Special Service Area -- Additional Audit Requirements.

Accounting System.

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance For The Contractor's Selection Of A C.P.A. Firm (Independent Auditor).

The Contractor must use the following guidelines for engaging a qualified C.P.A. Firm:

1. Issue a Request for Proposal ("R.F.P.") that sets forth all of the terms and conditions of the engagement, evaluation criteria and scope of the work required.
2. Distribute and publicize the R.F.P. sufficiently to ensure full and open competition.
3. Request in the R.F.P. that bidders provide detail on:
 - a. How the C.P.A. Firm will conduct the audit in the first and subsequent years.
 - b. Qualifications of the C.P.A. Firm, management, and staff, including experience in auditing like entities.

- c. Policies on notification of changes in key personnel.
 - d. Whether the proposed staff has received continuing professional education during the previous two (2) years.
 - e. Whether the C.P.A. Firm has received a positive peer review within the last three (3) years.
 - f. Whether the C.P.A. Firm is independent, as defined by applicable auditing standards.
 - g. Whether the C.P.A. Firm has been the object of any disciplinary action during the past three (3) years.
 - h. Whether the C.P.A. Firm maintains an active license in the State of Illinois.
 - i. The audit fee.
4. Evaluate the proposals based on:
- a. The C.P.A. Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
 - b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
 - c. Qualifications of the C.P.A. Firm.
 - d. Qualifications of the audit team.
 - e. The information provided by respondents in response to the R.F.P., including cost and independence.
5. Rate the proposals as follows:
- a. Proposals should be evaluated as submitted.
 - b. Make a list of strengths and weaknesses for each to support its technical rating.
 - c. Review the proposed fees offered by the bidders after completion of the technical evaluation.

- d. Ask questions of the bidders to eliminate any ambiguities.
 - e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the R.F.P.
6. Once a C.P.A. Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
- a. Audit scope, objectives and purposes.
 - b. Deadlines for the work to be performed.
 - c. Audit fees.
 - d. Report format, including providing a digital version of the final audit.
 - e. Type and timing of support to be provided to the C.P.A. Firm by the S.S.A.C.
 - f. Professional auditing standards to be followed in performing the audit.
 - g. Independence of the C.P.A. Firm to the S.S.A.C.
 - h. Terms of making changes to the scope of the Agreement.
 - i. C.P.A. Firm's ownership of the work papers, retention period and requirement for availability to the City upon request.

Summary Schedule Of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the C.P.A. Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The C.P.A. Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the C.P.A. Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the C.P.A. Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the C.P.A. Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:

- a. Section 5.01, Basis of Payment, describes "carry over" as the amount of Service Tax Funds collected for prior tax years which remain previously unspent.
- b. Section 5.02, Budget for Services, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.
- c. Section 5.03, Method of Payment, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit Of Financial Statements.

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and S.S.A.C. within one hundred twenty (120) calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

Audit Documents.

The City requires an audit conducted in accordance with generally accepted accounting principles to include the following documents:

1. Statement of Financial Position.
2. Statement of Activities: Budget and Actual (period being audited compared to the previous year, e.g., columns should be 2004 Budget, 2004 Actual, Variance, 2003 Budget, 2003 Actual, Variance).
3. Statement of Cash Flows.
4. Notes to the Financial Statements.
5. Summary Schedule of Findings.

Expense descriptions included in the Statement of Activities must correspond to the expense descriptions in the budget submitted to the City.

The Contractor shall at all times use every reasonable effort on behalf of the City to assure timely and satisfactory rendering and completion of its Services.

The Contractor shall at all times act in the best interests of the City consistent with the professional obligations assumed by it in entering into this Agreement. The Contractor shall perform all Services in accordance with the terms and conditions of this Agreement and to the full satisfaction of the SSAC. The Contractor shall furnish efficient business administration and supervision to render and complete the Services at reasonable cost.

The Contractor shall assure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. The Contractor remains responsible for the professional and technical accuracy of all Services provided, whether by the Contractor or its Subcontractors or others on its behalf.

If the SSAC determines that the Contractor has failed to comply with the foregoing standards, the Contractor shall perform again, at its own expense, all Services required to be reperformed as a direct or indirect result of such failure. Any review, approval, acceptance or payment for any or all of the Services by the City does not relieve the Contractor of its responsibility for the professional and technical accuracy of its Services. This provision in no way limits the City's rights against Contractor, either under this Agreement, at law or in equity.

3.03 Personnel

A. Key Personnel

The Contractor shall, immediately upon receiving a fully executed copy of this Agreement, assign and maintain during the term of this Agreement and any extension thereof an adequate staff of competent personnel, who are fully equipped, licensed as appropriate, available as needed, qualified and assigned to perform the Services. Contractor shall pay the salaries and wages due all its employees performing Services under this Agreement unconditionally and at least once a month without deduction or rebate on any account, except only for such payroll deductions as are mandatory by law or are permitted under applicable law and regulations.

B. Prevailing Wages

If the Contractor engages in Construction, it shall comply, and shall cause all of its Subcontractors to comply by inserting appropriate provisions in their contracts, with 820 ILCS 130/0.01 et seq. regarding the payment of the general prevailing rate of hourly wage for all laborers, workers, and mechanics employed by or on behalf of the Contractor and all Subcontractors in connection with any and all Construction work. The prevailing rates of wages applicable at the time of execution of this Agreement are included in Exhibit 6 to this Agreement, which is incorporated by reference as though fully set forth herein.

C. Illinois Workers, Veterans' Preference and Steel Products

If the Contractor engages in Construction, it shall comply, and shall cause all of its Subcontractors to comply by inserting appropriate provisions in their contracts, with the Employment of Illinois Workers on Public Works Act, 30 ILCS 570/0.01 et seq., the Veterans Preference Act, 330 ILCS 55/0.01 et seq., and the Steel Products Procurement Act, 35 ILCS 30/565/1 et seq.

3.04 Nondiscrimination

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Civil Rights Act of 1964, 42 U.S.C. sec. 2000e *et seq.* (1981), as amended and the Civil Rights Act of 1991, P.L. 102-166. Admin. Code §750 Appendix A. (iii) City Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Chicago Human Rights Ordinance, ch. 2-160, Section 2-160-010 *et seq.* of the Municipal Code of Chicago (1990), as amended, and all other applicable City ordinances and rules.

(b) Subcontractors

Contractor must incorporate all of this Section 3.04 by reference in all agreements entered into with any suppliers of materials, furnisher of services, Subcontractors of any tier, and labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any such materials, labor or services in connection with this Agreement. Further, Contractor must furnish and must cause each of its Subcontractor(s) to furnish such reports and information as requested by the federal, state, and local agencies charged with enforcing such laws and regulations, including the Chicago Commission on Human Relations.

3.05 Insurance

The Contractor shall comply with the insurance provisions attached hereto as Exhibit 4 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor enters into a subcontract with a Security Firm such Security Firm shall comply with the insurance provisions

attached hereto as Exhibit 5 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor subcontracts with a Subcontractor other than a Security Firm, such Subcontractor shall comply with the Contractor insurance provisions attached hereto as Exhibit 4.

The Risk Management Division may waive or reduce any of the insurance requirements set forth herein. In addition, the Risk Management Division will review each new Scope of Services which the SSAC, in consultation with the Contractor, prepares annually during the term of this Agreement pursuant to Section 3.01 and may, if it wishes, revise the insurance required herein.

3.06 Indemnification

A. On written notice from the City of Losses the City believes are Losses Arising under this Agreement as defined in this Section 3.06, the Contractor shall defend, indemnify, and hold completely harmless the City Indemnitees from and against such Losses, regardless of whether Contractor challenges the City's belief. The defense, indemnification and hold harmless obligations of the Contractor toward City Indemnitees remain an affirmative obligation of Contractor following the City's notice of Losses the City believes are Losses Arising under this Agreement, unless and until a court of competent jurisdiction finally determines otherwise and all opportunities for appeal have been exhausted or have lapsed.

B. For purposes of this Section 3.06,

"City Indemnitees" means, individually and collectively, the City of Chicago, its officials, agents, employees and SSAC members.

"Losses" means, individually and collectively, all kinds of liabilities, losses, suits, claims, damages, judgments, fines, and demands, including all reasonable costs for investigation, reasonable attorneys' fees, court costs, and experts' fees, arising by reason of injury or death of any person, damage to property, patent or copyright infringement.

"Arising under this Agreement" means (i) arising out of awarding this Agreement, (ii) arising out of the enforcement of this Agreement, including the enforcement of this indemnification provision; (iii) arising out of or in connection with Contractor's performance or non-performance of this Agreement (including the acts or omission of Contractor, its officers, agents, employees, consultants, subcontractors, licensees, or invitees), any breach by any of them of any warranty made under this Agreement, or any failure by any of them to meet any applicable standard of performance under this Agreement; or (iv) any combination of any of the foregoing.

