**REPORTS AND COMMUNICATIONS
FROM CITY OFFICERS.**

Rules Suspended -- TRIBUTE TO LATE MR. CASIMIR LASKOWSKI.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

February 11, 2004.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- In conjunction with Alderman Suarez, I transmit herewith a resolution honoring the life and memory of Casimir Laskowski.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Suarez moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, Almighty God in His infinite wisdom and mercy called our friend and former colleague, Casimir "Casey" Laskowski, from this life to his eternal reward on August 15, 2003, at the age of eighty-four; and

WHEREAS, The son of an immigrant tailor from Bialystok, Poland, Mr. Laskowski was educated at Weber High School, DePaul University, the American Conservatory of Music, and Worsham College of Mortuary Science; and

WHEREAS, He courageously served his country during World War II in the United States Army Air Forces, piloting forty missions in a B-24 named "Horrible Monster" over the Pacific and was awarded a Distinguished Flying Cross, Air Medal with seven oak leaf clusters, a Silver Star and two Bronze Stars; and

WHEREAS, He was the founder and owner of the Casey Laskowski & Son Funeral Home where he was known for playing the funeral home organ at many of the wakes; and

WHEREAS, Mr. Laskowski began his long and distinguished political career in 1955 after his election as the alderman from the 35th Ward, a heavily Polish northwest side neighborhood, and in 1976, was voted the city's first vice mayor. He served in the city council until 1979; and

WHEREAS, A man of considerable charm, Mr. Laskowski loved to entertain people, serenading his council colleagues at holiday parties, and was the choir director and organist for two Roman Catholic parishes, Saint Hedwig's Church and Saint Stanislaus Bishop and Martyr Catholic Church, where his brother was the pastor; and

WHEREAS, Mr. Laskowski made important contributions to the community in many ways, including serving as the president of the Polish-American Business Men and as a member of the La Fourths Association Lafayette Council Number 361, Knights of Columbus, three American Legion posts, one AMVETS post, two Polish Legion of American Veterans posts, the Loyal Order of Moose, Portage Park, and the Cook County Medical Examiner's Board; and

WHEREAS, Although Mr. Laskowski will be greatly missed by his family and friends, his memory will live in their hearts forever; and

WHEREAS, The passing of this devoted husband and loving father will be deeply felt by his family and friends, especially his wife of fifty-five years, Virginia; his daughter, Rita; his sons, Thomas and Robert; his five grandchildren; and a host of other relatives and friends; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this eleventh day of February, 2004, do hereby commemorate Casimir Laskowski for his fruitful life and do hereby extend our most sincere condolences to his family; and

Be It Further Resolved, That suitable copies of this resolution be presented to the family of Casimir Laskowski as a sign of our sympathy and good wishes.

On motion of Alderman Burke, seconded by Aldermen Suarez, Mell, Natarus and Stone, the foregoing proposed resolution was *Adopted* by a rising vote.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago and his own family, extended condolences to the family of Casimir Laskowski, former alderman of the thirty-fifth ward. Mayor Daley observed that in this city of immigrants, Casey was himself the son of immigrants who nourished that most American of goals -- a better life for their children through education. Casey, in turn, understood that family is the very core of life. Casey Laskowski was, the Mayor declared, a man who maintained and acted upon an elemental conviction that one must give back. A member of the "greatest generation", Casey gave to his country through his military service in World War II, service for which, the Mayor noted, he sought neither recognition nor favor. Through his profession, Casey gave to his community for he provided not simply a service but, the Mayor observed, a unique empathy and respect which served to mitigate the stress and grief of those in their time of need. Casey Laskowski also gave to his city, Mayor Daley declared, through his service on the City Council; service which not only saw him participate in many of the major decisions which shaped Chicago but participate in a manner guided by consideration for the greater good rather than concern for the popular cause, by understanding rather than rancor during debate. Casey Laskowski was a "great public servant", Mayor Daley declared, who will be greatly missed by his family, his City Council colleagues and his city. Mayor Daley then left the Mayor's rostrum and strode to the Commissioners' gallery where he conveyed his personal condolences to the family of The Honorable Casimir Laskowski and presented them with a parchment copy of the memorial resolution.

Your favorable consideration of this resolution will be appreciated.

WHEREAS, Shortly before 9:00 P.M. on January 10, 2004, fire fighters from the 9th Battalion were dispatched to 1035 North Shore, on the Lakefront, in response to a call for help for a person in the water; and

WHEREAS, Truck 25, the first rescue team to arrive, located a citizen in extreme peril. A woman had been walking on the ice over one hundred feet from shore, and she fell through into the freezing cold water. Her cries for help were now weakening by the second after even a brief exposure to the frigid temperatures; and

WHEREAS, Seeing that he must act quickly if the woman was not to perish, Fire Fighter Jon Katoaka immediately donned a life vest, then grabbed a flotation device and a one hundred fifty foot life line; and

WHEREAS, Showing tremendous courage and total disregard for his safety, Fire Fighter Katoaka then set out across the thin layer of ice using a twenty foot ladder to distribute his weight over the unstable surface; and

WHEREAS, Proceeding cautiously, yet as quickly as the treacherous conditions would allow, Fire Fighter Katoaka drew nearer and nearer to the victim, yet the ice suddenly gave way and he too plunged into the freezing water; and

WHEREAS, Exerting desperate effort, Fire Fighter Katoaka managed to crawl back onto the ice sheet, then, despite being soaked to the skin and losing body temperature rapidly, he continued his trek toward the woman; and

WHEREAS, Forcing himself to ignore his physical pain and focusing on the task at hand, Fire Fighter Katoaka soon reached the desperate woman and managed to drag her back to safety over one hundred feet of ice, using the ladder as a sled; and

WHEREAS, Thanks to the efforts of Fire Fighter Katoaka, a woman was saved from a terrible fate in Lake Michigan's freezing dark waters; and

WHEREAS, The remarkable poise, courage and stamina displayed by Fire Fighter Katoaka, acting in the highest traditions of the Chicago Fire Department, is emblematic of the professionalism and extraordinary effort that Fire Fighters are called on to demonstrate every day; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this eleventh day of February, 2004, do hereby honor Fire Fighter Jon Katoaka, who has served the Fire Department and the citizens of Chicago with honor and has earned the respect and acknowledgment of all in attendance here today; and

In order to obtain a transfer or replacement sticker without payment, a vehicle owner must also sign a document, prepared and approved by the corporation counsel, agreeing that neither recipient nor his or her successors or assigns will assert that City's issuance of the sticker without charge is or may be construed as an admission of liability or waiver of any defense on the part of the City of Chicago, its officers, agents and employees in connection with the break of that water main.

WHEREAS, The Fieldhouse exemplifies the importance of Chicago's neighborhood parks, built in working class neighborhoods for the city's large immigrant population, to the City's heritage; and

WHEREAS, The Fieldhouse reflects changing cultural attitudes towards the role of parks in Chicago in the early twentieth century, from pastoral settings devoted to passive recreation to landscapes more intensively programmed with recreational and social uses accommodated by fieldhouses; and

WHEREAS, The Fieldhouse is a significant example of a neighborhood fieldhouse, a building type important in the history of park design and one for which Chicago designers were innovators; and

WHEREAS, The Fieldhouse and adjoining park are named for John G. Shedd, a noted Chicago entrepreneur and philanthropist who, among other things, was responsible for donating the land for the park which today bears his name; and

WHEREAS, The Fieldhouse was designed in 1917 in the innovative Prairie style, an architectural style important in the history of Chicago and the United States, and is considered one of the best examples of early "modern" architecture in the Chicago Park District; and

WHEREAS, The Fieldhouse is distinguished by its quality of detailing and craftsmanship, including a gabled roof with extended eaves, horizontal bands of windows, a limestone stringcourse and lintels, and a roof pediment detailed by vertical woodwork; and

WHEREAS, The Fieldhouse has a significant second (2nd) floor auditorium detailed by brick walls and a ceiling open to the underside of a gabled roof sheathed by diagonal decking between the roof beams; and

WHEREAS, The Fieldhouse has a significant 1928 gymnasium addition also handsomely designed in the Prairie style; and

WHEREAS, The original 1917 section of the Fieldhouse was designed by William Eugene Drummond, a Prairie School architect significant in the history of Chicago and considered one of the City's most skilled designers in the Prairie School tradition, who was responsible for many significant Prairie style designs in and around Chicago, most notably the First Congregational Church of Austin and the Lorimer Memorial Baptist Church; and

WHEREAS, The 1928 gymnasium addition to the Fieldhouse was the work of the architectural firm of Michaelson and Rognstad who worked deftly in a wide variety of architectural styles, producing such diverse designs as the Chinese-inspired On Leong Merchant's Association Building and the Spanish Baroque Revival style West Park Administration Building; and

WHEREAS, Michaelson and Rognstad also were the architects for the West Park Commission from 1927 to 1929, producing twelve (12) significant buildings for the park commission, including large Revival style fieldhouses for Humboldt, Garfield and Douglas Parks; and

WHEREAS, The Commission has further determined that the Fieldhouse satisfies the historic integrity requirement set forth in § 2-120-630 of the Municipal Code in that it retains excellent integrity and has experienced few changes to its exterior and significant interiors, including the auditorium; has stood on its present location since its completion in 1917; and retains its historic relationship to the surrounding neighborhood; and

WHEREAS, Pursuant to § 2-120-690 of the Municipal Code, on December 4, 2003, the Commission adopted a resolution recommending to the City Council of the City of Chicago that the Fieldhouse be designated as a Chicago landmark; now, therefore,

WHEREAS, Pursuant to all applicable legal requirements and agreements including the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), §§ 2-120-130 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that Wrigley Field, located at 1060 West Addison Street (hereinafter, "Wrigley Field"), as more precisely described in Exhibit A attached hereto and incorporated herein, meets six (6) criteria for landmark designation as set forth in § 2-120-620 (1), (2), (3), (4), (5) and (7) of the Municipal Code; and

WHEREAS, Wrigley Field is one of the two (2) oldest active ballparks built for major league baseball in the United States and the oldest professional sports facility in Chicago; and

WHEREAS, Wrigley Field is one of the cultural icons of Chicago, both in its physical form and through its traditions and legendary events; and

WHEREAS, Since 1916 Wrigley Field has been the home to the Chicago Cubs, the city's oldest professional sports franchise and the oldest continuously-operating National League charter franchise in the same city, dating to 1876; and

WHEREAS, Wrigley Field is the only remaining ball park connected to the Federal Baseball League, having been constructed and occupied by the league's Chicago franchise from 1914 to 1916, and as such is significant in American legal and labor history due to the Federal League's lawsuit against the established National and American Leagues, which led to the United States Supreme Court ruling that major-league baseball was not engaged in interstate commerce and which therefore upheld the "reserve clause", binding baseball players to particular ball clubs for life; and

WHEREAS, Wrigley Field has played an important role in the development of professional baseball, including the first ballpark to have a permanent concession stand (1914), the first ball club to allow fans to keep balls hit into the stands (1916), the first National League sports team to pass one million in attendance (1927), the first organist (1941), and the first center field television camera (1954); and

WHEREAS, From 1921 to 1970, Wrigley Field was the home of the Chicago Bears, one of the original franchises in the National Football League and, as such, is significant in the history of professional football in the United States, and

WHEREAS, Wrigley Field has been the site of several legendary events in American sports history, including baseball's only "Double No-Hitter" (1917), Babe Ruth's purported "Called Shot" during the 1932 World Series, Gabby Hartnett's "Homer in the Gloamin'", which clinched the 1938 National League pennant and William Sianis' "Billy Goat Hex", invoked during the Cubs' last World Series appearance in 1945; and

WHEREAS, Wrigley Field has been the site of numerous important events in baseball history, including: Hack Wilson's major league record 191st run-batted-in (1930), Stan Musial's 3,000th hit (1958); Ernie Banks' 500th home run (1970); Pete Rose's hit that tied Ty Cobb's all-time hits record (1985); All Star Games in 1947, 1962 and 1990; and World Series games in 1929, 1932, 1935, 1938 and 1945; and

WHEREAS, Wrigley Field is significant in the history of American women's sports as the location, in March 1943, of the first tryouts and organization of the All-American Girls Professional Baseball League, the first major women's professional sports league in the United States and an important forerunner for women's sports nationwide, and one of whose founders and promoters was Phillip Wrigley, then-owner of Wrigley Field and the Chicago Cubs; and

WHEREAS, Wrigley Field is the only remaining major league baseball park where Jackie Robinson, major-league baseball's first African-American player and a nationally significant figure in the African-American struggle for civil rights, played during regular season play; and

WHEREAS, As the long time home of the Chicago Bears, Wrigley Field also has been the location for important events in the history of professional football, including the professional debut of Red Grange, whose popularity ensured the success of the Bears and professional football during the 1930s, the location in 1933 of the first National Football League championship, the forerunner to today's Super Bowl, and several other important professional football games and records, including the 1963 National Football League championship; and

WHEREAS, Two owners of the ballpark, Charles H. "Lucky Charlie" Weeghman and William Wrigley, Jr. are significant both for their cultural contributions to baseball and for their role in the city's economic development history; and

WHEREAS, Hundreds of notable sportsmen have performed at Wrigley Field, including: baseball Hall of Famers Henry Aaron, Ernie Banks, Roberto Clemente, Dizzy Dean, Hank Greenberg, Sandy Koufax, Willie Mays, Jackie Robinson, Babe Ruth, Warren Spahn and Casey Stengel; football notables Dick Butkus, Red Grange, George Halas and Bronco Nagursky; Olympian Jim Thorpe; boxer Jake LaMotta (1946); golfer Sam Snead (1951); basketballers George Mikan and the Harlem Globetrotters (1954); and

WHEREAS, Hall of Fame broadcasters Jack Brickhouse and Harry Caray broadcast from and were closely associated with Wrigley Field during their careers; and

WHEREAS, Wrigley Field is a rare surviving example of the "classic era" of ball park architecture, when the design of American ballparks evolved from wooden

grandstands to more permanent, steel and concrete construction, representative of Chicago School of Architecture design; and

WHEREAS, Wrigley Field is considered to be one of the most unique and attractive ballparks in the United States, noteworthy for its slightly asymmetrical playing field layout, the curving grace of its grandstands and bleachers, the distinctiveness of the hand operated scoreboard atop the center field bleachers, the charm of its ivy covered brick walls, its ornate main entrance sign, and the memorable view of the surrounding Chicago skyline and Lake Michigan; and

WHEREAS, It is one of the few remaining ball parks whose design and field layout was strongly influenced by the surrounding street grid, a significant characteristic of historic baseball parks; and

WHEREAS, The lower decks of Wrigley Field's grandstands, built in 1914 and renovated in 1922 -- 1924, represents the last surviving ballpark design of Zachary Taylor Davis, one of the nation's best known ballpark architects in the early 20th century; and

WHEREAS, Graham, Anderson, Probst and White, one of Chicago's leading architectural firms in the 1910s and '20s, is credited with the design of the upper deck of Wrigley Field's grandstands, built in 1927 -- 1928; and

WHEREAS, Wrigley Field's famous outfield bleachers and scoreboard, built in 1937 -- 1938 in a distinctive Moderne style, were designed by Holabird & Root, one of the most prominent architectural firms in the history of Chicago; and

WHEREAS, Wrigley Field is one of the most recognizable structures in Chicago and ranks as one of the most readily identifiable ballparks in the United States; and

WHEREAS, Wrigley Field possesses a significant physical presence in Chicago due to its size, location at a major street intersection (Clark and Addison Streets) and setting in a low-scale residential and commercial district; and

WHEREAS, Wrigley Field represents a familiar and well established visual feature within its immediate neighborhood, whose unofficial but commonly used name Wrigleyville, is testimony to the ballpark's long-term and influential presence; and

WHEREAS, The historic design of Wrigley Field remains largely intact to the period of 1937 -- 1938, when the last major changes were made to the ballpark's configurations, involving the construction of the outfield bleachers and scoreboard; and

WHEREAS, Wrigley Field retains more than sufficient physical integrity to express

its historic, community, architectural, or aesthetic interest or value as required by § 2-120-630 of the Code, retaining its original location, overall design, and the majority of its historic building materials and significant exterior details; and

WHEREAS, Pursuant to § 2-120-690 of the Municipal Code, on April 3, 2003, the Commission adopted a resolution recommending to the City Council of the City of Chicago that Wrigley Field be designated as a Chicago landmark, which resolution included recommending that the significant historical and architectural features be identified as those contained in Exhibit B attached hereto and incorporated herein; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made a part of this ordinance as though fully set forth herein.

SECTION 2. Wrigley Field is hereby designated as a Chicago landmark in accordance with § 2-120-700 of the Municipal Code.

SECTION 3. The significant historical and architectural features of Wrigley Field, for the purposes of § 2-120-740 of the Municipal Code, are identified as those contained in Exhibit B.

SECTION 4. The Commission is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix the plaque on or near the property designated as a Chicago landmark in accordance with the provisions of § 2-120-700 of the Municipal Code.

SECTION 5. The Commission is hereby authorized to review and consider a master sign program ("Program") with the owner of Wrigley Field, pursuant to those terms contained in Section 6 of Exhibit B, which Program may regulate the application and/or attachment of signage to significant historical and architectural features of Wrigley Field. Upon the Commission's approval, the Commissioner of the Department of Planning and Development is hereby authorized to enter into the Program with the owner of Wrigley Field and to execute such other documents as may be necessary to implement the Program.

SECTION 6. The Commission is directed to comply with the provisions of § 2-120-720 of the Municipal Code, regarding notification of said designation.

SECTION 7. This ordinance shall take effect upon its passage and approval.

Significant Historical Or Architectural Features.

Section 1. Protected Features.

The "Protected Features", which are the significant historical or architectural features, shall be defined as the following:

A. Exterior Elevations And Roofs.

1. All perimeter exterior elevations of the ballpark in their entirety (including

but not limited to the upper and lower deck roofs and rooflines, dormers and the exposed structural system with its characteristic visual transparency created by the existence of open bays, the open structural system, and the open trusses at the ends of the roofs).

2. In addition to the above, the portion of the upper deck roof (including but not limited to rooflines) facing the playing field.
3. For the avoidance of doubt, other elements inside the ballpark which are otherwise visible from the public way or by virtue of the characteristic visual transparency are not considered part of the perimeter exterior elevations (i.e., the exterior envelope or "shell") of the ballpark.

B. Marquee Sign.

The "marquee" sign at the corner of North Clark and West Addison Streets.

C. Center Field Scoreboard.

All exterior elevations of the center field scoreboard in their entirety (including but not limited to rooflines, the exposed structural supports or "legs" beneath the scoreboard, and attached elements such as the flagpoles and the "won -- lost" lights).

D. Inside The Ballpark.

1. The unenclosed, open air character, the exposed structural system, and the generally uninterrupted "sweep" and contour of the grandstand and bleachers.
2. The brick wall, in its entirety, encircling the playing field (i.e., along the foul lines, behind home plate, and the outfield wall, including the ivy).

Section 2. Period Of Significance.

