WHEREAS, The tragic death on July 18, 2010, at age 62, of Chicago Police Officer Michael Ray Bailey, Sr. (Star Number 13970), is a sobering loss for all Chicagoans, who rely on our men and women in blue to face risk and hardship without complaint on our behalf every day; and

OFFICE OF THE MAYOR
CITY OF CHICAGO

September 8, 2010.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution concerning Lieutenant Gilbert Munoz and Firefighter/E.M.T. Salvatore Mastrodomenico of the Chicago Fire Department, and their exemplary conduct during the events of July 24, 2010.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, Early in the morning on Saturday, July 24, 2010, companies of the Chicago Fire Department's 6th District responded to an extra-alarm fire on the 8300 block of South Marquette Avenue; and

WHEREAS, Because of numerous calls and reports of trapped residents, the Office of Emergency Management and Communications ordered a heightened response, with additional apparatus and manpower rushed to the scene; and

WHEREAS, Arriving first, the members of Engine 72 saw that the main portion of the conflagration was in the basement and they quickly stretched hoseline to attack the fast-spreading fire. Meanwhile, Truck 49, under the command of Lieutenant Gilbert Munoz, ordered an immediate primary search of the basement; and

WHEREAS, The fire was burning with intense ferocity near the rear exit of the basement giving off heavy black smoke and very high heat, because of the lack of ventilation openings in the lower level; and

WHEREAS, Quite apart from the deadly fire, the first responders searching in the basement for victims faced two additional challenges -- nearly a foot of water in the basement as a result of recent local flooding, and extensive floor-to-ceiling clutter, with only narrow aisles to navigate; and

WHEREAS, Lieutenant Munoz and Firefighter/E.M.T. Salvatore Mastrodomenico of Engine 126 decided to try to crawl past the fire area to facilitate their search. After doing so, they soon found a stricken man in a front basement bedroom. The victim, an elderly man, had been overcome by the heat and smoke, and was lying unconscious and in critical condition in the water on the basement floor; and

WHEREAS, Moving with flawless teamwork, the two firefighters safely carried the man out past the raging basement fire and up the stairs to ground level; and

WHEREAS, Reaching the exit, the firefighters turned the man over to a fire department ambulance crew, which immediately began to administer treatment to the seriously injured patient; and

WHEREAS, Lieutenant Munoz and Firefighter/E.M.T. Mastrodomenico acted in the highest traditions of the Chicago Fire Department in successfully carrying out a rescue under extremely hazardous conditions; and

WHEREAS, The two firefighters were deterred neither by the deadly fire, nor by the flooding, nor by the labyrinthine basement conditions. Instead, they met the challenges with determination and skill, quickly completing their mission and saving the life of one unfortunate elderly resident; and

WHEREAS, The actions of all of the responders are a reminder of the heroism, professionalism, and sacrifice displayed by the members of the City of Chicago Fire Department every day; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this eighth day of September, 2010, do hereby honor Lieutenant Gilbert Munoz and Firefighter/E.M.T. Salvatore Mastrodomenico of the City of Chicago Fire Department for their heroic rescue; and

Be It Further Resolved, That suitable copies of this resolution be presented to these members of the City of Chicago Fire Department, and placed on permanent record in their personnel files, as a token of our appreciation and esteem.

On motion of Alderman Burke, seconded by Aldermen Beale, Pope and Doherty, the foregoing resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Fioretti, Dowell, Preckwinkle, Hairston, Lyle, Jackson, Harris, Beale, Pope, Balcer, Cárdenas, Olivo, Burke, Foulkes, Thomas, Lane, Rugai, Cochran, Brookins, Muñoz, Zalewski, Dixon, Solis, Maldonado, Burnett, E. Smith, Graham, Reboyras, Suarez, Waguespack, Mell, Austin, Colón, Rice, Mitts, Allen, Laurino, O'Connor, Doherty, Reilly, Daley, Tunney, Levar, Shiller, Schuller, M. Smith, Moore, Stone -- 49.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, the Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago, extended gratitude and appreciation to Lieutenant Gilbert Munoz and Firefighter/Emergency Medical Technician Salvatore Mastrodomenico for their heroic, life-saving rescue. Declaring his pride in the Chicago Fire Department, Mayor Daley lauded the discipline, training, and decision-making exhibited by the honorees and by the many brave uniformed men and women who daily place their lives in jeopardy for the safety and protection of others. Citing the selfless dedication and esprit de corps shared by the members of the Fire Department, Mayor Daley noted that too often the heroism of our uniformed services goes unreported and unrecognized yet a debt of gratitude is owed these brave and selfless public guardians. After calling the City Council's attention to the presence in the visitors' gallery of the families and friends of the honorees, Mayor Daley invited Lieutenant Gilbert Munoz and Firefighter/Emergency Medical Technician Salvatore Mastrodomenico to the Mayor's rostrum where he expressed his personal thanks and presented each with a parchment copy of the congratulatory resolution.

Be It Ordained by the City Council of the City of Chicago:

Part A.

Article I.

SECTION 1.1 Authorization. The above recitals are incorporated in this ordinance. This ordinance is adopted pursuant to Section 6(a) of Article VII of the Constitution. This ordinance authorizes the issuance of the 2010 Bonds as follows: (i) Part B hereof authorizes the issuance, from time to time, of 2010 Third Lien Bonds, in one or more series, in such principal amounts and with such terms and provisions as set forth therein and in the Third Lien Master Indenture, and the related Supplemental Indentures therein approved; (ii) Part C hereof authorizes the issuance, from time to time, of 2010 PFC Bonds, in one or more series, in such principal amounts and with such terms and provisions as set forth therein and in the PFC Master Indenture and the related Supplemental Indentures therein approved; and (iii) Part D hereof sets forth provisions applicable to both the 2010 Third Lien Bonds and the 2010 PFC Bonds and authorizes City officials to execute and deliver agreements relating to the matters authorized by this ordinance. Part E hereof sets forth provisions supplementing the City's existing authorization for Authorized Obligations, authorizes certain agreements in connection with the City's debt obligations, and amends the Municipal Code of Chicago (the "Municipal Code").

SECTION 1.2 Finding And Determinations. This City Council hereby finds and determines as follows:

(a) that the issuance of the 2010 Third Lien Bonds and the refunding of the Outstanding Airport Obligations will result in debt service savings or provide other benefits to the Airport;

(b) that the issuance of the 2010 PFC Bonds and the refunding of the Outstanding PFC Bonds and any other bonds, notes or other obligations issued by the City to finance or refinance any Project will result in debt service savings or provide other benefits to the Airport;

(c) that the Airport Projects to be financed by the City with the proceeds of the 2010 Third Lien Bonds are necessary and essential to the efficient operation of the Airport;

(d) that the Projects to be financed by the City with the proceeds of the 2010 PFC Bonds are necessary and essential to the efficient operation of the Airport;

(e) that the City's ability to issue 2010 Bonds from time to time without further action by this City Council at various times, in various principal amounts and with various interest rates and interest rate mechanisms, maturities, redemption provisions and other terms will enhance the City's opportunities to obtain financing for the Airport upon the most favorable terms available;

(f) that from time to time interim financing of capital projects at, near or for the benefit of the Airport, including, without limitation, capital projects included in or related to the O'Hare Modernization Program or the O'Hare Capital Improvement Program, is needed prior to the issuance of long term revenue bonds or the receipt of federal grants;

(g) that from time to time it is desirable to refund (i) outstanding airport revenue bonds and notes of the City (including bonds and notes payable from passenger facility charges or special facility revenues) and other payment obligations related thereto (the "Outstanding Obligations") and (ii) future issues of Airport revenue bonds and notes of the City (including bonds and notes payable from passenger facility charges or special facility revenues) as may be outstanding from time to time, and other payment obligations related thereto (the "Future Outstanding Obligations"); and

(h) that the delegations of authority that are contained in this ordinance, including the authority to make the specific determinations described in clause (e) above, are necessary and desirable because this City Council cannot itself as advantageously, expeditiously or conveniently exercise such authority and make such specific determinations. Thus, authority is granted to the Mayor, the Chief Financial Officer appointed by the Mayor or the City Comptroller (the "Authorized Officer" as referred to herein being either the Chief Financial Officer or the City Comptroller) to determine to sell one or more series of 2010 Bonds, at one or more times, as and to the extent such officers determine that such sale or sales is desirable and in the best financial interest of the City and the Airport.

SECTION 1.3 Forms Of Documents. There have been presented to this City Council forms of the following documents:

(a) Thirty-Eighth Supplemental Indenture Securing Chicago O'Hare International Airport General Airport Third Lien Revenue Bonds, Series 2010A (attached hereto as Exhibit A);

Authorization And Details Of 2010 Third Lien Bonds.

SECTION 2.1 Authorization Of 2010 Third Lien Bonds.

(a) The 2010 Third Lien Bonds are hereby authorized to be issued in an aggregate principal amount of not to exceed \$1,000,000,000 plus an amount equal to the amount of any original issue discount used in the marketing of the 2010 Third Lien Bonds (not to exceed 10% of the principal amount thereof) pursuant to the Third Lien Master Indenture and one or more Supplemental Indentures for the purposes specified in Section 2.2 of this Part B. The maximum aggregate principal amount of 2010 Third Lien Bonds and 2010 PFC Bonds that may be issued under or pursuant to this Ordinance is limited to \$1,000,000,000 plus an amount equal to the amount of any original issue discount used in the marketing of the 2010 Bonds (not to exceed 10% of the principal amount thereof). The 2010 Third Lien Bonds may be issued bearing interest at a fixed interest rate or rates or at a variable interest rate or rates as more fully set forth in the related Supplemental Indenture, including but not limited to variable interest rates that are reset periodically by the Remarketing Agent and variable interest rates commonly referred to as "flexible", "adjustable" or "commercial paper" rates, in which specified bonds of a series bear interest at rates that differ from the rates borne by other bonds of the series and have different accrual and mandatory tender and purchase provisions (herein called "Variable Rates"), and may be secured as to principal, purchase price and interest by one or more Letters of Credit or Reimbursement Agreements. Any 2010 Third Lien Bonds that initially bear interest at a variable rate may thereafter bear such other interest rate or rates as may be established in accordance with the provisions of the related Supplemental Indenture. The 2010 Third Lien Bonds may be issued under bond structures commonly referred to as "medium term" and "put option," which may include provisions pursuant to which the Owners of such 2010 Third Lien Bonds have the option to tender such 2010 Third Lien Bonds for payment prior to their stated maturity dates or mandatory redemption dates and the City may permit such a "put option" with or without having available a Letter of Credit or liquidity facility sufficient to fund the purchase price of any 2010 Third Lien Bonds tendered for purchase pursuant to such "put option", if an Authorized Officer determines that the terms and provisions of the "put option" will provide the City with sufficient time to fund or otherwise provide for the payment of such purchase price. Any 2010 Third Lien Bonds that bear interest at a fixed rate may be issued as current interest bonds, as capital appreciation bonds or as capital appreciation bonds that convert to current interest bonds at a future date after their issuance.

