WHEREAS, Since no Fire Department vehicles had yet arrived on the scene, Firefighter Durbin ran into the building to see what assistance he could render; and

WHEREAS, Once in the lobby, Firefighter Durbin identified himself to security and maintenance personnel, and instructed them to open the stairwell doors and to not allow anyone to use the elevators until fire crews arrived to take control of the building; and

Once he reached the lobby, Firefighter Durbin gave the victim to a Fire Department ambulance crew to be cared for; and

WHEREAS, The quick thinking and brave, decisive actions of off-duty Firefighter/Paramedic Jason Durbin went far beyond the expectations placed on a single responder to such an emergency. Re: Amending Agreement to Administrative Services Agreement (the "Agreement")

Ladies and Gentlemen:
I have acted as counsel for SomerCor 504, Inc., an Illinois not-for-profit corporation ("SomerCor"), in connection with the execution and delivery of the Agreement by and between SomerCor and the City of Chicago, acting by and through its Department of Community Development (the "City"). SomerCor has requested that this opinion be furnished to the City.

In so acting as counsel for the SomerCor, I have examined:
(i) an executed original of the Agreement;
(ii) the Articles of Incorporation, including all amendments thereto, of SomerCor as furnished and certified by the Secretary of State of the State of Illinois;
(iii) the Bylaws of SomerCor, as certified by the Secretary of SomerCor as of the date hereof; and
(iv) the Certificate of Good Standing dated $\qquad$ , issued by the Office of the Secretary of State of the State of illinois, as to the good standing of SomerCor.

In my capacity as counsel, I have also examined such other documents or instruments as I have deemed relevant for the purposes of rendering the opinions hereinafter set forth.

I have also assumed, but have no reason to question, the legal capacity, authority and the genuineness of the signatures of and due and proper execution and delivery by the respective parties other than SomerCor which has made, executed or delivered or will make, execute and deliver the agreements and documents examined by me.

I express no opinion as to (i) the laws of any state or jurisdiction other than the State of Illinois (and any political subdivisions thereof) and the United States of America; and (ii) any matters pertaining or relating to the securities laws of the United States of America, the State of Illinois or any other state.

Based upon and subject to the assumptions and qualifications herein stated, it is my opinion that:

1. SomerCor is a not-for-profit corporation, duly organized and validly existing under the laws of the State of Illinois, SomerCor has made all filings required by the laws of the State of Illinois in respect of its formation and continuing existence, and has all requisite authority to carry on its business and to execute and deliver, and to consummate the transactions contemplated by, the Agreement.
2. The Agreement has been duly executed and delivered on behalf of SomerCor, and constitutes a legal, valid and binding obligation of SomerCor, enforceable against SomerCor in accordance with its terms, except to the extent that enforcement of any such terms may be limited by: (a) applicable bankruptcy, reorganization, debt arrangement, insolvency or other similar laws generally affecting creditors' rights; or (b) judicial and public policy limitations upon the enforcement of certain remedies including those which a court of equity may in its discretion decline to enforce.
3. There is no action, suit or proceeding at law or in equity pending, nor to my knowledge threatened, against or affecting SomerCor, before any court or before any governmental or administrative agency, which if adversely determined could materially and adversely affect the ability of SomerCor to perform under the Agreement or any of its business or properties or financial or other conditions.
4. The transactions contemplated by the Agreement are governed by the laws of the State of Illinois.
5. The execution and delivery of the Agreement and the consummation of the transactions contemplated thereby will not constitute:
A. a violation or breach of (i) the Articles of Incorporation of SomerCor, (ii) the ByLaws of SomerCor, (iii) any provision of any contract or other instrument to which SomerCor is bound, or (iv) any order, writ, injunction, decree, statute, rule or regulation binding on SomerCor, or
B. a breach of any of the provisions of, or constitute a default under, or result in the creation or imposition of any lien or encumbrance upon any of the
property of SomerCor pursuant to any agreement or other instrument to which SomerCor is a party or by which SomerCor is bound.
6. No action of, or filing with, any governmental or public body is required to authorize, or is otherwise required for the validity of, the execution, delivery and performance of any of the Agreement.

This opinion is furnished for your benefit and may be relied upon by you and any such other party in connection with the Agreement, but may not be delivered to or relied upon by any other person or entity without written consent from the undersigned.

Very truly yours,

N.H.S. shall provide written notice to the City when the aggregate amount of Program Funds committed or paid hereunder, including Grants and administrative costs paid to or for the account of N.H.S. pursuant to Section 6.5, equals Two Hundred Thousand Dollars $(\$ 200,000)$ and thereafter when the amount of Program Funds committed or paid hereunder, including Grants and administrative costs paid to or for the account of N.H.S. pursuant to Section 6.5, reaches Two Hundred Fifty Thousand Dollars $(\$ 250,000)$. Program Funds are deemed committed for purposes of this Section when N.H.S. has determined the amount of Program Funds to be the subject of a Grant and sent notice of final approval of an Application pursuant to Section 4.3(e) to an Eligible Homeowner. No Grants shall be made or committed to be made by N.H.S. hereunder when such commitment would result in the aggregate amount of Grants, together with all administrative costs related to such Grants paid to N.H.S. pursuant to Section 6.5, exceeding Two Hundred Fifty Thousand Dollars $(\$ 250,000)$ (or such other amount as the City may determine from time to time). No Grants shall be made or committed to be made by N.H.S. hereunder when such commitment occurs after the date of receipt of the notice from the City described in Section 6.2 hereof regarding the termination of this Agreement.
(b) As of the date of this Agreement, the total amount of funds available hereunder for use in the Addison South T.I.F. Area is Two Hundred Fifty Thousand Dollars (\$250,000). This amount may be changed from time to time upon written notice by D.C.D. to N.H.S., provided
that the aggregate amount shall not exceed Two Hundred Fifty Thousand Dollars ( $\$ 250,000$ ) (or such other amount as the City may determine from time to time).
4.3
(a) N.H.S. shall accept and process Applications in the following manner (or as otherwise agreed to by D.C.D. and N.H.S.):
(i) N.H.S. shall make Application forms available for a period of four to six weeks;
(ii) N.H.S. shall make applications available at certain locations within the Addison South T.I.F. Area such as community centers or libraries (as agreed to by D.C.D.);
(iii) Applications shall also be available by calling N.H.S.;
(iv) The Application will be approximately three (3) pages in length, from which N.H.S. will be able to determine eligibility hereunder. N.H.S. will require homeowners to provide more information if they are selected for a matching loan hereunder;
(v) All Applications shall be returned directly to N.H.S.; the City will not accept Applications; and
(vi) All Applications must be received by a defined deadline of two weeks after the expiration of the period in (i) above.
(b) N.H.S. shall review all Applications for eligibility, completeness and compliance with the Agreement. N.H.S. shall verify the initial eligibility of each applicant within five days after its receipt in the manner described in subsection (c) below. Only those Applications which meet such criteria will be part of the Lottery. Applications so approved are to be numbered as they are received until the expiration of the period in (a)(vi) above. All such applicants shall be notified of the Lottery date and location by mail at least one week prior to holding the Lottery. The Lottery shall be conducted in a public place. At the lottery meeting, random numbers will be generated by computer (or such other method as determined by D.C.D. and N.H.S.) and the numbers will determine which Applications will be selected ("Selected Applicants") for further processing. The process by which the Selected Applicants are identified is referred to herein as the "Lottery". The amount of each Grant request from each Selected Applicant, including the applicable fee to be paid to N.H.S. hereunder, will be deemed to be for the Maximum Program Assistance. When the aggregate amount entered in the log reaches Two Hundred Fifty Thousand Dollars ( $\$ 250,000$ ), or such other amount as D.C.D. shall in writing specify to N.H.S., then N.H.S. shall stop selecting Applications.

To accommodate the possibility that additional Selected Applicants will need to be chosen from eligible Applications because some earlier Applications are not in compliance with this Agreement, or because Program Funds are still available to make Grants, N.H.S. may
establish a waiting list of up to twenty-five (25) applicants, to be chosen by the same lottery process described above. If additional Applications are needed thereafter, then N.H.S. will designate a time and place as set forth above to receive additional Applications.
(c) Prior to the date of the Lottery; for each potential Eligible Homeowner, N.H.S. shall obtain income and title information regarding the Eligible Homeowner and the Qualified Housing Unit, respectively, and shall verify information presented in the Application. N.H.S. shall assure that an Eligible Homeowner qualifies as a Qualified Family at the time an Application is received by N.H.S.. In determining whether a Eligible Homeowner qualifies as a Qualified Family, N.H.S. calculate income in a manner determined by N.H.S. and approved by D.C.D.
(d) N.H.S. shall forward the name, address and social security number of every Selected Applicant to the City's Department of Revenue for a scofflaw check. N.H.S. shall perform an initial site visit to verify that the property will qualify. N.H.S. shall approve a scope of work. No building will qualify as a Qualified Housing Unit hereunder if the combination of the Grant funds, funds from the Eligible Homeowner and matching loan funds described in Section 4.4(b) hereof do not cover the cost of correcting the health and safety issues which have been identified by N.H.S. inspectors. For any Qualified Housing Unit, no more than thirty percent (30\%) of the Eligible Costs paid for from Program Funds can relate to interior life/safety improvements.
(e) For applicants who do not meet the requirements of this Agreement, as determined by N.H.S. after its initial review described in subsection (c) above, N.H.S. shall provide notice to such applicants that their Application has been rejected within two weeks after the expiration of the period described in subsection (a)(vi) above. For all applicants whose Application is in compliance with the requirements of this Agreement (based on N.H.S.'s initial review described in subsection (c) above), N.H.S. will notify each such applicant, within two weeks of the date of the Lottery, as follows: those who are not Selected Applicants will be notified that their name has been placed on a waiting list; and Selected Applicants will be asked for further information to process their Application. The notice to Selected Applicants will also inform the applicant that, if requested materials are not supplied within forty-five (45) days in a form satisfactory to N.H.S., the applicants will forfeit their status as a Selected Applicant and will be placed at the bottom of the waiting list. If the scofflaw check described in subsection (d) above reveals that any amounts are owed to the City, then the materials requested by N.H.S. shall include evidence that all such amounts have been paid or that the applicant has entered into a payment plan with the City. Thereafter, N.H.S. shall, within ninety (90) days of the date of the Lottery, complete its review of all information required hereunder and notify each such Selected Applicant whether they are eligible for a Grant, the amount of the Grant, and whether other funds need to be obtained by the Applicant pursuant to Section 4.4(b). No Selected Applicant shall be eligible for a Grant hereunder until N.H.S. has received the results of the scofflaw check described in (d) above and has received evidence either that all amounts owed to the City have been paid, or that the applicant has entered into a payment plan with the City. N.H.S. shall provide the City with a copy of each such notice described above. All notices of rejection shall include the reasons for such rejection.

