison Street, and exits from the garage shall be provided on North Wells Street and West Madison Street, all in accordance with the Site Plan. Internal signage and graphics shall be provided to direct motorists through the garage, and a traffic control gate shall be installed at the North Wells Street exit. All existing glazing in the 179 West

Washington Street building shall remain except for a single vertical row on the North Wells Street facade where glazing will be replaced by ventilation louvers as depicted on the Elevation Drawings.

B) Landscaping.

Parkway trees depicted on the Landscape Plan shall be installed and maintained in accordance with the parkway tree planting provisions of the Chicago Zoning Ordinance.

C) Termination Of Use.

The zoning classification of the portion of the Property south of the center line of West Calhoun Place shall automatically revert to the B7-7 General Central Business District classification upon the termination of the use of the Property as a parking facility. The zoning classification of the portion of the Property north of the center line of West Calhoun Place shall automatically revert to the C3-7 Commercial - Manufacturing District classification upon the termination of the use of the Property as a parking facility.

D) West Washington Street Entrance.

The proposed Washington Street entrance shall be permitted subject to the provisions of this subsection. If the Department of Planning and Development or the Bureau of Traffic Engineering determines that any of the following events has occurred:

- 1) Significant pedestrian or automobile delays or blockages attributable to the Washington Street entrance are observed by the Bureau of Traffic Engineering at any time at or near the intersection of Washington and Wells Streets; or
- 2) The volume of traffic utilizing the West Washington Street entrance exceeds, on an average basis over a 60 day period by more than fifty percent, 103 cars during 8:30 A.M. -- 9:30 A.M., 93 cars during 7:30 A.M. -- 8:30 A.M., or other volumes projected on page 10 of the METRO traffic study dated April 30, 1992, a copy of which is attached and made a part hereof as Exhibit No. 1; or

- 3) The Central Area Circulator alignment is relocated from Monroe Street to Madison Street; then the Bureau of Traffic Engineering shall so advise the Applicant and the Applicant shall cooperate with the Bureau of Traffic Engineering to mitigate any such problems by whatever method the Bureau reasonably deems appropriate and within whatever time period the Bureau reasonably deems appropriate, including but not limited to, the installation of appropriate mechanical or electrical pedestrian controls, signaling devices, signage, or the posting of trained personnel at appropriate times and locations at or near the driveway entrance or Wells-Washington intersection to assist in managing vehicular-pedestrian conflicts.

E) Modification Of Requirements.

The terms, conditions and exhibits of this Planned Development Ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant and after a determination by the Commissioner of the Department of Planning and Development that such modification is minor, appropriate and consistent with the nature of the development of the Property contemplated by this Planned Development Ordinance and will not result in increasing the maximum floor area ratio for the total net site area established by this Planned Development Ordinance. Any such modification of the requirements of this Statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. Notwithstanding the provisions of subclauses (4) and (5) of Section 11.11-3(c) of the Chicago Zoning Ordinance, such minor changes may include a reduction in the minimum required distance between structures, a reduction in periphery setbacks or an increase in the maximum percent of land covered.

13. Unless substantial construction of the proposed new parking facility north of the southerly line of West Calhoun Place contemplated by this Planned Development has commenced within ten years following adoption of this Planned Development, and unless completion thereof is diligently pursued, then this Planned Development shall expire, provided, however, that if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all planned developments, then this Planned Development shall expire upon the expiration of such shorter time period as provided by said amendatory ordinance (the first day of which as applied to this Planned Development shall be the effective date of the amendatory ordinance). If this Planned Development expires under the provisions of this section, then the zoning of the portion of the property south of the center line of West Calhoun Place shall automatically revert to Central Area Parking Planned Development No. 394 as adopted on October 10, 1986 and the portion of the property north of the center line of West Calhoun Place shall automatically revert to a C3-7 Commercial-Manufacturing District.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigeration and Air Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S.").

The estimated site traffic volumes were assigned to the roadway network via the exclusive entrance only on West Washington Street and the exclusive exit only on North Wells Street. These vehicle trips were added to the surveyed peak hour traffic volumes. That represents a conservative estimate of total traffic since some of the surveyed peak hour volumes

currently utilizing the Washington/Wells garage are likely to be attracted to the new facility. Therefore, not all of the estimated site traffic volumes are actually new trips. The total traffic volumes are illustrated on Figure 4.

Analyses.

A review of the background traffic volumes, estimated site traffic volumes, existing pedestrian volumes and the field observations have combined to produce the following observations related to the traffic impact of the development:

The Metropolitan Pier and Exposition Authority (the "Applicant") is a political subdivision, body politic and municipal corporation created by an Act of the Illinois legislature, Ill. Rev. Stat., Ch. 85, Par. 1221 et seq., as amended. 2. The development authority contained in this Planned Development Ordinance including, without limitation, the authority to issue building permits, site plan approvals, approvals pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance and similar approvals, shall not become effective until and unless an Intergovernmental Cooperation Agreement ("I.G.A.") has been entered into by and between the Applicant and the City of Chicago (the "City") pursuant

to mutually agreeable terms, and the I.G.A. has been properly approved and executed by the Applicant and the City. The I.G.A. is intended by the City and the Applicant to be an agreement which will, among other things, allocate the respective rights, responsibilities and obligations of the City and the Applicant in connection with the Development and construction of, among other things, the Public Improvements which are described by Statement No. 14 hereof. The Applicant believes that said Public Improvements are authorized by Ill. Rev. Stat., Ch. 85, Par. 1221 et seq. (hereinafter referred to as the "M.P.E.A. The Applicant further believes that, although some of said Public Improvements will not be located within the boundaries of the McCormick Place Expansion Project, as said project is defined by the M.P.E.A. Enabling Act, the development of said improvements is authorized by the M.P.E.A. Enabling Act as improvements to land, mass transit facilities and infrastructure which the Applicant has determined are appropriate on account of the McCormick Place Expansion Project, as that project is defined by the M.P.E.A. Enabling Act. The Applicant and the City each acknowledge their intent to complete the I.G.A. in an expeditious and diligent manner. In the event that such approval and execution does not occur within six (6) months following the date of adoption of this Planned Development Ordinance, then, unless extended by mutual written agreement of the City (through the Commissioner of the Department of Planning and Development) and the Applicant (through its authorized representative), this Planned Development Ordinance shall expire and the zoning of the Property shall automatically revert to the previously existing M1-3, M1-4, M2-4, C2-4, C3-5, C3-7 and R7 zoning districts and Planned Development Nos. 331 and 19 as depicted on Exhibit No. 2. Except as specifically provided herein, in the event of any conflict between the provisions of this Planned Development Ordinance and the I.G.A., this Planned Development Ordinance shall govern. Nothing in this Planned Development Ordinance is intended to violate the terms of the M.P.E.A. Enabling Act.

3. The Applicant acknowledges that the Applicant, its affiliates, successors, assigns, grantees or lessees shall obtain all official reviews, approvals and permits which may be necessary to implement the development of the Property.
4. This Plan of Development and the development of the Property is and shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Development Amendments" promulgated by the Commissioner of the Department of Planning and Development (the "Commissioner").

Any dedication or vacation of streets or alleys or easements or any adjustment of rights-of-way which may be necessary to implement development of the Property shall require a separate submittal on behalf of the Applicant, its affiliates, successors, assigns, grantees or lessees and, if otherwise required, approval by the City Council.

However, said non-Operating Hours access need not be reserved exclusively for public pedestrian use or made available during Operating Hours.

It is acknowledged by the Applicant and the City of Chicago that the Publicly Available Improvements and their uses as described herein shall be consistent with and complementary to the use of the development as a convention complex. The Publicly Available Improvements shall be owned by the Applicant or its designee and their successors, grantees or assigns, but shall be made available to the public for public passage as set forth herein.

9. Off-street parking spaces and off-street loading berths shall be provided to serve the uses contained within this Planned Development Ordinance in accordance with the requirements contained in the Bulk Regulations Table made a part hereof and other applicable requirements of this Planned Development Ordinance. The final design of McCormick Square and the park areas to the west of the South Hall comply with the applicable plans made part hereof and, in addition, shall be subject to the review and approval of the Commissioner of the Department of Planning and Development to assure compliance with the terms hereof. No development, other than that provided herein, shall be permitted within McCormick Square or within the park areas south of McCormick Square.

- e. The area depicted on the applicable Exhibits described in Statement No. 6 hereof as the Grand Concourse (consisting of the Concourse Walkway, the Parcel C Concourse Segment and the Parcel C Exterior Promenade) shall be designed, constructed and maintained in accordance with said Exhibits as a public space to permit public pedestrian passage (including bicycles, strollers and similar pedestrian oriented vehicles), at no charge or cost to public users. Such area shall also include, as appropriate, activities and uses related to public pedestrian use, such as without limitation, retail and convenience shops, restaurants and cafes, transit facility access, cultural and visitor information and programs. Appropriate signs shall also be located throughout the McCormick Place Complex to achieve the purposes identified in clause (vii) above.

The Grand Concourse shall be designed to ensure that passage through it during Operating Hours is reasonably convenient and "user friendly". Said design shall take into consideration the clarity of designated pathways, the ease of making vertical transitions, the ease of access through doorways, the avoidance of unreasonable interference with other pedestrians, etc.. The existing vehicular ramp located on the east side of the podium of the East Hall, south of the Grand Concourse, shall be converted non-structurally to include bicycle use. Operations such as trams and other similar systems intended to enhance the ease and convenience of pedestrian use over distances shall be considered in the design of the Grand Concourse. That portion of the Concourse which is located at the 39 level and is located beneath the 53 level convention level (the "Covered Level Walkway") shall be designed, constructed and maintained to provide for an inviting pedestrian experience. To the extent reasonably feasible, pedestrian oriented services such as retail uses, cultural, tourism and business services shall be located along both the north and south sides of the Covered Level Walkway. The Covered Level Walkway shall be brightly lighted (by natural or artificial light). Floor paving materials, pedestrian seating areas, wall finishes, ceiling finishes, lighting fixtures, signs, graphic display, interior landscaping, art features and water features may be provided within the Covered Level Walkway as appropriate for the purposes stated herein.

The Applicant shall design, construct and maintain a direct pedestrian connection through the Concourse between that portion of the 39 level of the Concourse located within the North-South Halls and the bridge which spans across Lake Shore Drive over the former 23rd Street viaduct. Said connection shall be by means of a stair or ramp, located on the 39 level Covered Level Walkway. The design and detailing of said stair or ramp shall be adequate and appropriate for pedestrian use and consistent with the purposes of the Concourse. The construction of said stair or ramp shall be subject to the feasibility of design and

construction as determined by the Commissioner of the Department of Planning and Development.

The former 23rd Street viaduct across Lake Shore Drive shall be designed, constructed and maintained to create a park/plaza upon the surface of the viaduct between the North-South Halls and the East Hall. Said park/plaza area shall be landscaped to the extent feasible taking into consideration the necessity to accommodate occasionally heavy volumes of pedestrian traffic and vehicles permitted by the Traffic Management Plan. The landscaping should include grass, ground cover, shrubs, trees, flowering plants and other foliage as appropriate. The park/plaza shall provide appropriate areas and furnishing for pedestrian seating. Vehicle access shall be provided with pavers appropriate to permit landscape growth.

The bridge which spans over the former 23rd Street viaduct across Lake Shore Drive shall be designed, constructed and maintained with one or more stair or ramp connections between the bridge and the park/plaza level to afford pedestrian ingress and egress between the bridge enclosure and the exterior park/plaza level. Such connection or connections shall be located appropriately, designed to be compatible with the character of the bridge, park/plaza level and promote and invite pedestrian use, subject to the feasibility of construction, location and design as determined by the Commissioner of the Department of Planning and Development.