C. To the extent permissible by law, Contractor waives any limits on Contractor's liability that it would otherwise have by virtue of the Worker's Compensation Act or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited

by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. The Contractor shall maintain records showing actual time devoted and costs incurred. The Contractor shall keep books, documents, paper, records and accounts in connection with the Services open to inspection, copying, abstracting, transcription, and an independent audit by City employees or agents or third parties, and shall make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services. In addition, Contractor shall retain them in a safe place and make them available for an independent audit, inspection, copying and abstracting for at least five years after the final payment made in connection with this Agreement.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 9 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 9 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors, or both, at any time during the term of this Agreement or within five years after the Agreement ends, in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits, licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement.

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees, and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed \$100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 7 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2009 ("Effective Date") and shall continue through December 31, 2009, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION**5.01 Basis of Payment**

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009 is the sum of (a) \$886,685 or the total amount of Service Tax Funds actually collected for tax year 2008, whichever is less; and (b) the total amount of Available Funds in the amount of \$343,476; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009, therefore, shall not exceed \$1,230,161.

For each subsequent year of this Agreement, if any, the maximum compensation that the Contractor may be paid under this Agreement is the amount set forth in the Budget for that year, pursuant to Section 5.02 and 8.03, or the amount of Service Tax Funds actually collected for the preceding tax year, whichever is less; provided that the maximum amount of compensation for such year of this Agreement may also include the amount of Service Tax Funds collected for prior tax years which remain previously unspent.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2009, attached hereto as Exhibit 2 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2009 may not exceed \$1,230,161, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

For each subsequent year of this Agreement, if any, and subject to the provisions of Section 3.01, a Budget for that year shall be incorporated into this Agreement by written amendment pursuant to Section 8.03.

5.03 Method of Payment

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds and Available Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS AND AVAILABLE FUNDS WITH FUNDS FROM OTHER SOURCES. The Contractor shall provide to the SSAC the signature card and sample check from the bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS

6.01 Warranties and Representations

In connection with the execution of this Agreement, the Contractor warrants and represents:

F. That, except only for those representations, statements, or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Contractor to enter into this Agreement; and

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

"Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor understands and will abide by all provisions of Chapter 2-26 of the Municipal Code of the City of Chicago.

Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial

Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent, or partner of the City.

6.06 Business Relationships with Elected Officials

Pursuant to Section 2-156-030(b) of the Municipal Code of the City of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. **Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement.** The term business relationship is defined as set forth in Section 2-156-080 of the Municipal Code of Chicago.

Section 2-156-080 defines a "business relationship" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her

spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of \$2,500 or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii) any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("Covered Employees"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "Performing Parties") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "Base Wage") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2008, the Base Wage is \$10.60, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit

Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;

- 11-4-1500 Treatment and disposal of solid or liquid waste;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 3, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants that no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor further acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

**ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT
TO OFFSET, SUSPENSION**

7.01 Events of Default Defined

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

(1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;

(2) failure to perform the Services in a manner satisfactory to the City;

(3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

(4) discontinuance of the Services for reasons within the Contractor's reasonable control;

(5) failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination; and

(6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

- A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.
- B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.
- C. The right of specific performance, an injunction or any other appropriate equitable remedy.
- D. The right to money damages.
- E. The right to withhold all or any part of Contractor's compensation hereunder.
- F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under §2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. If the City elects to terminate the Agreement in full, all Services shall cease and all materials accumulated in performing this Agreement, whether completed or in the process of completion, shall be delivered to the Department within 10 days after receipt of the notice or by the date stated in the notice.

During the final ten days or other time period stated in the notice, the Contractor shall restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination shall be on the same basis as set forth in Article 5 hereof, but if any compensation is described or provided for on the basis of a period longer than ten days, then the compensation shall be prorated accordingly.

If a court of competent jurisdiction determines that the City's election to terminate this Agreement for default has been wrongful, then such termination shall be deemed to be an early termination.

provision herein invalid, inoperative, or unenforceable to any extent. The invalidity of any one or more phrases, sentences, clauses or sections herein shall not effect the remaining portions of this Agreement or any part thereof.

8.10 Miscellaneous Provisions

Whenever under this Agreement the City by a proper authority waives the Contractor's performance in any respect or waives a requirement or condition to the Contractor's performance, the waiver, whether express or implied, applies only to that particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. No waiver shall be construed as a modification of the Agreement regardless of the number of times the City may have waived the performance, requirement or condition.

Coverages must include the following: all premises and operations, products/completed operations, separation of insureds, defense and contractual liability (with no limitation endorsement). The City of Chicago is to be named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the Services.

3) Automobile Liability (Primary And Umbrella).

When any motor vehicles (owned, non-owned and hired) are used in connection with Services to be performed, Contractor must provide Automobile Liability Insurance with limits of not less than Five Hundred Thousand Dollars (\$500,000) per occurrence for bodily injury and property damage. The City of Chicago is to be named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the Services.

4) Professional Liability.

When any professional consultants (e.g., C.P.A.s, attorneys, architects, engineers, construction managers) perform Services in connection with this Agreement, Professional Liability Insurance covering acts, errors or omissions must be

maintained with limits of not less than Five Hundred Thousand Dollars (\$500,000). Coverage must include contractual liability. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of Services on the Agreement. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years.

5) Crime.

Contractor must be responsible for all persons handling funds under this Agreement, against loss by dishonesty, robbery, burglary, theft, destruction, or disappearance, computer fraud, credit card forgery and other related crime risks.

B. Security Firms.

If the Contractor enters into a subcontract with a Security Firm, such Security Firm must be certified by State of Illinois, and the Security Firm's employees must be registered and certified by the State. Contractor must submit evidence of insurance on the City of Chicago Insurance Certificate Form (copy attached as (Sub)Exhibit __) or equivalent prior to award of this Agreement. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Contractor is not a waiver by the City of any requirements for the Contractor to obtain and maintain the specified coverages. Contractor must advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work and suspend this Agreement until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled or non-renewed.

Contractor hereby waives and agrees to require their insurers to waive their rights of subrogation against the City of Chicago, its employees, elected officials, agents or representatives.

The coverages and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Agreement or by law.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by Contractor under this Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If Contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

Contractor must require all Subcontractors to provide the insurance required in this Agreement, or Contractor may provide the coverages for Subcontractors. All Subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Agreement.

If Contractor or Subcontractor desire additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

Accounting System.

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance For The Contractor's Selection Of A C.P.A. Firm (Independent Auditor).

The Contractor must use the following guidelines for engaging a qualified C.P.A. Firm:

1. Issue a Request for Proposal ("R.F.P.") that sets forth all of the terms and conditions of the engagement, evaluation criteria and scope of the work required.
2. Distribute and publicize the R.F.P. sufficiently to ensure full and open competition.
3. Request in the R.F.P. that bidders provide detail on:
 - a. How the C.P.A. Firm will conduct the audit in the first and subsequent years.
 - b. Qualifications of the C.P.A. Firm, management, and staff, including experience in auditing like entities.

- c. Policies on notification of changes in key personnel.
 - d. Whether the proposed staff has received continuing professional education during the previous two (2) years.
 - e. Whether the C.P.A. Firm has received a positive peer review within the last three (3) years.
 - f. Whether the C.P.A. Firm is independent, as defined by applicable auditing standards.
 - g. Whether the C.P.A. Firm has been the object of any disciplinary action during the past three (3) years.
 - h. Whether the C.P.A. Firm maintains an active license in the State of Illinois.
 - i. The audit fee.
4. Evaluate the proposals based on:
- a. The C.P.A. Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
 - b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
 - c. Qualifications of the C.P.A. Firm.
 - d. Qualifications of the audit team.
 - e. The information provided by respondents in response to the R.F.P. including cost and independence.
5. Rate the proposals as follows:
- a. Proposals should be evaluated as submitted.
 - b. Make a list of strengths and weaknesses for each to support its technical rating.
 - c. Review the proposed fees offered by the bidders after completion of the technical evaluation.

- d. Ask questions of the bidders to eliminate any ambiguities.
 - e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the R.F.P.
6. Once a C.P.A. Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
- a. Audit scope, objectives and purposes.
 - b. Deadlines for the work to be performed.
 - c. Audit fees.
 - d. Report format, including providing a digital version of the final audit.
 - e. Type and timing of support to be provided to the C.P.A. Firm by the S.S.A.C.
 - f. Professional auditing standards to be followed in performing the audit.
 - g. Independence of the C.P.A. Firm to the S.S.A.C.
 - h. Terms of making changes to the scope of the Agreement.
 - i. C.P.A. Firm's ownership of the work papers, retention period and requirement for availability to the City upon request.