## 4.4

N.H.S. shall provide the following services:
(a) Technical/Rehabilitation Services. For all Selected Applicants, N.H.S. shall make an initial site visit to the Qualified Housing Unit; and assist the Selected Applicant in the preparation of detailed plans and specifications for the renovation work. N.H.S. shall monitor the process by which the Selected Applicant selects a contractor (or contractors) to do the renovation work to ensure that any contractor has been selected through a competitive bid process. N.H.S. must approve the contractor selected, which must be licensed, and properly insured; in its approval, N.H.S. shall consider the financial strength of the contractor. N.H.S. shall review the contract(s) between the Selected Applicant and the contractor(s) for the renovation work. N.H.S. shall make available to each Selected Applicant (i) a current list of contractors and subcontractors which are certified by the City as Minority Business Enterprises or Women Business Enterprises, and (ii) a current list of contractors and subcontractors which have current insurance certificates and proof of City home repair and/or business licenses on file with N.H.S.. While the requirements of Section 2-92-330 of the Municipal Code of the City of Chicago (City Resident Employment Requirement) will not apply to the renovation work done pursuant to the Program, N.H.S. shall use its best efforts to recruit and encourage the use of qualified contractors based in Chicago (particularly in the Addison South T.I.F. Area) for the renovation work being funded pursuant to this Agreement.
(b) Requirements for Grants for Qualified Housing Units. After approving an Application, N.H.S. shall promptly prepare and execute Grant Documents for each Grant. N.H.S. shall assure that each Grant satisfies all applicable requirements of federal, State and local law, and that:
(i) Program Funds finance only Eligible Costs;
(ii) for an Eligible Homeowner who has household income between one hundred percent (100\%) and one hundred forty percent (140\%) of Median Income, the Grant Funds shall not be provided unless an equal amount of loan proceeds or other funds from the Eligible Homeowner (which loans may, but shall not be required to, be made by Neighborhood Lending Services, Inc. ("N.L.S."), an affiliate of N.H.S.) are available for repairs to the Qualified Housing Unit; provided, that repairs paid for (or reimbursed) from funds other than Program Funds hereunder are not required to be Eligible Costs;
(iii) if the Eligible Homeowner has household income (calculated as described above) below one hundred percent ( $100 \%$ ) of the Median Income, no matching funds are required pursuant to this subsection, but other provisions of this Agreement may require an Eligible Homeowner to obtain a matching loan for the Qualified Housing Unit; and
(iv) one or more units of the Qualified Housing Unit shall be occupied by the Eligible Homeowner.
(c) Closing. N.H.S. shall promptly close each Grant. Prior to disbursement of any Program Funds by N.H.S., N.H.S. shall require each Eligible Homeowner to enter into the Grant Documents. N.H.S. shall assure that the renovation of the Qualified Housing Unit commences within six months of the date on which a Grant closes. N.H.S. shall provide in all Grant Documents that the City is a third-party beneficiary of the Grant Documents. N.H.S. shall not provide Program Funds to any Eligible Homeowner in an amount in excess of the applicable Maximum Program Assistance; provided, that the maximum amount so provided may be adjusted by mutual agreement of D.C.D. and N.H.S. based on the availability of Program Funds and the projected need of a particular community.
(d) Disbursement Of Proceeds. The City will from time to time place all or a portion of the Program Funds, in an amount determined by D.C.D. but not exceeding Two Hundred Fifty Thousand Dollars ( $\$ 250,000$ ) in the aggregate, into an interest-bearing segregated or escrow account established by N.H.S. for this purpose. Any income earned on amounts held in the account shall be used at the sole discretion of the City: (i) to make Grants hereunder, or (ii) in such other manner as the City determines. N.H.S. shall disburse funds from this account to the City at the written request of the City if income is earned on amounts held in the account. N.H.S. shall make any such disbursement within thirty (30) days of its receipt of the City's request. N.H.S. agrees that any disbursements from this account which are later determined to have been made in violation of this Agreement will be repaid to this account by N.H.S.. Prior to disbursing any proceeds of a Grant, N.H.S. shall determine the aggregate amount of Program Funds which have been provided or approved for a Qualified Housing Unit and shall not disburse any funds exceeding the Maximum Program Assistance. N.H.S. shall also assure that no Program Funds shall be paid until such funds are needed to reimburse the Eligible Homeowner for the prior payment of Eligible Costs, and that the proceeds of a Grant do not exceed available Maximum Program Assistance with respect to the Qualified Housing Unit. No payment from Program Funds shall be made to the Eligible Homeowner until N.H.S. receives evidence of prior payment to the contractor for the rehabilitation work (consisting of a copy of the check issued to the contractor, which is not required to be a cancelled check, and/or a copy of the sworn statement). There shall be no commingling of funds among Grants by N.H.S. and each Grant shall be accounted for separately in the records maintained by N.H.S.
(e) Servicing; Monitoring
(1) N.H.S. shall specify an employee directly responsible for the working on each Grant. N.H.S. shall provide D.C.D. with notice of the person(s) responsible for these duties and the respective Grants.

provided in the Grant Documents (with a copy to D.C.D.) and shall take such further action consistent with the terms of this Agreement.
(3) N.H.S. shall monitor the progress of the renovation work to confirm compliance with this Agreement and the Grant Documents. The Grant Documents shall provide that the Eligible Homeowner must approve of payment of funds from N.H.S. to a contractor for the rehabilitation work. N.H.S. shall inspect the renovation work prior to providing payment. N.H.S. shall make a final inspection of the renovation work at its completion to confirm compliance with this Agreement and the Grant Documents.

On the seventh day of each month of each year during the term hereof, N.H.S. shall submit to the City a monthly report in a form approved by D.C.D. and containing the following information for each Grant closed during the previous month, and for each Eligible Homeowner whose Application has been approved: (i) the address and census tract of the Qualified Housing Unit; (ii) the name, address, income and race (if known) of each Eligible Homeowner for such Qualified Housing Unit; (iii) the amount of the applicable Grant and the date of the Grant; (iv) the amount of Program Funds, if any, provided to such Eligible Homeowner by the end of the preceding month, and the use of such funds; (v) the status of the renovation work on such Qualified Housing Unit; and (vi) the names of any Eligible Homeowners who have defaulted on any matching loan provided through N.L.S. pursuant to Section 4.4(b) hereof. In addition, N.H.S. shall also include the following in such report regarding the Program as of the end of the preceding month: (i) information about each matching loan made to an Eligible Homeowner, or matching funds provided by the Eligible Homeowner, including the amount of the loan or other funds, the address of the subject property and evidence that matching funds were provided; (ii) number of renovations in process; (iii) number of renovations completed; (iv) total number of applicants; (v) total number of Applications reviewed; (vi) total number of Applications approved and (vii) total amount of Grant funds disbursed hereunder.

Whether to declare an Event of Default hereunder is within the sole discretion of the City and neither that decision nor the factual basis for it is subject to review or challenge under this Agreement. Written notification of, or that results in, an Event of Default, and any intention of the City to terminate this Agreement, shall be provided to N.H.S. and such decision shall be final and effective upon receipt of such notice pursuant to Section 6.14 hereof and failure to cure within the stated applicable cure period. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits N.H.S. to continue to provide the services despite one or more Events of Default, N.H.S. shall in no way be relieved of any of its responsibilities, duties or obligations under this Agreement nor shall the City waive or relinquish any of its rights thereby.

The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy shall be cumulative and shall be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or failure to exercise any right or power accruing upon any Event of Default shall impair any such right or power nor shall it be construed as a waiver of any Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

Re: T.I.F. Neighborhood Improvement Program Agreement (the "Agreement")

Ladies and Gentlemen:
I have acted as counsel for Neighborhood Housing Services of Chicago, Inc., an Illinois
not-for-profit corporation ("N.H.S."), in connection with the execution and delivery of the Agreement by and among N.H.S. and the City of Chicago, acting by and through its Department of Community Development (the "City"). N.H.S. has requested that this opinion be furnished to the City.

In so acting as counsel for N.H.S. I have examined:
(i) an executed original of the Agreement;
(ii) the Articles of Incorporation, including all amendments thereto, of N.H.S. as furnished and certified by the Secretary of State of the State of Illinois;
(iii) the bylaws of N.H.S., as certified by the Secretary of N.H.S. as of the date hereof; and
(iv) the Certificate of Good Standing dated $\qquad$ , issued by the Office of the Secretary of State of the State of Illinois, as to the good standing of N.H.S.

In my capacity as counsel, I have also examined such other documents or instruments as I have deemed relevant for the purposes of rendering the opinions hereinafter set forth.

I have also assumed, but have no reason to question, the legal capacity, authority and the genuineness of the signatures of and due and proper execution and delivery by the respective parties other than N.H.S. which has made, executed or delivered or will make, execute and deliver the agreements and documents examined by me.

I express no opinion as to (i) the laws of any state or jurisdiction other than the State of Illinois (and any political subdivisions thereof) and the United States of America; and (ii) any matters pertaining or relating to the securities laws of the United States of America, the State of Illinois or any other state.

Based upon and subject to the assumptions and qualifications herein stated, it is my opinion that:

1. N.H.S. is a not-for-profit corporation, duly organized and validly existing under the laws of the State of Illinois, N.H.S. has made all filings required by the laws of the State of Illinois in respect of its formation and continuing existence, and has all requisite authority to carry on its business and to execute and deliver, and to consummate the transactions contemplated by, the Agreement.
2. The Agreement has been duly executed and delivered on behalf of N.H.S., and constitutes a legal, valid and binding obligation of N.H.S., enforceable against N.H.S. in accordance with its terms, except to the extent that enforcement of any such terms may be limited by: (a) applicable bankruptcy, reorganization, debt arrangement,
insolvency or other similar laws generally affecting creditors' rights; or (b) judicial and public policy limitations upon the enforcement of certain remedies including those which a court of equity may in its discretion decline to enforce.
3. There is no action, suit or proceeding at law or in equity pending, nor to my knowledge threatened, against or affecting N.H.S., before any court or before any governmental or administrative agency, which if adversely determined could materially and adversely affect the ability of either N.H.S. or N.H.S., to perform under the Agreement or any of its business or properties or financial or other conditions.
4. The transactions contemplated by the Agreement are governed by the laws of the State of Illinois.
5. The execution and delivery of the Agreement and the consummation of the transactions contemplated thereby will not constitute:
A. a violation or breach of (i) the Articles of Incorporation of N.H.S., (ii) the bylaws of N.H.S., (iii) any provision of any contract or other instrument to which N.H.S. is bound, or (iv) any order, writ, injunction, decree, statute, rule or regulation binding on N.H.S., or
B. a breach of any of the provisions of, or constitute a default under, or result in the creation or imposition of any lien or encumbrance upon any of the property of either N.H.S. pursuant to, any agreement or other instrument to which N.H.S. is a party or by which N.H.S. is bound.
6. No action of, or filing with, any governmental or public body is required to authorize, or is otherwise required for the validity of, the execution, delivery and performance of any of the Agreement.

This opinion is furnished for your benefit and may be relied upon by you and any such other party in connection with the Agreement, but may not be delivered to or relied upon by any other person or entity without written consent from the undersigned.

Very truly yours,

The total Project budget is currently estimated to be One Million One Hundred Fifty-two Thousand Three Hundred Dollars ( $\$ 1,152,300$ ) (the "Preliminary Project Budget"). Not less than fourteen (14) days prior to the Closing Date, the Developer shall submit to D.C.D. for approval: (1) a final budget which is materially consistent with applicable portions of the Preliminary Project Budget ("the Final Budget"); and (2) evidence of funds adequate to construct the Project ("Proof of Financing"). The Proof of Financing shall include binding commitments from various corporate, foundational and government donations and/or lending institutions in amounts sufficient to construct the Project.

## Section 9.

Conditions To The City's Obligation To Close.

The obligations of the City under this Agreement are contingent upon each of the following being satisfied at least seven (7) days prior to the Closing Date, or by such other date as may be specified:

### 9.1 Final Governmental Approvals.

The Developer shall have delivered to the City evidence that it has applied for the Governmental Approvals necessary to construct the Project; provided, however, the

Developer is not required to deliver building permits for structures where the Developer self-certifies.

### 9.2 Budget And Proof Of Financing.

The City shall have approved the Developer's Budget and Proof of Financing.

### 9.3 Simultaneous Loan Closing.

On the date of the Closing, the Developer shall simultaneously close the financing necessary, if any, for the acquisition and construction, and be in a position to immediately commence construction of the Project.

### 9.4 Insurance.

The Developer shall provide evidence of insurance reasonably acceptable to the City. Prior to the issuance of the Certificate of Completion, the City shall be named as an additional insured on any liability insurance policies and as a loss payee (subject to the rights of any permitted mortgagee) on any property insurance policies from the Closing Date through the date the City issues the Certificate of Completion (as defined in Section 13). With respect to property insurance, the City will accept an ACORD 28 form. With respect to liability insurance, the City will accept an ACORD 25 form, together with a copy of the endorsement that is added to the Developer's policy showing the City as an additional insured.

### 9.5 Legal Opinion.

The Developer shall have delivered to the City a legal opinion stating, in part, that the Developer has been duly organized and that the Developer is duly authorized to enter into this Agreement. Such opinion shall be in a form and substance reasonably acceptable to the City's Corporation Counsel.

### 9.6 Due Diligence.

The Developer shall have delivered to the City due diligence searches in its name (UCC, State and federal tax lien, pending litigation and judgments in Cook County and the U.S. District Court for the Northern District of Illinois, and bankruptcy) showing no unacceptable liens, litigation, judgments or filings, as reasonably determined by the City's Corporation Counsel.

### 9.7 Organization And Authority Documents.

The Developer shall have delivered to the City the certified articles of incorporation, including all amendments thereto, of the Developer, as furnished and certified by the Secretary of State of the State of Illinois; and any other documents required to complete the transaction contemplated by this Agreement and to perform its obligations under this Agreement; a Certificate of Good Standing dated no more than thirty (30) days prior to the Closing Date, issued by the Office of the Secretary of State of the State of Illinois, as to the good standing of the Developer; and bylaws, resolutions and such other organizational documents as the City may reasonably request.