The final design of the Grand Concourse shall comply with the applicable plans made a part hereof and with the provisions hereof and, in addition, shall be subject to the review and approval of the Commissioner of the Department of Planning and Development to assure compliance with the terms hereof. The Commissioner may reasonably require

submission of such drawings and specifications as may be necessary to demonstrate compliance.

- f. Subarea 2 landscaping shall be developed and maintained in accordance with the applicable Exhibits, described in Statement No. 6 hereof, until such time as it is developed pursuant to the following provisions of this Statement. Any development of Subarea 2 with the uses described by Statement No. 7(b) hereof, shall comply with the following additional conditions:
- (i) Plans, guidelines and regulations. Such development shall be in accordance with any plans, guidelines or regulations adopted by the City, the Chicago Plan Commission or the Department of Planning and Development in effect at the time of the issuance of any approval for such development pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance.
 - (ii) Review standard/submissions. In addition to compliance with all other applicable provisions of this Planned Development Ordinance, any such development shall be of an appropriate, efficient and beneficial design and shall create no significant adverse impact on public health, safety or welfare. In order to assure compliance with this provision, the Commissioner of the Department of Planning and Development may require submission of such items as necessary or appropriate including, without limitation, those items described in the Planned Development Handbook adopted by the Department of Planning and Development on March 16, 1989, as it may be amended from time to time.
 - (iii) Single structure/Ground floor. Any development of Subarea 2 shall consist of a single integrated structure; provided, however, that such structure may be built in separate phases. The ground floor of any portion of the structure adjacent to or fronting on Dr. Martin Luther King, Jr. Drive and McCormick Square shall be principally devoted to retail, service, pedestrian oriented commercial uses, Hotel Porte Cochere, lobby space or other similar active uses. A minimum of 50% of the exterior pedestrian level facade facing said two frontages shall consist of clear or lightly tinted glass opening on to such use.

- (iv) **Street Wall.** The portions of the structure fronting on or adjacent to Cermak Road, McCormick Square and Dr. Martin Luther King, Jr. Drive shall be built proximate to the property line or, where setback, shall create and promote the physical definition of a continuous street wall as appropriate.
- (v) **Urban Design.** Where appropriate, any development of Subarea 2 shall; (1) consider the creation and promotion of an appropriate view corridor between the Cermak-Calumet-relocated Dr. Martin Luther King, Jr. Drive intersection and the west main entrance to McCormick Place, provided that the integrity of the King Drive street wall is not impaired; (2) be designed to enhance and complement the physical definition and pedestrian use of McCormick Square; (3) provide a prominent and appropriate architectural visual east end terminus to Cermak Road; and (4) be designed to enhance and complement the design and architectural characteristics of McCormick Square.
- (vi) **Circulation.** The structure and the uses thereof shall be provided with appropriate vehicular and pedestrian access to a public roadway. Parking space layout, vehicular circulation, loading access, public and private pedestrian circulation routes, parking structure operational design, and the location and design of curb-cuts at public streets shall be designed and constructed in accordance with the applicable provisions of this Planned Development Ordinance and shall promote a safe, efficient, appropriate and beneficial design. Access to any parking facility on Subarea 2 shall occur only from 22nd Street.
- (vii) **Parking.** Off-street parking shall be provided in accordance with the provisions of this Statement and the Bulk Regulations Table attached hereto and made a part of this Planned Development Ordinance. No unenclosed parking shall be permitted within Subarea 2.
- (viii) **Loading.** Off-street loading shall be provided in accordance with this Statement and with the Bulk Regulations Table attached hereto and made a part of this Planned Development Ordinance. All loading required by this Planned Development Ordinance shall be located proximate to the building or use served. *No loading areas shall be located facing or*

accessed directly from relocated Dr. Martin Luther King, Jr. Drive or McCormick Square. All loading areas shall be screened from view from public streets and the Square.

- (ix) **Curb-cuts.** Driveways, entrances to off-street parking and to loading docks, and all other facilities requiring curb-cuts shall be located to minimize conflicts with on-street traffic and with pedestrian circulation. No curb-cut shall be located along the boundaries of or across from McCormick Square except for vehicular pick-up and drop-off. No curb-cut shall be located within ninety (90) feet of any other curb-cut. All curb-cuts shall be constructed in accordance with the standards of the City of Chicago.
- (x) **Landscaping.** Parkway trees shall be installed and maintained in the public right-of-way (and the portion of McCormick Square adjacent to Subarea 2) adjacent to any development in accordance with the parkway tree planting provisions of the Chicago Zoning Ordinance and associated regulations. Open areas not otherwise devoted to a permitted building, parking areas or pedestrian/vehicular circulation areas and all other development, to the extent feasible, shall be landscaped to enhance the appearance of the development from the public street and the Square, to screen unattractive uses from the street and the Square and to provide buffers between adjacent uses. Landscaping shall consist of grass, ground cover, shrubs, trees or other living plant materials. All landscaping shall be properly maintained by the owner thereof at all times.
- (xi) **Building Design and Exterior.** (1) The exterior walls of the structure, (including walls, fences and parking structures) facing or visible from the public way and the Square shall be designed and constructed to avoid a monotonous and blank appearance and to be compatible with the architectural treatment of appropriate nearby structures through the use of texture and detail, fenestration, windows, openings, projections, recesses, offsets, variations to the parapet wall, variations in the type or color of materials or other architectural devices. (2) Fences located between a public right-of-way or McCormick Square and any development shall be designed so that at least twenty-five percent (25%) of each 100-foot length of such fence shall be substantially open in

appearance and shall include a vertical break, substantially open in appearance, at least six (6) inches in width and extending from no more than one (1) foot above grade to no more than one (1) foot from the top of such fence. For purposes of this restriction, any section of fence that is at least ninety percent (90%) transparent shall be deemed to be substantially open. Such fencing shall not exceed seven (7) feet in height. (3) Parking areas, floors, interior lighting and parked vehicles located within such structures shall be substantially screened from view from adjacent public ways and the Square.

- (xii) District Heating/Cooling Plant. In the event a utility plant or other utility structure of any kind is to be constructed upon Subarea 2, said plant or structure shall be physically and visually integrated into and within another permitted structure. For a temporary and interim period until said other permitted structure is built, however, the plant or utility structure may stand alone; provided: (1) it is designed to be fully integrated into another structure when built; (2) it is fully enclosed; (3) it is located and designed to minimize any adverse visual and other impact on adjacent local street areas and upon McCormick Square; (4) it is setback from the adjacent streets and the Square at as great a distance as is feasible and appropriate; (5) the exterior design of said plant or utility structure is architecturally attractive and of an appropriate and beneficial character; (6) it is designed to conform with all applicable industry standards; (7) the plant is of an appropriate capacity; (8) the structure complies with all other applicable provisions of this Planned Development Ordinance.
- g. Upon acquisition of title to or control of any portion of Subarea 1 (other than the Platt Luggage Building or portions of the Subarea 1 devoted or to be devoted to public rights-of-way) which is large enough to permit the construction of open, grade level parking area, the Applicant shall within one (1) year following said acquisition complete construction of such parking in accordance with the provisions hereof, provided, however, that no parking lots need to be completed prior to the issuance of a Certificate of Occupancy for Parcel B of Subarea 4. Such parking may be used for accessory and non-accessory purposes. The development of any such parking areas on Subarea 1 shall comply, among

other things, with the parking lot landscape provisions and the parkway tree planting provisions of the City of Chicago Zoning Ordinance and associated regulations. Notwithstanding the previous sentence, all parking in such parking areas may provide for space and aisle dimensions as set forth in Section 9 hereof. The parking space layout, vehicular circulation, location and design of curb cuts and landscaping of such parking areas shall promote a safe, efficient and beneficial design.

Enclosed parking shall be permitted in Subarea 1 and Parcel F of Subarea 4, provided that:

- (i) With regard to Subarea 1, the Applicant shall have submitted and the Commissioner shall have approved a generalized development plan for the entire area of Subarea 1. Said plan shall identify and depict, without limitation, anticipated land uses, densities, development parcel boundaries, open space, public rights-of-way, pedestrian and vehicular routes and related information. Said plan shall conform with the other applicable requirements of this Planned Development Ordinance. This requirement shall not be construed as authorizing any use of Subarea 1 not permitted by Statement 7(a) hereof without further City Council approval.
- (ii) With regard to Parcel F of Subarea 4, any such parking, if approved by the Commissioner, shall be designed, constructed and maintained in accordance with the policies and purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance. In the event that, due to the construction of enclosed parking within Parcel F, any parking spaces that are provided in Parcel F which are in addition to the 2,850 spaces required by this Planned Development Ordinance, then at least an equal number of spaces shall be permanently restricted from parking within the Lakefront Lots as depicted on the Parking Location Exhibit described by Statement No. 6 hereof.
- (iii) The Commissioner determines, following the Applicant's submission of appropriate studies and other documentation, that the proposed enclosed parking would be appropriate including consideration of, without limitation, the traffic impact of the parking operation, the structure's

location, appearance and design and, as applicable, compliance with the aforesaid plans, policies and purposes; and

- (iv) The proposed enclosed parking complies with applicable provisions of Statement No. 13(f)(i) and (ii).

- h. The vertical transition to the park level from the East Hall podium (which is an integral component of the Parcel C Exterior Promenade) including the elevator facility and the ramp area, shall be designed, constructed and maintained in accordance with the stair depicted on Exhibit No. 44, and with the elevator facility and ramp depicted on Exhibit No. 41, subject to modifications which comply with the provisions of this Statement, to provide convenient, clear and appropriate pedestrian access from the podium level of the East Hall to Burnham Park, the lakefront bicycle path and the lake. It shall be designed to provide reasonable and convenient handicapped and bicycle access. It shall also be designed to complement the design of the East Hall and to appropriately respect the character of the adjacent lakefront park. Seating areas and sculpture or other art features should be considered to be installed at the base of the fountain at the park level. The vertical transition shall be designed to maximize park and lakefront vistas, to minimize park obstruction and to reasonably assure pedestrian security.

- i. Prior to issuance by the Department of Planning and Development of a determination pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance ("Part II approval") for any development of Subarea 1, 2 or Parcels E and F of Subarea 4 with uses described as permitted by Statement No. 7 of this Planned Development Ordinance, a site plan for proposed development shall be submitted to the Commissioner for site plan approval. Site plan approval is intended to assure that specific development proposals conform with the Planned Development Ordinance and to assist the City in monitoring ongoing development. A site plan may be submitted for all or any part of Subarea 1. Any site plan for Subarea 2 or Parcels E or F of Subarea 4 shall include all of the area within the applicable Subarea or Parcel. No Part II approval upon Subarea 1, Subarea 2 or Parcel E or F of Subarea 4 shall be granted until and unless an applicable site plan has been approved.

If a site plan substantially conforms with the provisions of this Planned Development Ordinance, the Commissioner shall approve said plan and shall issue written approval thereof to the Applicant for such site plan approval within thirty (30) days of submission of the completed application. If the Commissioner determines within said thirty (30) day period that the site plan does not substantially conform with the provisions of this Planned Development Ordinance, the Commissioner shall advise the Applicant for such site plan approval, in writing, regarding the specific reasons for such adverse determination and the specific areas in which the site plan does not conform to the provisions of this Planned Development Ordinance within fourteen (14) days from the expiration of said thirty (30) day period. The Commissioner shall thereafter review any resubmission within fourteen (14) days and make a final determination, in writing, to the Applicant for such site plan within said period. Following approval of a site plan by the Commissioner, the site plan shall be kept on permanent file with the Commissioner and shall be deemed to be an integral part of this Planned Development Ordinance.

After approval of a site plan by the Commissioner, the approved site plan may be changed or modified pursuant to the provisions of Statement No. 18 of this Planned Development Ordinance. In the event of any inconsistency between an approved site plan and the terms of the Planned Development Ordinance in effect at the time of approval of such site plan or of the modifications thereto, the terms of the Planned Development Ordinance shall govern.