It is acknowledged the ballpark has undergone a series of changes since its original construction in 1914. In general, the "period of significance" for the ballpark shall be 1914 to 1938, which marked the build out of the ballpark to its character defining configuration. The only exceptions to the foregoing for the purpose of this designation are the following: (1) the modifications to the center

field scoreboard in the 1940s or later; (2) possible later modifications to the "marquee" sign, if any, and (3) the ground level ticket windows added in the 1940s to the south elevation, to the extent any elements of these ticket windows survive.

Section 3. Other Elements.

A. Any element of the ballpark not identified in Section 1 above is explicitly excluded from the Protected Features, including but not limited to:

1. All interior concourses, concessions, clubhouses, support areas, offices, restrooms and other facilities under the grandstands and bleacher seating areas (including all features related to back-of-the-house or non-baseball commercial operations, such as catering, loading docks, movable vending carts, et cetera).
2. All elements inside the ballpark not identified in Section 1.D above.
3. The seats and seating configuration.
4. All interior spaces of the mezzanine suites and press box.

B. Non-Contributing. Certain elements of the Protected Features may not in and of themselves be historically significant as they relate to the Protected Features in consideration of such factors as historic integrity, significance as a design feature, and period of significance, and in recognition of the operational needs as a ballpark. Such "Non-Contributing" elements include the following:

1. The "groundskeepers cottage" on the west elevation at West Waveland Avenue.
2. The loading docks on the north elevation.
3. The elevator tower on the west elevation.
4. The two (2) brick chimneys on the west elevation.
5. The open air veranda on the lower deck roof.
6. The chain link fencing on the south and west elevations and the visible system of ramps beyond.
7. The chain link fencing at the back of the bleachers on the north and east elevations.

8. The ground level ticket windows, concrete canopy and awnings at the corner of North Clark Street and West Addison Street and along the south elevation, except to the extent there are any surviving elements of the ticket windows installed in the 1940s on the south elevation.
9. The street-level entrance to the bleachers at the corner of West Waveland and North Sheffield Avenues.
10. The Stadium Club exterior on the North Sheffield Avenue and West Addison Street elevations.
11. The pre-cast concrete panels on all elevations.
12. Paving and paving materials.
13. The light towers mounted on the upper deck roof.
14. The reproduction light fixtures on all elevations.
15. The mezzanine suites and press box.

Section 4. Permit Review.

The following, to the extent such may affect any Protected Feature, is deemed to not adversely affect the Protected Features. In its review and approval as authorized by the Chicago Landmarks Ordinance, the Commission on Chicago Landmarks (the "Commission") shall approve the following subject to the conditions identified herein:

1. Maintenance and repairs.
2. Seasonal or temporary signage, decorations and ornamentation anywhere in, on or around Wrigley Field (e.g., decorations for opening day, play-off games, et cetera).
3. Television sets, sound system equipment, conduit, lighting systems other than new lighting systems on the exterior of the ballpark or to light the playing field, electronic security devices and related lighting, and electronic scoreboards other than any new scoreboards in the bleacher seating area and other than the center field scoreboard.
4. Roof-top satellite dishes and other communication and mechanical equipment on the lower or upper deck roofs, provided that such equipment is:

- (a) set back from the edge of the roof; and
 - (b) located so as to be screened from street view to the extent reasonably possible.
- 5. Heating, ventilation, air-conditioning, plumbing and other mechanical equipment, provided:
 - (a) such equipment is screened from street view to the extent reasonably possible; and
 - (b) views of any vents or grilles are minimized to the extent reasonably possible; and
 - (c) as necessary, mechanical screens shall be of finish materials reasonably compatible with the exterior of the ballpark.
- 6. Work related to the grandstand and bleacher seats and seating configuration.
- 7. Minor exterior alterations to the mezzanine suites and press box.
- 8. Work related to the railings, to the extent, if any, identified as part of the Protected Features, provided:
 - (a) the new railings match the existing railings, and the replacement involves limited sections of replacement; or
 - (b) the new railings conform to an approved standard for replacement.
- 9. Repair and tuck-pointing of brick walls where:
 - (a) such work maintains the design, location, materials, appearance and width of the existing wall; and
 - (b) the existing masonry materials are salvaged and reused to the extent reasonably possible.
- 10. Work related to the exterior of storage areas under the lowest sloped section of the ramps at the upper cross aisle of the lower deck, provided

the portions of such areas which are a part of the exterior elevations are of finish materials reasonably compatible with the existing exterior character of the ballpark.

11. Ticket windows and automatic teller machines, provided such work is within existing openings or does not require major changes to the surrounding wall cladding materials; except as any such work pertains to the ground level ticket windows added in the 1940s to the south elevation, to the extent any elements of these ticket windows survive.
12. Paving and paving materials.
13. Work related to the dugouts, except to the extent any work adversely affects the brick walls identified as Protected Features other than such work to the dugouts identified in Section 5.
14. Flags and flagpoles (other than those attached to or above the center field scoreboard), bunting and other decorative elements.
15. Any temporary and reversible changes, including but not limited to those necessary to accommodate television broadcast and other media and/or video equipment and operation, that do not permanently and materially alter or affect any Protected Feature.
16. Temporary scaffolding on, surrounding, or above the ballpark, or other temporary work necessary to protect the health or safety of players, employees, visitors or fans.
17. Other minor work not identified above which meets the adopted design standards set forth by the Commission.
18. Signage, to the extent explicitly authorized by any Master Sign Program approved under Section 6.

Section 5. Guidelines.

As part of its review, the Commission shall take into consideration the unique operational concerns within the context of the operation of a ballpark, as well as future changes necessary to improve or modernize the ballpark, to the extent such consideration is not otherwise inconsistent with intent of the Chicago Landmark Ordinance. The following guidelines shall also apply to Commission review of work related to the Protected Features:

A. Brick Walls. The location of the brick walls along the foul lines and behind home plate may be changed and the walls moved to accommodate additional rows of seating, et cetera, provided:

1. the design, materials, appearance and width of the existing wall are maintained; and
2. the existing masonry materials are salvaged and reused to the extent reasonably possible; and
3. in all cases, the wall is maintained as a character defining design feature separating the playing field from the lower deck seating areas.

B. Dugouts. Work to the dugouts shall maintain the brick walls behind the dugouts, if any, and along the foul lines. To the extent any work to the dugouts affects the brick walls, such work shall be approved, provided:

1. any extension or other modification to the uncovered at-grade or below-grade portions on the outfield ends of the dugouts remains uncovered; and/or
2. any extension or other modification to the covered portions of the dugouts maintains the general location, size, overall configuration and materials of the existing dugout.

C. Rooftop Veranda. Additional open air veranda on portions of the lower deck roof between dormers shall be permitted provided such work:

1. maintains the overall roof profile and structure; and
2. is located to minimize its visibility from street view to the greatest extent reasonably possible.

D. Replacement Materials. Substitute materials, in instances where the original materials are beyond repair, may be used to replace original materials provided they reasonably match the appearance of the originals in color, finish and texture. Replacement, replanting, pruning, cutting and other work required to maintain ivy attached to the outfield walls shall be allowed.

E. Bleacher And Grandstand Areas.

1. Demolition to the center field bleachers to accommodate a new enclosed "batter's eye" restaurant shall be allowed. The design of the new restaurant shall be subject to the review of the Commission. For the purposes of Section 2-120-825 of the Chicago Landmarks Ordinance, such work does not constitute "the demolition of forty percent (40%) or more" of the Protected Features.
2. The following work is deemed to affect elements of the Protected Features identified in Section 1.D(1), and is therefore subject to Commission review: the construction or reconstruction of new or expanded suites or press boxes on the mezzanine and upper-deck levels; any enclosure or substantial demolition of the grandstands or bleacher areas; and any work that substantially affects the generally uninterrupted "sweep" and contour of the grandstand or bleacher areas.

F. Major League Baseball Requirements.

1. Modifications or any other work to the Protected Features necessary to conform to the generally applicable rules or regulations established by Major League Baseball, to the extent a permit is required, shall be approved, provided such work minimizes, to the extent reasonably possible, any adverse impact to the Protected Features.
2. The review of work as part of the foregoing above shall be conducted in as expedited a fashion as possible. In such instances, the owner shall notify the Commission of such requirements and provide the applicable review information in as timely a manner as possible.

Section 6. Master Sign Program.

A. As authorized by the Chicago Landmarks Ordinance, signage applied or attached to any Protected Feature is subject to review by the Commission.

B. Master Sign Program. Notwithstanding Section 6.A, the Commission may allow signage to be applied or attached to any Protected Feature by adopting a "Master Sign Program":

1. An adopted Master Sign Program may govern the review of future business, advertising and other signage as it affects any Protected Feature.

2. The Master Sign Program may be submitted to the Commission by the owner of Wrigley Field and may be approved by resolution of the Commission.
3. Any Master Sign Program adopted under this designation with the present owners (as defined below in this paragraph) may remain in effect for the later of twenty (20) years or until a change in de facto controlling interest in the ownership of either Wrigley Field, the Chicago National League Ball Club, Inc. (the "Cubs"), the Tribune Company (the "T.R.B."), or any corporate entity or affiliate of T.R.B. that owns or controls Wrigley Field or the Cubs (collectively, the "owners"), or until the Commission and the owners mutually agree to the repeal of the Master Sign Program resolution.
4. Any Master Sign Program adopted by resolution of the Commission subsequent to those in paragraph 3 of this section may be for any length, at the discretion of the Commission, not to exceed twenty (20) years or the period of de facto controlling ownership of either Wrigley Field, the Cubs or any person or entity with de facto controlling ownership of Wrigley Field or the Cubs.
5. The Commission may review any new signage applied or attached to on a Protected Feature in the two (2) years preceding the expiration of any Master Sign Program. In the case of the expiration of the Master Sign Program due to a change in de facto controlling interest, such review will take place after the expiration of the Master Sign Program or earlier with the agreement of the Commission and the owning or the acquiring entity or person.

Section 7. Bleacher Expansion.

Only the City Council has the authority to approve a bleacher expansion over the public right-of-way. Landmark designation neither precludes nor authorizes a bleacher expansion over the public right-of-way.

Section 8. Conflicting Provisions.

To the extent any provisions of (Sub)Exhibit C or the Master Sign Program conflict with the Chicago Landmarks Ordinance, the provisions of (Sub)Exhibit C or the Master Sign Program shall govern.

[(Sub)Exhibit "C" referred to herein constitutes Exhibit "B" to the ordinance and is printed on pages 18222 through 18230 of this *Journal*.]

A. Time Of The Essence. Time is of the essence in the parties' performance of their obligations under this agreement.

B. Permitted Delays. The Developer shall not be considered in breach of its obligations with respect to the commencement or completion of construction of the Improvements in the event of a delay in the performance of such obligations due to unforeseeable causes beyond the Developer's control and without the Developer's fault or negligence, including but not limited to, delays or halts in construction of the Improvements which are compelled by court order, acts of God, acts of the public enemy, acts of the United States government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, embargoes and unusually severe weather, or delays caused by the City regarding the issuance of the building permit or other required approvals. The time for the performance of the obligations shall be extended only for the period of the delay and only if the Developer requests it in writing of the City within twenty (20) days after the beginning of any such delay.

C. Breach.

1. Generally. Except as otherwise provided in this agreement, in the event of a default by either party in the performance of its obligations under this agreement, the defaulting party, upon written notice from the other, shall cure or remedy the default not later than sixty (60) days after receipt of such notice. If the default is not capable of being cured within the sixty (60) day period but the defaulting party has commenced action to cure the default and is diligently proceeding to cure the default within the sixty (60)

day period, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the aggrieved party may terminate this agreement and institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy the default, including the right of the Developer to initiate a proceeding to compel specific performance.

2. Event Of Default. For purposes of this agreement, the occurrence of any one (1) or more of the following shall constitute an "event of default":
 - a. the Developer fails to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations required under this agreement; or
 - b. the Developer makes or furnishes a warranty, representation, statement or certification to the City which is not true and correct in any material respect; or
 - c. a petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing; or
 - d. the Developer abandons or substantially suspends the construction work; or
 - e. the Developer fails to timely pay real estate taxes or assessments affecting the City Parcel or suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this agreement to attach to the City Parcel, unless such lien or encumbrance is being contested in good faith by the Developer; or
 - f. the Developer makes an assignment, pledge, encumbrance, transfer or other disposition in violation of this agreement; or
 - g. the Developer's financial condition or operations adversely changes to such an extent that would materially affect the Developer's ability to complete the Improvements; or
3. Prior To Conveyance. If prior to the conveyance of the City Parcel, the Developer defaults in any specific manner described in this

Section 15.C.2., and the default is not cured by the Developer pursuant to Section 15.C.1. above, the City may terminate this agreement and retain the Earnest Money and Performance Deposit as liquidation damages.

4. After Conveyance. If subsequent to the conveyance of the City Parcel to the Developer but prior to the issuance of the Certificate of Completion, the Developer defaults in any specific manner described in Section 15.C.2., and the default is not cured by the Developer pursuant to Section 15.C.1. above, the City, by written notice to the Developer, may utilize any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the City Parcel, terminate the estate conveyed to the Developer, and revest title to the City Parcel in the City; provided, however, that the revesting of title in the City shall be limited by, and shall not defeat, render invalid or limit in any way, the lien of any mortgage authorized by this agreement. This right of reverter shall terminate upon the issuance of a building permit and the commencement of construction of the Improvements.
5. Resale Of The City Parcel. Upon the revesting in the City of title to the City Parcel as provided in Section 15.C.4., the City shall employ its best efforts to convey the City Parcel (subject to the mortgage liens described in this section) to a qualified and financially responsible party (as solely determined by the City) who shall assume the obligation of completing the construction of the Improvements or such other improvements as shall be satisfactory to the City.
6. Disposition Of Resale Proceeds. If the City sells the City Parcel, the proceeds from the sale shall be utilized to reimburse the City for:
 - a. costs and expenses incurred by the City in connection with the City Parcel, including but not limited to, salaries of personnel in connection with the recapture, management and resale of the City Parcel (less any income derived by the City from the City Parcel in connection with such management); and
 - b. all unpaid taxes, assessments, and water and sewer charges assessed against the City Parcel; and
 - c. any payments made (including reasonable attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and

- d. any expenditures made or obligations incurred with respect to construction or maintenance of the Improvements; and
- e. any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any proceeds up to the amount of the Developer's investment in the City Parcel not utilized in meeting the expenses of the City described herein.

In addition to, and without in any way limiting the City's rights under this Section 15, the City shall have the right to retain the Performance Deposit in the event of a default by the Developer.

Notwithstanding anything contained in this Section 15 to the contrary, in no event will the City exercise any remedy or right hereunder (including any right of reverter) if doing so will jeopardize the tax-exempt status of any bonds issued in furtherance of the Project. However, in the exercise of any remedy or right hereunder by the City, the City is entitled to rely on an opinion of nationally recognized bond counsel that it is more likely than not that such proposed remedy or right will not jeopardize the tax-exempt status of any bonds. The City shall not be required to obtain such an opinion before enforcing any remedies or rights hereunder, but if it does obtain such opinion of counsel, then the Developer will not be entitled to use as a defense against the City that such exercise of a remedy or right hereunder by the City might adversely affect the tax-exempt status of any bonds.

D. Waiver And Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by the Developer shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of the Developer.

Section 16.

Conflict Of Interest; City's Representatives Not Individually Liable.

The Developer warrants that no agent, official or employee of the City shall have any personal interest, direct or indirect, in this agreement, nor shall any such agent, official or employee participate in any decision relating to this agreement which

affects his or her personal interests or the interests of any corporation, partnership, or association in which he or she is directly or indirectly interested. No agent, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this agreement.

Section 17.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (i) the failure of the Developer to perform its obligations under this agreement; (ii) the failure of the Developer or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Improvements; (iii) the failure of the Developer to redress any misrepresentations or omissions in this agreement or any other agreement relating hereto; and (iv) any actions resulting from any activity undertaken by the Developer on the City Parcel prior to or after the conveyance of said City Parcel to the Developer by the City. This indemnification shall survive any termination of this agreement.

Section 18.

Environmental Matters.

The City makes no covenant, representation or warranty as to the environmental condition of the City Parcel or the suitability of the City Parcel for any purpose whatsoever, and the Developer agrees to accept the City Parcel "as is".

It shall be the responsibility of the Developer, at its sole cost and expense, to investigate and determine the soil and environmental condition of the City Parcel. Prior to the Closing, the Developer shall have the right to request a right-of-entry for the purpose of conducting environmental tests on the City Parcel. If such a request is made, the City shall grant the Developer a right-of-entry for such purpose. The granting of the right-of-entry, however, shall be contingent upon the Developer

obtaining all necessary permits and the following types and amounts of insurance: a) commercial general liability insurance with a combined single limit of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence for bodily injury, personal injury and property damage liability with the City named as an additional insured; b) automobile liability insurance with limits of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence, combined single limit for bodily injury and property damage; and c) workers' compensation and occupational disease insurance in statutory amounts covering all employees and agents who are to do any work on the City Parcel. All insurance policies shall be from insurance companies authorized to do business in the State of Illinois, and shall remain in effect until completion of all activity on the City Parcel. The Developer shall deliver duplicate policies or certificates of insurance to the City prior to commencing any activity on the City Parcel. The Developer expressly understands and agrees that any coverage and limits furnished by the Developer shall in no way limit the Developer's liabilities and responsibilities set forth in this agreement.

The Developer agrees to carefully inspect the City Parcel prior to the commencement of any activity on the City Parcel to make sure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Developer shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect any work being done on the City Parcel. The Developer's activities on the City Parcel shall be limited to those reasonably necessary to perform the environmental testing. Upon completion of the work, the Developer agrees to restore the City Parcel to its original condition. The Developer shall keep the City Parcel free from any and all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Developer, and agrees to indemnify and hold the City harmless against any such liens.

The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the City Parcel. If prior to the Closing, the Developer's environmental consultant determines that contamination exists on the City Parcel to such an extent that the parties agree that the estimated cost of remediation (such estimated cost being determined by the consultant) is too excessive for the Developer, the Developer may declare this agreement null and void by giving written notice thereof to the City. In such event, the City shall return the Earnest Money and Performance Deposit to the Developer. The Developer agrees that a request to terminate this agreement shall not be made until all reports concerning the condition of the City Parcel have been reviewed by the City.

If after the Closing, the environmental condition of the City Parcel is not in all respects entirely suitable for the use to which the City Parcel is to be utilized, it

shall be the sole responsibility and obligation of the Developer to take such action as is necessary to put the City Parcel in a condition which is suitable for the intended use of the City Parcel. The Developer agrees to release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the City Parcel and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the City Parcel prior to the Closing.

Section 19.

Developer's Employment Obligations.

A. **Employment Opportunity.** The Developer agrees, and shall contractually obligate its various contractors, subcontractors or any affiliate of the Developer operating on the City Parcel (collectively, the "Employers" and individually, an "Employer") to agree that with respect to the provision of services in connection with the construction of the Improvements or occupation of the City Parcel:

1. Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010, et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national

origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

2. To the greatest extent feasible, the Developer and each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City; and to provide that contracts for work in connection with the construction of the Improvements be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the City.
3. The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, but not limited to, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.
4. The Developer, in order to demonstrate compliance with the terms of this section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.
5. The Developer and each Employer shall include the foregoing provisions of subparagraphs 1 through 4 in every contract entered into in connection with the construction of the Improvements, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the City Parcel, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.
6. Failure to comply with the employment obligations described in this Section 19.A. shall be a basis for the City to pursue remedies under the provisions of Section 15.