### 9.8 Subordination Agreement.

Prior to recording any mortgage approved pursuant to Section 9.2, the Developer shall deliver to the City a subordination agreement substantially in the form attached hereto as (Sub)Exhibit C (the "Subordination Agreement").

### 9.9 M.B.E.M.B.E. And Local Hiring Compliance Plan.

(a) At least fourteen (14) days prior to the Closing Date, the Developer and the Developer's general contractor and all major subcontractors shall meet with staff from the Department of Housing's ("D.O.H.") monitoring section regarding compliance with the M.B.E.IW.B.E. and local hiring requirements set forth in this Agreement pursuant to Section 23 below. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under Section 23 below, the sufficiency of which shall be approved by the City's monitoring staff.
(b) D.O.H. shall also have approved the Developer's compliance plan in accordance with Section 23.

### 9.9 Representations And Warranties.

On the Closing Date, each of the representations and warranties of the Developer in this Agreement shall be true and correct.

### 9.10 Other Obligations.

On the Closing Date, the Developer shall have performed all of the other obligations required to be performed by the Developer under this Agreement as of the Closing Date.

### 9.11 Right To Terminate.

If any of the conditions in this Section 9 have not been satisfied to the City's reasonable
satisfaction within the time period provided for herein, the City may, at its option, terminate this Agreement by delivery of written notice to the Developer at any time after the expiration of the applicable time period, and this Agreement shall be null and void and, except as otherwise specifically provided, neither party shall have any further right, duty or obligation hereunder. Any forbearance by the City in exercising its right to terminate this Agreement upon a default hereunder shall not be construed as a waiver of such right.

Section 10.
Site Plans And Architectural Drawings.

### 10.1 Site Plans.

The Developer shall construct the Project on the Property in accordance with the site plan specifications and architectural drawings prepared by Joel Berman Architecture \& Design dated June 8, 2009 which have been approved by D.C.D. as of the date hereof and which are incorporated herein by reference ("Specifications and Drawings"). No material deviation from the Specifications and Drawings may be made without full review, consideration and prior written approval by D.C.D., which will not be unreasonably withheld. If the Developer submits and D.C.D. approves revised design development specifications and drawings after the date of this Agreement, the term "Specifications and Drawings" as used herein shall refer to the revised design development specifications and drawings upon D.C.D.'s written approval of same.

### 10.2 Relocation Of Utilities, Curb Cuts And Driveways.

To the extent necessary to complete the Project, the Developer shall be solely responsible for and shall pay all costs in regard to: (1) the relocation, installation or construction of public or private utilities located on the Property; (2) the relocation, installation and construction of any curb cuts and driveways; (3) the repair or reconstruction of any curbs, vaults, sidewalks or parkways required in connection with, or damaged as a result of, the Developer's redevelopment; (4) the removal of existing pipes, utility equipment or building foundations located on the Property; and (5) the termination of existing water or other services. Any streetscaping, including any paving of sidewalks, landscaping and lighting provided by the Developer, as part of the Project, must be approved by the City.

### 10.3 Inspection By The City

For the period commencing on the Closing Date and continuing through the date the City issues the Certificate of Completion, any duly authorized representative of the City shall, upon two (2) business days prior written notice to the Developer, have access to the Property at
all reasonable times for the purpose of determining whether the Developer is constructing the Project in accordance with the terms of this Agreement and all applicable federal, state and local statutes, laws, ordinances, codes, rules, regulations, orders and judgments, including, without limitation, Sections 7-28 and 11-4 of the Municipal Code of Chicago relating to waste disposal (collectively, "Laws").

### 10.4 Barricades And Signs.

Upon the City's request, the Developer agrees to erect and maintain such signs as the City may reasonably require identifying the Property as a City redevelopment project. The Developer may erect signs of its own incorporating such approved identification information upon the execution of this Agreement. Prior to the commencement of any construction activity requiring barricades, the Developer shall install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable federal, state or City laws, ordinances and regulations. The City shall have the right to approve all barricades, the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades, and all signage, which approval shall not be unreasonably withheld or delayed. The Developer shall erect all signs and barricades so as not to interfere with or affect any bus stop in the vicinity of the Property.

Section 11.
Limited Applicability.
D.C.D.'s approval of the Drawings is for the purpose of this Agreement only and does not constitute the approval required by the City's Department of Buildings ("D.O.B.") or any other City department; nor does the approval by D.C.D. pursuant to this Agreement constitute an approval of the quality, structural soundness or the safety of any improvements located or to be located on the Property. The approval given by D.C.D. shall be only for the benefit of the Developer and any lienholder authorized by this Agreement.

Section 12
Commencement And Completion Of Project.

Subject to the receipt of all necessary Government Approvals, the Developer shall commence construction of the Project no later than $\qquad$ , $20 \ldots$ and shall complete the Project (as evidenced by the Developer's written request for a Certificate of Completion for the Project) no later than _ 20_. Notwithstanding the foregoing
commencement and completion dates, D.C.D. shall, upon Developer's request, extend such construction commencement and completion dates by up to six (6) months and may, in D.C.D.'s sole discretion, grant additional extensions. The Project shall be constructed substantially in accordance with the Specifications and Drawings and in accordance with all applicable laws, regulations and codes.

Section 13.
Certificate Of Completion.

Upon the completion of the Project, the Developer shall request from the City a Certificate of Completion (the "Certificate of Completion"). Within forty-five (45) days thereof, the City shall provide the Developer with either the Certificate of Completion or a written statement indicating in adequate detail how the Developer has failed to complete the Project in compliance with this Agreement, or is otherwise in default, and what measures or acts are necessary, in the sole opinion of D.C.D., for the Developer to take or perform in order to obtain the Certificate of Completion. If D.C.D. requires additional measures or acts to assure compliance, the Developer shall resubmit a written request for the Certificate of Completion upon compliance with the City's response. The Certificate of Completion shall be in recordable form, and shall, upon recording, constitute a conclusive determination of satisfaction and termination of certain of the covenants in this Agreement and the Deed (but excluding those on-going covenants as referenced in Section 18) with respect to the Developer's obligations to construct the Project.

## Section 14.

Restrictions On Use.

The Developer agrees that:
14.1

It shall devote all portions of the Property to uses that comply with the Redevelopment Plan until the date the Redevelopment Plan expires; and

## 14.2

The Developer shall not discriminate on the basis of race, color, sex, gender identity, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, or source of income in the sale, lease, rental, use or occupancy of the Property or any part thereof.

Section 15.
Prohibition Against Transfer of Property.

Prior to the issuance of the Certificate of Completion, as provided herein, the Developer may not, without the prior written consent of D.C.D., which consent shall be in D.C.D.'s sole discretion: (1) directly or indirectly sell or convey the Property or any part thereof or any interest therein, or the Developer's controlling interests therein; or (2) directly or indirectly assign this Agreement. In the event of a proposed sale, the City shall be provided copies of any and all sales contracts, legal descriptions, descriptions of intended use, certifications from the proposed buyer regarding this Agreement and such other information as the City may reasonably request. The proposed buyer must be qualified to do business with the City (including but not limited to anti-scofflaw requirement). Notwithstanding the foregoing, the Developer shall be permitted to encumber the Property in accordance with the terms of Section 16 hereof. After the issuance of the Certificate of Completion, no City consent shall be required for any type of transfer of the Property, provided that the transferee assumes in writing the continuing obligations of the Developer under Sections 14 and 18 of this Agreement.

Section 16.
Limitation Upon Encumbrance Of Property.

Prior to the issuance of the Certificate of Completion, the Developer shall not, without D.C.D.'s prior written consent, which shall be in D.C.D.'s sole discretion, engage in any financing or other transaction which creates an encumbrance or lien on the Property, except for the purposes of obtaining: (a) funds necessary to acquire the Property; (b) funds necessary to construct the Project in substantial accordance with the Budget; and (c) after construction, funds necessary to own, maintain and operate the Property and the Project in accordance with the requirements of this Agreement. After the issuance of the Certificate of Completion, no City consent shall be required for any type of financing or other transaction which creates a financial encumbrance or lien on the Property.

Section 17.
Mortgagees Not Obligated To Construct.

Notwithstanding any other provision of this Agreement or of the Deed, the holder of any mortgage authorized by this Agreement (or any affiliate of such holder) shall not itself be

#### Abstract

obligated to construct or complete the Project, or to guarantee such construction or completion, but shall be bound by the other covenants running with the land specified in Section 18 and at Closing shall execute a Subordination Agreement. If any such mortgagee or its affiliate succeeds to the Developer's interest in the Property prior to the issuance of the Certificate of Completion, whether by foreclosure, deed-in-lieu of foreclosure or otherwise, and thereafter transfers its interest in the Property to another party (that is not also a mortgagee), such transferee shall be obligated to complete the Project, and shall also be bound by the other covenants running with the land specified in Section 18.

## Section 18.

Covenants Running With The Land.

The parties agree, and the Deed shall so expressly provide, that the covenants provided in Section 12 (Commencement and Completion of Project), Section 14 (Restrictions on Use), Section 15 (Prohibition Against Transfer of Property) and Section 16 (Limitation Upon Encumbrance of Property) will be covenants running with the land, binding on the Developer and its successors and assigns (subject to the limitations set forth in Section 17 above as to any permitted mortgagee) to the fullest extent permitted by law and equity for the benefit and in favor of the City, and shall be enforceable by the City. The covenants provided in Section 12, Section 15 and Section 16 shall terminate upon the issuance of the Certificate of Completion. The covenant contained in Section 14.1 shall terminate as of the date the Redevelopment Plan expires. The covenants contained in Section 14.2 shall remain in effect without limitation as to time.

## Section 19.

Performance And Breach.

### 19.1 Time Of The Essence.

Time is of the essence in the Developer's performance of its obligations under this Agreement.

### 19.2 Permitted Delays.

The Developer shall not be considered in breach of its obligations under this Agreement in the event of a delay due to unforeseeable causes beyond the Developer's control and without the Developer's fault or negligence, including but not limited to, acts of God, acts of the public
enemy, acts of the United States government, fires, floods, epidemics, quarantine restrictions, strikes, embargoes, material shortages, and unusually severe weather or delays of contractors or subcontractors due to such causes. The time for the performance of the obligations shall be extended only for the period of the delay and only if the Developer requests it in writing of the City within twenty (20) days after the beginning of any such delay.

### 19.3 Breach.

a. Generally. Subject to Section 19.2, if the Developer defaults in performing its obligations under this Agreement, the City shall deliver written notice of such default, after which the Developer shall have a sixty (60) day cure period to remedy such default. If the default is not capable of being cured within the sixty (60) day period, then provided the Developer has commenced to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, and thereafter diligently prosecutes such cure through to completion, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the City may institute such proceedings at law or in equity as may be necessary or desirable to cure and remedy the default, including but not limited to, proceedings to compel specific performance.