A site plan shall, at a minimum, provide the following information:

- Boundaries and dimensions of the development parcel;

- Location and depiction of all parking spaces (including relevant dimensions);
- Location and depiction of all loading berths (including relevant dimensions);

- All drives, roadways, and vehicular routes (including relevant dimensions);
- All pedestrian circulation routes and points of ingress/egress (including sidewalks);
- All building elevations;
- All site statistics applicable to the development parcel or parcels including:
 - (1) Floor area and floor area ratio as presented on submitted drawings;
 - (2) Number of parking spaces provided;
 - (3) Number of loading berths provided;
 - (4) Uses of development of parcel;
 - (5) Maximum building heights; and
 - (6) Setbacks and vertical setbacks, required and provided.

A site plan shall include such other information as may be necessary to illustrate conformance with this Planned Development Ordinance.

14.a. Three types of improvements are contemplated by this Planned Development Ordinance: Public Improvements, Publicly Available Improvements and Convention Improvements.

- (i) **Public Improvements.** The Public Improvements shall mean those improvements to, within or upon the public way (including area required to be dedicated to public uses) required or authorized by the I.G.A. and which, without limitation, are intended to include the relocation of Dr. Martin Luther King, Jr. Drive, the construction of ramps on and off the Stevenson Expressway and associated local street improvements, the relocation of certain portions of Lake Shore Drive between approximately 23rd Street and Roosevelt Road including associated landscape improvements, the construction of a vehicular roadway connection to Lake Shore Drive at either Roosevelt Road or

18th Street, two (2) or more [budget permitting] pedestrian connections over or under Lake Shore Drive located between Roosevelt Road and 35th Street in addition to connections provided in Parcels C and D of Subarea 4 of this Planned Development Ordinance, reconstruction of or modification to the 23rd Street METRA Station, certain other roadway improvements, dedication of certain areas for public transit use, and certain other public transit facility improvements.

The Public Improvements shall be in place and available for public use in accordance with the provisions of the I.G.A. and in accordance with all applicable City standards, laws and regulations, the approval of all appropriate City Departments and agencies as required, and in conformance with applicable state and federal standards, regulations and laws.

In no event shall any portion of 23rd Street between Calumet Avenue and the east side of Lake Shore Drive be closed to public use or vacated or constructed upon until and unless the new on and off ramps to the Stevenson Expressway have been substantially completed and are available for public use. Further, in no event shall a Certificate of Occupancy be issued for the development of Parcel B of Subarea 4 unless construction of the relocated Dr. Martin Luther King, Jr. Drive and the new on and off ramps to the Stevenson Expressway have been substantially completed and are available for public use.

The City and the Applicant acknowledge their respective intentions, (subject to funding availability, practical limitations, the allocation of their respective obligations pursuant to the I.G.A. and to circumstances beyond their reasonable control) to commence, or cause to be commenced, the design and development of the Public Improvements in an expeditious and diligent manner. The City and the applicant anticipate that preliminary design will be complete within 24 months following adoption of this Planned Development Ordinance on all of the Public Improvements. The City anticipates that the Applicant will issue bonds and that said bonds, if issued, will raise funds which are sufficient and which will be made available for the construction of the Public Improvements. Notwithstanding the provisions of Statement No. 2, in the event of any conflict between the provisions of this Statement No. 14(i) and the provisions of the I.G.A., the I.G.A. shall govern.

The following Public Improvements shall hereinafter be collectively referred to as the "Lakefront Public Improvements": the relocation of Lake Shore Drive, the vehicular connection to Lake Shore Drive (at either 18th Street or Roosevelt Road) and the pedestrian connections over or under Lake Shore Drive. The City acknowledges that construction of the Lakefront Public Improvements is subject to the provisions of the Lake Michigan and Chicago Lakefront Protection Ordinance, Title 17, Chapter 16-4 of the Municipal Code of Chicago (hereafter the "L.F.P.O."). In connection with the Lakefront Public Improvements, prior to the formal public hearing before the Chicago Plan Commission required by the L.F.P.O. and before the Commissioner of the Department of Planning and Development issues the recommendation required by the L.F.P.O., the City shall make the preliminary designs for the Lakefront Public Improvements available to the public and shall seek and shall consider public review and comment on said preliminary designs, as and when the City deems appropriate, in one or more publicly held meetings. These meetings may include meetings of the Burnham Park Task Force.

The City acknowledges that certain funds previously deposited by the Applicant with the City pursuant to the previously existing Planned Development Ordinance No. 331 together with any interest earned thereon, are currently held by the City and that the funds are intended to be used for the construction of pedestrian connections over or under Lake Shore Drive and that said funds are intended to be used in addition to (not in place of) the aforesaid Applicant bond funds allocated to pedestrian connections over or under Lake Shore Drive. The City acknowledges its intent to seek to maximize the number of pedestrian connections over or under Lake Shore Drive, subject to budget, design and other applicable considerations. The City acknowledges further that it is in the best interest of the City to seek to secure additional funding as and when necessary and appropriate to increase the number of appropriate and feasible pedestrian connections to the Lakefront from the community areas.

- (ii) Publicly Available Improvements. The Publicly Available Improvements shall mean those improvements required by this Planned Development Ordinance to be located within Subarea 3, Parcel D of Subarea 4, the Parcel C Concourse Segment and the Parcel C Exterior Promenade (including the right and authority to construct and maintain the vertical pedestrian connection located therein). Without

limitation, these improvements include McCormick Square, a public square proximate to the western entrance of the convention facilities, certain open landscaped areas south of McCormick Square, the Concourse Walkway, a pedestrian concourse from the Square through the convention facilities (and across Lake Shore Drive) to and down from a vertical pedestrian connection to the Lakefront Park and Lake Michigan.

Prior to the issuance of any Certificate of Occupancy with respect to Parcel B of Subarea 4, the Publicly Available Improvements shall have been substantially completed and available for public use in accordance with the provisions of this Planned Development Ordinance, provided, however, that:

- (a) the Parcel C Pedestrian Concourse Segment of Subarea 4 need not be substantially complete or available for public use until 18 months following issuance of the first Certificate of Occupancy for the building within Parcel B of Subarea 4; and
- (b) prior to issuance of the approval for Parcel B of Subarea 4 pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance for construction of the East Hall podium/Lakefront Park vertical transition, the Applicant shall make a reasonable effort to acquire or otherwise secure from the Chicago Park District the necessary rights and approvals to construct and maintain said pedestrian connection required to be constructed by this Planned Development Ordinance. If Applicant is not able to secure such rights and approvals at no cost to Applicant, then Applicant shall (1) demonstrate to the Commissioner of the Department of Planning and Development that Applicant has made reasonable efforts to secure such rights and approvals and (2) place in an escrow, the terms of which are acceptable to the City and Applicant, funds sufficient to construct such vertical transition. Upon such demonstration of reasonable efforts, the pedestrian vertical transition shall be exempted from the requirement to be constructed prior to the issuance of any Certificate of Occupancy with respect to Parcel B of Subarea 4. Furthermore, upon such demonstration and funding of the escrow, the City may secure such rights and approvals from the Park District. If and when the City has successfully obtained such rights

and approvals, the Applicant shall promptly construct such vertical transition. In the event of failure of the Applicant to do so, the City may use such escrow funds to construct the vertical transition.

The Applicant shall be responsible at all times for the maintenance of the Publicly Available Improvements in good and sound condition appropriate for public use thereof.

- (iii) **Convention Improvements.** The Convention Improvements shall mean all improvement upon the Property other than Public Improvements and other than Publicly Available Improvements.

The landscape improvements to Subarea 2 and the parking lot on Subarea 1 located west of relocated Dr. Martin Luther King, Jr. Drive are intended to be constructed as a single integrated project coordinated with the improvements to Parcel B in Subarea 4 and shall have been substantially completed prior to the issuance of any Certificate of Occupancy for Parcel B of Subarea 4; provided, however, that the Commissioner of the Department of Planning and Development may authorize exceptions to this requirement and provided further that the landscape improvements to Subarea 2 need not be complete until 6 months after the issuance of any Certificate of Occupancy for Parcel B of Subarea 4. Pre-development landscape improvements to Subarea 2 need not be provided if a building permit is applied for and is diligently pursued for any development within Subarea 2.

- (iv) **Construction Staging.** Construction staging may occur in Subareas 1, 2, 3 and 4 as a permitted use and prior to the issuance of a Certificate of Occupancy for Parcel B of Subarea 4.

15. The Applicant acknowledges that the City anticipates that the Central Area Circulator (the "Circulator") may be constructed to serve the McCormick Place Complex and surrounding areas. The Applicant shall cooperate with and accommodate the City and said authority with respect to the right-of-way for the Circulator, along Dr. Martin Luther King, Jr. Drive only and shall dedicate to the City such right-of-way, provided that the Applicant holds title to the land needed for such right-of-way and if the Applicant does not hold such title, then at such time as and if the Applicant acquires title. Additionally, the Applicant shall, if required by or if it receives an authorized request from said authority governing development of the

Circulator or the City, accommodate and permit the construction of a Circulator station at either of the two locations depicted on the Exhibits described by Statement No. 6 hereof.

The Applicant shall, upon the request of the City, dedicate to the City such portions of (a) Parcel E of Subarea 4 as may be necessary to accommodate the right-of-way for the relocation and reconstruction of Lake Shore Drive and any interchange connections thereto and any pedestrian crossing facility and (b) Parcel F of Subarea 4 as may be necessary to accommodate the right-of-way for any pedestrian crossing facility.

The Applicant shall be responsible to obtain any and all federal and state permits and approvals in connection with development over or on Lake Shore Drive. The City agrees to cooperate as reasonably necessary to obtain such permits.

The Applicant shall, upon the request of the City, provide such reasonably necessary rights to the City or METRA as may reasonably be necessary to assure public access to any METRA stations upon the Property.

16. For purposes of Floor Area Ratio (F.A.R.) calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply.
17. The Applicant acknowledges that the development of McCormick Place will have unique traffic-generation and parking characteristics which will require diligent and ongoing operational control to assure that the impact of the development on the surrounding traffic network, park uses, pedestrian flow and parking supply will not be unreasonably adverse. The Applicant further acknowledges the responsibility of the City to assure that said impact will not be unreasonably adverse. Accordingly, the Applicant shall be responsible for implementing certain operational controls over parking and traffic activity as further set forth in the Traffic Management Plan ("T.M.P."), as described in Statement No. 6. The T.M.P., as it may be amended or otherwise modified from time to time, shall be deemed an integral part of this Planned Development Ordinance. The Applicant's compliance with the T.M.P. shall be a requirement of this Planned Development Ordinance.

In order to assure the T.M.P.'s effectiveness, prior to December 31 of each year for five years following the issuance of the first Certificate of Occupancy for Parcel B of Subarea 4, the Traffic Coordinator, as defined below, shall submit to the Commissioner of the Department of Transportation (with a copy to the Commissioner of Planning and Development) a report describing the past year's traffic and parking

activity and assessing the effectiveness of the various provisions of the T.M.P. and any recommended modifications thereto.

In order to assure that the provisions of the T.M.P. are properly carried out and that proper and prompt coordination exists among the Applicant and the various departments of the City and the applicable transit agencies and the public, the Applicant shall designate and maintain a Traffic Coordinator ("T.C."). The T.C. may consist of one or more individuals, but in any event, a single person, entity or division of the Applicant shall be readily available and apparent for inquiry by any parties concerned. The T.C. shall be in place and functioning within one year following commencement of construction on the South Hall in Parcel B of Subarea 4. The T.C. shall be charged with the responsibility, on behalf of the Applicant, to (a) oversee and coordinate the day-to-day implementation of the T.M.P., (b) act as a formal point of communication between the Applicant and any other agencies or individuals inquiring or concerned about traffic, or parking-related issues, and (c) coordinate traffic, loading and parking management activity with representatives of the City and the appropriate transit agencies through, among other things, the T.C.'s participation in the Transportation Management Committee, as defined in the T.M.P..