Summary Schedule Of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the C.P.A. Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The C.P.A. Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the C.P.A. Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the C.P.A. Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the C.P.A. Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:

- a. Section 5.01, Basis of Payment, describes "carry over" as the amount of Service Tax Funds collected for prior tax years which remain previously unspent.
- b. Section 5.02, Budget for Services, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.
- c. Section 5.03, Method of Payment, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit Of Financial Statements.

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and S.S.A.C. within one hundred twenty (120) calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

(a) Contractor

(i) Federal Requirements

Contractor must not engage in unlawful employment practices, such as (1) failing or refusing to hire or discharging any individual, or otherwise discriminating against any individual with respect to compensation or the terms, conditions, or privileges of the individual's employment, because of the individual's race, color, religion, sex, age, handicap/disability or national origin; or (2) limiting, segregating or classifying Contractor's employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect the individual's status as an employee, because of the individual's race, color, religion, sex, age, handicap/disability or national origin.

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Civil Rights Act of 1964, 42 U.S.C. sec. 2000e *et seq.* (1981), as amended and the Civil Rights Act of 1991, P.L. 102-166. Attention is called to: Exec. Order No. 11246, 30 Fed. Reg. 12,319 (1965), reprinted in 42 U.S.C. 2000e note, as amended by Exec. Order No. 11375, 32 Fed. Reg. 14,303 (1967) and by Exec. Order No. 12086, 43 Fed. Reg. 46,501 (1978); Age Discrimination Act, 42 U.S.C. §§ 6101-6106 (1981); Age Discrimination in Employment Act, 29 U.S.C. §§ 621-34; Rehabilitation Act of 1973, 29 U.S.C. §§ 793-794 (1981); Americans with Disabilities Act, 42 U.S.C. § 12101 *et seq.*; 41 C.F.R. Part 60 *et seq.* (1990); and all other applicable federal statutes, regulations and other laws.

(ii) State Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Illinois Human Rights Act, 775 ILCS 5/1-101 *et seq.* (1990), as amended and any rules and regulations promulgated in accordance with it, including the Equal Employment Opportunity Clause, 44 Ill. Admin. Code § 750 Appendix A. Furthermore, Contractor must comply with the Public Works Employment Discrimination Act, 775 ILCS 10/0.01 *et seq.* (1990), as amended, and all other applicable state statutes, regulations and other laws.

(iii) City Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Chicago Human Rights Ordinance, ch. 2-160, Section 2-160-010 *et seq.* of the Municipal Code of Chicago (1990), as amended, and all other applicable City ordinances and rules.

(b) **Subcontractors**

Contractor must incorporate all of this Section 3.04 by reference in all agreements entered into with any suppliers of materials, furnisher of services, Subcontractors of any tier, and labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any such materials, labor or services in connection with this Agreement. Further, Contractor must furnish and must cause each of its Subcontractor(s) to furnish such reports and information as requested by the federal, state, and local agencies charged with enforcing such laws and regulations, including the Chicago Commission on Human Relations.

3.05 Insurance

The Contractor shall comply with the insurance provisions attached hereto as Exhibit 4 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor enters into a subcontract with a Security Firm such Security Firm shall comply with the insurance provisions attached hereto as Exhibit 5 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor subcontracts with a Subcontractor other than a Security Firm, such Subcontractor shall comply with the Contractor insurance provisions attached hereto as Exhibit 4.

The Risk Management Division may waive or reduce any of the insurance requirements set forth herein. In addition, the Risk Management Division will review each new Scope of Services which the SSAC, in consultation with the Contractor, prepares annually during the term of this Agreement pursuant to Section 3.01 and may, if it wishes, revise the insurance required herein.

3.06 Indemnification

A. On written notice from the City of Losses the City believes are Losses Arising under this Agreement as defined in this Section 3.06, the Contractor shall defend, indemnify, and hold completely harmless the City Indemnitees from and against such Losses, regardless of whether Contractor challenges the City's belief. The defense, indemnification and hold harmless obligations of the Contractor toward City Indemnitees remain an affirmative obligation of Contractor following the City's notice of Losses the City believes are Losses Arising under this Agreement, unless and until a court of competent jurisdiction finally determines otherwise and all opportunities for appeal have been exhausted or have lapsed.

B. For purposes of this Section 3.06,

"City Indemnitees" means, individually and collectively, the City of Chicago, its officials, agents, employees and SSAC members.

"Losses" means, individually and collectively, all kinds of liabilities, losses, suits, claims, damages, judgments, fines, and demands, including all reasonable costs for investigation, reasonable attorneys' fees, court costs, and experts' fees, arising by reason of injury or death of any person, damage to property, patent or copyright infringement.

"Arising under this Agreement" means (i) arising out of awarding this Agreement, (ii) arising out of the enforcement of this Agreement, including the enforcement of this indemnification provision; (iii) arising out of or in connection with Contractor's performance or non-performance of this Agreement (including the acts or omission of Contractor, its officers, agents, employees, consultants, subcontractors, licensees, or invitees), any breach by any of them of any warranty made under this Agreement, or any failure by any of them to meet any applicable standard of performance under this Agreement; or (iv) any combination of any of the foregoing.

C. To the extent permissible by law, Contractor waives any limits on Contractor's liability that it would otherwise have by virtue of the Worker's Compensation Act or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. The Contractor shall maintain records showing actual time devoted and costs incurred. The Contractor shall keep books, documents, paper, records and accounts in connection with the Services open to inspection, copying, abstracting, transcription, and an independent audit by City employees or agents or third parties, and shall make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services. In addition, Contractor shall retain them in a safe place and make them available for an independent audit, inspection, copying and abstracting for at least five years after the final payment made in connection with this Agreement.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 9 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 9 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors, or both, at any time during the term of this Agreement or within five years after the Agreement ends,

in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits,

licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement.

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees, and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed \$100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 7 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2009 ("Effective Date") and shall continue through December 31, 2009, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION

5.01 Basis of Payment

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009 is the sum of (a) \$111,785 or the total amount of Service Tax Funds actually collected for tax year 2008, whichever is less; and (b) the total

amount of Surplus Funds in the amount of \$151,205 which are being carried over from previous program years and which Contractor hereby acknowledges are in its possession; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009, therefore, shall not exceed \$262,990.

For each subsequent year of this Agreement, if any, the maximum compensation that the Contractor may be paid under this Agreement is the amount set forth in the Budget for that year, pursuant to Section 5.02 and 8.03, or the amount of Service Tax Funds actually collected for the preceding tax year, whichever is less; provided that the maximum amount of compensation for such year of this Agreement may also include the amount of Service Tax Funds collected for prior tax years which remain previously unspent.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2009, attached hereto as Exhibit 2 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2009 may not exceed \$262,990, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

For each subsequent year of this Agreement, if any, and subject to the provisions of Section 3.01, a Budget for that year shall be incorporated into this Agreement by written amendment pursuant to Section 8.03.

5.03 Method of Payment

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES. The Contractor shall provide to the SSAC the signature card and sample check from the bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____.

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS

6.01 Warranties and Representations

In connection with the execution of this Agreement, the Contractor warrants and represents:

- A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors are competent to perform the Services required; that it is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated herein; and
- B. That it shall not knowingly use the services of any ineligible Subcontractor for any purpose in the performance of the Services; and
- C. That it and its Subcontractors are not in default at the time of the execution of this Agreement, or deemed by the Department to have, within five years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by the City; and
- D. That it and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of §2-92-320 of the Municipal Code of Chicago, 720 ILCS 5/33E-1 et seq. of the Criminal Code of 1961, and 65 ILCS 5/11-42.1-1 of the Illinois Municipal Code; and
- E. That it, all Subcontractors and their respective officers, directors, agents, partners, and employees shall cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago; that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and all subcontracts shall inform Subcontractors of such provision and require understanding and compliance therewith; and
- F. That, except only for those representations, statements, or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Contractor to enter into this Agreement; and

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

H. That neither Contractor nor an Affiliate of Contractor (as defined below) appears on the Specially Designated Nationals List, the Denied Persons List, the unverified List, the Entity List, or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce (or their successors), or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment. "Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor understands and will abide by all provisions of Chapter 2-26 of the Municipal Code of the City of Chicago.

6.02 Economic Disclosure Statement and Affidavit

The Contractor has provided the City with an Economic Disclosure Statement (EDS), which is attached hereto as Exhibit 3 and incorporated by reference as if fully set forth herein. Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial interest, directly or indirectly, in this Agreement or any such subcontract except to the extent that such benefits are provided equally to all residents and/or business owners in the Area. Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of

this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent, or partner of the City.

6.06 Business Relationships with Elected Officials

Pursuant to Section 2-156-030(b) of the Municipal Code of the City of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. **Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement.** The term business relationship is defined as set forth in Section 2-156-080 of the Municipal Code of Chicago.

