[R2009-644]

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

June 3, 2009.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution concerning Lieutenant Robert G. Cervenka, Sergeant Michael Santos, Police Officers Brad A. Johnson, Kevin J. Keefe, Joseph E. Martorano, Charlie Person, Jr., Michael G. Ruiz, Sterling F. Terry, Lafayette Triplett, John C. Xiques, Detectives Sheamus M. Fergus and Walter J. Smith of the Chicago Police Department, and their exemplary conduct during the events of March 12, 2008.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, On March 12, 2008, as part of the Chicago Police Department's Violence Reduction Strategy, Lieutenant Robert G. Cervenka (Star Number 275) and Sergeant Michael Santos (Star Number 2330) of the Organized Crime Division's Narcotics Section launched Operation "Washington" to curb narcotics sales and increased gang violence in the area of Washington Boulevard and Pine Avenue on the city's west side; and

WHEREAS, Upon learning that street gangs had formed an alliance to sell illegal drugs in the area, Chicago Police Department personnel from the Narcotics Section began surveillance operations; and

WHEREAS, Surveillance efforts were thwarted, for the gang members were careful to conduct their narcotic sales in isolated and shielded areas to avoid being videotaped; and

WHEREAS, Undeterred, the members of Operation "Washington" turned to an innovative set of tools: a court-authorized consensual overhear, controlled narcotic purchases from gang members, and covert seizures of the controlled substances in the gangs' possession; and

WHEREAS, Undaunted by the enormous task and treacherous conditions confronting them, the undercover officers assigned to Operation "Washington" assumed great personal risk in making the purchases and seizures necessary to amass crucial evidence; and

WHEREAS, Thanks to their sustained and methodical approach, the Operation "Washington" team arrested several street gang members, including four high-ranking members. Five gang members were charged with criminal drug conspiracy and fourteen others were charged with delivery of a controlled substance; and

WHEREAS, Operation "Washington" was one of forty street corner-conspiracy operations executed citywide in 2008 by the Chicago Police Department Narcotics Section, in conjunction with the Office of the Cook County State's Attorney and the Chicago High Intensity Drug Trafficking Areas program of the Office of National Drug Control Policy. These operations resulted in two hundred ninety-seven drug-related arrests in 2008; and

WHEREAS, Operation "Washington" has crippled the street gangs' operations on Chicago's West Side and created a more peaceful and safe environment for area residents; and

WHEREAS, The members of the Chicago Police Department who successfully carried out Operation "Washington" deserve honor and recognition for their efforts to rid our great city of the scourge of drugs, gangs and street violence; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this third day of June, 2009, do hereby honor the following members of the Chicago Police Department for their professionalism, dedication and exceptional efforts on behalf of the people of Chicago:

Lieutenant Robert G. Cervenka (Star Number 275);

Citing the success that emanates from cooperation between police and citizens, Mayor Daley urged parents and guardians to take greater interest in and responsibility for their children and asked that local block clubs, community and religious leaders and their members join in the crusade to rid our city of this blight. Rules Suspended -- LIEUTENANT WILLIAM DI PINTO, FIREFIGHTER/PARAMEDIC GREGORY SWANSON AND FIREFIGHTER/E.M.T. MATTHEW ZWOLFER OF CHICAGO FIRE DEPARTMENT HONORED FOR HEROIC LIFE-SAVING RESCUE.
[R2009-643]

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

June 3, 2009.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution concerning Lieutenant William DiPinto, Firefighter/Paramedic Gregory Swanson and Firefighter/E.M.T. Matthew Zwolfer of the Chicago Fire Department, and their exemplary conduct during the events of May 3, 2009.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, On the morning of Sunday, May 3, 2009, Engine Company 68 and several units of the Chicago Fire Department were dispatched to a reported fire at 1640 North Central Avenue. While en route to the scene, fire companies received notification that victims were possibly trapped on the second floor; and

WHEREAS, Arriving first at the scene, the personnel of Engine 68 saw flames and heavy smoke billowing from windows on the second floor in the front of the apartment building. Engine 68's crew, under the command of Lieutenant William DiPinto, immediately went to work, dragging hoselines from the engine to aggressively attack this fast-spreading fire; and

WHEREAS, Firefighters learned that a young girl was trapped on the second floor of the building, and thus they had no time to lose; and

WHEREAS, Making their way to the top of the stairwell, firefighters were met by extreme heat and fire pouring out from the bathroom into the front hallway and into a bedroom adjacent to the hallway; and

WHEREAS, Firefighter/Paramedic Gregory Swanson, assisted on the line by Firefighter/E.M.T. Matthew Zwolfer and Lieutenant DiPinto, knew that at this time no truck companies were searching for the missing child, so the three split the duties of fire extinguishment and primary search of the area; and

WHEREAS, Firefighter/Paramedic Swanson, after attacking the fire that was blocking the entrance to a bedroom directly in front of them, handed the nozzle to Firefighter/E.M.T. Zwolfer, then he and Lieutenant DiPinto crawled past the curtain of flames to find the child while Firefighter/E.M.T. Zwolfer continued to battle the raging fire; and

WHEREAS, Groping his way through heavy black smoke and searing heat, Firefighter/Paramedic Swanson soon found the ten-year-old child lying partially on the bed, and partially collapsed onto the floor. He quickly carried her small limp body from the room

into the hallway, where he was able to perform a preliminary assessment of her condition; and

WHEREAS, Noting that her breathing was labored and that her face and upper body were burned, he administered rescue breathing to maintain adequate oxygen to sustain life until he was relieved by Ambulance 7. The fire was soon struck out by the Eighth Battalion, and final searches revealed no other occupants to be in the building; and

WHEREAS, The young girl was taken in serious condition to the closest approved hospital before being transferred by Chicago Fire Department Ambulance to the Loyola Hospital burn unit. For nearly one week she remained in critical condition but eventually showed signs of improvement; and

WHEREAS, The heroic efforts by the members of Engine 68, intervening quickly in the early stages of this emergency, resulted in a successful outcome, despite the deadly fire, choking smoke and unbearable heat. A young child was granted a second chance for life that Sunday morning, thanks to the years of training and field experience shared by Lieutenant DiPinto, Firefighter/Paramedic Swanson and Firefighter/E.M.T. Zwolfer; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this third day of June, 2009, do hereby honor Lieutenant William DiPinto, Firefighter/Paramedic Gregory Swanson and Firefighter/E.M.T. Matthew Zwolfer for performing their duties in the proud tradition of the Chicago Fire Department, and thereby helping to save a child's life; and

Be It Further Resolved, That suitable copies of this resolution be presented to these members of the Chicago Fire Department, and placed on permanent record in their personnel files, as a token of our honor and esteem.

On motion of Alderman Burke, seconded by Aldermen Cochran, Carothers, Banks and Mitts, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Flores, Fioretti, Dowell, Preckwinkle, Hairston, Lyle, Jackson, Harris, Beale, Pope, Cárdenas, Olivo, Burke, Foulkes, Thompson, Thomas, Lane, Rugai, Cochran, Brookins, Muñoz, Zalewski, Dixon, Solis, Burnett, E. Smith, Carothers, Reboyras, Suarez, Waguespack, Mell, Austin, Colón Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Reilly, Daley, Tunney, Levar, Shiller, Schulter, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Carothers moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, the Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago, expressed gratitude and appreciation to Lieutenant William DiPinto, Firefighter/Paramedic Gregory Swanson and Firefighter/E.M.T. Matthew Zwolfer for their heroic life-saving rescue. Recognizing the uniquely effective combination of teamwork, decision-making and training with which the honorees effected their rescue and which he cited as the hallmark of the Fire Department, Mayor Daley thanked the dedicated men and women of our city's uniformed services on behalf of the many lives saved and that will be saved by these selfless public guardians. After calling the City Council's attention to the presence in the visitors' gallery of the families and friends of the honorees, Mayor Daley invited Lieutenant William DiPinto, Firefighter/Paramedic Gregory Swanson and Firefighter/E.M.T. Matthew Zwolfer to the Mayor's rostrum where he expressed his personal thanks and presented each with a parchment copy of the congratulatory resolution.

Re: Amending Agreement to Administrative Services Agreement (the "Agreement")

Ladies and Gentlemen:

I have acted as counsel for SomerCor 504, Inc., an Illinois not-for-profit corporation ("SomerCor"), in connection with the execution and delivery of the Agreement by and between SomerCor and the City of Chicago, acting by and through its Department of Community Development (the "City"). SomerCor has requested that this opinion be furnished to the City.

In so acting as counsel for SomerCor I have examined:

(i) an executed original of the Agreement;

(ii) the Articles of Incorporation, including all amendments thereto, of SomerCor as furnished and certified by the Secretary of State of the State of Illinois;

(iii) the Bylaws of SomerCor, as certified by the Secretary of SomerCor as of the date hereof; and

(iv) the Certificate of Good Standing dated _____, issued by the Office of the Secretary of State of the State of Illinois, as to the good standing of SomerCor.

In my capacity as counsel, I have also examined such other documents or instruments as I have deemed relevant for the purposes of rendering the opinions hereinafter set forth.

I have also assumed, but have no reason to question, the legal capacity, authority and the genuineness of the signatures of and due and proper execution and delivery by the respective parties other than SomerCor which has made, executed or delivered or will make, execute and deliver the agreements and documents examined by me.

I express no opinion as to (i) the laws of any state or jurisdiction other than the State of Illinois (and any political subdivisions thereof) and the United States of America; and (ii) any matters pertaining or relating to the securities laws of the United States of America, the State of Illinois or any other state.

Based upon and subject to the assumptions and qualifications herein stated, it is my opinion that:

1. SomerCor is a not-for-profit corporation, duly organized and validly existing under the laws of the State of Illinois, SomerCor has made all filings required by the laws of the State of Illinois in respect of its formation and continuing existence, and has all requisite authority to carry on its business and to execute and deliver, and to consummate the transactions contemplated by, the Agreement.

2. The Agreement has been duly executed and delivered on behalf of SomerCor, and constitutes a legal, valid and binding obligation of SomerCor, enforceable against SomerCor in accordance with its terms, except to the extent that enforcement of any such terms may be limited by: (a) applicable bankruptcy, reorganization, debt arrangement, insolvency or other similar laws generally affecting creditors' rights; or (b) judicial and public policy limitations upon the enforcement of certain remedies including those which a court of equity may in its discretion decline to enforce.

3. i. Subject to the terms and conditions of this Agreement, including but not limited to this **Section 4.03** and **Section 5** hereof, the City hereby agrees to provide City funds (the **"City Funds"**) from Available Incremental Taxes to pay for and/or reimburse 79th Street LLC for the costs of the TIF-Funded Improvements in the amounts determined under **Section 4.03(c)**. To the extent Available Incremental Taxes are determined to be insufficient to meet the payment schedule set forth in **Section 4.03(c)**, the City shall make such deposit(s) as such Available Incremental Taxes become available.

ii. Subject to the terms and conditions of this Agreement, payment shall be made to 79th Street LLC (each an "Installment") in accordance with the terms of the Escrow Agreement and upon 79th Street LLC's submission of a draw request (the "Requisition Form") in accordance with **Section 4.03(c)**. iii. City Funds derived from Incremental Taxes and available to pay such costs and allocated for such purposes shall be paid in accordance with the terms of this Agreement and the Escrow Agreement only so long as no Event of Default or condition for which the giving of notice or the passage of time, or both, would constitute an Event of Default exists under this Agreement or the Escrow Agreement.

The Developer acknowledges and agrees that the City's obligation to pay any City Funds is contingent upon the conditions set forth in parts (i), (ii) and (iii) above, as well the Developer's satisfaction of all other applicable terms and conditions of this Agreement, including, without limitation, compliance with the covenants in **Section 8.20**. In the event that such conditions are not fulfilled, the amount of Equity to be contributed by the Developer pursuant to **Section 4.01** hereof shall increase proportionately.

(c) Payment Amount. (i) The Installments to be paid pursuant to a draw request in accordance with the Escrow Agreement and upon submission of a Requisition Form shall be as follows (subject to **Sections 8.20**):

4.04 Construction Escrow. The City, the Developer and Lender shall enter into an Escrow Agreement. All disbursements of City Funds shall be made through the funding of draw requests with respect thereto pursuant to the Escrow Agreement and this Agreement. The City must receive copies of any draw requests and related documents submitted to the Title Company for disbursements under the Escrow Agreement.

(a) Prior Expenditures. Only those expenditures made by 79th Street LLC with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to DCD and approved by DCD as satisfying costs covered in the Project Budget, shall be considered previously contributed Equity or Lender Financing hereunder (the "**Prior Expenditures**"). DCD shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. **Exhibit I** hereto sets forth the prior expenditures approved by DCD as of the date hereof as Prior Expenditures. (b) Subsequent Disbursements. Disbursements of City Funds for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of DCD, being prohibited, subject to the terms of **Section 3.04**. DCD shall not unreasonably withhold its consent to such transfers so long as the Corporation Counsel has advised DCD that an expenditure qualifies as an eligible cost under the Act.

(c) City Fee. Annually, the City may allocate an amount not to exceed ten percent percent (10%) of the Incremental Taxes for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project (the "City Fee"). Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to **Section 4.03** hereof, or if the cost of completing the Project exceeds the Project Budget, the Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Disbursement. As a condition to the disbursement of City Funds hereunder, 79th Street LLC shall submit, at the time of each submission of the Requisition Form in accordance with **Section 4.03(c)**, documentation regarding the applicable expenditures to DCD, which shall be satisfactory to DCD in its sole discretion. Delivery by 79th Street LLC to DCD of any request for disbursement of City Funds hereunder shall, in addition to the items therein expressly set

forth, constitute a certification by the Developer to the City, as of the date of such request for disbursement, that:

(a) the actual amount paid to the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees is equal to or greater than the total amount of the disbursement request;

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in any ordinance pursuant to which Bonds, if any, are issued, the City Housing Loan documents, the Bonds, if any, the TIF Ordinances this Agreement and/or the Escrow Agreement.

4.08 Conditional Payment of City Funds. Furthermore, after the issuance of the Certificate pursuant to **Section 7.01**, it shall be in DCD's sole discretion to make any payment pursuant to this Agreement upon and after the occurrence of any action described in **Section 8.01(j)** for which the Developer did not receive the prior written consent of the City. SECTION 7. COMPLETION OF CONSTRUCTION OR REHABILITATION

7.01 Certificate of Completion.

(a) Upon (i) satisfaction of the conditions set forth in **Section 7.01(c)** hereof, and (ii) upon Developer's written request, DCD shall issue to the Developer a Certificate in recordable form certifying that the Developer has fulfilled its obligation to complete the Project in accordance with the terms of this Agreement.

(b) DCD shall respond to the Developer's written request for a Certificate within forty-five (45) days by issuing either a Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the Certificate. The Developer may resubmit a written request for a Certificate upon completion of such measures.

(c) Developer acknowledges that the City will not issue a Certificate until the following conditions have been met:

(i) the Developer has given the City written notification that the Project, including all of the TIF-Funded Improvements, has been completed;

(ii) the Developer has provided DCD with evidence acceptable to DCD showing that Developer has completed the Project in compliance with building permit requirements, including, without limitation, receipt of certificate(s) of occupancy for one hundred percent (100%) of the units of the Project;

(iii) in accordance with **Section 8.20**, the COC Occupancy Covenant is met and the Occupancy Report has been approved; and

(iv) the City's monitoring unit has determined in writing that the Developer is in complete compliance with all requirements of **Section 8.08** (Prevailing Wage) and **Section 10** (Developer's Employment Obligations).

(d) Developer acknowledges that the City will not issue a Certificate if there exists an Event of Default under **Section 15.01** which has not been cured pursuant to **Section 15.03** or **Section 15.04**.

7.02 Effect of Issuance of Certificate; Continuing Obligations. The Certificate relates only to the construction of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities have been satisfied. After the issuance of a Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described at **Sections 8.02, 8.18, 8.19, 8.20** and **8.21** as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Certificate; provided, that upon the issuance of a Certificate, the covenants set forth in **Section 8.02** shall be deemed to have been fulfilled. The other executory terms of this Agreement that remain after the issuance of a Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to **Section 18.15** of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

7.03 Failure to Complete. If the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of such TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing such TIF-Funded Improvements exceeds the amount of City Funds available pursuant to **Section 4.01**, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer, provided that the City is entitled to rely on an opinion of counsel that such reimbursement will not jeopardize the tax-exempt status of the Bonds, if any.

7.04 Notice of Expiration of Term of Agreement. Upon the expiration of the Term of the Agreement, DCD shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.

8.01 General. The Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) 79th Street Limited Partnership is an Illinois limited partnership and 79th Street LLC is an Illinois limited liability company, each duly organized, validly existing, qualified to do business in Illinois, and each licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) each of 79th Street Limited Partnership and 79th Street LLC has the right, power and authority to enter into, execute, deliver and perform this Agreement, as applicable hereto;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary action, and does not and will not violate (as applicable) its Articles of Incorporation, by-laws or partnership agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, the 79th Street Limited Partnership shall acquire and shall maintain good, indefeasible and merchantable fee simple title to the Property (and all improvements thereon) free and clear of all liens (except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, Lender Financing as disclosed in the Project Budget and non-governmental charges that the Developer is contesting in good faith pursuant to **Section 8.15** hereof);

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) Prior to the issuance of the Certificate pursuant to **Section 7.01**, the Developer shall not do any of the following without the prior written consent of DCD, which consent shall be in DCD's sole discretion: (1) be a party to any merger, liquidation or consolidation; (2) sell (including, without limitation, any sale and leaseback), transfer, convey, lease (except the lease of the Facility to tenants in accordance with **Section 8.19** herein) or otherwise dispose of all or substantially all of its assets or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto); (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of the Certificate pursuant to **Section 7.01**, shall not, without the prior written consent of the Commissioner of DCD, allow the existence of any liens against the Property (or improvements thereon) other than the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company; or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget;

(l) has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency (**"City Contract"**) as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City;

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate,"when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or

entity, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise; and

(n) Developer agrees that Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in Developer of more than 7.5 percent ("**Owners**"), spouses and domestic partners of such Owners, Developer's contractors (i.e., any person or entity in direct contractual privity with Developer regarding the subject matter of this Agreement) ("**Contractors**"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("**Sub-owners**") and spouses and domestic partners of such Sub-owners (Developer and all the other preceding classes of persons and entities are together, the "**Identified Parties**"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "**Mayor**") or to his political fundraising committee (i) after execution of this Agreement by Developer, (ii) while this Agreement or any Other Contract (as defined below) is executory, (iii) during the term of this Agreement or any Other Contract between Developer and the City, or (iv) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated.

Developer represents and warrants that from the later of (i) February 10, 2005, or (ii) the date the City approached the Developer or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Developer agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Developer agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

Developer agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Developer intentionally violates this provision or Mayoral Executive Order No. 05-1 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:

"**Bundle**" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fundraising committee.

"**Other Contract**" means any other agreement with the City of Chicago to which Developer is a party that is (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"**Contribution**" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

(A) they are each other's sole domestic partner, responsible for each other's common welfare; and
(B) neither party is married; and
(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
(D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
(E) two of the following four conditions exist for the partners:
    1. The partners have been residing together for at least 12 months.
    2. The partners have common or joint ownership of a residence.
    3. The partners have at least two of the following arrangements:
        a. joint ownership of a motor vehicle;
        b. a joint credit account;
        c. a joint checking account;
        d. a lease for a residence identifying both domestic partners as tenants.
    4. Each partner identifies the other partner as a primary beneficiary in a will.

"**Political fundraising committee**" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

8.02 Covenant to Redevelop. Upon DCD's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in **Sections 3.02** and **3.03** hereof, and the Developer's receipt of all required building permits and governmental approvals, the Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF Ordinances, the Scope Drawings, Plans and Specifications, Project Budget and all amendments thereto, and all Laws applicable to the Project, the Property and/or the Developer, including, without limitation, all Environmental Laws. The covenants set forth in this Section shall run with the land and be binding upon any transferee, but shall be deemed satisfied upon issuance by the City of a Certificate with respect thereto.

8.03 Redevelopment Plan. The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

8.04 Use of City Funds. City Funds disbursed to 79th Street LLC shall be used by the 79th Street LLC solely to pay for (or to reimburse the 79th Street LLC for its payment for) the TIF-Funded Improvements as provided in this Agreement.

8.05 Other Bonds. The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements (the "**Bonds**"); provided, however, that the proceeds of bonds issued on a tax-exempt basis cannot be used as a source of City Funds or to repay the City Funds, and provided, further, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

8.06 Employment Opportunity; Progress Reports. The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and each subcontractor to abide by the terms set forth in **Section 10** hereof. The Developer shall deliver to the City written progress reports detailing compliance with the requirements of **Sections 8.08, 10.02** and **10.03** of this Agreement. Such reports shall be delivered to the City monthly. If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to DCD which shall outline, to DCD's satisfaction, the manner in which the Developer shall correct any shortfall.

8.07 Employment Profile. The Developer shall submit, and contractually obligate and cause the General Contractor or any subcontractor to submit, to DCD, from time to time, statements of its employment profile upon DCD's request.

8.08 Prevailing Wage. Unless required to pay federal "Davis-Bacon" wages pursuant to the terms of the City Housing Loan, the Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "**Department**"), to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer or the General Contractor to evidence compliance with this **Section 8.08**.

8.09 Arms-Length Transactions. Unless the City has given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon DCD's request, prior to any such disbursement.

8.10 Conflict of Interest. Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the

Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

8.11 Disclosure of Interest. The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project.

8.12 Financial Statements. The Developer shall obtain and provide to DCD Financial Statements for the Developer's fiscal year ended December 31, 2008 and for each year thereafter within 90 days after the end of such fiscal year for the Term of the Agreement. In addition, the Developer shall submit unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as DCD may request.

