*Chapter 1-25.*

*Chicago Fair Workweek Ordinance.*

1-25-010 Purpose And Intent.

This chapter shall be known and may be cited as the "Chicago Fair Workweek Ordinance". It is the purpose of this chapter and the policy of the City: (i) to enact and enforce fair and equitable employment scheduling practices in the City of Chicago; (ii) to provide the working people of Chicago with protections that ensure employer scheduling practices do not unreasonably prevent workers from attending to their families, health, education, and other obligations; and (iii) to require Employers needing additional hours, whether temporary or permanent, to first offer those hours to current part-time Covered Employees.

1-25-020 Definitions.

As used in this chapter, the following terms shall have the following meanings:

"Banquet Event" means a catered event staffed by employees dedicated to the event and held at a hotel. A banquet event is scheduled at the time that the customer provides a deposit in connection with a specific date.

"Building Services" means the care and maintenance of property, including, but not limited to, janitorial services, building maintenance services, and security services. This definition does not include on-duty police officers or other government officials performing their official duties.

"Commissioner" means the Commissioner of Business Affairs and Consumer Protection or the Commissioner's designee.

"Covered Employee" means an individual who meets all of the following (a) through (d): (a) performs work for an employer in the capacity of (i) an employee, as distinguished from a contractor, determined pursuant to Internal Revenue Service guidelines, or (ii) a worker for a day and temporary labor service agency, as defined in

the Day and Temporary Labor Services Act, 820 ILCS 175/5, who has been on assignment to the employer for 420 hours within an 18-month period; (b) spends the majority of their time at work for that employer while physically present within the City of Chicago; (c) performs the majority of their work in a Covered Industry for that employer; and (d) earns less than or equal to \$50,000 per year as a salaried employee, or less than or equal to \$26.00 per hour as an hourly employee, from that employer. For Hotels, set service fees that an employee earns are included in the calculation of the stated hourly wage threshold. An employee who staffs a Banquet Event and receives a set gratuity for that work shall not be deemed to be a Covered Employee for purposes of that Banquet Event. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Chicago Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

The Perimeter Restoration Agreement must be executed prior to any CDOT and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the CDOT Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by CDOT.

4. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.
5. The following uses are permitted in the area delineated herein as a Residential-Business Planned Development: residential above the ground floor; office; lodging; animal services (excluding overnight boarding and kennels); business equipment sales and service; business support services; communication service establishments; eating and drinking establishments (all, including taverns); catering only allowed as an accessory use to a restaurant; small and medium venues (use allowed only pursuant to site plan approval per Section 17-13-0800 and with parking/traffic analysis through CDOT); financial services (excluding payday loan and pawn shops); food and beverage retail sales; medical service; personal service; general retail sales; participant sports and recreation; artisan manufacturing, production and industrial services (only as an accessory use to a principal retail use); co-located wireless communication facilities, accessory parking, and incidental and accessory uses.
6. On-Premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of DPD. Off-Premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted Floor Area Ratio ("FAR") for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted overall FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 15,797 square feet.

The Applicant acknowledges that the project has received a bonus FAR of 9.974, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 25.974. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17.4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085 of the Municipal Code, or any other provision of that Code.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the

ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

- \*17. The Applicant acknowledges and agrees that the rezoning of the Property from DX-16 Downtown Mixed-Use District to this Planned Development, triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (ARO Units) as affordable units, or with the approval of the commissioner of the Department of Housing ("DOH") (subject to the transition provisions of Section 2-44-040(c)), in consultation with the commissioner of the Department of Planning and Development ("DPD") as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a downtown district within the meaning of the ARO, and the project has a total of 289 units. As a result, the Applicant's affordable housing obligation is 29 ARO units (10 percent of 289 rounded up), 7 of which are Required Units (25 percent of 29, rounded down). Applicant has agreed to satisfy its affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$182,748 per unit ("Cash Payment") and providing 7 ARO Units in the rental building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as an Exhibit. The Applicant agrees that the ARO Units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, or

\* Editor's Note: Statement 16 missing in original document.

elects to build a for-sale project instead, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing for review and approval, and DOH may adjust the requirements and number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 17, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property to the DX-16 Downtown Mixed-Use District.