Section 2-156-080 defines a "**business relationship**" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of \$2,500 or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii)

any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("**Covered Employees**"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "**Performing Parties**") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "**Base Wage**") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2008, the Base Wage is \$10.60, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit

Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;
- 11-4-1420 Ballast tank, bilge tank or other discharge;
- 11-4-1450 Gas manufacturing residue;
- 11-4-1500 Treatment and disposal of solid or liquid waste;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 3, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants that no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor further acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION**7.01 Events of Default Defined**

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

- (1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;
- (2) failure to perform the Services in a manner satisfactory to the City;
- (3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;
- (4) discontinuance of the Services for reasons within the Contractor's reasonable control;
- (5) failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination; and
- (6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.

B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.

- C. The right of specific performance, an injunction or any other appropriate equitable remedy.
- D. The right to money damages.
- E. The right to withhold all or any part of Contractor's compensation hereunder.
- F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under §2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. If the City elects to terminate the Agreement in full, all Services shall cease and all materials accumulated in performing this Agreement, whether

completed or in the process of completion, shall be delivered to the Department within 10 days after receipt of the notice or by the date stated in the notice.

During the final ten days or other time period stated in the notice, the Contractor shall restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination shall be on the same basis as set forth in Article 5 hereof, but if any compensation is described or provided for on the basis of a period longer than ten days, then the compensation shall be prorated accordingly.

If a court of competent jurisdiction determines that the City's election to terminate this Agreement for default has been wrongful, then such termination shall be deemed to be an early termination.

The Contractor must provide to the City, no later than thirty days after the end of each year, a fully executed and notarized Affidavit certifying the expenditures and Services provided for the prior year. The form of this affidavit is attached as Exhibit 8 and incorporated by reference.

B. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

C. The City's Governmental Ethics and Campaign Financing Ordinances, Chapters 2-156 and 2-164 of the Municipal Code, impose certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of these ordinances and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610. (Omitted for printing purposes) The Disclosing Party must comply fully with the applicable ordinances.

D. Some or all of the information provided on this EDS and any attachments to this EDS may be made available to the public on the Internet, in response to a Freedom of Information Act request, or otherwise. The Disclosing Party represents and warrants that:

G. The Disclosing Party has not withheld or reserved any disclosures as to economic interests in the Disclosing Party, or as to the Matter, or any information, data or plan as to the intended use or purpose for which the Applicant seeks City Council or other City agency action.

For purposes of the certifications in H.1. and H.2. below, the term "affiliate" means any person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity. Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members; shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with the federal government or a state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity.

The failure of the City to obtain certificates or other insurance evidence from Contractor is not a waiver by the City of any requirements for the Contractor to obtain and maintain the specified coverages. Contractor must advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work and suspend this Agreement until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled or non-renewed.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by Contractor under this Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If Contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

Contractor must require all Subcontractors to provide the insurance required in this Agreement, or Contractor may provide the coverages for Subcontractors. All Subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Agreement.

If Contractor or Subcontractor desire additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

Special Service Area -- Additional Audit Requirements.

Accounting System.

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance For The Contractor's Selection Of A C.P.A. Firm (Independent Auditor).

The Contractor must use the following guidelines for engaging a qualified C.P.A. Firm:

1. Issue a Request for Proposal ("R.F.P.") that sets forth all of the terms and conditions of the engagement, evaluation criteria and scope of the work required.
2. Distribute and publicize the R.F.P. sufficiently to ensure full and open competition.
3. Request in the R.F.P. that bidders provide detail on:
 - a. How the C.P.A. Firm will conduct the audit in the first and subsequent years.
 - b. Qualifications of the C.P.A. Firm, management and staff, including experience in auditing like entities.

- c. Policies on notification of changes in key personnel.
 - d. Whether the proposed staff has received continuing professional education during the previous two (2) years.
 - e. Whether the C.P.A. Firm has received a positive peer review within the last three (3) years.
 - f. Whether the C.P.A. Firm is independent, as defined by applicable auditing standards.
 - g. Whether the C.P.A. Firm has been the object of any disciplinary action during the past three (3) years.
 - h. Whether the C.P.A. Firm maintains an active license in the State of Illinois.
 - i. The audit fee.
4. Evaluate the proposals based on:
- a. The C.P.A. Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
 - b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
 - c. Qualifications of the C.P.A. Firm.
 - d. Qualifications of the audit team.
 - e. The information provided by respondents in response to the R.F.P. including cost and independence.
5. Rate the proposals as follows:
- a. Proposals should be evaluated as submitted.
 - b. Make a list of strengths and weaknesses for each to support its technical rating.
 - c. Review the proposed fees offered by the bidders after completion of the technical evaluation.

- d. Ask questions of the bidders to eliminate any ambiguities.
 - e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the R.F.P.
6. Once a C.P.A. Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
- a. Audit scope, objectives and purposes.
 - b. Deadlines for the work to be performed.
 - c. Audit fees.
 - d. Report format, including providing a digital version of the final audit.
 - e. Type and timing of support to be provided to the C.P.A. Firm by the S.S.A.C.
 - f. Professional auditing standards to be followed in performing the audit.
 - g. Independence of the C.P.A. Firm to the S.S.A.C.
 - h. Terms of making changes to the scope of the Agreement.
 - i. C.P.A. Firm's ownership of the work papers, retention period and requirement for availability to the City upon request.

Summary Schedule Of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the C.P.A. Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The C.P.A. Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the C.P.A. Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the C.P.A. Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the C.P.A. Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:

- a. Section 5.01, Basis of Payment, describes "carry over" as the amount of Service Tax Funds collected for prior tax years which remain previously unspent.
- b. Section 5.02, Budget for Services, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.
- c. Section 5.03, Method of Payment, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit Of Financial Statements.

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and S.S.A.C. within one hundred twenty (120) calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

The SSAC reserves the right to require the Contractor to perform revised services that are within the general scope of services of this Agreement and of the Special Services identified in the Establishment Ordinance subject to the same terms and conditions herein. Revised services are limited to changes or revisions to the line items in the Budget, do not affect the maximum compensation, and require the prior written approval of the SSAC. The SSAC may by written notice to the Department and the Contractor delete or amend the figures contained and described in the Budget attached hereto as Exhibit 2 and incorporated by reference as if fully set forth herein. The Contractor shall provide the Services in accordance with the standards of performance set forth in Section 3.02.

(a) Contractor

(i) Federal Requirements

Contractor must not engage in unlawful employment practices, such as (1) failing or refusing to hire or discharging any individual, or otherwise discriminating against any individual with respect to compensation or the terms, conditions, or privileges of the individual's employment, because of the individual's race, color, religion, sex, age, handicap/disability or national origin; or (2) limiting, segregating or classifying Contractor's employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect the individual's status as an employee, because of the individual's race, color, religion, sex, age, handicap/disability or national origin.

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Civil Rights Act of 1964, 42 U.S.C. sec. 2000e *et seq.* (1981), as amended and the Civil Rights Act of 1991, P.L. 102-166. Attention is called to: Exec. Order No. 11246, 30 Fed. Reg. 12,319 (1965), reprinted in 42 U.S.C. 2000e note, as amended by Exec. Order No. 11375, 32 Fed. Reg. 14,303 (1967) and by Exec. Order No. 12086, 43 Fed. Reg. 46,501 (1978); Age Discrimination Act, 42 U.S.C. §§ 6101-6106 (1981); Age Discrimination in Employment Act, 29 U.S.C. §§ 621-34; Rehabilitation Act of 1973, 29 U.S.C. §§ 793-794 (1981); Americans with Disabilities Act, 42 U.S.C. § 12101 *et seq.*; 41 C.F.R. Part 60 *et seq.* (1990); and all other applicable federal statutes, regulations and other laws.

(ii) State Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Illinois Human Rights Act, 775 ILCS 5/1-101 *et seq.* (1990), as amended and any rules and regulations promulgated in accordance with it, including the Equal Employment Opportunity Clause, 44 Ill. Admin. Code § 750 Appendix A. Furthermore, Contractor must comply with the Public Works Employment Discrimination Act, 775 ILCS 10/0.01 *et seq.* (1990), as amended, and all other applicable state statutes, regulations and other laws.

(iii) City Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Chicago Human Rights Ordinance, ch. 2-160, Section 2-160-010 *et seq.* of the Municipal Code of Chicago (1990), as amended, and all other applicable City ordinances and rules.

(b) **Subcontractors**

Contractor must incorporate all of this Section 3.04 by reference in all agreements entered into with any suppliers of materials, furnisher of services, Subcontractors of any tier, and labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any such materials, labor or services in connection with this Agreement. Further, Contractor must furnish and must cause each of its Subcontractor(s) to furnish such reports and information as requested by the federal, state, and local agencies charged with enforcing such laws and regulations, including the Chicago Commission on Human Relations.

