This chapter shall be known and may be cited as the "Chicago Personal Property Lease Transaction Tax Ordinance". The tax imposed by this chapter shall be known as the "Chicago Personal Property Lease

Transaction Tax" or the "Chicago Transaction Tax", and is imposed in addition to all other taxes imposed by the City of Chicago, the State of Illinois or any other municipal corporation or political subdivision of the state of Illinois.

3-32-020 Definitions.

When any of the following words or terms are used in this chapter, whether or not capitalized and whether or not used in a conjunctive or connective form, they shall have the meaning or construction ascribed to them in this section:

A. "City" means the City of Chicago.

B. "Computer" means, but not by way of limitation, a device that accepts, processes, stores, retrieves or outputs data including, but not limited to, storage and telecommunication devices or other computer hardware connected to or used with computers.

C. "Computer program" or "program" means, but not by way of limitation, a series of coded instructions or statements in a form acceptable to a computer and intended for execution on a computer, either directly or indirectly, to bring about a certain result, such as causing the computer to process data and supply the results of the data processing.

D. "Computer software" or "software" means, but not by way of limitation, data and information that are associated with the hardware of a computer such as a collection of computer programs, routines, compilers, assemblers, translators, manuals, circuit diagrams and operation procedures.

E. "Data" or "database" means, but not by way of limitation, a representation of information, knowledge, facts, concepts or instructions, including program documentation, which is prepared in a formalized manner and is stored or processed in or transmitted by a computer. Data may be in any form including, but not limited to, reports, printouts, magnetic or optical storage media, punch cards or data stored internally in the memory of the computer.

F. "Department of Revenue" or "department" means the Department of Revenue of the City.

G. "Director of Revenue" or "director" means the Director of Revenue of the City.

H. "Lease" or "rental" means any transfer of the possession or use of personal property, but not title or ownership, to a user for consideration, whether or not designated as a lease, rental, license or by some other term.

The words "lease" or "rental" include, but are not limited to, leased time on or use of any and all personal property not otherwise itself rented, such as leased time for the use of addressing machines, billboards, calculators, computers, computer software, copying equipment or data processing equipment, whether the time is fully or partially utilized. The words "lease" or "rental" specifically include, but are not limited to, time sharing or time use of a computer with other users, with the location of the terminal or other device by which a user accesses the computer deemed to be the place of lease or rental and the place of use of the computer for purposes of the tax imposed by this chapter. For purposes of this subsection, time sharing or time use of a computer includes the use of the computer's hardware, computer software, computer programs and databases for any purpose, whether or not the charge for use is measured by the actual amount of time used or by some other measure.

The words "lease" or "rental" shall not be construed to include an agreement which constitutes a bona fide conditional sale of personal property. The primary consideration in determining whether an agreement is a conditional sale rather than a lease or rental is whether the lessee under the agreement both is required to make payments the sum of which are at least equal to the lessor's cost of the personal property and, under the terms of the agreement, has the option of taking title to or ownership of the personal property for nominal or no consideration after all payments required under the agreement have been made.

I. "Lease or rental payment period" means the length of time or period of use that is covered by a single lease or rental payment as agreed to under the terms of the lease or rental agreement.

J. "Lease price" or "rental price" means the consideration for the lease or rental of personal property, valued in money, whether received in money or otherwise, including cash, credits, property and services, determined without any deduction for costs or expenses whatsoever, but not including charges that are added to the price by a lessor on account of the tax imposed by this chapter or on account of any other tax imposed on the lessee for the lease or rental of personal property. The term "lease price" or "rental price" shall exclude separately stated charges not for the use of personal property. If any separately stated charge is not optional, it shall be presumed unless proved otherwise that it is part of the charge for the use of the personal property.

K. "Lessee" means any person who leases or rents personal property from another, whether the lease or rental price is paid by the lessee or by another person.

L. "Lessor" means any person, including the assignee of any lease or rental agreement, who leases or rents personal property to users.

M. "Person" means any individual, receiver, administrator, executor, conservator, trust, estate, partnership, joint venture, club, joint stock company, business trust, corporation, association, limited liability company, syndicate, society or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise, or the State of Illinois or any political subdivision thereof, or the United States or any instrumentality thereof.

N. "Personal property" means any and all property other than real property.

O. "Use" means the exercise of any right to or power over personal property by a lessee incident to the lease or rental of that property including, but not limited to, the permanent or temporary storage, stationing or garaging of personal property by the lessee. "Use" by a lessee includes not only the use of personal property directly by the lessee but also the use of personal property by the lessee's agents, representatives or other authorized designees.

3-32-030 Tax Imposed.

A. Except as otherwise provided in this chapter, a tax is imposed upon: (1) the lease or rental in the city of personal property or (2) the privilege of using in the city personal property that is leased or rented outside the city. The incidence of the tax and the obligation to pay the tax are upon the lessee of the personal property.

B. The rate of the tax shall be six percent of the lease or rental price. The tax shall be paid by the lessee at the time of each lease or rental payment, and each tax payment shall be determined by applying the tax rate to the lease or rental payment.

C. For purposes of this chapter, the lease or rental of personal property shall be deemed to take place at the location where the lessee takes possession or delivery of the personal property.

D. Notwithstanding Subsection 3-32-030(A), a lessee of personal property leased or rented in the city shall not be required to pay tax for any lease or rental payment period in which the personal property is used solely outside the city; provided, however, that this Subsection 3-32-030(D) shall not apply to the lease or rental payment period in which the lessee takes possession or delivery of the personal property at a location in the city.

E. To prevent multiple taxation, any lessee that uses in the city personal property leased or rented outside the city may claim a credit against the tax

imposed by this chapter equal to any municipal tax property due and actually paid to another municipality with respect to the lease or rental of such personal property. The credit may not exceed the amount of the tax imposed by this chapter that otherwise would be due.

F. Nothing in this chapter shall be construed to impose a tax upon any transaction or privilege which, under the constitutions of the United States or the State of Illinois, may not be made the subject of taxation by the city.

3-32-040 Exempt Lessees.

Notwithstanding any other provision of this chapter, the following lessees shall be exempt from the tax imposed by this chapter:

A. a lessee that is a governmental body;

B. a lessee that is an organization organized and operated exclusively for charitable, educational or religious purposes.

3-32-050 Exempt Leases, Rentals Or Uses.