The M/WBE Participation Proposal must include a description of the applicant’s proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant’s submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant’s preliminary outreach plan, (b) a description of the applicant’s outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof, (c) responses to the applicant’s outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

Plan of Development Statements attached to this ordinance read as follows:

*Residential-Business Planned Development No. \_\_\_\_\_.*

*Planned Development Statements.*

1. The area delineated herein as Planned Development Number \_\_\_\_\_ ("Planned Development") consists of approximately 244,540 square feet of property which is depicted on the attached Planned Development Property Line and Boundary Map (the "Property") and is owned or controlled by the "Applicant", Seritage SRC Finance LLC.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Department of Planning and Development ("DPD") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

The Applicant acknowledges that the west side of the property includes the sidewalk and some parts of the curb and roadway on the east side of North Harlem Avenue and will provide an easement to the city for this property to be occupied by public sidewalks and street infrastructure. Also the Applicant acknowledges that there are preliminary plans to provide enhanced bus service in the vicinity of the Property, including a potential new bus stop on the west side of the Property along the east side of North Harlem Avenue. The Applicant shall reasonably cooperate with CDOT, Pace Suburban Bus, and other applicable governmental entities in the implementation of such improvements and for the provision of public access to the sidewalk on the west side of North Harlem Avenue from curb to building facade, including for general public use as a sidewalk, access to public utilities for maintenance or replacement, and installation of transit station infrastructure (bus shelters, signage, etc.).

Prior to Part II Approval, the Applicant shall submit and CDOT and the Illinois Department of Transportation (IDOT) shall approve an updated traffic study, which may include the installation and implementation of a new traffic signal at the intersection of West North Avenue and North Neva Avenue. If such signal is warranted, the Applicant shall install the signal and any other related roadway modifications at its sole cost. Any such signal shall be undertaken in accordance with plans approved by CDOT and IDOT. Further, to the extent any changes to the Plans approved herein are required to accommodate the traffic signal, such changes shall be permitted without requiring an amendment to the Planned Development.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between CDOT's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be reviewed and determined by CDOT's Division of Infrastructure Management:

- Full width of streets
- Full width of alleys
- Curb and gutter
- Pavement markings

- Sidewalks
- ADA crosswalk ramps
- Parkway and landscaping

The Agreement must be executed prior to any CDOT and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow CDOT's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by CDOT.

4. This plan of development consists of 17 Statements; a Bulk Regulations Table and the following "Plans": a Planned Development Existing Zoning Map; a Planned Development Existing Use Map; a Planned Development Property Line and Boundary Map; a Planned Development Site Plan; a Planned Development Landscape Plan; and Planned Development Elevations (North, South, East and West) prepared by Hirsch MPG Architecture + Planning and dated June 20, 2019, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.
5. The following uses are permitted in the area delineated herein as a Planned Development Number \_\_\_\_\_: dwelling units located above the ground floor; animal services (sales and grooming); artist work or sales space; business support services; eating and drinking establishments (all); small and medium venues; financial services (all, excluding payday/title secured loan store and pawn shop); food and beverage retail sales; liquor sales (as accessory use); medical service; office; personal service (all); retail sales; indoor/outdoor participant sports and recreation; limited manufacturing, production and industrial services; co-located wireless communication facilities and accessory and incidental uses.
6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and

approval of the DPD. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 244,540 square feet and a FAR of 1.2.
9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the approval of this Planned Development simultaneously with the approval of another residential planned development to its east triggers the requirements of Section 2-44-080 of the Municipal Code of Chicago (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units; (ii) pay a fee in lieu of the development of the ARO Units; or (iii) any combination of (i) and (ii); provided, however, residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site ("Required Units"). The Property is located in a low-moderate income area within the meaning of the ARO, and the Planned Development has a total of 161 units. As a result, the Applicant's affordable housing obligation is 16 ARO Units (10 percent of 161 rounded down), 4 of which are Required Units (25 percent of 16). The Applicant has agreed to satisfy its affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$52,214 per unit, as adjusted in accordance with the ARO ("Cash Payment") for 12 units and providing the 4 Required Units in the rental buildings to be constructed in the Planned Development, to be approved by the Department of Housing ("DOH"), as set forth in the Affordable Housing Profile Form attached hereto. The Applicant agrees that the ARO Units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval, and DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this statement, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.
17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property to the B3-2 Community Shopping District.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements attached to this ordinance read as follows:

*Residential-Business Planned Development No. \_\_\_\_\_.*

*Planned Development Statements.*

1. The area delineated herein as Planned Development Number \_\_\_\_\_ ("Planned Development") consists of approximately 156,056 square feet of property which is depicted on the attached Planned Development Property Line and Boundary Map (the "Property") and is owned or controlled by the "Applicant", Seritage SRC Finance LLC.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Department of Planning and Development ("DPD") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

Prior to Part II Approval, the Applicant shall submit and CDOT and the Illinois Department of Transportation (IDOT) shall approve an updated traffic study. If site plan modifications are warranted based on the approved traffic study, the Applicant shall complete the modifications at its sole cost. Any such modifications shall be undertaken in accordance with plans approved by CDOT and IDOT. Further, to the extent any changes to the Plans approved herein are required to accommodate traffic study recommendations, such changes shall be permitted without requiring an amendment to the Planned Development.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between CDOT's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be reviewed and determined by CDOT's Division of Infrastructure Management:

- Sidewalks
- ADA crosswalk ramps
- Parkway and landscaping

The Agreement must be executed prior to any CDOT and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow CDOT's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by CDOT.