3.05 Insurance

The Contractor shall comply with the insurance provisions attached hereto as Exhibit 4 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor enters into a subcontract with a Security Firm such Security Firm shall comply with the insurance provisions attached hereto as Exhibit 5 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor subcontracts with a Subcontractor other than a Security Firm, such Subcontractor shall comply with the Contractor insurance provisions attached hereto as Exhibit 4.

The Risk Management Division may waive or reduce any of the insurance requirements set forth herein. In addition, the Risk Management Division will review each new Scope of Services which the SSAC, in consultation with the Contractor, prepares annually during the term of this Agreement pursuant to Section 3.01 and may, if it wishes, revise the insurance required herein.

3.06 Indemnification

A. On written notice from the City of Losses the City believes are Losses Arising under this Agreement as defined in this Section 3.06, the Contractor shall defend, indemnify, and hold completely harmless the City Indemnitees from and against such Losses, regardless of whether Contractor challenges the City's belief. The defense, indemnification and hold harmless obligations of the Contractor toward City Indemnitees remain an affirmative obligation of Contractor following the City's notice of Losses the City believes are Losses Arising under this Agreement, unless and until a court of competent jurisdiction finally determines otherwise and all opportunities for appeal have been exhausted or have lapsed.

B. For purposes of this Section 3.06,

"City Indemnitees" means, individually and collectively, the City of Chicago, its officials, agents, employees and SSAC members.

"Losses" means, individually and collectively, all kinds of liabilities, losses, suits, claims, damages, judgments, fines, and demands, including all reasonable costs for investigation, reasonable attorneys' fees, court costs, and experts' fees, arising by reason of injury or death of any person, damage to property, patent or copyright infringement.

"Arising under this Agreement" means (i) arising out of awarding this Agreement, (ii) arising out of the enforcement of this Agreement, including the enforcement of this indemnification provision; (iii) arising out of or in connection with Contractor's performance or non-performance of this Agreement (including the acts or omission of Contractor, its officers, agents, employees, consultants, subcontractors, licensees, or invitees), any breach by any of them of any warranty made under this Agreement, or any failure by any of them to meet any applicable standard of performance under this Agreement; or (iv) any combination of any of the foregoing.

C. To the extent permissible by law, Contractor waives any limits on Contractor's liability that it would otherwise have by virtue of the Worker's Compensation Act or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. The Contractor shall maintain records showing actual time devoted and costs incurred. The Contractor shall keep books, documents, paper, records and accounts in connection with the Services open to inspection, copying, abstracting, transcription, and an independent audit by City employees or agents or third parties, and shall make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services. In addition, Contractor shall retain them in a safe place and make them available for an independent audit, inspection, copying and abstracting for at least five years after the final payment made in connection with this Agreement.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 9 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 9 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors, or both, at any time during the term of this Agreement or within five years after the Agreement ends,

in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits,

licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement.

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees, and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed \$100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount

allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 7 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2009 ("Effective Date") and shall continue through December 31, 2009, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION

5.01 Basis of Payment

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009 is the sum of (a) \$114,400 or the total amount of Service Tax Funds actually collected for tax year 2008, whichever is less; and (b) the total

amount of Surplus Funds in the amount of \$109,502 which are being carried over from previous program years and which Contractor hereby acknowledges are in its possession; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009, therefore, shall not exceed \$223,902.

For each subsequent year of this Agreement, if any, the maximum compensation that the Contractor may be paid under this Agreement is the amount set forth in the Budget for that year, pursuant to Section 5.02 and 8.03, or the amount of Service Tax Funds actually collected for the preceding tax year, whichever is less; provided that the maximum amount of compensation for such year of this Agreement may also include the amount of Service Tax Funds collected for prior tax years which remain previously unspent.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2009, attached hereto as Exhibit 2 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2009 may not exceed \$223,902, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

For each subsequent year of this Agreement, if any, and subject to the provisions of Section 3.01, a Budget for that year shall be incorporated into this Agreement by written amendment pursuant to Section 8.03.

5.03 Method of Payment

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES. The Contractor shall provide to the SSAC the signature card and sample check from the bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____.

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS**6.01 Warranties and Representations**

In connection with the execution of this Agreement, the Contractor warrants and represents:

A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors are competent to perform the Services required; that it is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated herein; and

B. That it shall not knowingly use the services of any ineligible Subcontractor for any purpose in the performance of the Services; and

C. That it and its Subcontractors are not in default at the time of the execution of this Agreement, or deemed by the Department to have, within five years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by the City; and

D. That it and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of §2-92-320 of the Municipal Code of Chicago, 720 ILCS 5/33E-1 et seq. of the Criminal Code of 1961, and 65 ILCS 5/11-42.1-1 of the Illinois Municipal Code; and

E. That it, all Subcontractors and their respective officers, directors, agents, partners, and employees shall cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago; that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and all subcontracts shall inform Subcontractors of such provision and require understanding and compliance therewith; and

F. That, except only for those representations, statements, or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Contractor to enter into this Agreement; and

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

H. That neither Contractor nor an Affiliate of Contractor (as defined below) appears on the Specially Designated Nationals List, the Denied Persons List, the unverified List, the Entity List, or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce (or their successors), or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment. "Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor understands and will abide by all provisions of Chapter 2-26 of the Municipal Code of the City of Chicago.

6.02 Economic Disclosure Statement and Affidavit

The Contractor has provided the City with an Economic Disclosure Statement (EDS), which is attached hereto as Exhibit 3 and incorporated by reference as if fully set forth herein. Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial interest, directly or indirectly, in this Agreement or any such subcontract except to the extent that such benefits are provided equally to all residents and/or business owners in the Area. Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of

this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent, or partner of the City.

6.06 Business Relationships with Elected Officials

Pursuant to Section 2-156-030(b) of the Municipal Code of the City of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. **Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement.** The term business relationship is defined as set forth in Section 2-156-080 of the Municipal Code of Chicago.

Section 2-156-080 defines a "**business relationship**" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of \$2,500 or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii)

any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("**Covered Employees**"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "**Performing Parties**") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "**Base Wage**") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2008, the Base Wage is \$10.60, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit

Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;
- 11-4-1420 Ballast tank, bilge tank or other discharge;
- 11-4-1450 Gas manufacturing residue;
- 11-4-1500 Treatment and disposal of solid or liquid waste;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 3, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants that no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor further acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION**7.01 Events of Default Defined**

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

(1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;

(2) failure to perform the Services in a manner satisfactory to the City;

(3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

(4) discontinuance of the Services for reasons within the Contractor's reasonable control;

(5) failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination; and

(6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.

B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.

- C. The right of specific performance, an injunction or any other appropriate equitable remedy.
- D. The right to money damages.
- E. The right to withhold all or any part of Contractor's compensation hereunder.
- F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under §2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. If the City elects to terminate the Agreement in full, all Services shall cease and all materials accumulated in performing this Agreement, whether

completed or in the process of completion, shall be delivered to the Department within 10 days after receipt of the notice or by the date stated in the notice.

During the final ten days or other time period stated in the notice, the Contractor shall restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination shall be on the same basis as set forth in Article 5 hereof, but if any compensation is described or provided for on the basis of a period longer than ten days, then the compensation shall be prorated accordingly.

If a court of competent jurisdiction determines that the City's election to terminate this Agreement for default has been wrongful, then such termination shall be deemed to be an early termination.

8.10 Miscellaneous Provisions

Whenever under this Agreement the City by a proper authority waives the Contractor's performance in any respect or waives a requirement or condition to the Contractor's performance, the waiver, whether express or implied, applies only to that particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. No waiver shall be construed as a modification of the Agreement regardless of the number of times the City may have waived the performance, requirement or condition.

8.12 Contractor Affidavit

The Contractor must provide to the City, no later than thirty days after the end of each year, a fully executed and notarized Affidavit certifying the expenditures and Services provided for the prior year. The form of this affidavit is attached as Exhibit 8 and incorporated by reference.

B. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

C. The City's Governmental Ethics and Campaign Financing Ordinances, Chapters 2-156 and 2-164 of the Municipal Code, impose certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of these ordinances and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610. (Omitted for printing purposes) The Disclosing Party must comply fully with the applicable ordinances.

D. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded, void or voidable), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other transactions with the City. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

Some or all of the information provided on this EDS and any attachments to this EDS may be made available to the public on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

F. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires.

The Disclosing Party represents and warrants that:

G. The Disclosing Party has not withheld or reserved any disclosures as to economic interests in the Disclosing Party, or as to the Matter, or any information, data or plan as to the intended use or purpose for which the Applicant seeks City Council or other City agency action.

For purposes of the certifications in H.1. and H.2. below, the term "affiliate" means any person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity. Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members; shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with the federal government or a state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity.

The failure of the City to obtain certificates or other insurance evidence from Contractor is not a waiver by the City of any requirements for the Contractor to obtain and maintain the specified coverages. Contractor must advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work and suspend this Agreement until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled or non-renewed.