A. Notwithstanding any other provision of this chapter, the following leases, rentals or uses shall be exempt from the tax imposed by this chapter:

(1) the use in the city of personal property leased or rented outside the city if the property is primarily used (more than 50%) outside the city;

(2) the lease, rental or use of personal property that is leased or rented from a person subject to the tax imposed by Section 3-40-040, Section 3-40-170 or Section 3-40-310 of this Code, as amended, provided that such tax is imposed upon the receipts attributable to leases or rentals to the lessee and further provided that the tax is passed on to the lessee as a separate charge pursuant to Section 9-221 of the Public Utilities Act, as amended, Illinois Revised Statutes, Chapter 111 $\frac{2}{3}$, Paragraph 9-221;

(3) the lease, rental or use by an interstate carrier for hire of rolling stock actually moving in interstate commerce;

(4) the lease, rental or use of personal property where the lease or rental price is paid in its entirety by inserting one or more coins or bills of currency of the United States into a mechanism attached to the personal property;

(5) *the lease, rental or use of medical appliances or medical equipment by a person for the purpose of correcting or treating parts of his or her own body;*

(6) *the lease, rental or use of a ground-transportation vehicle, as that term is defined by Chapter 3-46 of this Code, but only if the lessor is subject to the Chicago ground-transportation tax with respect to such vehicle.*

B. For purposes of applying any of the exemptions contained in this section, every lease or rental payment period shall be deemed a separate transaction or privilege. Any person claiming an exemption shall have the burden of proving entitlement to the exemption for each lease or rental payment period for which the exemption is claimed.

3-32-060 Leases For Re-Lease.

A lessee of personal property shall not be required to pay the tax imposed by this chapter for any lease or rental payment period in which the lessee in turn will act as a lessor of the same property, provided that the lessee supplies to its lessor a written verification that the property is being leased for re-lease, together with either (A) a re-lease certificate issued by the department or (B) documentary evidence that the subsequent lease is exempt from or otherwise not subject to, the tax.

30-32-070 Collection And Remittance Responsibilities Of Lessors.

A. It shall be the duty of each lessor to collect the tax imposed by this chapter from the lessee at the time of each lease or rental payment, and to remit the tax to the department in accordance with Section 3-32-080 of this chapter. In the event that a lessor fails to collect or remit the tax required to be collected by this section, the lessor shall be liable to the city for the amount of such tax.

B. In the case of an assignment of a lease or rental agreement, the original lessor shall not be required to collect and remit tax which becomes due after the assignment, provided that the original lessor separately stated the amount of the tax on the face of the agreement.

C. The tax imposed by this chapter, when collected or billed, shall be stated as a distinct item separate and apart from the lease or rental price of the personal property.

3-32-080 Tax Remittance And Returns.

A. (1) *On or before the last day of each calendar month, every lessor shall remit to the department the tax attributable to lease or rental payments received during the immediately preceding calendar month and shall file with the department a remittance return. The remittance return shall be in a form prescribed by the director, containing such information as the director may reasonably require.*

(2) *A lessor may remit tax and file remittance returns on the accrual rather than cash basis, provided that the lessor receives prior authorization from the department.*

(3) *The director, by rule, may authorize lessors having an average monthly liability of less than \$25 to remit the tax on an annual rather than a monthly basis.*

B. *If a lessor fails to collect the tax imposed by this chapter from a lessee, then the lessee shall file a return and pay the tax directly to the department on or before the date required by Subsection 3-32-080(A).*

3-32-090 Registration.

A. *Every lessor that maintains an office or principal place of business in the city or that is required to collect the tax imposed by this chapter shall register with the department on a form prescribed by the director within 30 days after the effective date of this chapter, or within 30 days after establishing an office or principal place of business in the city or becoming subject to tax collection responsibilities, as the case may be.*

B. *If any information provided by a lessor on a registration form ceases to be accurate, then the lessor shall file a corrected form with the department prior to the following January 1.*

3-32-100 Contents Of Lease Agreements.

Every lease or rental agreement, or memorandum of lease or rental, shall indicate the date of the transaction which it evidences, the name of the lessor and the lessee, the personal property to which it relates, the number and duration of lease or rental payment periods, and the amount of each lease or rental payment. All formal leases, rental agreements and memoranda of leases or rentals shall bear a number upon their face. No more than one formal lease or rental agreement, or memorandum of lease or rental, made by a lessor on any given date shall bear the same number. The number identifying the lease or rental agreement, or memorandum of lease or

rental, shall be entered and recorded in the books of account required to be kept by Section 3-32-110.

3-33-010 *Title.*

This chapter shall be known and may be cited as the "Chicago Real Property Transfer Tax Ordinance". The tax imposed by this chapter shall be known as the "Chicago Real Property Transfer Tax", and is imposed in addition to all other taxes imposed by the City of Chicago, the State of Illinois or any other municipal corporation or political subdivision of the state of Illinois.

3-33-020 *Definitions.*

When any of the following words or terms are used in this chapter, whether or not capitalized, they shall have the following meaning:

A. *"Beneficial interest in real property" includes, but is not limited to :*

(1) the beneficial interest in an Illinois land trust;

(2) the lessee interest in a ground lease (including any interest of the lessee in the related improvements) that provides for a term of 30 or more years when all options to renew or extend are included, whether or not any portion of the term has expired; or

(3) the indirect interest in real property as reflected by a controlling interest in a real estate entity.

B. "City" means the City of Chicago.

C. "Controlling interest" means (1) 50% or more of the combined voting power or fair market value of all ownership interests or beneficial interests in a real estate entity, whether the interests are owned by one or by several persons, or (2) the right of one or of several persons to receive at the time of any distribution 50% or more of the income or profits of a real estate entity.

D. "Department of Revenue" means the department of revenue of the city.

E. "Director of Revenue" means the Director of Revenue of the city.

F. "Person" means any individual, receiver, administrator, executor, conservator, assignee, trust, estate, partnership, joint venture, club, joint stock company, business trust, political subdivision of the State of Illinois, corporation, association, limited liability company, syndicate, society, or any group of persons acting as a unit, whether mutual, cooperative, fraternal, nonprofit or otherwise.