4. This plan of development consists of 17 Statements; a Bulk Regulations Table; a Planned Development Existing Zoning Map; a Planned Development Existing Use Map; a Planned Development Property Line and Boundary Map; a Planned Development Site Plan; a Planned Development Landscape Plan; and Planned Development Elevations -- Building 1, 2, 3 and 4 (North, South, East and West) prepared by Hirsch MPG Architecture + Planning and dated June 20, 2019, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.
5. The following uses are permitted in the area delineated herein as a Planned Development \_\_\_\_\_: dwelling units located on and above the ground floor accessory and incidental uses.
6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the DPD. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 119,549 square feet and a base FAR of 1.5.
9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor

environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("MWBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such MWBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an MWBE Participation Proposal. The MWBE Participation Proposal must identify the applicant's goals for participation of certified MWBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The MWBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform MWBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to MWBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's MWBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of MWBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which MWBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of MWBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
16. The Applicant acknowledges and agrees that the rezoning of the Property from RS2 Residential Single-Unit (Detached House) District to RM4.5 Residential Multi-Unit District, and then to this Planned Development, triggers the requirements of

Section 2-44-080 of the Municipal Code of Chicago (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units; (ii) pay a fee in lieu of the development of the ARO Units; or (iii) any combination of (i) and (ii); provided, however, residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site ("Required Units"). The Property is located in a low-moderate income area within the meaning of the ARO, and the Planned Development has a total of 150 units. As a result, the Applicant's affordable housing obligation is 15 ARO Units (10 percent of 150), 4 of which are Required Units (25 percent of 15, rounded up). The Applicant has agreed to satisfy its affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$52,214 per unit, as adjusted in accordance with the ARO ("Cash Payment") for 11 units and providing the 4 Required Units in the rental buildings to be constructed in the Planned Development, to be approved by the Department of Housing ("DOH"), as set forth in the Affordable Housing Profile Form attached hereto. The Applicant agrees that the ARO Units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval, and DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this statement, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property to an RM4.5 Residential Multi-Unit District.

The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. At the time of a hearing before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development.

16. The P.D. includes LaSalle Street Cable Car Powerhouse, which is designated as a Chicago landmark or has been identified as contributing to the historic. Work to designated Chicago landmarks is subject to the review and approval of the Commission on Chicago Landmarks pursuant to the Chicago Landmarks Ordinance, Section 2-120-740.

Prior to submitting an application for a building permit for the project, the applicant shall submit the report of a licensed structural engineer to the Historic Preservation Division of the Department of Planning and Development for its acceptance. The report shall include recommendations for protection or stabilization measures to be taken during construction regarding the adjacent Vesemen Building, a designated Chicago landmark, at 444 North LaSalle Drive.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to DX-7 Downtown Mixed-Use District.

17-13-0303-C (1) Narrative Zoning Analysis – *SUBSTITUTE NARRATIVE AND PLANS*  
1133-1155 West Fulton Market, Chicago, Illinois