No notice or cure period shall apply to a failure to close by the respective dates as set forth in Section 4 herein. Unless the failure to close is due to circumstances described in Section 19.2 above or caused by a breach by the City under the terms of this Agreement, such failure shall constitute an immediate "Event of Default". Failure to close by the dates set forth in Section 3 shall entitle the City to terminate this Agreement.
b. Event Of Default. The occurrence of any one or more of the following shall constitute an "Event of Default" after written notice from the City (if required):

1. the Developer fails to perform any obligation of the Developer under this Agreement, which default is not cured pursuant to Section 19.3(a); or
2. the Developer makes or furnishes a warranty, representation, statement or certification to the City (whether in this Agreement, an Economic Disclosure Form, or another document) which is not true and correct, which default is not cured pursuant to Section 19.3(a); or
3. a petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereinafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing; or
4. except as excused by Section 19.2 above, the Developer abandons or substantially suspends the construction work (no notice or cure period shall apply); or
5. the Developer fails to timely pay real estate taxes or assessments affecting the Property, or any part thereof, or suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this Agreement to attach to the Property, which default is not cured pursuant to Section 19.3(a); or
6. the Developer makes an assignment, pledge, unpermitted financing, encumbrance, transfer or other disposition in violation of this Agreement (no notice or cure period shall apply); or
7. the Developer's financial condition or operations adversely change to such an extent that would materially affect the Developer's ability to complete the Project which default is not cured pursuant to Section 19.3(a); or
8. the Developer fails to perform, keep or observe any of the other covenants, promises, agreements, or obligations under this Agreement, including but not limited to, the covenants set forth in Section 13 herein, or any other written agreement entered into with the City with respect to this Project, which default is not cured pursuant to Section 19.3(a); or
9. failure to close by the Outside Closing Date, unless D.C.D., in its sole discretion, extends the Outside Closing Date; and
c. Prior To Conveyance. Prior to Closing, if an Event of Default occurs and is continuing, and the default is not cured in the time period provided in herein, the City may terminate this Agreement, and institute any action or proceeding at law or in equity against the Developer.
d. After Conveyance. After Closing, if an Event of Default occurs and is continuing, beyond the applicable cure period under Section 19.3(a) above, if any, the City, may terminate this Agreement and exercise any and all remedies available to the City at law or in equity, including but not limited to, the right to re-enter and take possession of the Property, terminate the estate conveyed to the Developer, and revest title to the Property in the City (the "Right of Reverter"); provided, however, that the revesting of title in the City shall be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by this Agreement. Notwithstanding the foregoing to the contrary, prior to its exercise of its Right of Reverter, the City shall provide written notice to the Developer of its intent to exercise its Right of Reverter, and the Developer shall have an additional ninety ( 90 ) days to cure the applicable Event of Default.
e. Resale Of The Property. Upon the revesting in the City of title to the Property as provided in Section 19.3(d), the City shall employ its best efforts to convey the Property (subject to first mortgage liens permitted under this section) to a qualified and financially responsible party (as solely determined by the City) who shall assume the
obligation of completing the construction of the Project or such other improvements as shall be satisfactory to the City and complying with the covenants that run with the land, as specified in Section 18.
f. Disposition Of Resale Proceeds. If the City sells the Property, the net proceeds from the sale, after payment of all amounts owed under any mortgage lien or recapture provision in a grant of funds authorized by this Agreement in order of priority, shall be utilized to reimburse the City for:
10. unreimbursed costs and expenses incurred by the City in connection with the Property, including but not limited to, salaries of personnel in connection with the recapture, management and resale of the Property; and
11. all unpaid taxes, assessments, and water and sewer charges assessed against the Property; and
12. any payments made (including reasonable attorneys' fees) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and
13. any expenditures made or obligations incurred with respect to construction or maintenance of the Project; and
14. the fair market value of the land comprising the Property (without any Project or partially constructed Project thereon) as of such sale; and
15. any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any remaining proceeds up to the amount of the Developer's equity investment in the Property.
g. Waiver And Estoppel. Any delay by the City in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the City of or limit such rights in any way. No waiver made by the City with respect to any specific default by the Developer shall be construed, considered or treated as a waiver of the rights of the City with respect to any other defaults of the Developer.

Section 20.
Conflict Of Interest; City's And Developer's Representatives
Not Individually Liable.

The Developer warrants that no agent, official, or employee of the City shall have any personal interest, direct or indirect, in this Agreement or the Property, nor shall any such

#### Abstract

agent, official or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any entity or association in which he or she is directly or indirectly interested. No agent, official, or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this Agreement. It is expressly understood and agreed to by and between the parties hereto, anything herein to the contrary notwithstanding, that no individual member of the Developer, its officers, members of its board of directors, officials, agents, representatives or employees shall be personally liable for any of the Developer's obligations or any undertaking or covenant of the Developer contained in this Agreement.

## Section 21.

## Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) (collectively "Losses") suffered or incurred by the City arising from or in connection with: (1) an Event of Default that has occurred; (2) the failure of the Developer or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Project; (3) the failure of the Developer to redress any misrepresentations or omissions in this Agreement or any other agreement relating hereto; and (4) any actions, including but not limited to, conducting environmental tests on the Property as set forth in Section 22 herein, resulting from any activity undertaken by the Developer on the Property prior to or after the conveyance of said Property to the Developer by the City; provided, however, the Developer shall have no obligation to indemnify the City for Losses to the extent such Losses are caused by the City or its agents. This indemnification shall survive any termination of this Agreement (regardless of the reason for such termination) for the life of the Redevelopment Area.

Section 22.
Environmental Matters.

The City makes no covenant, representation or warranty as to the environmental condition of the Property or the suitability of the Property for any purpose whatsoever, and the Developer agrees to accept the Property "as is".

It shall be the responsibility of the Developer, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property. Prior to the Closing, the Developer shall have the right to request a thirty (30) day right of entry for the purpose of conducting environmental tests on the Property. If such a request is made, the City shall grant the Developer a right of entry for such purpose. The granting of the right of entry, however, shall be contingent upon the Developer obtaining all necessary permits and the following types and amounts of insurance: (1) commercial general liability insurance with a combined single limit of not less than Two Million and no/100 Dollars ( $\$ 2,000,000.00$ ) per occurrence for bodily injury, personal injury and property damage liability with the City named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the environmental testing on the Property; (2) automobile liability insurance with limits of not less than Two Million and no/100 Dollars ( $\$ 2,000,000.00$ ) per occurrence, combined single limit for bodily injury and property damage; and (3) worker's compensation and occupational disease insurance in statutory amounts covering all employees and agents who are to do any work on the Property. All insurance policies shall be from insurance companies authorized to do business in the State of Illinois, and shall remain in effect until completion of all activity on the Property. The City shall be named as an additional insured on all policies. The Developer shall deliver duplicate policies or certificates of insurance to the City prior to commencing any activity on the Property. The Developer expressly understands and agrees that any coverage and limits furnished by the Developer shall in no way limit the Developer's liabilities and responsibilities set forth in this Agreement.

The Developer agrees to carefully inspect the Property prior to the commencement of any activity on the Property to make sure that such activities shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Developer shall be solely responsible for the safety and protection of the public on and immediately adjacent to the Property during the performance of the Developer's inspection of the Property. The City reserves the right to inspect any work being done on the Property. The Developer's activities on the Property shall be limited to those reasonably necessary to perform the environmental testing. Upon completion of the work, the Developer agrees to restore the Property to its original condition. The Developer shall keep the Property free from any and all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Developer, and agrees to indemnify and hold the City harmless against any such liens.

The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the Property. If prior to the Closing, the Developer's environmental consultant determines an environmental or soil condition exists on the Property to such an extent that the Developer determines that it is not satisfied, in its sole discretion, with the condition of the Property, the Developer may declare this Agreement null and void by giving written notice thereof to the City.

If after the Closing, the environmental condition of the Property is not in all respects entirely suitable for the use to which the Property is to be utilized, it shall be the sole responsibility and obligation of the Developer to take such action as is necessary to put the Property in a condition which is suitable for the intended use of the Property. The Developer agrees to
waive, release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the Property (including, without limitation, claims arising under C.E.R.C.L.A.) and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the Property prior to the Closing.

Section 23.
Developer's Employment Obligations.

### 23.1 Employment Opportunity.

The Developer agrees, and shall contractually obligate its various contractors, subcontractors and any affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree that, with respect to the provision of services in connection with the construction of the Project on the Property, but not including construction on the Property, or occupation of the Property during the construction period:
a. Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010, et seq. of the Municipal Code of Chicago, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a nondiscriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.
b. To the greatest extent feasible, the Developer and each Employer shall present opportunities for training and employment of low- and moderate-income residents of the City, and provide that contracts for work in connection with the construction
of the Project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the City.
c. The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including without limitation, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.
d. The Developer, in order to demonstrate compliance with the terms of this section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity, regulations of federal, state and municipal agencies.
e. The Developer and each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the construction of the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.
f. Failure to comply with the employment obligations described in this Section 23 shall be a basis for the City to pursue remedies under the provisions of Section 19.

### 23.2 City Resident Employment Requirement.

a. The Developer agrees, and shall contractually obligate each Employer to agree, that during the construction of the Project, it and each Employer shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 2-92-330 of the Municipal Code of Chicago (at least fifty percent ( $50 \%$ ) of the total worker hours worked by persons on the construction of the Project shall be performed by actual residents of the City of Chicago); provided, however, that in addition to complying with this percentage, the Developer and each Employer shall be required to make good faith efforts to utilize qualified residents of the City of Chicago in both unskilled and skilled labor positions.
b. The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City of Chicago.
c. "Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.
d. The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Project. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.
e. Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of the City of Chicago Department of Housing ("D.O.H.") in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the company hired the employee should be written in after the employee's name.
f. The Developer and the Employers shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of D.O.H., the Superintendent of the Chicago Police Department, the Inspector General, or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years from and after the issuance of the Certificate of Completion.
g. At the direction of D.O.H., the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.
h. Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.
i. If the City determines that the Developer or an Employer failed to ensure the fulfillment of the requirements of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. If such noncompliance is not remedied in accordance with the breach and cure provisions of Section 19, the parties agree that one-twentieth of one percent (.0005\%) of the aggregate hard construction costs set forth in the Project Budget as applicable, shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employees to prosecution.
j. Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order $11246^{\prime \prime}$, or other affirmative action required for equal opportunity under the provisions of this Agreement.
k. The Developer shall cause or require the provisions of this Section 23.2 to be included in all construction contracts and subcontracts related to the construction of the Project.

### 23.3 Developer's M.B.E.M.B.E. Commitment.

The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the general contractor to agree that during the construction of the Project:

Program"), and in reliance upon the provisions of the M.B.E.W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 23.3, during the course of the Project, the following percentages of the M.B.E.IW.B.E. Budget, substantially in the City's standard form, shall expended for contract participation by minority-owned businesses ("M.B.E.s") and by women-owned businesses ("W.B.E.s"): (1) at least twenty-four percent (24\%) by M.B.E.s; and (2) at least four percent (4\%) by W.B.E.s.
b. For purposes of this Section 23.3 only:
(a) The Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.
(b) The term "minority-owned business" or "M.B.E." shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.
(c) The term "women-owned business" or "W.B.E." shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.
c. Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's M.B.E.N.B.E. commitment may be achieved in part by the Developer's status as an M.B.E. or W.B.E. (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more M.B.E.s or W.B.E.s (but only to the extent of the lesser of (a) the M.B.E. or W.B.E. participation in such joint venture, or (b) the amount of any actual work performed on the Project by the M.B.E. or W.B.E.); by the Developer utilizing a M.B.E. or a W.B.E. as the general contractor (but only to the extent of any actual work performed on the Project by the general contractor); by subcontracting or causing the general contractor to subcontract a portion of the construction of the Project to one or more M.B.E.s or W.B.E.s; by the purchase of materials or services used in the construction of the Project from one or more M.B.E.s or W.B.E.s; or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E.N.B.E. commitment as described in this Section 23.3. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any M.B.E. or W.B.E. general contractor or subcontractor without the prior written approval of D.C.D.
d. The Developer shall deliver quarterly reports to the City's monitoring staff during construction of the Project describing its efforts to achieve compliance with this M.B.E.IW.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or the general contractor to work on the Project, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in construction of the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this M.B.E.N.B.E. commitment. The Developer shall maintain records of all relevant data with respect to the utilization of M.B.E.s and W.B.E.s in connection with construction of the Project for at least five (5) years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on prior notice of at least fifteen (15) business days, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of construction of the Project.
e. Upon the disqualification of any M.B.E. or W.B.E. general contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if possible, identify and engage a qualified M.B.E. or W.B.E. as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.
f. Any reduction or waiver of the Developer's M.B.E.M.B.E. commitment as described in this Section 23.3 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.
g. Prior to the commencement of the Project, the Developer shall meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this Section 23.3. The general contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 23.3, the sufficiency of which shall be approved by the City's monitoring staff. During the Project, as applicable, the Developer shall submit the documentation required by this Section 23.3 to the City's monitoring staff, including the following: (a) M.B.E.W.B.E. utilization plan and record; (b) subcontractor's activity report; (c) contractor's certification concerning labor standards and prevailing wage requirements (if applicable); (d) contractor letter of understanding; (e) monthly utilization report; (f) authorization for payroll agent; (g) certified payroll; (h) evidence that M.B.E.M.B.E. contractor associations have been informed of the Project via written notice and hearings; and (i) evidence of compliance with job creation requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 23.3, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Project, (2) withhold any further payment of any city funds to the Developer or the general contractor, or (3) seek any other remedies against the Developer available at law or in equity.

## Section 38

Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Developer intentionally violates this provision or Mayoral Executive Order Number 05-1 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:
"Bundle" means to collect contributions from more than one source, which is then delivered by one person to the Mayor or to his political fundraising committee.

Tenant hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this lease agreement or the transactions contemplated hereby.