8.13 Insurance. The Developer, at its own expense, shall comply with all provisions of **Section 12** hereof.

8.14 Non-Governmental Charges. (a) Payment of Non-Governmental Charges. Except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to DCD, within thirty (30) days of DCD's request, official receipts from the appropriate entity, or other proof satisfactory to DCD, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this **Section 8.14**); or

(ii) at DCD's sole option, to furnish a good and sufficient bond or other security satisfactory to DCD in such form and amounts as DCD shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.15 Developer's Liabilities. The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material

liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify DCD of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.16 Compliance with Laws. To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable Laws pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

8.17 Recording and Filing. The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.18 Real Estate Provisions.

(a) Governmental Charges.

(i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create, may create, a lien upon the Developer or all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to the Developer, the Property or the Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to DCD of the Developer's intent to contest or object to a Governmental Charge and, unless, at DCD's sole option,

(i) the Developer shall demonstrate to DCD's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to DCD in such form and amounts as DCD shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise DCD thereof in writing, at which time DCD may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in DCD's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which DCD deems advisable. All sums so paid by DCD, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to DCD by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Acknowledgment of Real Estate Taxes. The Developer agrees that for the purpose of this Agreement, the minimum assessed value of the Property ("Minimum Assessed Value") is shown on **Exhibit K** attached hereto and incorporated herein by reference.

(ii) Real Estate Tax Exemption. With respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect; provided, however, nothing contained in this provision shall preclude Developer from applying for and receiving any reduction in the amount of real estate taxes payable for the Project or the Property, subject to the provisions of clause (iii) below.

(iii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project below the amount of the Minimum Assessed Value as shown in **Exhibit K**; provided, however, the Developer is permitted to apply for a Class 9 designation from Cook County even if such designation with respect to the Property would result in a Minimum Assessed Value below that shown in **Exhibit K**.

(iv) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any

Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property up to (but not above) the Minimum Assessed Value as shown in **Exhibit K**.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this **Section 8.18(c)** are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof; provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale (including, without limitation, any sale and leaseback), lease, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this **Section 8.18(c)** to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this **Section 8.18(c)**.

8.19 Affordable Housing Covenant. The Developer agrees and covenants to the City that, prior to any foreclosure of the Property by a Lender, the provisions of that certain Regulatory Agreement executed by the Developer and DCD as of the date hereof shall govern the terms of the Developer's obligation to provide affordable housing. Following foreclosure, if any, and from the date of such foreclosure through the Term of the Agreement, the following provisions shall govern the terms of the obligation to provide affordable housing under this Agreement:

(a) The Facility shall be operated and maintained solely as residential rental housing;

(b) All of the Affordable Units in the Facility shall be available for occupancy to and be occupied solely by one or more persons qualifying as Low Income Families (as defined below) upon initial occupancy; and

(c) All of the Affordable Units in the Facility have monthly rents, payable by the respective tenant, at or below 60% in accordance with the rules specified in Section 42(g)(2) of the Internal Revenue Code of 1986, as amended); provided, however, that for any unit occupied by a Family (as defined below) that no longer qualifies as a Low Income Family due to an increase in such Family's income since the date of its initial occupancy of such unit, the maximum monthly rent for such unit shall not exceed thirty percent (30%) of such Family's monthly income.

(d) As used in this **Section 8.19**, the following terms has the following meanings:

(i) **"Family"** shall mean one or more individuals, whether or not related by blood or marriage; and

(ii) **"Low Income Families"** shall mean Families whose annual income does not exceed sixty percent (60%) of the Chicago-area median income, adjusted for Family size, as such annual income and Chicago-area median income are determined from time to time by the United States Department of Housing and Urban Development, and thereafter such income limits shall apply to this definition.

(e) The covenants set forth in this **Section 8.19** shall run with the land and be binding upon any transferee.

(f) The City and the Developer may enter into a separate agreement to implement the provisions of this **Section 8.19**.

8.20 Occupancy; Permitted Uses. Developer shall cause the lease of at least 90% of the Building on or before the date of request for and at the date issuance of the Certificate of Completion (the "COC Occupancy Covenant"). At the time the COC Occupancy Covenant is met, the Developer shall deliver a compliance report to the satisfaction of the City, which shall include a certified tenant rent roll along with such other information as the City shall request (the "Occupancy Report"), demonstrating, among other things, compliance with **Section 8.19** hereof. Developer shall cause the Building to be used in accordance with **Section 8.19** hereof and the Redevelopment Plan. The covenants contained in this **Section 8.20** shall run with the land and be binding upon any transferee for the term of this Agreement.

8.21 Annual Report. Developer shall provide to DCD an Annual Report consisting of (a) a letter from the Developer itemizing all ongoing requirements including references to all the relevant Sections of this Agreement, (b) sufficient documentation and and certifications to evidence that all ongoing requirements have been satisfied during the preceding reporting period. The Annual Report shall be submitted each year, for ten (10) years, on the yearly anniversary of the issuance of the Certificate of Completion (each such year being a "reporting period"). Failure by the Developer to submit the Annual Report shall constitute an Event of Default under **Section 15.01** hereof, without notice or opportunity to cure pursuant to **Section 15.03** hereof. The covenants contained in this **Section 8.21** shall run with the land and be binding upon any transferee for the term of this Agreement.

8.22 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this **Section 8** and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in **Section 7** hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement.

SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

9.01 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this **Section 9** or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "**Employers**" and individually an "**Employer**") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "**Human Rights Ordinance**"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this **Section 10.01** shall be a basis for the City to pursue remedies under the provisions of **Section 15.02** hereof.

10.02 City Resident Construction Worker Employment Requirement. The Developer agrees for itself and its successors and assigns, and shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of DCD in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

The Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of DCD, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Project.

At the direction of DCD, affidavits and other supporting documentation will be required of the Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this Section concerning the

worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the General Contractor and/or the subcontractors to prosecution. **Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether the Developer must surrender damages as provided in this paragraph.**

Nothing herein provided shall be construed to be a limitation upon the "**Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246**" and "**Standard Federal Equal Employment Opportunity, Executive Order 11246**," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this **Section 10.02** to be included in all construction contracts and subcontracts related to the Project.

10.03. MBE/WBE Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "**Procurement Program**"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "**MBE/WBE Program**"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this **Section 10.03**, during the course of the Project, at least the following percentages of the costs of construction as set forth in the construction contract approved by DCD (the "MBE/WBE Budget") shall be expended for contract participation by MBEs and by WBEs:

(1) At least 24 percent by MBEs.
(2) At least four percent by WBEs.

(b) For purposes of this **Section 10.03** only, the Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "**contractor**" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "**contract**" or a "**construction contract**" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's MBE/WBE commitment may be achieved in part by the Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by the Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as described in this **Section 10.03**. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DCD.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by the Developer or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least five years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on five Business Days' notice, to allow the City to review the Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of the Developer's MBE/WBE commitment as described in this **Section 10.03** shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Project, the Developer shall be required to meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this **Section 10.03**. The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this **Section 10.03**, the sufficiency of which shall be approved by the City's monitoring staff. During the Project, the Developer shall submit the documentation required by this **Section 10.03** to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor

associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this **Section 10.03**, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Project, (2) withhold any further payment of any City Funds to the Developer or the General Contractor, or (3) seek any other remedies against the Developer available at law or in equity.

SECTION 11. ENVIRONMENTAL MATTERS

The Developer hereby represents and warrants to the City that the Developer has conducted environmental studies sufficient to conclude that the Project may be rehabilitated, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, and any applicable provisions contained in the Scope Drawings, Plans and Specifications and all amendments thereto, the Ordinance and the Redevelopment Plan.

Without limiting any other provisions hereof, the Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of the Developer: (i) the presence of any Hazardous Material on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Material from (A) all or any portion of the Property or (B) any other real property in which the Developer, or any person directly or indirectly controlling, controlled by or under common control with the Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by the Developer), or (ii) any liens against the Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or the Developer or any of its Affiliates under any Environmental Laws relating to the Property.

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for the Developer to obtain and maintain the specified coverages. The Developer shall advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Developer of the obligation to provide insurance as specified herein. (i) the Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or

(ii) the Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Funded Improvements or any other Project improvement; or

(iii) the existence of any material misrepresentation or omission in this Agreement, any offering memorandum or information statement or the Redevelopment Plan or any other document related to this Agreement that is the result of information supplied or omitted by the Developer or any Affiliate of Developer or any agents, employees, contractors or persons acting under the control or at the request of the Developer or any Affiliate of Developer; or

(iv) the Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto;

provided, however, that Developer shall have no obligation to an Indemnitee arising from the wanton or willful misconduct of that Indemnitee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer shall contribute the maximum portion that it is permitted to pay and satisfy under the applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this **Section 13.01** shall survive the termination of this Agreement.

SECTION 14. MAINTAINING RECORDS/RIGHT TO INSPECT

14.01 Books and Records. The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project. All such books, records and other documents, including but not limited to the Developer's loan statements, if any, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, shall be available at the Developer's offices for inspection, copying, audit and examination by an authorized representative of the City, at the Developer's expense. (a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;

(b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity (after any applicable notice and cure period) if such failure may have a material adverse effect on the Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by the Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against the Developer or for the liquidation or reorganization of the Developer, or alleging that the Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of the Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving the Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against the Developer which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under the Lender Financing, including but not limited to the City Housing Agreement, which default is not cured within any applicable cure period;

(i) the dissolution of the Developer or the death of any natural person who owns a material interest in the Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who owns a material interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who owns a material interest in the Developer, for any crime (other than a misdemeanor);or

(k) the sale or transfer of a majority of the ownership interests of the Developer without the prior written consent of the City; provided however, transfers of limited partnership interests or the removal of the general partner, in each case in accordance with the 79th Street Limited Partnership's partnership agreement shall require only notice to the City.

For purposes of **Sections 15.01(i)** and **15.01(j)** hereof, a person with a material interest in the Developer shall be one owning in excess of ten percent (10%) of 79th Street Limited Partnership's partnership interests.

15.02 Remedies. Upon the occurrence of an Event of Default, the City may terminate this Agreement and all related agreements, and may suspend disbursement of City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

15.03 Curative Period. In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, except as set forth elsewhere in this Agreement, an Event of Default shall not be deemed to have occurred unless the Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, except as set forth elsewhere in this Agreement, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured; provided, further, notwithstanding anything to the contrary contained herein, the City hereby agrees that any cure of and default made or tendered by one of 79th Street Limited Partnership's limited partners shall be deemed to be a cure by the Developer and shall be accepted or rejected on the same basis as if made or tendered by Developer.

15.04 Right to Cure by Lender. In the event that an Event of Default occurs under this Agreement, and if, as a result thereof, the City intends to exercise any right or remedy available to it that could result in termination of this Agreement and all related agreements, or the suspension, cancellation or reduction of the amount of City Funds disbursed hereunder, the City shall prior to exercising such right or remedy, send notice of such intended exercise to the Lender and the Lender shall have the right (but not the obligation) to cure such Event of Default as follows:

(a) if the Event of Default is a monetary default, the Lender may cure such default within 30 days after the later of: (i) the expiration of the cure period, if any, granted to the Developer with respect to such monetary default; or (ii) receipt by the Lender of such notice from the City; and

(b) if any Event of Default is of a non-monetary nature, the Lender shall have the right to cure such default within 30 days after the later of: (i) the expiration of the cure period, if any, granted to the Developer with respect to such non-monetary default; or (ii) receipt by the Lender of such notice from the City; and

In accordance with the provisions of the Act, pursuant to ordinances adopted on May 29, 2002 and published in the Journal of Proceedings for said date at pages 85676 to 85904, the City Council: (i) approved and adopted a redevelopment plan and project for a portion of the City known as the "47th/Halsted Redevelopment Project Area" (the "Plan"); (ii) designated the 47th/Halsted Redevelopment Area as a "redevelopment project area"; and (iii) adopted tax increment allocation financing for the 47th/Halsted Redevelopment Area (collectively, the "47th/Halsted Ordinances").

H. Under 65 ILCS 5/11-74.4-3(q)(7), such incremental ad valorem taxes which pursuant to the Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof ("Increment") may be used to pay all or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs. (Increment collected from the 47th/Halsted Redevelopment Project Area shall be known as the "47th/Halsted Increment").

I. Zoning wishes to make available to the Park District a portion of the 47th/Halsted Increment in an amount not to exceed a total of $3,000,000 (the "TIF Assistance"), payable in installments not to exceed $1,000,000 per year over three years or a longer period if so determined by the City, subject to Section 2.6, for the purpose of funding the Project (the "TIF-Funded Improvements") in the 47th/Halsted Redevelopment Area to the extent and in the manner provided in the Agreement (as hereinafter defined).

J. The Plan contemplates that tax increment financing assistance would be provided for public improvements, such as the Project, within the boundaries of the 47th/Halsted Redevelopment Area.

K. The Park District is a taxing district under the Act.

L. In accordance with the Act, the TIF-Funded Improvements shall include such of the Park District's capital costs necessarily incurred or to be incurred in furtherance of the objectives of the Plan, and the City has found that the TIF-Funded Improvements consist of the cost of the Park District's capital improvements that are necessary and directly result from the redevelopment project constituting the Project and, therefore, constitute "taxing districts' capital costs" as defined in Section 5/11-74.4-3(u) of the Act.

M. The City and the Park District wish to enter into this Agreement whereby the Park District shall undertake the Project and the City shall reimburse the Park District for the TIF-Funded Improvements made pursuant to the Project.

N. On _____, 2009, the City Council adopted an ordinance published in the Journal of Proceedings for said date at pages _____ to _____, (the "Authorizing Ordinance"), among other things, authorizing the execution of this Agreement.

O. On September 10, 2008, the Park District's Board of Commissioners passed a Resolution expressing its desire to cooperate with the City in the completion of the Project and authorizing the execution of this Agreement (the "Park District Ordinance").

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

TERMS AND CONDITIONS

SECTION 1. THE PROJECT.

1.1. [INTENTIONALLY OMITTED – relating to the acquisition/conveyance of property]

1.2. No later than 18 months from the Closing Date, or later as the Commissioner of Zoning (the "Commissioner") may agree in writing, the Park District shall let one or more contracts for the Project in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.3. The plans and specifications for the Project (the "Plans and Specifications") shall at a minimum meet or shall have met the general requirements set forth in Exhibit B hereof and shall be provided to the City by the Park District prior to the disbursement of the TIF Assistance. No material deviation from the Plans and Specifications may be made without the prior written approval of the City. The Park District shall comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.4. The Park District shall also provide the City with copies of all governmental licenses and permits required to construct the Project and to use, occupy and operate the Property as a public park from all appropriate governmental authorities, including evidence that the Property is appropriately zoned to be used, occupied, and operated as a public park.

1.5. The Park District shall include a certification of compliance with the requirements of Sections 1.2, 1.3, and 1.4 hereof with the request for the TIF Assistance hereunder at the time the Project is completed and prior to the disbursement of the TIF Assistance. The City shall be entitled to rely on this certification without further inquiry. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

SECTION 2. FUNDING

2.1. The City shall, subject to the Park District's satisfaction of the conditions precedent for disbursement described in this Section 2 and such other conditions contained in this Agreement, disburse the TIF Assistance to the Park District.

2.2. The City shall establish a special account within the 47th/Halsted Redevelopment Project Area Special Tax Allocation Fund; such special account is or shall be known as the "Fuller Park Account." Disbursement of TIF Assistance funds will be subject to the availability of 47th/Halsted Increment in the Fuller Park Account, subject to all restrictions on and obligations of the City contained in all 47th/Halsted Ordinances, or relating to the 47th/Halsted Increment and all agreements and other documents entered into by the City pursuant thereto.

2.3. Within ___ days after the Closing Date or such longer period of time as may be agreed to by the Commissioner, but in no event later than ___ days after the execution of this Agreement (the "Satisfaction Period"), the Park District must satisfy to the reasonable satisfaction of the Commissioner, the following conditions precedent for City's disbursement of the TIF Assistance to the Park District:

2.3.1. the Park District has satisfactory title to the Property, which may be evidenced by an acceptable title insurance policy, subject only to those title exceptions acceptable to the City and the Park District; and

2.3.2. [Intentionally Omitted – relating to title imperfections]

2.3.3. the Park District has satisfied the conditions stated in this Section 2.3 within the Satisfaction Period. If the Park District is unable to satisfy said conditions, either Party may terminate this Agreement by providing written notice to the other Party.

2.4. The Park District may request that a certificate(s) of expenditure in the form of Exhibit D hereto ("Certificates of Expenditure") be processed and executed periodically, but in no event more frequently than quarterly. The City shall not execute Certificates of Expenditure in the aggregate in excess of the actual costs of the Project that are TIF-Funded Improvements. Prior to each execution of a Certificate of Expenditure by the City, the Park District shall submit documentation regarding the applicable expenditures to the City. Delivery by the Park District to the City of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

2.4.1. the total amount of the request for the Certificate of Expenditure represents the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

2.4.2. all amounts shown as previous payments on the current request for a Certificate of Expenditure have been paid to the parties entitled to such payment;

2.4.3 the Park District has approved all work and materials for the current request for a Certificate of Expenditure, and such work and materials conform to the Plans and Specifications; and

2.4.4. the Park District is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

2.5. The City shall have the right, in its discretion, to require the Park District to submit further documentation as the City may require in order to verify that the matters certified to in Section 2.4 are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Park District.

2.6. The current estimate of the cost of the Project is $3,000,000. The Park District has delivered to the Commissioner a budget for the Project attached as Exhibit C. The Park District certifies that it has identified sources of funds, including the TIF Assistance, sufficient to complete its budgeted portion of the Project. The Park District agrees that the City will reimburse the Park District with the TIF Assistance for the costs of the Project and that all costs of completing the Project over the TIF Assistance shall be the sole responsibility of the Park District. If the Park District at any point does not have sufficient funds to complete the Project, the Park District shall so notify the City in writing, and the Park District may narrow the scope of the Project (the "Revised Project") as agreed with the City in order to complete the Revised Project with the available funds.

2.7. Exhibit C contains a preliminary list of capital improvements, land assembly costs, relocation costs, financing costs, and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of the TIF Assistance. To the extent the TIF-Funded Improvements are included as taxing district capital costs under the Act, the Park District acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the Plan. Prior to the expenditure of TIF Assistance funds on the Project, the Commissioner, based upon the Project budget, may make such modifications to Exhibit C as he or she wishes in his or her discretion to account for all of the TIF Assistance funds to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Plan; and (iii) be improvements that the Commissioner has agreed to payfor out of TIF Assistance funds, subject to the terms of this Agreement.

2.8. The Park District hereby acknowledges and agrees that the City's obligations hereunder with respect to the TIF Assistance are subject in every respect to the availability of funds as described in and limited by this Section 2. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the TIF Assistance, then the City will notify the Park District in writing of that occurrence, and the City may terminate this Agreement on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

2.9. If the aggregate cost of the Project is less than the amount of the TIF Assistance contemplated by this Agreement, the Park District shall have no claim to the difference between the amount of the TIF Assistance contemplated by this Agreement and the amount of the TIF Assistance actually paid by the City to the Park District and expended by the Park District on the Project.

SECTION 3. TERM.

3.1. The term of this Agreement shall commence on the Closing Date and shall expire on the date on which the 47th/Halsted Redevelopment Area is no longer in effect, or on the date of termination of this Agreement according to its terms, whichever occurs first.

3.2. [Intentionally Omitted – related to conveyance]

3.3. [Intentionally Omitted – related to conveyance]

3.4. [Intentionally Omitted – related to conveyance]

SECTION 4. ENVIRONMENTAL MATTERS.

4.1. It shall be the responsibility of the Park District, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property, including obtaining phase I and, if applicable, phase II environmental audits for the Property. The City makes no covenant, representation, or warranty as to the environmental condition of the Property or the suitability of the Property as a park or for any use whatsoever.

4.2. The Park District agrees to carefully inspect the Property prior to commencement of any activity related to the Project to ensure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Park District shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect the work being done on the Property. The Park District agrees to keep the Property free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Park District.

4.3. [Intentionally Omitted – relating to environmental remediation]

The Park District will furnish the City at the address stated in Section 8.13, original Certificates of Insurance evidencing the required coverage to be in force on the Closing Date, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. The Park District shall submit evidence of insurance on the City's Insurance Certificate Form or equivalent prior to the Closing

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence shall not be deemed to be a waiver by the City.

5.3. The Park District shall advise all insurers of the provisions of this Agreement regarding insurance. Non-conforming insurance shall not relieve the Park District of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of this Agreement, and the City retains the right to stop work until proper evidence of insurance is provided, or this Agreement may be terminated.

5.4. The required insurance shall provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

5.9. The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

5.10. The Park District shall require all subcontractors to provide the insurance required herein or the Park District may provide the coverages for subcontractors. All subcontractors shall be subject to the same insurance requirements of the Park District unless otherwise specified herein. In all contracts relating to the Project, the Park District agrees to require thecontractor to name the City as an additional insured on insurance coverages and to require the contractor to indemnify the City from all claims, damages, demands, losses, suits, actions, judgments and expenses including but not limited to attorney's fees arising out of or resulting from work on the Project by the contractor or contractor's suppliers, employees, or agents.

Further, Contractor acknowledges that this license is not a license coupled with such an interest or an irrevocable license.

3.2 Scope of Services

A. General

This description of the Services is intended to be general in nature and is neither a complete description of Contractor's Services nor a limitation on the Services that Contractor will provide under this Agreement. Contractor will provide the Services in accordance with the standards of performance set forth in Section 3.12 and Exhibit 4. The Services also include, but are not limited to, those described in the Exhibits to this Agreement. The Services must be provided in accordance with any timetables that are stated in this Agreement.

(1) Services. The Services consist of those services necessary for the procurement, supply, inventory and general management of the Department's vehicle and equipment parts, as more particularly described in this Agreement. The Services are described in greater detail hereunder.

(2) No Notice to Proceed. Because Contractor has provided services substantially identical to the Services and will be performing such services prior to the start of this Agreement, the Commissioner will not issue a Notice to Proceed concerning the Services. Following the execution of this Agreement, Contractor shall continue to

provide the services but in accordance with the terms of this Agreement. Contractor must undertake all of the Services described herein.

3.3 Use of the Service Spaces

(1) Contractor must conduct the Services in the Service Spaces under the terms of this Agreement from the Effective Date and continue them uninterrupted after that date during all required hours of operation during the term of this Agreement, unless terminated earlier in accordance with the terms of this Agreement.