The coverages and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Agreement or by law.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by Contractor under this Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If Contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

Contractor must require all Subcontractors to provide the insurance required in this Agreement, or Contractor may provide the coverages for Subcontractors. All Subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Agreement.

If Contractor or Subcontractor desire additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Special Service Area -- Additional Audit Requirements.

Accounting System.

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance For The Contractor's Selection Of A C.P.A. Firm (Independent Auditor).

The Contractor must use the following guidelines for engaging a qualified C.P.A. Firm:

1. Issue a Request for Proposal ("R.F.P.") that sets forth all of the terms and conditions of the engagement, evaluation criteria and scope of the work required.
2. Distribute and publicize the R.F.P. sufficiently to ensure full and open competition.
3. Request in the R.F.P. that bidders provide detail on:
 - a. How the C.P.A. Firm will conduct the audit in the first and subsequent years.
 - b. Qualifications of the C.P.A. Firm, management, and staff, including experience in auditing like entities.

- c. Policies on notification of changes in key personnel.
 - d. Whether the proposed staff has received continuing professional education during the previous two (2) years.
 - e. Whether the C.P.A. Firm has received a positive peer review within the last three (3) years.
 - f. Whether the C.P.A. Firm is independent, as defined by applicable auditing standards.
 - g. Whether the C.P.A. Firm has been the object of any disciplinary action during the past three (3) years.
 - h. Whether the C.P.A. Firm maintains an active license in the State of Illinois.
 - i. The audit fee.
4. Evaluate the proposals based on:
- a. The C.P.A. Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
 - b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
 - c. Qualifications of the C.P.A. Firm.
 - d. Qualifications of the audit team.
 - e. The information provided by respondents in response to the R.F.P. including cost and independence.
5. Rate the proposals as follows:
- a. Proposals should be evaluated as submitted.
 - b. Make a list of strengths and weaknesses for each to support its technical rating.
 - c. Review the proposed fees offered by the bidders after completion of the technical evaluation.

- d. Ask questions of the bidders to eliminate any ambiguities.
 - e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the R.F.P.
6. Once a C.P.A. Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
- a. Audit scope, objectives and purposes.
 - b. Deadlines for the work to be performed.
 - c. Audit fees.
 - d. Report format, including providing a digital version of the final audit.
 - e. Type and timing of support to be provided to the C.P.A. Firm by the S.S.A.C.
 - f. Professional auditing standards to be followed in performing the audit.
 - g. Independence of the C.P.A. Firm to the S.S.A.C.
 - h. Terms of making changes to the scope of the Agreement.
 - i. C.P.A. Firm's ownership of the work papers, retention period and requirement for availability to the City upon request.

Summary Schedule Of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the C.P.A. Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The C.P.A. Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the C.P.A. Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the C.P.A. Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the C.P.A. Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:

- a. Section 5.01, Basis of Payment, describes "carry over" as the amount of Service Tax Funds collected for prior tax years which remain previously unspent.
- b. Section 5.02, Budget for Services, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.
- c. Section 5.03, Method of Payment, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit Of Financial Statements.

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and S.S.A.C. within one hundred twenty (120) calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

(a) Contractor

(i) Federal Requirements

Contractor must not engage in unlawful employment practices, such as (1) failing or refusing to hire or discharging any individual, or otherwise discriminating against any individual with respect to compensation or the terms, conditions, or privileges of the individual's employment, because of the individual's race, color, religion, sex, age, handicap/disability or national origin; or (2) limiting, segregating or classifying Contractor's employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect the individual's status as an employee, because of the individual's race, color, religion, sex, age, handicap/disability or national origin.

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Civil Rights Act of 1964, 42 U.S.C. sec. 2000e *et seq.* (1981), as amended and the Civil Rights Act of 1991, P.L. 102-166. Attention is called to: Exec. Order No. 11246, 30 Fed. Reg. 12,319 (1965), reprinted in 42 U.S.C. 2000e note, as amended by Exec. Order No. 11375, 32 Fed. Reg. 14,303 (1967) and by Exec. Order No. 12086, 43 Fed. Reg. 46,501 (1978); Age Discrimination Act, 42 U.S.C. §§ 6101-6106 (1981); Age Discrimination in Employment Act, 29 U.S.C. §§ 621-34; Rehabilitation Act of 1973, 29 U.S.C. §§ 793-794 (1981); Americans with Disabilities Act, 42 U.S.C. § 12101 *et seq.*; 41 C.F.R. Part 60 *et seq.* (1990); and all other applicable federal statutes, regulations and other laws.

(ii) State Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Illinois Human Rights Act, 775 ILCS 5/1-101 *et seq.* (1990), as amended and any rules and regulations promulgated in accordance with it, including the Equal Employment Opportunity Clause, 44 Ill. Admin. Code § 750 Appendix A. Furthermore, Contractor must comply with the Public Works Employment Discrimination Act, 775 ILCS 10/0.01 *et seq.* (1990), as amended, and all other applicable state statutes, regulations and other laws.

(iii) City Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Chicago Human Rights Ordinance, ch. 2-160, Section 2-160-010 *et seq.* of the Municipal Code of Chicago (1990), as amended, and all other applicable City ordinances and rules.

(b) **Subcontractors**

Contractor must incorporate all of this Section 3.04 by reference in all agreements entered into with any suppliers of materials, furnisher of services, Subcontractors of any tier, and labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any such materials, labor or services in connection with this Agreement. Further, Contractor must furnish and must cause each of its Subcontractor(s) to furnish such reports and information as requested by the federal, state, and local agencies charged with enforcing such laws and regulations, including the Chicago Commission on Human Relations.

3.05 Insurance

The Contractor shall comply with the insurance provisions attached hereto as Exhibit 4 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor enters into a subcontract with a Security Firm such Security Firm shall comply with the insurance provisions attached hereto as Exhibit 5 and incorporated by reference as if fully set forth herein, or such other insurance provisions as may be required in the reasonable judgment of the Risk Management Division. If the Contractor subcontracts with a Subcontractor other than a Security Firm, such Subcontractor shall comply with the Contractor insurance provisions attached hereto as Exhibit 4.

The Risk Management Division may waive or reduce any of the insurance requirements set forth herein. In addition, the Risk Management Division will review each new Scope of Services which the SSAC, in consultation with the Contractor, prepares annually during the term of this Agreement pursuant to Section 3.01 and may, if it wishes, revise the insurance required herein.

3.06 Indemnification

A. On written notice from the City of Losses the City believes are Losses Arising under this Agreement as defined in this Section 3.06, the Contractor shall defend, indemnify, and hold completely harmless the City Indemnitees from and against such Losses, regardless of whether Contractor challenges the City's belief. The defense, indemnification and hold harmless obligations of the Contractor toward City Indemnitees remain an affirmative obligation of Contractor following the City's notice of Losses the City believes are Losses Arising under this Agreement, unless and until a court of competent jurisdiction finally determines otherwise and all opportunities for appeal have been exhausted or have lapsed.

B. For purposes of this Section 3.06,

"City Indemnitees" means, individually and collectively, the City of Chicago, its officials, agents, employees and SSAC members.

"Losses" means, individually and collectively, all kinds of liabilities, losses, suits, claims, damages, judgments, fines, and demands, including all reasonable costs for investigation, reasonable attorneys' fees, court costs, and experts' fees, arising by reason of injury or death of any person, damage to property, patent or copyright infringement.

"Arising under this Agreement" means (i) arising out of awarding this Agreement, (ii) arising out of the enforcement of this Agreement, including the enforcement of this indemnification provision; (iii) arising out of or in connection with Contractor's performance or non-performance of this Agreement (including the acts or omission of Contractor, its officers, agents, employees, consultants, subcontractors, licensees, or invitees), any breach by any of them of any warranty made under this Agreement, or any failure by any of them to meet any applicable standard of performance under this Agreement; or (iv) any combination of any of the foregoing.

C. To the extent permissible by law, Contractor waives any limits on Contractor's liability that it would otherwise have by virtue of the Worker's Compensation Act or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. The Contractor shall maintain records showing actual time devoted and costs incurred. The Contractor shall keep books, documents, paper, records and accounts in connection with the Services open to inspection, copying, abstracting, transcription, and an independent audit by City employees or agents or third parties, and shall make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services. In addition, Contractor shall retain them in a safe place and make them available for an independent audit, inspection, copying and abstracting for at least five years after the final payment made in connection with this Agreement.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 9 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 9 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors, or both, at any time during the term of this Agreement or within five years after the Agreement ends,

in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits, licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement.