### 13.2 Patriot Act Certification.

Tenant represents and warrants that neither Tenant nor any Affiliate thereof (as defined in the next paragraph) is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment, the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

As used in the above paragraph, an "Affiliate" shall be deemed to be a person or entity related to Tenant that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Tenant, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

### 13.3 Prohibition On Certain Contributions -- Mayoral Executive Order No. 05-1.

Tenant agrees that Tenant, any person or entity who directly or indirectly has an ownership or beneficial interest in Tenant of more than seven and five-tenths percent (7.5\%) ("Owners"), spouses and domestic partners of such Owners, Tenant's contractors (i.e., any person or entity in direct contractual privity with Tenant regarding the subject matter of this agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than seven and five-tenths percent (7.5\%) ("Subowners") and spouses and domestic partners of such Subowners (Tenant and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fund-raising committee (i) after execution of this agreement by Tenant, (ii) while this agreement or any Other Contract is executory, (iii) during the term of this agreement or any Other Contract between Tenant and the City, or (iv) during any period while an extension of this agreement or any Other Contract is being sought or negotiated.

Tenant represents and warrants that from the date the City approached the Tenant or the date Tenant approached the City, as applicable, regarding the formulation of this agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fund-raising committee.

Tenant agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fund-raising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fund-raising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fund-raising committee.

Tenant agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 05-1.

Tenant agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 05-1 constitutes a breach and default under this agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Tenant intentionally violates this provision or Mayoral Executive Order Number 05-1 prior to the closing of this agreement, the City may elect to decline to close the transaction contemplated by this agreement.

For purposes of this provision:
"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fund-raising committee.
"Other Contract" means any other agreement with the City of Chicago to which Tenant is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.
"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:
(A) they are each other's sole domestic partner, responsible for each other's common welfare; and
(B) neither party is married; and
(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
(D) each partner is at least eighteen (18) years of age, and the partners are the same sex, and the partners reside at the same residence; and
(E) two (2) of the following four (4) conditions exist for the partners:

1. The partners have been residing together for at least twelve (12) months.
2. The partners have common or joint ownership of a residence.
3. The partners have at least two (2) of the following arrangements:
a. joint ownership of a motor vehicle;
b. a joint credit account;
c. a joint checking account;
d. a lease for a residence identifying both domestic partners as tenants.
4. Each partner identifies the other partner as a primary beneficiary in a will.
"Political fund-raising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

### 13.4 Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Tenant warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this agreement is executory, Tenant's, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this agreement, constitutes a breach of and an event of default under this agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the agreement, at law or in equity. This section does not limit Tenant's, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this agreement, and may further affect the Tenant's eligibility for future contract awards.

### 13.5 Cooperation With Office Of Inspector General And Office Of Compliance.

In accordance with Chapter 2-26-110, et seq. of the Municipal Code, Tenant acknowledges that every officer, employee, department and agency of the City shall be obligated to cooperate with the Office of the Inspector General and the Executive Director of the Office of Compliance in connection with any activities undertaken by such office with respect to this lease, including, without limitation, making available to the Office of the Inspector General and the Executive Director the department's premises, equipment, personnel, books, records and papers. Tenant agrees to abide by the provisions of Chapter 2-26-110, et seq.

During the period while this agreement is executory, Tenant's, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this agreement, constitutes a breach of and an event of default under this agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the agreement, at law or in equity. This section does not limit Tenant's, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this agreement, and may further affect the Tenant's eligibility for future contract awards.

Any limitations on the public use and any private uses shall be subordinate and ancillary as well as complementary to the predominantly public character of the Property. For purposes of this planned development, the term "operating hours" shall have the following meanings:
(i) during the period from May through September, it shall mean, for the interior public spaces of the structures, from at least 9:00 A.M. to 9:00 P.M.;
(ii) during the period from October through April, it shall mean, for the interior public spaces of the structures, from at least 10:00 A.M. to 5:00 P.M.; and

All uses of the Property shall be located, designed, constructed, maintained and operated in accordance with the provisions of this planned development.
8. Off-street parking and off-street loading shall be provided upon the Navy Pier Subarea in accordance with the Use and Bulk Regulations Data Table, (Sub)Exhibit 1a, described in Statement Number 6 and attached hereto.
9. Any service drive or other ingress or egress will be adequately designed and paved in accordance with the regulations of the Department of Transportation and in compliance with the Municipal Code of Chicago to provide ingress and egress for motor vehicles, including emergency vehicles. Fire lanes, if required, will be adequately designed and paved in compliance with the Municipal Code of Chicago. No parking shall be permitted within the service drives and other motor vehicle ingress and egress areas.
10. On-premise and off-premise signs are permitted within the enclosed facilities on the Navy Pier Subarea; provided, however, these signs shall be of a limited size, and be appropriate and consistent with the character of the Navy Pier and Headlands Subarea development. On-premise and off-premise signs of no more than one hundred (100) square feet in dimension are permitted outside of the facilities on the Navy Pier Subarea, provided that they are appropriate and consistent with the character of the Navy Pier Subarea and related to the Navy Pier Subarea uses. All exterior signs, including flashing, animated or moving signs, and all signs inside or out facing and
visible from the Headlands Subarea are subject to the prior approval of the Department of Zoning and Land Use Planning. All exterior signs located within the Dime Pier Subarea, including signs on the kiosks, are subject to the prior approval of the Commissioner of Zoning and Land Use Planning, and are limited to on-premise messages. Illuminated, flashing, changing image signs and video display signs are expressly prohibited.

(ii) Airport Zoning Regulations as established by the Department of Zoning and Land Use Planning, the Department of Aviation and the Department of Law, and approved by the City Council.

1
12. The following additional principles shall govern the development of the Property:
(i) The improvements on the Property shall be designed, constructed and maintained in general conformance with all of the (sub)exhibits described in Statement Number 6 of this planned development. Landscaping shall be installed and maintained in general conformance with all of the Site/Landscape Plan exhibits described in Statement Number 6 of this planned development. All landscaping shall be properly maintained, at all times, by the M.P.E.A.
(ii) Vehicular movement on the Navy Pier Subarea shall be limited to those areas designated on all of the Site Plans, (Sub)Exhibits 11a through 16, described in Statement Number 6 and shall be in general conformance with the provisions of the Traffic Management Plan, (Sub)Exhibit 36, described in Statement Number 6 of this planned development.

Public pedestrian and bicycle passage during operating hours over all exterior areas depicted on the (sub)exhibits as pedestrian walks or pathways, including the south dock and the north dock, shall not be unreasonably restricted. Public pedestrian passage during operating hours over all interior areas depicted on the Pedestrian Circulation Plan, (Sub)Exhibit 29, described in Statement Number 6 of this planned development shall not be unreasonably restricted.

The south dock shall be divided into east/west zones that are in general conformance with all of the section (sub)exhibits, (Sub)Exhibits 24a through 28, described in Statement Number 6 of this planned development and attached hereto. These zones shall be reasonably sized to accommodate the
predominantly public pedestrian and bike path character of the south dock. The edge of the south dock shall consist of an approximate fifteen (15) foot zone in which various boat and ship docking accessories are permitted. To the north and adjacent to this fifteen (15) foot zone, there shall be a furniture/planter zone of approximately eight (8) feet. Notwithstanding the foregoing, within the approximate twenty-three (23) foot width of these two (2) zones, there shall be an approximate ten (10) foot clear zone, free and clear of all obstructions for easy pedestrian passage.

The edge of the north dock shall consist of an approximate seven (7) foot zone in which various boat and ship dock accessories are permitted provided that public pedestrian passage is feasible. To the south and immediately adjacent to this seven (7) foot zone, there shall be an approximate eight (8) foot clear zone, free and clear of all obstructions appropriate for easy pedestrian passage.

The boat and ship docking accessories described above include, but are not limited to, gangplanks, stairs and accessory structures, and kiosks. These accessories shall be appropriate and consistent with the character of the Navy Pier and Headlands Subareas development. They shall be sized and located to avoid unreasonable interference with public pedestrian passage or with public access to the water or lake front vistas. The location of the accessories of each boat or ship shall be limited to the boat dock areas set forth in Statement Number 13(i) hereof. They shall be limited to movable or semi-permanent structures.

Movable or semi-permanent kiosks are also permitted in the Headlands Subarea and elsewhere along the south dock of the Navy Pier Subarea, except in the clear zones. The kiosks shall be sized and located appropriately and consistently with the character of this planned development. Moreover, they shall not unreasonably interfere with public pedestrian passage or with public access to the water or the lake front vista.

Permanent kiosks or other permanent buildings or structures located anywhere on the Property are subject to the approval of the Commissioner of Zoning and Land Use Planning.
(iii) The areas depicted on the Site/Landscape Plan -- Crystal Garden, (Sub)Exhibit 9a, and the Site/Landscape Plan -- On-Pier Park, (Sub)Exhibit 10a, described by Statement Number 6 of this planned development as the Crystal Garden and the On-Pier Park respectively, shall be designed, constructed and maintained as public spaces to provide areas for passive activities and public gathering and, except as provided herein, at no charge or cost to public users; provided, however, that the restaurant/cafe and catered dining areas depicted in Site/Landscape Plan -- On-Pier Park, (Sub)Exhibit 10, described in Statement Number 6, may charge customers for their use of said restaurant/cafe and catered dining areas. Each of these areas shall be (a) handicapped accessible,
(b) designed to function as a public space, (c) improved with seating and tables appropriately located and arranged and in reasonable and sufficient quantities to encourage public use, (d) provided with appropriate interior and exterior landscaping, (e) reasonably accessible to restroom facilities and to food and beverage facilities, and (f) except as provided herein, shall be open to the public during all operating hours. Regular musical entertainment and live performances within these areas are encouraged. The areas shall be maintained in a clean and litter free condition. The Crystal Garden shall have largely unobstructed views from within the space out to the lake and City.

Limited private uses of the Crystal Garden during operating hours are permitted; provided, however, these uses, except for the restaurant/cafe and catered dining areas, may occur only very occasionally (from time to time), must be more limited in the summer months than otherwise, and, during the period of May through September, may occur only after 6:00 P.M., and must be preceded by reasonable advance and posted notice.

It may be necessary in connection with live music, live performances or other events in the Crystal Garden and On-Pier Park to charge a fee to cover the cost of the entertainment. Also, the applicant may charge a reasonable fee to ride the carousel and ferris wheel or for special entertainment in the tent on the On-Pier Park.
(iv) Appropriate and decorative lighting of all exterior public pedestrian areas and budget permitting, of appropriate Navy Pier Subarea building features, shall be provided and maintained. In no circumstances should lighting on the Property be directed at Lake Point Tower.
(v) The applicant acknowledges that the draft Navy Pier/Turning Basin Development Guidelines, issued by the Department of Planning and Development in December, 1990 was, in large part, a result of the joint efforts of the M.P.E.A., the City, the Chicago Park District and others to determine the appropriate guidelines for the development of the Navy Pier and Headlands Subareas. The City acknowledges that this development, as described by the provisions and (sub)exhibits of this planned development, satisfies the intent and purpose of those guidelines and of appropriate planning principles. The M.P.E.A. and the City further acknowledge, however, that the scope, complexity and nature of the development may require refinements in the applicable development regulations from time to time and that it may be impractical and contrary to good planning to require compliance with excessively detailed or rigid conditions. Accordingly, to the extent not otherwise provided to the contrary in this planned development, the development and operation of the Navy Pier and Headlands Subareas shall be in general conformance with the principles described in the "Navy Pier Recommendations, Policies and Standards" derived from the aforesaid draft guidelines and made a part hereof as (Sub)Exhibit 37 as described in Statement Number 6 of this planned development and attached
hereto. The recommendations, policies and standards embodied in (Sub)Exhibit 37 shall be considered in any future amendment of modification to this planned development.
(vi) The Navy Pier and Headlands Subareas development contemplated herein is intended to be constructed as a single, integrated project. No Certificate of Occupancy shall be issued unless substantially all of the development has been completed; provided, however, that the Commissioner of the Department of Zoning and Land Use Planning may authorize exceptions to this requirement.
(vii) The M.P.E.A. shall make appropriate arrangements to ensure public safety and public access to the Headlands and Navy Pier Subareas, to the extent feasible, during construction. If requested by any appropriate department of the City, the M.P.E.A. shall provide and follow a reasonably acceptable plan and schedule of such arrangements; which plan shall be coordinated with the Department of Zoning and Land Use Planning and the Department of Transportation.
13. The perimeter of the north and south dock areas of the Navy Pier and Headlands Subareas may be used to dock boats and ships, and passengers may embark and disembark from such boats and ships along the docks of the Navy Pier and Headlands Subareas, provided that the following principles are followed:
(i) Pedestrian circulation along, and public access to, the dock's edge and views from the pedestrian areas of the Navy Pier and Headlands Subareas shall not be unreasonably impaired. In the Headlands Subarea and the south dock of the Navy Pier Subarea no more than fifty percent ( $50 \%$ ) of each of the dock's length may be occupied by docked boats or ships at anyone time, and each docked boat or ship shall be separated from every other docked boat or ship by fifty (50) feet, or if separated by a lesser distance, the total length of any portion of the dock which is occupied by boats or ship at any one time shall not exceed two hundred (200) feet (unless occupied by a single boat longer than two hundred (200) feet in which case said boat shall be separated from every other boat by fifty (50) feet).
(ii) The operation of docked boats and ships shall be regulated by the M.P.E.A. to avoid unreasonable adverse impacts of such uses on the surrounding neighborhood. These impacts include, but are not limited to, noise created by passengers and litter.