B. City Resident Employment Requirement. The Developer agrees and shall contractually obligate the Employers to agree that during the construction of the Improvements they shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 3-92-330 of the Municipal Code of Chicago (at least fifty percent (50%) of the total worker hours worked by persons on the construction of the Improvements shall be performed by actual residents of the City of Chicago); provided, however, that in addition to complying with this percentage, the Developer and the Employers shall be required to make good faith efforts to utilize qualified residents of the City of

Chicago in both unskilled and skilled labor positions.

The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City of Chicago.

“Actual residents of the City of Chicago” shall mean persons domiciled within the City of Chicago. The domicile is an individual’s one and only true, fixed and permanent home and principal establishment.

The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Improvements. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee’s actual record of residence.

Quarterly certified payroll reports (United States Department of Labor Form WH-347 or equivalent) or other equivalent documentation shall be submitted to the Department in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee’s name appears on a payroll, the date that the company hired the employee should be written in after the employee’s name.

The Developer and the Employers shall provide full access to their employment records to the Purchasing Agent, the Department, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years from and after the issuance of the Certificate of Completion.

At the direction of the Department, the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee’s actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Purchasing Agent) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

In the event that the City has determined that the Developer or an Employer failed to ensure the fulfillment of the requirements of this section concerning the worker

hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of noncompliance which has not been remedied in accordance with the breach and cure provisions contained in Section 15.C. herein, it is agreed that one-twentieth of one percent (.05%) of the aggregate hard construction costs set forth in the Developer's budget shall be surrendered by the Developer and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employee to prosecution.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this agreement.

The Developer shall cause or require the provisions of this Section 19.B. to be included in all construction contracts and subcontracts related to the construction of the Improvements.

C. The Developer's M.B.E./W.B.E. Commitment. The Developer agrees, and shall contractually obligate the Employers to agree, that during the construction of the Improvements:

1. Consistent with the findings which support the Minority-Owned and Women-Owned Business Enterprise Procurement Program (the "M.B.E./W.B.E. Program"), Section 2-92-420, et seq. of the Municipal Code of Chicago, and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 19.C., during the course of construction of the Improvements, at least the following percentages of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned businesses ("W.B.E.s"):
 - a. At least twenty-five percent (25%) by M.B.E.s.
 - b. At least five percent (5%) by W.B.E.s.

2. For purposes of this Section 19.C. only, the Developer (and any party to whom a contract is let by the Developer pursuant to this agreement) shall be deemed a "Contractor" and this agreement (and any contract let pursuant thereto) shall be deemed a "Contract" as such terms are defined in Section 2-92-420 of the Municipal Code of Chicago. In addition, the term "minority-owned business" or M.B.E. shall mean a business enterprise identified in the *Directory of Certified Minority Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a minority-owned business enterprise; and the term "women-owned business" or W.B.E. shall mean a business enterprise identified in the *Directory of Certified Women Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a women-owned business enterprise.
3. Consistent with Section 2-92-440 of the Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved by the Developer utilizing a M.B.E. or a W.B.E. as a contractor, by subcontracting or causing a contractor to subcontract a portion of the work to one (1) or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the construction of the Improvements from one (1) or more M.B.E.s or W.B.E.s, or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C.
4. The Developer shall deliver quarterly reports to the Department describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or a contractor to work on the Improvements, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the construction, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the Department in determining the Developer's compliance with this M.B.E./W.B.E. commitment. The Department shall have access to the Developer's books and records, including, without limitation, payroll records and tax returns, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation.

5. The City shall have the right to terminate this agreement upon the disqualification of a contractor as a M.B.E. or W.B.E., if the contractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In addition, the City shall have the right to terminate this agreement upon the disqualification of any M.B.E. or W.B.E. subcontractor or supplier of goods or services if the subcontractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In the event that the Developer is determined not to have been involved in any misrepresentation of the status of the disqualified contractor, subcontractor or supplier, the Developer shall be obligated to discharge or cause to be discharged the disqualified contractor or subcontractor or to terminate any contract or business with the disqualified supplier, and, if possible, identify a qualified M.B.E. or W.B.E. as a replacement. Failure by the Developer to diligently pursue such course of action will result in the City's option to unilaterally terminate this agreement. For purposes of this subparagraph 5, the disqualification procedures are further described in Section 2-92-540 of the Municipal Code of Chicago.
6. Any reduction or waiver of the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C. shall be undertaken in accordance with Section 2-92-450 of the Municipal Code of Chicago.

D. Pre-Construction Meeting; Monitoring Requirements. Prior to the commencement of construction of the Improvements, the Developer shall meet with the monitoring staff of D.P.D. with regard to the Developer's compliance with its employment obligations, the sufficiency of which must be approved by D.P.D. as a pre-condition to D.P.D.'s approval to allow the Developer to commence with the construction of Improvements. During the construction of the Improvements, the Developer shall submit documentation (as required in Sections 19.A. and 19.C.) to the monitoring staff of D.P.D.. The failure to submit such documentation on a timely basis, or if D.P.D. determines, upon analysis of the documentation, that the Developer is not complying with its employment obligations described in this Section 19, shall upon the delivery of written notice to, be deemed a default. In such event, in addition to any remedies described in this Section 19, the City may: (1) issue a written demand to the Developer to halt construction of Improvements; (2) withhold certain pertinent sums from payment to the Developer or the general contractor, if applicable; or (3) seek any other remedies against the Developer at law or in equity.

Section 20.

Provisions Not Merged With Deed.

The provisions of this agreement shall not be merged with the Deed, and the delivery of the Deed shall not be deemed to affect or impair the provisions of this agreement.

Section 21.

Headings.

The headings of the various sections of this agreement have been inserted for convenient reference only and shall not in any manner be construed as modifying, amending, or affecting in any way the express terms and provisions thereof.

Section 22.

Entire Agreement.

This agreement constitutes the entire agreement between the parties and supersedes and replaces completely any prior agreements between the parties with respect to the subject matter hereof. This agreement may not be modified or amended in any manner other than by supplemental written agreement executed by the parties.

Section 23.

Severability.

If any provision of this agreement, or any paragraph, sentence, clause, phrase or word, or the application thereof is held invalid, the remainder of this agreement shall be construed as if such invalid part were never included and this agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

If the Developer fails to provide the City with a Budget or proof of financing to the City's reasonable satisfaction, the City may declare this agreement null and void.

Section 6.

Site Plans And Architectural Drawings.

A. Site Plans. The Developer agrees to rehabilitate the structure and construct the parking lot on the Property in accordance with the Site Plans and Architectural Drawings prepared by Schmidt, Parker, Markham, and dated _____, which have been approved by the City's Department of Planning and Development ("D.P.D.") and which are incorporated herein by reference ("Drawings"). (b) the repair or reconstruction of any curbs, sidewalks or parkways deteriorated or damaged as a result of the Developer's redevelopment; (c) the removal of existing pipes, utility equipment or building foundations; and (d) the termination of existing water or other services. Any streetscaping, including any paving of sidewalks, landscaping and lighting provided by the Developer as part of the Project must be approved by the City.

C. Inspection By The City. During the construction of the Project, the Developer agrees to permit the City or its designated inspector or architect to enter onto the Property for the purpose of determining whether the work is being performed in accordance with the terms of this agreement; provided, however, that the City or its inspector or architect does not unreasonably interfere with the Developer's activities on the Property and the City holds Developer harmless from any injury suffered by any employee or agent of the City or accident arising out of such entry upon the Property for such purposes, excluding accidents arising out of Developer's negligence or wilful acts.

D. Barricades And Signs. The Developer agrees to erect such signs as the City may reasonably require identifying the Property as a City redevelopment project. Prior to the commencement of any construction activity requiring barricades, the Developer shall install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable federal, state or City laws, ordinances and regulations. The City shall have the right to approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades, which approval shall not be unreasonably withheld or delayed.

D.P.D.'s approval of the Drawings are for the purposes of this agreement only and do not constitute the approval required by the City's Building Department or any other City department; nor does the approval by D.P.D. pursuant to this agreement constitute an approval of the quality, structural soundness or the safety of any improvements located or to be located on the Property. The approval given by D.P.D. shall be only for the benefit of the Developer and any lienholder authorized by this agreement.

Section 8.

Commencement And Completion Of Improvements.

The construction of the Improvements shall be commenced within eight (8) months of the conveyance of the Property to the Developer, and except as otherwise provided in this agreement, shall be completed (as evidenced by the issuance of the Certificate of Completion by the City) within twenty-four (24) months after such conveyance. The Developer shall promptly notify the City when construction has begun.

Section 9.

Certificate Of Completion.

Upon the completion of the Improvements in accordance with this agreement, the City shall provide the Developer with a "Certificate of Completion". The Certificate of Completion shall be a conclusive determination of satisfaction and termination of the covenants in this agreement and the Deed with respect to the obligations of the Developer to construct the Improvements. The Certificate of Completion shall be in recordable form. Within forty-five (45) days after receipt of a written request by the Developer for a Certificate of Completion, the City shall provide the Developer with either the Certificate of Completion or a written statement indicating in adequate detail how the Developer has failed to complete the Improvements in conformity with the Redevelopment Plan or this agreement, or is otherwise in default, and what measures or acts will be necessary, in the sole opinion of the City, for the Developer to take or perform in order to obtain the Certificate of Completion. If the City requires additional measures or acts to assure compliance, the Developer shall resubmit a written request for the Certificate of Completion upon compliance with the City's response. Upon issuance of the Certificate of Completion, the City shall return the Performance Deposit to the Developer.

Section 10.

Restrictions On Use.

The Developer agrees that it:

A. Shall devote the Property to a use which complies with the Redevelopment Plan until May 17, 2023.

B. Shall not discriminate based upon race, color, religion, sex, national origin or ancestry, military status, sexual orientation, source of income, age, handicap, in the sale, lease, rental, use or occupancy of the Property or any improvements located or to be erected thereon.

Section 11.

Prohibition Against Transfer Of Property.

Prior to the issuance of the Certificate of Completion by the City with regard to completion of the Improvements, the Developer may not, without the prior written consent of the City: (a) sell or convey the Property or any part thereof or any interest therein; or (b) create any assignment with respect to this agreement or the Property that would take effect prior to the issuance of the Certificate of Completion by the City in accordance with Section 9; or (c) contract or agree to: (1) sell or convey the Property or any part thereof or interest therein, or (2) create any assignment with respect to this agreement or the Property that would take effect prior to the issuance of the Certificate of Completion by the City. Further, if the Developer is a business entity, no principal party of the Developer (e. g., a general partner, member, manager or shareholder) may sell, transfer or assign any of its interest in the Developer to anyone other than to another principal party of the Developer prior to the issuance of the Certificate of Completion, without the prior written consent of the City. The provisions of this section shall not limit the Developer's rights under Section 12 of this agreement.

Section 12.

Limitation Upon Encumbrance Of Property.

Prior to the completion of the Project and the issuance of the Certificate of Completion by the City, the Developer shall not engage in any financing or other transaction which creates an encumbrance or lien on the Property, except for the purposes of obtaining: (a) funds necessary to acquire the Property; (b) funds necessary to construct the Improvements; or (c) funds necessary for architects, surveyors, appraisers, environmental consultants or attorneys in connection with the Project.

Section 13.

Mortgagees Not Obligated To Construct.

Notwithstanding any other provision of this agreement or of the Deed, the holder of any mortgage on the Property authorized by Section 12 of this agreement shall not be obligated to construct or complete the Improvements; provided, however, that the foregoing provision shall not apply to any Developer, other than the holder of the mortgage, of the Property at a foreclosure sale. Nothing in this agreement shall be deemed or construed to permit or authorize any such holder of a mortgage to devote the Property to any use, or to construct any improvements thereon, other than those uses or improvements permitted in the Redevelopment Plan.

Section 14.

Covenants Running With The Land.

The parties agree, and the Deed shall so expressly provide, that the covenants provided in Sections 8, 10, 11 and 12 shall be covenants running with the land, binding the Developer and its successors and assigns to the fullest extent permitted by law and equity for the benefit and in favor of the City, and shall be enforceable by the City. The covenants provided in Sections 8, 11 and 12 shall be terminated upon the issuance of the Certificate of Completion.

Section 15.

Performance And Breach.

A. Time Of The Essence. Time is of the essence in the parties' performance of their obligations under this agreement.

B. Permitted Delays. The Developer shall not be considered in breach of its obligations with respect to the commencement or completion of construction of the Improvements in the event of a delay in the performance of such obligations due to unforeseeable causes beyond the Developer's control and without the Developer's fault or negligence, including but not limited to, delays or halts in construction of the Improvements which are compelled by court order, acts of God, acts of the

public enemy, acts of the United States government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, embargoes and unusually severe weather or delays of subcontractors due to such cause. The time for the performance of the obligations shall be extended only for the period of the delay and only if the Developer requests it in writing of the City within twenty (20) days after the beginning of any such delay.

C. Breach.

1. Generally. Except as otherwise provided in this agreement, in the event of a default by either party in the performance of its obligations under this agreement, the defaulting party, upon written notice from the other, shall cure or remedy the default not later than sixty (60) days after receipt of such notice. If the default is not capable of being cured within the sixty (60) day period but the defaulting party has commenced action to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the aggrieved party may terminate this agreement and institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy the default, including but not limited to, proceedings to compel specific performance.
2. Event Of Default. For purposes of this agreement, the occurrence of any one (1) or more of the following shall constitute an "event of default":
 - a. the Developer fails to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations required under this agreement; or
 - b. the Developer makes or furnishes a warranty, representation, statement or certification to the City which is not true and correct in any material respect; or
 - c. a petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing; or
 - d. the Developer abandons or substantially suspends the construction work, and such abandonment or suspension is not cured, ended or remedied within sixty (60) days of the date the Developer receives written demand by the City to cure such default; or

- e. the Developer fails to timely pay real estate taxes or assessments affecting the Property or suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this agreement to attach to the Property; or
 - f. the Developer makes an assignment, pledge, encumbrance, transfer or other disposition in violation of this agreement; or
 - g. the Developer's financial condition or operations adversely changes to such an extent that would materially affect the Developer's ability to complete the Improvements; or
 - h. the Developer fails to comply with the terms of any other written agreement entered into with the City or any loan issued by the City.
3. Prior To Conveyance. If prior to the conveyance of the Property, the Developer defaults in any specific manner described in this Section 15.C., the City may terminate this agreement, institute any action or proceeding at law or in equity against the Developer, and retain the Earnest Money and Performance Deposit.
4. After Conveyance. If subsequent to the conveyance of the Property to the Developer but prior to the issuance of the Certificate of Completion, the Developer defaults in any specific manner described in this Section 15.C., the City, by written notice to the Developer, may utilize any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the Property, terminate the estate conveyed to the Developer, and re-vest title to the Property in the City; provided, however, that the re-vesting of title in the City shall be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by this agreement.
5. Resale Of The Property. Upon the re-vesting in the City of title to the Property as provided in Section 15.C.4., the City shall employ its best efforts to convey the Property (subject to the mortgage liens described in this section) to a qualified and financially responsible party (as solely determined by the City) who shall assume the obligation of completing the construction of the Improvements or such other improvements as shall be satisfactory to the City.

6. Disposition Of Resale Proceeds. If the City sells the Property, the proceeds from the sale shall be utilized to reimburse the City for:
 - a. costs and expenses incurred by the City, including but not limited to, salaries of personnel in connection with the recapture, management and resale of the Property (less any income derived by the City from the Property in connection with such management); and
 - b. all taxes, assessments and water and sewer charges assessed against the Property; and
 - c. any payments made (including attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and
 - d. any expenditures made or obligations incurred with respect to construction or maintenance of the Improvements; and
 - e. any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any proceeds up to the amount of the Developer's investment in the Property not utilized in meeting the expenses of the City described herein.

In addition to, and without in anyway limiting the City's rights under this Section 15, the City shall have the right to retain the Performance Deposit in the event of a default by the Developer.

D. Waiver And Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by the Developer shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of the Developer.

E. Access To The Property. After the Closing, any duly authorized representative of the City shall have access to the Property at all reasonable times for the purpose of confirming the Developer's compliance with this agreement.

Section 16.

*Conflict Of Interest; City's Representatives
Not Individually Liable.*

The Developer warrants that no agent, official or employee of the City shall have any personal interest, direct or indirect, in this agreement, nor shall any such agent, official or employee participate in any decision relating to this agreement which affects his or her personal interests or the interests of any corporation, partnership, or association in which he or she is directly or indirectly interested. No agent, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this agreement.

Section 17.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (i) the failure of the Developer to perform its obligations under this agreement; (ii) the failure of the Developer or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Improvements; (iii) the failure of the Developer to redress any misrepresentations or omissions in this agreement or any other agreement relating hereto; and (iv) any actions resulting from any activity undertaken by the Developer on the Property prior to or after the conveyance of said Property to the Developer by the City. This indemnification shall survive any termination of this agreement.

Section 18.

Environmental Matters.

The City makes no covenant, representation or warranty as to the environmental

condition of the Property or the suitability of the Property for any purpose whatsoever, and the Developer agrees to accept the Property "as is".

It shall be the responsibility of the Developer, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property. Prior to the Closing, the Developer shall have the right to request a right-of-entry for the purpose of conducting environmental tests on the Property. If such a request is made, the City shall grant the Developer a right-of-entry for such purpose. The granting of the right-of-entry, however, shall be contingent upon the Developer obtaining all necessary permits and the following types and amounts of insurance: a) commercial general liability insurance with a combined single limit of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence for bodily injury, personal injury and property damage liability with the City named as an additional insured; b) automobile liability insurance with limits of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence, combined single limit for bodily injury and property damage; and c) workers' compensation and occupational disease insurance in statutory amounts covering all employees and agents who are to do any work on the Property. All insurance policies shall be from insurance companies authorized to do business in the State of Illinois, and shall remain in effect until completion of all activity on the Property. The Developer shall deliver duplicate policies or certificates of insurance to the City prior to commencing any activity on the Property. The Developer expressly understands and agrees that any coverage and limits furnished by the Developer shall in no way limit the Developer's liabilities and responsibilities set forth in this agreement.

The Developer agrees to carefully inspect the Property prior to the commencement of any activity on the Property to make sure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Developer shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect any work being done on the Property. The Developer's activities on the Property shall be limited to those reasonably necessary to perform the environmental testing. Upon completion of the work, the Developer agrees to restore the Property to its original condition. The Developer shall keep the Property free from any and all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Developer, and agrees to indemnify and hold the City harmless against any such liens.

The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the Property. If prior to the Closing, the Developer's environmental consultant determines that contamination exists on the Property to such an extent that the parties agree that the estimated cost of remediation (such estimated cost being determined by the consultant) is too excessive for the Developer, the Developer may declare this agreement null and void. In such event, the City shall return the Earnest Money and Performance Deposit to

the Developer. The Developer agrees that a request to terminate this agreement shall not be made until all reports concerning the condition of the Property have been reviewed by the City.