(2) The Service Spaces must not be used for any purposes other than those expressly permitted under this Agreement, unless the Commissioner gives his express written consent. Contractor must comply in its use, occupancy and operation of the Service Spaces and its design and construction of Service Spaces, if applicable, with all federal, State of Illinois, and City laws, rules, regulations and ordinances, including all building, zoning and health codes including all environmental laws. Contractor is responsible for clean-up of the Service Spaces and custodial services in the Service Spaces and must maintain the Service Spaces in a presentable manner.

(3) Contractor must not conduct its Services in a manner that in the reasonable judgment of the Commissioner:

(i) interferes or might interfere with the reasonable use by others of areas in which the Service Spaces are located.
(ii) would, or would be likely to, constitute a hazardous condition at the Service Spaces.
(iii) would, or would be likely to, increase the premiums for insurance policies maintained by the City.
(iv) would involve any illegal purposes.

(4) Contractor will not use the Facilities or Service Spaces or other property furnished by the City for provision of parts to vehicles not owned or leased by the City (except as this Agreement may be amended). Contractor will not use City property for any personal advantage, business gain or other personal endeavor by Contractor or its employees other than in the performance of the Services described in this Agreement.

(5) The City does not warrant or guarantee against the possibility that safety or environmental hazards or potential hazards may exist at the Facilities or the Service Spaces. Contractor will be responsible for identifying any hazardous conditions and notifying the City of these conditions in writing no later than 30 days after the effective date of this Agreement and prior to the commencement of the Services.

(6) All employees of Contractor providing Services in the Service Spaces must at all times be clean, courteous, neat in appearance and helpful to the City's employees. While on duty, Contractor's employees must be identified by some form of identification as may be required by the Commissioner from time to time. Contractor must not (i) commit or allow any nuisance, noise or waste in the Service Spaces or (ii) annoy, disturb or be offensive to others in the areas in which the Service Spaces are located.

In order to perform the foregoing, Contractor must continually identify, establish and manage all necessary sources of supply and place, process and track all orders with the various parts vendors. Contractor must also be responsible for processing payments to the vendors for products purchased for use on the City's fleet. Contractor may charge the City only for Contractor Parts that Contractor distributes in accordance with the procedures set forth in Exhibit 6A and 6B.

(2) Procurement of City Parts. The City hereby reserves the right to obtain City Parts because the City considers such parts and supplies critical to the service and repair of vehicles and equipment during emergency situations, or because City determines it to be in the best interest of the City to retain purchasing control. Contractor must manage and disburse City Parts. Commissioner may from time to time specify what parts are to be considered City Parts. Parts cannibalized from City vehicles or rebuilt/remanufactured in-house will be considered City Parts even if they were initially Contractor Parts. City Parts will be issued for use on City vehicles at no cost to the City. The Commissioner may direct Contractor to restock inventory through existing City contracts, in which case, Contractor will do so upon receipt of written confirmation from the Commissioner for such order. Contractor will not assume any such contracts. All invoices for such orders will be sent by the seller directly to Contractor, and Contractor shall rebill the City for such orders on a weekly basis. In addition, the City may choose to restock inventory directly (without involving Contractor) and have such parts and supplies delivered to the Facilities for distribution by Contractor, and Contractor will distribute such parts at no cost to the City.

(3) Other Departments. At the direction of the Commissioner, Contractor must also provide Parts required for the operation and maintenance of vehicles and

equipment maintained by other City departments or sister agencies on the same terms contained in this Agreement.

Contractor must input to the City's Fleet Focus M4 system all information relating to the vehicle and equipment parts supply operations. Upon mutual agreement between the City and the Contractor, the Contractor may also be asked to own and manage an inventory of maintenance parts and related supplies at facilities operated by other City departments or sister agencies. Contractor must input all warranty information into the City's M4 system before a part is sold to the City. The Contractor must manage the City Parts in accordance with the City of Chicago's Inventory Policies and Procedures, as applicable, listed in Exhibit 11.

(3) Mandatory Inventory Items. From time to time the Commissioner may designate, in his discretion, certain parts that must be maintained at each of the Facilities and set inventory levels for such parts. Contractor must maintain the required inventories of those parts during the term of this Agreement. The quantity of the inventory will be subject to continuous review by the City. On a monthly basis the City may revise the list of required parts and inventory levels to be maintained. Contractor must comply with any such changes at its expense within one month of notification of revisions. The Contractor must manage the City Parts in accordance with the City of Chicago's Inventory Policies and Procedures listed in Exhibit 11.

C. **Counter Service.**

(1) Disbursement and Assistance. The Contractor will provide on-site counter service in the Service Spaces. Counter service must meet the parts availability standards set forth in Exhibit 4. Contractor will comply with the procedures set forth in Exhibit 6A and 6B for distributing parts and supplies to City employees. If Contractor cannot provide an item within the timeframe needed, Contractor must promptly notify the City to make alternative arrangements to procure the item. Nothing in this Section shall limit the City's ability to declare Contractor in default for failing to meet the requirements of this Agreement, including those in Exhibit 4, 6A and 6B. The City will, in addition to on-site counter service, rely on the Contractor to provide technical assistance and guidance regarding optimization of parts supply at the Department.

(2) Disbursement of City Parts. Contractor will distribute City Parts at no further cost to the City. Contractor must distribute and exhaust City Parts when those parts are needed by the Department before Contractor distributes any Contractor Parts of like items.

(3) Hours of Operation. Hours of operation for counter service are set forth in Exhibit 1. The normal (not due to seasonal change) hours of operation may change due to the operational needs of the Department or other City departments. Contractor must, if requested by the Commissioner, decrease or increase the hours of operation of any or all of the Service Spaces from those hours specified in Exhibit 1. Any adjustments to the Annual Budget caused by such revisions will be accomplished by amendment to this Agreement in accordance with Section 10.3. Contractor must staff the Parts supply operations at the Service Spaces at such hours as are directed by the Commissioner.

(4) Obsolescence. Contractor will assist the City in identifying Parts that are obsolete or unneeded. Contractor will assist the City in returning such obsolete or unneeded inventory to the product manufacturers or otherwise disposing of them all as determined and approved by the Chief Procurement Officer.

(5) Emergency Services. In addition to the foregoing, Contractor must comply with the Commissioner's requests to provide stand-by parts supply outside of the hours designated in Exhibit 1. The City will notify Contractor when a requirement exists and the nature and anticipated duration of the response needed by Contractor. Contractor must be on-site to provide service with the appropriate complement of personnel within one hour of notification that such services are required. Such emergency stand-by work shall be provided at the hourly rates set forth in Exhibit 7.

D. Quality of Parts to be Furnished: Warranties on Contractor Parts

All items must include full manufacturer's warranties and guarantees or better coverage in cases where the City has negotiated extended terms with vehicle and/or component OEM's. The Contractor must guarantee all items purchased for vehicle and equipment repair and maintenance applications will fit the intended application and further guarantee that the product will work on the intended application. On-site replacement for defective, inferior, or non fit items shall be guaranteed. If any Contractor Part is defective, inferior, or does not fit the intended application, Contractor must at no extra charge replace the part with a part meeting the terms of this Agreement at the site of the failure or distribute the part to City personnel at the Service Spaces at the City's option.

(3) Quality of Contractor Parts to be Furnished. The following is in addition to the foregoing warranties. Contractor Parts must be new and must meet or exceed the quality of parts furnished originally for the equipment (OEM or equivalent). However, if the original manufacturer has updated the quality of the parts for the current product, parts purchased after the change will meet or exceed the updated quality specification. The City must specifically approve new product lines or changes to existing product lines before they are introduced for use. If more than one grade of

product is available that meets the requirements of this subsection, the City may designate which grade will be made available for use. The City may at any time refuse any particular product and require a specific substitute to be used. Rebuilt/remanufactured parts must conform to the manufacturer's reconditioning tolerances. Notwithstanding the requirements of this section, the Contractor must provide all parts in accordance with the requirements of Exhibits 5 and 7.

E. Road Service Trucks

Contractor must provide all inventory for these trucks as determined by the Commissioner. Contractor will comply with all the procedures set forth in Exhibit 6B in distributing parts and supplies to the Department's road service trucks. The cost of any such parts shall be invoiced to the City after Contractor disburses them to City personnel for use in the trucks.

C. Daily and Monthly Report. Contractor must submit a daily report to the City that fully describes the Parts supplied on the prior business day, by work order, by unit number and by line item with costs assigned. The daily report must also itemize the time required to deliver the part. The monthly report must summarize the parts supplied the previous month by category, including overall cost and will include demonstration of compliance with performance standards required by this Agreement.

D. Annual Reports. On the calendar year of the effective date of this Agreement and every other anniversary date thereafter, Contractor must submit to the City written annual reports that summarize the year's activity in formats agreed upon by the parties.

E. Ad Hoc Reporting. The City reserves the right to obtain additional reports as required.

F. Sales and Warranty Reports. Not later than February 16th of each Agreement Year, Contractor shall supply reports relating to sales, warranty claims and warranty reimbursements data for the fiscal year that ended on the preceding December 31st. Such reports must include a report of Contractor's denial of City warranty claims in total, with that total broken down by the top five OEM suppliers, a sixth category for the other OEM parts suppliers combined and a category for NAPA, including the reason for such denial.

After receiving all such reports , the Contractor will meet with the City of Chicago to review the reports and identify processes the City can implement to ensure that maximum warranty reimbursement benefits are realized.

3.6 Management Information System

A. The System

(1) Contractor must track and manage information related to the Parts through the use of a system composed of Contractor's tracking system, known as TAMS, the City's parts management system, Fleet Focus M4, and an interface (the "Interface") between the two (collectively, the "System"). Contractor will retain title to and risk of loss for equipment it uses to operate the System except as otherwise specified in this Agreement.

(3) Contractor must supply all computer hardware and software necessary to connect M4 to Contractor's supply network and make all data available to the Department's central offices.

(4) Contractor must ensure that the System automatically backs-up and stores all Parts-related information. The information must be stored in an off-site location and the information must be stored in a manner that will allow the City or Contractor to recover and reinstall such information expeditiously.

B. Contractor's Software

TAMS application software consists of a software package developed by Contractor for its own operations as it may be customized by Contractor for the City ("Proprietary Software"). Contractor will retain all ownership rights in the Proprietary Software, however, Contractor hereby grants the City an irrevocable (as long as this Agreement is in effect), non-exclusive, fully-paid, royalty-free license to use the Proprietary Software and any associated user documentation, through its employees, agents, consultants and contractors, in accordance with the terms and conditions of this Agreement for the term of this Agreement and any extensions hereto.

Contractor will provide a terminal with the Proprietary Software (or will provide its Proprietary Software on a computer provided by the City) at the Department's central facility in order to allow Department personnel to directly access City-related information on the System.

C. Custom Software

In the event that Contractor performs any custom programming on Proprietary Software, Contractor hereby grants the City a perpetual, irrevocable, fully-paid and royalty-free license to use such custom-designed software (the "Custom Software").

Following the expiration or termination of this Agreement the City may use the Custom Software on any or all equipment used, owned or controlled by the City or entities controlled or affiliated with the City, and like or similar organizations that may hereafter be formed or connected with the City, for no additional fee. The City will have the right to reproduce the Custom Software solely for the City's use. The City will not sell, disclose or otherwise distribute the Custom Software to any third party at any time, but the City reserves the right, after the expiration or termination of this Agreement, through its employees, agents, consultants and contractors to modify or maintain the Custom Software.

After the Custom Software, if any, is developed, Contractor will provide to the City all source code for Custom Software.

D. Third-Party Software

Contractor must secure for the City all licenses (or sublicenses) for all software, if any, that is developed by a third party and included by Contractor as part of the System ("Third-Party Software"). All costs for any licenses for Third-Party software shall be borne by Contractor and shall not be reimbursed by the City. Prior to the expiration or termination of this Agreement, Contractor will ensure that the City's licenses (or sublicenses) continue to be in force for all Third-party Software after the expiration or termination, and that the City will be able to continue to use all Third-party Software after the expiration of termination hereof.

Contractor will for the term of this Agreement at its own expense repair or replace any deficiencies as soon as they are discovered. Contractor further warrants the System from failure of operation from ordinary use for the term of this Agreement and any extensions thereto. Contractor further warrants that TAMS will for the term of this Agreement and any extensions thereto communicate seamlessly through the Interface with Fleet Focus M4 all information described above for each transaction and that Contractor will for the term of this Agreement at its own expense repair or replace any deficiencies in the Interface as soon as they are discovered.

3.7 Relocation/Modification/Return of the Service Spaces

A. If, during the term of this Agreement, it becomes necessary, in the sole discretion of the Commissioner, for the Service Spaces to be reduced, increased, modified or relocated, Contractor will cooperate fully with the City to carry out any such changes at Contractor's expense, provided, however, that if Contractor is requested to construct additions or modifications to the Service Spaces such work shall be at the City's expense after written amendment to this Agreement in accordance with Section 10.3. Any changes to the Service Spaces requested by Contractor (or any relocation of the Service Spaces requested by Contractor) may not be done without the Commissioner's prior written approval and will be at the sole expense of Contractor.

B. At the termination or expiration for any reason of this Agreement or Contractor's license as to any portion of the Service Spaces, Contractor must promptly, quietly and in good order quit, deliver up and return the Service Spaces (or that portion as to which the license has terminated, in the case of a partial termination) in good condition and repair, ordinary wear and tear excepted. Contractor must remove all Contractor Parts (subject to the City's right to purchase such parts under Section 9.6 hereof) and personal property from the Service Spaces or the portions of the Service Spaces before the date of termination (subject to Contractor's obligation to cooperate with the City in an orderly transition under Section 9.7). Any property of Contractor not removed by Contractor in accordance with this Section is deemed abandoned and the Commissioner may dispose of it as he sees fit, without any liability to Contractor or any other person.

3.8 Additional Services

The City may desire to add Additional Services to this Agreement. Such Additional Services may be added to this Agreement by written amendment executed in accordance with Section 10.3.

3.9 Right of Entry, Right of Inspection

A. Access to the Service Spaces (as defined depending upon the phase of the Services then in effect) shall be restricted to Contractor employees and authorized Contractor representatives (for their performance of the Services) as well as City personnel as described in this Section. During normal business hours, Contractor must have, at all times, an authorized representative at such Service Spaces to accompany the City if it requires access to the Service Spaces. Additionally, the central warehouse will be staffed 24 hours a day and seven days a week, except as specified in Exhibit 1. Upon the City's demand for access, the Contractor's authorized representative must immediately admit City personnel in the Service Spaces and must accompany City personnel in the site visit. During normal business hours, the City will only have access to the Service Spaces through such Contractor authorized representative. Contractor must have an employee on call 24 hours a day, seven days a week, to respond to demands for City access to the Service Spaces in hours other than normal business hours. If the City requires access to the Service Spaces at such times, it must contact such employee, who, upon demand for access, must immediately accompany City personnel in the Service Spaces.

B. In addition to all other rights of audit or inspection that the City may have under this Agreement, the City has the right to examine the inventory levels kept at the Service Spaces at any time, and the City will have the right to perform any other reasonable examination of Contractor's operations at any time, and shall have access to the Service Spaces to conduct such examinations as provided herein.

3.10 No Security Interest

The City does not grant Contractor any interest in any City property under this Agreement including any security interest in any City Parts while that inventory is being administered by Contractor. The City may not encumber any Contractor Part until it is disbursed to the City.

3.11 Deliverables

In carrying out its Services, Contractor must prepare or provide to the City various Deliverables. Deliverables include written reviews and recommendations, all reports, and all other documents required to be produced by Contractor for the City as part of the Services pursuant to the terms of this Agreement.

The City can reject Deliverables that do not include relevant information or data, or do not include all documents or other materials specified in this Agreement or reasonably necessary for the purpose for which the City made this Agreement or for

which the City intends to use the Deliverables. If the City determines that Contractor has failed to comply with the foregoing standards, it has 30 days from the discovery to notify Contractor of its failure. If Contractor does not correct the failure, if it is possible to do so, within 30 days after receipt of notice from the City specifying the failure, then the City, by written notice, may treat the failure as a default of this Agreement pursuant to Sections 9.1 and 9.2.

Partial or incomplete Deliverables may be accepted for review only when required for a specific and well-defined purpose and when consented to in advance by the City. Such Deliverables will not be considered as satisfying the requirements of this Agreement and partial or incomplete Deliverables in no way relieve Contractor of its commitments under the Agreement.

3.12 Standard of Performance

Contractor must perform all Services required of it under this Agreement with that degree of skill, care and diligence normally shown by a contractor performing services of a scope and purpose and magnitude comparable with the nature of the Services to be provided under this Agreement. Contractor acknowledges that it may be entrusted with or have access to valuable and confidential information and records of the City, and with respect to that information Contractor agrees to be held to the standard of care of a fiduciary, provided, however, that the City's only remedy for Contractor's breach of such fiduciary duty is a breach of contract claim and not a claim for breach of fiduciary duty. Contractor must assure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. Contractor must provide copies of any such licenses. Contractor remains responsible for the professional and technical accuracy of all Services or Deliverables furnished, whether by Contractor or its subcontractors or others on its behalf. All Deliverables must be prepared in a form and content satisfactory to the Department and delivered in a timely manner consistent with the requirements of this Agreement.

If Contractor fails to comply with the foregoing standards, Contractor must perform again, at its own expense, all Services required to be re-performed as a direct or indirect result of that failure. Any review, approval, acceptance or payment for any of the Services by the City does not relieve Contractor of its responsibility for the professional skill and care and technical accuracy of its Services and Deliverables. This provision in no way limits the City's rights against Contractor either under this Agreement, at law or in equity.

3.13 Personnel

A. Adequate Staffing

Upon receiving a fully executed copy of this Agreement, Contractor must assign and maintain during the term of this Agreement and any extension hereof an adequate staff of competent personnel that is fully equipped, licensed as appropriate, available as needed, qualified and assigned exclusively to perform the Services. Contractor must

assign to this Agreement for the term of this Agreement a person in a supervisory capacity that possesses at least one "ASE" certification relevant to the types of equipment maintained by the Department. The level of staffing may be revised from time to time by notice in writing from Contractor to the City and with written consent of the City, which consent the City will not withhold unreasonably. If the City fails to object to the revision within 14 days after receiving the notice, the revision will be deemed accepted by the City. Contractor will bear the cost of all staffing revisions unless the City requests additional staffing pursuant to a request for Additional Services under Section 3.8 hereof. Without limiting its remedies for default, the City may require Contractor to increase its staffing levels at no additional cost to the City if the City determines that Contractor is not providing the Services pursuant to the terms of this Agreement.

B. Key Personnel

From time to time the Commissioner and Contractor may agree that certain employees of Contractor are Key Personnel. If so agreed, Contractor must include among its staff the Key Persons and positions (which shall include such supervisor in the preceding sentence). Contractor must not reassign or replace Key Personnel without the written consent of the City, which consent the City will not unreasonably withhold. The Department may at any time in writing notify Contractor that the City will no longer accept performance of Services under this Agreement by one or more Key Personnel listed. Upon that notice, Contractor must immediately suspend the services of the key person or persons and must replace him or them in accordance with the terms of this Agreement provided that such direction on the part of the City would not cause Contractor to violate the anti-discrimination laws.

C. Salaries and Wages

Contractor must pay all salaries and wages due all employees and subcontractors performing Services under this Agreement unconditionally and at least once a month without deduction or rebate on any account, except only for those payroll deductions that are mandatory by law or are permitted under applicable law and regulations. If in the performance of this Agreement Contractor underpays any such salaries or wages, the Comptroller for the City may withhold, out of payments due to Contractor, an amount sufficient to pay to employees underpaid the difference between the salaries or wages required to be paid under this Agreement and the salaries or wages actually paid these employees for the total number of hours worked. The amounts withheld may be disbursed by the Comptroller for and on account of Contractor to the respective employees to whom they are due. The parties acknowledge that this section is solely for the benefit of the City and that it does not grant any third party beneficiary rights.

3.14 Minority and Women's Business Enterprises Commitment

In the performance of this Agreement, including the procurement and lease of materials or equipment, Contractor must abide by the minority and women's business enterprise commitment requirements of the Municipal Code of Chicago ("Municipal

Code"), Sections 2-92-420 et seq. (1990), except to the extent waived by the Chief Procurement Officer and the Special Conditions Regarding MBE/WBE Commitment set forth in Exhibit 9. Contractor's completed Schedules C-1 and D-1 in Exhibit 9, evidencing its compliance with this requirement, are a part of this Agreement, upon acceptance by the Chief Procurement Officer. Contractor must utilize minority and women's business enterprises at the greater of the amounts listed in those Schedules C-1 and D-1 or the percentages listed in them as applied to all payments received from the City.

3.15 Insurance

Contractor must provide and maintain at Contractor's own expense, during the term of the Agreement and anytime period following expiration if Contractor is required to return and perform any of the Services or Additional Services under this Agreement, the insurance coverage and requirements specified in Exhibit 12, insuring all operations related to the Agreement.

3.16 Indemnification

(a) Contractor must defend, indemnify, keep and hold harmless the City, its officers, representatives, elected and appointed officials, agents and employees from and against any and all Losses, including those related to:

(i) injury, death or damage of or to any person or property;

(ii) any infringement or violation of any property right (including any patent, trademark or copyright);

(iii) failure to pay or perform or cause to be paid or performed Contractor's covenants and obligations as and when required under this Agreement or otherwise to pay or perform its obligations to any Subcontractor;

(iv) the City's exercise of its rights and remedies under Section 9.2 of this Agreement; and

(v) injuries to or death of any employee of Contractor or any Subcontractor under any workers compensation statute.

(b) "Losses" means, individually and collectively, liabilities of every kind, including losses, damages and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, judgments or settlements, any or all of which in any way arise out of or relate to the acts or omissions of Contractor, its employees, agents and Subcontractors.