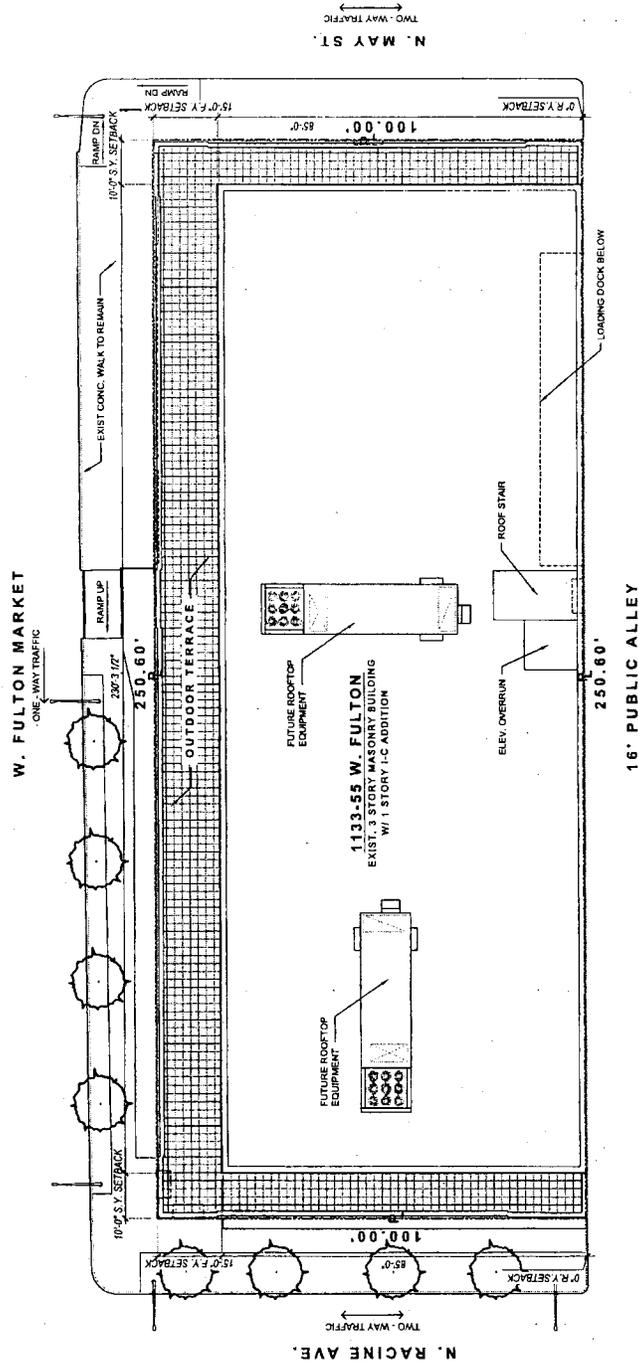

Proposed Zoning: DX-5 Downtown Mixed-Use District

Lot Area: 25,060 square feet

Proposed Land Use: The Applicant is seeking a zoning change in order to permit the rehabilitation and expansion of the two (2) existing three-story conjoined buildings, which buildings are presently *non-conforming* under the current Zoning Ordinance. The proposed change in zoning, therefore, will also cure the *non-conforming* conditions, at the property. Part of the rehabilitation proposal calls for the erection of a new one-story (vertical) addition – above the existing 3<sup>rd</sup> Floor. The rehabilitation plan also calls for the establishment of ‘office suites’, within the western portion of the 1<sup>st</sup> Floor and on the entirety of the 2<sup>nd</sup> thru 4<sup>th</sup> Floors, while the eastern portion of the 1<sup>st</sup> Floor will be dedicated to ‘retail’ use. Toward this end, the proposed one-story addition will contain a single office suite, with a private outdoor terrace - which will wrap around the front and sides of the space. No ‘residential uses’ are proposed or intended. There is, and will remain, no off-street vehicular parking, at the site. The existing building, with proposed 4<sup>th</sup> Floor addition, is and will be masonry, glass and steel in construction and will measure 60 feet-0 inches in height.

- (A) The Project’s Floor Area Ratio: 94,733 square feet (3.78 FAR)
- (B) The Project’s Density (Lot Area Per Dwelling Unit): NO dwelling units proposed
- (C) The amount of off-street parking: 0 vehicular parking spaces

17-13-0303-C (1) Narrative Zoning Analysis and Plans  
1038-1046 North Spaulding Avenue, Chicago, Illinois