If after the Closing, the environmental condition of the Property is not in all respects entirely suitable for the use to which the Property is to be utilized, it shall be the sole responsibility and obligation of the Developer to take such action as is necessary to put the Property in a condition entirely suitable for the intended use of the Property. The Developer agrees to release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the Property and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the Property prior to the Closing.

Section 19.

Developer's Employment Obligations.

A. **Employment Opportunity.** The Developer agrees, and shall contractually obligate its various contractors, subcontractors or any affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree that with respect to the provision of services in connection with the construction of the Improvements or occupation of the Property:

1. Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010, et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for

employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

2. To the greatest extent feasible, the Developer and each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City; and to provide that contracts for work in connection with the construction of the Improvements be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the City.
3. The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, but not limited to, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.
4. The Developer, in order to demonstrate compliance with the terms of this section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.
5. The Developer and each Employer shall include the foregoing provisions of subparagraphs 1 through 4 in every contract entered into in connection with the construction of the Improvements, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.
6. Failure to comply with the employment obligations described in this Section 19.A. shall be a basis for the City to pursue remedies under the provisions of Section 15.

B. City Resident Employment Requirement. The Developer agrees, and shall contractually obligate the Employers to agree that during the construction of the Improvements they shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 3-92-330

of the Municipal Code of Chicago (at least fifty percent (50%) of the total worker hours worked by persons on the construction of the Improvements shall be performed by actual residents of the City of Chicago); provided, however, that in addition to complying with this percentage, the Developer and the Employers shall be required to make good faith efforts to utilize qualified residents of the City of Chicago in both unskilled and skilled labor positions.

The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City of Chicago.

“Actual residents of the City of Chicago” shall mean persons domiciled within the City of Chicago. The domicile is an individual’s one and only true, fixed and permanent home and principal establishment.

The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Improvements. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee’s actual record of residence.

Weekly certified payroll reports (United States Department of Labor Form WH-347 or equivalent) shall be submitted to the Department in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee’s name appears on a payroll, the date that the company hired the employee should be written in after the employee’s name.

The Developer and the Employers shall provide full access to their employment records to the Purchasing Agent, the Department, the Superintendent of the Chicago Police Department, the Inspector General, or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years from and after the issuance of the Certificate of Completion.

At the direction of the Department, the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee’s actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Purchasing Agent) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

In the event that the City has determined that the Developer or an Employer failed to ensure the fulfillment of the requirements of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of non-compliance which has not been remedied in accordance with the breach and cure provisions contained in Section 15.C. herein, it is agreed that one-twentieth of one percent (.05%) of the aggregate hard construction costs set forth in the Developer's budget shall be surrendered by the Developer and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employee to prosecution.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this agreement.

The Developer shall cause or require the provisions of this Section 19.B. to be included in all construction contracts and subcontracts related to the construction of the Improvements.

C. The Developer's M.B.E./W.B.E. Commitment. The Developer agrees, and shall contractually obligate the Employers to agree, that during the construction of the Improvements:

1. Consistent with the findings which support the Minority-Owned and Women-Owned Business Enterprise Procurement Program (the "M.B.E./W.B.E. Program"), Section 2-92-420, et seq. of the Municipal Code of Chicago, and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 19.C., during the course of construction of the Improvements, at least the following percentages of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned businesses ("W.B.E.s"):
 - a. At least twenty-five percent (25%) by M.B.E.s.
 - b. At least five percent (5%) by W.B.E.s.

2. For purposes of this Section 19.C. only, the Developer (and any party to whom a contract is let by the Developer pursuant to this agreement) shall be deemed a "Contractor" and this agreement (and any contract let pursuant thereto) shall be deemed a "Contract" as such terms are defined in Section 2-92-420 of the Municipal Code of Chicago. In addition, the term "minority-owned business" or M.B.E. shall mean a business enterprise identified in the *Directory of Certified Minority Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a minority-owned business enterprise; and the term "women-owned business" or W.B.E. shall mean a business enterprise identified in the *Directory of Certified Women Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a women-owned business enterprise.
3. Consistent with Section 2-92-440 of the Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved by the Developer utilizing a M.B.E. or a W.B.E. as a contractor, by subcontracting or causing a contractor to subcontract a portion of the work to one (1) or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the construction of the Improvements from one (1) or more M.B.E.s or W.B.E.s, or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C.
4. The Developer shall deliver quarterly reports to the Department describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or a contractor to work on the Improvements, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the construction, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the Department in determining the Developer's compliance with this M.B.E./W.B.E. commitment. The Department shall have access to the Developer's books and records, including, without limitation, payroll records and tax returns, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation.

5. The City shall have the right to terminate this agreement upon the disqualification of a contractor as a M.B.E. or W.B.E., if the contractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In addition, the City shall have the right to terminate this agreement upon the disqualification of any M.B.E. or W.B.E. subcontractor or supplier of goods or services if the subcontractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In the event that the Developer is determined not to have been involved in any misrepresentation of the status of the disqualified contractor, subcontractor or supplier, the Developer shall be obligated to discharge or cause to be discharged the disqualified contractor or subcontractor or to terminate any contract or business with the disqualified supplier, and, if possible, identify a qualified M.B.E. or W.B.E. as a replacement. Failure by the Developer to diligently pursue such course of action will result in the City's option to unilaterally terminate this agreement. For purposes of this subparagraph 5, the disqualification procedures are further described in Section 2-92-540 of the Municipal Code of Chicago.
6. Any reduction or waiver of the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C. shall be undertaken in accordance with Section 2-92-450 of the Municipal Code of Chicago.

D. Pre-Construction Meeting; Monitoring Requirements. Prior to the commencement of construction of the Improvements, the Developer shall meet with the monitoring staff of the Department with regard to the Developer's compliance with its employment obligations, the sufficiency of which must be approved by the Department as a pre-condition to the Department's approval to allow the Developer to commence with the construction of Improvements. During the construction of the Improvements, the Developer shall submit documentation (as required in Sections 19.A. and 19.C.) to the monitoring staff of the Department. The failure to submit such documentation on a timely basis, or if the Department determines, upon analysis of the documentation, that the Developer is not complying with its employment obligations described in this Section 19, shall upon the delivery of written notice to, be deemed a default. In such event, in addition to any remedies described in this Section 19, the City may: (1) issue a written demand to the Developer to halt construction of Improvements; (2) withhold certain pertinent sums from payment to the Developer or the general contractor, if applicable; or (3) seek any other remedies against the Developer available at law or in equity.

Whereas, Of the aforementioned twenty-one (21) Units, two (2) Units shall be sold to Unit buyers at an affordable sales price not to exceed the sum of One Hundred Sixty-seven Thousand Five Hundred and no/100 Dollars (\$167,500.00) ("Affordable Units");

Section 1.

Incorporation Of Recitals.

The recitals set forth above constitute an integral part of this agreement and are incorporated herein by this reference with the same force and effect as if set forth herein as agreements of the parties.

Section 2.

Subject to the terms, covenants and conditions of this agreement, the City agrees to sell the Property to the Developer, and the Developer agrees to purchase the Property from the City for One Hundred Ninety-five Thousand and no/100 Dollars (\$195,000.00) ("Purchase Price") to be paid by cashier's or certified check.

*Section 3.**Earnest Money And Performance Deposit.*

B. Performance Deposit. The City acknowledges that the Developer has deposited with the City the amount of Nine Thousand Seven Hundred Fifty and no/100 Dollars (\$9,750.00), as security for the performance of its obligations of this agreement ("Performance Deposit") which will be retained by the City until a Certificate of Completion (as described in Section 9) has been issued by the City.

C. Interest. There will be no interest paid to the Developer on the Earnest Money or Performance Deposit.

*Section 4.**Conveyance Of Property.*

A. Form Of Deed. The City shall convey the Property to the Developer by quitclaim deed ("Deed"), subject only to the terms of this agreement and the following:

1. The Redevelopment Plan for the Redevelopment Area.
2. The standard exceptions in an ALTA title insurance policy.
3. Taxes which are not yet due and owing.
4. Easements, encroachments, covenants and restrictions of record and not shown of record.
5. Such defects which cannot reasonably be cured but will not affect the use or marketability of the Property.

B. Title Commitment And Insurance. The City agrees to provide the Developer

with a current title commitment issued by Chicago Title Insurance Company showing the City in title to the Property. The Developer shall pay the cost of, and shall be responsible for, obtaining any title insurance, extended coverage or endorsements it deems necessary.

C. Survey. The Developer will be responsible for any survey it deems necessary.

D. The Closing. The closing ("Closing") shall take place at the downtown offices of Chicago Title Insurance Company, 171 North Clark Street, Chicago, Illinois 60601 on _____, or on such date and at such place as the parties mutually agree to in writing. The parties agree that the closing and conveyance of the Property shall be subsequent to the approval by D.P.D. of the Developer's construction financing and construction documents relating to the construction of the first building constituting part of the Improvements; Developer shall also submit to D.P.D. a copy of a building permit issued by the City regarding said "first (1st) building".

E. Building Permits. The Developer agrees to apply for all necessary building permits and approvals within a reasonable time after the execution of this agreement by the parties. Notwithstanding Section 4.D., above, the parties agree that the City, in its sole discretion, may delay the Closing until such time as all necessary permits and approvals have been issued.

F. Real Estate Taxes. The City agrees to obtain the waiver of any delinquent real estate tax liens on the Property. If the City is unable to obtain the waiver of any such tax liens, either party may terminate this agreement. Upon such termination, the City shall return the Earnest Money and Performance Deposit to the Developer. The Developer shall be responsible for all taxes accruing after the Closing. Until a Certificate of Completion (as described in Section 9) is issued by the City, the Developer shall notify the City that the real estate taxes have been paid in full within ten (10) days of such payment.

G. Recordation Of Deed. The Developer, at its expense, shall promptly record the Deed at the Office of the Cook County Recorder of Deeds.

H. Escrow. In the event the Developer requires conveyance through escrow, the Developer shall pay all escrow fees.

I. Development And Sale Of Affordable Units. Developer covenants to the City that it shall develop and construct the Affordable Units comparably to the other Units of the Project which are to be sold at a market rate sales price. Developer further covenants to the City that the sales price for the Affordable Units shall not exceed the sum of One Hundred Sixty-seven Thousand Five Hundred and no/100 Dollars (\$167,500.00).

Solely with regard to the sale of the Affordable Units by Developer, the City must approve the income eligibility of the buyer purchasing the Affordable Unit. In such regard, Developer shall be responsible for providing the City's Department of Planning and Development ("D.P.D.") with any and all information in Developer's possession or control required by D.P.D. in determining the prospective buyer's income eligibility. D.P.D. shall have ten (10) business days from the date of receipt of a "complete information package" (which shall include, by means of illustration and not limitation, the W-2 forms from the initial buyer's employer(s), United States 1040 income tax returns from the previous two (2) years, an affidavit or verification from the buyer with regard to household size, and the employer verification form utilized by the Federal National Mortgage Association ("Fannie Mae"), within which to qualify potential buyers.

Developer understands and agrees that the household income of each of the buyers of the Affordable Units shall not exceed one hundred percent (100%) of the median income for the Chicago Primary Metropolitan Statistical Area.

At each closing for an Affordable Unit, the Unit buyer shall execute a mortgage in favor of the City of Chicago and a covenant of residency (note). The mortgage shall have a term of thirty (30) years ("Mortgage Term") commencing with the date of closing in an amount representing the difference between the market rate sales price for a similar type of Unit and the sales price paid by the Unit buyer for the Affordable Unit. The mortgage shall be due and payable by the Affordable Unit buyer if, during the Mortgage Term, the Unit buyer sells the Affordable Unit for an amount that renders the Unit not affordable or to a buyer who does not meet income eligibility. If, at the expiration of the Mortgage Term, the Unit buyer is still residing in the Affordable Unit as its primary domicile, the City shall issue a release of said mortgage.

Section 5.

Project Budget; Proof Of Financing.

Not less than thirty (30) days prior to the Closing, the Developer shall submit to the City's Department of Planning and Development ("D.P.D.") for approval a project budget ("Budget") and evidence of funds adequate to finance the purchase of the Property and the construction of the Improvements. If the Developer fails to provide the City with a Budget or proof of financing to the City's reasonable satisfaction, the City may declare this agreement null and void.

Section 6.

Site Plans And Architectural Drawings.

A. Site Plans. The Developer agrees to construct the Improvements on the Property in accordance with the Site Plans and Architectural Drawings prepared by Campbell Tiu Campbell, Inc., dated _____, 2003, which are on file at the offices of D.P.D., have been approved by D.P.D., and which are incorporated herein by reference ("Drawings"). No material deviation from the Drawings may be made without the prior written approval of D.P.D.

B. Relocation Of Utilities, Curb Cuts And Driveways. The Developer shall be solely responsible for and shall pay all costs in regard to: (a) the relocation, installation or construction of public or private utilities, curb cuts and driveways; (b) the repair or reconstruction of any curbs, sidewalks or parkways deteriorated or damaged as a result of the Developer's redevelopment; (c) the removal of existing pipes, utility equipment or building foundations; and (d) the termination of existing water or other services. Any streetscaping, including any paving of sidewalks, landscaping and lighting provided by the Developer as part of the Project must be approved by the City.

C. Inspection By The City. During the construction of the Project, the Developer agrees to permit the City or its designated inspector or architect to enter onto the Property for the purpose of determining whether the work is being performed in accordance with the terms of this agreement; provided, however, that the City or its inspector or architect does not unreasonably interfere with the Developer's activities on the Property and the City holds Developer harmless from any injury suffered by any employee or agent of the City or accident arising out of such entry upon the Property for such purposes, excluding accidents arising out of Developer's negligence or wilful acts.

D. Barricades And Signs. The Developer agrees to erect such signs as the City may reasonably require identifying the Property as a City redevelopment project. Prior to the commencement of any construction activity requiring barricades, the Developer shall install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable federal, state or City laws, ordinances and regulations. The City shall have the right to approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades, which approval shall not be unreasonably withheld or delayed.

Section 7.

Limited Applicability.

D.P.D.'s approval of the Drawings are for the purposes of this agreement only and do not constitute the approval required by the City's Building Department or any other City department; nor does the approval by D.P.D. pursuant to this agreement constitute an approval of the quality, structural soundness or the safety of any improvements located or to be located on the Property. The approval given by D.P.D. shall be only for the benefit of the Developer and any lienholder authorized by this agreement.

Section 8.

Commencement And Completion Of Improvements.

The construction of the first (1st) building constituting part of the Improvements shall be commenced within sixty (60) days of the conveyance of the Property to the Developer, and except as otherwise provided in this agreement, shall be completed (as evidenced by the issuance of the Certificate of Completion by the City) within eighteen (18) months after such commencement of construction of the "first (1st) building" referred to above. The Developer shall promptly notify the City when construction has begun.

Section 9.

Certificate Of Completion.

Upon the completion of each of the four (4) buildings, collectively constituting the Improvements, the Developer shall request from the City a "Certificate of Completion" which shall constitute a conclusive determination of satisfaction and termination of the covenants in this agreement and the Deed with respect to the obligations of the Developer to construct the building in question. Within forty-five (45) days after receipt of a written request by the Developer for a Certificate of Completion, the City shall provide the Developer with either the Certificate of Completion or a written statement indicating in adequate detail how the Developer has failed to complete the Improvements in conformity with this agreement, or is

otherwise in default, and what measures or acts will be necessary, in the sole opinion of the City, for the Developer to take or perform in order to obtain the Certificate of Completion. If the City requires additional measures or acts to assure compliance, the Developer shall resubmit a written request for the Certificate of Completion upon compliance with the City's response. The Certificate of Completion shall be in recordable form. Upon issuance of the Certificate of Completion for the fourth (4th) building, the City shall return the Performance Deposit to the Developer.

Notwithstanding the above, the City, as a pre-condition to closing on the sale of each of the two (2) Affordable Units, shall issue a release of the agreement to the Developer regarding said Affordable Unit, provided, however, that the Developer and the home buyer comply with the requirements described in Section 4(I). Nothing in this Section 9, however, shall restrict the sale of the market rate units to home buyers, and the parties agree that the agreement shall not survive as an encumbrance against the market rate units after closing

Section 10.

Restrictions On Use.

The Developer agrees that it:

A. Shall devote the Property to a use which complies with the Redevelopment Plan until January 20, 2022.

B. Shall not discriminate based upon race, color, religion, sex, national origin or ancestry, military status, sexual orientation, source of income, age, handicap, in the sale, lease, rental, use or occupancy of the Property or any improvements located or to be erected thereon.

C. Shall develop and sell the Affordable Units to income-eligible Unit buyers in accordance with the provisions described in Section 4(I) of the agreement.

Section 11.

Prohibition Against Transfer Of Property.

Prior to the issuance of the Certificate of Completion by the City with regard to completion of the Improvements, the Developer may not, without the prior written

consent of the City: (a) sell or convey the Property or any part thereof or any interest therein unless as provided for in Section 9; or (b) create any assignment with respect to this agreement or the Property that would take effect prior to the issuance of the Certificate of Completion by the City in accordance with Section 9, excepting, however, Developer may (i) enter into sales contracts with prospective buyers and (ii) may file declaration of condominium ownership; or (c) contract or agree to: (1) sell or convey the Property or any part thereof or interest therein, or (2) create any assignment with respect to this agreement or the Property that would take effect prior to the issuance of the Certificate of Completion by the City. Further, if the Developer is a business entity, no principal party of the Developer (e.g., a general partner, member, manager or shareholder) may sell, transfer or assign any of its interest in the Developer to anyone other than to another principal party of the Developer prior to the issuance of the Certificate of Completion, without the prior written consent of the City. The provisions of this section shall not limit the Developer's rights under Section 12 of this agreement.

Section 12.

Limitation Upon Encumbrance Of Property.

Prior to the completion of the Project and the issuance of the Certificate of Completion by the City, the Developer shall not engage in any financing or other transaction which creates an encumbrance or lien on the Property, except for the purposes of obtaining: (a) funds necessary to acquire the Property and construct the Improvements thereon; or (b) funds necessary for architects, surveyors, appraisers, environmental consultants or attorneys in connection with the Project.

Section 13.

Mortgagees Not Obligated To Construct.

Notwithstanding any other provision of this agreement or of the Deed, the holder of any mortgage on the Property authorized by Section 12 of this agreement shall not be obligated to construct or complete the Improvements; provided, however, that the foregoing provision shall not apply to any purchaser other than the holder of the mortgage, of the Property at a foreclosure sale. Nothing in this agreement shall be deemed or construed to permit or authorize any such holder of a mortgage to devote the Property to any use, or to construct any improvements thereon, other than those uses or improvements permitted in the Conservation Plan.

Section 14.

Covenants Running With The Land.

The parties agree, and the Deed shall so expressly provide, that the covenants provided in Sections 8, 10, 11 and 12 will be covenants running with the land, binding on the Developer and its successors and assigns to the fullest extent permitted by law and equity for the benefit and in favor of the City, and shall be enforceable by the City. The covenants provided in Sections 8, 11 and 12 shall be terminated upon the issuance of the Certificate of Completion.