G. "Real estate entity" means any person (other than an Illinois land trust) including, but not limited to, any partnership, corporation, trust, or single or multi-tiered entity, that exists or acts substantially for the purpose of holding directly or indirectly title to or beneficial interest in real property located in the city, whether for personal use, the production of rental income, or investment. It shall be presumed, unless proved otherwise, that an entity is a real estate entity if it owns directly or indirectly real property located in the city having a fair market value greater than 75 percent of the total fair market value of all of the entity's assets (determined without deduction for any mortgage, lien or encumbrance).

H. "Transfer price" means the consideration furnished for the transfer of title to, or beneficial interest in, real property, valued in money, whether paid in money or otherwise, including cash, credits and property, determined without any deduction for mortgages, liens or encumbrances, and specifically including the amount of any indebtedness or obligation canceled or discharged in connection with the transfer. In the case where the controlling interest in a real estate entity is transferred, and the real estate entity holds assets in addition to title to or beneficial interest in real property located in the city, "transfer price" means only that portion of the consideration attributable to the transfer of such real property or such beneficial interest.

3-33-030 Tax Imposed.

A. Except as otherwise provided in this chapter, a tax is imposed upon the privilege of transferring title to, or beneficial interest in, real property located in the city, whether or not the agreement or contract providing for the transfer is entered into in the city. The tax shall be at the rate of \$3.75 per \$500.00 of the transfer price, or fraction thereof, of the real property or the beneficial interest in real property.

B. (1) The tax imposed by this chapter is due upon the earlier of the delivery or recording of the deed, assignment or other instrument of transfer.

(2) In the case of an assignment of a beneficial interest in a trust, delivery shall be deemed to occur when the trustee receives possession of a valid assignment of the beneficial interest. In the case of other transfers, delivery shall be deemed to occur when the transferee, or the transferee's representative or agent, receives or becomes entitled to receive possession of the instrument of transfer.

C. The primary incidence of the tax and the obligation to pay the tax are on the purchaser, grantee, assignee or other transferee; provided, however, that if the transferee is exempt from the tax solely by operation of state law, then the incidence of the tax and obligation to pay the tax shall be upon the transferor.

D. The tax imposed by this chapter shall be due whether the transfer of a controlling interest in a real estate entity is effected by one transaction or by a series of related transactions. For purposes of this subsection, it shall be presumed unless proved otherwise that transactions are related if they occur within the same 24-month period.

E. Nothing in this chapter shall be construed to impose a tax upon any transaction or privilege which, under the constitutions of the United States or the State of Illinois, may not be made the subject of taxation by the city.

3-33-040 Payment Of The Tax.

A. Except in the case of tax paid pursuant to Section 3-33-100, the tax imposed by this chapter shall be paid by the purchase of tax stamps issued by the Department of Revenue or its agents.

B. It shall be the duty of the person or persons liable for the tax to affix, or cause to be affixed, the appropriate number and denomination of stamps to the face of the deed, assignment or other instrument of transfer. Any person

affixing a stamp shall cancel it in accordance with the provisions of Subsection 3-33-090(D) of this chapter.

C. Neither the Director of Revenue nor any agent of the director shall issue tax stamps in connection with a parcel of real property located in the city unless there is presented to the Department of Revenue or its agent (1) a certificate issued by the Commissioner of Water showing that, as of the most current billing, all water and sewer assessments relating to the parcel have been paid in full or (2) a waiver of certification issued pursuant to applicable rules or regulations.

D. Neither the Director of Revenue nor any agent of the director shall issue tax stamps in connection with any "building", as that term is defined by Section 13-10-010 of this Code, unless the transferee presents to the Department of Revenue or its agent either (1) a certificate of registration showing that the building is registered with the Department of Buildings pursuant to Chapter 13-10 of this Code or (2) a waiver of registration issued by the Building Commissioner.

3-33-050 Contingent Liability Of Transferors.

If a real property transfer declaration is not filed with the Department of Revenue as provided by Section 3-33-070, then the transferor shall be liable for any unpaid tax imposed by this chapter, together with interest and all applicable penalties.

3-33-060 Exempt Transfers.

Subject to the requirement contained in Subsection 3-33-070(C) of this chapter, the following transfers are exempt from the tax imposed by this chapter:

A. Transfers of real property made prior to January 1, 1974 where the deed was recorded after that date or assignments of beneficial interest in real property dated prior to July 19, 1985 where the assignment was delivered on or after July 19, 1985;

B. Transfers involving real property acquired by or from any governmental body or acquired by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or acquired by any international organization not subject to local taxes under applicable law;

C. Transfers in which the deed, assignment or other instrument of transfer secures debt or other obligations;

D. Transfers in which the deed, assignment or other instrument of transfer, without additional consideration, confirms, corrects, modifies, or supplements a deed, assignment or other instrument or transfer previously recorded or delivered;

E. Transfers in which the transfer price is less than \$500;

F. Transfers in which the deed is a tax deed;

G. Transfers in which the deed, assignment or other instrument of transfer releases property which secures debt or other obligations;

H. Transfers in which the deed is a deed of partition; provided, however, that if a party receives a share greater than its undivided interest in the real property, then such party shall be liable for tax computed upon any consideration paid for the excess;

I. Transfers between a subsidiary corporation and its parent or between subsidiary corporations of a common parent either pursuant to a plan of merger or consolidation or pursuant to an agreement providing for the sale of substantially all of the seller's assets;

J. Transfers from a subsidiary corporation to its parent for no consideration other than the cancellation or surrender of the subsidiary's stock and transfers from a parent corporation to its subsidiary for no consideration other than the issuance or delivery to the parent of the subsidiary's stock;

K. Transfers made pursuant to a confirmed plan of reorganization as provided under Section 1146(c) of Chapter 11 of the United States Bankruptcy Code of 1978, as amended;

L. Transfers of title to, or beneficial interest in, real property used primarily for commercial or industrial purposes located in an enterprise zone, as defined in Chapter 16-12 of this Code;

M. Transfers in which the deed or other instrument of transfer is issued to the mortgagee or secured creditor pursuant to a mortgage or security interest foreclosure proceeding or sale or pursuant to a transfer in lieu of foreclosure; and

N. Transfers in which the transferee is a participant in the Illinois Home Ownership Made Easy Program (H.O.M.E.), Illinois Revised Statutes, Chapter 67½, Paragraph 1101, et seq..

3-33-070 Filing Of Real Property Transfer Declaration.