18. The terms, conditions and exhibits of this Planned Development Ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate, consistent with the nature of the development of the Property contemplated in this Planned Development Ordinance and will not result in increasing the maximum floor area ratio for the total Property Net Site Area or the maximum number of dwelling units an acre for the total Property Net Site Area established by this Planned Development Ordinance. Any such modification shall be deemed to be a minor change in the Planned Development Ordinance as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. Notwithstanding the provisions of subclauses (4) and (5) of Section 11.11-3(c) of the Chicago Zoning Ordinance, such minor changes may include a reduction in the minimum required distance between structures, a reduction in periphery setbacks or an increase in the maximum percent of land covered.
19. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and if different than the Applicant, the Owners of record title of the Property. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns.

Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to the Planned Development are made shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property.

Prior to acquisition of property within the Planned Development over which the Applicant does not have control or title, but not after December 31, 1997, such property shall nevertheless be deemed to be under the Applicant's control so long as such property remains subject to the Applicant's authority to condemn pursuant to state law.

Nothing herein shall be construed to mean that any individual owner of the property or any portion thereof is relieved of obligations imposed hereunder or any rights granted herein or is not subject to City action pursuant to this Planned Development Ordinance. Nothing herein shall prohibit or in any way restrict the alienation, sale, or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein, except as assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property transferred, the term "Applicant" shall be deemed amended to apply to the legal titleholder thereof (and its beneficiaries if title is held in a land trust) and the seller or transferor thereof shall hereafter be released from any and all obligation or liability hereunder.

20. Prior to acquisition of ownership or control, if any, by the Applicant, the maximum F.A.R., density, minimum number of parking spaces and loading berths and all other development restrictions applicable to Subareas 1, 2 and 3 and that portion of Parcel B in Subarea 4 which was previously subject to the provisions of Planned Development No. 19, shall be as set forth in the provisions of the Chicago Zoning Ordinance applicable to the previously underlying zoning districts corresponding to the zoning districts depicted on the attached Existing Zoning Map or to the provisions of the previously existing Planned Development Ordinance, as the case may be.
21. In the event that the Applicant has not acquired title to or control of all of Subarea 1 and Subarea 2 by December 31, 1997, then the zoning of the portions of said Subareas or the portions thereof which have not been so acquired or controlled shall automatically revert to

the previously existing zoning district as depicted on the Zoning Map Exhibit made part hereof or to the previously existing Planned Development Ordinance, as the case may be.

In the event that, prior to acquisition of said Subareas, the Applicant makes a final determination that any portion of said Subarea is not to be acquired, the Applicant shall so notify the Commissioner within thirty (30) days of such final determination. Upon the receipt of such notification by the Commissioner, the zoning of said Subareas (or relevant portion thereof) shall automatically revert to the previously underlying zoning district, as set forth above.

Prior to or on December 31, 1997, the Applicant shall notify the Commissioner of the status of the acquisition of said Subareas.

22. Unless substantial construction of the proposed new South Hall in Parcel B of Subarea 4 and McCormick Square/South Park Area improvements have commenced within ten (10) years following adoption of this Planned Development Ordinance, and unless completion is thereafter diligently pursued, then this Planned Development Ordinance shall expire; provided, however, that if the City Council amends the Chicago Zoning Ordinance to provide for a shorter expiration period which is applicable to all planned developments, then this Planned Development Ordinance shall expire upon the expiration of such shorter time period as provided by said amendatory ordinance (the first day of which as applied to this Planned Development Ordinance shall be the effective date of the amendatory ordinance). If this Planned Development Ordinance expires under the provisions of this Statement, then the zoning of the Property shall automatically revert to the previously existing zoning districts described in Statement No. 6 herein.
23. The Applicant acknowledges that, although the City's Percent for Public Art ordinance is not applicable to the proposed development, the McCormick Place development project is a public project and that the location and placement of art work in appropriate places within the McCormick Square/South Park and McCormick Complex Publicly Available Areas is a worthy public goal. Accordingly, the Applicant shall, in its planning for the design and construction of the proposed development, take into consideration the installation of art work as an integral part of interior and exterior spaces. In connection therewith the Applicant shall work with the appropriate representatives of the Public Art Program of the City's Department of Cultural Affairs.
24. The Applicant acknowledges that the *Report on the McCormick Place Expansion Project*, issued by the Joint Task Force on Burnham Park Planning in June, 1990 was, in large part, a result of the joint efforts of the Applicant, the City, the Chicago Plan Commission, the

Chicago Park District and others to determine the appropriate guidelines for the expansion of McCormick Place. The City acknowledges that this proposed development, as described by the provisions and exhibits of this Planned Development Ordinance, satisfies the intent and purpose of that report and of appropriate planning principles. The Applicant and the City further acknowledge, however, that the scope, complexity and nature of the proposed development may require refinements in the applicable development regulations from time to time and that it may be impractical and contrary to good planning to require excessively detailed or rigid conditions. Accordingly, to the extent not otherwise provided to the contrary in this Planned Development Ordinance, the development and operation of the McCormick Place Expansion shall be in general conformance with the principles described in the aforesaid report. Such report shall be kept on file with the Department of Planning and Development for reference and shall be considered in any future amendment or modification to this Planned Development Ordinance.

25. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development Ordinance in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S.").
26. This Planned Development Ordinance amends the previously existing Planned Development Ordinance No. 331, the previously existing Planned Development No. 19 Ordinance adopted on and the zoning of all other areas depicted on the Existing Zoning Map made part hereof and located within the boundaries of this Planned Development Ordinance. All provisions, exhibits and terms of the aforesaid previously existing Planned Development Ordinances are hereby repealed; provided, however, that the provisions of the Statement of said previously existing ordinance Planned Development Ordinance No. 331 having the effect of repealing and rescinding any inconsistent provisions of a certain ordinance adopted July 21, 1919 shall remain in force and effect and shall apply to any and all development within this Planned Development Ordinance.

*Exhibit 75.**Traffic Management Plan.*

5.1 Purpose.

The purpose of the Traffic Management Plan ("T.M.P.") is to outline the principles and guidelines of the transportation system serving the McCormick Place complex. The diverse variety of events at McCormick Place requires that all of the transportation components be managed to assure the safe and efficient movement of vehicles and people. This plan must remain flexible enough to change, based on the variety of events at McCormick Place and the development of the Near South Lakefront.

*** Except enclosed parking facilities in which case applicable limitation is subject to design review, subject to Statement No. 7.

The goals of this plan are:

- To reduce congestion on the adjacent streets.
- To allow for efficient travel on the surrounding highways.
- To create a clear and concise parking operation plan.
- To provide strategies to manage the taxis and buses serving events.
- To provide friendly pedestrian passages throughout the complex.
- To minimize traffic impact on the parks and lakefront.
- To optimize the use of public transit.

General Principles.

The following principles are the basis for the Traffic Management Plan:

1. Traffic traveling to and from McCormick Place will be directed to the highways and major arterials in the area. Traffic will be encouraged to use highways and arterial roadways to and from the complex or the parking facilities. Traffic will be managed so as not to unreasonably disrupt through traffic on the highways and major arterials.
2. Traffic will be managed to allow for continued safe pedestrian and bicycle access where permitted in the McCormick Place complex.
3. Public transportation and use of remote parking facilities will be encouraged to avoid unreasonable adverse impact on the surrounding neighborhood. Every reasonable effort should be made to encourage use of public transit and remote parking and to minimize private automobile use.
4. The transportation needs of McCormick Place will be coordinated by the Traffic Coordinator to maximize the use of the internal street system while providing efficient service to the McCormick Place users. These needs include charter buses, taxis, limousines, trucks, and public transportation. The internal street system is comprised of Fort Dearborn Drive (the road east of Lake Shore Drive), Moe Drive (the road west of Lake Shore Drive), and the

central cores of the East, North and South Halls. The central cores are the service drives running under the buildings.

5. McCormick Square should be maintained as a place of arrival and departure, not as a parking or staging area. Every reasonable effort should be made to assure the continuous flow of traffic through McCormick Square and to prohibit stopping for lengthy periods of time, parking or vehicle staging, including restriction on vehicle lane movements and patterns of circulation through McCormick Square. Reasonable steps should be taken to assure the safety of pedestrians crossing the internal roadway for McCormick Square.
6. The 23rd Street viaduct and the East Hall podium south of the Grand Concourse are intended to be for pedestrian use only. All vehicles (other than emergency vehicles, small service vehicles as necessary and appropriate which are similar in character to golf carts, small maintenance vehicles, bicycles and trucks which exceed 14 feet in height and/or 8.5 feet in width and are limited to use during the hours of 11:00 P.M. to 6:00 A.M.) should be prohibited from using the 23rd Street viaduct and the East Building podium south of the Grand Concourse. The four access ramps to the 23rd Street viaduct should be abandoned and converted to landscaping, provided, however, that the ramps on the south side of the viaduct may be designed to accommodate emergency and oversized loads through pavers or other appropriate landscape means.
7. Roadway signs along Lake Shore Drive should be coordinated. In order to minimize the number and impact of signs on Lake Shore Drive, the information required should be coordinated and placed on as few signs as reasonably possible. Signs will be developed in cooperation with the I.D.O.T. and C.D.O.T..

Specific Conditions.

Subarea 1 -- West Side Parking Areas.

Employee and V.I.P. parking will be provided in the lot west of Dr. Martin Luther King, Jr. Drive ("King Drive") at 24th Place. Access to this area will be supervised and controlled.

Auto traffic will be directed to Roosevelt Road and the 31st Street exits on Lake Shore Drive and the State Street ramps on the Stevenson Expressway. Signs will inform the motorist of parking availability in the McCormick Place lots west of King Drive.

C.T.A. bus staging and recovery will occur along the bus lane contained within the parking lot west of King Drive at 24th Place.

Subarea 2 -- Future Development Parcel.

No parking or staging will be allowed to occur on this site during the period following construction and prior to future development. Parking related to future development shall be consistent with the Bulk Table requirements.

Subarea 3 -- Square And "Break Out" Areas.

Taxi staging for the Grand Concourse will occur on the taxi lane along the east side of Dr. Martin Luther King, Jr. Drive. The Traffic Coordinator will manage the dispatching of taxis to the Grand Concourse entrance from the taxi lane.

No vehicles are permitted to park in or around the McCormick Square at any time.

Charter bus staging for the South Hall will occur in the bus lane directly in front of the South Hall. When the bus demand exceeds the available space, buses will be staged in the bus lane contained within the parking lot west of Dr. Martin Luther King, Jr. Drive at 24th Place. The Traffic Coordinator will manage the staging of buses.

C.T.A. will have a designated stop at the north end of the bus lane directly in front of the South Hall. This designated area will accommodate one bus. There will also be a designated C.T.A. staging area large enough to accommodate two buses. The designated area shall be the turnaround area located within the parking lot west of Dr. Martin Luther King, Jr. Drive at 24th Place. Buses will be permitted to park or stage for no longer than 12 minutes per visit.

Shuttle buses to coordinated areas or events (i.e., Chinatown or a baseball game) will be staged in the bus lane directly in front of the South Hall. These buses will stage in the bus lane contained within the parking lot west of Dr. Martin Luther King, Jr. Drive at 24th Place when overall bus demand exceeds the available space immediately west of the South Hall. M.P.E.A. will permit the staging of private shuttles in this bus lane at no cost.

At such time as the Circulator Station is constructed, a traffic signal light will be installed on Dr. Martin Luther King, Jr. Drive at or near the station to facilitate pedestrian crossings.