(b) The 2010 Third Lien Bonds shall mature not later than January 1, 2050, and shall bear interest from their date, or from the most recent date to which interest has been paid or duly provided for, until the City's obligation with respect to the payment of the principal amount thereof shall be discharged, payable as provided in the related Supplemental Indenture at a rate or rates not in excess of the lesser of 15% per annum or, so long as such 2010 Third Lien Bonds are secured by a Letter of Credit, the maximum interest rate with respect to such 2010 Third Lien Bonds used for purposes of calculating the stated amount of such Letter of Credit. The redemption price may be based upon a formula designed to compensate the Owner of the 2010 Third Lien Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the "Make-Whole Redemption Price"). At the time of sale of the 2010 Third Lien Bonds, an Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether the 2010 Third Lien Bonds are issued on a taxable or tax-exempt basis or, in the case of the redemption of Build America Bonds or QECBs, on whether the Bonds are being redeemed as a result of an occurrence of an "Extraordinary Event" as determined by an Authorized Officer, including, but not limited to, any determination by the City that a change has occurred to Sections 54AA, 54A, 54D, 1400U-2, or 6431 of the Code or any other applicable section of the Code or there is any guidance published by the Internal Revenue Service, the Treasury or other applicable Federal department or agency with respect to such sections or any other determination by the Internal Revenue Service, the Treasury or other applicable Federal department or agency, pursuant to which federal subsidies with respect to the Build America Bonds or QECBs are reduced, eliminated or adversely adjusted. An Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

(c) The 2010 Third Lien Bonds shall be entitled "Chicago O'Hare International Airport General Airport Third Lien Revenue Bonds" or "Chicago O'Hare International Airport General Airport Third Lien Revenue Refunding Bonds", as appropriate, and may be issued in one or more separate series, appropriately designated to indicate the order of their issuance.

(d) Each 2010 Third Lien Bond shall be issued in fully registered form and in the denominations set forth in the related Supplemental Indenture; and shall be dated and numbered and further designated and identified as provided in the Third Lien Master Indenture and the related Supplemental Indenture.

(e) Principal of and premium, if any, on the 2010 Third Lien Bonds shall be payable at the principal corporate trust office of the Master Trustee or any Paying Agent as provided in the Third Lien Master Indenture and related Supplemental Indenture. Payment of interest on the 2010 Third Lien Bonds shall be made to the registered owner thereof and shall be paid by

The 2010 Third Lien Bonds and the obligation to pay interest thereon do not now and shall never constitute an indebtedness or a loan of credit of the City, or a charge against its general credit or taxing powers, within the meaning of any constitutional or statutory limitation of the State of Illinois. In connection with the issuance of any series of 2010 Third Lien Bonds secured by a pledge of or otherwise payable from Other Available Monies, the City shall determine in the related Supplemental Indenture or by a Certificate of an Authorized Officer filed with the Third Lien Master Trustee, all of the terms and conditions of such pledge, including the annual payment amount, the lien status thereof and the duration of such pledge.

The interest rate payable on any Bank Note shall not exceed 18% per annum (including the recovery by the Bank of any amounts otherwise not payable to the Bank solely as a result of the interest limit set forth in the Bank Note, any interest so recovered to be determined at an interest rate not to exceed 25 percent per annum) and the maturity thereof shall not be later than five years after the latest maturity date of the related series of 2010 Third Lien Bonds. The annual fee payable to any Bank under a Reimbursement Agreement shall be determined by the Authorized Officer as shall be in the best interest of the City in the operation of the Airport under then existing market conditions. The obligations of the City under each Reimbursement Agreement and under each Bank Note do not now and shall never constitute an indebtedness or a loan of credit of the City, or a charge against its general credit or taxing powers, within the meaning of any constitutional or statutory limitation of the State of Illinois. Such obligations shall be limited obligations of the City secured by a pledge of the Third Lien Revenues and by the other specified sources pledged under the Third Lien Master Indenture and the related Supplemental Indenture, and shall be valid claims only against the funds and assets and other money held by the Third Lien Master Trustee with respect thereto and against such Third Lien Revenues.

(g) By the purchase of the 2010 Third Lien Bonds, purchasers of such bonds agree, for themselves and any successor Owners, to the provisions of any one or more Third Lien Master Indenture amendments executed and delivered pursuant to the authorization set forth in Part B, Section 2.5(g) of that certain bond ordinance which was introduced on October 7, 2009 and adopted by the City Council of the City on November 18, 2009, relating to bond financing at O'Hare Airport.

(h) The execution and delivery of a Supplemental Indenture shall constitute evidence of this City Council's approval of the form of such Supplemental Indenture as executed and delivered.

SECTION 2.6 Qualified Reserve Account Credit Instruments. The Authorized Officer is hereby authorized to arrange for the provision of one or more Qualified Reserve Account Credit Instruments (as defined in the Thirty-Eighth Supplemental Indenture) as security for all or a portion of the 2010 Third Lien Bonds if the Authorized Officer determines that it would be in the best financial interest of the City in its operation of the Airport.

*Article II.**Authorization And Details Of 2010 PFC Bonds.***SECTION 2.1 Authorization Of 2010 PFC Bonds.**

(a) The 2010 PFC Bonds are hereby authorized to be issued in an aggregate principal amount of not to exceed \$1,000,000,000 plus an amount equal to the amount of any original issue discount used in the marketing of the 2010 PFC Bonds (not to exceed 10% of the principal amount thereof) pursuant to the PFC Master Indenture and one or more Supplemental Indentures for the purposes specified in Section 2.2 of this Part C. The maximum aggregate principal amount of 2010 Third Lien Bonds and 2010 PFC Bonds that may be issued under or pursuant to this Ordinance is limited to \$1,000,000,000 plus an amount equal to the amount of any original issue discount used in the marketing of the 2010 Bonds (not to exceed 10% of the principal amount thereof). The 2010 PFC Bonds may be issued bearing interest at a fixed interest rate or rates or at a variable interest rate or rates as more fully set forth in the related Supplemental Indenture, including but not limited to variable interest rates that are reset periodically by the Remarketing Agent and variable interest rates commonly referred to as "flexible", "adjustable" or "commercial paper" rates, in which specified bonds of a series bear interest at rates that differ from the rates borne by other bonds of the series and have different accrual and mandatory tender and purchase provisions (herein called "Variable Rates"), and may be secured as to principal, purchase price and interest by one or more Letters of Credit or Reimbursement Agreements. The 2010 PFC Bonds may be issued under bond structures commonly referred to as "medium term" and "put option", which provisions pursuant to which the Owners of such 2010 PFC Bonds have the option to tender such 2010 PFC Bonds for payment prior to their stated maturity dates or mandatory redemption dates and the City may permit such a "put option" with or without having available a Letter of Credit or liquidity facility sufficient to fund the purchase price of any 2010 PFC Bonds tendered for purchase pursuant to such "put option", if an Authorized Officer determines that the terms and provisions of the "put option" will provide the City with sufficient time to fund or otherwise provide for the payment of such purchase price. Any 2010 PFC Bonds that initially bear interest at a variable rate may thereafter bear such other interest rate or rates as may be established in accordance with the provisions of the related Supplemental Indenture. Any 2010 PFC Bonds that bear interest at a fixed rate may be issued as current interest bonds, as capital appreciation bonds or as capital appreciation bonds that convert to current interest bonds at a future date after their issuance.

(b) The 2010 PFC Bonds shall mature not later than January 1, 2050, and shall bear interest from their date, or from the most recent date to which interest has been paid or duly provided for, until the City's obligation with respect to the payment of the principal amount thereof shall be discharged, payable as provided in the related Supplemental Indenture at a rate or rates not in excess of the lesser of 15% per annum or, so long as such 2010 PFC Bonds are secured by a Letter of Credit, the maximum interest rate with respect to such 2010 PFC Bonds used for purposes of calculating the stated amount of such Letter of Credit. (including mandatory redemption pursuant to the application of Sinking Fund Payments) and demand purchase or mandatory purchase provisions prior to maturity, upon the terms and conditions set forth in the PFC Master Indenture and the related Supplemental Indenture.

The redemption price may be based upon a formula designed to compensate the Owner of the 2010 PFC Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the "Make-Whole Redemption Price"). At the time of sale of the 2010 PFC Bonds, an Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether the 2010 PFC Bonds are issued on a taxable or tax-exempt basis or, in the case of the redemption of Build America Bonds or QECBs, on whether the Bonds are being redeemed as a result of an occurrence of an "Extraordinary Event" as determined by an Authorized Officer, including, but not limited to, any determination by the City that a change has occurred to Sections 54AA, 54A, 54D, 1400U-2, or 6431 of the Code or any other applicable section of the Code or there is any guidance published by the Internal Revenue Service, the Treasury or other applicable Federal department or agency with respect to such sections or any other determination by the Internal Revenue Service, the Treasury or other applicable Federal department or agency, pursuant to which federal subsidies with respect to the Build America Bonds or QECBs are reduced, eliminated or adversely adjusted. An Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

(c) The 2010 PFC Bonds shall be entitled "Chicago O'Hare International Airport Passenger Facility Charge Revenue Bonds" or "Chicago O'Hare International Airport Passenger Facility Charge Revenue Refunding Bonds" and may be issued in one or more separate series, appropriately designated to indicate the order of their issuance. Each 2010 PFC Bond shall be issued in fully registered form and in the denominations set forth in the related Supplemental Indenture; and shall be dated and numbered and further designated and identified as provided in the PFC Master Indenture and the related Supplemental Indenture.

(e) Subject to the limitations set forth in this section, authority is hereby delegated to either the Mayor or the Authorized Officer to determine the aggregate principal amount of 2010 PFC Bonds to be issued, the date thereof, the maturities thereof, any provisions for optional redemption thereof, the schedule of Sinking Fund Payments, if any, to be applied to the mandatory redemption thereof (which mandatory redemption shall be at a Redemption Price

equal to the principal amount of each 2010 PFC Bond to be redeemed, without premium, plus accrued interest), the rate or rates of interest payable thereon or method for determining such rate or rates and the first interest payment date thereof. Any optional redemption shall be at Redemption Prices that may include a redemption premium for each 2010 PFC Bond to be redeemed expressed as a percentage, not exceeding three percent (3%), of the principal amount (or in the case of capital appreciation bonds, the accreted value as of the redemption date) of the 2010 PFC Bond to be redeemed, or as a formula designed to compensate the owner of the 2010 PFC Bond to be redeemed based upon prevailing market conditions on the date fixed for such redemption, commonly known as a "make whole" redemption premium.

The interest rate payable on any Bank Note shall not exceed 18% per annum (including the recovery by the Bank of any amounts otherwise not payable to the Bank solely as a result of the interest limit set forth in the Bank Note, any interest so recovered to be determined at an interest rate not to exceed 25 percent per annum) and the maturity thereof shall not be later than five years after the latest maturity date of the related Series of 2010 PFC Bonds. The annual fee payable to any Bank under a Reimbursement Agreement shall be determined by the Authorized Officer as shall be in the best interest of the City in the operation of the Airport under then existing market conditions. The obligations of the City under each Reimbursement Agreement and under each Bank Note do not now and shall never constitute an indebtedness or a loan of credit of the City, or a charge against its general credit or taxing powers, within the meaning of any constitutional or statutory limitation of the State of Illinois. Such obligations shall be limited obligations of the City secured by a pledge of the PFC Revenues and by the other specified sources pledged under the PFC Master Indenture and the related Supplemental Indenture, and shall be valid claims only against the funds and assets and other money held by the PFC Master Trustee with respect thereto and against such PFC Revenues.

The Authorized Officer is hereby further authorized to amend the Continuing Disclosure Undertaking in accordance with its terms from time to time following its execution and delivery as said Authorized Officer shall deem necessary. Notwithstanding any other provision of this Ordinance, the sole remedies for any failure by the City to comply with the Continuing Disclosure Undertaking shall be the ability of the beneficial owner of any 2010 Bond to seek mandamus or specific performance by court order to cause the City to comply with its obligations under the Continuing Disclosure Undertaking.