Proposed Zoning: RM-5 Residential Multi-Unit District

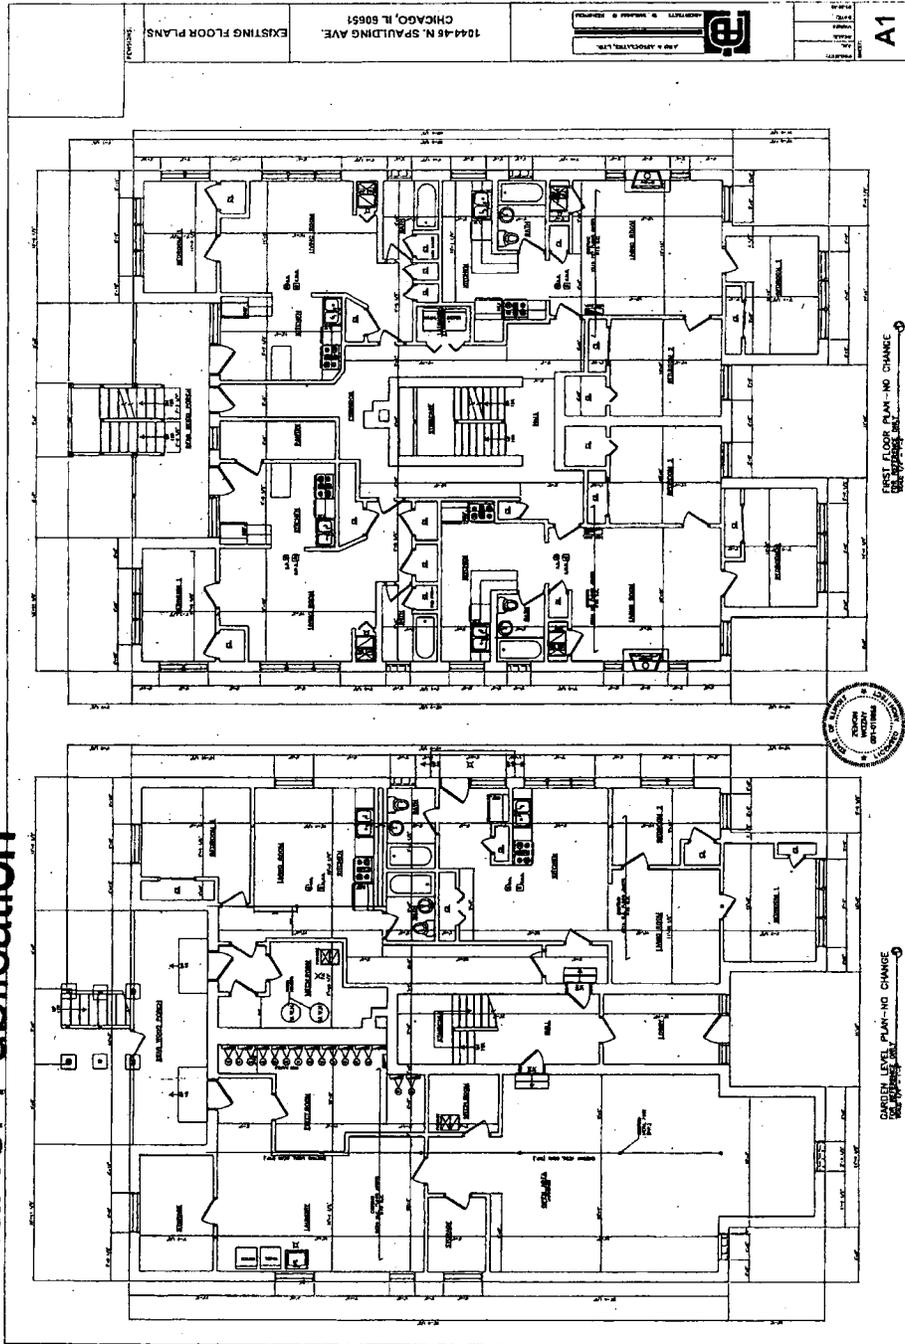

Lot Area: 15,948 square feet

Proposed Land Use: The site is presently improved with a three-story (with basement) multi-unit residential building. *\*[Original construction of the existing building dates back more than fifty (50) years.]* The southern-most portion of the site is presently vacant and unimproved. The existing building presently contains a total of fourteen (14) dwelling units, and – therefore, *nonconforming*, under the current Zoning Ordinance. The Applicant is seeking a zoning change in order to permit the rehabilitation of the existing building. Part of the rehabilitation plan calls for the establishment of an additional two (2) dwelling units – within the building, for a total of sixteen (16) dwelling units – at the subject site. All of the proposed rehabilitation work will be to the existing facades and/or to the interior of the existing building. The rehabilitation plan does NOT call for the physical expansion of the existing building. The zoning change is required in order to bring the existing *non-conforming* building into compliance, under the current Zoning Ordinance, and to permit the establishment of the additional two (2) dwelling units – therein. There is presently zero (0) designated onsite vehicular parking spaces, at the property. The rehabilitation plan calls for the provision of onsite parking for at least six (6) vehicles. The existing building is masonry in construction and measures 39 feet-2 inches in height.

### ATTACHMENT A

#### Supplemental Submission Type 1 Rezoning

This application for a zoning map amendment qualifies as a Type 1 rezoning for the following reasons:

- 1) The floor area ratio is more than two times higher than the property's existing zoning. The current floor area ratio is .483 in the current M1-2 zoning district which allows a maximum FAR of 1.2. The proposed zoning district is C2-2 which allows a maximum FAR of 2.2.
- 2) The current M1-2 zoning district does not impose a height limitation and the proposed C2-2 zoning district does impose a height limitation.
- 3) The current M1-2 zoning district does not permit residential or household living uses and the proposed C2-2 zoning district does allow residential or household living uses.
  - a) Proposed land use: The applicant proposes an interior renovation of an existing approximately 9,457 s.f. one story building which currently contains a single retail use in the building located at 900 W. North Ave. (aka 1626-40 North Clybourn). The applicant proposes to subdivide the existing space in the building into three uses. The building previously housed a retail children's furniture store. The proposal is to subdivide the building into three uses, a 4,195 s.f. retail space, a 2700 s.f. restaurant and a 2,200 s.f. restaurant. No changes are proposed to the other two buildings at this location (see property addresses below).
  - b) Project's floor area ratio: .483  
The site area of the three buildings totals 65,105 s.f. The site area is 134,342. Therefore, the FAR is .483.
  - c) Project's density: NA  
The project does not contain dwelling units.
  - d) Amount of off-street parking: 176 spaces
  - e) Setbacks:
    1. North Ave.: 0 ft.
    2. Clybourn Ave: 0 ft.
    3. Concord Pl.: 0 ft.
  - f) Building Heights:
    1. 850 W. North Ave.: 60 ft.
    2. 908 W. North Ave.: 24 ft.
    3. 900 W. North Ave. (aka 1626-32 W. North Ave.): 24 ft.