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees, and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under, or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed \$100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 7 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2009 ("Effective Date") and shall continue through December 31, 2009, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION

5.01 Basis of Payment

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009 is the sum of (a) \$429,786 or the total amount of Service Tax Funds actually collected for tax year 2008, whichever is less; and (b) the total

amount of Surplus Funds in the amount of \$46,279 which are being carried over from previous program years and which Contractor hereby acknowledges are in its possession; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2009 and December 31, 2009, therefore, shall not exceed \$476,065.

For each subsequent year of this Agreement, if any, the maximum compensation that the Contractor may be paid under this Agreement is the amount set forth in the Budget for that year, pursuant to Section 5.02 and 8.03, or the amount of Service Tax Funds actually collected for the preceding tax year, whichever is less; provided that the maximum amount of compensation for such year of this Agreement may also include the amount of Service Tax Funds collected for prior tax years which remain previously unspent.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2009, attached hereto as Exhibit 2 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2009 may not exceed \$476,065, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

For each subsequent year of this Agreement, if any, and subject to the provisions of Section 3.01, a Budget for that year shall be incorporated into this Agreement by written amendment pursuant to Section 8.03.

5.03 Method of Payment

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES. The Contractor shall provide to the SSAC the signature card and sample check from the bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____.

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS

6.01 Warranties and Representations

In connection with the execution of this Agreement, the Contractor warrants and represents:

A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors are competent to perform the Services required; that it is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated herein; and

B. That it shall not knowingly use the services of any ineligible Subcontractor for any purpose in the performance of the Services; and

C. That it and its Subcontractors are not in default at the time of the execution of this Agreement, or deemed by the Department to have, within five years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by the City; and

D. That it and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of §2-92-320 of the Municipal Code of Chicago, 720 ILCS 5/33E-1 et seq. of the Criminal Code of 1961, and 65 ILCS 5/11-42.1-1 of the Illinois Municipal Code; and

E. That it, all Subcontractors and their respective officers, directors, agents, partners, and employees shall cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago; that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and all subcontracts shall inform Subcontractors of such provision and require understanding and compliance therewith; and

F. That, except only for those representations, statements, or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Contractor to enter into this Agreement; and

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

H. That neither Contractor nor an Affiliate of Contractor (as defined below) appears on the Specially Designated Nationals List, the Denied Persons List, the unverified List, the Entity List, or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce (or their successors), or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment. "Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor understands and will abide by all provisions of Chapter 2-26 of the Municipal Code of the City of Chicago.

6.02 Economic Disclosure Statement and Affidavit

The Contractor has provided the City with an Economic Disclosure Statement (EDS), which is attached hereto as Exhibit 3 and incorporated by reference as if fully set forth herein. Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial interest, directly or indirectly, in this Agreement or any such subcontract except to the extent that such benefits are provided equally to all residents and/or business owners in the Area. Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent, or partner of the City.

6.06 Business Relationships with Elected Officials

Pursuant to Section 2-156-030(b) of the Municipal Code of the City of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. **Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement.** The term business relationship is defined as set forth in Section 2-156-080 of the Municipal Code of Chicago.

Section 2-156-080 defines a "**business relationship**" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of \$2,500 or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii)

any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("**Covered Employees**"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "**Performing Parties**") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "**Base Wage**") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2008, the Base Wage is \$10.60, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit

Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;
- 11-4-1420 Ballast tank, bilge tank or other discharge;
- 11-4-1450 Gas manufacturing residue;
- 11-4-1500 Treatment and disposal of solid or liquid waste;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 3, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants that no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor further acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION**7.01 Events of Default Defined**

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

- (1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;
- (2) failure to perform the Services in a manner satisfactory to the City;
- (3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;
- (4) discontinuance of the Services for reasons within the Contractor's reasonable control;
- (5) failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination; and
- (6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.

B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.

- C. The right of specific performance, an injunction or any other appropriate equitable remedy.
- D. The right to money damages.
- E. The right to withhold all or any part of Contractor's compensation hereunder.
- F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under §2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. If the City elects to terminate the Agreement in full, all Services shall cease and all materials accumulated in performing this Agreement, whether completed or in the process of completion, shall be delivered to the Department within 10 days after receipt of the notice or by the date stated in the notice.

During the final ten days or other time period stated in the notice, the Contractor shall restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination shall be on the same basis as set forth in Article 5 hereof, but if any compensation is described or provided for on the basis of a period longer than ten days, then the compensation shall be prorated accordingly.

If a court of competent jurisdiction determines that the City's election to terminate this Agreement for default has been wrongful, then such termination shall be deemed to be an early termination.

Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Special Service Area -- Additional Audit Requirements.

Accounting System.

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance For The Contractor's Selection Of A C.P.A. Firm (Independent Auditor).

The Contractor must use the following guidelines for engaging a qualified C.P.A. Firm:

1. Issue a Request for Proposal ("R.F.P.") that sets forth all of the terms and conditions of the engagement, evaluation criteria and scope of the work required.
2. Distribute and publicize the R.F.P. sufficiently to ensure full and open competition.
3. Request in the R.F.P. that bidders provide detail on:
 - a. How the C.P.A. Firm will conduct the audit in the first and subsequent years.
 - b. Qualifications of the C.P.A. Firm, management, and staff, including experience in auditing like entities.

- c. Policies on notification of changes in key personnel.
 - d. Whether the proposed staff has received continuing professional education during the previous two (2) years.
 - e. Whether the C.P.A. Firm has received a positive peer review within the last three (3) years.
 - f. Whether the C.P.A. Firm is independent, as defined by applicable auditing standards.
 - g. Whether the C.P.A. Firm has been the object of any disciplinary action during the past three (3) years.
 - h. Whether the C.P.A. Firm maintains an active license in the State of Illinois.
 - i. The audit fee.
4. Evaluate the proposals based on:
- a. The C.P.A. Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
 - b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
 - c. Qualifications of the C.P.A. Firm.
 - d. Qualifications of the audit team.
 - e. The information provided by respondents in response to the R.F.P. including cost and independence.
5. Rate the proposals as follows:
- a. Proposals should be evaluated as submitted.
 - b. Make a list of strengths and weaknesses for each to support its technical rating.
 - c. Review the proposed fees offered by the bidders after completion of the technical evaluation.

- d. Ask questions of the bidders to eliminate any ambiguities.
 - e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the R.F.P.
6. Once a C.P.A. Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
- a. Audit scope, objectives and purposes.
 - b. Deadlines for the work to be performed.
 - c. Audit fees.
 - d. Report format, including providing a digital version of the final audit.
 - e. Type and timing of support to be provided to the C.P.A. Firm by the S.S.A.C.
 - f. Professional auditing standards to be followed in performing the audit.
 - g. Independence of the C.P.A. Firm to the S.S.A.C.
 - h. Terms of making changes to the scope of the Agreement.
 - i. C.P.A. Firm's ownership of the work papers, retention period and requirement for availability to the City upon request.

Summary Schedule Of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the C.P.A. Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The C.P.A. Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the C.P.A. Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the C.P.A. Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the C.P.A. Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:

- a. Section 5.01, Basis of Payment, describes "carry over" as the amount of Service Tax Funds collected for prior tax years which remain previously unspent.
- b. Section 5.02, Budget for Services, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.
- c. Section 5.03, Method of Payment, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit Of Financial Statements.

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and S.S.A.C. within one hundred twenty (120) calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

Audit Documents.

The City requires an audit conducted in accordance with generally accepted accounting principles to include the following documents:

1. Statement of Financial Position.
2. Statement of Activities: Budget and Actual (period being audited compared to the previous year, e.g., columns should be 2004 Budget, 2004 Actual, Variance, 2003 Budget, 2003 Actual, Variance).
3. Statement of Cash Flows.
4. Notes to the Financial Statements.
5. Summary Schedule of Findings.

Be It Further Ordered, That the City Comptroller is authorized and directed to issue warrants, in conformity with the schedule herein set forth, to physicians, hospitals, nurses or other individuals, in settlement for hospital, medical and nursing services rendered to the injured members of the Police Department and/or Fire Department herein named, provided such members of the Police Department and/or Fire Department shall enter into an agreement in writing with the City of Chicago to the effect that, should it appear that any of said members of the Police Department and/or Fire Department have received any sum of money from the party whose negligence caused such injury, or have instituted proceedings against such party for the recovery of damage on account of such injury or medical expenses, then in that event the City shall be reimbursed by such member of the Police Department and/or Fire Department out of any sum that such member of the Police Department and/or Fire Department has received or may hereafter receive from such third party on account of such injury or medical expenses, not to exceed the expense in accordance with Opinion Number 1422 of the Corporation Counsel of said City, dated March 19, 1926. The payment of any of these bills shall not be construed as approval of any previous claims pending or future claims for expenses or benefits on account of any alleged injury to the individuals named. SECTION 1. Section 10-28-675 of the Municipal Code of the City of Chicago is hereby amended by inserting the language underscored, as follows:

10-28-675 Restricted Zones -- Designated.