Section 15.

Performance And Breach.

A. Time Of The Essence. Time is of the essence in the parties' performance of their obligations under this agreement.

B. Permitted Delays. The Developer shall not be considered in breach of its obligations with respect to the commencement or completion of construction of the Improvements in the event of a delay in the performance of such obligations due to unforeseeable causes beyond the Developer's control and without the Developer's fault or negligence, including but not limited to, delays or halts in construction of the Improvements which are compelled by court order, acts of God, acts of the public enemy, acts of the United States government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, embargoes and unusually severe weather or delays of subcontractors due to such cause. The time for the performance of the obligations shall be extended only for the period of the delay and only if the Developer requests it in writing of the City within twenty (20) days after the beginning of any such delay.

C. Breach.

1. Generally. Except as otherwise provided in this agreement, in the event of a default by either party in the performance of its obligations under this agreement, the defaulting party, upon written notice from the other, shall cure or remedy the default not later than sixty (60) days after receipt of

such notice. If the default is not capable of being cured within the sixty (60) day period but the defaulting party has commenced action to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the aggrieved party may terminate this agreement and/or institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy the default, including but not limited to, proceedings to compel specific performance.

2. Event Of Default. For purposes of this agreement, the occurrence of any one (1) or more of the following shall constitute an "event of default":
 - a. the Developer fails to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations required under this agreement; or
 - b. the Developer makes or furnishes a warranty, representation, statement or certification to the City which is not true and correct in any material respect; or
 - c. a petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing; or
 - d. the Developer abandons or substantially suspends the construction work; or
 - e. the Developer fails to timely pay real estate taxes or assessments affecting the Property or suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this agreement to attach to the Property; or
 - f. the Developer makes an assignment, pledge, encumbrance, transfer or other disposition in violation of this agreement; or
 - g. the Developer's financial condition or operations adversely changes to such an extent that would materially affect the Developer's ability to complete the Improvements; or

- h. the Developer fails to comply with the terms of any other written agreement entered into with the City or any loan issued by the City.
- 3. Prior To Conveyance. If prior to the conveyance of the Property, the Developer defaults in any specific manner described in Section 15.C.2., and the default is not cured by the Developer pursuant to Section 15.C.1. above, the City may terminate this agreement, institute any action or proceeding at law or in equity against the Developer, and retain the Earnest Money and Performance Deposit.
- 4. After Conveyance. If subsequent to the conveyance of the Property to the Developer but prior to the issuance of the Certificate of Completion, the Developer defaults in any specific manner described in Section 15.C.2., and the default is not cured by the Developer pursuant to Section 15.C.1. above, the City, by written notice to the Developer, may utilize any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the Property, terminate the estate conveyed to the Developer, and revest title to the Property in the City; provided, however, that the revesting of title in the City shall be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by this agreement.
- 5. Resale Of The Property. Upon the revesting in the City of title to the Property as provided in Section 15.C.4., the City shall employ its best efforts to convey the Property (subject to the mortgage liens described in this section) to a qualified and financially responsible party (as solely determined by the City) who shall assume the obligation of completing the construction of the Improvements or such other improvements as shall be satisfactory to the City.
- 6. Disposition Of Resale Proceeds. If the City sells the Property, the proceeds from the sale shall be utilized to reimburse the City for:
 - a. costs and expenses incurred by the City in connection with the Property, including but not limited to, salaries of personnel in connection with the recapture, management and resale of the Property (less any income derived by the City from the Property in connection with such management); and

- b. all unpaid taxes, assessments, and water and sewer charges assessed against the Property; and
- c. any payments made (including reasonable attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and
- d. any expenditures made or obligations incurred with respect to construction or maintenance of the Improvements; and
- e. any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any proceeds up to the amount of the Developer's investment in the Property not utilized in meeting the expenses of the City described herein.

In addition to, and without in any way limiting the City's rights under this Section 15, the City shall have the right to retain the Performance Deposit in the event of a default by the Developer.

Notwithstanding anything contained in this Section 15 to the contrary, in no event will the City exercise any remedy or right hereunder (including any right of reverter) if doing so will jeopardize the tax-exempt status of any bonds issued in furtherance of the Project. However, in the exercise of any remedy or right hereunder by the City, the City is entitled to rely on an opinion of nationally recognized bond counsel that it is more likely than not that such proposed remedy or right will not jeopardize the tax-exempt status of any bonds. The City shall not be required to obtain such an opinion before enforcing any remedies or rights hereunder, but if it does obtain such opinion of counsel, then the Developer will not be entitled to use as a defense against the City that such exercise of a remedy or right hereunder by the City might adversely affect the tax-exempt status of any bonds.

D. Waiver And Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by the Developer shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of the Developer.

Section 16.

*Conflict Of Interest; City's Representatives
Not Individually Liable.*

The Developer warrants that no agent, official, or employee of the City shall have any personal interest, direct or indirect, in this agreement, nor shall any such agent, official or employee participate in any decision relating to this agreement which affects his or her personal interests or the interests of any corporation, partnership, or association in which he or she is directly or indirectly interested. No agent, official, or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this agreement.

Section 17.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (i) the failure of the Developer to perform its obligations under this agreement; (ii) the failure of the Developer or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Improvements; (iii) the failure of the Developer to redress any misrepresentations or omissions in this agreement or any other agreement relating hereto; and (iv) any actions resulting from any activity undertaken by the Developer on the Property prior to or after the conveyance of said Property to the Developer by the City. This indemnification shall survive any termination of this agreement.

Section 18.

Environmental Matters.

The City makes no covenant, representation or warranty as to the environmental

condition of the Property or the suitability of the Property for any purpose whatsoever, and the Developer agrees to accept the Property "as is".

It shall be the responsibility of the Developer, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property. Prior to the Closing, the Developer shall have the right to request a right of entry for the purpose of conducting environmental tests on the Property. If such a request is made, the City shall grant the Developer a right of entry for such purpose. The granting of the right of entry, however, shall be contingent upon the Developer obtaining all necessary permits and the following types and amounts of insurance: a) commercial general liability insurance with a combined single limit of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence for bodily injury, personal injury and property damage liability with the City named as an additional insured; b) automobile liability insurance with limits of not less than One Million and no/100 Dollars (\$1,000,000.00) per occurrence, combined single limit for bodily injury and property damage; and c) worker's compensation and occupational disease insurance in statutory amounts covering all employees and agents who are to do any work on the Property. All insurance policies shall be from insurance companies authorized to do business in the State of Illinois, and shall remain in effect until completion of all activity on the Property. The Developer shall deliver duplicate policies or certificates of insurance to the City prior to commencing any activity on the Property. The Developer expressly understands and agrees that any coverage and limits furnished by the Developer shall in no way limit the Developer's liabilities and responsibilities set forth in this agreement.

The Developer agrees to carefully inspect the Property prior to the commencement of any activity on the Property to make sure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Developer shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect any work being done on the Property. The Developer's activities on the Property shall be limited to those reasonably necessary to perform the environmental testing. Upon completion of the work, the Developer agrees to restore the Property to its original condition. The Developer shall keep the Property free from any and all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Developer, and agrees to indemnify and hold the City harmless against any such liens.

The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the Property. If prior to the Closing, the Developer's environmental consultant determines that contamination exists on the Property to such an extent that the parties agree that the estimated cost of remediation (such estimated cost being determined by the consultant) is too excessive for the Developer, the Developer may declare this agreement null and void by giving written notice thereof to the City. In such event, the City shall return the

Earnest Money and Performance Deposit to the Developer. The Developer agrees that a request to terminate this agreement shall not be made until all reports concerning the condition of the Property have been reviewed by the City.

If after the Closing, the environmental condition of the Property is not in all respects entirely suitable for the use to which the Property is to be utilized, it shall be the sole responsibility and obligation of the Developer to take such action as is necessary to put the Property in a condition which is suitable for the intended use of the Property. The Developer agrees to release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the Property and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the Property prior to the Closing.

Section 19.

Developer's Employment Obligations.

A. **Employment Opportunity.** The Developer agrees, and shall contractually obligate its various contractors, subcontractors or any affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree that with respect to the provision of services in connection with the construction of the Improvements or occupation of the Property:

1. Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010 et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for

employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

2. To the greatest extent feasible, the Developer and each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City; and to provide that contracts for work in connection with the construction of the Improvements be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the City.
3. The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, but not limited to, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.
4. The Developer, in order to demonstrate compliance with the terms of this section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.
5. The Developer and each Employer shall include the foregoing provisions of subparagraphs 1 through 4 in every contract entered into in connection with the construction of the Improvements, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.
6. Failure to comply with the employment obligations described in this Section 19.A. shall be a basis for the City to pursue remedies under the provisions of Section 15.

B. City Resident Employment Requirement. The Developer agrees, and shall contractually obligate the Employers to agree that during the construction of the Improvements they shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 3-92-330

of the Municipal Code of Chicago (at least fifty percent (50%) of the total worker hours worked by persons on the construction of the Improvements shall be performed by actual residents of the City of Chicago); provided, however, that in addition to complying with this percentage, the Developer and the Employers shall be required to make good faith efforts to utilize qualified residents of the City of Chicago in both unskilled and skilled labor positions.

The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City of Chicago.

“Actual residents of the City of Chicago” shall mean persons domiciled within the City of Chicago. The domicile is an individual’s one and only true, fixed and permanent home and principal establishment.

The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Improvements. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee’s actual record of residence.

Weekly certified payroll reports (United States Department of Labor Form WH-347 or equivalent) shall be submitted to the Department in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee’s name appears on a payroll, the date that the company hired the employee should be written in after the employee’s name.

The Developer and the Employers shall provide full access to their employment records to the Purchasing Agent, the Department, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years from and after the issuance of the Certificate of Completion.

At the direction of the Department, the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee’s actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Purchasing Agent) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

In the event that the City has determined that the Developer or an Employer failed to ensure the fulfillment of the requirements of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of noncompliance which has not been remedied in accordance with the breach and cure provisions contained in Section 15.C. herein, it is agreed that one-twentieth of one percent (.05%) of the aggregate hard construction costs set forth in the Developer's budget shall be surrendered by the Developer and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employee to prosecution.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this agreement.

The Developer shall cause or require the provisions of this Section 19.B. to be included in all construction contracts and subcontracts related to the construction of the Improvements.

C. The Developer's M.B.E./W.B.E. Commitment. The Developer agrees, and shall contractually obligate the Employers to agree, that during the construction of the Improvements:

1. Consistent with the findings which support the Minority-Owned and Women-Owned Business Enterprise Procurement Program (the "M.B.E./W.B.E. Program"), Section 2-92-420, et seq. of the Municipal Code of Chicago, and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 19.C., during the course of construction of the Improvements, at least the following percentages of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned businesses ("W.B.E.s"):
 - a. At least twenty-five percent (25%) by M.B.E.s.
 - b. At least five percent (5%) by W.B.E.s.

2. For purposes of this Section 19.C. only, the Developer (and any party to whom a contract is let by the Developer pursuant to this agreement) shall be deemed a "Contractor" and this agreement (and any contract let pursuant thereto) shall be deemed a "Contract" as such terms are defined in Section 2-92-420 of the Municipal Code of Chicago. In addition, the term "minority-owned business" or M.B.E. shall mean a business enterprise identified in the *Directory of Certified Minority Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a minority-owned business enterprise; and the term "women-owned business" or W.B.E. shall mean a business enterprise identified in the *Directory of Certified Women Business Enterprises* published by the City's Purchasing Department, or otherwise certified by the City's Purchasing Department as a women-owned business enterprise.
3. Consistent with Section 2-92-440 of the Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved by the Developer utilizing a M.B.E. or a W.B.E. as a contractor, by subcontracting or causing a contractor to subcontract a portion of the work to one (1) or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the construction of the Improvements from one (1) or more M.B.E.s or W.B.E.s, or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C.
4. The Developer shall deliver quarterly reports to the Department describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or a contractor to work on the Improvements, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the construction, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the Department in determining the Developer's compliance with this M.B.E./W.B.E. commitment. The Department shall have access to the Developer's books and records, including, without limitation, payroll records and tax returns, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation.

5. The City shall have the right to terminate this agreement upon the disqualification of a contractor as a M.B.E. or W.B.E., if the contractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In addition, the City shall have the right to terminate this agreement upon the disqualification of any M.B.E. or W.B.E. subcontractor or supplier of goods or services if the subcontractor's status as a M.B.E. or W.B.E. was a factor in the approval of the Developer, and such status was misrepresented by the contractor or the Developer. In the event that the Developer is determined not to have been involved in any misrepresentation of the status of the disqualified contractor, subcontractor or supplier, the Developer shall be obligated to discharge or cause to be discharged the disqualified contractor or subcontractor or to terminate any contract or business with the disqualified supplier, and, if possible, identify a qualified M.B.E. or W.B.E. as a replacement. Failure by the Developer to diligently pursue such course of action will result in the City's option to unilaterally terminate this agreement. For purposes of this subparagraph 5, the disqualification procedures are further described in Section 2-92-540 of the Municipal Code of Chicago.
6. Any reduction or waiver of the Developer's M.B.E./W.B.E. commitment as described in this Section 19.C. shall be undertaken in accordance with Section 2-92-450 of the Municipal Code of Chicago.

D. Pre-Construction Meeting; Monitoring Requirements. Prior to the commencement of construction of the Improvements, the Developer shall meet with the monitoring staff of D.P.D. with regard to the Developer's compliance with its employment obligations, the sufficiency of which must be approved by D.P.D. as a pre-condition to D.P.D.'s approval to allow the Developer to commence with the construction of Improvements. During the construction of the Improvements, the Developer shall submit documentation (as required in Sections 19.A. and 19.C.) to the monitoring staff of D.P.D.. The failure to submit such documentation on a timely basis, or if D.P.D. determines, upon analysis of the documentation, that the Developer is not complying with its employment obligations described in this Section 19, shall upon the delivery of written notice to, be deemed a default. In such event, in addition to any remedies described in this Section 19, the City may: (1) issue a written demand to the Developer to halt construction of Improvements; (2) withhold certain pertinent sums from payment to the Developer or the general contractor, if applicable; or (3) seek any other remedies against the Developer available at law or in equity.

REPEAL OF PRIOR ORDINANCE WHICH AUTHORIZED SALE OF
CITY-OWNED PROPERTY AT 557 -- 559 NORTH CENTRAL
AVENUE/5527 -- 5529 WEST OHIO STREET
TO DR. BETTINA HELM-THORNELL.

The Committee on Housing and Real Estate submitted the following report:

CHICAGO, February 11, 2004.

To the President and Members of the City Council:

From and after January 1, 2004, all references in the Leases to Monthly Base Rent shall be deemed to be references to the foregoing Monthly Base Rent.

Without limitation of any of the foregoing, Tenant shall not have any obligation to pay any amounts becoming due on or after January 1, 2004 on account of any Additional Work Advance or Additional Allowance Advance under any of the Leases.

5. Abatement Of Monthly Base Rent. Notwithstanding any of the foregoing, so

long as Tenant is not in default under the Leases Monthly Base Rent shall abate under the Leases for the period beginning on September 1, 2003 and ending on December 31, 2003.

6. Condition Of Premises. Tenant's execution and delivery of this Amendment shall be conclusive evidence that the Existing Premises were in good order and satisfactory condition as of the date hereof. Tenant is leasing the Additional Premises in their "as is" condition and shall be conclusively presumed to have accepted the Additional Premises in the condition existing on the date Landlord tenders possession, and to have waived all claims relating to the condition of the Additional Premises. No agreement of Landlord to alter, remodel, decorate or improve the Existing Premises, the Additional Premises or the Building (or to pay for any such work) and no representation regarding the condition of the Existing Premises, the Additional Premises or the Building has been made by or on behalf of Landlord to Tenant under or by reason of this Amendment except as stated in the Leases or set forth in the Work Letter.

7. Possession Of Additional Premises. Any possession or occupancy of the Additional Premises by Tenant prior to the Additional Premises Commencement Date shall be deemed to be under all of the terms, covenants, conditions and provisions of the Sixth (6th), Seventh (7th) and Eighth (8th) Floor Lease as amended by this Amendment, except that Tenant shall not be required to pay Monthly Base Rent for occupancy of the Additional Premises prior to the Additional Premises Commencement Date. In no event shall Landlord be liable to Tenant if Landlord is unable to deliver possession of the Additional Premises or any portion thereof to Tenant on the Additional Premises Commencement Date by reason of occupancy by another tenant or for any other reason. If Landlord is so unable to deliver possession of the Additional Premises or a portion thereof to Tenant by the Additional Premises Commencement Date, the Additional Premises Commencement Date shall be deferred as to the Additional Premises or such portion thereof, as the case may be, until Landlord can deliver possession to Tenant, but the Expiration Date shall not be deferred.

8. Existing Tenant. A portion of the Additional Premises on the third (3rd) floor of the Building is, as of the date of this Amendment, occupied by another tenant of the Building. Landlord and Tenant shall each pay one-half (½) of the costs of relocation of such tenant to other space in the Building. Notwithstanding anything to the contrary contained in the Work Letter, Tenant's share of such costs shall be deducted from the Improvement Allowance at such time or times as Landlord shall designate.

9. Other Provisions Of Lease. The portions of the Monthly Base Rent schedules in Section 1.1H.2 of the Sixteenth (16th) Floor Lease and in Section 1.1H of each of the Fifth (5th) Floor Lease, the Sixth (6th), Seventh (7th) and Eighth (8th) Floor Lease

and the Lower Level Lease which provide for Monthly Base Rent for the month of January, 2004 and subsequent periods are hereby deleted. Tenant warrants that, except for Golub & Company (the "Broker"), Tenant has not dealt with any real estate broker, salesperson, or finder in connection with this Amendment, and no such person initiated or participated in the negotiation of this Amendment, or showed the Additional Premises to Tenant. Tenant agrees to indemnify, defend and hold harmless Landlord, the Manager and its affiliates, and their respective agents and employees from and against any and all liabilities and claims (including attorneys' fees) for commissions and fees arising out of a breach of the foregoing warranty. Landlord shall be responsible for the payment of all commissions to the Broker pursuant to a separate agreement between Landlord and such Broker.

11. Entire Agreement. This Amendment and the Leases as amended hereby contain the entire agreement between Landlord and Tenant concerning the Existing Premises, the Additional Premises and the extension of the Terms of the Leases, and there are no other agreements, either oral or written.

12. No Option. Execution of this Amendment by Landlord and delivery of same to Tenant does not constitute a reservation of or grant of an option for the Extension Terms or the Additional Premises; provided, however, that execution and delivery by Landlord of this Amendment to Tenant shall constitute an irrevocable offer by Landlord to extend the Terms of the Leases and lease the Additional Premises to Tenant on the terms and conditions herein contained, which offer may not be withdrawn or revoked for seventy-five (75) days after such execution and delivery.

13. Binding Effect; Conflict. The Leases, as amended hereby, shall continue in full force and effect, subject to the terms and provisions thereof and hereof, and are hereby ratified and confirmed. In the event of any conflict between the terms of any of the Leases and the terms of this Amendment, the terms of this Amendment shall control. This Amendment shall be binding upon and inure to the benefit of Landlord and Tenant and their respective successors and assigns.