Applicant: North and Clybourn, LLC  
 Property addresses: 1600-40 North Clybourn Ave., 1700-12 North Clybourn Ave., 922-26 West Concord Place, and 842-920 West North Avenue (aka 900 W North Ave/1600 N Clybourn)

### ATTACHMENT B

#### Supplemental Procedures for Rezoning of Designated Industrial Corridors

The applicant proposes to rezone property located in the North Branch Industrial Corridor from an M1-2 Limited Manufacturing/Business Park District to C2-2 Motor Vehicle - Related Commercial District. Therefore, pursuant to the 2004 amendment to the Chicago Zoning Ordinance this zoning map amendment application is subject to hearings before the Chicago Plan Commission. As background, retail uses were established at the three-building campus in 1996 pursuant to a special use resolution of the Zoning Board of Appeals which granted approval for retail uses in Planned Manufacturing District No. 1, Buffer Zone. Subsequently, on 7/26/2017 the Chicago City Council abolished PMD No. 1 in its entirety and rezoned the subject property to M1-2. No industrial or manufacturing uses have occurred at the subject for over 23 years and since well before 1996. The immediate prior uses of the subject site were a hardware store, a lumber yard and a hot dog stand.

Factors to be considered:

1. Would the proposed rezoning adversely affect the continued industrial viability of the industrial corridor? **No. As stated above, the proposed rezoning will result in the zoning map reflecting the retail type uses which have been in place at this location for over 23 years. Further, there are no industrial uses in close proximity to the subject site.**

**17-13-0403 Review and Decision-Making Criteria.** In reviewing and making decisions on proposed zoning map amendments within *industrial corridors*, review bodies and decision-making bodies must consider the criteria established in Sec. 17-13-0308 as well as whether the proposed rezoning would adversely affect the continued industrial viability of the *industrial corridor*. With respect to industrial viability, review bodies and decision-making bodies must consider the following factors:

**17-13-0403-A** the size of the district; **The size of the district is irrelevant as the existing retail use has been in place for 23 years.**

**17-13-0403-B** the number of existing firms and employees that would be affected; **No industrial jobs will be affected as there are none at the subject site.**

**17-13-0403-C** recent and planned public and private investments within the district; **The applicant is unaware of any recent or planned public or private industrial investment within this area of the district.**

**17-13-0403-D** the potential of the district to support additional industrial uses and increased manufacturing employment; **The potential of the district to support additional industrial uses or increased manufacturing employment is exceedingly low as there are no industrial or manufacturing uses in the vicinity of the site.**

**17-13-0403-E** the proportion of land in the district currently devoted to industrial uses; **No portion of the subject site is currently devoted to industrial uses.**