No boats or ships shall be permanently docked on the north, south or east side of the Navy Pier Subarea adjacent to the Auditorium. Embarking and disembarking of boat passengers along any portion of the Headlands (except the easternmost docks) of the Headlands Subarea shall not be permitted after 11:00 P.M. on weekdays and 12:00 Midnight on weekends.
14. For purposes of floor area ratio (F.A.R.) calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply. For purposes of grade, the definition in the Chicago Zoning Ordinance shall apply.
15. The M.P.E.A. acknowledges that the development of the Navy Pier and Headlands Subareas will have unique traffic-generation and parking characteristics which will require diligent and ongoing operational control to assure that the impact of the development on the surrounding traffic network, park uses, pedestrian flow and parking supply will not be unreasonably adverse. The M.P.E.A. further acknowledges that, although the streets on the Headlands Subarea will be City-owned streets over which the City shall maintain legal jurisdiction, the generation of traffic activity and the traffic activity itself on these streets will largely be within the control of the M.P.E.A.

Accordingly, the M.P.E.A. shall be responsible for implementing certain operational controls over parking and traffic activity expected to occur on the Navy Pier and Headlands Subareas. These operational controls are set forth in the "Traffic Management Plan" ("T.M.P.") (Sub)Exhibit 36 described in Statement Number 6 in this planned development and shall become effective after the issuance of the Certificate of Occupancy for either the Family Pavilion or the Festival Hall on the Navy Pier Subarea. The T.M.P., as it may be amended or otherwise modified from time to time, shall be deemed an integral part of this planned development. The M.P.E.A.'s compliance with the T.M.P. shall be a requirement of this planned development.

In order to assure the T.M.P.'s effectiveness, prior to December 31, 2011, the M.P.E.A. shall submit to the Commissioner of the Department of Transportation (with a copy to the Commissioner of Zoning and Land Use Planning) an updated report describing the past year's traffic and parking activity and assessing the effectiveness of the various provisions of the T.M.P. and any recommended modifications thereto. Further, the updated report shall assess the proposed traffic plan for the development of the Dime Pier Subarea. Additionally, the M.P.E.A., or its designated representative, shall cooperate with the City and with applicable transit agencies in the on-going review and updating of the T.M.P.

Modifications may be made to the T.M.P. at any time with the approval of the Commissioner of the Department of Transportation and the Commissioner of the Department of Zoning and Land Use Planning. Such modifications and approvals shall be kept on file with the Department of Transportation and the Department of Zoning and Land Use Planning.

In order to assure that the provisions of the T.M.P. are properly carried out and that proper and prompt coordination exists among the M.P.E.A. and the various departments of the City and the applicable transit departments of the City and the applicable transit agencies and the public, the M.P.E.A. shall designate and maintain a Transportation Coordinator ("T.C."). The T.C. may consist of one (1) or more individuals, but in any event, a single person, entity or division of the M.P.E.A. shall be readily available and apparent for inquiry by any parties concerned. The T.C. shall be in place and functioning within one (1) year following the commencement of
construction of the Navy Pier Subarea. The T.C. shall be charged with the responsibility, on behalf of the M.P.E.A., to (a) oversee and coordinate the day-to-day implementation of the T.M.P., (b) act as a formal point of communication between the M.P.E.A. and any other agencies or individuals inquiring or concerned about traffic, or parking-related issues, and (c) coordinate traffic loading and parking management activity with representatives of the City and the appropriate transit agencies.

15a. The M.P.E.A. acknowledges that with the possibility of new and large developments coming to the "River East Corridor", there is a need for a comprehensive traffic management plan for a larger area than that contemplated by the T.M.P., (Sub)Exhibit 36. In order to serve this need the creation of a T.M.A. covering that broader area is necessary. The M.P.E.A. agrees to join the T.M.A.; to be an active and participating member of its board; and to cooperate and participate in the creation of such a comprehensive plan, and in the preparation of a funding structure which implements the plan and which at a minimum advances the goal of providing regular, frequent shuttle service to remote parking. The M.P.E.A. further agrees to continue to run its remote parking shuttles at its current level of service. The M.P.E.A. shall pay its pro rata share of the funding plan and that includes its agreement to run its remote parking shuttles at its current level of service.
16. The area formerly designated as the Future Development Zone within Zones 2 and 3, as shown on (Sub)Exhibits 10a, 11a, 12a, 13a, 17a, 18a, 19a, 20a, 24a and 25a, shall be improved with a new multi-story performing arts center, consisting of a theater with approximately five hundred fifty (550) seats, classrooms, administrative facilities and other related facilities. Future plans may include the development of the multipurpose space as a two hundred (200) seat studio theater. In addition, new retail and pedestrian circulation space will be included in the proposed facility. The new construction shall not exceed the height of the parking garage and shall be constructed in accordance with the height limitation contained in (Sub)Exhibits 17a through 23.
17. The terms and conditions of Statement Numbers 12, 13 and 16 of this planned development may be modified administratively by the Commissioner of the Department of Zoning and Land Use Planning upon the request of the M.P.E.A. and after a determination by the Commissioner that such a modification is appropriate and consistent with the nature of the development of the Property contemplated in this planned development. Any such modification shall be deemed to be a minor change in the planned development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance. This statement shall not be construed as limiting the authority of the Commissioner pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance to authorize any other minor changes to any of the portions or statements of this planned development.
18. The requirements, obligations and conditions contained within this planned development shall be binding upon the M.P.E.A., its successors and assigns and, if different than the M.P.E.A., the owners of record title of the Property. All rights granted hereunder to the M.P.E.A. shall inure to the benefit of the M.P.E.A.'s successors and assigns. Furthermore, pursuant to the requirement of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to the planned development are made, shall be under single ownership or under single designated control.

Nothing herein shall be construed to mean that any individual owner of the Property, or any portion thereof, is relieved of obligations imposed hereunder of any rights granted herein or is not subject to City action pursuant to this planned development. Nothing herein shall prohibit, or in any way restrict, the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property, or the rights therein, except as assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property transferred, the term "Applicant" shall be deemed amended to apply to the legal titleholder thereof (and its beneficiaries if such title is held in a land trust), and the seller or transferor thereof (and its beneficiaries if such title is held in a land trust) shall thereafter be released from any and all obligation or liability hereunder.
19. Unless substantial construction of the proposed Performing Arts Center described in Statement Number 16 hereof has commenced within four (4) years following adoption of this planned development, and unless completion is thereafter diligently pursued, then this planned development shall expire. If this planned development expires under the provisions of this statement, then the zoning of the Property shall automatically revert to the previously existing Planned Development 527 as amended on January 14, 1998.
20. The design of the roadway network located on the Headlands Subarea as depicted on the Roadway Network Map, (Sub)Exhibit 5, described in Statement Number 6 of this planned development has been determined by the City to be necessary and appropriate to handle the expected uses of the Navy Pier and Headlands Subareas in a safe and efficient manner, while maximizing the availability of open space and park land on the Headlands Subarea. The City acknowledges, however, that the actual uses of the Navy Pier and Headlands Subareas may vary from that expected. Accordingly, prior to the expiration of the fifth ( $5^{\text {th }}$ ) anniversary following the issuance of the first Certificate of Occupancy for the Navy Pier Subarea, the Applicant shall submit to the Commissioner of the Department of Zoning and Land Use Planning and the Commissioner of the Department of Transportation a traffic study prepared by a traffic engineer assessing the adequacy and sufficiency of the Headlands Subarea's roadway network to handle the actual traffic demand experienced during said five (5) year period. Following receipt of said study, the Commissioner of the Department of Zoning and Land Use Planning shall consult with the Commissioner of the Department of Transportation. If the Commissioner of the Department of Zoning and Land Use Planning and the Commissioner of the Department of Transportation determine that changes to said roadway network are necessary or appropriate to accommodate the actual uses of the Navy Pier and Headlands Subareas, while maximizing the availability of open space and park land, said Commissioners shall so notify the M.P.E.A.. Such changes shall be limited to modifications or changes to the roadway network. Said Commissioners shall make such determination and send such notice within ninety (90) days following receipt of said study. The City shall, at its own expense and within one (1) year thereafter, make such changes to the roadway network as are required. The M.P.E.A. shall, at its own expense and within one (1) year thereafter, make such changes to the landscaping on the Headlands Subarea as are reasonably required as a result of the changes to the roadway network undertaken by the City.
21. The two (2) parcels depicted on the Subarea Map, (Sub)Exhibit 7, collectively as Tract E, Existing Federal Parcels, are outside the boundaries of this planned development. The M.P.E.A. acknowledges, however, that such parcels shall be served by access ways over and across the Headlands Subareas. In the event that the M.P.E.A. or the City acquires control of either or both of these parcels sufficient to allow redevelopment as park land, or either or both of these parcels are otherwise redeveloped as park land, then the Headlands Subarea park land included in this planned development shall be reconfigured and relandscaped to create a park area which is coordinated with the applicable parcel or parcels, as the case may be. Such reconfiguration and relandscaping shall be designed, constructed and maintained in general conformance with the future Headlands Subarea Landscape Plan, (Sub)Exhibit 35, described in Statement Number 6 and attached hereto. Such reconfiguration and relandscaping shall be completed by the M.P.E.A. within a reasonable time following the aforesaid acquisition of the necessary rights to the parcel or parcels or following substantial completion of the redevelopment of the applicable parcel as park land, whichever is earlier. This statement shall be deemed satisfied when the Headlands Subarea park area has been reconfigured and relandscaped to create a coordinated park area with the redeveloped parcel(s) and the Turning Basin Park.

Any development of the Headlands Subarea, and particularly of the applicable portions of Tract E, shall be coordinated with and shall be designed and constructed to accommodate the then existing or known plans for the Turning Basin Park. When and if the Turning Basin Park is developed, the M.P.E.A. will permit third parties, reasonable access to Tract E in order to coordinate said development with Tract E.
22. The M.P.E.A. shall manage the uses of the Headlands and Navy Pier Subareas to avoid unreasonably adverse impacts on the surrounding residents. On the Headlands Subarea, no neighborhood festivals shall be permitted.
23. The M.P.E.A. acknowledges that, although the City's Percent for Public Art ordinance is not applicable to the proposed development, the Navy Pier and Headlands Subareas development project is a public project and that the location and placement of art work in appropriate places on the Headlands and Navy Pier Subareas is a worthy public goal. Accordingly the M.P.E.A. shall, in its planning for the design and construction of the proposed development, take into consideration the installation of art work as an integral part of interior and exterior spaces. In connection with this requirement, the M.P.E.A. shall work with the appropriate representatives of the Public Art Program of the City's Department of Cultural Affairs.
24. In the event that construction of the improvements has commenced but substantial construction activities have ceased for a period of one hundred twenty (120) consecutive days, then the Applicant and the Owner of the property agree to undertake the following: (a) secure the construction site with fencing and/or construction barricades required pursuant to the Chicago Building Code; (b) remove any hazardous and/or flammable materials from the construction site; (c) maintain the construction site in a safe and clean condition; (d) encapsulate the improvements with tarping in order to prevent construction material/debris from leaving the construction site and maintain such tarping so as to secure the partial construction; (e) take any and all action necessary to protect the general public from any dangers associated with the construction site; and (f) preserve the improvements in a safe and sightly condition.
25. The proposed structures on the Dime Pier Subarea shall be designed and constructed in an energy efficient manner generally consistent with the Leadership in Energy and Environmental Design ("L.E.E.D.") Green Building Rating System. The roof of the proposed structures will consist of twenty-five percent ( $25 \%$ ) of the net roof area covered with photovoltaic panels and the remaining seventy-five percent ( $75 \%$ ) covered with high albedo roofing materials. In addition, the project will incorporate FSC certified wood products, native plantings, and the heating and cooling system will incorporate natural ventilation that will reduce energy demand through a geothermal system located beneath the floating docks in the harbor.