(c) At the City Corporation Counsel's option, Contractor must defend all suits brought upon all such Losses and must pay all costs and expenses incidental to them, but the City has the right, at its option, to participate, at its own cost, in the

defense of any suit, without relieving Contractor of any of its obligations under this Agreement. Any settlement must be made only with the prior written consent of the City Corporation Counsel, if the settlement requires any action on the part of the City.

(d) To the extent permissible by law, Contractor waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any Losses, including any claim by any employee of Contractor that may be subject to the Workers Compensation Act, 820ILCS 305/1 et seq. or any other related law or judicial decision (such as, Kotecki v. Cyclops Welding Corporation, 146 111. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Illinois Workers Compensation Act, the Illinois Pension Code or any other statute.

(e) Contractor's obligations to indemnify and hold harmless the City, its officers, representatives, elected and appointed officials, agents and employees excludes that portion of any claim which is shown by final judgment to have been caused by or attributable the negligence or intentional misconduct of the particular City indemnitee seeking indemnification under this Section.

(f) The indemnities contained in this Section survive expiration or termination of this Agreement for matters occurring or arising during the term of this Agreement or as the result of or during the Contractor's performance of Services beyond the term. Contractor acknowledges that the requirements set forth in this Section to indemnify, keep and save harmless and defend the City are apart from and not limited by the Contractor's duties under this Agreement, including the insurance requirements under Section 3.15.

3.17 Patent and Copyright Indemnification

Contractor warrants that the use of the computer equipment and software furnished under this Agreement, by itself, does not infringe any patent or copyright covering such product. Contractor must, at its own expense, defend the City against any claim, suit or proceeding brought against the City on the issue of any patent or copyright infringement with respect to the computer equipment and software furnished to the City; and must pay the City any costs, damages and attorney's fees it is found liable for as a result of any lawsuit based on such a claim. The City will promptly notify Contractor of any claim which the City believes falls within the scope of this paragraph. The City will have the opportunity to participate in the defense at the City's own expense and will have the right to approve any settlement which adversely affects the City's use or enjoyment of the computer equipment or software.

Contractor has the right, upon either the occurrence of or the likelihood, in the sole opinion of Contractor, of the occurrence of a finding of infringement ("Infringement Finding") to:

(i) Procure for the City the right to continue using the computer equipment and/or the software;

(ii) Modify the infringing computer equipment and/or software so it is no longer infringing without adversely affecting the system's performance; or

(iii) Replace the infringing computer equipment and/or software with other equivalent, non-infringing equipment or software without adversely affecting the system's performance.

If Contractor is unable to accomplish either (i), (ii) or (iii) above within seven days of an Infringement Finding, then at City's sole option, Contractor must remove the entire System and refund the City the entire amount paid under this Agreement for the System. Nothing in this Section may be construed as limiting the remedies that the City would otherwise have under this Agreement.

3.18 Budget Process

A. General. On an annual basis, Contractor must develop and submit for the City's approval an Annual Budget which must be reflective of all costs relating to Contractor's operating expenses to be incurred in connection with Contractor's provision of the Services under this Agreement. The budget shall itemize, by category of costs, the Services to be provided under this Agreement and may contain a contingency amount, which shall not exceed ***5% of the overall budget***, which may be allocated to various cost categories upon the approval of the Commissioner. Contractor may not claim reimbursement for any cost or expense in any category of costs not included in an approved Annual Budget. The Annual Budget must contain a detailed staffing schedule for each of the Service Spaces. Upon agreement by the City and Contractor as to any Annual Budget, Contractor agrees that it will, in the year covered by the Annual Budget, perform the Services and meet or exceed the requirements of this Agreement, including Exhibit 4, for the maximum amount in each category of costs (as may be increased through the allocation of the contingency as described in the prior sentence) contained in the Annual Budget. Any expenses in any category of costs incurred by Contractor over such maximum amount in each category of costs in the Annual Budget will be borne solely by Contractor. For example, by way of illustration only, if Contractor is not meeting the requirements contained in Exhibit 4 through the staffing schedule contained in an Annual Budget, such failure will be an Event of Default under this Agreement, and any increases in manpower to cure the deficiency shall be solely at the expense of Contractor.

B. Deadlines for Submittal. The Annual Budget for Agreement Year 2009 is attached hereto as part of Exhibit 7 and is deemed approved upon full execution of this Agreement by the City. The Annual Budget for each subsequent calendar year must be submitted to the Commissioner no later than August 1 of the prior year. Failure to provide a tentative Annual Budget by the foregoing date will constitute an Event of Default under this Agreement.

C. City Approval. The Annual Budget for subsequent years will not be effective until approved by the Commissioner.

D. Annual Budget Not Approved. If the tentative Annual Budget submitted by Contractor is not satisfactory to the Commissioner, the City and Contractor will have until October 1 to negotiate a satisfactory Annual Budget. If the City and the Contractor are unable to agree on an Annual Budget by October 1, the City may, in its sole discretion and at its sole option, either (i) terminate this Agreement effective at the end of the current Agreement Year upon notice to the Contractor and payment to Contractor of all amounts owed through the effective date of termination, or (ii) require Contractor to continue to provide Services under the then current Annual Budget (subject to appropriation and availability of funds therefore) until agreement is reached on a new Annual Budget. Neither termination pursuant to this paragraph nor the factual basis for such termination is subject to the Disputes provision of this Agreement.

3.19 Other City Departments or Governmental Entities

Contractor acknowledges that the City may request it to perform the parts supply/management function for other City departments or other governmental entities (collectively, "Other Units"). If the City requests that the Contractor provide these services for such Other Units, Contractor agrees to perform these services and will sell Contractor Parts to those Other Units pursuant to the same terms and conditions of this Agreement, including the performance standards and at the same pricing structure as afforded to the City under this Agreement. Any changes to the Annual Budget for Services that result from such work must be agreed upon by the parties and will be processed as an amendment in accordance with Section 10.3 hereof.

ARTICLE 4. TERM OF PERFORMANCE

4.1 Term of Performance

This Agreement takes effect as of the "Effective Date" set forth in the introductory paragraph above and will continue for a period of 60 months (and may be extended as provided in Section 4.3 below), until September 30, 2014 or until this Agreement is terminated in accordance with its terms, whichever occurs first.

4.2 Timeliness of Performance

A. Contractor must provide the Services and Deliverables within the term and within the time limits required by this Agreement, pursuant to the provisions of this Agreement. Further, Contractor acknowledges that TIME IS OF THE ESSENCE and that the failure of Contractor to comply with the time limits described in this Agreement may result in economic or other losses to the City.

B. Neither Contractor nor Contractor's agents, employees, and subcontractors are entitled to any damages from the City, nor is any party entitled to be reimbursed by the City, for damages, charges excess costs or other losses or expenses incurred by Contractor by reason of delays or hindrances in the performance of the Services, whether or not the delays or hindrances are caused by the City.

4.3 Contract Extension Option

At any time before this Agreement expires the Chief Procurement Officer and Contractor may agree to elect to extend this Agreement for up to two renewal periods of three years each (which may be exercised singly or jointly at any time), under the same terms and conditions as this original Agreement, except as provided otherwise in this Agreement. If so agreed, this Agreement must be modified to reflect the time extension in accordance with the provisions of Section 10.3.

ARTICLE 5. COMPENSATION

5.1 Basis of Payment

The basis of payment for compensation is as set forth in Exhibit 7.

5.2 Budget for Services

As provided in Section 3.18, Contractor must prepare an Annual Budget for the Services for each Agreement Year. Each such Annual Budget is deemed approved upon the acceptance by the Commissioner of Fleet Management

5.3 Method of Payment

The method of payment is as set forth in Exhibits 5 and 7.

5.4 Criteria for Payment

The Commissioner, in his discretion, will determine whether any rates, costs and expenses invoiced by Contractor to the City are in accordance with the Annual Budget and the terms of this Agreement.

5.5 Funding

The source of funds for payments under this Agreement is Fund number 0100-0403080-0340-220340 and any other funds that may be appropriated. Payments under this Agreement must not exceed $190,000,000.00 without a written amendment in accordance with Section 10.3. Funding for this Agreement is subject to the availability of funds and their appropriation by the City Council of the City.

5.6 Non-Appropriation

If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for payments to be made under this Agreement, then the City will notify Contractor in writing of that occurrence, and this Agreement will terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. Payments for work completed to the date of notification will be made to Contractor. No payments will be made or due to Contractor and under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments under this Agreement.

5.7 Subcontractor Payments

Contractor must submit a status report of Subcontractor payments with each invoice for the duration of the Agreement on the "Subcontractor Payment Certification" form required by the City. The form can be downloaded from the City's website at http://egov.cityofchicago.org/webportal/COCWebPortal/COC_EDITORIAL/subcompliance.pdf. The statement must list the following for Contractor and for each Subcontractor and supplier for the period for which payment is requested:

(i) Total amount invoiced by the Contractor for the prior month;
(ii) The name of each particular Subcontractor or supplier utilized during the prior month;
(iii) Indication if the Subcontractor or supplier is acting as an MBE, WBE, DBE, or non-certified firm on this Agreement;
(iv) The vendor/supplier number of each Subcontractor or supplier;
(v) Total amount invoiced that is to be paid to each Subcontractor or supplier.

If a Subcontractor has satisfactorily completed its Work, or provided specified materials in accordance with the requirements of the Agreement, Contractor must pay Subcontractor for such work or materials within fourteen (14) calendar days of Contractor receiving payment from the City.

ARTICLE 6. DISPUTES

Except as otherwise provided in this Agreement, Contractor must and the City may bring any dispute arising under this Agreement which is not resolved by the parties to the Chief Procurement Officer for decision based upon the written submissions of the parties. (A copy of the "Regulations of the Department of Procurement Services for Resolution of Disputes between Contractors and the City of Chicago" is available in City Hall, 121 N. LaSalle Street, Room 301, Bid and Bond Room, Chicago, Illinois 60602.) The Chief Procurement Officer will issue a written decision and send it to the Contractor by mail. The decision of the Chief Procurement Officer is final and binding. The sole and exclusive remedy to challenge the decision of the Chief Procurement Officer is judicial review by means of a common law writ of certiorari.

ARTICLE 7. COMPLIANCE WITH ALL LAWS

7.1 Compliance with All Laws Generally

A. Contractor must observe and comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later and whether or not they appear in this Agreement, including those set forth in this Article 7, and Contractor must pay all taxes and obtain all licenses, certificates and other authorizations required by them. Contractor must require all Subcontractors to do so, also. Further, Contractor must execute an Economic Disclosure Statement and Affidavit ("EDS") in the form attached to this Agreement as Exhibit 10.

Notwithstanding acceptance by the City of the EDS, Contractor's failure in the EDS to include all information required under the Municipal Code renders this Agreement voidable at the option of the City. Contractor must promptly update its EDS(s) on file with the City whenever any information or response provided in the EDS(s) is no longer complete and accurate.

B. Notwithstanding anything in this Agreement to the contrary, references to a statute or law are considered to be a reference to (i) the statute or law as it may be amended from time to time; (ii) all regulations and rules pertaining to or promulgated pursuant to the statute or law; and (iii) all future statutes, laws, regulations, rules and executive orders pertaining to the same or similar subject matter.

7.2 Nondiscrimination

A. Contractor

Contractor must comply with applicable federal, state, and local laws and related regulations prohibiting discrimination against individuals and groups.

(1) Federal Requirements

Contractor must not engage in unlawful employment practices, such as (i) failing or refusing to hire or discharging any individual, or otherwise discriminating against any individual with respect to compensation or the terms, conditions, or privileges of the individual's employment, because of the individual's race, color, religion, sex, age, handicap/disability or national origin; or (ii) limiting, segregating or classifying Contractor's employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect the individual's status as an employee, because of the individual's race, color, religion, sex, age, handicap/disability or national origin.

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Civil Rights Act of 1964, 42 U.S.C. sec. 2000e et seq. (1981), as amended and the Civil Rights Act of 1991, P.L. 102-166. Attention is called to: Exec. Order No. 11246, 30 Fed. Reg. 12,319 (1965), reprinted in 42 U.S.C. 2000e note, as amended by Exec. Order No. 11375, 32 Fed. Reg. 14,303 (1967) and by Exec. Order No. 12086, 43 Fed. Reg. 46,501 (1978); Age Discrimination Act, 42 U.S.C. §§ 6101-6106 (1981); Age Discrimination in Employment Act, 29 U.S.C. §§621-34; Rehabilitation Act of 1973, 29 U.S.C. §§ 793-794 (1981); Americans with Disabilities Act, 42 U.S.C. §12101 et seq.; 41 C.F.R. Part 60 et seq. (1990); and all other applicable federal statutes, regulations and other laws.

(2) State Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1990), as amended and any rules and

regulations promulgated in accordance with it, including the Equal Employment Opportunity Clause, 44 Ill. Admin. Code § 750 Appendix A. Furthermore, Contractor must comply with the Public Works Employment Discrimination Act, 775 ILCS 10/0.01 et seq. (1990), as amended, and all other applicable state statutes, regulations and other laws.

(3) City Requirements

Contractor must comply with, and the procedures Contractor utilizes and the Services Contractor provides under this Agreement must comply with, the Chicago Human Rights Ordinance, ch. 2-160, Section 2-160-010 et seq. of the Municipal Code of Chicago (1990), as amended, and all other applicable City ordinances and rules.

B. Subcontractors

Contractor must incorporate all of this Section 7.2 by reference in all agreements entered into with any suppliers of materials, furnisher of services, Subcontractors of any tier, and labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any such materials, labor or services in connection with this Agreement. Further, Contractor must furnish and must cause each of its Subcontractor(s) to furnish such reports and information as requested by the federal, state, and local agencies charged with enforcing such laws and regulations, including the Chicago Commission on Human Relations.

7.3 Inspector General

It is the duty of any bidder, proposer or Contractor, all Subcontractors, every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners and employees of any bidder, proposer, Contractor, Subcontractor or such applicant to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Contractor understands and will abide by all provisions of Chapter 2-56 of the Municipal Code. All subcontracts must inform Subcontractors of the provision and require understanding and compliance with it.

7.4 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 7.4 do not apply to contracts for which the City

receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

7.5 Business Relationships with Elected Officials

Pursuant to § 2-156-030(b) of the Municipal Code , it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. Violation of Section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement. The term business relationship is defined as set forth in § 2-156-080 of the Municipal Code.

Section 2-156-080 defines a "business relationship" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of $2,500 or more in a calendar year; provided, however, a financial interest shall not include: (i) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (ii) the authorized compensation paid to an official or employee for his office or employment; (iii) any economic benefit provided equally to all residents of the City; (iv) a time or demand deposit in a financial institution; or (v) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" shall not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

7.6 Chicago "Living Wage" Ordinance

A. Section 2-92-610 of the Municipal Code provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("Covered Employees"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated under it:

(1) If Contractor has 25 or more full-time employees, and

(2) If at any time during the performance of this Agreement, Contractor

and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "Performing Parties") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(3) Contractor must pay its Covered Employees, and must ensure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "Base Wage") for all Services performed under this Agreement.

B. Contractor's obligation to pay, and to ensure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

C. As of July 1, 2009, the Base Wage is $11.03 per hour, and each July 1 thereafter, the Base Wage will be adjusted using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. The currently applicable Base Wage is available from the Department of Procurement Services. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

D. Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

E. Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of subsections (a) through (d) above do not apply.

7.7 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

7-28-390 Dumping on public way;

7-28-440 Dumping on real estate without permit;

11-4-1410 Disposal in waters prohibited;

11-4-1420 Ballast tank, bilge tank or other discharge;

11-4-1450 Gas manufacturing residue;

11-4-1500 Treatment and disposal of solid or liquid waste;

11-4-1530 Compliance with rules and regulations required;

11-4-1550 Operational requirements; and

11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole discretion of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its Subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

7.8 Prohibition on Certain Contributions

Contractor agrees that Contractor, any person or entity who directly or indirectly has an ownership or beneficial interest in Contractor of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Contractor's subcontractors, any person or entity who directly or indirectly has an ownership or beneficial interest in any subcontractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Contractor and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago ("Mayor") or to his political fundraising committee (i) after execution of this Agreement by Contractor, (ii) while this Agreement or any Other Contract is executory, (iii) during the term of this Agreement or any Other Contract between Contractor and the City, or (iv) during any

period while an extension of this Agreement or any Other Contract is being sought or negotiated.

Contractor represents and warrants that since the date of public advertisement of the specification, request for qualifications, request for proposals or request for information (or any combination of those requests) or, if not competitively procured, from the date the City approached Contractor or the date Contractor approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Contractor agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Contractor agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

Contractor agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Contractor violates this provision or Mayoral Executive Order No. 05-1 prior to award of the Agreement resulting from this specification, the Chief Procurement Officer may reject Contractor's bid.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fundraising committee.

"Other Contract" means any other agreement with the City of Chicago to which Contractor is a party that is (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the city council.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of t he Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

(A) they are each other's sole domestic partner, responsible for each other's common welfare; and

(B) neither party is married; and

(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(E) two of the following four conditions exist for the partners:

1. The partners have been residing together for at least 12 months.

2. The partners have common or joint ownership of a residence.

3. The partners have at least two of the following arrangements:

   a. joint ownership of a motor vehicle;

   b. a joint credit account;

   c. a joint checking account;

   d. a lease for a residence identifying both domestic partners as tenants.

4. Each partner identifies the other partner as a primary beneficiary in a will.

"Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal code of Chicago, as amended."

7.9 Firms Owned or Operated by Individuals with Disabilities

The City encourages Contractor's to use Subcontractors that are firms owned or operated by individuals with disabilities, as defined by Section 2-92-586 of the Municipal Code of the City of Chicago, where not otherwise prohibited by federal or state law.

7.10 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

7.11 False Statements

(a) 1-21-010 False Statements

Any person who knowingly makes a false statement of material fact to the city in violation of any statute, ordinance or regulation, or who knowingly falsifies any statement of material fact made in connection with an application, report, affidavit, oath, or attestation, including a statement of material fact made in connection with a bid, proposal, contract or economic disclosure statement or affidavit, is liable to the city for a civil penalty of not less than $500.00 and not more than $1,000.00, plus up to three times the amount of damages which the city sustains because of the person's violation of this section. A person who violates this section shall also be liable for the city's litigation and collection costs and attorney's fees.

The penalties imposed by this section shall be in addition to any other penalty provided for in the municipal code. (Added Coun. J. 12-15-04, p. 39915, § 1)

(b) 1-21-020 Aiding and abetting.

Any person who aids, abets, incites, compels or coerces the doing of any act prohibited by this chapter shall be liable to the city for the same penalties for the violation. (Added Coun. J. 12-15-04, p. 39915, § 1)

(c) 1-21-030 Enforcement.

In addition to any other means authorized by law, the corporation counsel may enforce this chapter by instituting an action with the department of administrative hearings. (Added Coun. J. 12-15-04, p. 39915, § 1)

7.12 Prevailing Wage Rates

To the extent required by law, the Contractor must comply and must cause all of its subcontractors to comply and insert appropriate provisions in their agreements, with the Prevailing Wage Act, 820 ILCS 130/01 et seq. (the "Act") regarding the payment of the general prevailing rate of hourly wage for all laborers, workers and mechanics employed by or behalf of the Contractor and all Subcontractors in connection with the Services. The term "general prevailing hourly rate," when used in the Act means the hourly cash wages plus fringe benefits for health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employee engaged in work. The Contractor is fully responsible for paying the general prevailing

hourly rate of wages in effect, as determined by the Illinois Department of Labor ("IDOL"), at the time the work is performed. If IDOL revises the prevailing rate of hourly wages to be paid for the work before completion of the work under this Agreement, the revised rates will not entitle the Contractor to any increased compensation under the terms of the Agreement. As a condition of making payment under the Agreement, the City may require the Contractor to submit an affidavit to the effect that not less than the prevailing hourly wage is being paid to laborers, mechanics, and other workmen employed under the contract in accordance with Illinois law.

To view the current prevailing wage rates see the State of Illinois' website at www.state.il.us/agency/idol/rates/ODDMO/cook9999.htm

(g) acknowledges that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination pursuant to Sections 9.1 ands 9.2.

8.2 Ownership of Documents

All City documents encountered by or provided to Contractor by the City pursuant to this Agreement are property of the City, including all copyrights inherent in them or their preparation. During performance of its Services, Contractor is responsible for any loss or damage to such documents while they are in Contractor's or any Subcontractor's possession. Any such lost or damaged documents must be restored at the expense of Contractor. If not restorable, Contractor must bear the cost of replacement and of any loss suffered by the City on account of the destruction.

8.3 Copyright Ownership

Except for Proprietary and Custom Software, Contractor and the City intend that, to the extent permitted by law, the Deliverables to be produced by Contractor at the City's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq , and that the City will be the sole copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist, and of all rights to apply for copyright registration or prosecute any claim of infringement.

To the extent that any Deliverable does not qualify as a "work made for hire," Contractor hereby irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the City, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the City under this Agreement, and all goodwill relating to them, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Contractor will, and will cause all of its Subcontractors, employees, agents and other persons within its control to, execute all documents and perform all acts that the City may reasonably request in order to assist the City in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the City. Contractor warrants to the City, its successors and assigns, that on the date of transfer Contractor is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Contractor further warrants that it has not assigned and will not assign any copyrights and that it has not granted and will not grant any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Contractor warrants and represents that the Deliverables are complete, entire and comprehensive, and that the Deliverables constitute a work of original authorship.

8.4 Records, Audits, and Reports

(a) Records

Contractor must deliver or cause to be delivered all documents, including but not limited to, all Deliverables prepared for the City under the terms of this Agreement, to the City promptly and in accordance with the time limits prescribed in this Agreement. If no time limit is specified, then such documents and/or Deliverables will be delivered to the City upon reasonable demand therefore or upon termination or completion of the Services required under this Agreement. If Contractor fails to make such delivery upon demand, then Contractor must pay to the City any damages the City may sustain by reason of Contractor's failure.

Contractor must provide authorized representatives of the City, at all reasonable times, access to and copies of all electronic and hard data, books, records, correspondence, instructions, plans, drawings, receipts, vouchers, time cards, and memoranda related to this Agreement, and must provide cost verification for parts provided to the City on demand or as further specified in this Agreement.