A. At or before the time that the tax imposed by this chapter is due or, in the case of an exempt transfer, at or before the time that the deed, assignment or other instrument of transfer is delivered, there shall be filed with the Department of Revenue a real property transfer declaration signed by at least one of the transferors and also signed by at least one of the transferees, or by their respective attorneys or agents. The declaration shall be on a form prescribed by the director, and shall contain such information as the director may reasonably require.

B. If the declaration is signed by an attorney or agent on behalf of transferors or transferees who have the power of direction to deal with the title to the real property under a land trust agreement, the trustee being the mere repository of record legal title with a duty of conveying the real property only when and if directed in writing by the beneficiary or beneficiaries having the power of direction, the attorney or agent executing the declaration on behalf of the transferors or transferees shall not be required to identify the beneficiary or beneficiaries having the power of direction under the land trust agreement.

C. No transfer shall be exempt from the tax imposed by this chapter unless the declaration describes the facts supporting the exemption and is accompanied by such supporting exemption and is accompanied by such supporting documentation as the director may reasonably require.

3-33-080 Obligations Of Trustees.

No trustee of a trust which holds title to or beneficial interest in real property located in the city shall accept or acknowledge an assignment of a beneficial interest in the trust unless the trustee has received from the assignor and assignee a complete and fully executed real estate transfer declaration as provided in Subsection 3-33-070, and unless the amount of tax stamps required by this chapter has been affixed to the assignment.

3-33-090 Tax Stamps.

A. The Director of Revenue shall cause to be printed, in such form and quantities and in such denominations as he or she may from time to time determine, adhesive stamps for the purpose of paying the tax imposed by this chapter. The director also may appoint one or more agents to sell the stamps.

B. (1) *The director from time to time may provide for the issuance and exclusive use of tax stamps of a new design and forbid the use of stamps of any prior design, but only after giving at least 60 days' notice of the change. The notice shall be published at least three times in one or more daily newspapers of general circulation in the city during the 60-day period before the change takes effect. After the effective date of the change, it shall be unlawful for any person to make use of any other than the new issue or design of stamps to pay the tax imposed by this chapter.*

(2) *Any person lawfully in possession of unused tax stamps of a superseded issue or design may, not later than 90 days after the effective date of the change, surrender the stamps to the Department of Revenue together with a sworn application setting forth the name and address of the owner and party surrendering the stamps, how, when and from whom the stamps were acquired and such other information as the department reasonably may require. If the department determines that the application is in proper order, it promptly shall issue, or authorize an agent to issue, replacement stamps of the new issue or design in exchange for the surrendered stamps.*

C. *No person shall sell or expose for sale, traffic in, trade, barter or exchange tax stamps issued pursuant to this chapter without first obtaining the department's written consent. No person shall sell or expose for sale, traffic in, trade, barter or exchange any transfer tax stamp for an amount less than the stamp's face value.*

D. *In every case where a tax stamp is used to pay the tax imposed by this chapter, the person affixing the stamp shall write or stamp thereupon the person's name or initials and the date upon which the stamp is affixed, and further shall cut or perforate the stamp in a substantial manner so that the stamp cannot be again used; provided, however, that no stamp shall be defaced in such a manner as to prevent its authenticity and denomination from being determined.*

3-33-100 Open Transactions.

In the case of a transfer where any part of the transfer price is contingent upon the occurrence of a future event or the attainment of a future level of financial performance, additional tax shall be due at the time each additional amount of consideration is furnished and shall be paid directly to the Department of Revenue. A supplemental real estate transfer declaration shall be filed with the department at the time each tax payment is due.

3-33-110 Penalties.

Any transferor or transferee who fails to file with the Department of Revenue a real property transfer declaration as required by Section 3-33-070 of this chapter, or a supplemental transfer declaration as required by Section 3-33-100 of this chapter, prior to the department issuing a notice of tax audit, investigation or liability in connection with the transfer of title to, or beneficial interest in, real property shall be subject to a penalty equal to the amount of the applicable tax. This penalty shall be in addition to any tax and interest due, and any negligence or willfulness penalty provided by Chapter 3-4 of this Code.

3-33-120 Tax Liens.

A. In the event that the tax imposed by this chapter is not paid when due, the city shall have a lien against the related real property in an amount equal to the tax, together with all applicable interest and penalties. The lien shall expire only at such time as the outstanding tax, interest and penalties are paid in full, the lien is foreclosed, or the period for bringing a foreclosure action described in Subsection 3-33-120(C) expires.

B. Nothing in this section shall be construed to give the city's lien a preference or priority over the rights of any bona fide purchaser, holder of a security interest, mechanics lienor, mortgagee or judgment lien creditor arising or existing prior to the recorder of an instrument evidencing the city's lien with the Recorder of Deeds of Cook County; provided, however, that the city's lien, whether or not recorded, shall have priority over any interest in the real property (including any lien) acquired by a person in connection with the person providing financing to the transferee taxpayer (or the taxpayer's nominee or designee) for the acquisition of the real property. The absence of tax stamps in the proper amount on the deed, assignment or other instrument of transfer pursuant to which the transferee taxpayer acquired title to, or beneficial interest in, the real property shall constitute constructive notice of the city's lien to the person providing financing.

C. The city may not commence an action to foreclose upon the lien more than seven years after the transfer giving rise to the tax liability; provided, however, that the running of the seven-year period shall be tolled (1) for the duration of any judicial order enjoining or restraining the city from instituting a foreclosure proceeding or (2) for the period of time during which any related real property transfer tax assessment is the subject of a department of revenue tax hearing.

3-33-130 Maintaining Books And Records.

Every transferor and transferee shall retain for at least seven years all books and records relating to any transfer of title to, or beneficial interest in, real property located in Chicago, including the contract of sale, the closing statement and all other original source documents. Every trustee shall retain for at least seven years every real estate transfer declaration it receives pursuant to Section 3-33-080 of this chapter. All materials described in this section shall be kept in the English language and, at all times during business hours of the day, shall be open to inspection by the department.

3-33-140 Rules And Regulations.

The director is authorized to adopt, promulgate and enforce rules and regulations pertaining to the administration and enforcement of this chapter.

3-33-150 Application Of Uniform Revenue Procedures Ordinance.

Whenever not inconsistent with the provisions of this chapter or whenever this chapter is silent, the provisions of the uniform revenue procedures ordinance, Chapter 3-4 of this Code, as amended, shall apply to and supplement this chapter.