Exhibit 36.<br>(To Plan of Development Statements)<br>Planned Development Number 527, As Amended<br>Traffic Management Plan.

1. Purpose.

It is the intent of this plan to help assure that the Navy Pier and Headlands Subareas will be operated in a manner which avoids unreasonable adverse impacts on existing traffic on nearby streets and expressways; assures reasonably safe and efficient traffic operations on the Headlands Subarea and reasonably safe and efficient parking and traffic operations on the Navy Pier Subarea and, as related to the Navy Pier and Headlands Subareas development, parking and traffic operation of the Property; assures reasonably safe and efficient pedestrian and bicycle movements on and about the Navy Pier and Headlands Subareas; and avoids unreasonable interference with the continuous flow of traffic to, through and from the Navy Pier and Headlands Subareas.
2. General Principles.
(i) Traffic movement on the Navy Pier Subarea should be subordinate to traffic movements on the Headlands Subarea. Every reasonable effort should be made to assure that traffic flow into or out of the Navy Pier Subarea is managed to assure that the Headlands Subarea street network operates at a reasonably acceptable level, is reasonably safe for pedestrians and bicyclists and is reasonably efficient for vehicles.
(ii) Private automobile traffic to the Navy Pier Subarea should be minimized to avoid unreasonable adverse impact on the surrounding neighborhood. Every reasonable effort should be made to encourage use of public transit and remote parking and to minimize private automobile use, especially when design day and peak-peak conditions prevail.
(iii) The Headlands Subarea should be maintained as a place of arrival and departure, not as a parking or staging area. Every reasonable effort should be made to assure the continuous flow of traffic on the Headlands Subarea and to prohibit stopping for lengthy periods of time, parking or vehicle staging, including restriction on vehicle lane movements and patterns of circulation on and about the Headlands Subarea. Reasonable steps should be taken to assure the safety of pedestrians crossing the Headlands Subarea roadway in front of the Head House.
(iv) The south dock of the Navy Pier Subarea is intended to be a pedestrian-oriented public way. All vehicles (other than the on-pier tram, emergency vehicles, small
service vehicles as necessary and appropriate which are similar in character to golf carts, and bicycles) should be prohibited from using the south dock during operating hours.
3. Specific Conditions.
(i) Headlands Subarea.
(a) Staging/Parking.

- No vehicle of any kind is permitted to park at any time.
- C.T.A. Buses: Allowed to stage within the designated bus terminal area only.
- Taxis: Allowed in designated space on north side of Grand Avenue only. Taxi queue should not extend into the traffic lanes or across Grand Avenue or Head House Drive.
- Other motor vehicles: No staging at any time.
(b) Circulation.
- No vehicular traffic should be allowed in C.T.A. terminal area at any time, other than C.T.A. buses or C.T.A. service vehicles. Bollards to remain in place except as permitted by the Chicago Department of Transportation.
- C.T.A. vehicles should have ingress via Illinois Street to Streeter Drive to Jardine Drive; egress should be via Jardine Drive to Grand Avenue.
- All charter buses, private buses, school buses, trucks and other delivery and service vehicles (except trucks providing boat delivery service during the period from 11:00 P.M. to 9:00 A.M.) should be prohibited, at all times, from using Illinois Street's loop extension and the recirculation lane. These vehicles should have ingress via Illinois Street to Streeter Drive to the eastbound lane of Grand Avenue to the north dock roadway of the Navy Pier Subarea. Egress should be via the north dock roadway to Grand Avenue.
- The eastbound lane of Grand Avenue is limited to these vehicles, except during Design Day-Peak Hours and Peak-Peak Day-Peak Hours.
- Private automobiles, taxis, limousines and parking shuttles should have ingress via the Illinois Street loop extension.
- Private automobiles, taxis, limousines and parking shuttles may use the recirculation lane.
(ii) Navy Pier Subarea.
(a) South Dock.
- No motor vehicles (other than on-pier tram, emergency vehicles and small service vehicles as necessary and appropriate which are similar in character to the golf cart) should be permitted on the south dock during operating hours. Provided, however, service and maintenance vehicles may be permitted after 11:00 P.M. and before 9:00 A.M.
- The south dock on-pier tram should not deviate from the south dock's designated tram lane. The tram should provide east/west service to the public on the south dock. In addition, but complementary to the south dock tram service, the on-pier tram may run on the north dock; provided, however, the tram shall run to the north dock using the internal north/south connectors only.
(b) North Dock.
- Loading activity at the Family Pavilion loading docks should be scheduled to avoid conflicts on the north dock roadway.
- Every reasonable effort should be taken to avoid unreasonable noise disturbance to the surrounding residential area due to loading activity after 11:00 P.M. and before 9:00 A.M.. This includes to the extent reasonable and practical discouraging semi-truck activity at the Festival Hall loading docks during this time.
(iii) Design Days-Peak Hours; Special Considerations.

Design Days-Peak Hours is defined as an approximately one (1) hour period occurring on Saturdays between mid-May and mid-September usually between the hours of 1:00 P.M. to 3:00 P.M. and 6:00 P.M. to 8:00 P.M. or during a similar peak hour period on other days when daily attendance in excess of thirtyfive thousand $(35,000)$ is anticipated. During Design Days the following provisions shall apply:
(a) Remote Parking System.

- A remote parking system providing for an adequate number of available spaces to handle expected demand as determined by the Traffic Coordinator should be identified to supplement on-pier parking. More than one (1) site may be utilized.
- Signs on Lake Shore Drive and on other appropriate roadways should be installed which direct motorists to off-site parking for the Navy Pier Subarea. Electronic early warning signs should be installed on Lake Shore Drive, the exit ramp at Grand Avenue and Illinois Street west of Lake Shore Drive. In addition, the occupancy of the Navy Pier Subarea parking lots should be monitored. When the on-pier lots are substantially full, the electronic early warning signs should be activated so that motorists seeking parking are discouraged from entering the Headlands Subarea, other than to drop-off passengers.
- Parking shuttles should be allowed to pick-up and drop-off passengers at designated and clearly marked points in front of the Head House and at the east and west drop-off areas reached from the north dock roadway. Regular and frequent shuttle intervals are recommended to enhance the attractiveness of off-site parking.
(b) North Dock.
- The reversible third lane of the north dock roadway, normally an eastbound land, may be used as a westbound lane, but only when the reduced eastbound capacity does not impede the Headlands Subarea traffic flow.
(c) Intersection Control.
- Trained private traffic personnel or City Police should be located at the Illinois Street/Streeter Drive intersection, in front of the Head House, and at the Grand Avenue/Head House intersection to direct and assist the flow of traffic.
- Panel trucks or other vehicles of a similar nature may be permitted to enter the north dock at any time.
- Private buses, taxis or limos in any lane of the north dock roadway should not be permitted to queue unless such queuing would lessen congestion on the Headlands Subarea at such times.
- Use of the east end cul-de-sac turn-around at the end of the north dock roadway should be limited to private autos, taxis, limos, panel trucks and the parking shuttle.
- During the Design Days-Peak Hours, the following provisions shall apply:
- No semi-truck should be allowed to enter the north loading dock.
- No trucks of any kind should be allowed to stage on the north dock.
- No private buses shall be permitted to stage on the north dock roadway.
(iv) Peak-Peak Days-Peak Hours, Special Conditions.

Peak-Peak Days-Peak Hours are defined as an approximately two (2) hour peak traffic period occurring on those rare days designated as such by the Chicago Department of Transportation and the Chicago Police Department on which daily attendance in excess of fifty thousand $(50,000)$ is reasonably anticipated. During these peak hours on such days, for example the fireworks display on July 3, it is critical that the number of vehicles allowed access to the Headlands Subarea be sharply curtailed. All vehicular traffic should be subordinate to public transit, parking shuttle operations and pedestrian and bicycle circulation. Each of the following provisions should apply to an approximately two (2) hour period immediately preceding the event giving rise to the Peak-Peak Days-Peak Hour designation:

- No vehicles should be allowed to enter the Navy Pier Subarea parking lots.
- No vehicles, except the parking shuttle, should be allowed on the loop extension of Illinois Street or on the recirculation lane.
- The parking shuttle may drop-off passengers in the two (2) drop-off areas reached from the north dock roadway (via Streeter Drive and the eastbound lane on Grand Avenue, between Streeter and Head House Drives).
- To direct and assist with the flow of traffic, trained private traffic personnel or City Police should be located at the Illinois/Streeter intersection, in front of the Head House, at the Grand/Head House intersection, on the north dock roadway, and at the Streeter/Grand intersection.
- No semi-truck should be allowed to enter the north dock roadway.
- Panel trucks or other vehicles of a similar nature making a delivery may by permitted to enter the north dock at any
- No trucks of any kind should be allowed to stage on the north dock.
- Use of the east end cul-de-sac turn-around at the end of the north dock roadway should be limited to private autos, taxis, limos, panel trucks, and the parking shuttle
(v) Public Awareness.

Every reasonable effort shall be made to promote public awareness and understanding of the traffic management system. Additionally, directional signage for motorists should be installed where appropriate. At a minimum, brochures, pamphlets and advertising should communicate the following in a reasonably clear and easily comprehensible manner:

- Transit facility locations, schedules and routes;
- Headlands Subarea circulation routes depicted type of vehicles permitted on each roadway and applicable conditions; and

Location of all remote parking facilities, together with information on remote parking shuttle service (e.g. frequency and location of stops).
4. Minor Deviations.

Minor deviations from the requirements of the TMP are permitted from time to time when and to the extent unique circumstances warrant such deviations

(Sub)Exhibit 37.<br>(To Plan Of Development Statements)<br>Planned Development Number 527. (As Amended)<br>Navy Pier Recommendations. Policies And Standards.

Key Recommendations:

1. Improve the Quality and Continuity of Park Space along the Entire Waterfront.

- Reclaim the existing surface parking lots on the Headlands for twelve (12) acres of additional lakefront park.
- Convert the one-half mile long south dock of Navy Pier to a major public lakefront promenade and open space.
- Redesign the park area along the South Bank of the Chicago River to connect to the new Turning Basin Parks and to serve as the downtown's gateway to the entire Navy Pier/Turning Basin area.
- Reconfigure pedestrian and bicycle paths in order to promote better access to and through the lakefront parks.
- Create a monumental gateway to the City and a link between the lakefront parks and riverwalk system by constructing a circular River Mouth Turning Basin park.

2. Improve Regional Access to the Area Minimize Traffic and Parking Impacts on the Surrounding Neighborhoods.

- Promote more efficient traffic movement -and increase the available park landthrough a redesigned street system on the Navy Pier Headlands. Encourage more transit use to the area by creating accommodations for increased bus transit service and the proposed downtown circulator system.
- Create up to one thousand two hundred $(1,200)$ parking spaces on Navy Pier to meet the average daily demands of visitors coming to the area.
- Develop a remote parking strategy to meet the needs of design-day visitors to the Pier by utilizing appropriate existing parking facilities. These facilities would be served by remote shuttle service.

3. Unite Parks, Public Facilities, and Support Functions in a Permanent Downtown Waterfront Activity Center.

- Create special design standards to ensure that new development will respect the overall historic silhouette of Navy Pier.
- Promote a public activity center that emphasizes public uses of Navy Pier and discourages private hotel, commercial office and residential development.
- Develop a new Festival Hall on Navy Pier to host a number of public and private events and to complement the existing auditorium at the east end of the Pier.
- Develop complementary shopping, restaurant, theater and cultural facilities at Navy Pier for visitors and local residents.
- Develop a new public winter garden and other winter-oriented uses on Navy Pier to encourage year-round lakefront activity.

The following policies serve as the basis for redevelopment of parcels and facilities within the Navy Pier/Turning Basin planning area:
A. Land Use.