Subareas 4A And 4B -- North And South Halls.

Taxis staging for the central core of the North and South Halls will occur in the central core roadways. The Traffic Coordinator will ensure that taxis do not block the adjacent bus lane. The Traffic Coordinator will manage the dispatching of taxis to the passenger gates.

In the event that vehicular access is not available north of the North Hall which is sufficient to permit taxis to return to northbound Lake Shore Drive from the central core of the North Hall and, until such access is available, signage should be provided sufficient to advise taxi and limousine passengers and drivers that it is necessary to travel to 31st Street in order to go northbound.

Charter bus staging for the central core of the North and South Halls will occur in the central core roadways. Schedules will be coordinated so that staged buses and trucks do not come into conflict on the central core roadway.

Truck staging on the docks and the ramps will be managed to retain the clear emergency vehicle route.

Subarea 4C -- East Hall.

No parking will be permitted on the East Hall podium south of the Grand Concourse.

Taxi staging for the East Hall and Arie Crown Theater will occur along Fort Dearborn Drive. The Traffic Coordinator will manage the dispatching of taxis to the passenger gates.

The trucks waiting for deliveries will be staged along Fort Dearborn Drive south of the south edge of the east podium wall. The Traffic Coordinator and the Metropolitan Pier and Exposition Authority shall make reasonable efforts to make such staging queue as reasonably short as possible. The Traffic Coordinator will manage enforcement of this requirement.

Truck staging on the upper-level dock aprons and the ramps will be managed to retain the clear emergency vehicle route.

Subarea 4D -- 23rd Street Bridge Across Lake Shore Drive And The Connecting Ramps.

No parking will be permitted on the 23rd Street Bridge or Ramps.

No vehicles will be allowed to use the 23rd Street Bridge or Ramps except:

- emergency vehicles.
- small service vehicles similar in character or size to golf carts and small maintenance vehicles and lifts as necessary.
- bicycles, strollers and similar pedestrian oriented vehicles.
- trucks over 14 feet in height and/or 8.5 feet in width but only during the hours of 11:00 P.M. to 6:00 A.M.. Trucks over 14 feet in height using the northbound 23rd Street exit ramp on Lake Shore Drive will be required to have a permit from the C.D.O.T..

Subareas 4E And 4F -- North Bus Parking, South Car Parking And Truck Marshalling Yard.

Trucks will be parked in the existing truck marshalling yard. Truck storage will not be allowed on Moe Drive or Fort Dearborn Drive.

Trucks waiting to unload deliveries will be staged along Moe Drive south of the South Hall (for North and South Hall deliveries) or in the truck marshalling yard (for East Hall deliveries).

Charter buses serving the North and South Halls will park in the parking lot directly north of the North Hall or in the truck marshalling yard. Charter buses serving the East Hall will park in the truck marshalling yard. Buses will remain in the designated parking areas until they are called to the staging line. Buses will not be allowed to park on Moe Drive or Fort Dearborn Drive.

Policy And Management.

Regional Access.

Automobiles.

- All automobiles will be directed to the highways and major arterials.
- Signage will be placed along Lake Shore Drive and the Stevenson Expressway notifying motorists of the location and the availability of parking, as well as the location of the shows.

Trucks.

- Signs will be posted on the area's expressways directing trucks to use the Stevenson Expressway to Lake Shore Drive to 31st Street to enter the truck marshalling yard. This will reduce or eliminate McCormick Place truck traffic on adjacent streets, many of which do not have adequate vertical clearances under the viaducts for semi-trailers.
- Traffic Coordinator will develop and distribute a truck routing map for major trucking companies and McCormick Place users.

Local Circulation.**Automobiles.**

- Signs at the 31st Street interchange with Lake Shore Drive will direct traffic to both the parking lot west of Lake Shore Drive and the underground garage east of Lake Shore Drive.
- Signs at the State Street interchange with the Stevenson Expressway will direct traffic to the parking lots west of Dr. Martin Luther King, Jr. Drive and to the drop-off/pick-up areas in front of the Grand Concourse.
- Signs at the Roosevelt Road intersection with Lake Shore Drive will direct traffic to the parking lots west of Dr. Martin Luther King, Jr. Drive and to the drop-off/pick-up area in front of the Grand Concourse.
- Signs will direct traffic from Lake Shore Drive to the new access drives of the Burnham Park lots. The locations of the new access drives are based on final design of the relocation of Lake Shore Drive.
- Signs along appropriate approach routes shall indicate which Halls house which shows.

Taxis/Buses.

- Signs will be posted on southbound Lake Shore Drive directing East Hall taxis to the slip ramp serving the East Hall; North and South Hall taxis and buses will be directed to the slip ramp serving these two Halls.

- All taxis exiting the North and South Halls will be directed to 31st Street or Dr. Martin Luther King, Jr. Drive.
- Signs will direct taxis and buses to the Roosevelt Road or 31st Street interchange for access to Dr. Martin Luther King, Jr. Drive and the Grand Concourse.
- Taxi and limousine routes shall not be closed to taxis and limousines without the prior approval of the Transportation Management Committee.

Trucks.

- On-site truck circulation between the truck marshalling yard and the truck docks for each of the Halls will be handled on-site. Trucks traveling to and from the East Hall will use Fort Dearborn Drive. Trucks traveling to and from the North and South Halls will use Moe Drive. Except for oversized trucks, trucks will not be allowed to use adjacent local streets for travel between the truck marshalling yard and the truck docks.
- Oversized trucks will be directed to the truck docks during off-peak hours and to the truck marshalling areas during peak hours. Peak hours are defined as the hours 9:00 A.M. to 6:00 P.M..

Parking.

Automobiles.

- The McCormick Place parking lot manager will coordinate his or her parking efforts with the Chicago Park District and the Chicago Police Department and the Traffic Coordinator in advance of each event.

Staging.

Taxis And Limousines.

- Taxis will be made aware of peak-demand times through the installation of a taxi telephone hotline.

- Remote staging for taxis and livery vehicles shall be provided in the south lot or other appropriate areas.
- Taxi and limousine staging and standing areas shall be segregated.

**Consumer Shows And Others Which Create Heavy Demand Days:
Special Considerations.**

During the above mentioned shows, the following provisions shall apply:

Definitions.

- Consumer shows mean any show open to the general public. Heavy Demand days mean any day during which more than 1.5 million aggregate square feet of convention floor area are occupied by shows in operation or as designated by the Transportation Management Committee.

Remote Parking Systems.

- A remote parking system will be provided with an adequate number of parking spaces to handle expected demand as determined by the Traffic Management Committee to supplement parking required by the Planned Development Ordinance. The remote parking lots may include the Chicago Park District Grant Park garages. The Traffic Coordinator will contact the Chicago Park District and the Chicago Department of Transportation to coordinate schedules and access. More than one remote lot may be utilized.
- Advance signs will be posted on Lake Shore Drive, the Stevenson Expressway and Congress Parkway directing motorists to the remote parking. Portable electronic early warning signs will be provided on Lake Shore Drive at the exit ramps for 31st Street and Roosevelt Road as well as on the Stevenson Expressway as appropriate. In addition, the occupancy of the on-site parking lots will be monitored. When the on-site lots are substantially full, the electronic early warning signs will be activated so that motorists seeking parking are discouraged from entering the immediate area, other than to drop off passengers.
- Shuttles will be provided to pick up and drop off passengers at designated and clearly marked points in the bus lane immediately west of the South Hall or within the central core areas. Regular and frequent shuttle intervals will be provided.

Intersection Control.

- Trained private traffic personnel or City Police will be located at McCormick Square at the north end of the bus lane, to direct and assist in the bus/taxi flow in the Square.
- During large events, vehicular and pedestrian circulation along Dr. Martin Luther King, Jr. Drive may require trained traffic personnel or City Police Officers to control the intersections along Dr. Martin Luther King, Jr. Drive between 24th Place and Cermak Road and in front of the Grand Concourse. These officers will help assure safe pedestrian flow across Dr. Martin Luther King, Jr. Drive at the crosswalks. The Traffic Coordinator will schedule traffic control officers with the users of McCormick Place.

Public Awareness.

The promotion of public awareness is important to the success of the Transportation Management Plan. The Traffic Coordinator will develop and distribute items such as brochures, pamphlets, news releases, and other advertising material which will include the following information:

- Available parking lot locations and prices.
- Public transit routes and schedules.
- Conflicts with other users in the area (e.g., Soldier Field events).
- Which Halls house which shows.

The Metropolitan Pier and Exposition Authority in conjunction with show managers will promote and facilitate the use of public transportation, including the METRA I.C. line, C.T.A. bus services, and the proposed Central Area Circulator light-rail system.

In addition, an internal uniform signage system will be in place for McCormick Place. This signage system, identifying parking locations, public transit stops, and traffic routes, will be clear and concise. An identifiable McCormick Place logo will assist motorists and pedestrians in finding their way around McCormick Place.

Coordination.

A Transportation Management Committee ("T.M.C.") will be formed to coordinate and reduce conflicts among the various modes of transportation, to provide on-going review, to manage Heavy Demand day operations, to update the T.M.P. from time to time and to oversee the implementation of the T.M.P.. This management committee will consist of the Traffic Coordinator ("T.C."), the parking lot manager, the truck yard manager, the event manager, and representatives of the City of Chicago's Department of Transportation, the Department of Planning and Development, the Chicago Park District, the Chicago Transit Authority, the Chicago Fire Department, the Chicago Police Department and the Chicago Department of Consumer Services. Among other duties, this committee will, on an on-going basis, gather and analyze data for all traffic and parking related operations at McCormick Place. This information will include, but is not limited to:

- Parking demand, both on-site and off-site.
- Peak hours of operation.
- Peak time for existing parking lots.

For consumer shows and Heavy Demand days, the T.M.C. will determine the needed number of parking spaces, the remote locations, the locations for traffic personnel control, and any and all other issues related to assuring efficient and safe parking and traffic management.

The T.M.C. will be formed and will conduct its first meeting no later than such time as 23rd Street is closed. The T.M.C. will meet on a regular basis thereafter and, in no event, less regularly than every 3 months. The T.C. will be responsible for the administration of the T.M.C. meetings (including delivery of notices of time and place, securing meeting rooms, et cetera). Determinations and recommendations of the T.M.C. will be made by consensus, provided, however, that in the event of any dispute or conflict over any determination, recommendation or other matter which affects the uses or operation of any public street or way, the determination of the Commissioner of the City's Department of Transportation will govern and be final.

Modifications may be made to the T.M.P. at any time with the approval of the Applicant, the Commissioner of the Department of Transportation and the Commissioner of the Department of Planning and Development. Such modifications and approvals shall be kept on file with the Department of Transportation and the Department of Planning and Development.

*McCormick Place Expansion Project
New South Hall And Grand Concourse
Construction Staging.*

July 24, 1992.

Construction Site Area.

May, 1993.

In May of 1993, construction is scheduled to commence on the McCormick Place Expansion Project. At that time, the construction zone will consist of: 1) the area bounded by the McCormick Inn Hotel to the north, Lake Shore Drive to the east, the Stevenson Expressway to the south and the IC/METRA Railroad right-of-way to the west, 2) the full length of the IC/METRA right-of-way from 23rd Street to the Stevenson Expressway, 3) the area bounded by Donnelley Hall to the north, the IC/METRA right-of-way to the east, the Stevenson Expressway to the south and Dr. Martin Luther King, Jr. Drive to the west, and 4) portions of the area bounded by 23rd Street to the north, Dr. Martin Luther King, Jr. Drive to the east, 24th Place to the south and Calumet Avenue to the west.