(g) Authority is hereby delegated to the Mayor and the Authorized Officer (i) pursuant to Section 54AA(d)(1)(C) of the Code and on behalf of the City to make the election required to have Section 54AA of the Code apply to the 2010 Bonds to be issued as Build America Bonds; (ii) pursuant to Section 54AA(g)(2)(B) of the Code and on behalf of the City to make the election required to have subsection (g) of Section 54AA of the Code apply to the 2010 Bonds to be issued as Qualified Build America Bonds; (iii) pursuant to Section 54D of the Code and on behalf of the City to make the election or designation required to have Section 54D of the Code apply to the 2010 Bonds to be issued as QECBs and to designate all or any portion of the 2010 Bonds as QECB Direct Payment Bonds or QECB Tax Credit Bonds; (iv) make any other designations and elections and do such other things on behalf of the City to have any applicable provisions of the Code or relevant federal legislation apply thereto; (v) to execute such documents, agreements, certifications and tax returns as shall be necessary or desirable to establish and/or maintain all or any portion of the 2010 Bonds as Build America Bonds or QECBs and/or to apply for and/or obtain any Tax Credits that may be available to the City or the owners of the 2010 Bonds and transfer any such Tax Credits as a result of any of the 2010 Bonds qualifying as bonds entitled to Tax Credits pursuant to the Code; (vi) to make determinations with respect to the use of Bond Subsidy Payments including, but not limited to, determinations related to any pledge of Bond Subsidy Payments as security for the payment of any 2010 Bond or any other Airport Obligation (as defined in the Third Lien Master Indenture) or any Airport PFC Obligation (as defined in the PFC Master Indenture); and (vii) to provide for the extraordinary redemption of the Build America Bonds or QECBs upon the reduction, termination, suspension, delay, adverse adjustment or other event relating to Bond Subsidy Payments.

SECTION 1.3 Execution And Delivery Of 2010 Bonds. Pursuant to the Third Lien Master Indenture or the PFC Master Indenture, as applicable, the Mayor shall execute the 2010 Bonds on behalf of the City, by manual or facsimile signature, and the corporate seal of the City or a facsimile thereof shall be affixed, imprinted, engraved or otherwise reproduced on the 2010 Bonds and they shall be attested by the manual or facsimile signature of the City Clerk. The 2010 Bonds shall, upon such execution on behalf of the City, be delivered to the Third Lien Master Trustee or the PFC Master Trustee, as applicable, for authentication and thereupon shall be authenticated by the Third Lien Master Trustee or the PFC Master Trustee, as applicable, and shall be delivered pursuant to written order of the City authorizing and directing the delivery of the 2010 Bonds to or upon the order of the underwriters pursuant to the applicable Contract of Purchase.

SECTION 1.4 Interest Rate Swap And Cap Agreements.

(a) If determined by the Authorized Officer to be in the best financial interest of the City in the operation of the Airport, the Authorized Officer is authorized to execute and deliver from time to time in the name and on behalf of the City one or more agreements with counterparties selected by the Authorized Officer, the purpose of which is to limit, reduce or manage the City's interest rate exposure with respect to one or more series of the 2010 Bonds. The stated aggregate notional amount under all such agreements (net of offsetting transactions) at any one time shall not exceed the aggregate principal amount of such 2010 Bonds at the time outstanding. For purposes of the immediately preceding sentence, "offsetting transactions" shall include any transaction which is intended to hedge,

modify or otherwise affect any outstanding transaction or its economic results. The offsetting transaction need not be based on the same index or rate option as the related bonds or the transaction being offset. Examples of offsetting transactions include a floating-to-fixed rate interest rate swap being offset by a fixed-to-floating rate interest rate swap, and a fixed-to-floating rate interest rate swap being offset by a floating-to-fixed interest rate swap or an interest rate cap or floor or a floating-to-floating interest rate swap. In addition, if determined by the Authorized Officer to be in the best financial interest of the City in the operation of the Airport, the Authorized Officer is authorized to execute and deliver from time to time in the name and on behalf of the City one or more agreements with counterparties selected by the Authorized Officer, commonly known as "off market" swap agreements for the purpose of providing additional funds to meet the capital costs of the Airport.

(b) Any such agreement to the extent practicable shall be in substantially the form of either the 2002 I.S.D.A. Master Agreement or the Local Currency-Single Jurisdiction version or the Multi-Currency-Cross Border version of the 1992 I.S.D.A. Master Agreement including a Schedule and/or a Credit Support Annex to such Schedule, if applicable, published by the International Swap Dealers Association, Inc. ("I.S.D.A.") or any successor form to either published by the I.S.D.A., and in appropriate confirmations of transactions governed by that agreement, with such insertions, completions and modifications thereof as shall be approved by the Authorized Officer, his or her execution to constitute conclusive evidence of this City Council's approval of such insertions, completions and modifications thereof. Should the I.S.D.A. form not be the appropriate form to accomplish the objectives of the City under this Section 1.4, then such other agreement as may be appropriate is hereby approved, the execution by the Mayor or the Authorized Officer being conclusive evidence of this City Council's approval of such other agreement and any and all insertions, completions and modifications thereof.

(c) Amounts payable by the City under each such agreement shall constitute limited obligations of the City payable (i) in the case of agreements related to the 2010 Third Lien Bonds, from Third Lien Revenues and Other Available Revenues, if appropriate, as provided in the Third Lien Master Indenture (or from other Revenues of the Airport if secured by a pledge subordinate to the pledge of Third Lien Revenues) and (ii) in the case of agreements with respect to the 2010 PFC Bonds, from PFC Revenues as provided in the PFC Master Indenture. Under no circumstances shall any amounts payable by the City under, or with respect to, any such agreement constitute an indebtedness of the City for which its full faith and credit is pledged. Nothing contained in this Section 1.4 shall limit or restrict the authority of the Mayor or the Authorized Officer to enter into similar agreements pursuant to prior or subsequent authorization of this City Council.

SECTION 1.5 Approval Of Form Of Remarketing Agreement. The Mayor or the Authorized Officer is hereby authorized to execute and deliver a Remarketing Agreement relating to each series of 2010 Bonds in substantially the form previously used for similar financings of the City with appropriate revisions in text as the Authorized Officer shall determine are necessary or desirable, and the City Clerk is hereby authorized to attest the same and to affix thereto the corporate seal of the City or a facsimile thereof. The execution and delivery of each such Remarketing Agreement shall constitute conclusive evidence of this City Council's approval of any and all of such changes and revisions.

SECTION 1.6 Appointment Of Remarketing Agent. The Mayor or the Authorized Officer is hereby delegated the authority to appoint a Remarketing Agent with respect to each series of 2010 Bonds, in the manner provided in the Third Lien Master Indenture or the PFC Master Indenture, as applicable, and the related Supplemental Indenture.

SECTION 1.7 Redemption, Purchase And Tender. The Mayor or the Authorized Officer is authorized to direct that the Outstanding PFC Bonds or Outstanding Airport Obligations to be redeemed be called for redemption prior to maturity (or purchased in lieu of redemption), to select the particular maturity or maturities of the Outstanding PFC Bonds or Outstanding Airport Obligations to be redeemed and to select the redemption date or dates or purchase date or dates for the Outstanding PFC Bonds or Outstanding Airport Obligations to be redeemed or purchased. The Mayor or the Authorized Officer is authorized (a) to tender for Outstanding PFC Bonds and Outstanding Airport Obligations by direct tender or by open market tender, at such tender prices and on such tender payment dates, as shall be determined by the Mayor or the Authorized Officer and (b) on behalf of the City to enter into such agreements with bondholders and financial institutions and otherwise do, or cause to be done, all things necessary or desirable to accomplish the redemption, purchase or tender for purchase of Outstanding PFC Bonds and Outstanding Airport Obligations.

SECTION 1.8 Escrow Deposit Agreements. To provide for the payment and retirement of the Outstanding PFC Bonds and Outstanding Airport Obligations, the Mayor or the Authorized Officer of the City is hereby authorized to execute and deliver for and on behalf of the City one or more Escrow Deposit Agreements in substantially the form of escrow deposit agreements previously used for such purpose by the City, together with such changes thereto and modifications thereof as shall be approved by the Mayor or the Authorized Officer, as the case may be, the execution and delivery thereof to constitute conclusive evidence of this City Council's approval of such changes and modifications.

SECTION 1.9 Tax Directives. The City covenants to take any action required by the provisions of Section 148(f) of the Code in order to assure compliance with Section 413 of the PFC Master Indenture and Section 412 of the Third Lien Master Indenture. Nothing contained in this Ordinance shall limit the ability of the City to issue a portion of the 2010 Bonds as (i) Build America Bonds, (ii) Qualified Build America Bonds, (iii) QECBs or (iv) bonds the interest on which will be includable in the gross income of the owners thereof for Federal income tax purposes under the Code, in each case if determined by the Authorized Officer to be in the best financial interest of the City in its operation of the Airport.

SECTION 1.10 Public Approval. The actions of the Committee on Finance of the City Council of the City with respect to the publication of notice for and the holding of a public hearing in connection with the 2010 Bonds are hereby ratified and confirmed in all respects. The adoption of this Ordinance shall constitute the public approval of the 2010 Bonds for purposes of Section 147(f) of the Code.

SECTION 1.11 Performance Provisions. The Mayor, the Commissioner of Aviation, the Authorized Officer and the City Clerk for and on behalf of the City shall be, and each of them hereby is, authorized and directed to do any and all things necessary to effect the

performance of all obligations of the City under and pursuant to this Ordinance, the Third Lien Master Indenture, and the PFC Master Indenture and the performance of all other acts of whatever nature necessary to effect and carry out the authority conferred by this Ordinance, the Third Lien Master Indenture, and the PFC Master Indenture, including but not limited to, the exercise following the delivery date of any 2010 Bonds of any power or authority delegated to such official of the City under this Ordinance with respect to the 2010 Bonds upon the initial issuance thereof, but subject to any limitations on or restrictions of such power or authority as herein set forth. The Mayor, the Commissioner of Aviation, the Authorized Officer, the City Clerk and other officers, agents and employees of the City are hereby further authorized, empowered and directed for and on behalf of the City, to execute and deliver all papers, documents, certificates and other instruments that may be required to carry out the authority conferred by this Ordinance, the Third Lien Master Indenture, and the PFC Master Indenture or to evidence said authority.

SECTION 1.12 Proxies. The Mayor and the Authorized Officer may each designate another to act as their respective proxy and to affix their respective signatures to, in the case of the Mayor, each 2010 Bond, whether in temporary or definitive form, and to any other instrument, certificate or document required to be signed by the Mayor or the Authorized Officer pursuant to this Ordinance, the Third Lien Master Indenture, and the PFC Master Indenture. In each case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and the Authorized Officer, respectively. A written signature of the Mayor or the Authorized Officer, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with signatures attached, shall be recorded in the *Journal of the Proceedings of the City Council of the City of Chicago* and filed with the City Clerk. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor in person. When the signature of the Authorized Officer is so affixed to an instrument, certificate or document at the direction of the Authorized Officer, the same, in all respects, shall be as binding on the City as if signed by the Authorized Officer in person.

SECTION 1.13 Debt Service Reserve Funds. The Authorized Officer is hereby authorized to take any or all of the following actions with respect to debt service reserve funds, provided that such action or actions shall not constitute a violation of any covenant made in any supplemental indenture: (a) apply 2010 Bond proceeds to the funding of any prior debt service reserve fund, (b) transfer monies among debt service reserve funds, and (c) deposit other monies of the City to any debt service reserve fund.