Contractor must maintain, or have prompt access to, the service manuals, parts manuals, service bulletins, lubrication charts, and other information necessary to procure and supply the Parts to properly service and repair the fleet and equipment hereunder. Contractor must make these materials available to City personnel upon request. These records must become property of the City upon termination of the Agreement.

Contractor must maintain all records, including Deliverables not delivered to the City or demanded by the City, for a period of 5 years after the final payment made in connection with this Agreement.

(b) Audits

Contractor and Contractor's subcontractors must furnish the Department with all information that may be requested pertaining to the performance and cost of the Services. Contractor must maintain records showing actual time devoted and costs incurred. Contractor must keep books, documents, paper, records and accounts in connection with the Services open for audit, inspection, copying, abstracting and transcription, and Contractor must make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services.

To the extent that Contractor conducts any business operations separate and apart from the Services required under this Agreement using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then Contractor must maintain and make similarly available to the City detailed records supporting Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

Contractor must maintain its books, records, documents, and other evidence and adopt accounting procedures and practices sufficient to reflect properly all costs of whatever nature claimed to have been incurred and anticipated to be incurred for or in connection with the performance of this Agreement. This system of accounting must be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

The City may in its sole discretion audit the records of Contractor or its Subcontractors, or both, at any time during the term of this Agreement or within five years after the Agreement ends, in connection with the goods, work, or Services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of any such audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

1. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or Services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

2. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or Services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

Failure of Contractor to reimburse the City in accordance with subsection 1 or 2 above is an event of default under Section 9.1 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents which the City would have had in the absence of such provisions.

(c) Reports

In addition to inputting all requisite information into the System as described in Article 3 of this Agreement, Contractor must submit a daily report to the City that fully describes the Parts supplied on the prior business day, by work order, unit number and line item with costs assigned. The daily report will also itemize the time required to deliver each Part, in accordance with the performance standards set forth in Exhibit 4. The monthly report must summarize the Parts supplied the previous month by category, including overall cost, and must include demonstration of compliance with performance standards set forth in Exhibit 4.

On each anniversary date of this Agreement, Contractor must submit to the City a written annual report that summarizes the year's activity in a format agreed upon by Contractor and the City. In addition, Contractor must submit a weekly report to the City that fully describes the Parts eligible and supplied, by line item and with costs assigned under the warranty provision of this Agreement. The City reserves the right to require Contractor to produce additional reports as required by the Commissioner, and if so required, Contractor must produce those reports to the City.

8.5 Confidentiality

All Deliverables and reports, data, findings or information in any form prepared, assembled or encountered by or provided by Contractor under this Agreement are property of the City and are confidential, except as specifically authorized in this Agreement or as may be required by law. Contractor must not allow the Deliverables to be made available to any other individual or organization without the prior written consent of the City. Further, all documents and other information provided to Contractor by the City are confidential and must not be made available to any other individual or organization without the prior written consent of the City. Contractor must implement such measures as may be necessary to ensure that its staff and its Subcontractors are bound by the confidentiality provisions contained in this Agreement.

Contractor must not issue any publicity news releases or grant press interviews, and except as may be required by law during or after the performance of this Agreement, disseminate any information regarding its Services or the project to which the Services pertain without the prior written consent of the Commissioner.

If Contractor is presented with a request for documents by any administrative agency or with a subpoena duces tecum regarding any records, data or documents which may be in Contractor's possession by reason of this Agreement, Contractor must immediately give notice to the Commissioner and the Corporation Counsel for the City with the understanding that the City will have the opportunity to contest such process by any means available to it before the records or documents are submitted to a court or other third party. Contractor, however, is not obligated to withhold the delivery beyond the time ordered by the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

Further, the City agrees that it will keep confidential any information of Contractor that Contractor has marked clearly "Confidential" in a conspicuous place (e.g., cover, face, table of contents, top of page, etc.). All documents so marked will remain the property of Contractor, and the City will return such documents after it uses them. Subject to applicable law, court order or subpoena, the City will not make available any such documents to any individual or organization without the prior written consent of Contractor. For purposes of this Agreement, no such information shall be regarded as confidential if it has already become part of public knowledge (other than as a result of the action or inaction of the City). Notwithstanding anything herein to the contrary, Contractor acknowledges that City is subject to the Illinois Freedom of Information Act (5ILCS140/1 et seq.) and all information in the City's possession may be regarded as a

public record subject to disclosure, and any disclosure by City pursuant to the foregoing shall not be deemed a breach of the City's obligations hereunder.

8.6 Assignments and Subcontracts

Contractor will not assign, delegate or otherwise transfer all or any part of its rights or obligations under this Agreement unless such assignment, delegation or transfer is specifically authorized by this Agreement or the Chief Procurement Officer gives his express written consent thereto. The absence of such authorization or written consent will void the attempted assignment, delegation or transfer, and the transactions so voided will have no effect as to the Services or this Agreement. The Chief Procurement Officer's consent will not relieve Contractor of any of its obligations or liabilities under this Agreement.

All Subcontracts and all approvals of subcontractors are, regardless of their form, deemed conditioned upon performance by the Subcontractor in accordance with the terms and conditions of this Agreement. If any Subcontractor fails to observe or perform the terms and conditions of this Agreement to the satisfaction of the Department, the City has the absolute right upon written notification to immediately rescind approval and to require the performance of this Agreement by Contractor personally or through any other City-approved Subcontractor. Under no circumstances will the City's approval of a Subcontractor relieve Contractor of any of its obligations or liabilities under this Agreement.

Upon entering into any agreement with a Subcontractor, Contractor must furnish the Chief Procurement Officer and the Department with a copy of that agreement. All subcontracts must contain provisions that require the Services be performed in strict accordance with the requirements of this Agreement, provide that the Subcontractors are subject to all the terms of this Agreement and are subject to the approval of the Department and the Chief Procurement Officer. If the agreements do not prejudice any of the City's rights under this Agreement, such agreements may contain different provisions than are provided in this Agreement with respect to extensions of schedule, time of completion, payments, guarantees and matters not affecting the quality of the Services.

Contractor will not transfer or assign any funds or claims due or to become due under this Agreement without the prior written consent of the Chief Procurement Officer. The attempted transfer or assignment of any contract funds, or any interest in such funds, which are due or will become due to Contractor, without such prior written consent, will have no effect upon the City.

The City expressly reserves the right to assign or otherwise transfer all or any part of its interests under this Agreement to any successor.

8.7 Ethics

In addition to the foregoing warranties and representations, Contractor warrants:

(a) no officer, agent or employee of the City is employed by Contractor or has a financial interest directly or indirectly in this Agreement or the compensation to be paid under this Agreement except as may be permitted in writing by the Board of Ethics established pursuant to be the Municipal Code of Chicago (Chapter 2-156).

(b) no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any subcontractors to the prime Contractor or higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(c) Contractor further acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 is voidable as to the City.

8.8 Joint and Several Liability

If Contractor, or its successors or assigns, if any, is comprised of more than one individual or other legal entity (or a combination of them), then under this Agreement, each and without limitation every obligation or undertaking in this Agreement to be fulfilled or performed by Contractor is the joint and several obligation or undertaking of each such individual or other legal entity.

8.9 Business Documents

At the request of the City, Contractor must provide copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

8.10 Conflicts of Interest

(a) No member of the governing body of the City or other units of government and no other officer, employee or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement pertains is permitted to have any personal interest, direct or indirect, in this Agreement. No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee is allowed to be admitted to any share or part of this Agreement or to any financial benefit to arise from it.

(b) Contractor covenants that it, and to the best of its knowledge, its Subcontractors if any (collectively, "Consulting Parties"), presently have no direct or indirect interest and will not acquire any interest, direct or indirect, in any project or contract that would conflict in any manner or degree with the performance of its Services under this Agreement.

(c) Upon the request of the City, Contractor must disclose to the City its past

client list and the names of any clients with whom it has an ongoing relationship. Contractor is not permitted to perform any Services for the City on applications or other documents submitted to the City by any of Contractor's past or present clients. If Contractor becomes aware of a conflict, it must immediately stop work on the assignment causing the conflict and notify the City.

(d) Without limiting the foregoing, if the Consulting Parties assist the City in determining the advisability or feasibility of a project or in recommending, researching, preparing, drafting or issuing a request for proposals or bid specifications for a project, the Consulting Parties must not participate, directly or indirectly, as a prime, subcontractor or joint venturer in that project or in the preparation of a proposal or bid for that project during the term of this Agreement or afterwards. The Consulting Parties may, however, assist the City in reviewing the proposals or bids for the project if none of the Consulting Parties have a relationship with the persons or entities that submitted the proposals or bids for that project. t Contractor further covenants that, in the performance of this Agreement, no person having any conflicting interest will be assigned to perform any Services or have access to any confidential information, as defined in this Agreement. If the City, by the Commissioner in his reasonable judgment, determines that any of Contractor's Services for others conflict with the Services Contractor is to render for the City under this Agreement, Contractor must terminate such other services immediately upon request of the City.

Furthermore, if any federal funds are to be used to compensate or reimburse Contractor under this Agreement, Contractor represents that it is and will remain in compliance with federal restrictions on lobbying set forth in Section 319 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal year 1990,31 U.S.C. § 1352, and related rules and regulations set forth at 54 Fed. Reg. 52,309 ff. (1989), as amended. If federal funds are to be used, Contractor must execute a Certification Regarding Lobbying, which will be attached as an exhibit and incorporated by reference as if fully set forth here set forth here.

8.11 Non-liability of Public Officials

Contractor and any assignee or subcontractor of Contractor will not charge any official, employee or agent of the City personally with any liability or expenses of defense or be held personally liable to them under any term or provision of this Agreement, or because of the City's execution or attempted execution, or because of any breach of this Agreement.

8.12 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 10, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If

Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

ARTICLE 9. EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION

9.1 Events of Default Defined

The following constitute events of default:

(a) Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

(b) Contractor's material failure to perform any of its obligations under the Agreement including the following:

1. Failure due to a reason or circumstances within Contractor's reasonable control to perform the Services with sufficient personnel and equipment or with sufficient material to ensure the performance of the Services;

2. Failure to perform the Services in a manner reasonably satisfactory to the Commissioner or the Chief Procurement Officer or inability to perform the Services satisfactorily as a result of insolvency, filing for bankruptcy or assignment for the benefit of creditors;

3. Failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

4. Discontinuance of the Services for reasons within Contractor's reasonable control; and

5. Failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination or compliance of procedures and services with the provisions concerning non-discrimination.

6. Any change in ownership or control of Contractor without the prior written approval of the Chief Procurement Officer, which approval the Chief Procurement Officer will not unreasonably withhold.

(c) Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

(d) Any other occurrence that is specifically identified as an event of default elsewhere in this Agreement.

9.2 Remedies

The occurrence of any event of default permits the City, at the City's sole option, to declare Contractor in default. The Chief Procurement Officer may in his sole discretion give Contractor an opportunity to cure the default within a certain period of time, which period of time must not exceed 30 days, unless extended by the Chief Procurement Officer. Whether to declare Contractor in default is within the sole discretion of the Chief Procurement Officer and neither that decision nor the factual basis for it is subject to review or challenge under the Disputes provision of this Agreement.

The Chief Procurement Officer will give Contractor written notice of the default, either in the form of a cure notice ("Cure Notice"), or, if no opportunity to cure will be granted, a default notice ("Default Notice"). If the Chief Procurement Officer gives a Default Notice, he will also indicate any present intent he may have to terminate the Agreement, and the decision to terminate (but not the decision not to terminate) is final and effective upon giving the notice. The Chief Procurement Officer may give a Default Notice if Contractor fails to effect a cure within the cure period given in a Cure Notice. When a Default Notice with intent to terminate is given as provided in this Section and Article 11 ("Notice"), Contractor must discontinue any Services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process, to the City. After giving a Default Notice the City may invoke any or all of the following remedies:

(a) The right to take over and complete the Services or any part of them as agent for Contractor, either directly or through others, at the cost of Contractor. If the City invokes this remedy Contractor will have the right to offset from the costs accrued by the City the amount it would have cost the City to complete the Services under the terms and conditions of this Agreement, had Contractor completed the Services.

(b) The right to terminate this Agreement as to any or all of the Services yet to be performed effective at a time specified by the City.

(c) The right of specific performance, an injunction or any other appropriate equitable remedy.

(d) The right to money damages.

(e) The right to withhold all or any part of Contractor's compensation under this Agreement.

(f) The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the Chief Procurement Officer considers it to be in the City's best interests, he may elect not to declare default or to terminate the Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits Contractor to continue to provide the Services despite one or more events of

default, Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights.

The remedies under the terms of the Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy is cumulative and is in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power nor is it a waiver of any event of default nor acquiescence in it, and every such right and power may be exercised from time to time and as often as the City deems expedient.

9.3 Early Termination

In addition to termination pursuant to Sections 9.1 and 9.2 of this Agreement, the City may terminate this Agreement, or all or any portion of the Services to be performed under it, at any time by a notice in writing from the City to Contractor. The City will give notice to Contractor in accordance with the provisions of Article 11. The effective date of termination will be the date the notice is received by Contractor or the date stated in the notice, whichever is later. If the City elects to terminate the Agreement in full, all Services to be provided under it must cease and all materials that may have been accumulated in performing this Agreement, whether completed or in the process, must be delivered to the City effective 10 days after the date the notice is considered received as provided under Article 11 of this Agreement (if no date is given) or upon the effective date stated in the notice.

After the notice is received, Contractor must restrict its activities, and those of its subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination is on the same basis as set forth in Article 5 but if any compensation is described or provided for on the basis of a period longer than 10 days, then the compensation must be prorated accordingly. No amount of compensation, however, is permitted for anticipated profits on unperformed Services. The City and Contractor must attempt to agree on the amount of compensation to be paid to Contractor, but if not agreed on, the dispute must be settled in accordance with Article 6 of this Agreement. The payment so made to Contractor is in full settlement for all Services satisfactorily performed under this Agreement.

If the City's election to terminate this Agreement for default pursuant to Sections 9.1 and 9.2 is determined in a court of competent jurisdiction to have been wrongful, then in that case the termination is to be deemed to be an early termination pursuant to this Section.

9.4 Suspension

The City may request at any time that Contractor suspend its Services, or any part of them, by giving 15 days prior written notice to Contractor or upon informal oral, or even no notice in the event of emergency. No costs incurred after the effective date

of such suspension are allowed. Contractor must promptly resume its performance of the Services under the same terms and conditions as stated in this Agreement upon written notice by the Chief Procurement Officer and such equitable extension of time as may be mutually agreed upon by the Chief Procurement Officer and Contractor when necessary for continuation or completion of Services. Any additional costs or expenses actually incurred by Contractor as a result of recommencing the Services must be treated in accordance with the compensation provisions under Article 5 of this Agreement.

No suspension of this Agreement is permitted in the aggregate to exceed a period of 45 days within any one contract year. If the total number of days of suspension exceeds 45 days, Contractor by written notice may treat the suspension as an early termination of this Agreement pursuant to Section 9.3.

9.5 Right to Offset

(a) In connection with performance under this Agreement:

The City may offset any excess costs incurred by the City in the event of termination of this Agreement for default or otherwise resulting from Contractor's performance or non-performance under this Agreement or if the City exercises any of the remedies available to it under Section 9.2 and any credits due to or overpayments made by the City, by use of any payment due for Services completed before the termination for default or before the exercise of any remedies. If the amount offset is insufficient to cover those excess costs, Contractor is liable for and must promptly remit to the City the balance upon written demand for it. This right to offset is in addition to and not a limitation of any other remedies available to the City.

(b) In connection with Section 2-92-380 of the Municipal Code of Chicago:

(i) In accordance with Section 2-92-380 of the Municipal Code of Chicago and in addition to any other rights and remedies (including any of set-off) available to the City under this Agreement or permitted at law or in equity, the City is entitled to set off a portion of the price or compensation due under this Agreement in an amount equal to the amount of the fines and penalties for each outstanding parking violation complaint and/or the amount of any debt owed by Contractor to the City. For purposes of this Section, "outstanding parking violation complaint" means a parking ticket, notice of parking violation or parking violation complaint on which no payment has been made or appearance filed in the Circuit Court of Cook County within the time specified on the complaint. "Debt" means a specified sum of money owed to the City for which the period granted for payment has expired.

(ii) Notwithstanding the provisions of subsection (i) above, no such debt(s) or outstanding parking violation complaint(s) will be offset from the price or compensation due under this Agreement if one or more of the following conditions are met:

A. Contractor has entered into an agreement with the Department of

Revenue, or other appropriate City department, for the payment of all outstanding parking violation complaints and/or debts owed to the City and Contractor is in compliance with the agreement; or

B. Contractor is contesting liability for or the amount of the debt in a pending administrative or judicial proceeding; or

C. Contractor has filed a petition in bankruptcy and the debts owed the City are dischargeable in bankruptcy.

9.6 Disposition of Inventory Upon Expiration or Termination of Agreement

(a) Upon the expiration or termination of this Agreement, the City will reassume control of all City Parts.

(b) Upon any expiration or termination of this Agreement, the City will have the option, in its sole election, to purchase any Contractor Parts that are commonly stocked by Contractor in its business operations. If the City elects to purchase any such parts or supplies, Contractor will sell them to the City at Contractor's cost as determined through Exhibit 5. If the City does not elect to buy the parts or supplies, then Contractor will remove them from the Facilities without charge to the City. Subject to Section 5.6, if the Agreement is terminated early by the City pursuant to Sections 9.3 and 9.4, NAPA will sell, and the City agrees to buy, such NAPA Parts that are not commonly stocked by NAPA in its business operations at NAPA's cost for such parts (as determined through Exhibit 5) plus 5%. Upon the expiration of this Agreement, or if the Agreement is terminated on account of NAPA's default under Section 9.2, the Commissioner may elect, in his sole discretion, to purchase (and if the Commissioner so elects, NAPA must sell to the City) such parts at NAPA's cost as determined through Exhibit 5.

9.7 Transition

If this Agreement is terminated for any reason prior to the end of the term, Contractor must cooperate with the City in an orderly transition to the City's performance of the supply/ parts management function or to the performance of the Services by a new contractor, at the City's option.

ARTICLE 10. GENERAL CONDITIONS

10.1 Entire Agreement

A. General

This Agreement, and the exhibits attached to it and incorporated in it, constitute the entire agreement between the parties and no other warranties, inducements, considerations, promises, or interpretations are implied or impressed upon this Agreement that are not expressly addressed in this Agreement.

B. No Collateral Agreements

Contractor acknowledges that, except only for those representations, statements,

or promises expressly contained in this Agreement, and any exhibits attached to it and incorporated by reference in it, no representation, statement or promise, oral or in writing, or of any kind whatsoever, by the City, its officials, agents, or employees, has induced Contractor to enter into this Agreement or has been relied upon by Contractor, including any with reference to: (i) the meaning, correctness, suitability or completeness of any provisions or requirements of this Agreement; (ii) the nature of the Services to be performed; (iii) the nature, quantity, quality or volume of any materials, equipment, labor and other facilities, needed for the performance of this Agreement; (v) the general conditions which may in any way affect this Agreement or its performance; (vi) the compensation provisions of the Agreement; or (vii) any other matters, whether similar to or different from those referred to in (i) through (vi) immediately above, affecting or having any connection with this Agreement, its negotiation, any discussions of its performance or those employed or connected or concerned with it.

C. No Omissions

Contractor acknowledges that Contractor was given ample opportunity and time and was requested by the City to review thoroughly all documents forming this Agreement before signing this Agreement in order that it might request inclusion in this Agreement of any statement, representation, promise or provision that it desired or on that it wished to place reliance. Contractor did so review those documents, and either every such statement, representation, promise or provision has been included in this Agreement or else, if omitted, Contractor relinquishes the benefit of any such omitted statement, representation, promise or provision and is willing to perform this Agreement in its entirety without claiming reliance on it or making any other claim on account of its omission.

10.2 Counterparts

This Agreement is comprised of several identical counterparts, each to be fully signed by the parties and each to be deemed an original having identical legal effect.

10.3 Amendments

No changes, amendments, modifications, or discharge of this Agreement, or any part of it are valid unless in writing and signed by the authorized agent of Contractor and by the Mayor, Comptroller, and Chief Procurement Officer of the City or their respective successors and assigns. The City incurs no liability for Additional Services, and Contractor need not perform any such Additional Services, without a written amendment to this Agreement pursuant to this Section.

Whenever in this Agreement Contractor is required to obtain prior written approval, the effect of any approval that may be granted pursuant to Contractor's request is prospective only from the later of the date approval was requested or the date on which the action for which the approval was sought is to begin. In no event is approval permitted to apply retroactively to a date before the approval was requested.

10.4 Governing Law and Jurisdiction

This Agreement is governed as to performance and interpretation in accordance with the laws of the State of Illinois.

Contractor irrevocably submits itself to the original jurisdiction of those courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this Agreement. Service of process on Contractor may be made, at the option of the City, either by registered or certified mail addressed to the applicable office as provided for in this Agreement, by registered or certified mail addressed to the office actually maintained by Contractor, or by personal delivery on any officer, director, or managing or general agent of Contractor. If any action is brought by Contractor against the City concerning this Agreement, the action must be brought only in those courts located within the County of Cook, State of Illinois.

10.5 Severability

If any provision of this Agreement is held or deemed to be or is in fact inoperative or unenforceable as applied in any particular case in any jurisdiction or in all cases because it conflicts with any other provision or provisions of the Agreement or of any constitution, statute, ordinance, rule of law or public policy, or for any other reason, those circumstances do not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions in this Agreement invalid, inoperative, or unenforceable to any extent whatever. The invalidity of any one or more phrases, sentences, clauses or sections contained in this Agreement does not affect the remaining portions of this Agreement or any part of it.

10.6 Assigns

All of the terms and conditions of this Agreement are binding upon and inure to the benefit of the parties and their respective legal representatives, successors, and assigns.