SECTION 2.2. Section 4-316-460 of Chapter 4-316 of the Municipal Code of Chicago is hereby amended by deleting the current language in its entirety and enacting the following language:

4-316-460

(a) The Director of Revenue, the Superintendent of Police and their representatives shall have the authority to seize and store all unstamped or improperly stamped cigarette packages found in the possession or control of a cigarette purveyor in violation of the provisions of this chapter, together with any vending machines dispensing those cigarette packages. The cigarette purveyor and the owner of the seized cigarette packages or vending machines shall be jointly and severally liable for sanctions provided by this section.

(b) Within ten days of a seizure, the department of revenue shall notify by certified mail the cigarette purveyor and the owner of the cigarette packages or vending machines, if the identity of the purveyor and owner is known or reasonably ascertainable, of the date, time and location of a hearing to determine whether the cigarette packages, at the time of seizure, were unstamped or improperly stamped in violation of the provisions of this chapter. If the identity of the cigarette purveyor or the owner cannot be reasonably ascertained, the Department of Revenue shall cause publication of the date, time and location of the hearing at least once each week for three successive weeks in a newspaper of general circulation in the County of Cook.

(c) The hearing shall be conducted by or on behalf of the Director of Revenue no later than 45 days after the seizure. If the alleged violation is not contested or the hearing officer determines by a preponderance of the evidence that any or all of the cigarette packages were unstamped or improperly stamped in violation of the provisions of this chapter, the hearing officer shall enter an order requiring payment by the cigarette purveyor or the owner of a \$15.00 penalty for each unstamped or improperly stamped package of cigarettes that was seized, plus fees for the seizure and storage of the cigarette packages and any vending machines. If the hearing officer determines a violation, all unstamped or improperly stamped cigarette packages shall be forfeited to the city and subsequently destroyed

or sold at public sale. Any money contained in a cigarette vending machine seized under this section shall also be forfeited to the city, unless the hearing officer determines that the evidence presented by the alleged violator at the hearing established that the money was not consideration for unstamped or improperly stamped cigarette packages.

(d) If the hearing officer determines a violation, any cigarette vending machines may be reclaimed within 30 days after the penalty and fees have been paid. After the expiration of the time during which judicial review of the city's actions may be sought, any vending machines not so reclaimed may be disposed of by the department of revenue as provided by law.

(e) The Director of Revenue shall have the authority to promulgate rules and regulations setting fees for seizure and daily storage. All fees and penalties imposed pursuant to this section shall constitute debts due and owing the city. The issuance or renewal of any license may be withheld as provided in Section 4-4-150 of this Code, as amended, for such indebtedness.

(f) Nothing in this section shall be construed to relieve any person from fine or imprisonment as provided in the uniform revenue procedures ordinance, Chapter 3-4 of this Code, as amended, or from an action to revoke or suspend a license as provided by Section 4-4-280 of this Code, as amended.

Article III.

SECTION 3.1. The City Council hereby finds as follows:

(b) persons who use vehicles other than taxicabs to provide ground transportation in the city may not be required to pay or remit either the Motor Vehicle Lessor Tax or the Chicago Transaction Tax;

(c) a simpler tax structure would promote compliance by taxpayers and reduce enforcement costs to the city; and

(d) no loss in revenue would be occasioned by replacing the current tax structure on taxicabs with a single, uniform and simple to understand tax on all persons engaged in the occupation of providing ground-transportation vehicles for use in the city.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The following sums of money set apart according to departments and other separate agencies of the City Government are appropriated from the respective funds designated in this ordinance for the objects and purposes stated herein, and no other, to defray necessary expenses and liabilities of the City of Chicago to be paid or incurred during the fiscal year beginning January 1, 1993. References hereinafter to Community Development Block Grant funds are provided for descriptive purposes only, and shall not be considered appropriations.

SECTION 2. The estimates of current assets and liabilities as of January 1, 1993, the estimates of the amounts of such assets and of the revenues available for appropriation, the amounts appropriated, the objects and purposes of such appropriations and the salary rates of all City officers and employees are shown in detail hereinafter.

by the City Council, the Salary Schedules of which plan, class grade one to twenty-one, both inclusive, are made a part hereof. The Title Bargaining Unit Table as on file with the Department of Personnel shall determine the salary schedule applicable to bargaining unit and non-bargaining unit employees. The resolution setting forth employee benefits, and the Classification and Compensation Plan for City employees, adopted by the City Council, is by reference thereto incorporated herein and made a part hereof.

SECTION 5. The appropriation for liabilities at January 1, 1993, shall not be construed as approval of any such liabilities, but shall be regarded only as appropriations for the payment thereof when they have found to be valid and legal obligations against the City of Chicago and have been properly vouchered and audited.

SECTION 6. The appropriations herein made for personal services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be further limited to personnel only as needed, or as may be required by law, not to exceed the maximum designated in this ordinance for any office or position by title. When there is no limitation as to the maximum that may be employed for any officer or position by title, one person may be employed or more than one person may be employed with the approval of the Budget Director and the Comptroller regardless of whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective offices or positions, provided that salaries or wage rates are subject to change by the City Council during the fiscal year in accordance with contracts approved by the City Council. The salary or wage rates fixed are on a yearly basis unless otherwise indicated. Abbreviations or symbols used in this ordinance are as follows: m. monthly; d. daily; h. hourly.

Initial appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and approval of the Commissioner of Personnel and the Budget Director and the Chairman of the Committee on Finance, initial appointment may be made at a rate above the normal entrance rate. Entrance above the normal entrance rate shall be based on the outstanding and unusual character of the applicant's education, experience and training over and above the minimum qualifications specified for the class. An employee may be assigned to a title not appearing within the appropriation of the employee's department, in lieu of a specific title appearing in the appropriation, upon the written recommendation of the department head and approval of the Commissioner of Personnel, the Budget Director and the Chairman of the Committee on the Budget and Government Operations. Such assignment may be requested and approved when the title requested is appropriate to the function of the department, and reflects the skills, training and experience of the employee. In no event shall the authority conferred herein be exercised in violation of the Shakman Judgment.

No officer or employee shall have the right to demand continuous employment or compensation by reason of any appropriation if, upon the determination of the department head, his services are not needed or it becomes necessary to lay him off on account of lack of work or lack of funds.