Construction will commence in several primary locations. Foundation system installation for the new South Hall will begin at the southern end of the site, as well as south of Donnelley Hall and within the railroad right-of-way, immediately north of the Stevenson Expressway and proceed in a northerly direction and, in the area west of existing Dr. Martin Luther King, Jr. Drive, construction will commence on the new Dr. Martin Luther King, Jr. Drive right-of-way.

Construction Site Area.

August, 1993.

In August of 1993, the McCormick Inn Hotel is scheduled to close and be demolished. The construction zone thus increases in size to include the hotel site. Installation of the South Hall's foundation system continues as does construction of the new Dr. Martin Luther King, Jr. Drive right-of-way, west of existing Dr. Martin Luther King, Jr. Drive.

Construction Site Area.

October, 1993.

In October of 1993, Donnelley Hall is scheduled to close and be demolished. In addition, at approximately the same time, the new Dr. Martin Luther King, Jr. Drive right-of-way should be sufficiently complete to accommodate north and southbound traffic. With the opening of the new Dr. Martin Luther King, Jr. Drive, existing Dr. Martin Luther King, Jr. Drive between 23rd Street to the north and 24th Place to the south will be taken out of service and demolished. With the addition of the Donnelley Hall and Dr. Martin Luther King, Jr. Drive sites to the construction zone, the full extent of the zone, south of 23rd Street, will have been established.

Construction Site Area.

March, 1994.

In approximately March of 1994, the construction zone will be increased to include the area bounded by 22nd Street to the north, the IC/METRA Railroad right-of-way to the east, Dr. Martin Luther King, Jr. Drive to the west and 23rd Street to the south. This area is currently occupied by two Donnelley Company office buildings. The need to commence construction in this area is largely a function of the planned future closing of 23rd Street between existing Dr. Martin Luther King, Jr. Drive and McCormick Place's East Hall and the need to complete a new emergency vehicle access ramp from 22nd Street to the upper 23rd Street Bridge level of the North Hall prior to the closing. Commencement of construction in the above described area by March of 1994 should provide sufficient time to complete the new ramp prior to the closing of 23rd Street in January of 1995.

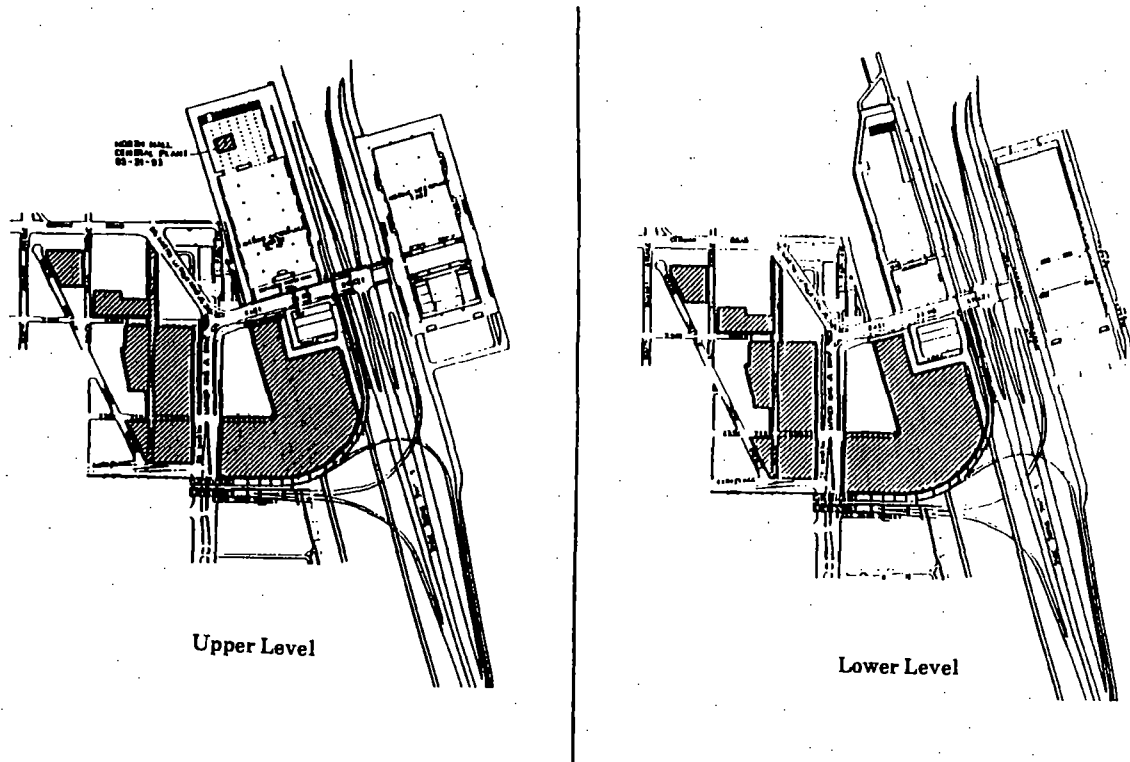

Construction Site Area.

January, 1995.

In January of 1995, both 23rd Street between existing Dr. Martin Luther King, Jr. Drive to the west and McCormick Place's East Hall to the east and the Lakeside Bank facility north of 23rd Street and east of Calumet Avenue are scheduled to be taken out of service. The bank will be demolished as will the 23rd Street Bridge west of Lake Shore Drive. The portion of the bridge crossing Lake Shore Drive, however, will not be demolished but will be renovated. Provisions will be made on the bridge to accommodate vehicular and internal pedestrian traffic throughout the construction period. Also, in January of 1995, the new emergency vehicle access ramp connecting 22nd Street to the upper, 23rd Street Bridge level of McCormick Place's North Hall will be completed, providing emergency vehicle access from the west not only to the upper level of the North Hall but, by traveling in a clockwise direction around the North Hall and across the 23rd Street Bridge (north of the center construction zone) to McCormick Place's East Hall as well. With the closure of 23rd Street, the remaining section of existing Dr. Martin Luther King, Jr. Drive (also known as Silverton Drive) between 22nd Street and 23rd Street will also be taken out of service and demolished at this time.

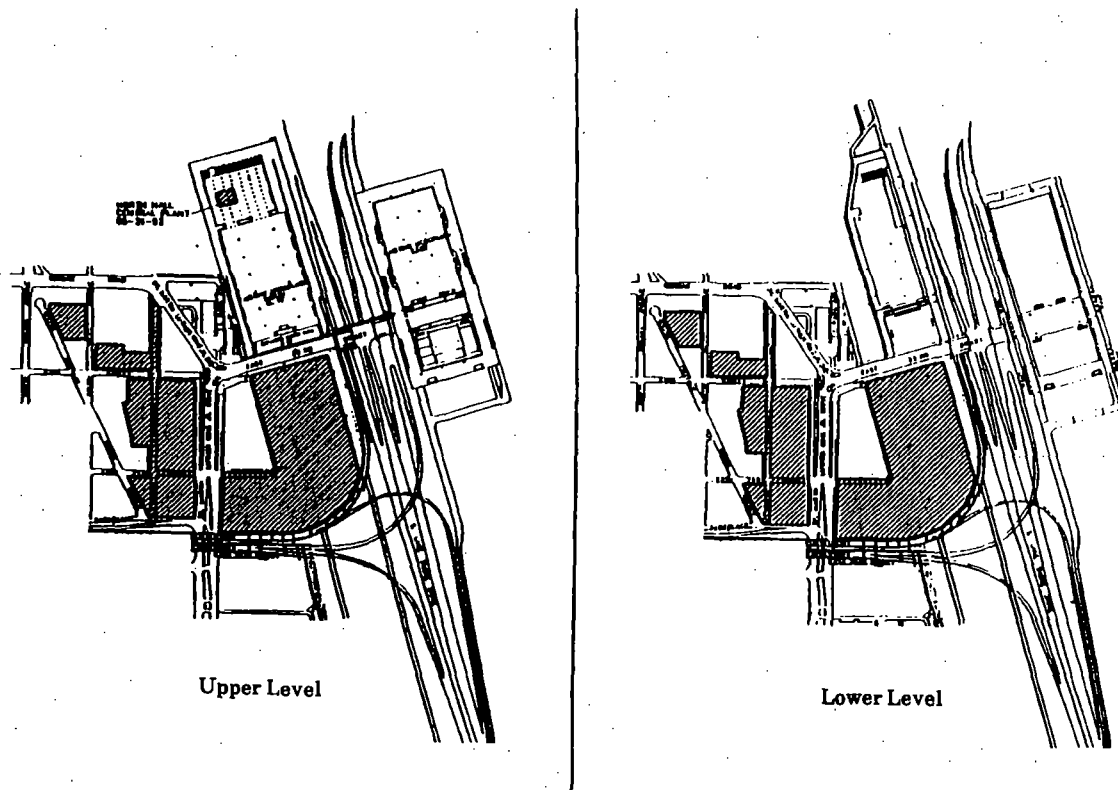

With the addition of the above described areas to the construction zone, the full extent of the zone will have been established and will remain as such until the scheduled date for project completion in February of 1997.

Pedestrian Route Staging.

May, 1993.

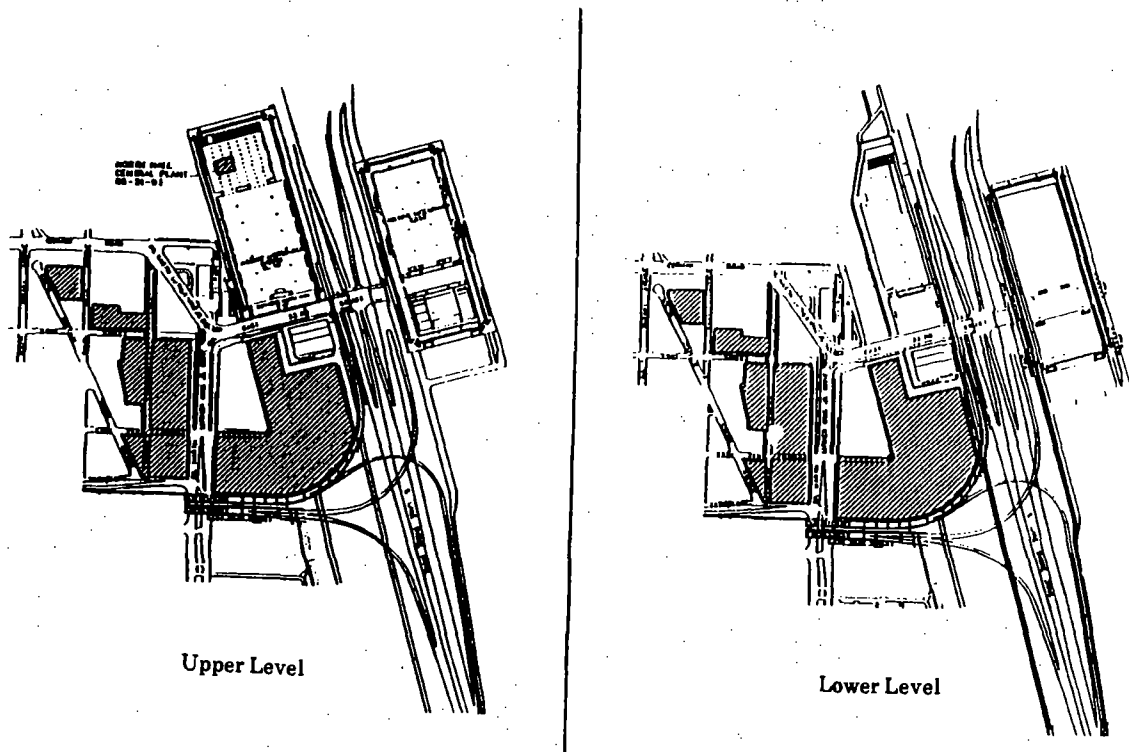

At the start of the construction period in May of 1993, pedestrian access between the existing East, North and Donnelley Halls of the McCormick Place complex will be unaffected by the adjacent construction. The system of circulation spines connecting the East and North Halls, the North Hall and the McCormick Inn Hotel and the McCormick Inn Hotel and Donnelley Hall will remain fully operational. Pedestrian access between halls via the 23rd Street Bridge will also be unaffected by construction activities.