10.7 Cooperation

Contractor must at all times cooperate fully with the City and act in the City's best interests. If this Agreement is terminated for any reason, or if it is to expire on its own terms, Contractor must make every effort to assure an orderly transition to another provider of the Services, if any, orderly demobilization of its own operations in connection with the Services, uninterrupted provision of Services during any transition period and must otherwise comply with the reasonable requests and requirements of the Department in connection with the termination or expiration.

10.8 Miscellaneous Provisions

Nothing in this Agreement authorizes the waiver of a requirement or condition contrary to law or ordinance or that would result in or promote the violation of any federal, state, or local law or ordinance.

Whenever under this Agreement the City by a proper authority waives Contractor's performance in any respect or waives a requirement or condition to either the City's or Contractor's performance, the waiver so granted, whether express or implied, only applies to the particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. No such waiver is a modification of the Agreement regardless of the number of times the City may have waived the performance, requirement or condition. Such waivers must be provided to Contractor in writing.

10.9 Independent Contractor

(a) This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize a joint venture, partnership, corporation or other formal business association or organization of any kind between Contractor and the City. The rights and the obligations of the parties are only those set forth in this Agreement. Contractor must perform under this Agreement as an independent contractor and not as a representative, employee, agent,
or partner of the City.

(b) This Agreement is between the City and an independent contractor and, if Contractor is an individual, nothing provided for under this Agreement constitutes or implies an employer-employee relationship such that:

(i) The City will not be liable under or by reason of this Agreement for the payment of any compensation award or damages in connection with the Contractor performing the Services required under this Agreement.

(ii) Contractor is not entitled to membership in any City Pension Fund, Group Medical Insurance Program, Group Dental Program, Group Vision Care, Group Life Insurance Program, Deferred Income Program, vacation, sick leave, extended sick leave, or any other benefits ordinarily provided to individuals employed and paid through the regular payrolls of the City.

The City is not required to deduct or withhold any taxes, FICA or other deductions from any compensation provided to Contractor.

10.10 Electronic Ordering and Invoicing

The Contractor shall cooperate in good faith with the City in implementing electronic ordering and invoicing, including but not limited to catalogs, purchase orders, releases, and invoices. Contractor shall accept electronic purchase orders and releases upon request of the Chief Procurement Officer. Contractor shall provide the

City electronic catalogs, copies of invoices and other electronic documents upon request. The electronic ordering and invoice documents shall be in a format specified by the City and transmitted by an electronic means specified by the City. Such electronic means may include, but are not limited to, disks, e-mail, EDI, FTP, web sites, and third party electronic services. The Chief Procurement Officer reserves the right to change the document format and/or the means of transmission upon written notice to the Contractor. Contractor shall ensure that the essential information, as determined by the Chief Procurement Officer, in the electronic document, corresponds to that information submitted by the Contractor in its paper documents. The electronic documents shall be in addition to paper documents required by this contract, however, by written notice to the Contractor, the Chief Procurement Officer may deem any or all of the electronic ordering and invoice documents the official documents and/or eliminate the requirement for paper ordering and invoice documents.

10.11 Participation by Other Local Government Agencies

Other local government agencies may be eligible to participate in this Agreement pursuant to the terms and conditions of this Agreement if such agencies are authorized, by law or their governing bodies, to execute such purchases, and if such authorization is allowed by the City of Chicago's Chief Procurement Officer, and if such purchases have no net adverse effect on the City of Chicago, and result in no diminished services from the Contractor to the City's user departments pursuant to such purchases. Examples of such Local Government Agencies are: Board of Education, Chicago Park District, City Colleges of Chicago, Chicago Transit Authority, Chicago Housing Authority, Chicago Board of Elections, Metropolitan Pier and Exposition Authority (McCormick Place, Navy Pier), and the Municipal Courts. Said purchases shall be made upon the issuance of a purchase order directly from the Local Government Agency. The City will not be responsible for payment of any amounts owed by any other Local Government Agencies, and will have no liability for the acts or omissions of any other Local Government Agency.

System Functional Specifications And Interface Requirements.

Fleet Focus M4

The information below provides an overview of the workflow and processes specific to the Inventory Management Module of Fleet Focus M4.

1. Inventory Management Module

Fleet Focus M4 requires the definition of a master catalog entry along with an inventory location entry. The master catalog contains description information while the location entry contains details such as ordering information, physical inventory parameters, on-hand quantities and bin locations. In addition to the catalog and location records, Fleet Focus M4 allows for the definition of several different types of cross-reference records including manufacturers, suppliers, superseded part numbers, equivalencies and user-defined entries. Every part issued in Fleet Focus M4 must be associated with a valid part catalog entry or defined as a cross-reference to a part catalog entry. This is a requirement in Fleet Focus M4 because each part issue transaction is associated with a work order by an internal part sequence number.

Parts in Fleet Focus M4 can be defined as either an inventory part or as a non-stocked part. An inventory or stocked part is defined as one in which the part may have on-hand quantity and must first be received into an inventory location before being issued. In contrast, a non-stock part cannot have any quantity on-hand in Fleet Focus M4 and therefore must be issued directly to a work order at receipt time.

2. Costing and Issuance
For the costing of the part issues, Fleet Focus M4 provides different methodologies to choose from for stock parts. These include location price averaging, location price standard, system price averaging and system price standard. The City of Chicago is currently using system price averaging as it method to cost parts. For non-stock parts, the cost of the part issued is entered during the receipt/issue process.

Parts can be issued to the following:
- Work Order – opened either against a unit or a department
- Account – a part can be issued directly to an account
- Department – issued directly to a department

3. Work Order Work Flow

A typical implemented Fleet Focus M4 shop workflow scenario as related to parts includes the following process.

A service writer or shop foreman will initially open a work order when the unit shows up at the shop facility. Details of the repair can be communicated prior and captured in a Fleet Focus M4 work request. This work request can be included on the work order so that details of the required work can be communicated to shop personnel.
The work order is typically printed and assigned to a shop tradesman who determines

the actual repairs required. At this time, any parts needed to complete the repairs is noted and verbally communicated to the parts room personnel.

If the parts are currently stocked, parts room personnel provide the tradesman with the required quantity. To alleviate typing errors, the printed work order contains a bar-code representation of the work order number and the job code. Parts room personnel can scan the work order, job code, employee number, and part number into Fleet Focus M4, assign a quantity and essentially issue the part to the work order. The process will relieve the inventory level immediately.

If the parts required either are not currently stocked or are non-stock parts that must be purchased from a vendor, parts room personnel would initiate a purchase order from the appropriate vendor. When ordering parts for a work order, the parts room personnel is required to have a unit number, requisition number for parts, a work order number, and job line available prior to placing the purchase order. Once the parts are physically received in the parts room, the receipt is performed in Fleet Focus M4. If the part is truly a non-stock part, during the receipt process, the parts room personnel must designate the work order, unit number, employee number, department or account to issue the part to rather than receiving into inventory.

Fleet Management Integration Interface

2. Interface Description

The following text describes the current interface scenario for Fleet Focus M4.

To perform the processes required by the City, the Fleet Focus M4 interface consists of two segments. One segment is responsible for the updating of the Fleet Focus M4 master parts catalog, associated part locations and stock quantities. This segment will pass transactions from the Contractor's software application to Fleet Focus M4.

The purpose of the second segment is to pass parts issuance and quantity adjustments from Fleet Focus M4 to the Contractor's software application. Together, the two segments serve to keep the inventory of both Fleet Focus M4 and the Contractor's Software application in-sync and provides the information necessary for the Contractor's Software Application to provide invoice transactions to the City for billing purposes.

Below is a high level architectural diagram depicting the relationship of Fleet Focus M4 and the Contractor's Software Application. Communications between the two applications are meant to be autonomous. Each transmission consists of a request for service and a response, this allows for the user of the requesting application to be notified of the status of the transaction. Each application (server) contains an http server that accepts incoming requests for service at a specific URL. Once a request has been received, the URL invokes a receiver program that handles the posted message string. The receiver program parses the string and passes the request to the accepting application. The accepting application then executes the request and returns the results back to the receiver program. The receiver program packages the result into an XML string and passes it back to the requesting application. The submissions are done via the http POST method.

Segment One - Contractor's Software Application to Fleet Focus M4
This segment will pass parts stocking information from the Contractor's Software Application to Fleet Focus M4 so that each Fleet Focus M4 inventory location will be updated appropriately.

The specific information that must be passed to Fleet Focus M4 includes the following:

- Part Number
- Part Description
- Line Abbreviation (M4 Commodity Code)
- Inventory Location (must be a valid inventory location in M4)
- Current On-hand quantity
- Unit cost
- Unit of issue – must be a valid unit of issue in M4
- Buy-out Indicator "Y" or "N"
- Core indicator "Y" or "N" (indicates if this part is a core or not)
- Core value

If the part number passed is not a valid part master number in Fleet Focus M4, Fleet Focus M4 will create valid part master and part location entries in M4 as well as update the on-hand quantities of stocked parts. If the part number passed is a valid part master number but not a valid part location entry, Fleet Focus M4 will create the Fleet Focus M4 Part Inventory Location entry. If both the master and location entries exist, Fleet Focus M4 will update the on-hand quantity and the unit average cost of the existing part inventory location entry.

The table below is the structure of the interface table depicting the fields of information that are transmitted to Fleet Focus M4.

Field	**Type-Len**	**M4 Field/Default Value**	**Processing Decisions**

Segment Two – Fleet Focus M4 to Contractor's Software Application

This segment will pass approved parts transfers and parts issues completed in Fleet Focus M4 to the Contractor's Software application so that both applications' inventory levels can be updated appropriately and an invoice can be created for the City.

Fleet Focus M4 has an interface table that handles the processing and transmission of transactions between Fleet Focus M4 and the Contractor's software application. When a part is issued, transferred or adjusted in Fleet Focus M4, specific data on the transaction is recorded in the interface table. Each transaction record contains a qualifier that describes the type of part transaction (e.g. X –Transfer, Q – Quantity Adjustment, I – Issue). The records in the transaction table are packaged into an XML data stream and transmitted via the http POST method to a specific URL on an http server. The Contractor's software application will then receive this transmission and must acknowledge receipt.

The table below is the structure of the interface table depicting the fields of information that are transmitted to the Contractor's software application.

Interface Transactions Table:

Minimum Integration Requirements

The City will require the Contractor to meet the following **minimum** integration requirements:

- The interface must be able to submit and process parts transactions in "real time". For the purpose- of this requirement - "real time" shall be defined to be **within** one hundred twenty (120) seconds of the physical transference, issuance, or data entry of the transaction into either party's software application. In other words, upon the data entry of the transaction into either application. The transaction must be transmitted to the receiving application and a response must be received within a one hundred twenty (120) second window.

- The Contractor's software application must have the ability to transmit the following fields of information.

  - Date/time Stamp of Transaction
  - Part Number
  - Part Description
  - Commodity Code
  - Inventory Location
  - On-Hand Qty
  - Unit Cost
  - Unit of Issue
  - Buy-Out Indicator (Stock or Non-Stock Part)
  - Core Indicator
  - Core Value

- The Contractor's software application must have the ability to receive the data as described in above section titled "Segment Two – Fleet Focus M4 to Contractor's Software Application." In addition, the contractor's software application must also have the ability to display those fields when submitting an invoice to the City for billing. The fields are listed as follows:

  - Date/time Stamp of the Transaction
  - Inventory Location
  - Account Number
  - Unit Number
  - Work Order Number
  - Job Code
  - Part Number
  - Part Description
  - Commodity code
  - Quantity
  - Unit cost
  - Total cost

This will allow the City to compare the invoices with transactions issued in Fleet Focus M4 and generate an exception report to be reconciled by the City and the Contractor.

Application Performance Standards and Business Rules

Notwithstanding the above requirements, the City will also expect the Contractor to adhere to certain standards and rules as established by the City when interacting with Fleet Focus M4. Such standards and rules include the following:

City Hardware And Software Standards.
(Page 1 of 6)

INTRODUCTION

This document provides a high-level list of current City standards for its hardware and software environments and is intended primarily for City department and vendor use. These standards do not mean that other software and hardware, which might have been previously listed as standard, may not be used or supported, but the following items should be purchased for any new initiative or growth/replacement needs. City departments will need to determine if the standard hardware/software item has been deployed in their department, if required for a new initiative.

Any proposals for non-standard hardware or software purchases or questions/comments should be forwarded to the Department of Innovation and Technology (DoIT) Architecture team for review.

An asterisk (*) denotes standards currently under review (in all sections in this document). DoIT will review and update these standards on a regular basis.

GUIDELINES FOR SELECTING HANDHELD DEVICES: Rugged devices may be required depending on the environment that the handheld will be used in. Handheld applications can be developed using one of three models: 1) run completely on the handheld (completely disconnected), 2) run on the handheld but exchange data with a backend system either wirelessly or by synchronizing (occasionally connected) or 3) run on the handheld or through a browser and require a full time connection to the backend system (fully connected). It is strongly encouraged that all developed systems use the occasionally connected model due to the limitations of wireless technology.

Parts Supply Performance Standards.

1. During the term of this Agreement, Contractor must provide Parts requirements in any month according to the following performance standards: ninety percent (90%) of all Parts requirements must be supplied on demand; ninety-five percent (95%) of all Parts requirements must be supplied within four (4) hours of demand; ninety-nine percent (99%) of all Parts requirements must be supplied within forty-eight (48) hours of demand.

2. If the Contractor cannot provide an item within the time frame needed, Contractor shall promptly notify City so that the parties can make alternative arrangement to procure an item. The Contractor is responsible for shipping, delivery, packaging and handling of all parts and supplies. Any item that results in additional freight costs charged back to the City must be agreed to before the Contractor procures the item. The cost of any item that is beyond the Contractor's inventory or supply network must be agreed to by the City before that item is procured by Contractor.

3. Contractor will be excused from the foregoing requirements for any Part requested to the extent that Contractor was unable to obtain it because it has placed a timely order for the Part but the manufacturer did not fill the order or that the Part is obsolete; provided, however, that Contractor has, to the fullest extent possible, minimized the length of the delay created by such causes. Without limiting the foregoing, Contractor must immediately notify the City of any Part is back-ordered or is obsolete and must follow the directions of the Commissioner with respect to obtaining substitute Parts on an expedited basis.

(Sub)Exhibit 5.
(To Vehicle And Equipment Parts Management And Supply Services Agreement With Genuine Parts Company)

Parts Pricing.

As more particularly provided in (Sub)Exhibit 7 hereof and subject to that exhibit, Contractor may charge the City for the cost of Contractor Parts once those parts are distributed to the City. This exhibit sets forth how the costs for Contractor Parts are to be established.

1. For all Contractor Parts that are not distributed under the trade name of NAPA or any of its affiliates (for the purpose of this section 1, "Non-NAPA part"), Contractor will identify qualified vendors and negotiate the lowest cost. Competition will not be limited to a particular vendor unless that vendor's part or supply uniquely meets the needs of the City as determined by the Commissioner (such as if only that vendors/manufacturers product would fit in the City vehicle for which it is being purchased). The City must have the right to monitor the process for the purchase of any such Non-NAPA part, and Contractor must modify the process as requested by the Commissioner to ensure that the cost charged to the City by Contractor for the Non-NAPA part is the lowest possible cost.

2. For any Contractor Part that is a NAPA-branded product, i.e., a product that is distributed under the trade name NAPA or any of its affiliates, the cost of the NAPA-branded part will be at Jobber Net cost (the price charged by Contractor to its major distributors) as determined by the Commissioner through the NAPA Jobber Price Book that must be furnished by Contractor to the Commissioner upon demand.

3. In addition to 1 and 2, if, for any NAPA part, the City finds any source that would supply the City with a part or supply at a price lower than that charged by Contractor for that part or supply, Contractor agrees that future sales to the City of such part or supply will be at a price that matches or is lower than the price of the source found by the City.

Parts Distribution Procedures -- Road Service Trucks.

Overview.

The Department of Fleet Management currently operates forty-three (43) Road Service Trucks that provide road-side and emergency mechanical service to all Department of Fleet Management customer departments and agencies throughout the City. This critical response service supports police cruisers, auto passenger sedans, SUV's, light trucks, medium and heavy trucks, and off-road construction equipment applications.

A Department of Fleet Management Stock Transfer Request Form will be prepared and submitted by D.F.M. Road Service personnel. D.F.M. Road Service Personnel are responsible for all listed fields of information within the Stock Transfer Request Form.

D.F.M. Road Service personnel assigned are responsible for the levels of inventory held within and will determine the balance of inventory for levels above and below their daily requirement needed. The D.F.M. General Shop Foreman assigned to the Road Service Trucks has the responsibility of the daily oversight and management of D.F.M. personnel assigned. All assigned Road Service Personnel will provide the following information on the

Stock Transfer Request Form:

-- Road Service Truck "RD" number assigned.

-- Date Submitted

-- Reason Codes Applied

-- Part Number

-- Description

-- Quantity Requested

All warranty claimed parts will be tagged by Road Service Personnel with the appropriate information mutually agreed upon by D.F.M. and the contractor for proper claim processing. Parts considered for warranty claim will be tagged by D.F.M. Road Service Personnel with completed Warranty Identification Tags for processing. The Warranty Identification Tag contains the following information fields recording the origin of installation:

-- Unit Number

-- Road Service Truck Number

-- Date and Name

-- Part Number

-- Complaint, Cause, and Correction

Distribution And Return.

Any core or rebuildable part will be returned to the Contractor according to negotiated terms. Such items as automotive batteries, alternators, starters, brake valves, piston cylinders or electric motors will be considered. When Contractor invoices and charges for

cores, all returned core product by D.F.M. Road Service Personnel must be credited with an invoice from the Contractor to D.F.M. upon return and inspection. All credit receipts and memorandum entailed will be signed by D.F.M. Road Service Personnel upon reconciliation of the returned core.

All tires and wheels supplied by the Contractor will be marked and tagged indicating the tires origin of removal along with associated sidewall markings. All tires and wheels supplied by the Contractor will have a "one-for-one" exchange policy.

Contractor's Compensation And Annual Budgets.

Contractor's compensation will consist of the following: compensation for Contractor Parts (as set forth below), plus reimbursement for operational expenses actually incurred (excluding parts costs) in any category of cost in the Annual Budget (as supported by invoices as provided below) up to the amount set forth for that category of costs in the Annual Budget.

I. Parts. Contractor's compensation for Contractor Parts shall be as follows:

The cost to Contractor of the Contractor Parts (which must be determined in accordance with (Sub)Exhibit 5) distributed to the City plus seven percent (7%), less applicable discounts and rebates. For any Contractor Part in one of the Discount Categories (tires, oil, grease, lubricants and fluids) Contractor is entitled to receive the cost of such Contractor Parts to Contractor plus five percent (5%), less applicable discounts and rebates.

At the end of every week, Contractor must submit to the City an invoice summarizing the Contractor Parts distributed to City personnel by Contractor in that week. The invoice must contain such detail as the Commissioner requires, including an itemization of the Contractor Part distributed, the facility at which it was distributed, and the cost to Contractor of the Contractor Part distributed (as determined in accordance with (Sub)Exhibit 5 hereof), and the discounts and/or rebates applicable to that transaction. The cost included by Contractor in any invoice for any Contractor Part may not exceed the cost for that part determined by Contractor in accordance with (Sub)Exhibit 5. The invoice must also include the following calculations to enable the City to make payment in accordance with the previous paragraph:

a) the cost of the Contractor Parts distributed to the City, plus seven percent (7%), less applicable discounts and rebates;

b) for any Contractor Parts distributed that fall into one of the Discount Categories, as defined below, the cost of said Contractor Part plus five percent (5%), less applicable discounts and rebates. Discount Categories are as follows: tires, oils, grease, lubricants and fluids.

The City will process payment of any properly completed invoices approved by the Commissioner within twenty (20) days.

II. Operational Expenses.

By the twenty-fifth (25th) day of each calendar month beginning with the second month of this Agreement, Contractor must submit to the Commissioner an invoice for the operating expenses actually incurred by Contractor in the prior month for only those costs contained in the Annual Budget. The invoice shall contain such information and should attach such supporting documentation as the Commissioner may require to ascertain and demonstrate the operating costs actually incurred in the performance of the Services in each category in an approved Annual Budget, including but not limited to certified payroll statements, salary and benefits payable to Contractor employees, workers' compensation benefits and insurance, unemployment insurance, personal property insurance for the Facilities and inventory including any deductibles for losses covered under any of the foregoing policies, expenses for improvements, expenses for any Deliverables (but only to the extent compensated under the Agreement), and computer system expenses (but only to the extent permitted under the Agreement), and an itemization of all other costs and expenses falling under an approved Annual Budget. All invoices must correlate actual expenditures to the appropriate category in the Annual Budget and must show Contractor's current and year to date actual expenditures by category.

As more fully described in the Agreement, if, in any Agreement Year, Contractor incurs costs in any category in excess of the amount set forth as the maximum amount for that category, but subject to the Commissioner's agreement to reallocate the contingency amount to such category, Contractor will not be reimbursed for such excess over the budgeted amount, but must incur such costs at its own expense.

The City will process payment for properly completed invoices approved by the Commissioner within twenty (20) days.

Special Conditions Regarding M.B.E./W.B.E. Commitment.

I. **Policy and Terms**

A. It is the policy of the City of Chicago that Local Businesses certified as Minority Business Enterprises (MBE) and Women Business Enterprises (WBE) in accordance with Section 2-92-420 et seq. of the Municipal Code of Chicago and Regulations Governing Certification of Minority and Women-owned Businesses, and all other Regulations promulgated under the aforementioned sections of the Municipal Code shall have the maximum opportunity to participate fully in the performance of this agreement. Therefore, the contractor shall not discriminate against any person or business on the basis of race, color, national origin or sex, and shall take affirmative action to ensure that women and minority businesses shall have the maximum opportunity to compete for and perform subcontracts for supplies or services.

The Chief Procurement Officer has established a goal of awarding not less than 25% of the annual dollar value of all non-construction contracts to certified MBEs and 5% of the annual dollar value of all non-construction contracts to certified WBEs.

B. Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such remedy as the City of Chicago deems appropriate.