In case of a vacancy in any office or position, the head of the department in which the vacancy occurs shall not be required to fill such office or position if, in his judgment and discretion, there is no necessity thereof.

The Director of the Office of Budget and Management shall prepare a report to be presented to the City Council on the twentieth day following each quarter indicating all employees whose titles appear herein under one department or agency and who have been working for another department or agency for more than 60 days in the previous three-month period. Such report shall indicate the name, title and salary of each such employee, the department or agency in which the title appears, the department or agency to which the employee is assigned, and a description of the duties being performed under the assignment. The provision shall not apply to work performed by one department or agency for another pursuant to contract. The first report shall be presented on April 20, 1993, and shall cover the period beginning January 1, 1993.

SECTION 7. The Commissioner of Personnel shall prepare and present to the City Council on the twentieth day of each month a written report of all vacancies occurring during the preceding month due to resignation, retirement, death, layoff, promotion, demotion, discharge, or termination. The report shall be submitted on a form to be prepared by the Commissioner of Personnel. The Commissioner of Personnel shall prepare and present to the City Council monthly reports on all City employees hired during the preceding quarter.

The City Comptroller shall prepare and present to the City Council on the twentieth day of each month a report of the overtime compensation paid to employees during the preceding month, on a form to be prepared by the Committee on the Budget and Government Operations.

SECTION 8. In accordance with procedures prescribed by the Mayor, and subject to the limitations of this section, the Mayor and the heads of the various departments and agencies of the City Government are authorized to apply for grants from governmental and private grantors; to execute grant agreements and amendments thereto to effectuate the purposes of such grants; to indemnify the grantor with respect to the performance of the grant, subject to the approval of the Corporation Counsel; and to execute such documents, provide such additional information, assurances and certifications as are necessary in connection with any of the foregoing.

To the extent that revenue of a grant is not described in the appropriation from Fund 925 -- Grant Funds, or that an amendment increases the budget of a project beyond the appropriation described hereinafter, no expenditure of such grant revenues shall be made without prior approval of the City Council.

The Comptroller and the heads of the various departments and agencies of the City Government shall administer the revenues of grants received by standard accounts, in accordance with the standard classification of accounts and with the manual of the Department of Finance.

No later than the tenth day of each month, the Budget Director shall file with the Committee on Finance a compilation of all grants awarded to the City in the preceding month.

On or before May 15, 1993, and on or before November 15, 1993, the Office of Budget and Management shall file with the City Council a report showing all federal and state funds received or administered by the City for the time periods October 1, 1992, through March 31, 1993, and April 1, 1993, through September 30, 1993, respectively. Community Development Block Grant funds shall be excluded from this report. The report shall list the amounts disbursed and purposes for which disbursements were made, and shall indicate the Grantor of the funds, purpose, service area(s) and number of positions supported.

SECTION 9. Any employee who is required and is authorized to use his personally owned automobile in the regular conduct of official City business shall be allowed and paid $27\frac{1}{2}$ cents per mile allowance for the number of miles per month use of such privately owned automobile, to a maximum amount of \$160 per month; and provided further that this allowance is subject to change by the City Council during the fiscal year in accordance with contracts approved by the City Council, between the City of Chicago and recognized collective bargaining agents.

City-owned or leased automobiles shall be used only for City business. The attached Schedule A1 lists the departments, agencies, commissions and boards entitled to use City-owned or leased automobiles, and the aggregate number of automobiles authorized for use by each department, agency, commission or board. Attached Schedule A1 includes all automobiles authorized to be purchased or leased with City, state and federal funds. Those departments, agencies, boards or commissions that currently have automobiles in excess of the number designated in Schedule A1 hereto shall turn over control of such automobiles to the Commissioner of Fleet Management who shall distribute such automobiles to such departments, agencies, boards or commissions which do not currently have the number of automobiles authorized by this ordinance. The Purchasing Agent is hereby authorized and directed to sell any City-owned automobile and to terminate, according to the contract terms, the lease of any automobile in excess of the total number of automobiles listed in Schedule A1. No department, agency, board or commission shall lend or otherwise secure an automobile for an employee, officer or commissioner of any department, agency, board or commission.

The Department of Fleet Management shall coordinate the maintenance of all authorized automobiles, except for those under the control of the Department of Police, the Fire Department and the Department of Aviation, and shall submit a quarterly report to the City Council concerning the use of all such automobiles. The report shall list the make and model of the vehicle, the odometer reading, the state license number of the vehicle, the telephone number (if the vehicle is equipped with a telephone), and the employee to whom or the section or department to which the vehicle is assigned.

The head of any department, agency, commission or board may submit to the City Council a request for the lease or purchase of vehicles in excess of those designated in Schedule A1 for 1993. The request shall specify the reason for the purchase or lease of any automobile, the anticipated cost, the person or persons who shall use the automobile, and in the case of a lease, the anticipated lease term and monthly cost.

All automobiles and other vehicles which are owned or leased by the City, except those used by the Department of Police and those vehicles used by other departments for investigative purposes, shall display permanent "municipal" state vehicle registration plates.

SECTION 10. In accordance with Section 2-60-080 of the Municipal Code, no expenditure may be made from any fund or line item account herein for the purpose of executing settlement agreements or entering into consent orders except upon order of the City Council. Provided, however, that this section shall not apply to settlement agreements or consent orders entered into where the amount is \$100,000 or less.

SECTION 11. The head of each department or other agency shall submit to the Committee on the Budget and Government Operations on or before June 15, 1993, a detailed report showing what steps have been taken to improve or maintain productivity in the department or agency since June 1, 1992, and the results which those steps have brought about. The form of the report shall be defined by the Committee on the Budget and Government Operations, and shall be submitted to the Budget Director by May 1, 1993, for distribution to the various departments and other agencies.

SECTION 12. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall be controlling. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Action Deferred -- SUBMISSION OF FINAL STATEMENT OF
OBJECTIVES AND PROJECTED USE OF FUNDS FOR
COMMUNITY DEVELOPMENT BLOCK GRANT
YEAR XIX, AS AMENDED.

The Committee on the Budget and Government Operations submitted the following report which was, on motion of Alderman Austin and Alderman Burke, *Deferred* and ordered published:

CHICAGO, December 9, 1992.