Exhibit "B" referred to in this First Lease Amendment with Thirty-Three Associates L.L.C. reads as follows:

Exhibit "B".

Work Letter.

In consideration of the covenants contained in this Work Letter and in the foregoing Amendment, Landlord and Tenant agree as follows:

1. **Work.** Landlord shall perform all leasehold improvement work in the Premises which Tenant desires to have performed using the Allowances (as hereinafter defined) in order to prepare the Additional Premises for Tenant's occupancy and improve the Existing Premises, to refurbish the Additional Premises after Tenant's initial occupancy of the Additional Premises, or to refurbish the Existing Premises (collectively, the "Work"). The Work Letter which is attached to the Sixth (6th), Seventh (7th) and Eighth (8th) Floor Lease as Exhibit B shall apply to the Work except for Paragraph 4 of such Work Letter (regarding certain allowances), and except that references in such Work Letter to the Commencement Date shall be disregarded. Paragraph 7 of such Work Letter (regarding entry to the Premises prior to substantial completion) shall apply only to the Additional Premises and shall only apply prior to the Additional Premises Commencement Date. All references in such Work Letter to the Allowance shall be deemed to be references to the Improvement Allowance, the Additional Allowance and the Refurbishment Allowances (as such terms are hereinafter defined), as the case may be. In the event of any conflict between the terms of the Work Letter attached to the Sixth (6th), Seventh (7th) and Eighth (8th) Floor Lease and the terms of this Work Letter, the terms of this Work Letter shall control.

2. **Improvement Allowance.** Landlord shall provide Tenant with an allowance in the amount of Three Million Eight Hundred Thousand and no/100 Dollars (\$3,800,000.00) (the "Improvement Allowance"), which may be applied to the cost of the Work. If the Improvement Allowance exceeds the cost of the Work, the balance of the Improvement Allowance may be applied to other costs associated with Tenant's occupancy of the Premises and any remaining balance of the Improvement Allowance shall be paid to or as directed by Tenant, subject to the provisions of Section 5 below.

3. Additional Allowance. As used herein:

(a) the term "Additional Allowance" means Six Hundred Thousand and no/100 Dollars (\$600,000.00);

(b) the term "Amortization Period" means the period of forty-eight (48) calendar months commencing on January 1, 2004 and ending on December 31, 2007.

At Tenant's election exercised by giving notice to that effect to Landlord on or before December 1, 2003, time being of the essence, Tenant shall be entitled to the Additional Allowance for application to the cost of the Work. Absent such notice, Tenant shall not be entitled to the Additional Allowance or to any credit on account of the same. If Tenant timely makes such election, Monthly Base Rent set forth in Section 4 of the foregoing Amendment for each month of the Amortization Period shall be deemed to be increased in the aggregate by the amount which will be necessary to pay in full the Additional Allowance, together with interest on the balance of the Additional Allowance from time to time outstanding at the rate of six and five-tenths percent (6.5%) per annum, in forty-eight (48) equal monthly installments.

4. Refurbishment Allowances. At Tenant's election exercised by giving notice to that effect to Landlord on or before October 1, 2007, time being of the essence (which notice shall specify the amount of the 2008 Refurbishment Allowance (as hereinafter defined) which Tenant desires to use for the purposes described in this Section), Tenant shall be entitled to an allowance in an amount up to One Hundred Thousand and No/100 Dollars (\$100,000.00) for application during the calendar year 2008 to the cost of any Work which Tenant may desire to have performed during that calendar year (the "2008 Refurbishment Allowance"). In addition, at Tenant's election exercised by giving notice to that effect to Landlord on or before October 1, 2010, time being of the essence (which notice shall specify the amount of the 2011 Refurbishment Allowance (as hereinafter defined) which Tenant desires to use for the purposes described in this section), Tenant shall be entitled to an allowance in an amount up to One Hundred Thousand and no/100 Dollars (\$100,000.00) for application during the calendar year 2011 to the cost of any Work which Tenant may desire to have performed during that calendar year (the "2011 Refurbishment Allowance"; together with the 2008 Refurbishment Allowance, individually, a "Refurbishment Allowance" and collectively the "Refurbishment Allowances"). Absent such notice in either case, Tenant shall not be entitled to the pertinent Refurbishment Allowance or to any credit on account of the same.

5. General Provisions. The Improvement Allowance, the Additional Allowance and the Refurbishment Allowances are collectively referred to herein as the

"Allowances". Payment of the Improvement Allowance for costs to which it may be applied other than the cost of Work will be made only upon delivery to Landlord of written direction by Tenant for payment thereof and such other documents and instruments as Landlord may reasonably require, all of which shall be in form and substance satisfactory to Landlord. Landlord shall not be obligated to disburse any portion of the Improvement Allowance less than sixty (60) days after receipt of the documentation required by this section or at any time after April 1, 2004. Landlord shall not be obligated to disburse any portion of the 2008 Refurbishment Allowance after December 31, 2008 or to disburse any portion of the 2011 Refurbishment Allowance after December 31, 2011. Landlord shall also not be obligated to become bound to disburse, or to disburse, any portion of the Allowances at any time when Tenant is in default under any Lease. Tenant shall not be entitled to any payment or credit on account of any excess of the Improvement Allowance, the Additional Allowance or the Refurbishment Allowances over the cost of the Work to which they may be applied except as set forth herein with respect to the Improvement Allowance.

Written notice of the revocation with the reasons therefor shall be mailed to or served upon the ~~permitholder~~ sponsor of the event at the time of revocation. Unless the permit will expire by its own terms before a hearing can be reasonably scheduled, no such revocation will take effect until the ~~permitholder~~ sponsor of the event has been given notice and an opportunity to be heard in accordance with rules and regulations issued by the department. When necessary to prevent an immediate threat to the health or safety of the public, the department shall order the ~~permitholder~~ sponsor of the event to cease operation of the special event pending the outcome of the hearing. Sustainable Green Building Elements.

- Reduced perimeter to floor area ratio to decrease the exterior exposure to the environment.
- Reduces vision glass area (approximately one-third (1/3) facade) and increased insulated exterior wall area to reduce heat loss and improve energy conservation.
- Green Roof raised second (2nd) level terrace at the northeast corner of the building.
- Green Roof main roof area surrounding the mechanical penthouse.
- Concrete floor slab at the roof to increase building thermal mass characteristics.
- Landscaped Winter Garden with sky lit space to increase oxygen and interior health, comfort and delight.
- Water conserving toilet fixtures.
- Bicycle racks.
- Heat recovery system incorporated into the building air handling system to save heat loss.
- Use of native plant materials for interior and exterior plantings.
- Energy saving lighting system.
- Use of many healthy recyclable materials throughout the project.

Medical Office Building Project Narrative.

The site presently contains a freestanding Walgreens drug store, which will be demolished. In its stead, the intention is to construct Medical Office Building and a landscaped wintergarden connecting link between Weiss Memorial Hospital and the Medical Office Building. The existing Walgreens drug store has a basement, which will be retained and utilized for Walgreens' storage, and mechanical/electric requirements of the Medical Office Building.

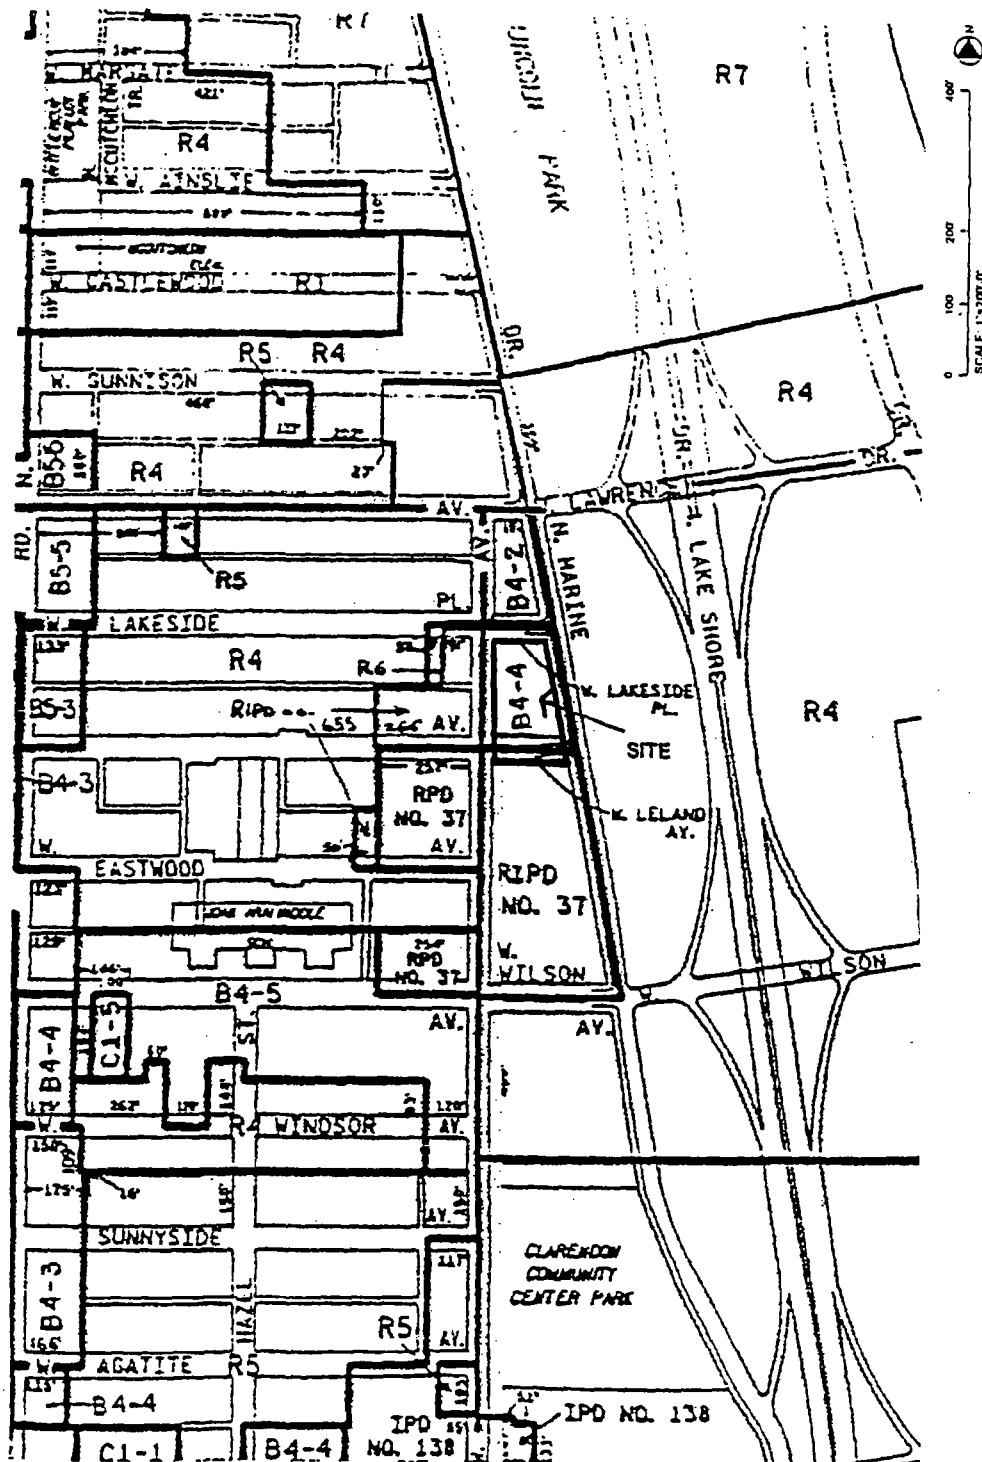

The Medical Office Building will be a four (4) story, approximately one hundred fifteen thousand (115,000) square foot building serving the medical profession, as well as accommodating an approximately thirteen thousand (13,000) square foot Walgreens drug store. The wintergarden will be a steel and glass, three (3) story structure connecting the Medical Office Building to the hospital. The Medical Office Building will be a steel structure with insulated spandrel glass panels and vision glass skin. The spandrel panels constitute two thirds ($\frac{2}{3}$) of the wall floor to floor and include several color tones reflecting the adjacent park to the east, surrounding buildings to the north and west and the existing hospital to the south.

The new Medical Office Building will meet all requirements of the City of Chicago Energy Code. The building has a compact configuration containing reduced perimeter to floor area. The envelope of one third ($\frac{1}{3}$) vision glass and two thirds ($\frac{2}{3}$) insulated glass spandrel panels along with a concrete roof slab reduces heat loss and adds thermo mass to the building. The LEEDS two and one-tenth (2.1) Analysis Rating of thirty-eight (38) points of a possible sixty-nine (69) points puts this project in the Silver Category. We will strive to maintain and possibly improve this rating.

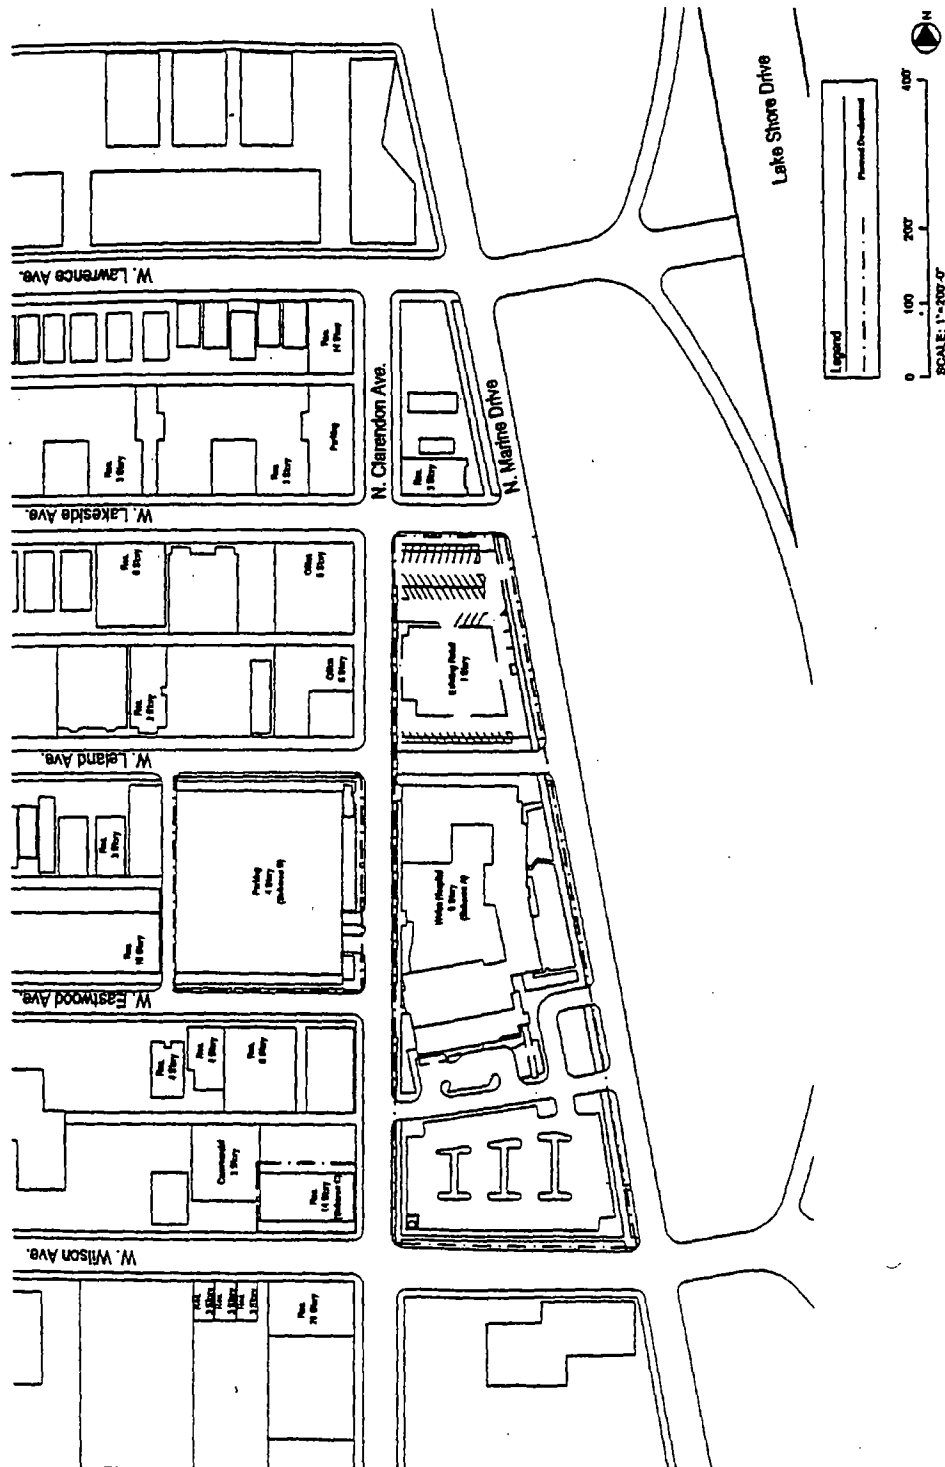

The ground floor level will contain a Walgreens drug store of approximately thirteen thousand (13,000) square feet, Weiss Memorial Hospital space of approximately fifteen thousand (15,000) square feet and a connecting link of approximately three thousand three hundred fifty (3,350) square feet. The connecting link will be utilized as the main entrance to both the hospital and the Medical Office Building. In addition the connecting link (wintergarden) will provide access for pedestrians between North Marine Drive on the east and North Clarendon Avenue on the west. Parking for the Medical Office Building will be provided in a one (1) story addition to the existing hospital parking structure. The parking structure will be linked directly to the new Medical Office Building and existing Weiss Hospital by an interior bridge that will span North Clarendon Avenue forty-four (44) feet south of West Leland Avenue at the fourth (4th) floor of Weiss Hospital and pass directly north to the new wintergarden with an elevator connection to the first (1st) floor entry level to both facilities.