Pedestrian Route Staging.

August, 1993.

With the closing of the McCormick Inn Hotel in August of 1993, certain sections of the existing circulation spine will be taken out of service. These sections are those connecting the hotel to the North Hall and the hotel to Donnelley Hall. The remaining section of the circulation spine system connecting the North Hall to the East Hall, however, remains unaffected by adjacent construction activities and, in fact, will remain so throughout the balance of the construction period. Pedestrian circulation between the North and East Halls via the 23rd Street Bridge will be accommodated during the construction period.

M.P.E.A. Truck Route Staging.

May, 1993.

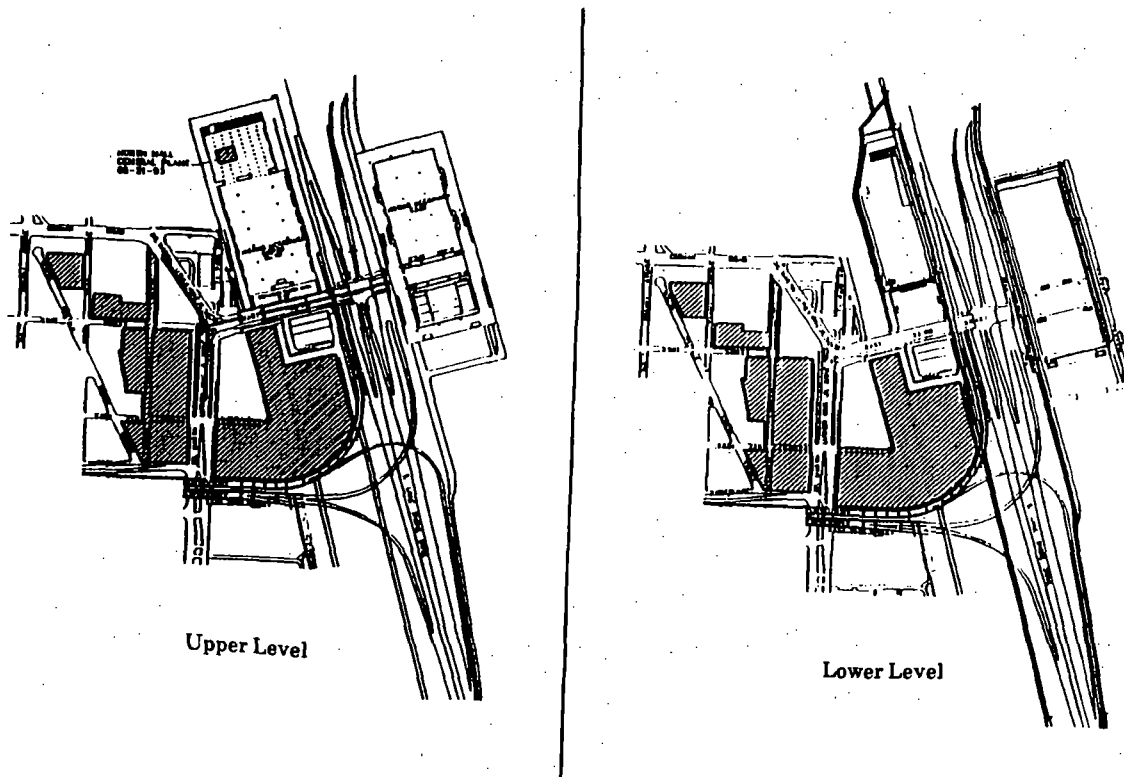

At the start of the construction period in May of 1993, and throughout the entire construction period, truck access to both the North and East Halls from the 31st Street Truck Marshalling Area will be unaffected by adjacent construction activities. The frontage roads or available alternates along both the east and west sides of Lake Shore Drive connecting the Truck Marshalling Area to the loading dock facilities of both the East and North Halls will remain accessible to trucks.

M.P.E.A. Truck Route Staging.

January 1, 1995.

The closure of 23rd Street in January of 1995 will not have an impact on the routing of trucks throughout the McCormick Place complex with the exception of oversized vehicles approaching the North Hall. Although such vehicles will no longer be able to gain access to the upper 23rd Street Bridge level of the North Hall using either the Lake Shore Drive ramps at 23rd Street or Dr. Martin Luther King, Jr. Drive, the new emergency vehicle access ramp connecting 22nd Street to the upper level of the North Hall will be operational and can serve this function.

Bus/Taxi Route Staging.

May, 1993.

At the start of the construction period in May of 1993, all routes previously used by both buses and taxis to access the North, East and Donnelley Halls of the McCormick Place complex will be unaffected by the adjacent construction. This includes all slip ramps from southbound Lake Shore Drive that provide access to the system of ongrade roads under both the North and East Halls, the Lake Shore Drive ramps at 23rd Street and 23rd Street itself.

Bus/Taxi Route Staging.

October, 1993.

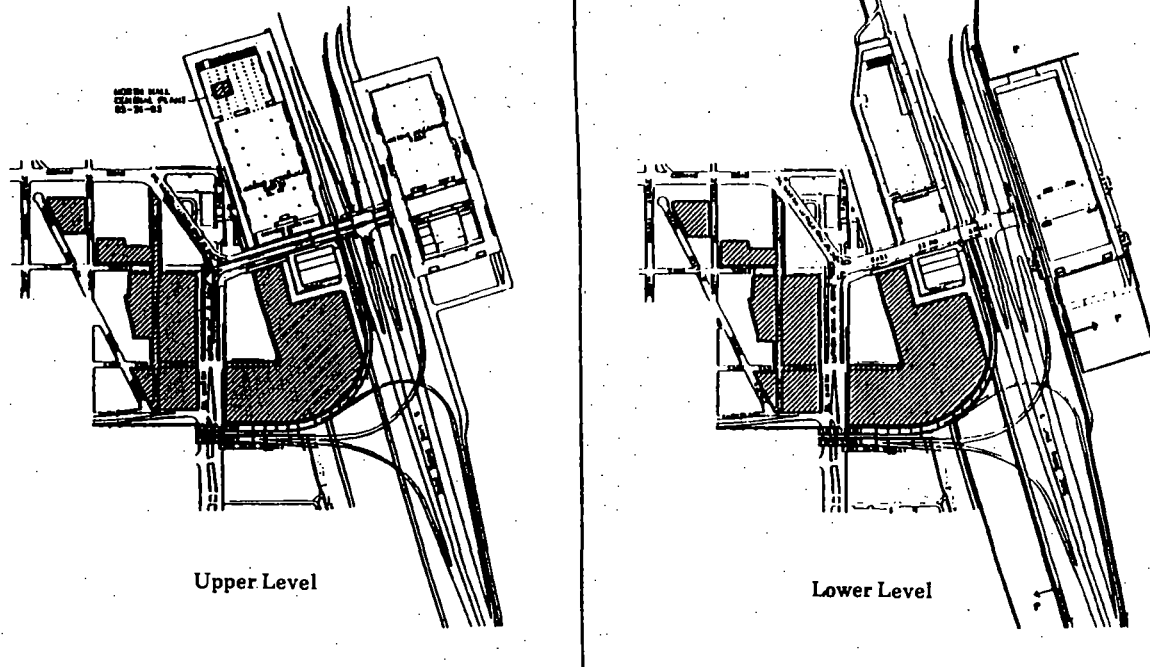

In October of 1993, all bus and taxi routes serving the East and North Halls of McCormick Place remain unaffected by the adjacent construction with the exception of a slight route change due to the opening of the new King Drive and the closing of a portion of the existing Dr. Martin Luther King, Jr. Drive between 23rd Street to the north and 24th Place to the south. Access to either the North or East Halls (and the 23rd Street Bridge) from northbound Dr. Martin Luther King, Jr. Drive will be available by using the new, relocated Dr. Martin Luther King, Jr. Drive to 22nd Street (the intersection of 22nd Street and Calumet Avenue), then southeast on existing Dr. Martin Luther King, Jr. Drive (also known as Silverton Drive) to the 23rd Street Bridge.

Bus/Taxi Route Staging.

January, 1995.

In January of 1995, although 23rd Street will be taken out of service, ground level access for buses and taxis to both the North and East Halls from the Lake Shore Drive slip ramps will remain unaffected by the adjacent construction. Taxis leaving the lower level of the North Hall will still be able to gain quick access to Lake Shore Drive by utilizing the existing taxi ramp within the North Hall to the east apron of the North Hall at the 23rd Street Bridge level, then across the 23rd Street Bridge, north of the construction zone, to the northbound Lake Shore Drive ramp. Southbound taxis needing to access the upper level of the North Hall can use the Lake Shore Drive ramp to the 23rd Street Bridge, travel in a counterclockwise direction around the North Hall and leave the complex via the new emergency vehicle access ramp west of the North Hall. This route can be used in reverse with taxis accessing the upper 23rd Street Bridge level of the North Hall using the emergency vehicle ramp, traveling in a clockwise direction around the North Hall, and turning east onto the 23rd Street Bridge to gain access to the northbound Lake Shore Drive ramp.

Auto Route/Parking Staging.

May, 1993.

At the start of the construction period in May of 1993, access to the primary parking facilities serving the McCormick Place complex both east and west of Lake Shore Drive is unaffected by the adjacent construction. Access to the main entrances to the North, East and Donnelley Halls of the complex will also remain unaffected by construction activities.

Auto Route/Parking Staging.

October, 1993.

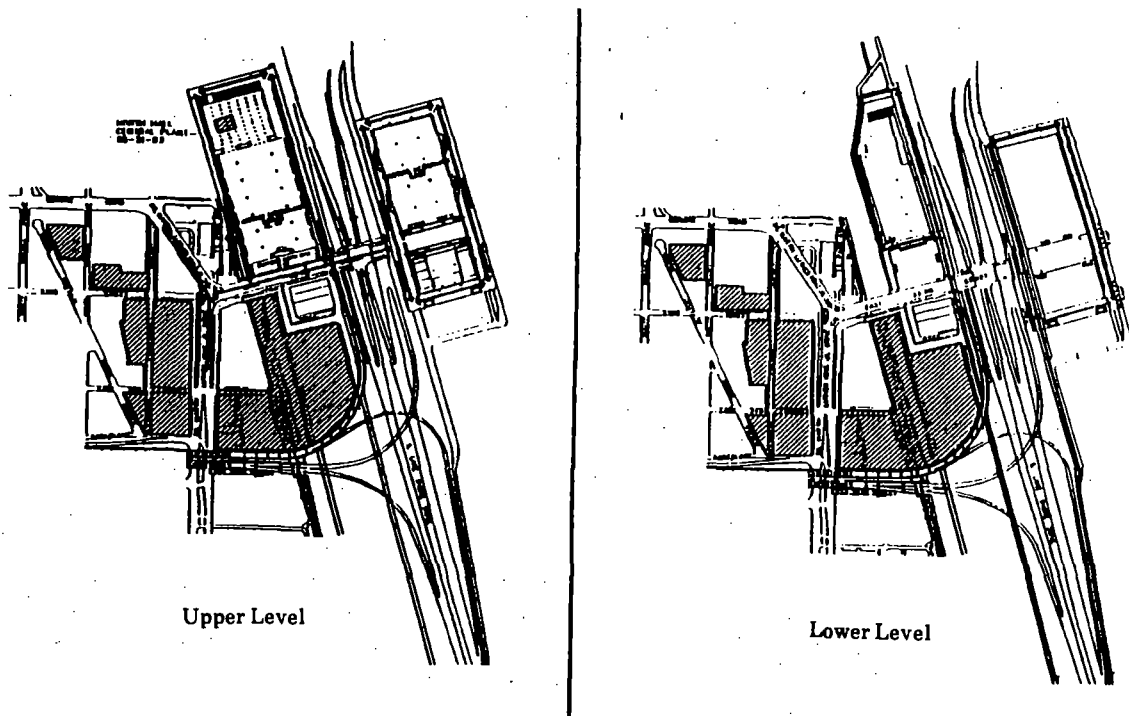

In October of 1993, all routes accessing the various parking facilities will remain unaffected by adjacent construction. The only modification in automobile routing to the upper level entrances of the complex will involve the use of the new, relocated Dr. Martin Luther King, Jr. Drive. Access to either the North or East Halls (and the 23rd Street Bridge) from northbound Dr. Martin Luther King, Jr. Drive will be available by using the new, relocated Dr. Martin Luther King, Jr. Drive to 22nd Street (the intersection of 22nd Street and Calumet Avenue), then southeast on existing Dr. Martin Luther King, Jr. Drive (also known as Silverton Drive) to the 23rd Street Bridge.