SECTION 1.14 Dating Of Bond Series. If any 2010 Bonds are issued in calendar year 2011, the year of the series designation for such 2010 Bonds shall be 2011.

SECTION 1.2 Use Of Federal Subsidy Payments Relating To Authorized Obligations. Any Direct Payments received by the City from the Treasury as a result of any Authorized Obligations qualifying as QECB Direct Payment Bonds are hereby authorized to be applied to (i) the principal of and interest on such Authorized Obligations (including the compound

Any amount payable by the City under any such Cancellation Agreement may be paid from the sources provided for the payment of amounts payable by the City pursuant to Interest Rate Exchange Agreements in the existing proceedings or agreements with respect to the related City Indebtedness or Outstanding Revenue Indebtedness, as applicable, or from any other lawfully available funds of the City. Any amounts received by the City under any such Cancellation Agreement shall be used for the purposes authorized for amounts received by the City in connection with Interest Rate Exchange Agreements in the existing proceedings or agreements with respect to the related City Indebtedness or Outstanding Revenue Indebtedness, as applicable.

(b) The Mayor or an Authorized Officer is hereby authorized to execute and deliver, with respect to all or any portion of any Outstanding Revenue Indebtedness, from time to time, one or more Interest Rate Exchange Agreements, upon such terms and conditions as the officer of the City executing such agreement shall determine to be in the best interests of the City. The Bonds are issuable only as fully registered Bonds in the authorized denominations described in the Indenture.

Bonds may be transferred on the books of registration kept by the Bond Registrar or the owner in person or by his or her duly authorized attorney, upon surrender thereof, together with a written instrument of transfer executed by the owner or his or her duly authorized attorney. Upon surrender for registration of transfer of any Bond with all partial redemptions endorsed thereon at the principal office of the Bond Registrar, the City shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of the same maturity, series and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations and bearing numbers not contemporaneously outstanding under the Indenture.

Bonds may be exchanged at the principal office of the Bond Registrar for an equal aggregate principal amount of Bonds in the appropriate form and in the same maturity, series and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations. The City shall execute and the Trustee shall authenticate and deliver Bonds which the Bondholder making the exchange is entitled to receive.

Such registration of transfer or exchange of Bonds shall be without charge to the owners of such Bonds, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the owners of the Bond requesting such transfer or exchange as a condition precedent to the exercise of such privilege.

The Bond Registrar shall not be required to register for transfer or exchange any undelivered Bond or Bonds after the giving of notice calling such Bond for redemption or partial redemption has been made.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of principal, premium, if any, or interest shall be made only to or upon the order of the registered owner thereof or his duly authorized attorney, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The Bonds maturing on January 1, 20__ are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed:

<u>Year</u>	<u>Principal Amount</u>
20__	\$,000
20__	,000
20__	,000
20__ (maturity)	,000

If the City redeems Bonds pursuant to optional redemption or purchases Bonds subject to mandatory redemption and cancels the same, then an amount equal to the principal amount of Bonds of such maturity so redeemed or purchased shall be deducted from the mandatory redemption requirements as provided for such Bonds of such maturity in such order as the City shall determine.

The Bonds maturing on or after January 1, 20__ are subject to redemption otherwise than from mandatory Sinking Fund Payments, at the option of the City, on or after January 1, 20__, as a whole or in part at any time, and if in part, in such order of maturity as the City shall determine and within any maturity by lot, at a redemption price equal to the principal amount of each Bond to be redeemed, plus accrued interest to the date of the redemption.

Notice of any such redemption must be given by the Trustee by first-class mail (or registered mail in the case of registered owners of at least \$1,000,000 of Bonds) not less than 30 or more than 60 days prior thereto to the registered owners of the Bonds. Failure to mail any such notice to the registered owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

This Bond and all other Bonds of the series of which it forms a part are issued pursuant to and in full compliance with the Constitution and laws of the State of Illinois, particularly Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois, and pursuant to an ordinance adopted by the City Council of the City, which ordinance authorizes the execution and delivery of the Indenture. This Bond and the series of which it forms a part are limited obligations of the City payable solely from the amounts pledged therefor under the Indenture.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on any of the Bonds or for any claim based thereon or upon any obligation, covenant or agreement in the Indenture contained against any past, present or future officer, employee or agent, or member of the City Council of the City, or any successor to the City, as such, either directly or through the City, or any successor to the City, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such officer, employee or agent, or member of the City Council, as such, is hereby expressly waived and released as a condition of and in consideration for the execution of the Indenture and the issuance of any of the Bonds.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture.

The Indenture prescribes the manner in which it may be discharged and after which the Bonds shall no longer be secured by or entitled to the benefits of the Indenture, except as provided in the Indenture and for the purposes of registration and exchange of Bonds and of such payment, including a provision that the Bonds shall be deemed to be paid if Federal Obligations, as defined therein, maturing as to principal and interest in such amounts and at such times as to insure the availability of sufficient moneys to pay the principal of, premium, if any, and interest on the Bonds and all necessary and proper fees, compensation and expenses of the Trustee shall have been deposited with the Trustee.

Modifications or alterations of the Indenture, or of any supplements thereto, may be made only to the extent and in the circumstances permitted by the Indenture.

Section 2.08. Mutilated, Lost, Stolen or Destroyed Bonds. If any Bond is mutilated, lost, stolen or destroyed, the City may execute and the Trustee may authenticate a new Bond of like date, maturity, interest rate and denomination as the Bond mutilated, lost, stolen or destroyed, *provided* that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory

to the City and the Trustee, together with indemnity satisfactory to them. In the event any such Bond shall have matured, instead of issuing a substitute Bond the City may pay the same without surrender thereof. The City and the Trustee may charge the Registered Owner of such Bond with their reasonable fees and expenses in this connection. All Bonds so surrendered to the Trustee shall be cancelled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.09. Registration and Exchange of Bonds; Persons Treated as Owners. The City shall cause books for the registration and for the transfer of the Bonds as provided in this Thirty-Eighth Supplemental Indenture to be kept by the Trustee as the Bond Registrar of the City. Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his or her attorney duly authorized in writing, the City shall execute and the Bond Registrar shall authenticate and deliver in the name of the transferee or transferees a fully registered Bond for a like aggregate principal amount.

Bonds may be exchanged at the principal office of the Bond Registrar for a like aggregate principal amount of fully registered Bonds of the same maturity of other authorized denominations. The City shall execute and the Bond Registrar shall authenticate and deliver Bonds which the Bondowners making the exchange are entitled to receive, bearing numbers not contemporaneously then outstanding. The execution by the City of any Bond of any denomination shall constitute full and due authorization of such denomination and the Bond Registrar shall thereby be authorized to authenticate and deliver such Bond.

The Bond Registrar shall not be required to register for transfer or exchange any undelivered Bond or any Bond after the giving of notice calling such Bond for redemption or partial redemption.

The person in whose name any fully registered Bond is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such registered Bond upon any transfer or exchange thereof subsequent to the Record Date and prior to such Interest Payment Date, except if and to the extent there shall be a default in the payment of the interest due on such Interest Payment Date, in which case such defaulted interest shall be paid to the person in whose name such Bond is registered either at the close of business on the day preceding the date of payment of such defaulted interest or on a subsequent Record Date for such payment if one shall have been established as hereinafter provided. A subsequent Record Date may be established by or on behalf of the City by notice mailed to the Registered Owners of Bonds not less than 10 days preceding such Record Date, which Record Date shall be not more than 30 days prior to the subsequent interest payment date.

Except as provided in the Indenture, as to any Bond the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of principal, premium, if any, or interest on any Bond shall be made only to or upon the written order of the Registered Owner thereof or his legal representative. All such

payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Bond Registrar shall require the payment by the Bondowner requesting exchange or transfer of any tax or other governmental charge required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the Bondowner for such exchange or transfer.

Section 2.10. Book-Entry Provisions. The provisions of this Section shall apply so long as the Bonds are maintained in book-entry form with DTC or another Securities Depository, any provisions of this Thirty-Eighth Supplemental Indenture to the contrary notwithstanding.

(a) *Payments.* The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in next day funds on each date on which the principal of, premium, if any, and interest on the Bonds is due as set forth in this Thirty-Eighth Supplemental Indenture and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice as set forth herein. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Bonds to Participants or the beneficial owners of the Bonds or their nominees.

(b) *Replacement of the Securities Depository.* If the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50% in principal amount of the Bonds that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository or that it is in the best interests of the beneficial owners that they obtain certificated Bonds, the City shall cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) *Discontinuance of Book-Entry or Change of Securities Depository.* If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the beneficial owners of the Bonds shown on the records of such Participant. Replacement Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Date of the Bonds by check or draft mailed to each Registered Owner at the address of such Registered Owner as it appears on the bond registration books maintained by the City for such purpose at the principal corporate trust office of the Trustee or at

the option of any Registered Owner of not less than \$1,000,000 original principal amount of Bonds, by wire transfer to any address in the continental United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and redemption premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the principal corporate trust office of the Trustee.

(d) *Effect of Book-Entry System.* The Securities Depository and its Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Bonds.

ARTICLE III

Section 3.01. Redemption Dates and Prices. The Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Article III.

(a) *Optional Redemption.* The Bonds maturing on and after January 1, 20__ are subject to redemption at the option of the City on or after January 1, 20__, as a whole or in part at any time, and if in part, in such order of maturity as the City shall determine and within any maturity by lot, at a redemption price equal to the principal amount of each Bond to be redeemed, plus accrued interest to the date of the redemption.

(b) *Mandatory Sinking Fund Redemption.* The Bonds maturing on January 1, 20__ are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed:

If the City redeems Bonds pursuant to optional redemption or purchases Bonds subject to mandatory redemption and cancels the same, then an amount equal to the principal amount of Bonds of such maturity so redeemed or purchased shall be deducted from the

mandatory redemption requirements as provided for such Bonds of such maturity in such order as the Chief Financial Officer of the City shall determine.

Section 3.02. Notice of Redemption. Notice of the redemption of Bonds or any portion thereof pursuant to Section 3.01 hereof identifying the Bonds or portions thereof to be redeemed, specifying the redemption date, the Redemption Price, the places and dates of payment, that from the redemption date interest will cease to accrue, and whether the redemption is conditioned upon sufficient moneys being available on the redemption date (or any other condition), shall be given by the Trustee by mailing a copy of such redemption notice not less than 30 nor more than 60 days prior to the date fixed for redemption, to the Registered Owner of each Bond to be redeemed in whole or in part at the address shown on the registration books. Redemption notices shall be sent by first class mail, except that notices to Registered Owners of at least \$1,000,000 of Bonds shall be sent by registered mail. Failure to mail any such notice to the Registered Owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Registered Owner of any Bond receives the notice.

Section 3.03. Deposit of Funds. For the redemption of any of the Bonds, the City shall cause to be deposited in the Principal and Interest Account moneys sufficient to pay when due the principal of and premium, if any, and interest on the redemption date to be applied in accordance with the provisions of Section 4.05 hereof.

Section 3.04. Partial Redemption of Bonds. (a) If a Bond is of a denomination larger than the minimum Authorized Denomination, all or a portion of such Bond (equal to the minimum Authorized Denomination or any integral multiple thereof) may be redeemed but such Bond shall be redeemed only in a principal amount equal to the minimum Authorized Denomination or any integral multiple thereof.