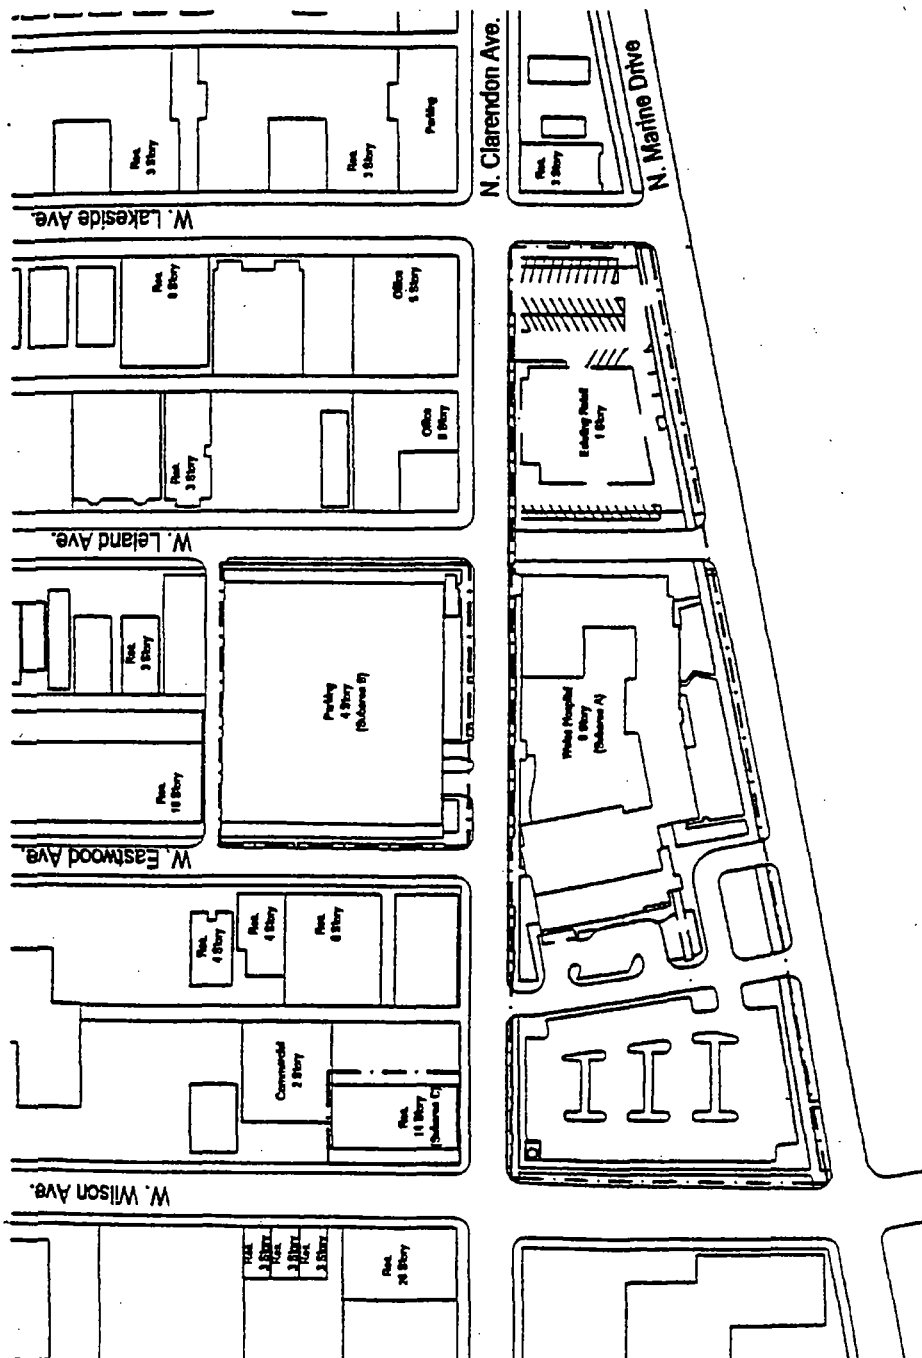

The building will have a setback from the east (North Marine Drive) property line of twenty-five (25) feet. This strip will be planted in accordance with the City of Chicago Landscape Ordinance, as well as other areas of the property (see landscape plan). On-grade parking, north of the new building, for the Walgreens drug store will be improved with appropriate fencing and plantings. The parkway along North Marine Drive will be improved with four (4) inch caliper hardwood trees, and where possible, in tree pits along North Clarendon Avenue. The building includes a northeast corner raised landscaped terrace over the Walgreens loading dock area, which will add corner offices on the three (3) upper levels and soften the corner facing the park to the east. Together with the landscaped east setback area the elevated landscaped terrace will draw the park and building site together.

SUBSTITUTE**ORDINANCE**

WHEREAS, the City of Chicago ("City") is a home rule unit pursuant to Article VII, Section 6 of the 1970 Illinois Constitution; and,

WHEREAS, the continued location in the City of major league professional sports teams is a matter of civic importance; and,

WHEREAS, the presence of major league professional sports teams in the City provides substantial economic benefits to the City, including employment opportunities, economic activity in the surrounding areas, revenue from tourism and the receipt of direct and indirect tax revenue by the City; and,

WHEREAS, the presence in the City of major league professional sports teams also provides an important sense of civic pride, and assists in maintaining the City's central position in the metropolitan area; and,

WHEREAS, the ability of major league professional sports teams to operate on a viable basis is a prerequisite to their remaining as local teams; and,

WHEREAS, the interests of residential neighborhoods near stadiums that are currently addressed by the existing provisions of the Municipal Code can also be protected by the Municipal Code, as amended by this Ordinance, and by binding agreements entered into between the City and owners of sports stadiums that limit the number and times of night games and other effects of sports events at such stadiums and that provide for services for affected neighborhoods; and,

- (3) All funds contributed by the Cubs to the CubFund shall become City property and will remain cumulatively in the CubFund until expended.

(D) Identification Of Cub Fund.

SECTION 6. Enforcement.

- (1) The City will monitor complaint(s) to the City's "311" hotline and the Wrigley Field "hotline" covered under Section 5(G)(1) of this Ordinance and Agreement regarding issues related to Night Games and matters covered by this Ordinance and Agreement. The City will refer matters that are the responsibility of the Cubs to the Cubs for review and action. The parties will meet at least twice each year to review and address increases, if any, or changes in the volume or nature of such complaints and the Cubs' response.

(B) **Dispute Resolution Mechanism.** If either the City or the Cubs believes the other party is not meeting the requirements of this Ordinance and Agreement, the parties will employ the following dispute resolution mechanism:

- (1) Either party may request a meeting to address the issues. In the event of such a request, the parties shall meet within 10 working days (unless otherwise agreed), at which any Relevant Alderman(men) or City official(s) or Cubs official(s) may participate.
- (2) If, after such a meeting specified in Section 6(B)(1), the issues are still unresolved, the City or the Cubs may issue a written notice or letter specifically detailing the alleged non-compliance. The letter may request formal discussions or meetings, which must commence within five working days after receipt unless otherwise agreed, at which any Relevant Alderman(men) or City official(s) or Cubs official(s) may participate.
- (3) If, after such a meeting specified in Section 6(B)(2), the parties have not resolved the dispute, then any and all disputes between the parties arising out of, relating to, or concerning this Ordinance and Agreement, and whether arising during or after termination of this Ordinance and Agreement, may be submitted to the decision of a board of arbitration composed of three arbitrators meeting in Chicago, Illinois. If either party requests arbitration, and notifies the other party no later than twenty working days after filing of any court complaint pursuant to Section

6(B)(5), the dispute must be submitted to arbitration. The arbitration will be final and binding on the parties and will proceed as follows:

- (a) Submission to Arbitration: A notice requesting arbitration, or any other notice made in connection therewith, will be sent in writing to the other party.
 - (i) Notice requesting arbitration will state in particulars all issues to be resolved in the view of the requesting party and will appoint the arbitrator selected by the requesting party.
 - (ii) Within five business days after receipt of such notice, the respondent will notify the requesting party of any additional issues to be resolved in the arbitration and of the name of its appointed arbitrator.
- (b) Arbitration Panel: Unless otherwise agreed by the Cubs and the City, the arbitration shall be conducted by a panel of three arbitrators selected by the parties in the following manner:
 - (i) the Cubs shall choose an arbitrator who is a person who is not a current or former employee of the Cubs or of the Tribune Company or any affiliated company of either, or an immediate relative or first cousin of any such person, or a current or former employee of Major League Baseball or any Chicago area sports franchise, or any affiliated company or an immediate relative or first cousin, or any entity in which the individual has an interest of any such person, or a person who is doing business with the Cubs, the Tribune Corporation, Major League Baseball or any Chicago area sports franchise, or any affiliated company or relative of any such person if the individual or immediate relative or first cousin, or any entity in which the individual has an interest, receives any compensation or non-aid monetary benefit related to, or from, those entities;
 - (ii) the City will appoint an arbitrator who is not a current or former employee of the City or an immediate relative or first cousin of any such person and is not a resident of, or doing business with the City or in the area defined in Section 10(B). For purposes of this Section, an individual is deemed to be doing business with the City or in the area defined in Section 10(B) if the individual or an immediate relative or first cousin, or any entity in which the individual

has an interest, receives any compensation or non-aid monetary benefit from the City or from any individual, company or entity related to activity conducted in the area defined in Section 10(B), and has not been appointed to office or position by the City or its employees;

- (iii) for purposes of this section, "former employee" or a person who "has not been appointed to office or position by the City or its employees" means a person who was employed or who served under an appointment by the specified entity within the last twelve years;
 - (iv) the two arbitrators will appoint an umpire, who will be a person distinguished for his or her service to metropolitan Chicago meeting the criteria for both the Cubs arbitrator and the City's arbitrator. If the two arbitrators fail to agree on the appointment of the umpire, each of the arbitrators will nominate three individuals meeting the umpire's criteria. Each arbitrator will then decline two of the nominations presented by the other arbitrator. The umpire will then be chosen from the remaining two nominations by random drawing.
 - (v) The parties may mutually agree to waive any qualification requirement of an arbitrator set forth in clauses (i), (ii) and (iv).
- (c) Decision of the Arbitration:
- (i) Each arbitrator will act in a non-partisan manner, and will render his or her judgment based solely on an independent analysis of the merits of the dispute. The arbitrators will not be obliged to follow judicial formalities or the rules of evidence. Rather, the arbitrators will render a written decision with regard to the terms of the relevant Section(s) of this Agreement and the Ordinance, as well as the original intentions of the parties to the extent reasonably ascertainable.
 - (ii) It is the intent of the parties that their relationship be construed not as a strictly legal undertaking but in the context of the determination to best serve the interests of the City, the neighborhood, and the Cubs.

- (iii) The written decision rendered by a majority of the arbitrators will be final and binding. All expenses of the arbitration will be equally divided between the parties.
- (d) The arbitration panel may, by majority vote, grant any remedy or relief that it deems just and suitable, including, but not limited to:
 - (i) an award requiring a party to meet its obligations under this Ordinance and Agreement,
 - (ii) reimbursement and/or damages for a party's failure to meet its obligations under this agreement,
 - (iii) additional or reduced contributions to the Cub Fund,
 - (iv) adjustments to the obligations of the Cubs and/or the City,
 - (v) in extreme cases, the loss or suspension of a number of permissible night games, and/or
 - (vi) any combination of these remedies.
- (e) The arbitration panel will adhere to the following schedule unless the parties otherwise agree or if the arbitrators determine in their discretion a different schedule is in the interest of the parties, the arbitration, or the arbitration decision:
 - (i) the complaining party will file its complaint within 10 business days after its receipt of the notice in Section 6(B)(3)(a)(ii);
 - (ii) the responding party will have 10 business days after receipt to respond;
 - (iii) the complaining party will have seven business days after receipt to reply;
 - (iv) a hearing will be held within 15 business days of the date the reply brief is received by the arbitrators and the responding party, unless a sur-reply is allowed by the arbitrators, in which case a hearing will be held within 15 business days of the date a sur-reply is received by the arbitrators and the complaining party; and

- (v) a written decision by majority decision will be rendered within 15 business days thereafter unless the arbitrators determine they need an additional 15 business days or more in extreme cases because of unexpected complexity or other unexpected reasons. A disagreeing arbitrator may issue a written dissent, but this shall not be cause for delaying the written decision of the majority beyond the time set for its decision.
 - (f) In the event either party challenges the arbitration decision in a court proceeding, the parties agree to abide by the decision of the arbitrator while those proceedings are pending.
 - (g) Any arbitration under this provision shall be governed by the Illinois Uniform Arbitration Act.
- (5) If arbitration is not chosen by either party, then either party may file suit in a federal or state court in Chicago, Illinois, to enforce the agreement by declaratory judgment or injunction or mandamus or by any combination. In case of such suit, either party may request and, upon order of court shall receive, declaratory judgment, injunction, reimbursement and/or damages for failure to meet its obligations under this Agreement, additional or reduced contributions to the CubFunds, adjustments to the obligations of the Cubs and/or City, and, in extreme cases, the loss or suspension of a number of permissible Night Games, or any combination of these remedies.

(C) Dispute Resolution Mechanism — Emptying Of Trash Cans.

- (1) If the City believes the Cubs have not met the requirements of Section 4(F)(8) of this Ordinance and Agreement (empty all public or Cubs-owned or placed trash bins), the City will notify the Cubs and the Cubs shall perform as required by Section 4(F)(8) within 24 hours.
- (2) If the Cubs have not performed as required by Section 4(F)(8) within 24 hours of receiving notice, then the City may perform the services required by Section 4(F)(8) and the Cubs shall reimburse the City for the cost incurred by the City of performing those obligations.
- (3) Any dispute as to whether the Cubs have performed their obligations shall be submitted to binding arbitration pursuant to Section 6(B).

- (4) If the Cubs enter into a contract with any third party for any requirement of Section 4(F)(8), the Cubs shall cause this provision to be placed in that contract as a contractual obligation of the third party.

- (2) any monetary contribution by the Cubs required under this Ordinance and Agreement, including CubFund contributions set forth in Section 5 and the remote parking charges to customers allowed by Section 4(B), shall be adjusted each year to reflect the annual change (vs. the previous year's payment) in the greater of the United States Gross Domestic Product, or the United States Consumer Price Index as published for the full calendar year by the United States Government.

(C) Termination. After 2015 the contractual agreement may be terminated by either party at any time by giving the other party written notice of termination. Written termination for the City shall be given by the Budget Director.

- (1) Termination will be effective on December 31 of the calendar year following the calendar year in which notice is given.
- (2) The party giving the notice of termination may withdraw the notice at any time prior to termination, provided, however, that if the City withdraws its notice of termination after November 15 in the year of termination, and the Cubs, after good-faith effort, are unable to schedule the 12 additional night games otherwise allowed by this contractual agreement and section 4-156-430 of the MUNICIPAL CODE OF CHICAGO, the Cubs shall have none of the obligations of that contractual agreement in that following calendar year unless mutually agreed between the City and the Cubs.

The rights, responsibilities, and requirements of this contractual agreement shall transfer to any subsequent owner(s) or successor corporation(s), organization(s), or any entity or person whatsoever, of the Cubs.

(D) **Amendments And Alterations.** Nothing in this Ordinance and Agreement or in Section 4-156-430 of the MUNICIPAL CODE OF THE CITY OF CHICAGO shall be construed to prevent the Cubs and the City, by and through the Mayor of the City of Chicago, or his successor or his designee(s) or the Budget Director, with the consultation of the Relevant Aldermen, and taking into account the comments of the community, from mutually agreeing to amend or alter Sections 3 through 8, inclusive and Sections 10 and 11 (as well as changes that may thereby become necessary to Section 4-156-430 of the MUNICIPAL CODE OF THE CITY OF CHICAGO) of

The Budget Director will file this report, along with the annual written report of the Cubs specified in Section 4(H), with the City Clerk of the City of Chicago. Exhibit "A" referred to in this ordinance reads as follows:

N.B.: This Exhibit A contains pages (numbered 1 through 8, inclusive, and pages numbered 119 through 121, inclusive, in the original document) of the 2003 -- 2006 Basic Collective Bargaining Agreement executed between Major League Baseball and the Major League Baseball Players' Association ("C.B.A.") referred to in Section 3(D)(2)(b) of this ordinance. Pages 9 through 118, inclusive, and pages (numbered 122 through 223, inclusive in the original document) of the M.L.B. C.B.A., which are not germane to this ordinance, are not included as part of this Exhibit A for the convenience of the reader.

Exhibit "A".

2003 -- 2006 Basic Agreement.

This Agreement, effective September 30, 2002, is between the thirty (30) Major League Clubs and the Major League Baseball Players Association (hereinafter referred to as the "Players Association" or the "Association").

In making this Agreement the Association represents that it contracts for and on behalf of the Major League Baseball Players and individuals who may become Major League Baseball Players during the term of this Agreement, and the Clubs represent that they contract for and on behalf of themselves, any additional Clubs which may become members of the Major Leagues and the successors thereof.

Article I.

Intent And Purpose.

The intent and purpose of the Clubs and the Association (hereinafter "the Parties") in entering into this Agreement is to set forth their agreement on certain terms and conditions of employment of all Major League Baseball Players for the duration of this Agreement. Each of the Parties acknowledges the rights and responsibilities of the other Party and agrees to discharge its responsibilities under this Agreement.

*Article II.**Recognition.*

The Clubs recognize the Association as the sole and exclusive collective bargaining agent for all Major League Players, and individuals who may become Major League Players during the term of this Agreement, with regard to all terms and conditions of employment, provided that an individual Player shall be entitled to negotiate in accordance with the provisions set forth in this Agreement (1) an individual salary over and above the minimum requirements established by this Agreement and (2) Special Covenants to be included in an individual Uniform Player's Contract, which actually or potentially provide additional benefits to the Player.

*Article III.**Uniform Player's Contract.*

The form of the Uniform Player's Contract between a Club and a Player is attached hereto as Schedule A which is incorporated herein by reference and made a part hereof.

During the term of this Agreement, no other form of Uniform Player's Contract will be utilized. Should the provisions of any Contract between any individual Player and any of the Clubs be inconsistent with the terms of this Agreement, the provisions of this Agreement shall govern. Subject to the limitations set forth in Article IV below, nothing herein contained shall limit the right of any Club and Player to enter into Special Covenants in the space provided in a manner not inconsistent with the provisions of this Agreement. The termination of this Agreement shall not impair, limit or terminate the rights and duties of any Club or Player under any Contract between any individual Player and any of the Clubs.

*Article IV.**Negotiation And Approval Of Contracts.*

A Player, if he so desires, may designate an agent to conduct on his behalf, or to assist him in, the negotiation of an individual salary and/or Special Covenants to be included in his Uniform Player's Contract with any Club, provided such agent has been certified to the Clubs by the Association as authorized to act as a Player Agent for such purposes.

The Association shall provide the Office of the Commissioner with a comprehensive list of the certified Player Agent(s) whom each Player has designated to act on his behalf for the purposes described in this Article IV. Further, the Association shall provide the Office of the Commissioner with any changes to such Player Agent designations, including the Player Agent designations of Players who have been added to a Major League roster, on a weekly basis.

If the Association has notified the Office of the Commissioner that a Player has designated a certified Player Agent or Agents to act on his behalf for the purposes described in this Article IV, no Club may negotiate or attempt to negotiate an individual salary and/or Special Covenants to be included in a Uniform Player's Contract with any Player Agent(s) other than such Player Agent(s).

A Club may require a Player's physical presence only once during contract negotiations. This limitation shall not apply to telephone conference calls, at reasonable times, with a Player and his certified Player Agent. A Player required to be physically present during negotiations shall be entitled to be paid by the Club for round-trip first-class transportation and first-class hotel costs.