To the President and Members of the City Council:

Your Committee on the Budget and Government Operations, having had under consideration the Final Statement of Objectives and Projected Use of Funds for the Year XIX Community Development Block Grant Funds presented herewith and the Year XIX Community Development Block Grant Ordinance, as amended, having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the Year XIX Community Development Block Grant Ordinance, as amended.

This recommendation was concurred in by twenty-five members of the committee, with no dissenting votes.

Respectfully submitted,

(Signed) LEMUEL AUSTIN, JR.,
Chairman.

The following is said proposed ordinance, as amended, transmitted with the foregoing committee report:

WHEREAS, Pursuant to the enactment of the Federal Housing and Community Development Act of 1974, as amended, the City of Chicago proposes to submit the Final Statement of Objectives and Projected Use of Year XIX entitlement funds, unexpended funds of prior federal years and related revenues in the amount of \$135,859,884; and

WHEREAS, It is provided in the Act and in regulations promulgated thereunder that the City provide certain assurances to the federal government; and

WHEREAS, The Mayor and the City Council of the City of Chicago are cognizant to the conditions of the Housing and Community Development Act of 1974, as amended, and are desirous of complying therewith; and

WHEREAS, The Mayor and the City Council are desirous of establishing procedures which insure fair, open and equitable administration of federal grant funds; and

WHEREAS, The City of Chicago is a home rule unit of government as defined in Article VII, Section 6(a) of the Illinois Constitution, and as such may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, The management of its finances is a matter pertaining to the government and affairs of the City; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor of the City of Chicago is hereby authorized to make Year XIX submission for funds, including the Final Statement of Objectives and Projected Use of Funds, in the sum of \$135,859,884 in entitlement funds, unexpended funds of prior years and related revenues, as set forth in this ordinance and all understandings and assurances contained herein, pursuant to the Federal Housing and Community Development Act of 1974, as amended, and regulations issued thereunder.

SECTION 2. The Mayor is further authorized to act in connection with the submission, to provide such assurances as are necessary and such additional information as may be required.

SECTION 3. The criteria for Community Development Block Grant funded programs previously approved by the City Council remains in effect.

SECTION 4. Except for those funds specifically appropriated for contractor-delegate agencies, the City may reprogram up to \$25,000 appropriated for any object or purpose set forth in the Year XIX Community Development Block Grant Ordinance or allocations from prior block grant years, provided that no appropriation for any object or purpose shall be reduced by reprogramming below an amount sufficient to cover all obligations incurred and payable from that appropriation.

All proposed reprogramming of funds as outlined in the Final Statement of Objectives and Projected Use of Funds by program for the Year XIX and in the allocations for prior years shall be made by providing citizens with reasonable notice of the opportunity to comment on any proposed reprogramming of 10% or more of funds from one activity to another, which includes the deletion or addition of any activity.

SECTION 5. The Office of Budget and Management shall notify aldermen of projects in their respective wards contemplated under this program.

SECTION 6. The award of any grant over \$50,000 in any program category, project or activity which is not included by specific designation in the Community Development Block Grant Appropriation Ordinance shall be subject to review and approval by the City Council, provided that the City Council shall complete its review within 21 days after submission of the grant to the City Council, and provided further that the City shall not engage in discrimination based on race, color, religion, sex, national origin, disability, sexual orientation, geographic location or political affiliation or belief.

SECTION 7. The approval of any loan in the amount of \$150,000 or more, funded in whole or by 25% or more with Year XIX Community Development Block Grant funds or funds from prior block grant years shall be subject to the same procedure as approval of grants in excess of \$50,000. Within 30 days after the end of the midpoint and the end of the program year, the head of each department or agency through which loans are processed and administered shall file a report with the City Council concerning all loans of Community Development Block Grant funds made by the department or agency during the preceding half of the program year. Each report shall contain the following information concerning each loan: the name and address and nature of business of the borrower; the purpose of the loan; the federal program year and loan program involved; a summary of the terms and conditions of the loan; and a copy of the borrower's economic disclosure statement, if the loan did not require City Council approval.

SECTION 8. Funding for a minimum of two rounds of Community Development Float Loan competitions will be drawn down from the Year XIX letter of credit. The amount of funding for each round will depend on

the availability of funds in the letter of credit at the time of each round as well as the total amount of gap financing needed by qualifying applicants.

SECTION 9. The following sums of money set out according to the departments and agencies of City government and contractor-delegate agencies are allocated from the Community Development Block Grant to the City of Chicago for Year XIX, and are to be expended during the fiscal year beginning January 1, 1993, and ending December 31, 1993, for the objects and purposes set forth in Section 12 hereof. Account numbers shall be interpreted in the same manner as their counterparts in the Annual Appropriation Ordinance of the City of Chicago for the Year 1993. Included in allocations for personal services in the Community Development Block Grant Appropriation Ordinance is an account appearing as Code No. ".0044 Fringe Benefits" for the purpose of providing City employees with health insurance, dental insurance, optical insurance, pension (employer's share), unemployment insurance, workers' compensation, tuition reimbursement, paid vacation, in-house training programs, sick leave, deferred compensation, holidays, time off with pay for family death, paid salary while on jury duty and disability payments.

SECTION 10. The appropriations set forth in the Community Development Block Grant Appropriation Ordinance for personal services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be further limited to employment of personnel only as needed, or as may be required by law, not to exceed the specified maximum number designated in the ordinance for any office of position or title. When there is no limitation as to the maximum number that may be employed for any office or position by title, one person may be employed or more than one person may be employed with the approval of the Budget Director and the City Comptroller, regardless of whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rates for the respective offices, positions and titles; provided that wage rates fixed on a daily or monthly basis are subject to change by the City Council in accordance with contracts approved by the City Council between the City of Chicago and recognized collective bargaining agents. The salary or wage rates fixed are on a yearly basis unless otherwise indicated. Initial appointments shall be made at the entrance of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation of the department head and approval of the Commissioner of Personnel, the Budget Director, City Comptroller and the Chairman of the City Council Committee on Finance, initial appointments may be made at a rate above the normal entrance rate. Entrance above the normal entrance rate shall be based on the outstanding and unusual character of the applicant's education, experience and training over the above the minimum qualifications specified for the class. An

employee may be assigned to a title not appearing within the appropriation of the employee's department, in lieu of a specific title appearing in the appropriation, upon written recommendation of the department head and approval of the Commissioner of Personnel, the Budget Director, City Comptroller and the Chairman of the City Council Committee on the Budget and Government Operations. Such assignment may be requested and approved when the title requested is appropriate to the function of the department, and reflects the skills, training and experience of the employee. In no event shall the authority conferred herein be exercised in violation of the Shakman Judgment.