(b) Upon surrender of any Bond for redemption in part only, the City shall execute and the Bond Registrar shall authenticate and deliver to the Registered Owner thereof, at the expense of the City, a new Bond or Bonds of Authorized Denominations in aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

Section 3.05. Selection of Bonds for Redemption. If less than all of the Bonds of like maturity are called for redemption, the Bonds (or portions thereof) to be redeemed shall be selected by lot by the Trustee.

(e) *Deposit to Project Account: the Trustee shall deposit the amount of \$ _____ into the Project Account.*

Section 4.04. Deposits into 2010A Dedicated Sub-Fund and Accounts Therein. [(b) for deposit into the Debt Service Reserve Account, the amount, if any, required as of the close of business on such Deposit Date to restore the Debt Service Reserve Account to an amount equal to the Reserve Requirement, including reimbursement of the Qualified Credit Provider; and]

(c) for deposit into the Program Fee Account, the amount estimated by the City to be required as of the close of business on such Deposit Date to pay all fees and expenses with respect to the Bonds during the semi-annual period commencing on such Deposit Date.

In addition to the 2010A Deposit Requirement, there shall be deposited into the 2010A Dedicated Sub-Fund any other moneys received by the Trustee under and pursuant to the Indenture or this Thirty-Eighth Supplemental Indenture, when accompanied by directions from the person depositing such moneys that such moneys are to be paid into the 2010A Dedicated Sub-Fund and to one or more accounts therein.

Section 4.05. Use of Moneys in Principal and Interest Account for Payment of Bonds. Moneys in the Principal and Interest Account shall be used solely for payment of principal of, premium, if any, and interest due on each Payment Date with respect to the Bonds (including the optional redemption of Bonds pursuant to Section 3.01(a) hereof) and not otherwise provided for, ratably, without preference or priority of any kind.

[The Second Supplemental Indenture provides, and the City hereby covenants with the Owners of the Bonds, that the Common Debt Service Reserve Account will be created and maintained as provided in the Second Supplemental Indenture and that amounts held in the Common Debt Service Reserve Account (except for any amounts therein representing investment income required to be paid to the First Lien Trustee pursuant to Section 5.02 of the Second Supplemental Indenture) will be used solely for payment of principal of, premium, if any, and interest due on each Payment Date with respect to the Bonds and all other Common Reserve Bonds and not otherwise provided for, ratably, without preference or priority of any kind.]

[Moneys in the Debt Service Reserve Account (except for any amounts therein representing investment income required to be paid to the First Lien Trustee pursuant to Section 5.02 hereof) shall be used solely for the payment of the principal of, premium, if any, and interest on the Bonds, without preference or priority of any kind, but only if and to the extent moneys are not available for such purpose in the Principal and Interest Account.]

Section 4.06. Use of Moneys in the Capitalized Interest Account, Costs of Issuance Account and the Program Fee Account. Moneys in the Capitalized Interest Account shall be used for transfer on the Deposit Date to the Principal and Interest Account to pay interest on the Bonds. Moneys in the Capitalized Interest Account may be used for such other purposes as are set forth in an opinion of Bond Counsel to the effect that such other use of such moneys is necessary in such counsel's opinion to preserve the exemption from Federal income taxes of interest on the Bonds.

Moneys in the Costs of Issuance Account shall be used solely for the payment or reimbursement of Costs of Issuance of the Bonds as directed in a Certificate filed with the Trustee. If after the payment of all Costs of Issuance, as specified in a Certificate filed with the Trustee, there shall be any balance remaining in the Costs of Issuance Account, such balance shall be transferred to the Program Fee Account.

Moneys in the Program Fee Account shall be used solely for the payment of fees and expenses with respect to the Bonds as set forth in a Certificate filed with the Trustee.

Section 4.07. Tax Covenants. The City covenants to take any action required by the provisions of the Code and within its power to take in order to preserve the exemption from federal income taxation of interest on the Bonds (other than with respect to an alternative minimum tax imposed on interest on the Bonds), including, but not limited to, the provisions of Section 148 of the Code relating to "arbitrage bonds." The City covenants to comply with the provisions of the Tax Certificates.

Section 4.08. Nonpresentment of Bonds. If any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or otherwise, if moneys sufficient to pay any such Bond shall have been made available to the Trustee for the benefit of the Registered Owner or Owners thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under the Indenture or this Thirty-Eighth Supplemental Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City upon direction of an Authorized Officer, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys.

Before being required to make any such payment to the City, the Trustee may, at the expense of the City, publish such notice as may be deemed appropriate by the Trustee listing the Bonds so payable and not presented, and stating that such moneys remain unclaimed and that after a date set forth therein any balance thereof then remaining will be paid to the City. The obligation of the Trustee under this Section 4.08 to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

Section 4.09. Moneys to Be Held in Trust. All moneys required to be deposited with or paid to the Trustee for the account of any Fund or Account referred to in any provision of this Thirty-Eighth Supplemental Indenture shall be held by the Trustee in trust as provided in Section 1003 of the Indenture, and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien or security interest created hereby.

Section 4.10. Common Debt Service Reserve Account. (a) The City shall maintain the Common Debt Service Reserve Account in an amount equal to the Reserve Requirement, which requirement may be satisfied with (i) one or more Qualified Reserve Account Credit Instruments, (ii) Qualified Investments, or (iii) a combination thereof. Any Qualified Investments held to the credit of the Common Debt Service Reserve Account shall not have maturities extending beyond five years (except for any investment agreement, repurchase agreement or forward purchase agreement approved by the Insurer and each other insurer at the time insuring payment of any Common Reserve Bonds) and shall be valued in accordance with Section 305 of the Indenture. If on any valuation date as provided in Section 305 of the Indenture the amount on deposit in the Common Debt Service Reserve Account is more than the Reserve Requirement, the amount of such excess shall be transferred by the Trustee to the First Lien Trustee for deposit into the Revenue Fund established under the General Airport Revenue Bond Ordinance.

(b) If at any time the Common Debt Service Reserve Account holds both a Qualified Reserve Account Credit Instrument and Qualified Investments, the Qualified Investments shall be liquidated and the proceeds applied for the purposes for which Common Debt Service Reserve Account moneys may be applied under the Second Supplemental Indenture prior to any draw being made on the Qualified Reserve Account Credit Instrument. If the Common Debt Service Reserve Account holds Qualified Reserve Account Credit Instruments issued by more than one issuer, draws shall be made under such credit instruments on a *pro rata* basis to the extent of available funds. Amounts deposited in the 2003A Dedicated Sub-Fund for the purpose of restoring amounts withdrawn from the Common Debt Service Reserve Account shall be applied first to reimburse the Qualified Credit Provider and thereby reinstate the Qualified Reserve Account Credit Instrument and next to make deposits into the Common Debt Service Reserve Account.

(c) The moneys in the Common Debt Service Reserve Account are held for the benefit of all Common Reserve Bonds issued or to be issued under the Indenture. On the date of initial issuance and sale of any Series of Third Lien Obligations intended to be Common Reserve Bonds, the City shall provide the Trustee a Certificate of the Chief Financial Officer to that effect and setting forth the amount of the deposit to be made from bond proceeds to fund the Reserve Requirement. Moneys in the Common Debt Service Reserve Account shall be held and disbursed for the benefit of all Common Reserve Bonds and such moneys are hereby pledged and assigned for that purpose.

(d) The City and the Trustee covenant and agree that the Common Debt Service Reserve Account is to be administered for the equal benefit, protection and security of the Owners of the Common Reserve Bonds and that, with respect to the Common Debt Service Reserve Account, all Outstanding Common Reserve Bonds are on a parity and rank equally without preference, priority or distinction.

Alternate Section 4.10. Debt Service Reserve Account. (a) The City shall maintain the Debt Service Reserve Account in an amount equal to the Reserve Requirement, which requirement may be satisfied with (i) one or more Qualified Reserve Account Credit Instruments, (ii) Qualified Investments, or (iii) a combination thereof. Any Qualified Investments held to the credit of the Debt Service Reserve Account shall not have maturities extending beyond five years (except for any investment agreement, repurchase agreement or forward purchase agreement approved by the Insurer) and shall be valued in accordance with Section 305 of the Indenture. If on any valuation date as provided in Section 305 of the Indenture the amount on deposit in the Debt Service Reserve Account is more than the Reserve Requirement, the amount of such excess shall be transferred by the Trustee to the First Lien Trustee for deposit into the Revenue Fund established under the General Airport Revenue Bond Ordinance.

(b) If at any time the Debt Service Reserve Account holds both a Qualified Reserve Account Credit Instrument and Qualified Investments, the Qualified Investments shall be liquidated and the proceeds applied for the purposes for which Debt Service Reserve Account moneys may be applied under this Thirty-Eighth Supplemental Indenture prior to any draw being made on the Qualified Reserve Account Credit Instrument. If the Debt Service Reserve Account holds Qualified Reserve Account Credit Instruments issued by more than one issuer, draws shall be made under such credit instruments on a *pro rata* basis to the extent of available funds.

Amounts deposited in the 2010A Dedicated Sub-Fund for the purpose of restoring amounts withdrawn from the Debt Service Reserve Account shall be applied first to reimburse the Qualified Credit Provider and thereby reinstate the Qualified Reserve Account Credit Instrument and next to make deposits into the Debt Service Reserve Account.

Section 4.11. Deposits into Project Account. Pending application as provided in Section 4.13, moneys in the Project Account shall be held in trust by the Trustee as provided in Section 4.09.

Section 4.12. Costs of 2010A Airport Projects. For the purposes of this Indenture, the costs of the 2010A Airport Projects shall include:

(f) The cost of engineering and architectural services which includes borings and other preliminary investigations to determine foundation or other conditions, expenses necessary or incident to the development of contract documents and supervising construction, as well as for the performance of all other duties of engineers and architects set forth herein in relation to the construction, installation and acquisition of such 2010A Airport Projects or the issuance of the Bonds therefor;

(g) Costs of Issuance;

(h) Any cost properly chargeable to such 2010A Airport Projects prior to and during construction, installation and acquisition;

(i) The cost of restoring, repairing and placing in its original condition, as nearly as practicable, all public or private property damaged or destroyed in the construction of such 2010A Airport Projects and the cost thereof, or the amount required to be paid by the City

(j) Any obligation or expense incurred by the City for moneys advanced in connection with the construction, installation and acquisition of 2010A Airport Projects and the cost thereof including retirement of commercial paper notes; and

(k) All other items of cost and expense not elsewhere in this Section 4.12 specified, incident to the construction, installation and acquisition of 2010A Airport Projects and the financing thereof, including the payment of interest on Bonds.

- (iv) The 2010A Airport Project and purpose, by general classification, for which payment is to be made;
- (v) That the obligations in stated amounts have been incurred by the City, and that each item thereof is a proper charge against the Project Account (or such sub-account) and is due and has not been included in any prior requisition which has been paid;
- (vi) That the payment is for costs which are permitted to be paid from Bond proceeds;
- (vii) That there has not been filed with or served upon the City any notice of any lien, right to lien, or attachment upon or claim affecting the right to receive payment of any of the moneys payable to any of the persons, firms or corporations named which have not been released or will not be released simultaneously with the payment of such obligations, and in the event that any assignment of right to receive payment has been made and notice thereof has been given to the City and the City has accepted such assignment, the order directing payment shall recite that fact and direct the payment to be made to the assignee thereof as shown by the records of the City; and
- (viii) If applicable, that certain specified disbursements are not required to be certified by a Consulting Engineer pursuant to (b) below, specifying the amount of such disbursements and the reason that such disbursements need not be so certified.