Upon execution of a Uniform Player's Contract by the Club and Player, the Club promptly shall submit the Contract, in duplicate, to the Commissioner for approval. Within twenty (20) days of receipt, the Commissioner shall approve or disapprove the Contract (with notice to the Association), or provide the Association with a written explanation of why the Contract has not been approved. This period is extended to thirty (30) days if a Contract is received by the Commissioner between February 15 and April 15. Within ten (10) days after the Commissioner is to provide an explanation of why a Contract has not been approved, the Commissioner shall approve or disapprove the Contract. (See Attachment 1). Any Grievance challenging the Commissioner's conduct under this Article shall be handled by the Parties on an expedited basis with documents being exchanged within ten (10) days of the filing of the Grievance, a hearing commencing within fifteen (15) days of the filing of the Grievance and the Panel issuing an Award (with an opinion to follow, if necessary) no later than fifteen (15) days following the commencement of the hearing.

Article V.

Scheduling.

A. Length Of Season.

During the term of this Agreement, each Club shall be scheduled to play one

hundred sixty-two (162) games during each championship season. A championship season will not be scheduled over a period of less than one hundred seventy-eight (178) days or more than one hundred eighty-three (183) days. If, however, any Club's championship season is scheduled to open with a game played outside of the United States and Canada, and the scheduling of such a game causes the championship season for those Clubs to be scheduled over a period of more than one hundred eighty-three (183) days (an "International Opener"), then the championship season for all other Clubs shall commence on the date of the first (1st) regularly scheduled championship season game within the one hundred eighty-three (183) days preceding the regularly scheduled end of the championship season. (See Article VI(C) and Article XV(J)(6), below.)

Following completion of each championship season, eight (8) Clubs shall engage in best of five (5) (seven (7) if the Division Series is expanded) Division Series. (See Attachment 25). The winners of the Division Series in each League shall then engage in a best of seven (7) League Championship Series, and the winners of the two (2) League Championship Series shall engage in a best of seven World Series. If during the term of this Agreement the format of the Division Series, the League Championship Series or the World Series is proposed to be changed, the Clubs shall give the Association notice thereof and shall negotiate the proposed change with the Association; provided, however, that if during the term of this Agreement the Division Series is proposed to be changed to the best of seven (7) games, the Clubs shall give the Association notice thereof and shall negotiate with the Association but the Clubs shall not be required to negotiate with the Association over contributions to the Players' pool beyond those specified in Article X. Any failure to play the Division Series, the League Championship Series or the World Series, in whole or in part, by reason of causes beyond the control of the Clubs, shall not constitute a change in the format of such Series or a breach of this Agreement.

During any negotiations between the Parties on the subject of a renewal of or successor to this Agreement, the Clubs agree that any proposal made by the Association to reduce the number of championship season games shall not be resisted on the ground of commitments made by the Clubs in local television and radio contracts. However, nothing herein shall interfere with or limit the right of the Clubs to resist such proposal on any other ground or the right of either Party to take any other position in future negotiations on this or any other proper subject for collective bargaining.

B. Championship Schedules.

On or before July 1st of each year, copies of the tentative championship schedules of the Major Leagues for the next ensuing season shall be submitted to the Association for review. The Association shall complete its review not later than October 15th.

C. Additional Scheduling Agreements

(1) Split doubleheaders shall not be scheduled in the original schedule. Provided that neither of the Clubs involved in the proposed rescheduled game already has played or has been rescheduled to play a total of two (2) split doubleheaders in that championship season:

(a) each Club shall have the right to reschedule any postponed game as a split doubleheader when ticket sales for the game at the time of postponement exceed, in any respect, the number of comparable tickets available to be exchanged by the Club for the balance of the championship season, and both the postponed and rescheduled game occur in the last regularly scheduled series between the two (2) Clubs at the Club's park; and

(b) when there is no practical alternative to doing so, the Boston Red Sox and Chicago Cubs shall have the right to reschedule a postponed game as a split doubleheader to be played in, respectively, Fenway Park and Wrigley Field, even if the criteria set out in subparagraph (a) above are not met. Scheduling a postponed game as part of a conventional doubleheader will not be considered a practical alternative.

The Association shall have the exclusive right to approve the additional rescheduling of postponed games as split doubleheaders in circumstances that are not automatically permitted by subparagraph (a) or (b) above.

(2) One (1) day stands will not be scheduled except as "openers" or doubleheaders to be followed by an open day. A game will not be rescheduled as a one (1) game stand except as required to complete the championship schedule.

(3) During the championship season, no Club shall be scheduled to play an exhibition game other than the Hall of Fame Game. No Club shall be scheduled to play in more than one (1) Hall of Fame Game during the term of this Agreement. For purposes of this paragraph (3), a spring training exhibition game that is scheduled to commence at least three (3) hours before the start of the first (1st) championship season game shall not be considered played "during the championship season".

(4) The following shall apply to the scheduling or rescheduling of games prior to day doubleheaders:

(a) a game will not be scheduled to start after 5:00 P.M. if either Club is scheduled to play a day doubleheader the next day;

(b) a game will not be rescheduled to start after 5:00 P.M. if either Club is

scheduled to play a day doubleheader the next day unless such rescheduling is necessary to complete the championship schedule.

(5) Day games shall not be scheduled or (unless necessary to complete the championship schedule) rescheduled to start before 1:00 P.M., except as provided in paragraph (6) below, and except that such games may be scheduled or rescheduled to start between Noon and 1:00 P.M., if each Club meets one of the following two (2) conditions:

- (a) if an off-day occurred the previous day; or
- (b) if a game were played in the same city within the previous twenty-four (24) hours.

Day games may be scheduled or rescheduled to start between Noon and 1:00 P.M. on holidays if each Club meets one of the above conditions or if an afternoon game starting not later than 5:00 P.M. or a doubleheader starting not later than 1:30 P.M. was played in another city the previous day and the travel time required in-flight is one and one-half (1½) hours or less.

(6) With the approval of the Commissioner, not more than four (4) games per League per year may be scheduled or rescheduled to start between 10:30 A.M. and Noon, if, with respect to both Clubs, the conditions stated in paragraph (5) above with respect to scheduling and rescheduling of day games between Noon and 1:00 P.M. are met.

(7) No Club shall be scheduled to play a game starting after 5:00 P.M. if such game is a road game and is followed by a home off-day, unless:

- (a) a later game is required to be scheduled pursuant to a national television agreement; or
- (b) the road Club is playing at Texas or Florida on or after June 1.

Other getaway games shall not be scheduled or rescheduled to start later than 5:00 P.M. if either Club is required to travel for a day game, scheduled the next day, between cities in which the in-flight time is more than one and one-half (1½) hours. Each championship season the Clubs may utilize six (6) exceptions to the rule in the immediately preceding sentence provided that the exceptions must be utilized by a Club traveling to Chicago to play the Cubs and the in-flight time cannot exceed two and one-half (2½) hours.

(8) To the extent reasonably practicable, open days shall be non-travel days, except as permitted in paragraph (9), below.

(9) An open day shall be scheduled for or following travel from cities in the Pacific time zone to cities in the Eastern time zone except that the Commissioner may schedule not more than seven (7) games per championship season in each League with a starting time after 7:00 P.M. in the Eastern time zone which include a Club that the day before played a game scheduled to start prior to 5:00 P.M. in the Pacific time zone. In any championship season, however, no Club may be scheduled to play more than one (1) game in the Eastern time zone the day after it has played a game in the Pacific time zone.

(10) No Club shall be scheduled, or rescheduled if practicable, to play more than twenty (20) consecutive dates without an open day, or twenty-one (21) consecutive dates if necessary to accommodate the Hall of Fame Game. A rained-out game may be rescheduled to an open date in the same series, or to an open date at the end of the same series, if (a) the open date is a road off-day for the visiting Club, and (b) the rescheduling does not result in the home team playing more than twenty-four (24) consecutive dates without an open day, or twenty-five (25) consecutive dates if necessary to accommodate the Hall of Fame Game.

(11) Commencing with its second (2nd) scheduled championship season game, a Club shall not be scheduled for more than two (2) open days in any seven (7) day period.

(12) Home games which are scheduled or rescheduled away from the park of the home Club shall be considered road games for the purposes of Players' meal and tip allowances, hotel accommodations and transportation.

(13) Doubleheaders shall not be scheduled on consecutive dates in the original schedule.

(14) Twi-night doubleheaders will be limited in the original schedule to three (3) per home Club per season. A twi-night doubleheader will not be scheduled on a getaway day.

(15) Only postponed, suspended and tied games shall be rescheduled, except as may be required to accommodate network television commitments or to comply with stadium leases, in any of which events the rescheduling rules set forth in this Article V shall apply; provided, however, that any game may be rescheduled for any reason if as rescheduled it conforms to the rules governing the original schedule.

(16) Club championship season games shall not be played during the All-Star break. Further, any workout scheduled by a Club for the day following the All-Star Game shall be voluntary.

(17) With respect to the rescheduling of any game, except for games rescheduled as split doubleheaders as set forth in Section C(1), any scheduling or rescheduling rules set forth in this Article V may be waived by the secret ballot vote of a majority of the Players on the Club(s) that would be in violation of the rule. Separate votes shall be required with regard to each game for which a waiver is sought. A waiver granted pursuant to this provision, as well as a waiver granted by the Association pursuant to Section C(1), shall not constitute a precedent with regard to future waiver requests. With respect to the rescheduling of any such game, and all games rescheduled pursuant to Section C(1), the Club(s) shall consult with the Association concerning the actual date and time of such rescheduled game. The Club(s) shall use best efforts to notify the Association in advance of notifying the Players on the Club(s) affected.

D. Interleague Play.

Each Club may be scheduled to play up to eighteen (18) Interleague games during each championship season. In each Interleague game at an American League park, the Designated Hitter shall be used; at each Interleague game at a National League park, the Designated Hitter shall not be used.

Article VI.

Salaries.

Individual Player salaries shall be those as agreed upon between a Player and a Club, as evidenced by the execution of a Uniform Players' Contract, subject to the following:

N.B.: Pages (numbered 9 through 118, inclusive in the original document) of the 2003 -- 2006 Basic Collective Bargaining Agreement executed between Major League Baseball and the Major League Baseball Players' Association that is referred to in Section 3(D)(2)(b) of this ordinance which are not germane to this ordinance, are not included in this part of this Exhibit A for the convenience of the reader.

*Article XXVI.**Term.*

This Agreement shall terminate on December 19, 2006.

*Article XXVII.**Comprehensive Agreement.*

This Agreement represents a complete, full and final understanding on all bargainable subjects covering Players during the term of this Agreement, except such matters as may become bargainable pursuant to the reopener provisions of this Agreement or under the terms of the following agreements:

- (a) the Major League Baseball Players Benefit Plan;
- (b) the Agreement Re Major League Baseball Players Benefit Plan; and
- (c) the Agreement regarding dues check-off.

All rights to bargain with one another concerning any subject whatsoever regarding Players for the duration of this Agreement are expressly waived by the Parties, except to the extent permitted in said Agreements and in the reopener provisions of this Agreement. Should this Agreement be reopened pursuant to the provisions hereof, each of the Parties shall have the right to take concerted action in support of its position.

It is further agreed by the Parties that during the term of this Agreement they will use their best efforts to ensure that all terms and conditions of all Uniform Player's Contracts signed by individual Players will be carried out in full.

Article XXVIII.

This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, and such counterparts shall constitute but one and the same instrument.

**COMMEMORATION OF FIFTIETH ANNIVERSARY OF UNITED STATES
SUPREME COURT RULING IN BROWN V. BOARD OF
EDUCATION OF TOPEKA, KANSAS.**

WHEREAS, May 17, 2004, will mark the celebration of the fiftieth anniversary of the revolutionary Supreme Court decision, *Brown v. Board of Education of Topeka, Kansas*; and

WHEREAS, This litigation initially began in the lower federal courts when Linda Brown was denied admission to the local elementary school in Topeka, Kansas because she was black. It reached the United States Supreme Court when the decision was made to consolidate three similar cases from three other states, with a unanimous decision handed down in favor of Linda Brown; and

WHEREAS, This historic unanimous decision ended federally-sanctioned racial segregation in the nation's public schools, overturning *Plessy v. Ferguson* and ruling that "separate educational facilities are inherently unequal." This decision had the added benefit of forging the way to the civil rights movement of the 1950s and 1960s and mandating tangible integration in public facilities and accommodations; and

WHEREAS, Prior to the 1954 ruling, de jure segregation (legally imposed) was applied mainly to Southern school systems, with institutions responsible for educating African-Americans routinely spending a fraction of the amount allocated to educate white children; and

WHEREAS, Since its founding in 1909, the N.A.A.C.P. has challenged the legality of racial inequality, and the associated disparity between black and white educational facilities, which forced black students to endure overcrowded classrooms, inadequate libraries, under-trained teachers and even a lack of indoor plumbing in the schools; and

WHEREAS, One of the arguments presented by N.A.A.C.P. lawyers, and led by Thurgood Marshall, stressed that the "badge of inferiority" stamped on minority children by segregation hindered their full development no matter how "equal" the facilities might be; and

WHEREAS, Even though the Supreme Court ruling ushered in a feeling of optimism, actual desegregation was not immediate or easily implemented. Segregation maintained by more subtle and intractable forces has remained an important element in American society. De facto school segregation, caused by residential housing patterns and various other conditions rather than by law, has been attacked by the busing of students and other mechanisms; and

WHEREAS, Even though the major changes that occurred during the 1950s, 60s and 70s were tumultuous, this case is considered by many legal scholars to be perhaps the most significant of the last century; and

WHEREAS, Although great strides have been made in our nation since the *Brown* decision, far too many individuals take their freedoms and educational opportunities for granted, with little regard for the countless lives that were lost over the span of the Civil Rights Movement; and

WHEREAS, The City of Chicago remains committed to protecting the diverse population of those who live, work and recreate in Chicago from discrimination, bias and bigotry; and

WHEREAS, We are all indebted to two centuries of black history pioneers, including Linda Brown, who are responsible for "the hope that the present has brought us"; now, therefore,

Be It Resolved, That the City of Chicago does hereby acknowledge the upcoming fiftieth anniversary of the Supreme Courts' *Brown v. Board of Education* ruling and urge all residents to take cognizance of the events leading up to and transpiring after this groundbreaking decision.

CONGRATULATIONS EXTENDED TO SAINT MICHAEL THE ARCHANGEL
MELKITE BYZANTINE CATHOLIC CHURCH ON
TWENTY-FIFTY ANNIVERSARY.

WHEREAS, In the early 1970s, Jordanian immigrants began to settle in the far south side Hegewisch community of this city; and

WHEREAS, The majority of these immigrants were of the Melkite Byzantine tradition. They had to travel to a far northern suburb to worship until 1978 when twenty-five men established the Saint Michael the Archangel mission in the home of George M. Haddad. The mission consisted of forty-one families totaling one

hundred twelve souls under the pastorate of Father Nicholas Samra. Initially, the mission rented the use of a church within the neighborhood and Father Samra began to hold services every Sunday evening. In 1981, Father Edward G. Kakaty became pastor and the mission found another neighborhood church in which to worship until the end of 1982; and

WHEREAS, The mission's membership were anxious to establish their own church and, by 1983, a suitable house of worship was secured in nearby Hammond, Indiana. After raising the money for refurbishing the former synagogue, Saint Michael the Archangel Melkite Byzantine Catholic Church celebrated the door opening ceremony on Mother's Day, May 8, 1983. Under the leadership of Father Kakaty, the repairs and the extensive remodeling progressed. By September, 1990, Father Albert Wehby became the church's first full-time resident pastor. In August, 1995, Father Robert Rabbat became pastor. Under his supervision, the church became financially independent from the Eparchy; and

WHEREAS, Father Rabbat guided Saint Michael the Archangel Melkite Byzantine Catholic Church through some difficult times. The area surrounding the church began to deteriorate to such an extent that, in 1997, some thought the time of the church's evening service should be changed. Some even suggested selling the church and relocating altogether. However, by 2000, the area began to significantly improve, encouraging the church community to raise money for more building improvements. Just as this was getting underway, the church roof collapsed under the heavy snows of February, 2001; and

WHEREAS, Saint Michael the Archangel Melkite Byzantine Catholic Church and its members have persevered and prospered. They now celebrate their twenty-fifth anniversary as a community. Since September 2002, services are now conducted at noon on Sundays. Approximately eighty people attended the first Sunday service. Today between one hundred forty to one hundred seventy worshipers attend. Under its current pastor, Father Saba Shofany, Saint Michael the Archangel parish now schedules a full calendar of church activities; now, therefore,

Be It Resolved, That we, the Mayor and members of the City of Chicago City Council, gathered here together this eleventh day of February, 2004 A.D., do offer our heartiest congratulations to the pastor and parishioners of Saint Michael the Archangel Melkite Byzantine Catholic Church on the occasion of their twenty-fifth anniversary year and extend our heartfelt best wishes for continued growth and success; and

***PRESIDENT GEORGE W. BUSH AND UNITED STATES CONGRESS
URGED TO IMPLEMENT NATIONAL POLICY GRANTING LEGAL
STATUS TO IMMIGRANT WORKERS.***

A resolution, presented by Aldermen Solis, Flores, Cárdenas, Muñoz, Ocasio, Reboyras, Suarez and Colón, reading as follows:

WHEREAS, Chicago is a city of immigrants, home to a diverse worldwide population whose many and significant contributions are vital to its history, character, culture, function, economy and future success; and

WHEREAS, These immigrants are hard workers who often do the least desirable and lowest paying jobs thus filling voids in our workforce as well as adding strength and stability to our economy in specific and our society as a whole. Immigrants work in the construction and health care industries, as janitors, meat packers, chefs, busboys, baby-sitters, farmhands and even serve in the United States Military Forces. These immigrants are our family members, neighbors, co-workers, caretakers and friends; and

WHEREAS, Because the separation of families can be damaging to a household's financial and emotional well-being, efforts should be focused on keeping husbands, wives and children together; and

WHEREAS, There is an urgent need for an improved system of accountability wherein undocumented immigrants may come out from the shadows, identify themselves and become fully integrated as visible and participating members of this society; and

WHEREAS, The current immigration system is broken and does not work for the good of the nation. It has created a lucrative and often violent human smuggling operation across the nation's borders; and

WHEREAS, These men and women who enter the United States to fill job vacancies so as to realize the American Dream for themselves and their families are being exploited, trafficked, even injured and murdered in increasing numbers; and

WHEREAS, Securing the homeland depends on diverse communities working together and the effective use of our resources to target real terrorists; now, therefore,

Be It Resolved, That we, the Mayor and members of the City of Chicago City Council, assembled here this eleventh day of February, 2004 A.D., do recognize and honor the millions of immigrant workers present in the United States who work hard, pay taxes and contribute to our economy and communities; and

Be It Further Resolved, That the Congress and President of the United States implement a national immigration policy that provides a path toward permanency and citizenship, reunites families and rewards work by granting legal status to those working, but undocumented immigrants who otherwise abide by the law. Furthermore, they are beseeched to provide a legal process whereby future immigrants may be granted that same legal status. This would ensure fair and equal treatment of immigrants in the workplace, respect for their civil liberties, and establish an improved system of accountability to allow critical resources and manpower to be redirected to fight the war on terrorism; and

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to the President and Vice President of the United States, the Secretary of State of the United States, the Secretary of the Department of Homeland Security, the members of the Illinois Congressional Delegation, the Governor of Illinois, the United States Council of Mayors, the members of the Illinois State Legislature and to the local governments of Cook County.