No officer or employee shall have the right to demand continuous employment or compensation by reason of an appropriation if, upon determination of the department head, his services are not needed and it becomes necessary to lay him off on account of lack of work or lack of funds. In case of a vacancy in any office or position, the head of a department in which the vacancy occurs shall not be required to fill such office or position if, in his judgment and discretion, there is no necessity therefor.

All City of Chicago employees compensated by Community Development Block Grant funds shall receive the same benefits and conditions as other City employees performing similar work and compensated by other funds.

SECTION 11. Any employee who is required and authorized to use his personally owned automobile in the regular course of City business shall be allowed and paid an allowance of $27\frac{1}{2}$ cents per mile for the number of miles per month use of such privately owned automobile, to a maximum of \$160 per month. This allowance is subject to change by the City Council in accordance with contracts approved by the City Council between the City of Chicago and recognized collective bargaining agents. City-owned or leased automobiles shall be used only for City business.

SECTION 12. The objects and purposes for which allocations are made in this ordinance are classified and standardized by the following items:

- (1) Personal Services
- (2) Contractual Services
- (3) Travel
- (4) Commodities
- (5) Equipment

- (6) Permanent Improvements
- (7) Land

An appropriation in one or more of the items specified above shall be construed in accordance with the definitions and limitations specified in Section 8-2-5 of the Illinois Municipal Code of 1961, as amended, unless this ordinance otherwise provides. An allocation for a purpose other than one specified and defined in this section shall be considered a separate and distinct item of appropriation.

SECTION 13. All work to be performed by the City of Chicago pursuant to the Community Development Block Grant Appropriation Ordinance shall be done using the current work force of the City of Chicago and the persons on the following lists shall have preference over any new employees to be hired for positions for which such lists exist in accordance with the City's Personnel Rules:

- (a) Persons on City of Chicago layoff lists;
- (b) Persons on City of Chicago reinstatement lists;
- (c) Persons on City of Chicago reemployment lists; and
- (d) Persons on City of Chicago promotion lists.

Provided, however, that the preferences hereinabove specified shall not apply where other methods of hiring must be utilized in order to comply with the terms of any order or decree of a court or administrative agency, collective bargaining agreement or Title 42 U.S.C., § 2000(e) et seq.

SECTION 14. For all funds expended under the Community Development Block Grant program for the Year XIX, the Office of Budget and Management shall submit to the City Council a report on the expenditure and obligation of funds within 45 days after the end of the first half of the program year and within 90 days after the end of the program year. The report shall include an accounting for all funds expended during the preceding half year for all prior block grant years, all income generated from the current block grant year and previous grant years and a projection of income for the remaining half of the program year. The report shall also include a statement of the reasons for all unencumbered and unexpended

allocations in all block grant years, as reported in the Department of Finance's monthly "Community Development Block Grant Fund, Schedule of H.U.D. Approved Allocations, Current Committee Approved Allocations, Expenditures, Accruals, Encumbrances and Available Balances".

SECTION 15. Except as provided in Section 4 hereof, all unencumbered and unexpended Community Development Block Grant funds of Year XIX and all prior program years shall be reviewed by the Budget Director and the Comptroller for the purpose of preparing the Year XX Community Development Block Grant Proposed Statement. This joint review committee shall prepare a report of funds available for reprogramming and proposed use of such funds in Community Development Block Grant Year XX.

This report shall be submitted to the City Council and shall be subject to public comment and hearings along with the Year XX Community Development Block Grant Proposed Statement. Action on these funds will take place concurrently with action on the proposed Year XX Community Development Block Grant Final Statement.

SECTION 16. Pursuant to Section 104(a) (2) (D) and Section 104(b) (5) of the Federal Housing and Community Development Act of 1974, as amended, the City shall provide citizens with reasonable access to records of the past use of all Community Development Block Grant funds. Such information shall be available, on request, through the Office of Budget and Management and the Department of Finance.

SECTION 17. In the event that the final entitlement of the City of Chicago to Year XIX Community Development Block Grant funds, as determined by the United States Department of Housing and Urban Development, does not equal the amount estimated in the Community Development Block Grant Appropriation Ordinance, the Budget Director shall compute the percentage difference, and the allocations made herein for every department, agency and contractor-delegate agency shall be adjusted by the same percentage. Notice of such adjustment shall be given to every affected department, agency and contractor-delegate agency as soon as possible after the adjustment has been computed.

SECTION 18. In the event that any contractor-delegate agency has not executed a contract authorized in the Community Development Block Grant Appropriation Ordinance by March 31, 1993, the allocation for such contract shall lapse. Provided, however, that this section shall not apply if it is determined by the Budget Director that the delay is not the fault of the contractor-delegate agency, but has been occasioned by difficulty in processing the contract within any department of the City government.

Beginning January 1, 1993, the City enters the nineteenth year of the Community Development Block Grant (CDBG) program. The U.S. Department of Housing and Urban Development (HUD) has notified the City that the projected Year XIX CDBG entitlement is \$111,000,000. Programs will be continued at approximately current service levels by combining the Year XIX entitlement with \$19,905,384 in prior year unspent CDBG funds, \$150,000 in anticipated land sale revenues, \$2,700,000 in loan repayments, \$1,600,000 in health center revenues, \$285,000 in rental income, \$200,000 in Business Infrastructure Assistance match, \$13,000 in client contributions, and \$6,500 in application fees for a total Year XIX proposed program of \$135,859,884. This represents an increase of \$16,862,201 or 14% more than CDBG Year XVIII.

The projected use of funds for CDBG Year XIX allocates all available funds among the major program categories as follows:

<u>Program Category</u>	<u>Allocation</u>	<u>% of Total</u>
Housing	\$ 48,811,697	36%
Public Services	\$ 40,819,582	30%
Economic Development	\$ 23,112,456	17%
Community Improvements	\$ 13,154,358	10%
Administration and Planning	\$ 9,961,791	7%
	\$135,859,884	100%

This statement includes the general objectives of the overall programs and the types of projects which will be carried out with Year XIX funds. The proposed funding meets the primary objective which requires that at least 70% of the City's programs serve low and moderate income persons.