1. Enhance the public nature of the Navy Pier/Turning Basin area as a place for the use of and enjoyment by Chicago area residents, visitors and the adjacent community.
2. Develop Navy Pier and the Headlands in a way that emphasizes public uses and discourages future private hotel, commercial office or residential development.
3. Ensure sensitive water-side uses and development by addressing impacts of size, location, public access and operations of commercial tour boats.
B. Open Space/Pedestrian.
4. Complete and enhance the lakefront park system at Navy Pier, Pier Headlands and Chicago River Turning Basin.
5. Consider the policies of the Lakefront Plan of Chicago and Chicago River Urban Design Guidelines - Downtown Corridor.
6. Give pedestrian movement priority in the design of Navy Pier, Pier Headlands and the Tuming Basin.
7. Provide public access, where feasible, along the entire waterfront.
8. Create an area-wide pedestrian corridor and open space system that improves access from the Loop, Streeterville, Cityfront Center and Illinois Center to the lakefront.
9. Minimize noise from arrivals, departures and activities on Navy Pier, Pick Headlands and the Turning Basin by promoting appropriate noise abatement.
10. Improve bicycle circulation within the Navy Pier/Turning Basin area.
11. Ensure that all new development at the Pier/Turning Basin area meets all governmental environmental quality standards.
C. Urban Design.
12. Maintain the historic silhouette of Navy Pier and preserve the existing Head House and east end building complex.
13. Orient development, pedestrian paths and open spaces towards the water edges.
14. Protect and frame views of the city skyline and the Lake to and from Navy Pier.
15. Conceal parking on Navy Pier from public view.
D. Transportation.
16. Design a more efficient street and block system for the Pier Headlands.
17. Minimize roadway and ramp intrusions on the lakefront parks and around the water edges.
18. Increase the availability of public transportation to the area.
19. Provide adequate facilities for circulation within and through the site for pedestrians, public transit, shuttle service, charter buses and private vehicles.
20. Improve transit and pedestrian circulation on the Pier itself.
21. Provide only the amount of parking necessary to serve the needs of the average daily demands of the Navy Pier/Headlands.
22. Establish a traffic and parking management program, including remote parking and linked shuttle service, to reduce direct, private automobile traffic to Navy Pier and to accommodate design-day parking needs.

Appendix A: Lake Michigan and Chicago Lakefront Protection Ordinance.
The basic policies which govern present and future development for Chicago's lakefront include:

1. Complete the publicly-owned and locally controlled park system along the entire Chicago Lakefront.
2. Maintain and enhance the predominantly landscaped, spacious and continuous character of the lakeshore parks.
3. Continue to improve the water quality and ecological balance of Lake Michigan.
4. Preserve the cultural, historical and recreational heritage of the lakeshore parks.
5. Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.
6. Increase the diversity of recreational opportunities while emphasizing lakeoriented leisure-time activities.
7. Protect and develop natural lakeshore park and water areas for a wildlife habitation.
8. Increase personal safety.
9. Design all lake edge and lake construction to prevent detrimental shoreline erosion.
10. Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted east of Lake Shore Drive.
11. Improve access to the lakeshore parks and reduce through vehicular traffic on secondary park roads.

Appendix B: Chicago River Urban Design Guidelines.
The City of Chicago Department of Planning in conjunction with the Friends of the Chicago River has prepared a set of urban design guidelines for the downtown portion of the Chicago River. These Guidelines are intended for use by the Department of Zoning and Land Use Planning and Chicago Plan Commission in reviewing Planned Developments proposed for the downtown portion of the Chicago River. The guidelines apply to the portion of the river bounded by Chicago Avenue on the north, Cermak Road on the south, and the lock at Lake Michigan on the east. The guidelines were adopted by the Chicago Plan Commission in June 1990.

The objectives of the guidelines are:

- To establish a continuous riverside walkway throughout the downtown corridor.
- To create oases of quiet green space easily accessible to central area workers, residents and visitors.
- To transform the downtown portion of-the Chicago River into a high-profile tourist attraction and recreational amenity, thereby enhancing 'Chicago's image as a desirable place to live, work and visit.
- To reinforce and extend the visually impressive urban ensemble now in place on the river and thus promote the city's reputation as a center of quality design.
- To establish the river as a prestigious development corridor and create an appropriate centerpiece for the expanded downtown.

While the Navy Pier/Turning Basin Development Guidelines and Chicago River Urban Design Guidelines - Downtown Corridor share some overlapping planning area boundaries, both guidelines are consistent in policy and intent. However, the Navy Pier/Turning Basin Guidelines provide more detailed recommendations for this particular area.

The Chicago River Urban Design Guidelines - Downtown Corridor is available to the general public from the City of Chicago, Department of Zoning and Land Use Planning.

Appendix C: General Urban Design And Landscaping Standards.
The following general urban design and landscaping standards should be considered in the design of the promenade and open spaces within the Navy Pier/Turning Basin planning area.

1. Public Promenade, Plaza And Streetscape Features.
a. A comprehensive system of public and private signs should be developed for the Navy Pier/Tuming Basin area. Standardized international symbols should be used for public service and information signs. A public/private system of "trailblazer" signs should be used to direct pedestrians and motorists to common destinations, including Navy Pier, Olive Park, Ohio Street Beach and remote parking.
b. Walkways should be sized to accommodate specific functions, such as pedestrian movement between places or window shopping. Where uninterrupted and quick walking between places is the primary function of the path, a minimum unobstructed width should be provided.
c. Along a pedestrian walkway or sidewalk, the distance from one (1) pedestrian cross-path to the next should be no greater than five hundred (500) feet where feasible, efficient and appropriate.
d. Walkways should not be obstructed or appear to be obstructed by gates, walls, chains, ropes or other barriers. Walkway routes should not be unnecessarily circuitous.
e. Railings, if any, along the water's edge should be relatively open and transparent, allowing pedestrians to view the water.
f. Where possible, promenades should be oriented towards the water's edge or building landmarks (e.g., Navy Pier Head House) for pedestrian orientation.
g. Where outdoor staircases are necessary to provide a transition between grades (such as at Navy Pier Park), the tread widths should be sized for easy removal of snow accumulation.
h. Pedestrian paths, seating areas and other high traffic areas should be paved with attractive materials.
i. Pavement materials should consist of colorful, durable, non-slip surfaces. Paving should include flat, even surfaces to facilitate snow and ice removal and for public safety during the winter.
j. For security, all walkways, stairways and public open spaces should be illuminated appropriately. Lighting must be attractively designed. To ensure pedestrian scale, the combined height of standard plus luminaire should not be excessive. Coordination of lighting design within the planning area is strongly encouraged.
k. Arcades (covered walkways open to the pedestrian promenade on one (1) side) should not be substituted for the minimum requirements for the pedestrian promenade.
2. Benches and group seating areas should be provided for public use. For comfort, benches with wooden seats and backs are preferred, although ledges and planters suitable for sitting are acceptable. Variety in the types of seating is encouraged. An appropriate number of the seating should permit a direct view of the water, where possible. Seating that faces the water, but has its view impaired by walls, vegetation or structures should be avoided.
m . Other street furniture elements such as traffic signals/sign/lighting supports, trash receptacles, newspaper boxes, mail boxes, flags, etc. should be designed and included as part of an overall system. Where possible and feasible, a standard kiosk should be designed and used throughout the area for events announcements and commercial advertising in lieu of billboards.
n. Storm run-off is one of the principal sources of lake and river pollution. Waterside projects, where feasible and appropriate, should be graded to direct storm run-off to the sewer system or suitable storm water retention areas, not into the lake or river. A one percent (1\%) slope away from the water's edge should be encouraged.
o. Outside public promenades along the lake and river should be accessible to the public from 6:00 A.M. to 11:00 P.M. (Chicago Park District hours) every day, year-round, except when closed for maintenance.
3. Development Adjacent To Open Spaces And Promenades.
a. The ground floor of buildings along open spaces or sidewalks designated as pedestrian areas should maximize, within reason, the frontage in pedestrian-related uses. However, it is recognized that initially there may not be enough pedestrian traffic to support retail uses. In such cases, "punch-out" spaces that may be converted to retail use in the future should be considered. Lobbies, service areas and blank walls constituting more than twenty-five percent ( $25 \%$ ) of the frontage along pedestrian designated areas should be discouraged.
b. The exterior facade of pedestrian-related uses should consist primarily of clear display windows or windows allowing for visibility into the shop, restaurant or other pedestrian use. Reflective glass, on both upper and lower floors, is discouraged.
c. Blank walls (i.e., without windows or doors) facing pedestrian paths should be discouraged. If a blank wall is necessary because an alternative treatment would create practical difficulty or hardship, such walls should be given an attractive architectural treatment using quality materials or else screened with planting.
d. Access doors into pedestrian-related uses should be spaced to avoid long expanses between doors.
e. The ground floor of buildings fronting on pedestrian promenades or plazas should be located as feasible and appropriate to the promenade right-ofway lines or edge delineation, in order that ground floor pedestrian uses are directly accessible by persons using the open spaces.
f. To create a lively pedestrian environment, outdoor cafes and shops are encouraged. Small retail kiosks could be located along walkways and should be movable.
g. When seating for an outdoor cafe adjoins a public walkway, the two should be clearly differentiated. Massive barriers separating public and private uses should be discouraged. In configuring outdoor seating, walkway obstructions should be avoided. An eight (8) foot wide corridor should be reserved for pedestrian circulation.
h. Building frontage incompatible with open spaces and promenades should be discouraged, in particular:
4. Chain linked fences or barbed wire.
5. Utility doors or staircases.
6. Truck docks.
7. Service drives.
8. Parking curb cuts and spaces located at-grade.
9. Storage facilities.
10. Electrical and mechanical equipment
11. Trash or garbage containers or other building maintenance facilities or equipment.
12. Billboards or other off-premise commercial signs, except as encouraged on storefronts and advertising kiosks.
13. Ventilator exhaust equipment.
14. Concrete road barriers and utility guard rails.
i. Parking garages on Navy Pier should be designated to minimize, where feasible and possible, the visibility of parked automobiles from open spaces.
15. Garage facades should be treated with quality materials as though the garage was part of overall redevelopment (e.g., Exhibit Hall, Winter Garden);
16. Sloping or ramped floors of the structure should not be visible from the exterior of the structure and should be discouraged.
17. Automobiles parked within the structure visible from any portion of the exterior of the structure should be avoided.
18. Harsh or glaring lighting should be avoided. Bare bulbs and unenclosed lighting fixtures visible from the exterior of the structure should be discouraged. Automobile headlights shining onto any open space or adjoining building from within the garage should be avoided if feasible.
19. Vehicular ingress and egress points should be located away from pedestrian circulation areas. Where this is unavoidable, the exit should be set back from the path or sidewalk so the exiting cars are visible to pedestrians before the cars cross the pedestrian area.

## 3. Landscaping.

a. All public promenades and plazas should have an appropriate minimum average landscaping coverage. Ground covered by tree grates may count towards the minimum.
b. All Pier Headlands and Turning Basin parks (except Head House Square) should also have an appropriate minimum average landscaping coverage.
c. Vegetation, if possible and feasible, should be planted in the ground rather than in planters to provide adequate root space and maintain pedestrian pathway widths. If planters are used, they should be as large (horizontally) as possible, particularly for trees. (Bear in mind that under ideal conditions, the horizontal diameter of a tree's roots may equal or exceed its height). For trees long pits permitting multiple plantings and shared root space are preferable to smaller pits with single plantings. Above ground
pots, which crowd roots and expose them to freezing winds, should be discouraged.
d. To permit moisture and oxygen to reach roots, the ground surface around trees kept in a natural state should be considered. If paving is necessary, paving blocks set in sand, which permit moisture to seep into the ground, should be considered.
e. Plants which tolerate the drying effects of strong wind, airborne salts and intermittent natural light are preferable. Trees should be chosen for yearround interest-spring flowers, summer foliage, bright fall colors and attractive shape, bark, berries or other features in winter. Trees selected should have long-season leaf presence.
f. Trees native to the riverbank should be considered for planting in ground along the river. These include:

1. Bald Cypress.
2. Black Adder.
3. Green Ash.
4. Swamp White Oak.
5. Male Cottonwood.

The proposed building is designed with geo-exchange system comprising of water to air geo-exchange heat pumps with an efficiency of 16 EER and COP of 3.0. The water to air heat pumps utilize the geo-exchange loop as a heat source to extract heat in winter to heat, and as a sink to reject heat in summer to cool the space. In winter, a high efficiency hot water condensing boiler supplemenis the heat purmps for heating the space.

Water to water geo-exchange heat pumps are provided to supply hot water for domestic use and for cabinet unit heaters to balance the cooling dominated ground loop load.

The system also consists of energy recovery via energy recovery enthalpy wheels.
The solar thermal heating system primarily serves the pool heating system.
The building is designed with efficient lighting that incorporates daylighting controls and occupancy sensors.