(b) In respect to disbursements from the Project Account in payment for work done in connection with the construction, acquisition and installation of 2010A Airport Projects, such requisition, signed by the Chief Financial Officer or the City Comptroller, shall be accompanied by a certificate signed by a Consulting Engineer certifying that the obligations in stated amounts have been incurred by the City, and that each item thereof is a proper charge against the designated sub-account of the Project Account and has not been included in any prior requisition which has been paid, and insofar as any such obligation was incurred for work, materials, equipment or supplies, such work was actually performed in the furtherance of the construction, acquisition and installation of such 2010A Airport Projects delivered at the site of the Airport for those purposes, or delivered for storage or fabrication at a place or places approved by a Consulting Engineer and under the control of the City. Notwithstanding the foregoing, no certificate of a Consulting Engineer shall be required with respect to disbursements for Costs of Issuance or other costs that the Chief Financial Officer or the City Comptroller shall have certified as being costs that are not directly related to the actual construction, acquisition and installation of 2010A Airport Projects such as land acquisition, payment of auditor's fees and other similar costs that may otherwise be paid from the Project Account in compliance with the Tax Certificates.

(c) Upon receipt of any such orders and accompanying certificates the Trustee shall pay each such obligation from the appropriate sub-account of the Project Account and the Trustee shall make disbursements in accordance with the directions from the Chief Financial Officer or the City Comptroller. The moneys held in the Project Account shall be invested in accordance with the requirements of Article V hereof.

Section 4.14. Progress Reports and Completion Certificate. (a) At least once each month during the period of the construction, installation and acquisition of each 2010A Airport Project, the cost of which has been paid in whole or in part from Bond proceeds, the City will cause the Consulting Engineer to prepare a progress report in connection with such construction, installation and acquisition of such 2010A Airport Project, including comparisons between the actual time elapsed and the actual costs incurred and the estimates of such time and costs, which shall have been set forth in a statement prepared by the Consulting Engineer and filed with the City. issued in accordance with the Constitution and laws of the State of Illinois, the Indenture and this Thirty-Ninth Supplemental Indenture;

(g) A written order as to the delivery of the Bonds, executed by an Authorized Officer stating (i) the identity of the purchasers, aggregate purchase price and date and place of delivery of the Bonds and (ii) that no Event of Default has occurred and is continuing under the Indenture or this Thirty-Ninth Supplemental Indenture;

If any Bond is mutilated, lost, stolen or destroyed, the City may execute and the Trustee may authenticate a new Bond of like date, maturity, interest rate and denomination as the Bond mutilated, lost, stolen or destroyed, *provided* that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the City and the Trustee, together with indemnity satisfactory to them. In the event any such Bond shall have matured, instead of issuing a substitute Bond the City may pay the same without surrender thereof. The City and the Trustee may charge the Registered Owner of such Bond with their reasonable fees and expenses in this connection. All Bonds so surrendered to the Trustee shall be cancelled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.09. Registration and Exchange of Bonds; Persons Treated as Owners. The City shall cause books for the registration and for the transfer of the Bonds as provided in this Thirty-Ninth Supplemental Indenture to be kept by the Trustee as the Bond Registrar of the City. Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his or her attorney duly authorized in writing, the City shall execute and the Bond Registrar shall authenticate and deliver in the name of the transferee or transferees a fully registered Bond for a like aggregate principal amount.

Bonds may be exchanged at the principal office of the Bond Registrar for a like aggregate principal amount of fully registered Bonds of the same maturity of other authorized denominations. The City shall execute and the Bond Registrar shall authenticate and deliver Bonds which the Bondowners making the exchange are entitled to receive, bearing numbers not contemporaneously then outstanding. The execution by the City of any Bond of any denomination shall constitute full and due authorization of such denomination and the Bond Registrar shall thereby be authorized to authenticate and deliver such Bond.

The Bond Registrar shall not be required to register for transfer or exchange any undelivered Bond or any Bond after the giving of notice calling such Bond for redemption or partial redemption.

The person in whose name any fully registered Bond is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such registered Bond upon any transfer or exchange thereof subsequent to the Record Date and prior to such Interest Payment Date, except if and to the extent there shall be a default in the payment of the interest due on such Interest Payment Date, in which case such defaulted interest shall be paid to the person in whose name such Bond is registered either at the close of business on the day preceding the date of payment of such defaulted interest or on a subsequent Record Date for such payment if one shall have been established as hereinafter provided. A subsequent Record Date may be established by or on behalf of the City by notice mailed to the Registered Owners of Bonds not less than 10 days preceding such Record Date, which Record Date shall be not more than 30 days prior to the subsequent interest payment date.

Except as provided in the Indenture, as to any Bond the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of principal, premium, if any, or interest on any Bond shall be made only to or upon the written order of the Registered Owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Bond Registrar shall require the payment by the Bondowner requesting exchange or transfer of any tax or other governmental charge required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the Bondowner for such exchange or transfer.

Section 2.10. Book-Entry Provisions. The provisions of this Section shall apply so long as the Bonds are maintained in book-entry form with DTC or another Securities Depository, any provisions of this Thirty-Ninth Supplemental Indenture to the contrary notwithstanding.

(a) *Payments.* The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in next day funds on each date on which the principal of, premium, if any, and interest on the Bonds is due as set forth in this Thirty-Ninth Supplemental Indenture and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice as set forth herein. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Bonds to Participants or the beneficial owners of the Bonds or their nominees.

(b) *Replacement of the Securities Depository.* If the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50% in principal amount of the Bonds that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository or that it is in the best interests of the beneficial owners that they obtain certificated Bonds, the City shall cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) *Discontinuance of Book-Entry or Change of Securities Depository.* If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the beneficial owners of the Bonds shown on the records of such Participant. Replacement Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Date of the Bonds by check or draft mailed to each Registered Owner at the address of such Registered Owner as it appears on the bond registration books maintained by the City for such purpose at the principal corporate trust office of the Trustee or at the option of any Registered Owner of not less than \$1,000,000 original principal amount of Bonds, by wire transfer to any address in the continental United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and redemption premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the principal corporate trust office of the Trustee.

(d) *Effect of Book-Entry System.* The Securities Depository and its Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Bonds.

Moneys in the Capitalized Interest Account shall be used for transfer on the Deposit Date to the Principal and Interest Account to pay interest on the Bonds. Moneys in the Capitalized Interest Account may be used for such other purposes as are set forth in an opinion of Bond Counsel to the effect that such other use of such moneys is necessary in such counsel's opinion to preserve the exemption from Federal income taxes of interest on the Bonds.

Moneys in the Costs of Issuance Account shall be used solely for the payment or reimbursement of Costs of Issuance of the Bonds as directed in a Certificate filed with the Trustee. If after the payment of all Costs of Issuance, as specified in a Certificate filed with the Trustee, there shall be any balance remaining in the Costs of Issuance Account, such balance shall be transferred to the Program Fee Account.

Moneys in the Program Fee Account shall be used solely for the payment of fees and expenses with respect to the Bonds as set forth in a Certificate filed with the Trustee.

Section 4.08. Tax Covenants. The City covenants to take any action required by the provisions of the Code and within its power to take in order to preserve the exemption from federal income taxation of interest on the Bonds (other than with respect to an alternative minimum tax imposed on interest on the Bonds), including, but not limited to, the provisions of Section 148 of the Code relating to "arbitrage bonds." The City covenants to comply with the provisions of the Tax Certificates.

Section 4.09. Nonpresentment of Bonds. If any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or otherwise, if moneys sufficient to pay any such Bond shall have been made available to the Trustee for the benefit of the Registered Owner or Owners thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under the Indenture or this Thirty-Ninth Supplemental Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City upon direction of an Authorized Officer, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such

moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys.

Before being required to make any such payment to the City, the Trustee may, at the expense of the City, publish such notice as may be deemed appropriate by the Trustee listing the Bonds so payable and not presented, and stating that such moneys remain unclaimed and that after a date set forth therein any balance thereof then remaining will be paid to the City. The obligation of the Trustee under this Section 4.09 to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

Section 4.10. Moneys to Be Held in Trust. All moneys required to be deposited with or paid to the Trustee for the account of any Fund or Account referred to in any provision of this Thirty-Ninth Supplemental Indenture shall be held by the Trustee in trust as provided in Section 1003 of the Indenture, and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien or security interest created hereby.

Section 4.11. Debt Service Reserve Account. (a) The City shall maintain the Debt Service Reserve Account in an amount equal to the Reserve Requirement, which requirement may be satisfied with (i) one or more Qualified Reserve Account Credit Instruments, (ii) Qualified Investments, or (iii) a combination thereof. Any Qualified Investments held to the credit of the Debt Service Reserve Account shall be valued in accordance with Section 305 of the Indenture. If on any valuation date as provided in Section 305 of the Indenture the amount on deposit in the Debt Service Reserve Account is more than the Reserve Requirement, the amount of such excess shall be transferred by the Trustee to the First Lien Trustee for deposit into the Revenue Fund established under the General Airport Revenue Bond Ordinance.

(b) If at any time the Debt Service Reserve Account holds both a Qualified Reserve Account Credit Instrument and Qualified Investments, the Qualified Investments shall be liquidated and the proceeds applied for the purposes for which Debt Service Reserve Account moneys may be applied under this Thirty-Ninth Supplemental Indenture prior to any draw being made on the Qualified Reserve Account Credit Instrument. If the Debt Service Reserve Account holds Qualified Reserve Account Credit Instruments issued by more than one issuer, draws shall be made under such credit instruments on a *pro rata* basis to the extent of available funds. Amounts deposited in the 2010B Dedicated Sub-Fund for the purpose of restoring amounts withdrawn from the Debt Service Reserve Account shall be applied first to reimburse the Qualified Credit Provider and thereby reinstate the Qualified Reserve Account Credit Instrument and next to make deposits into the Debt Service Reserve Account.

Section 4.12. Deposits into Project Account. Pending application as provided in Section 4.14, moneys in the Project Account shall be held in trust by the Trustee as provided in Section 4.10.

Section 4.13. Costs of 2010B Airport Projects. For the purposes of this Indenture, the costs of the 2010B Airport Projects shall include:

(a) Obligations incurred for labor and to contractors, builders, and materialmen in connection with the construction, installation and acquisition of the 2010B Airport Projects or any part thereof, and obligations incurred for the installation and acquisition of machinery and equipment;

(e) The cost of any indemnity, fidelity and surety bonds, the fees and expenses of the Fiduciaries during construction, installation and acquisition of 2010B Airport Projects, and premiums on insurance, if any, in connection with such 2010B Airport Projects during construction, installation and acquisition, including builders' risk insurance;

(f) The cost of engineering and architectural services which includes borings and other preliminary investigations to determine foundation or other conditions, expenses necessary or incident to the development of contract documents and supervising construction, as well as for the performance of all other duties of engineers and architects set forth herein in relation to the construction, installation and acquisition of such 2010B Airport Projects or the issuance of the Bonds therefor;

(g) Costs of Issuance;

(h) Any cost properly chargeable to such 2010B Airport Projects prior to and during construction, installation and acquisition;

(i) The cost of restoring, repairing and placing in its original condition, as nearly as practicable, all public or private property damaged or destroyed in the construction of such 2010B Airport Projects and the cost thereof, or the amount required to be paid by the City as adequate compensation for such damage or destruction, and all costs lawfully incurred or damages lawfully payable, with respect to the restoration, relocation, removal, reconstruction or duplication of property made necessary or caused by the construction and installation of such 2010B Airport Projects and the cost thereof;

(j) Any obligation or expense incurred by the City for moneys advanced in connection with the construction, installation and acquisition of 2010B Airport Projects and the cost thereof; and

(k) All other items of cost and expense not elsewhere in this Section 4.13 specified, incident to the construction, installation and acquisition of 2010B Airport Projects and the financing thereof, including the payment of interest on Bonds.