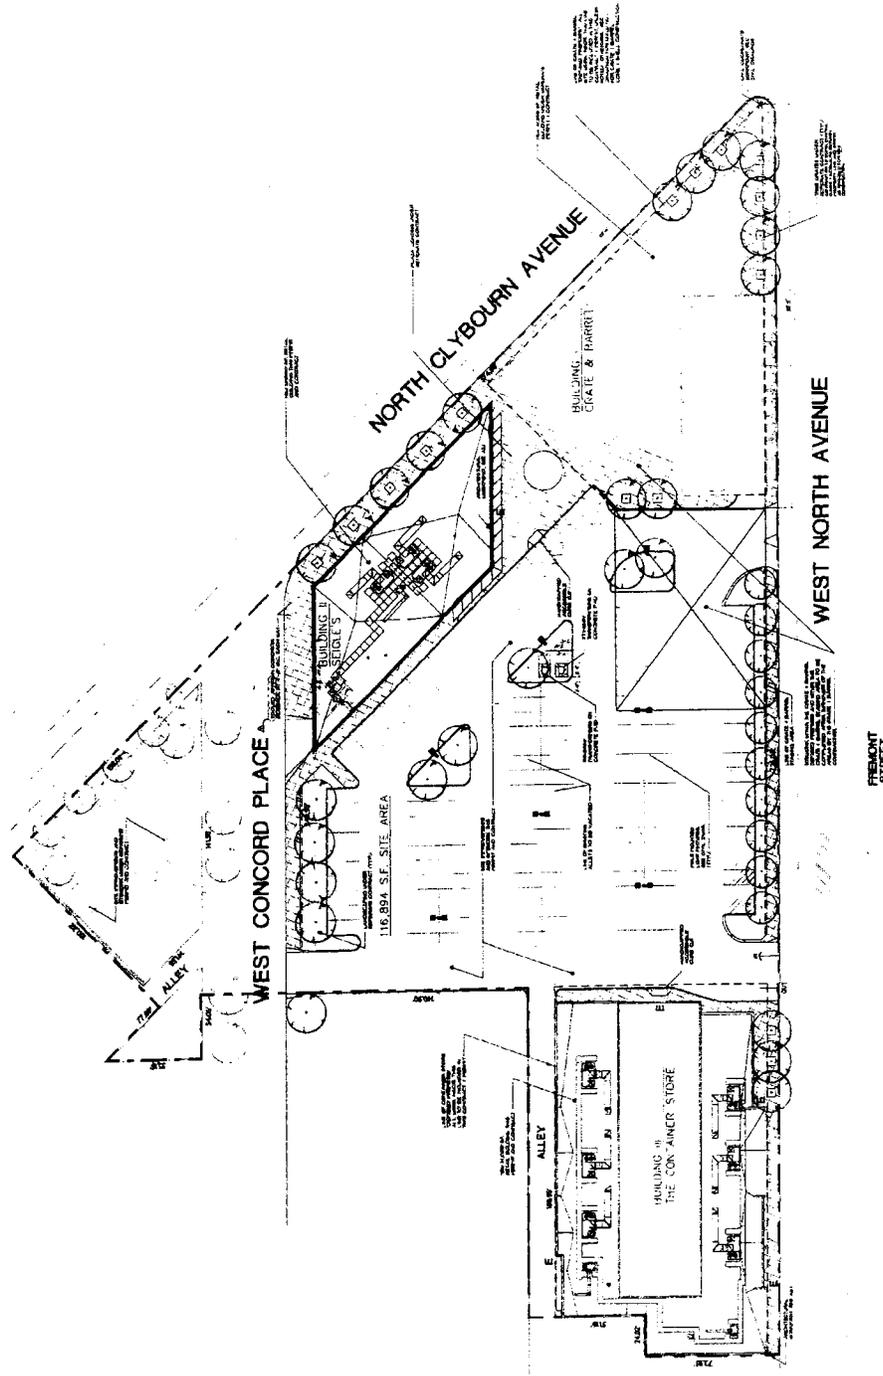

**17-13-0403-F** the proportion of land in the district currently devoted to non-manufacturing uses; **All of the land in the this part of the district is currently devoted to non-manufacturing uses.**

**17-13-0403-G** the area's importance to the city as an industrial district. **This area of the city is unimportant as an industrial district as there is no industrial activity at or near the subject site.**

**17-13-0308-A** whether the proposed rezoning is consistent with any plans for the area that have been adopted by the Plan Commission or approved by the City Council: **The proposed project is wholly consistent with the North Branch Framework Plan, adopted by the Chicago Plan Commission in May, 2017 to promote economic activity. The subject site was removed from Planned Manufacturing District No. 1. The land use of the subject site is retail and has been so without interruption since 1997.**

Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and

regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("MWBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such MWBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to Department of Planning and Development ("DPD"), as part of its application for planned development approval, an MWBE Participation Proposal. The MWBE Participation Proposal must identify the applicant's goals for participation of certified MWBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and \*(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The MWBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform MWBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to MWBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof, (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's MWBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of MWBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which MWBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator.

---

\* Editor's Note: Numbering sequence error; (i) missing in original document.

DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the transition of the Property to this Planned Development triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units or with the approval of the Commissioner of the Department of Housing (subject to the transition provisions of Section 2-44-040(c)), in consultation with the Commissioner of the Department of Planning and Development ("DPD") as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area within the meaning of the ARO, and the project has a total of 72 units. As a result, the Applicant's affordable housing obligation is 7 ARO Units (10 percent of 72 rounded down), 7 of which are Required Units (100 percent ARO on-site requirement due to TSL project receiving 4.0 FAR). Applicant has agreed to satisfy its affordable housing obligation by providing 7 ARO Units in the rental building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the ARO rental Units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of ARO Units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing for review and approval, and DOH may adjust the number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of Housing may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to the B3-5 Community Shopping District.

This Planned Development transfers 128,293 square feet of floor area development rights from Subarea B to Subarea A, resulting in a subarea maximum FAR of 7.62 in Subarea A and 0.10 FAR in Subarea B.
9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and Development. 13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.
15. The Applicant acknowledges and agrees that the rezoning of the Property from Residential Planned Development Number 1312 to Residential Planned Development Number 1312, as amended, triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units, or with the approval of the Commissioner of the Department of Housing (subject to the transition provisions of Section 2-44-040(c)), in consultation with the Commissioner of the Department of Planning and Development ("DPD") as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area within the meaning of the ARO, and the project has a total of 141 units as obligated by the 2007 ARO and 14 units as obligated by the 2015 ARO for a total of 155 units. As a result, the Applicant's affordable housing obligation is 16 ARO Units (10 percent of 141, rounded up; and 10 percent of 14, rounded down). Applicant has agreed to satisfy its affordable housing obligation by providing 16 ARO Units in the rental building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit [\_\_\_\_]. The Applicant agrees that the ARO rental Units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of ARO Units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or

foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement [\_\_\_\_], including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and \*(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-630 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that the Rainbow Pylons and the Legacy Walk, located at 3244 -- 3710 North Halsted Street (evens), 3243 -- 3711 North Halsted Street (odds), Chicago, Illinois, as depicted in Exhibit A attached hereto and incorporated herein, satisfies three (3) criteria for landmark designation as set forth in Sections 2-120-620 (1), (4), and (6) of the Municipal Code; and