Auto Route/Parking Staging.

January, 1995.

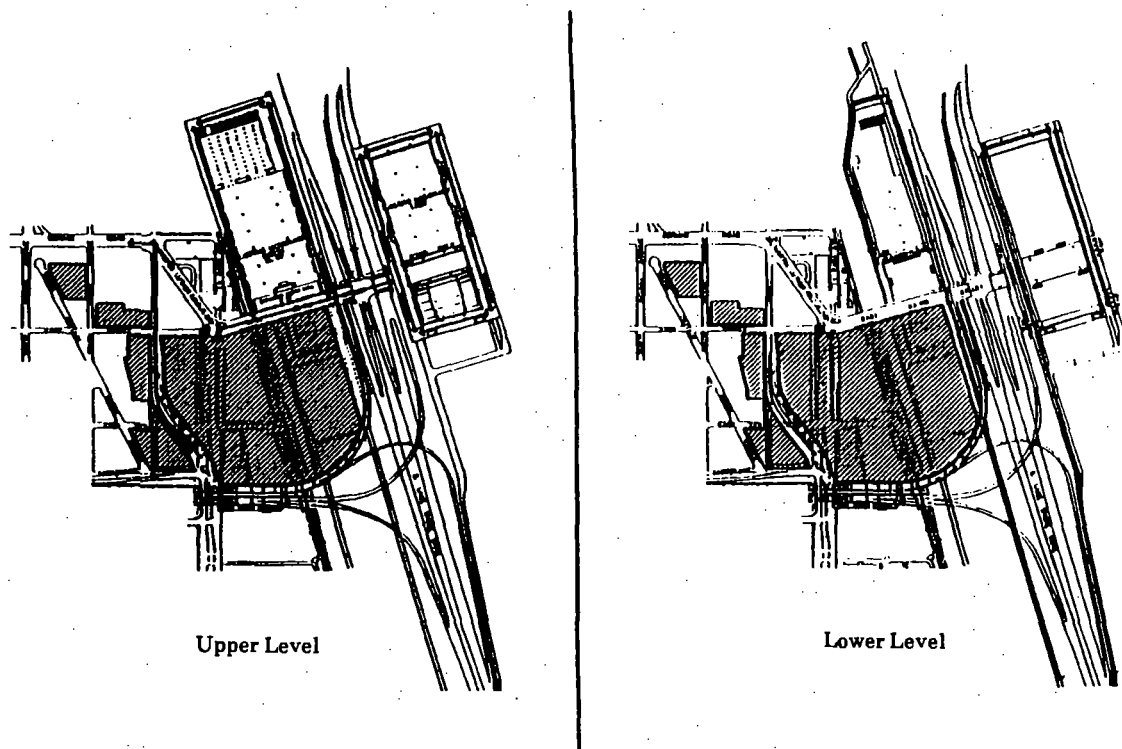

With the closure of 23rd Street in January of 1995, automobiles will be unable to gain access to the upper level entrances of either the North or East Halls. Lower level access to all primary parking facilities will remain unaffected by construction activities and will remain so throughout the balance of the construction period.

Emergency Vehicle Route Staging.

May, 1993.

At the start of the construction period in May of 1993, all routes previously used by emergency vehicles to access the upper and lower levels of the North, East and Donnelley Halls of the McCormick Place complex will be unaffected by the adjacent construction.

Emergency Vehicle Route Staging.

October, 1993.

In October of 1993, all routes providing emergency vehicle access to the upper and lower levels of the North and East Halls remain unaffected by the adjacent construction with the exception of a slight route change due to the opening of the new, relocated Dr. Martin Luther King, Jr. Drive and the closing of a portion of existing Dr. Martin Luther King, Jr. Drive between 23rd Street and 24th Place to the south. Access to the upper 23rd Street level of either the North or East Halls from northbound Dr. Martin Luther King, Jr. Drive will be available by using the new Dr. Martin Luther King, Jr. Drive to 22nd Street (the intersection of 22nd Street and Calumet Avenue), then southeast on existing Dr. Martin Luther King, Jr. Drive (also known as Silverton Drive), to the 23rd Street Bridge.

Emergency Vehicle Route Staging.

January, 1995.

In January of 1995, when 23rd Street and its connecting Dr. Martin Luther King, Jr. Drive approach ramps are taken out of service, emergency vehicle access from the west to the upper 23rd Street Bridge level of both the East and North Halls will be through the use of the new emergency vehicle access ramp connecting 22nd Street to the upper level of the North Hall. To access the East Hall, emergency vehicles will travel in a clockwise direction around the North Hall and across the 23rd Street Bridge north of the construction zone. The Lake Shore Drive ramps leading to the 23rd Street Bridge will also remain in service throughout the construction period, providing an alternate means of accessing the upper levels of the McCormick Place complex from north and southbound Lake Shore Drive. Emergency vehicle access to the lower levels of the McCormick Place complex will remain unaffected by the adjacent construction.

**AMENDMENT OF TITLE 2, CHAPTER 92 OF THE MUNICIPAL
CODE OF CHICAGO BY ADDITION OF
NEW SECTION 580 ENTITLED
"MAC BRIDE ORDINANCE".**

A proposed ordinance, presented by Aldermen Murphy, Mazola, Haithcock, Beavers, Dixon, Buchanan, Huels, Madrzyk, Jones, Coleman, Rugai, Laski, Bialczak, Mell, Doherty, Hansen, Shiller, Schulter, M. Smith and Moore, reading as follows:

WHEREAS, Catholics in Northern Ireland have been subjected to systematic discrimination for over sixty years, including the denial of fair employment opportunities, which has been cited by the International Commission of Jurists as one of the major causes of conflict there; and

WHEREAS, In Northern Ireland, the Catholic minority population is more than two and one-half times more likely to be unemployed than the Protestant majority; and

WHEREAS, A peaceful solution of the conflict in Northern Ireland depends upon the elimination of such discrimination; and

WHEREAS, The late Dr. Sean MacBride, former Assistant Secretary General of the United Nations and Nobel Peace Prize Laureate, proposed equal employment opportunity principles to serve as guidelines for corporations doing business in Northern Ireland, including branches or substantially owned affiliates of corporations (hereinafter, "the MacBride Principles for Northern Ireland"); and

WHEREAS, The State of Illinois has officially recognized the MacBride Principles for Northern Ireland by enacting them into law in Public Act 85-1390 -- relating to investments of pension funds in certain companies doing business in Northern Ireland -- as codified by 1988 Illinois Law 3220; and

WHEREAS, Section 3 of Public Act 85-1390 defines "the MacBride Principles for Northern Ireland" for the purposes of Illinois law as follows:

(1) Increasing the representation of individuals from underrepresented religious groups in the work force including managerial, supervisory,

administrative, clerical and technical jobs. A work force that is severely unbalanced may indicate prima facie that full equality of opportunity is not being afforded all segments of the community in Northern Ireland. Each signatory to the MacBride Principles must make every reasonable lawful effort to increase the representation of underrepresented religious groups at all levels of its operations in Northern Ireland.

(2) Adequate security for the protection of minority employees both at the workplace and while traveling to and from work. While total security can be guaranteed nowhere today in Northern Ireland, each signatory to the MacBride Principles must make reasonable good faith efforts to protect workers against intimidation and physical abuse at the workplace. Signatories must also make reasonable good faith efforts to ensure that applicants are not deterred from seeking employment because of fear for their personal safety at the workplace or while traveling to and from work.

(3) The banning of provocative religious or political emblems from the workplace. Each signatory to the MacBride Principles must make reasonable good faith efforts to prevent the display of provocative sectarian emblems at its plants in Northern Ireland.

(4) All jobs openings should be publicly advertised and special recruitment efforts should be made to attract applicants from underrepresented religious groups. Signatories to the MacBride Principles must exert special efforts to attract employment applications from the sectarian community that is substantially underrepresented in the work force. This should not be construed to imply a diminution of opportunity for other applicants.

(5) Layoff, recall and termination procedures should not, in practice, favor particular religious groupings. Each signatory to the MacBride Principles must make reasonable good faith efforts to ensure that layoff, recall and termination procedures do not penalize a particular religious group disproportionately. Layoff and termination practices that involve seniority solely can result in discrimination against a particular religious group if the bulk of employees with greatest seniority are disproportionately from another religious group.

(6) The abolition of job reservations, apprenticeship restrictions, and differential employment criteria, which discriminate on the basis of religious or ethnic origin. Signatories to the MacBride Principles must make reasonable good faith efforts to abolish differential employment criteria whose effect is discrimination on the basis of religion. For example, job reservations and apprenticeship regulations that favor relatives of current or former employees can, in practice, promote religious discrimination if the company's work force has historically been disproportionately drawn from another religious group.

(7) The development of training programs that will prepare substantial numbers of current minority employees for skilled jobs, including the expansion of existing programs and the creation of new programs to train, upgrade and improve the skills of minority employees. This does not imply that such programs should not be open to all members of the work force equally.

(8) The establishment of procedures to assess, identify and actively recruit minority employees with potential for further advancement. This does not imply that such procedures should not apply to all employees equally.

(9) The appointment of a senior management staff member to oversee the company's affirmative action efforts and the setting up of timetables to carry out affirmative action principles. In addition to the above, each signatory to the MacBride Principles is required to report annually to an independent monitoring agency on its progress in the implementation of these principles; and

WHEREAS, The City of Chicago has long recognized and implemented the principles of fair and equal employment opportunity; and

WHEREAS, The City Council hereby finds that any entity, corporation, partnership or company (hereinafter, "companies") doing business with the City of Chicago and which does business in Northern Ireland or which owns or operates companies in Northern Ireland shall take lawful steps in good faith to conduct any business operations they have in Northern Ireland in accordance with the aforementioned MacBride Principles for Northern Ireland; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of the City of Chicago, Chapter 2-92 is hereby amended by inserting a new Section 2-92-580, as follows:

2-92-580

This section shall be known and cited as the "MacBride Ordinance". The purpose of this section is to promote the fair and equal treatment of religious minorities in Northern Ireland and provide a better working environment for all the citizens therein.

All City of Chicago contracts let by competitive bidding process as set forth in Ill. Rev. Stat., Chapter 24, Section 8-10-1 shall include the following language:

"If the primary contractor conducts any business operations in Northern Ireland, it is hereby required that the contractor shall make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Law 3220)."

For those contractors who take exception in competitively bid contracts to the provision set forth above, the City shall assess an eight percent penalty. This penalty shall increase their bid price for the purpose of canvassing the bids in order to determine who is to be the lowest responsible bidder. This penalty shall apply only for purposes of comparing bid amounts and shall not affect the amount of any contract payment.

The provisions of this section shall not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

SECTION 2. This ordinance shall be in full force and effect 90 days after its passage and publication.