C. Accordingly, the contractor commits to expend at least the following percentages of the total contract price (inclusive of any and all modifications and amendments), if awarded, for contract participation by MBEs and WBEs:

MBE Contract Goal: 25
WBE Contract Goal: 5

D. The commitment is met by the contractor's status as an MBE or WBE, or by a joint venture with one or more certified MBEs or WBEs that will perform work on the project, or by subcontracting a portion of the work to one or more MBEs or WBEs, or by the purchase of materials used in the performance of the contract from one or more MBEs or WBEs, or by the indirect participation of MBEs or WBEs in other aspects of the contractor's business (but no dollar of such indirect MBE or WBE participation shall be credited more than once against a contractor's MBE or WBE commitment with respect to all contracts of such contractor), or by any combination of the foregoing.

Note: MBE/WBE participation goals are separate and those businesses certified with the City of Chicago as both an MBE and WBE shall not be credited more than once against a contractors MBE or WBE commitment in the performance of the contract.

E. As noted above, the contractor may meet all or part of this commitment by contracting with MBEs or WBEs for the provision of goods or services not directly related to the performance of this contract. However, in determining the manner of MBE/WBE participation, the contractor shall first consider involvement of MBEs/WBEs as joint venture partners, subcontractors, and suppliers of goods and services directly related to the performance of this contract. In appropriate cases, the Chief Procurement Officer will require the contractor to demonstrate the specific efforts undertaken to involve MBEs and WBEs in direct participation in the performance of this contract.

F. The contractor also may with prior approval of the Chief Procurement Officer or designee, meet all, or part, of this commitment through credits received pursuant to Section 2-92-530 of the Municipal Code of Chicago for the voluntary use of MBEs or WBEs in private sector projects.

II. **Definitions**

A. **"Minority Business Enterprise"** or **"MBE"** means a firm awarded certification as a minority owned and controlled business in accordance with City Ordinances and Regulations.

B. **"Women Business Enterprise"** or **"WBE"** means a firm awarded certification as a women owned and controlled business in accordance with City Ordinances and Regulations.

C. **"Directory"** means the Directory of Certified "Disadvantaged Business Enterprises," "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the Contract Compliance Administrator. The Directory identifies firms that have been certified as MBEs and WBEs, and includes both the date of their last certification and the area of specialty in which they have been certified. Contractors are responsible for verifying the current certification status of all proposed MBE and WBE firms.

D. **"Area of Specialty"** means the description of an MBE or WBE firms business which has been determined by the Chief Procurement Officer to be most reflective of the MBE or WBE firms claimed specialty or expertise. Each MBE/WBE letter of certification contains a description of the firm's Area of Specialty. This information is also contained in the Directory. Credit toward this contracts MBE and WBE participation goals shall be limited to the participation of firms performing within their Area of Specialty.

NOTICE: The Department of Procurement Services does not make any representation concerning the ability of any MBE/WBE to perform work within their Area of Specialty. It is the responsibility of all contractors to determine the capability and capacity of MBEs/WBEs to satisfactorily perform the work proposed.

E. **"Joint Venture"** means an association of two or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Contractors may develop joint venture agreements as an instrument to provide participation by MBEs and WBEs in contract work.

F. **"Contract Compliance Administrator"** means the officer appointed pursuant to Section 2-92-490 of the Municipal Code of Chicago.

III. Joint Ventures

Bidders may develop joint venture agreements as an instrument to provide participation by certified MBEs and WBEs in contract work. A joint venture seeking to be credited for MBE and/or WBE participation may be formed among MBE and/or WBE firms or between an MBE and/or WBE firm and a non-MBE/WBE firm.

A joint venture is eligible for MBE or WBE credit if the MBE/WBE joint venture partner(s) share in the ownership, control and management responsibilities, risks and profits of the joint venture, and are responsible for a clearly defined portion of work to be performed, in proportion with the MBE and/or WBE ownership percentage.

Notice: The City requires that, whenever a joint venture is proposed as the prime contractor, each joint venture partner must separately sign the proposal to the City, in the pages captioned, TO BE EXECUTED BY A CORPORATION; TO BE EXECUTED BY A PARTNERSHIP; and/or TO BE EXECUTED BY A SOLE PROPRIETOR, as applicable.

IV. Counting MBE/WBE Participation Toward the Contract Goals

A. The inclusion of any MBE or WBE in the contractors MBE/WBE Utilization Plan shall not conclusively establish the contractors right to full MBE/WBE credit for that firms participation in the contract. Once an MBE or WBE is determined to be eligible in accordance with these rules, the total dollar value of the work awarded to the MBE or WBE may be counted toward the MBE or WBE goal except as indicated below:

B. The Chief Procurement Officer reserves the right to deny or limit MBE/WBE credit to the contractor where any MBE or WBE is found to be engaged in substantial subcontracting or pass-through activities with others. A

contractor may count toward its MBE and WBE goals only expenditures to firms that perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a clearly defined and distinct element of work and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Chief Procurement Officer shall evaluate the amount of work subcontracted, industry practices, and other relevant factors. The amount of MBE/WBE participation credit shall be based upon an analysis by the Chief Procurement Officer of the specific duties that will be performed by the MBE or WBE. Each MBE/WBE shall be expected to actually perform a substantial (i.e., more than eighty-five percent (85%)) portion of the work contemplated for it by any subcontract or agreement through the use of its own employees and equipment.

Requested information may include, without limitation: (1) specific information concerning brokers fees and/or commissions; (2) intended sub-suppliers or other sources of goods and/or services; and (3) specific financial or other risks to be assumed by the MBE/WBE.

C. MBEs and WBEs who have been certified as "brokers" shall no longer be considered eligible to participate for any consideration of MBE or WBE credit on contracts awarded by the City in 1993 and thereafter, until further notice.

D. A joint venture may count toward its MBE or WBE goal the dollar value of the actual work performed by the MBE and/or WBE joint venture partner with its own resources.

The Chief Procurement Officer reserves the right to disallow goal credit for all, or any portion, of work performed by an MBE or WBE joint venturer based on evaluations of non-compliance with these Special Conditions or any other City, State and/or Federal regulation.

V. Regulations Governing Reduction or Waiver of MBE/WBE Goals

The following Regulations set forth the standards to be used in determining whether or not a reduction or waiver of the MBE/WBE commitment goals of a particular contract is appropriate. If a bidder or proposer determines that it is unable to meet the MBE and/or WBE goal percentage on a City of Chicago contract, a written request for the reduction or waiver of the commitment must be included in the bid or proposal.

The written request for reduction or waiver from the commitment must be in the form of a signed petition for grant of relief from the MBE/WBE percentages submitted on the bidder/proposers letterhead, and must demonstrate that all required efforts as set forth in this document were taken to secure eligible Minority and Women Business Enterprises to meet the commitments. The Chief Procurement Officer or designee shall determine whether the request for the reduction or waiver will be granted.

Bidders/proposers will be considered responsive to the terms and conditions of these Regulations if a waiver request and proof of notification to an assist agency is submitted at the time of bid/proposal opening. Once the bids have been opened, the lowest responsive and responsible bidder so deemed by the Chief Procurement Officer or authorized designee will have no more than fourteen (14) calendar days to submit to the Department of Procurement complete documentation that adequately addresses the conditions for waiver described herein. **Proposers responding to Request for Proposals (RFPs) who have been identified as a short listed candidate and/or a prospective awardee will be given a designated time allowance, but no more than fourteen (14) calendar days to submit to the Department of Procurement Services complete documentation that adequately addresses the conditions for waiver described herein. Respondents to Request for Information and or Qualifications (RFI/RFQs) deemed by the Chief Procurement Officer or authorized designee to be the most responsive and responsible shall submit documentation that adequately addresses the conditions for waiver described herein during negotiations.** Failure to submit documentation sufficient to support the waiver request will cause the bid/proposal to be found non-responsive by the Chief Procurement Officer, and the bid/proposal will be rejected. In such cases the remedies to be taken by the Chief Procurement Officer, in his discretion, may include, but are not limited to, forfeiture of bid deposit; negotiating with the next lowest bidder/proposer; or re-advertising the bid/proposal. All bidders/proposers are encouraged to submit all required documents at the time of bid opening to expedite the contract award.

A. Direct/Indirect Participation

Each of the following elements must be present in order to determine whether or not such a reduction or waiver is appropriate.

1. The bidder/proposer has documented the unsuccessful solicitation for either subcontractors or joint venture partners of at least 50% (or at least five when there are more than eleven certified firms in the commodity area) of the appropriate certified MBE/WBE firms to perform any direct or indirect work identified or related to the advertised bid/proposal. Direct participation involves subcontracting a portion of the goods/services specifically required in the bid/proposal. Indirect participation is the subcontracting of goods/services not specifically related to the performance of this contract. Documentation must include but is not necessarily limited to:

   a. A detailed statement of efforts to identify and select portions of work identified in the bid solicitation for subcontracting to certified MBE/WBE firms;

   b. A listing of all MBE/WBE firms contacted that includes:

      (1) Names, address and telephone numbers of MBE/WBE firms solicited;
      (2) Date and time of contact;
      (3) Method of contact (written, telephone, facsimile, etc.)

   c. Copies of letters or any other evidence of mailing that substantiates outreach to MBE/WBE vendors that includes:

      (1) Project identification and location;
      (2) Classification/commodity of work items for which quotations were sought;
      (3) Date, item and location for acceptance of subcontractor bid proposals;
      (4) Detailed statement which summarizes direct negotiations with appropriate MBE/WBE firms for specific portion of the work and indicates why negotiations were unsuccessful;
      (5) Affirmation that good faith efforts have been demonstrated by choosing subcontracting opportunities likely to achieve MBE/WBE goals by not imposing any limiting conditions which were not mandatory for all subcontractors; or denying the benefits ordinarily conferred on MBE/WBE subcontractors for the type of work that was solicited.

OR

2. Subcontractor participation will be deemed excessively costly when the MBE/WBE subcontractor proposal exceeds the average price quoted by more than twenty percent (20%). In order to establish that a subcontracts quote is excessively costly, the bidder/proposer must provide the following information:

   a. A detailed statement of the work identified for MBE/WBE participation for which the bidder/proposer asserts the MBE/WBE quote(s) were excessively costly (in excess of 20% higher).

      (1) A listing of all potential subcontractors contacted for a quotation on that work item;
      (2) Prices quoted for the subcontract in question by all such potential subcontractors for that work item.

   b. Other documentation which demonstrates to the satisfaction of the Chief Procurement Officer that the MBE/WBE proposals are excessively costly, even though not in excess of 20% higher than the average price quoted. This determination will be based on factors that include, but are not limited to the following:

(1) The Citys estimate for the work under a specific subcontract;
(2) The bidder/proposers own estimate for the work under the subcontract;
(3) An average of the bona fide prices quoted for the subcontract;
(4) Demonstrated increase in other contract costs as a result of subcontracting to the M/WBE or other firm.

B. Assist Agency Participation

Every waiver and/or reduction request must include evidence that the bidder/proposer has provided timely notice of the need for subcontractors to an appropriate association/assist agency representative of the MBE/WBE business community.

The notice requirement of this Section will be satisfied if a bidder/proposer contacts at least one of the associations on Attachment A when the prime contractor seeks a waiver or reduction in the utilization goals. Attachment B provides the letter format that a prime contractor may use. Proof of notification prior to bid submittal (e.g. certified mail receipt or facsimile transmittal receipt) will be required for any bid/proposal submitted to be deemed responsive on the date of bid opening. If deemed appropriate, the Chief Procurement Officer or Contract Compliance Officer may contact the assist agency for verification of notification.

C. Impracticability

1. If the Chief Procurement Officer determines that a lesser MBE and/or WBE percentage standard is appropriate with respect to a particular contract subject to competitive bidding prior to the bid solicitations for such contract, bid specifications shall include a statement of such revised standard.

2. The requirements set forth in these Regulations shall not apply where the Chief Procurement Officer determines prior to the bid solicitations that MBE/WBE subcontractor participation is impracticable.

This may occur whenever the Chief Procurement Officer determines that for reasons of time, need, industry practices or standards not previously known by the Procurement Department administrator, or such other extreme circumstances as may be deemed appropriate, such a Waiver is in the best interests of the City. This determination may be made in connection with a particular contract, whether before the contract is let for bid, during the bid or award process, before or during negotiation of the contract, or during the performance of the contract.

For all notifications required to be made by bidders/proposers, in situations where the Chief Procurement Officer has determined that time is of the essence, documented telephone contact may be substituted for letter contact.

VI. Procedure To Determine Bid Compliance

The following Schedules and described documents constitute the bidders MBE/WBE proposal, and must be submitted in accordance with the guidelines stated:

A. Schedule C-1: Letter of Intent from MBE/WBE to Perform as Subcontractor, Supplier and/or Consultant.
A Schedule C-1 executed by the MBE/WBE (subcontractor or Joint Venture partner) must be submitted by the bidder/proposer for each MBE/WBE included on their Schedule D-1 and must accurately detail the work to be performed by the MBE/WBE and the agreed rates and prices to be paid.

If any fully completed and executed Schedule C-1 is not submitted with the bid/proposal, it must be received by the Contract Administrator within ten (10) days of the bid/proposal opening. (All post bid/proposal submissions must have original signatures on all documents). Failure to submit a completed Schedule C-1 in accordance with this section shall entitle the City to deem the bid/proposal non-responsive and therefore reject the bid/proposal.

B. Letters of Certification.

A copy of each proposed MBE/WBE firms current Letter of Certification from the City of Chicago must be submitted with the bid/proposal.

All Letters of Certification issued by the City of Chicago include a statement of the MBE/WBE firms Area of Specialty. The MBE/WBE firms scope of work, as detailed by their Schedule C-1, must conform to their stated Area of Specialty.

C. Joint Venture Agreements.

If the bidders/proposers MBE/WBE proposal includes the participation of an MBE/WBE as joint venture on any tier (either as the bidder/proposer or as a subcontractor), the bidder/proposer must provide a copy of the joint venture agreement.

D. Schedule D-1: Affidavit of MBE/WBE Goal Implementation Plan

Bidders must submit, together with the bid, a completed Schedule D-1 committing them to the utilization of each listed MBE/WBE firm.

Except in cases where the bidder/proposer has submitted a request for a complete waiver of or variance from the MBE/WBE commitment in accordance with Section V. herein, the bidder/proposer must commit to the expenditure of a specific dollar amount of participation and a specific percentage of the total award amount for each MBE/WBE firm included on their Schedule D-1. The total dollar commitment to proposed MBEs must at least equal the MBE goal, and the total dollar commitment to proposed WBEs must at least equal the WBE goal. Bidders are responsible for calculating the dollar equivalent of the MBE and WBE goals as percentages of their total base bids or in the case of Term Agreements, as percentages of the total estimated usage.

All commitments made by the bidders Schedule D-1 must conform to those presented in the submitted Schedule C-1. If Schedule C-1 is submitted after the bid opening (see Section VI. A., above), the bidder/proposer may submit a revised Schedule D-1 (executed and notarized) to conform with the Schedule C-1. Except in cases where substantial and documented justification is provided, bidders/proposers will not be allowed to reduce the dollar commitment made to any MBE or WBE in order to achieve conformity between the Schedules C-1 and D-1.

VII. Reporting Requirements During The Term of The Contract

A. The Contractor shall, not later than thirty (30) days from the award of a contract by the City, execute formal contracts or purchase orders with the MBEs and WBEs included in their approved MBE/WBE Utilization Plan. These written agreements shall be made available to the Chief Procurement Officer upon request.

B. In the case of one time procurements of supplies with either single or multiple deliveries to be performed in less than one year from the date of contract award, an "MBE/WBE Utilization Report," indicating final MBE and WBE payments shall be submitted directly to the Department of Procurement Services so as to assure receipt either at the same time, or before the using Department receives the contractors final invoice. Final payments may be held until the Utilization Reports have been received.
NOTICE: Do not submit invoices with "MBE/WBE Utilization Reports."

C. During the term of all other contracts, the contractor shall submit regular "MBE/WBE Utilization Reports," a copy of which is attached. The frequency with which these reports are to be submitted will be determined by the Chief Procurement Officer, but in no case will reports be required less often than on a quarterly basis. In the absence of written notice from the Chief Procurement Officer, the contractors first "MBE/WBE Utilization Report" will be due ninety (90) days after the date of contract award, and reports will be due quarterly thereafter.

D. "MBE/WBE Utilization Reports" are to be submitted directly to: Department of Procurement Services, Office of Vendor Relations, City Hall, Room 403, 121 N. LaSalle Street, Chicago, Illinois 60602.

E. The Contract Compliance Administrator shall be entitled to examine, on five (5) business days notice, the contractors books and records including without limitation payroll records, tax returns and records, and books of account, to determine whether the contractor is in compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the contract. Such rights are in addition to any other audit inspection rights contained in the contract.

VIII. **MBE/WBE Substitutions**

Changes by the contractor of the commitments earlier certified in the Schedule D-1 are prohibited. In some cases, however, it may become necessary to substitute a new MBE or WBE in order to actually fulfill the MBE/WBE requirements.

The contractor must notify the Chief Procurement Officer immediately in writing of the necessity to reduce or terminate an MBE/WBE subcontract and to utilize a substitute firm for some phase of work. The contractors notification should include the reason for the substitution request, as well as, the name, address and principal official of the substitute MBE/WBE and the dollar value and scope of work of the subcontract. Attached should be all the requisite MBE/WBE affidavits and documents, as enumerated above in Section VI. above, "Procedure to Determine Bid Compliance."

The City will not approve extra payment for escalated costs incurred by the contractor when a substitution of subcontractors becomes necessary for the contractor in order to comply with MBE/WBE contract requirements.

After award of contract, no relief of the MBE/WBE requirements will be granted by the City except in exceptional circumstances. Requests for complete or partial waiver of the MBE/WBE requirements of this contract must be made in writing, stating all details of the request, the circumstances, and any additional relevant information. The request must be accompanied by a record of all efforts taken by the contractor to locate specific firms, solicit MBE/WBE bids, seek assistance from technical assistance agencies, etc., as outlined above in the section V. above, entitled "Regulations Governing Reductions To or Waiver of MBE/WBE Goals".

IX. **Non-Compliance and Damages**

The following constitutes a material breach of this contract and shall entitle the City to declare a default, terminate the contract and exercise those remedies provided for in the contract, at law or in equity:

(1) failure to satisfy the MBE/WBE percentages required by the contract; and

(2) the contractor or subcontractor is disqualified as an MBE or WBE, and such status was a factor in contract award, and was misrepresented by the contractor.

In the event that the contractor is determined not to have been involved in any misrepresentation of the status of the disqualified subcontractor or supplier, the contractor shall seek to discharge the disqualified subcontractor or supplier, upon proper notification to the Chief Procurement Officer and/or Contract Compliance Administrator and make every effort to identify and engage a qualified MBE or WBE as its replacement. Furthermore, continued eligibility to enter into future contracting arrangements with the City may be jeopardized as a result of non-compliance. Payments due to the contractor may be withheld until corrective action is taken.

X. **Arbitration**

A. In the event that a contractor has not complied with the contractual MBE/WBE percentages in its Schedule D, underutilization of MBEs/WBEs shall entitle the affected MBE/WBE to recover from the contractor damages suffered by such entity as a result of being underutilized; provided, however, that this provision shall not apply to the extent such underutilization occurs pursuant to a waiver or substitution approved by the City. The Ordinance and contracts subject thereto provide that any disputes between the contractor and such affected MBEs/WBEs regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorneys fees, being recoverable by a prevailing MBE/WBE in accordance with these regulations. This provision is intended for the benefit of any MBE/WBE affected by underutilization and grants such entity specific third party beneficiary rights. Any rights conferred by this regulation are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a contractor and an MBE/WBE.

B. An MBE/WBE desiring to arbitrate shall contact the contractor in writing to initiate the arbitrative process. Except as otherwise agreed to in writing by the affected parties subject to the limitation contained in the last sentence of the previous paragraph, Section X. A. above, within ten (10) days of the contractor receiving notification of the intent to arbitrate from the MBE/WBE the above-described disputes shall be arbitrated in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("AAA"), a not-for-profit agency, with an office at 225 North Michigan Avenue, Suite 2527, Chicago, Illinois 60601-7601 [Phone: (312) 616-6560; Fax: (312) 819-0404]. All such arbitrations shall be initiated by the MBE/WBE filing a demand for arbitration with the AAA; shall be conducted by the AAA; and held in Chicago, Illinois.

C. All fees of the arbitrator are the initial responsibility of the MBE/WBE; provided, however, that the arbitrator is authorized to award reasonable expenses, including attorneys and arbitrator fees, as damages to a prevailing MBE/WBE.

D. The MBE/WBE must send the City a copy of the "Demand for Arbitration" within ten (10) days after it is filed with the AAA. The MBE/WBE also must send the City a copy of the decision of the arbitrator within ten (10) days of receiving such decision. Judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

XI. **Record Keeping**

The Contractor shall maintain records of all relevant data with respect to the utilization of MBEs/WBEs, retaining these records for a period of at least three years after final acceptance of the work. Full access to these records shall be granted to the City of Chicago, Federal or State authorities in this project, the U.S. Department of Justice, or any duly authorized representatives thereof.

City Of Chicago Inventory Policies And Procedures.

This policy relates to all City Departments that have inventory that is reflected in the City's Comprehensive Annual Financial Report. All inventory locations are required to have these policies and procedures in place to ensure proper inventory management. These policies and procedures will include:

A. Organization of inventory facilities

B. Inventory records and valuation

C. Cycle counts and reconciliation to inventory records

D. Inventory cut-off

E. Year end inventory

F. Year end compilations and reconciliation to financial records

G. Discontinued goods and obsolescence

H. Supplies

City departments affected by these policies and procedures include, but not limited to:

1. Finance (27)

2. General Services (38)

3. Fleet Management (40)

4. Health (41)

5. Police (57)

6. Streets and Sanitation (81)

7. Transportation (84)

8. Water Management (88)

All inventory policies and procedures will be coordinated by the Office of the City Comptroller and subject to the review by the City's Office of Compliance -- Internal Audit.