(a) After receiving considerable input from members of the public, representatives of community groups from businesses, and city planners, the city council of the City of Chicago has determined that the placement of advertising benches on the public way is not appropriate in certain areas and at certain intersections within the city. The city council has therefore provided for the designation of advertising bench "restricted zones" in which no advertising benches will be permitted. The designations of such restricted zones, which are described in subsection (b), are based upon the following considerations: (1) the aesthetic, historic or other distinguishing character of the areas so designated or their surrounding neighborhoods; (2) the safety of the public; and/or (3) the desire to avoid a proliferation of advertising benches in certain areas for reasons of aesthetics and public safety.

(b) The following areas are hereby designated advertising bench "restricted zones" pursuant to Section 10-28-670:

6. The designation and redesignation of subareas, including the allocation or assignment of development rights to and among designated subareas, shall require a minor change to this planned development. The Applicant shall request a minor change from the Commissioner of the Department of Planning and Development pursuant to Section 17-13-0611 of the Zoning Ordinance. The Applicant may, with the approval of the Commissioner of the Department of Planning and Development, have the right to redesignate subareas within the planned development from time to time in order to promote orderly development, to facilitate financing, acquisition, leasing or disposition of the Property or relevant portions thereof, to designate zoning control or to otherwise administer this planned development. In furtherance of the foregoing, the Applicant may allocate or assign the development rights under this planned development to and among the designated subareas, including floor area and F.A.R., dwelling units and parking; provided, however, that the limitations set forth in the Bulk Regulations and Data Table applicable to the entirety of the planned development shall not be exceeded or increased as a result of any such designations.
7. For purposes of floor area, floor area ratio ("F.A.R.") and building height calculations, the definitions of the Chicago Zoning Ordinance shall apply.
8. On-premise signs and temporary signs such as construction and marketing signs shall be permitted within the planned development subject to the reasonable review and approval of the Department of Planning and Development. No off-premise signs shall be permitted.
9. In addition to the maximum heights of the buildings and any appurtenances attached thereto prescribed in this planned development, the height of any improvements shall also be subject to height limitations as approved by the Federal Aviation Administration.
10. Any service drives or other ingress or egress shall be adequately designed and paved in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such emergency areas. Ingress and egress shall be subject to the review and approval of the Department of Transportation and the Department of Planning and Development. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Chicago Department of Transportation. Ingress and egress for the Property shall be provided in substantial compliance with the plans, and no further approvals shall be required for such ingress and egress plans.

11. The improvements on the Property shall be designed, constructed and maintained in substantial conformance with the plans and exhibits attached hereto and with the parkway and parking lot landscaping provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines. To the extent reasonably possible, the Applicant shall retain, repair and maintain both of the existing wooden water tanks and their steel support structures.
12. Prior to the issuance by the Department of Planning and Development of a determination pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance ("Part II Approval") for development of improvements in Subareas B, C, D, E, F and/or G, the Applicant shall submit a site plan, landscape plan and building elevations for the subject subarea(s) for review and approval by the Department of Planning and Development (individually and collectively, the "Subarea Site Plan Approval Submittals"). Review and approval by the Department of Planning and Development is intended to assure that specific development components substantially conform with this planned development and to assist the City in monitoring ongoing development. Such Subarea Site Plan Approval Submittals need only include that portion of the Property for which approval is being sought by the Applicant; provided, however, that if the Applicant is seeking approval for a portion of the Property that is less than an entire subarea, then, in addition to Subarea Site Plan Approval Submittals, the Applicant shall also include a site plan for that area of the Property (including the area for which the Applicant is seeking approval) which is bounded on all sides by either public rights-of-way or the boundary of the nearest subarea (the "Plan Area"). Such site plan shall include dimensioned and planned street rights-of-way which rights-of-way are located within such Plan Area. For example, if the Applicant is seeking approval for development at the immediate southwest corner of 26th Street and Kostner Avenue, in addition to the Subarea Site Plan Approval Submittals, the Applicant would be required to submit a site plan for the land bounded by Kostner Avenue, Kenneth Avenue, 26th Street and the south boundary line of Subarea B; further, such a site plan would be required to include the dimensions of and plan for that portion of South Kenneth Avenue located in the applicable Plan Area.

No Part II Approval for any portion of the Property shall be granted until such plans have been approved. If the Subarea Site Plan Approval Submittals substantially conform with the provisions of this planned development, the Department of Planning and Development promptly shall approve same. The Site Plan for Subarea A is hereby approved, and no further site plan approval shall be required in connection with the development of improvements in Subarea A of the Property pursuant to this planned development; provided, however, that the addition of a parking deck to Subarea A shall require a minor change to this planned development and Site Plan Approval for the parking deck.

Following approval by the Department of Planning and Development, the approved Subarea Site Plan Approval Submittals and supporting data and materials shall be kept on permanent file with the Department and shall be deemed to be an integral part of this planned development.

After approval of the Subarea Site Plan Approval Submittals, they may be changed or modified pursuant to the provisions of Statement 15 hereof. In the event of any inconsistency between approved plans and the terms of this planned development in effect at the time of approval of such plans or of the modifications or changes thereto, the terms of this planned development shall govern.

Any Subarea Site Plan Approval Submittals shall, at a minimum, provide the following information:

- (a) a site plan (including a footprint of the proposed improvements);
- (b) building elevations;
- (c) landscape plan; and
- (d) statistical information applicable to the subject subarea, including floor area and floor area ratio, uses to be established, building heights and setbacks.

Any Subarea Site Plan Approval Submittals shall include such other information as may be necessary to illustrate substantial conformance to this planned development.

13. The City of Chicago has established a Part II Review Fee in the amount of Zero and 25/100 Dollars (\$0.25) per square foot of buildable floor area. The Part II Review Fee will be assessed by the Department of Planning and Development in accordance with the aforementioned rate during the actual Part II Review. The fee, as determined by the Department of Planning and Development at that time in accordance with the aforementioned rate, is final and binding on the Applicant and must be paid to the Department of Planning and Development prior to the issuance of any pending building permit.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The terms, conditions and exhibits of this planned development may be modified administratively by the Commissioner upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated by this planned development. Any such modification shall be deemed a minor change to the planned development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance:

16. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner which provides healthier environments, reduces operating costs and conserves energy and resources. All development in Subareas B, C, D, E, F and G shall conform to the Department of Planning and Development "Sustainable Development Policy Matrix" in effect on the date of site plan approval of this planned development. All of the buildings within Subarea A shall achieve Leadership in Energy and Environmental Design ("L.E.E.D.") certification and one hundred percent (100%) of the net roof areas of all buildings within Subarea A shall be covered with vegetation (in aggregate, approximately one hundred fifty thousand (150,000) square feet of roof area).
17. All work proposed in the public way must be designed and constructed in accordance with the Chicago Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Any changes to ingress and egress as depicted in the plans and as set forth below shall be subject to the review and approval of the Department of Transportation and the Department of Planning and Development. Off-street parking and loading facilities shall be provided in compliance with this planned development. A minimum of two percent (2%) of all parking spaces provided pursuant to this planned development shall be designated and designed for parking for the handicapped.
18. Unless substantial construction of any new building or substantial renovation of any existing building, as proven by the issuance of building permits and the diligent pursuance thereof, has commenced within six (6) years of the effective date of this planned development, this planned development shall expire upon the sixth (6th) anniversary of the effective date hereof. If this planned development expires pursuant to the foregoing provision, the zoning of the Property shall automatically revert to the C2-3 classification. The six (6) year period may be extended for up to one additional year if, before expiration, the Commissioner determines that good cause for an extension is shown.
19. Subject to Chicago Park District board approval, the Applicant shall dedicate the open space shown on the site plan and identified as Subarea F (the "Park Site") in accordance with the terms and conditions of this Statement 19 subject to the following sentence. The Applicant shall prepare the Park Site in accordance with the Chicago Park District's environmental remediation and design specifications in effect at the time of construction (the "Park Site Standards"); provided, however, that neither the dedication and acceptance of the Park Site nor the design, construction and preparation of the Park Site to the Park Site Standards shall be required until and unless D.P.D. shall have identified and allocated to the Applicant funds in nature and amount sufficient to compensate Applicant for the value of the land so dedicated and accepted for the Park Site and the hard and soft costs incurred by the Applicant to design, prepare and construct the Park Site to the Park Site Standards.

In the event the Chicago Park District elects to prepare the Park Site and construct a park, the Applicant shall only be required to dedicate the Park Site, provided, however,

that D.P.D. has identified and allocated to the Applicant funds in nature and amount sufficient to compensate the Applicant for the value of the land so dedicated and accepted for the Park Site. If the Chicago Park District is unwilling to accept the dedication of the Park Site upon the satisfaction of the foregoing conditions, the Applicant, subject to D.P.D.'s approval, may dedicate the Park Site to another entity whose purpose is to provide for public open space.