Section 4.14. Disbursements from Project Account. (a) All disbursements from the Project Account shall be made in accordance with requisitions signed by the City Comptroller in respect of each payment, as to the following:

- (i) Item number of the payment;
- (ii) The name of the person, firm or corporation to whom the payment is due;
- (iii) The amount to be paid;

- (v) That the obligations in stated amounts have been incurred by the City, and that each item thereof is a proper charge against the Project Account (or such sub-account) and is due and has not been included in any prior requisition which has been paid;
- (vi) That the payment is for costs which, pursuant to the PFC Approvals, are permitted to be paid from Bond proceeds;
- (vii) That there has not been filed with or served upon the City any notice of any lien, right to lien, or attachment upon or claim affecting the right to receive payment of any of the moneys payable to any of the persons, firms or corporations named which have not been released or will not be released simultaneously with the payment of such obligations, and in the event that any assignment of right to receive payment has been made and notice thereof has been given to the City and the City has accepted such assignment, the order directing payment shall recite that fact and direct the payment to be made to the assignee thereof as shown by the records of the City; and
- (viii) If applicable, that certain specified disbursements are not required to be certified by a Consulting Engineer pursuant to (b) below, specifying the amount of such disbursements and the reason that such disbursements need not be so certified.

(b) In respect to disbursements from the Project Account in payment for work done in connection with the construction, acquisition and installation of 2010B Airport Projects, such requisition, signed by the Chief Financial Officer or the City Comptroller, shall be accompanied by a certificate signed by a Consulting Engineer certifying that the obligations in stated amounts have been incurred by the City, and that each item thereof is a proper charge against the designated sub-account of the Project Account and has not been included in any prior requisition which has been paid, and insofar as any such obligation was incurred for work, materials, equipment or supplies, such work was actually performed in the furtherance of the construction, acquisition and installation of such 2010B Airport Projects delivered at the site of the Airport for those purposes, or delivered for storage or fabrication at a place or places approved by a Consulting Engineer and under the control of the City. Notwithstanding the foregoing, no certificate of a Consulting Engineer shall be required with respect to disbursements for Costs of Issuance or other costs that the Chief Financial Officer or the City Comptroller shall have certified as being costs that are not directly related to the actual construction, acquisition

and installation of 2010B Airport Projects such as land acquisition, payment of auditor's fees and other similar costs that may otherwise be paid from the Project Accounts in compliance with the Tax Certificates.

(c) Upon receipt of any such orders and accompanying certificates the Trustee shall pay each such obligation from the appropriate sub-account of the Project Account and the Trustee shall make disbursements in accordance with the directions from the Chief Financial Officer or the City Comptroller. The moneys held in the Project Account shall be invested in accordance with the requirements of Article V hereof.

Section 4.15. Progress Reports and Completion Certificate. (a) At least once each month during the period of the construction, installation and acquisition of each 2010B Airport Project, the cost of which has been paid in whole or in part from Bond proceeds, the City will cause the Consulting Engineer to prepare a progress report in connection with such construction, installation and acquisition of such 2010B Airport Project, including comparisons between the actual time elapsed and the actual costs incurred and the estimates of such time and costs, which shall have been set forth in a statement prepared by the Consulting Engineer and filed with the City. Copies of such progress reports shall be filed with the Trustee and mailed to the holders of the Bonds requesting copies thereof.

The Bonds are issuable only as fully registered Bonds in the authorized denominations described in the Indenture.

Interest Rate on Bonds

Prior to the Fixed Rate Conversion (as defined in the Indenture), the Bonds shall bear interest at a Variable Rate which may be a Weekly Rate or Flexible Rate. Interest on the Bonds shall be payable in arrears on each Interest Payment Date. "*Interest Payment Date*" means as to any Weekly Mode, the first Business Day of each calendar month, commencing _____, 2010; as to any Flexible Period, the Flexible Date on which the next succeeding Flexible Period begins and the Mode Adjustment Date at the end of a Flexible Mode; and as to the Fixed Mode, January 1 and July 1. The interest on the Bonds in a Weekly Mode or Flexible Mode shall be payable on the applicable Interest Payment Date as herein described, computed on the basis of a 365 or 366-day year, as applicable, for the number of days actually

elapsed. The interest on the Bonds in the Fixed Mode shall be payable semiannually on January 1 and July 1 of each year, computed on the basis of a 360-day year, consisting of twelve 30-day months. The Bonds shall bear interest for each Rate Period at the rate determined by the Remarketing Agent (hereinafter defined) for such Rate Period.

During each Rate Period within an Interest Mode prior to Fixed Rate Conversion, the Bonds shall bear interest at the applicable Variable Rate determined as set forth below.

(A) During each Rate Period, the Variable Rate shall be that interest rate that, in the sole judgment of [Name of Remarketing Agent], or its successors or assigns as the Remarketing Agent (the "*Remarketing Agent*"), is necessary to enable the Remarketing Agent to sell the Bonds at a price equal to 100% of the principal amount thereof and accrued interest, if any, thereon. The Remarketing Agent shall determine the Variable Rate on each Rate Determination Date. The Variable Rate so determined shall become effective on the next succeeding Rate Adjustment Date unless the Rate Determination Date is also the Rate Adjustment Date, in which case, it shall become effective on such date.

(B) In determining the Variable Rate pursuant to the Indenture, the Remarketing Agent shall take into account to the extent applicable (1) market interest rates for comparable securities held by tax-exempt open-end municipal bond funds or other institutional or private investors with substantial portfolios (a) with interest rate adjustment periods and demand purchase options substantially identical to the Bonds, (b) bearing interest at a variable rate intended to maintain a value equal to 100 percent of the principal amount thereof, and (c) rated by a national credit rating agency in the same category as the Bonds; (2) other financial market rates and indices which may have a bearing on the Variable Rate (including, but not limited to, rates borne by commercial paper, tax-exempt commercial paper, HUD project notes, Treasury Bills, commercial bank prime rates, certificate of deposit rates, federal funds rates, the London Interbank Offered Rate, indices maintained by *The Bond Buyer* and other publicly available tax-exempt interest rate indices); (3) general financial market conditions (including current forward supply); and (4) industry, economic or financial conditions which may affect or be relevant to the Bonds.

(C) The determination by the Remarketing Agent in accordance with the Indenture of the Variable Rate to be borne by the Bonds shall be conclusive and binding on the owners of the Bonds. Failure by the Trustee to give any notice required under the Indenture, or any defect therein, shall not affect the interest rate borne by the Bonds or the rights of the owners of the Bonds to tender such Bonds for purchase pursuant to the Indenture.

(D) If for any reason the position of Remarketing Agent is vacant or the Remarketing Agent fails to act on the Rate Determination Date, the Variable Rate shall be determined by the Trustee in the manner set forth in the Indenture.

(E) Anything in the Indenture or in the Bonds to the contrary notwithstanding, the maximum interest rate on the Bonds shall be the lesser of (i) 18 percent per annum, or (ii) if the Bonds are secured by a Letter of Credit, the maximum interest rate on the Bonds used for purposes of calculating the stated amount of the Letter of Credit.

Conversion to Fixed Rate on Bonds

(A) At the option of the City, the rate of interest payable on the Bonds shall be permanently converted from a Variable Rate to a Fixed Rate. The Fixed Rate Conversion Date shall be any Interest Payment Date for which the applicable notices described in the Indenture have been given. In order to exercise the Fixed Rate Conversion option, the City shall deliver a Mode Adjustment Notice to the Notice Parties directing such Fixed Rate Conversion, which notice must be accompanied by a Fixed Rate Letter of Credit or a binding commitment therefor or a statement by the City to the effect that no Fixed Rate Letter of Credit will be effective after the Fixed Rate Conversion Date. The City shall also deliver to the Trustee the opinion of Bond Counsel described below. The notice shall specify the Fixed Rate Conversion Date, which shall be not less than 35 days following the receipt by the Trustee of the Fixed Rate Conversion notice.

(B) No Fixed Rate shall be established unless, on or before 35 days prior to the Fixed Rate Conversion Date, an opinion of Bond Counsel has been delivered to the Trustee to the effect that the Fixed Rate Conversion in accordance with the provisions of the Indenture (1) is lawful under the Constitution and laws of the State of Illinois and complies with the provisions of the Indenture, and (2) will not adversely affect the exemption of interest on the Bonds from Federal income taxation (other than with respect to an alternative minimum tax imposed on interest on the Bonds). Such opinion shall be confirmed by such Bond Counsel on the Fixed Rate Conversion Date. Unless and until the conditions for Fixed Rate Conversion set forth in the Indenture are satisfied, the Bonds shall continue to bear interest at a Variable Rate as provided in the Indenture.

(C) Upon the Fixed Rate Conversion, the Bonds shall be subject to mandatory purchase as provided below, and the owners shall be notified of the Fixed Rate Conversion as provided herein and in the Indenture.

Interest Modes

(A) Prior to the Fixed Rate Conversion, each Interest Mode shall be either a Weekly Mode or Flexible Mode as described in the Indenture. The Interest Mode from the Date of Issuance until further designated by the Remarketing Agent will be a Weekly Mode. Thereafter, unless Fixed Rate Conversion has occurred, from time to time, the Remarketing Agent may designate an alternate Interest Mode (other than a Fixed Mode). The Remarketing Agent shall evidence each such designation by giving a Mode Adjustment Notice to the Notice Parties in accordance with the Indenture. If, at the end of any Interest Mode, the Remarketing Agent does not designate an alternate Interest Mode as described herein, the next succeeding Interest Mode shall be of the same length as the Interest Mode then ending; provided, however, no Interest Mode shall extend beyond the final maturity date of the Bonds.

(B) Not later than five days following receipt by the Trustee of such Mode Adjustment Notice, the Trustee shall notify each owner in accordance with the Indenture of the new interest Mode. Failure by the Trustee to give such notice by mail, or any defect therein, shall not affect the validity of any mandatory purchase or extend the time when such mandatory purchase shall be made.

(C) For each Interest Mode, the frequency of each Interest Payment Date, the Record Date, the Rate Determination Date, the Rate Adjustment Date, the Mode Adjustment Notice, the Tender Notice, the Purchase Date, the Mandatory Purchase Date and the Notice of Mode Adjustment Date, shall be determined in accordance with the provisions of the Indenture.

Purchase of Bonds Upon Demand of Owners

(A) During any Weekly Mode, any Bond (other than a Pledged Bond or a Bank-owned Bond) shall be purchased by the Trustee in accordance with the Indenture on any Purchase Date at the Purchase Price thereof upon the demand of the owner. As a condition precedent to the purchase of Bonds on any Purchase Date, the owner must deliver to the Trustee at the Delivery Office of the Trustee (i) a Tender Notice not later than the time specified in the Indenture and (ii) unless other delivery has been made satisfactory to the Trustee at any time the Bonds are held in book-entry form by a Securities Depository (as defined in the Indenture), the Bonds, together with an appropriate instrument of transfer or a bond power endorsed in blank, not later than 12:00 noon (New York City time) on the Purchase Date. Owners delivering Bonds to the Trustee after the applicable time on the applicable date as set forth above during a Weekly Mode shall not be entitled to receive payment from the Trustee until the Business Day following the date of delivery of the Bonds.