Purpose.

The purpose of this policy is to establish a uniform system for inventory cycle counts, inventory cut-offs, valuation of inventory, reconciliation of inventory to the City's books and records, and the accounting for obsolete inventory and discontinued goods. This policy does not address the procedures to be performed relating to the ordering of inventory, receipting the inventory order, and releasing the inventory to the field for its intended use. Policies and procedures are departmental specific and based on the systems used by that department.

Definitions.

-- Inventory -- assets held by the City that are intended to be used in the course of the City's operations.

-- Supplies -- items that are consumable. Generally, these items would be commodities with a shorter life while in use than items that would remain in inventory after issuance or assignment for use. Examples include copy paper, print cartridges, forms, cleaning materials, et cetera.

-- Cycle Counts -- partial physical counts of inventory performed according to a schedule that is reasonable and appropriate for the inventory type. Part of the inventory should be counted on a periodic basis so that each item is counted multiple times per year.

-- FIFO (first-in, first-out) -- is an inventory cost method whereby the first goods purchased are assumed to be the first goods sold so that the ending inventory consists of the most recently purchased goods.

-- Weighted Average -- is an inventory cost method whereby different costs associated with inventory items due to the time the inventory was purchased affects the value of the inventory valuation. For example:

10 items purchased at $1.00 each
12 items purchased at $1.10 each
5 items purchased at $1.05 each
27 items valued at $1.0537 each

-- Discontinued Goods -- items that are no longer a current commodity but could still have some useful purpose. These items could be used to repair an older vehicle, machine, or pipeline.

-- Obsolete Inventory -- inventory items whose effective use periods have expired, have no useful life due to replacement by similar inventory items with enhanced capabilities and efficiencies, or are no longer usable for their intended purpose through contamination. Also includes inventory items that have not been used in over two (2) years and currently are no longer used within the City.

City's Inventory Accounting Policy.

The significant accounting policy included in the notes to the financial statements states that: Inventory includes governmentwide inventories which are stated at cost determined principally, using the average cost method. For proprietary funds, the cost of inventories is recorded as capital assets when used (consumption method).

Governmental fund inventories are accounted using the purchase method and are offset by a reservation of fund balance to indicate that they do not represent expendable available financial resources.

A. Organization Of Inventory Facilities.

Each department is responsible for maintaining a well organized and clean facility to ensure that inventory is accessible by authorized personnel, properly secured, and easy to count when performing an inventory cycle count. All inventories must be labeled and stored in its allocated space. At a minimum each inventory facility should:

-- Maintain each type of inventory item in one location which is appropriately labeled to prevent the need to visit several areas of the facility to count an inventory item.

-- Be secured to only allow authorized personnel in the facility. A list of authorized personnel should be maintained for each facility and updated on an annual basis or sooner, if needed.

-- Be clean and organized with all inventory items located in the proper area.

B. Inventory Records And Valuation.

Each department should maintain a detailed Inventory Ledger that includes all inventory items stored at the facility including the number of each inventory item, the location, the weighted average cost for each inventory item, and the total value (the number of inventory items multiplied by the average cost of the inventory item). The Inventory Ledger should be updated for inventory received from vendors and inventory used by the City on a daily basis. The source of the updates to the Inventory Ledger should be the shipping invoices from the vendors and the inventory request sheets provided by the City employee requesting the inventory.

If the weighted average inventory valuation method is not feasible, then the department can apply the FIFO method.

C. Cycle Counts And Reconciliation To Inventory Records.

Each department will determine the frequency of cycle counts (i.e. daily, weekly, or monthly) and the number of inventory items to be counted based an internal risk assessment which will include an analysis of the type of inventory and past inventory experience. For inventory that turns over more frequently, is higher in value, and is more accessible to shrinkage/theft, the frequency of the cycle counts and the number of inventory items to be counted should be greater. Inventory cycle counts should be performed at least monthly.

The procedures to be followed should include the following:

1. Prepare the annual schedule for performing cycle counts prior to the beginning of the calendar year taking into consideration the risk assessment noted above. The final cycle count of the year should be scheduled within one (1) week of December 31, 20xx (See Section E below).

2. For each inventory cycle count select a sample of items (i.e. 30 items) from the Inventory Ledger and count the number of items located at the inventory facility. All exceptions should be researched and resolved with appropriate adjustments made to the inventory records, if necessary.

3. For each inventory cycle count select a sample of items (i.e. 30 items) from the inventory facility and count the number of items and compare to the Inventory Ledger. All exceptions should be researched and resolved with appropriate adjustments made to the inventory records, if necessary.

4. Document inventory cycle counts on a Cycle Count Inventory Schedule to be maintained as documentation that the inventory cycle counts were performed and as documentation for any inventory adjustments. In addition, the Cycle Count Inventory Schedule should be maintained so it can be verified at a later date.

5. Should significant exceptions exist consider expanding the number of test items in the cycle count.

6. Report to the Office of the City Comptroller monthly any material inconsistencies and resolutions of the inventory cycle counts. In addition, provide copies of the reconciled inventory cycle counts to the Office of the City Comptroller on a quarterly basis within five (5) business days of the end of the quarter.

D. Inventory Cut-Off.

The following cut-off procedures should be followed when performing inventory cycle counts:

-- If there are inventory items delivered during the performance of the cycle count, they should not be placed at the appropriate inventory location until the cycle counts are

completed and any differences have been identified and agreed to by the inventory counter and the facility manager.

-- If there are inventory items that need to be transferred due to emergency needs during the inventory cycle counts, they should be documented on an Inventory Reconciliation Sheet to be used when reconciling the cycle counts to the inventory records. The Inventory Reconciliation Sheet should include the name of the inventory item, the number of inventory items removed from the facility, and the reason for the removal of the inventory.

E. Year End Inventory.

The final inventory cycle count of the year should be an expanded cycle count scheduled within one (1) week of December 31, 20xx. All items with significant value must be included in the year-end cycle count. A complete inventory count is recommended. Any cycle counts taken outside of the one (1) week window should be approved by the Office of the City Comptroller. The external auditors and the Office of Compliance -- Internal Audit should be informed of the year end cycle counts at least one (1) month before they occur to allow them the opportunity to observe the inventory if they so desire.

F. Year-End Compilation And Reconciliation To Financial Records.

The results of the inventory cycle counts should be reconciled to the financial records at year end or more frequently if the cycle counts generate significant differences between the inventory records and the test counts. When reconciling inventory records to the financial records the following procedures should be followed:

1. Obtain the Inventory Ledger, discussed in Inventory Records and Valuation above, as of the date of the inventory cycle count (within one (1) week of year end).

2. Obtain copies of the vendor invoices relating to the inventory delivered to the facility from the date of the inventory cycle count to year end.

3. Obtain copies of the inventory request sheets documenting the inventory used or taken by City employees from the date of the inventory cycle count to year end.

4. Update the inventory ledger for the new inventory received from step 2 above and the inventory used from step 3 above including the number of units, the cost, and the extended value.

5. Provide the final year-end Inventory Ledger to the Office of the City Comptroller reconciling all significant differences.

G. Discontinued Goods And Obsolescence.

Each department should review the inventory on an annual basis to determine whether there are any discontinued goods or obsolete inventory. All discontinued goods and obsolete inventories should be summarized on an Inventory Obsolescence Report identifying the inventory item, inventory cost, and the number of items held by the City and excluded from the year end inventory. The Inventory Obsolescence Report should be submitted to the Office of the City Comptroller for review and approval. The Office of the City Comptroller will record the appropriate adjustment to write-off the inventory that is obsolete or discontinued.

Each department should be careful to maintain inventory items that are no longer manufactured or available to be purchased which are necessary to repair and replace certain infrastructure items.

H. Supplies.

Departments with significant amounts of supplies should follow these inventory procedures to ensure proper safeguarding and prevention of shrinkage, slippage, and theft. When performing cycle counts, separate items that are considered supplies from the inventory and do not include the supplies in the inventory count. In addition, do not provide the final year end Supplies Ledger to the Office of the City Comptroller.

The covenants provided

in Section 12, Section 15 and Section 16 shall terminate upon the issuance of the Certificate of Completion. The covenant contained in Section 14.1 shall terminate as of the date the Redevelopment Plan expires. The covenants in Section 14.2 shall terminate no earlier than ten (10) years from the date of issuance of the Certificate of Completion. C. Breach.

1. Generally.

Subject to Section 19.B, if the Developer defaults in performing its obligations under this Agreement and the City shall deliver written notice of such default, the Developer shall have a sixty (60) day cure period to remedy such default from the City's delivery of such notice. If the default is not capable of being cured within the sixty (60) day period, then provided the Developer has commenced to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, and thereafter diligently prosecutes such cure through to completion, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the City may institute such proceedings at law or in equity as may be necessary or desirable to cure and remedy the default, including but not limited to, proceedings to compel specific performance.

No notice or cure period shall apply to a failure to close the respective dates as set forth in Section 4 herein. Unless the failure to close is due to circumstances described in Section 19.B. above or caused by a breach by the City under the terms of this Agreement, such failure shall constitute an immediate "Event of Default". Failure to close by such Closing Date shall entitle the City to terminate this Agreement.

2. Event Of Default.

The occurrence of anyone or more of the following shall constitute an "Event of Default" after written notice, from the City (if required) and the applicable cure or grace period (if any):

a. the Developer fails to perform any obligation of Developer under this Agreement; which default is not cured pursuant to Section 19.C.1; or

b. the Developer makes or furnishes a warranty, representation, statement or certification to the City (whether in this Agreement, an Economic Disclosure Form, or another document) which is not true and correct, which default is not cured pursuant to Section 19.C.1; or

c. a petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing; or

d. except as excused by Section 19.B above, the Developer abandons or substantially suspends the construction work (no notice or cure period shall apply); or

e. the Developer fails to timely pay real estate taxes or assessments affecting the Property or suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this Agreement to attach to the Property, which default is not cured pursuant to Section 19.C.1; or

f. the Developer makes an assignment, pledge, unpermitted financing, encumbrance, transfer or other disposition in violation of this Agreement (no notice or cure period shall apply); or

g. the Developer's financial condition, operations adversely changes to such an extent that would materially affect the Developer's ability to complete the Project which default is not cured pursuant to Section 19.C.1; or

h. the Developer fails to comply with the terms of any other written agreement entered into with the City with respect to the Project, which default is not cured pursuant to Section 19.C.1; and

i. failure to close by the respective dates as set forth in Section 4 herein (no notice shall apply), except as excused by Section 19.B. above.

3. Prior To Conveyance.

Prior to Closing, if an Event of Default occurs and is continuing, the City may terminate this Agreement.

4. After Conveyance.

After Closing, if an Event of Default occurs and is continuing, beyond the applicable cure period under Section 19.C.1, if any, the City, may exercise any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the Property, terminate the estate conveyed to the Developer, and revest title to the Property in the City; provided, however, that the revesting of title in the City shall be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by this Agreement. Notwithstanding the foregoing, after the issuance of a Certificate, the City's right of reverter shall no longer be enforceable but the City shall be entitled to all other remedies, including, without limitation, specific enforcement of the covenants that run with the land.

5. Resale Of The Property.

Upon the revesting in the City of title to the Property as provided in Section 19.C.4 the City shall employ its best efforts to convey the Property (subject to any first mortgage lien permitted under this Section) to a qualified and financially responsible party (as solely determined by the City) who shall assume the obligation of completing the construction of the Project or such other improvements as shall be satisfactory to the City and complying with the covenants that run with the land, as specified in Section 18.

6. Disposition Of Resale Proceeds.

If the City sells the Property, the net proceeds from the sale shall be utilized to reimburse the City for:

a. unreimbursed costs and expenses incurred by the City in connection with the Property, including but not limited to, salaries of personnel in connection with the recapture, management and resale of the Property; and

b. all unpaid taxes, assessments, and water and sewer charges assessed against the Property; and

c. any payments made (including reasonable attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and

d. any expenditures made or obligations incurred with respect to construction or maintenance of the Project; and

e. the fair market value of the land comprising the Property (without any Project or partially constructed Project thereon) as of such sale; and

f. any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any remaining proceeds up to the amount of the Developer's equity investment in the Property.

D. Waiver And Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by the Developer shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of the Developer.

Section 20.

Conflict Of Interest; City's And Developer's Representatives Not Individually Liable.

The Developer warrants that no agent, official, or employee of the City shall have any personal interest, direct or indirect, in this Agreement or the Property, nor shall any such agent, official or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any entity or association in which he or she is directly or indirectly interested. No agent, official, or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this Agreement. It is expressly understood and agreed to by and between the parties hereto, anything herein to the contrary notwithstanding, that no individual member of the Developer, its officers, members of its board of directors, officials, agents, representatives or employees shall be personally liable for any of the Developer's obligations or any undertaking or covenant of the Developer contained in this Agreement.

Section 21.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (i) an Event of Default that has occurred; (ii) the failure of the Developer or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Project; (iii) the failure of the Developer

to redress any misrepresentations or omissions in this Agreement or any other agreement relating hereto; and (iv) any actions, including but not limited to, conducting environmental tests on the Property as set forth in Section 22 herein, resulting from any activity undertaken by the Developer on the Property prior to or after the conveyance of said Property to the Developer by the City. This indemnification shall survive any termination of this Agreement.

Section 22.

Environmental Matters.

The City makes no covenant, representation or warranty as to the environmental condition of the Property or the suitability of the Property for any purpose whatsoever, and the Developer agrees to accept the Property "as is".

It shall be the responsibility of the Developer, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property. Prior to the Closing, the Developer shall have the right to request a thirty (30) day right of entry for the purpose of conducting environmental tests on the Property. If such a request is made, the City shall grant the Developer a right of entry for such purpose. The granting of the right of entry, however, shall be contingent upon the Developer obtaining all necessary permits and the following types and amounts of insurance: a) commercial general liability insurance with a combined single limit of not less than Two Million and no/100 Dollars ($2,000,000.00) per occurrence for bodily injury, personal injury and property damage liability with the City named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the environmental testing on the Property; b) automobile liability insurance with limits of not less than Two Million and no/100 Dollars ($2,000,000.00) per occurrence, combined single limit for bodily injury and property damage; and c) worker's compensation and occupational disease insurance in statutory amounts covering all employees and agents who are to do any work on the Property. All insurance policies shall be from insurance companies authorized to do business in the State of Illinois, and shall remain in effect until completion of all activity on the Property. The City shall be named as an additional insured on all policies. The Developer shall deliver duplicate policies or certificates of insurance to the City prior to commencing any activity on the Property. The Developer expressly understands and agrees that any coverage and limits furnished by the Developer shall in no way limit the Developer's liabilities and responsibilities set forth in this Agreement.

The Developer agrees to carefully inspect the Property prior to the commencement of any activity on the Property to make sure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Developer shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect any work being done on the Property. The Developer's activities on the Property shall be limited to those reasonably necessary to perform the environmental testing. Upon completion of the work, the Developer agrees to restore the Property to its original condition.

The Developer shall keep the Property free from any and all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Developer, and agrees to indemnify and hold the City harmless against any such liens.

The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the Property. If prior to the Closing, the Developer's environmental consultant determines that contamination exists on the Property to such an extent that the parties agree that the estimated cost of remediation (such estimated cost being determined by the consultant) is too excessive for the Developer, the Developer may declare this Agreement null and void by giving written notice thereof to the City. The Developer agrees that a request to terminate this Agreement shall not be made until the City has reviewed all reports concerning the condition of the Property.

If after the Closing, the environmental condition of the Property is not in all respects entirely suitable for the use to which the Property is to be utilized, it shall be the sole responsibility and obligation of the Developer to take such action as is necessary to put the Property in a condition which is suitable for the intended use of the Property. The Developer agrees to waive, release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the Property (including, without limitation, claims arising under C.E.R.C.L.A.) and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the Property prior to the Closing.

Section 23.

Developer's Employment Obligations.

A. Employment Opportunity. The Developer agrees, and shall contractually obligate its various contractors, subcontractors and any affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree that with respect to the provision of services in connection with the construction of the Project on the Property, but not including construction on the Developer Property, or occupation of the Property during the construction period:

(i) Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010, et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated

in a non-discriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(ii) To the greatest extent feasible, the Developer and each Employer shall present opportunities for training and employment of low- and moderate-income residents of the City, and provide that contracts for work in connection with the construction of the Project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the City.

(iii) The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, without limitation, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(iv) The Developer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(v) The Developer and each Employer shall include the foregoing provisions of subparagraphs (i) through (iv) in every contract entered into in connection with the construction of the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.

(vi) Failure to comply with the employment obligations described in this Section 23 shall be a basis for the City to pursue remedies under the provisions of Section 19.

B. City Resident Employment Requirement. The Developer agrees, and shall contractually obligate each Employer to agree, that during the construction of the Project, it and they shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 2-92-330 of the Municipal Code of Chicago (at least fifty percent (50%) of the total worker hours worked by persons on the construction of

the Project shall be performed by actual residents of the City of Chicago); provided, however, that in addition to complying with this percentage, the Developer and each Employer shall be required to make good faith efforts to utilize qualified residents of the City of Chicago in both unskilled and skilled labor positions.

The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City of Chicago.

"Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Project. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (United States Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of the City of Chicago Department of Housing ("D.O.H.") in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the company hired the employee should be written in after the employee's name.

The Developer and the Employers shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of D.O.H., the Superintendent of the Chicago Police Department, the Inspector General, or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years from and after the issuance of the Certificate of Completion.

At the direction of D.O.H., the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

If the City determines that the Developer or an Employer failed to ensure the fulfillment of the requirements of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be

damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. If such noncompliance is not remedied in accordance with the breach and cure provisions of Section 19.C, the parties agree that one twentieth of one percent (.05%) of the aggregate hard construction costs set forth in the Budget shall be surrendered by the Developer and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employees to prosecution.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this Agreement.

The Developer shall cause or require the provisions of this Section 23.B to be included in all construction contracts and subcontracts related to the construction of the Project.

C. Developer's M.B.E./W.B.E. Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the general contractor to agree that during the construction of the Project:

(i) Consistent with the findings which support, as applicable, (a) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420, et seq., Municipal Code of Chicago (the "Procurement Program"), and (b) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650, et seq., Municipal Code of Chicago (the "Construction Program", and collectively with the Procurement Program, the "M.B.E./W.B.E. Program"), and in reliance upon the provisions of the M.B.E./W.B.E.. Program to the extent contained in, and as qualified by, the provisions of this Section 23.C, during the course of the Project, the following percentages of the M.B.E./W.B.E. Budget (as set forth in (Sub)Exhibit D hereto shall be expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned businesses ("W.B.E.s"): (1) at least twenty-four percent (24%) by M.B.E.s; and (2) at least four percent (4%) by W.B.E.s.

(ii) For purposes of this Section 23.C only:

(a) The Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(b) The term "minority-owned business" or "M.B.E." shall mean a business identified in the *Directory of Certified Minority Business Enterprises* published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) The term "women-owned business" or "W.B.E." shall mean a business identified in the *Directory of Certified Women Business Enterprises* published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved in part by the Developer's status as an M.B.E. or W.B.E. (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more M.B.E.s or W.B.E.s (but only to the extent of the lesser of (a) the M.B.E. or W.B.E. participation in such joint venture, or (b) the amount of any actual work performed on the Project by the M.B.E. or W.B.E.); by the Developer utilizing a M.B.E. or a W.B.E. as the general contractor (but only to the extent of any actual work performed on the Project by the general contractor); by subcontracting or causing the general contractor to subcontract a portion of the construction of the Project to one or more M.B.E.s or W.B.E.s; by the purchase of materials or services used in the construction of the Project from one or more M.B.E.s or W.B.E.s; or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 23.C. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any M.B.E. or W.B.E. general contractor or subcontractor without the prior written approval of D.C.D.

(iv) The Developer shall deliver quarterly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or the general contractor to work on the Project, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist

the City's monitoring staff in determining the Developer's compliance with this M.B.E./W.B.E. commitment. The Developer shall maintain records of all relevant data with respect to the utilization of M.B.E.s and W.B.E.s in connection with the Project for at least five (5) years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on five (5) business days notice, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of the Project.

(v) Upon the disqualification of any M.B.E. or W.B.E. general contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if possible, identify and engage a qualified M.B.E. or W.B.E. as a replacement. For purposes of this subsection (v), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(vi) Any reduction or waiver of the Developer's M.B.E./W.B.E. commitment as described in this Section 23.C. shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(vii) Prior to the commencement of the Project, the Developer shall meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this Section 23.C. The general contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 23.C the sufficiency of which shall be approved by the City's monitoring staff. During the Project, the Developer shall submit the documentation required by this Section 23.C to the City's monitoring staff, including the following: (a) M.B.E./W.B.E. utilization plan and record; (b) subcontractor's activity report; (c) contractor's certification concerning labor standards and prevailing wage requirements; (d) contractor letter of understanding; (e) monthly utilization report; (f) authorization for payroll agent; (g) certified payroll; (h) evidence that M.B.E./W.B.E. contractor associations have been informed of the Project via written notice and hearings; and (i) evidence of compliance with job creation requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 23.C., shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Project, (2) withhold any further payment of any city funds to the Developer or the general contractor, or (3) seek any other remedies against the Developer available at law or in equity.

Section 24.

(c) The Developer's execution, delivery and performance of this Agreement and all instruments and agreements contemplated hereby will not, upon the giving of notice or lapse of time, or both, result in a breach or violation of, or constitute a default under, any other agreement to which the Developer, or any party affiliated with the Developer, is a party or by which the Developer or the Property is bound.

(d) To the best of the Developer's knowledge, no action, litigation, investigation or proceeding of any kind is pending or threatened against the Developer, or any party affiliated with the Developer, and the Developer knows of no facts which could give rise to any such action, litigation, investigation or proceeding, which could: (i) affect the ability of the Developer to perform its obligations hereunder; or (ii) materially affect the operation or financial condition of the Developer.

As used in the above paragraph, an "Affiliate" shall be deemed to be a person or entity related to the Developer that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Developer, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

Section 38.