WHEREAS, The Rainbow Pylons were the first streetscape elements designed to recognize and celebrate Chicago's lesbian, gay, bisexual, transgender, and queer (LGBTQ) community. The pylons physically represent a significant historic cultural shift in Chicago and the United States in the 1990s to honor the rights, existence, and importance of the LGBTQ community; and

WHEREAS, The Rainbow Pylons and the Legacy Walk serve a critical role in raising the public visibility of LGBTQ lives; and

WHEREAS, The Legacy Walk was the first memorial to recognize the accomplishments and contributions of LGBTQ people in world history. This memorial walk is uniquely accessible to the public as an educational initiative aimed at all people; and

WHEREAS, The Legacy Walk is a unique and important milestone in acknowledging the contributions of the LGBTQ community to world history. The diverse range of contributions represented are both educational and inspirational to all, especially those that have been denied LGBTQ role models; and

WHEREAS, The Rainbow Pylons are exemplary of the types of cultural streetscape markers that were designed by local Chicago architectural firms as part of a series of street beautification projects undertaken between 1990 and 2002; and

WHEREAS, The overall design, although controversial at the time of its installation, was developed with the community as well as local business leaders and executed in a form that complements the variety of architectural styles found along Halsted Street, between Bradley Place and Melrose Street; and

WHEREAS, The pylons and The Legacy Walk are well-crafted and unique installations of streetscape sculptural objects with no comparable examples in Chicago; and

WHEREAS, The Chicago firm of DeStefano+Partners designed the row of 10 pairs of Rainbow Pylons that line North Halsted Street. The Legacy Walk was conceived and designed by community member Victor Salvo. The two components complement each other to form a streetscape that serves to educate the public and provide a sense of place that is both safe and inclusive; and

WHEREAS, The pylons and the walk are representative of the success of the LGBTQ rights movement and the significant cultural shift in Chicago and the United States that allowed for the installation of these identifying streetscape markers; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the Rainbow Pylons and the Legacy Walk has a significant historic, community, architectural, or aesthetic interest or value, the integrity of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On May 2, 2019, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the Rainbow Pylons and the Legacy Walk be designated a Chicago landmark; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. The above recitals are hereby adopted as the findings of the City Council.

SECTION 2. The Rainbow Pylons and the Legacy Walk is hereby designated a Chicago landmark in accordance with Section 2-120-700 of the Municipal Code.

SECTION 3. For purposes of Sections 2-120-740 and 2-120-770 of the Municipal Code governing permit review, the significant historical and architectural features of the Rainbow Pylons and the Legacy Walk are identified as:

- All 20 sidewalk-mounted pylons, which are visible from all sides in the public right-of-way.
- The Legacy Walk plaques attached to the pylons. The individual plaques may be changed, though the size, proportion, and character of the plaque design should be maintained.

SECTION 4. The Commission is hereby directed to create a suitable plaque appropriately identifying the Rainbow Pylons and the Legacy Walk as a Chicago landmark.

SECTION 5. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

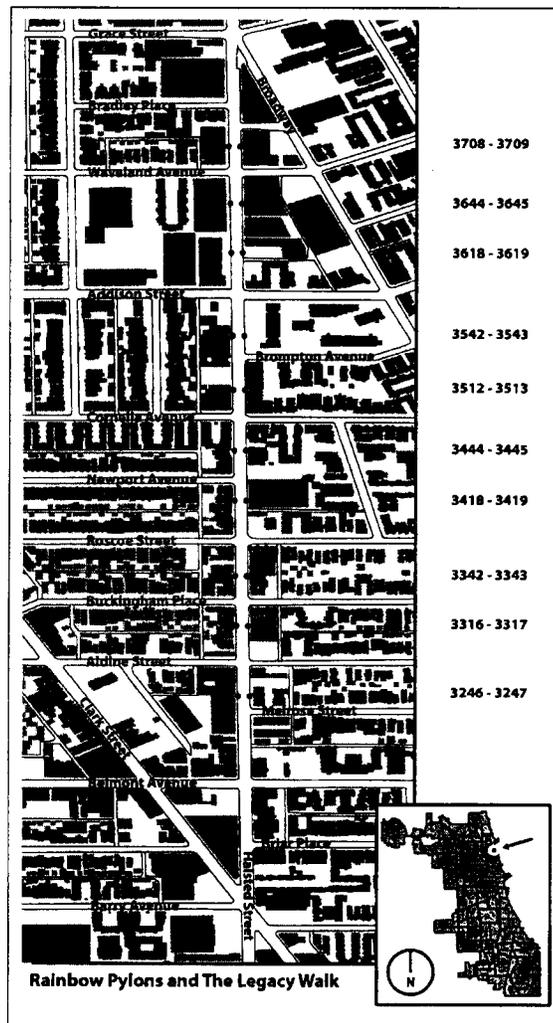

SECTION 6. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 7. This ordinance shall take effect upon its passage and approval.

[Exhibit "A" referred to in this ordinance printed