(B) Provided the Tender Notice and the Bonds are delivered by the times and in the manner specified herein, tendered Bonds shall be purchased by the Trustee on the Purchase Date which shall be on the Business Day specified in the Tender Notice which is at least seven days (which day must be a Business Day) immediately following receipt of the Tender Notice by the Trustee and not later than the then next succeeding Mode Adjustment Date.

(C) Any Tender Notice received by the Trustee pursuant to the provisions hereof and the Indenture shall be effective upon receipt and shall be irrevocable. Owners of Bonds not providing the Trustee with the Bonds for which a Tender Notice has been delivered to the Trustee ("*Undelivered Bonds*") shall be deemed to have tendered such Bonds in accordance with the Indenture, provided there shall have been irrevocably deposited in trust with the Trustee amounts sufficient to pay the Purchase Price of the Undelivered Bonds on the Purchase Date. In the event of a failure by an owner to deliver his or her Bond on or prior to the Purchase Date, such owner shall not be entitled to any payment (including any interest accrued from or subsequent to such Purchase Date) other than the Purchase Price for such Undelivered Bonds, and any Undelivered Bonds shall no longer be entitled to the benefits of the Indenture except for the purpose of payment of the Purchase Price therefor and interest thereon to such Purchase Date.

Mandatory Purchase

(A) The Bonds shall be subject to mandatory purchase prior to maturity at the Purchase Price:

- (1) on the Mode Adjustment Date beginning any Flexible Mode,
- (2) on the Fixed Rate Conversion Date,

- (3) on any Credit Substitution Date,
- (4) on the Interest Payment Date for any Flexible Period, and
- (5) on the day ten days after the Bank delivers notice to the Trustee of the occurrence of an event of default under the Reimbursement Agreement and that the Letter of Credit is being terminated pursuant to its terms by the Bank

(each such date to be a "*Mandatory Purchase Date*").

(B) The Trustee shall give notice to each owner that his or her Bond is subject to mandatory purchase on the Mandatory Purchase Date as provided in the Indenture.

Exchange and Transfer of Bonds

Bonds (other than Undelivered Bonds) may be transferred on the books of registration kept by the Bond Registrar by the owner in person or by his or her duly authorized attorney, upon surrender thereof, together with a written instrument of transfer executed by the owner or his or her duly authorized attorney. Upon surrender for registration of transfer of any Bond with all partial redemptions endorsed thereon at the principal office of the Bond Registrar, the City shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of the same maturity and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations and bearing numbers not contemporaneously outstanding under the Indenture.

Bonds (other than Undelivered Bonds) may be exchanged at the principal office of the Bond Registrar for an equal aggregate principal amount of Bonds in the appropriate form and in the same maturity and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations. The City shall execute and the Trustee shall authenticate and deliver Bonds which the Bondholder making the exchange is entitled to receive.

Such registration of transfer or exchange of Bonds shall be without charge to the owners of such Bonds, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the owners of the Bond requesting such transfer or exchange as a condition precedent to the exercise of such privilege.

The Bond Registrar shall not be required to register for transfer or exchange any Undelivered Bond or any Bond (i) with respect to which the Trustee or the Remarketing Agent, as the case may be, shall have received a Tender Notice, (ii) after the giving of notice calling such Bond for redemption or partial redemption has been made, (iii) after the giving of notice of the Credit Substitution Date or Mandatory Purchase Date (following receipt by the Trustee of notice from the Bank of the occurrence of an event of default under the Reimbursement Agreement), or (iv) after the Remarketing Agent has given a Mode Adjustment Notice pursuant to the Indenture or the City has given a notice of Fixed Rate Conversion pursuant to the Indenture; provided that after such Mode Adjustment Date, Credit Substitution Date, Mandatory Purchase Date or Fixed Rate Conversion, the Bond Registrar shall be required to register the transfer or exchange of Bonds.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of principal, premium, if any, or interest shall be made only to or upon the order of the registered owner thereof or his or her duly authorized attorney, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Redemption Prior to Maturity

So long as the Bonds do not bear interest at a Fixed Rate, the Bonds are subject to redemption at the option of the City on any Interest Payment Date in whole or in part at a redemption price of 100% of the principal amount thereof, without premium, plus accrued interest to the redemption date.

When the Bonds bear interest at a Fixed Rate, the Bonds shall be subject to redemption at the option of the City in whole on any date or in part on any Interest Payment Date occurring on or after the date determined in accordance with the provisions of the Indenture at the redemption prices determined in accordance with the provisions of the Indenture.

The Bonds are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed plus accrued interest to the date of redemption:

<u>Year</u>	<u>Principal Amount</u>
	\$

(maturity)

If the City redeems Bonds pursuant to optional redemption or purchases such Bonds and cancels the same, then an amount equal to the principal amount of Bonds of such maturity so redeemed or purchased shall be deducted from the mandatory redemption requirements as provided for such Bonds of such maturity in such order as the City Comptroller shall determine.

Upon the conversion of the Bonds to a Fixed Rate in accordance with the provisions of the Indenture, the City may direct the Trustee to select in advance of the date on which the Trustee would otherwise do so the Bonds to be redeemed pursuant to the foregoing schedule.

Notice of any such redemption must be given by the Trustee by first class mail not less than 30 nor more than 60 days prior thereto to the registered owners of the Bonds. Failure to mail any such notice to the registered owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

This Bond and all other Bonds of the series of which it forms a part are issued pursuant to an ordinance adopted by the City Council of the City, which ordinance authorizes the execution and delivery of the Indenture. This Bond and the series of which it forms a part are limited obligations of the City payable solely from the amounts pledged therefor under the Indenture.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on any of the Bonds or for any claim based thereon or upon any obligation, covenant or agreement in the Indenture contained, against any past, present or future officer, employee or agent, or member of the City Council, of the City, or any successor to the City, as such, either directly or through the City, or any successor to the City, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such officer, employee or agent, or member of the City Council, as such, is hereby expressly waived and released as a condition of and in consideration for the execution of the Indenture and the issuance of any of the Bonds.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture.

The Indenture prescribes the manner in which it may be discharged and after which the Bonds shall no longer be secured by or entitled to the benefits of the Indenture, except as provided in the Indenture and for the purposes of registration and exchange of Bonds and of such payment, including a provision that the Bonds shall be deemed to be paid if Federal Obligations, as defined therein, maturing as to principal and interest in such amounts and at such times as to insure the availability of sufficient moneys to pay the principal of, premium, if any, and interest on the Bonds and all necessary and proper fees, compensation and expenses of the Trustee shall have been deposited with the Trustee.

Modifications or alterations of the Indenture, or of any supplements thereto, may be made only to the extent and in the circumstances permitted by the Indenture.

Section 2.01. Authorized Amount of Bonds. No Bonds may be issued under the provisions of this Fortieth Supplemental Indenture except in accordance with this Article. The Bonds are being issued to provide funds to pay and retire the Prior Airport Obligations and to pay Costs of Issuance of the Bonds. Except as provided in Section 2.13 hereof, the total principal amount of Bonds that may be issued hereunder is expressly limited to \$_____.

Section 2.02. Issuance of Bonds; Denominations; Numbers. The Bonds shall be designated "City of Chicago, Chicago O'Hare International Airport General Airport Third Lien Revenue Bonds, Series 2010C" and shall, except as otherwise provided in this Section 2.02, be dated the date of delivery of the Bonds and shall bear interest from the date thereof, and thereafter shall be dated on and shall bear interest from the Interest Payment Date next preceding the date of authentication, unless the date of authentication is an Interest Payment Date to which interest has been paid or duly provided for, in which case from the date thereof or unless no interest has been paid or duly provided for on the Bonds, in which case from the date of delivery of the Bonds until paid, in each case at the rates set forth in Sections 2.03 and 2.04 hereof, and shall mature, unless sooner paid, on **January 1, ____**, on which date all unpaid principal and interest on the Bonds shall be due and payable.

Section 2.03. Interest Rates on Bonds.

(a) *General.* The interest on the Bonds in a Weekly Mode or Flexible Mode shall be payable on the applicable Interest Payment Date as herein described, computed on the basis of a 365 or 366-day year, as applicable, for the number of days actually elapsed. The initial Interest Payment Date shall be _____, 2010. The interest on the Bonds in the Fixed Mode shall be payable semiannually on January 1 and July 1 of each year, computed on the basis of a 360-day year, consisting of twelve 30-day months. The Bonds shall bear interest for each Rate Period at the rate determined by the Remarketing Agent for such Rate Period. For the period from and including the date of initial authentication and delivery of the Bonds to and including _____, 2010, the interest rate on the Bonds shall be _____% per annum.

(b) *Weekly Mode.* For a Weekly Mode the interest rate for the Bonds shall be determined in the following manner. At or before 2:00 p.m., New York City time, on each Rate Determination Date for each Weekly Mode the Remarketing Agent shall determine, in accordance with subparagraph (d) hereof, the Weekly Rate to be borne by the Bonds during the relevant Rate Period. The Weekly Rate so determined shall be effective as of the relevant Rate Adjustment Date. The Remarketing Agent shall promptly notify the Trustee of the Weekly Rate, promptly confirmed in writing.

(c) *Flexible Mode.* (1) For a Flexible Mode the interest rate on the Bonds shall be determined in the following manner. At or before 12:30 p.m., New York City time, on the Rate Determination Date for each Flexible Period the Remarketing Agent shall determine, in accordance with subparagraph (d) hereof, the Flexible Rate to be borne by the related Bond or Bonds during the relevant Rate Period. The Flexible Rate so determined shall be effective as of the relevant Rate Adjustment Date.

(2) Each Flexible Period shall be determined by the Remarketing Agent (which may be from one to 270 days) based upon the Remarketing Agent's judgment after consultation with the City that the length of the Flexible Period will be beneficial to the City. Interest on the Bonds bearing interest at a Flexible Rate will accrue from the Flexible Date commencing such Flexible Period to, and including, the last day of such Period.

Each Flexible Period shall be established by the Remarketing Agent such that:

(i) the Interest Payment Date for such Flexible Period is not less than ten days prior to the stated expiration date or termination date of the Letter of Credit then in effect;

(ii) the Interest Payment Date for such Flexible Period shall be a Business Day;

(iii) in the event any Bonds are subject to mandatory redemption or the City has given a directive to the Trustee to redeem Bonds pursuant to Section 3.01 hereof, no Flexible Period for such Bonds shall extend beyond the mandatory redemption date or redemption date provided in such directive; provided that in either case if the Bonds shall be redeemed in part, the Flexible Period for the Bonds not to be so redeemed may, but shall not be required to, extend beyond the redemption date provided in such directive; and

(iv) no Flexible Period determined by the Remarketing Agent shall extend beyond a Mode Adjustment Date, Fixed Rate Conversion Date or Credit Substitution Date.

There can be different Flexible Periods and thus different Flexible Rates for the Bonds at any one time.

The Flexible Period for each Bond that is not remarketed by the Remarketing Agent shall have a duration of one day; provided, however, that if the day succeeding any Flexible Period of one day's duration would not be a Business Day, such Flexible Period shall have a duration equal to the number of days required so that the day immediately succeeding the last day of such Flexible Period shall be a Business Day. Such Bond shall bear interest at the Flexible Rate corresponding to the duration of such Flexible Period, as determined by the Remarketing Agent, from the applicable Rate Adjustment Date through the expiration of such Flexible Period.

(3) The Remarketing Agent shall promptly notify the City, the Trustee and the Bank of the Flexible Rate and Flexible Period so determined, promptly confirmed in writing.

(d) The Remarketing Agent shall determine each Variable Rate on each Rate Determination Date as that rate which, in the sole judgment of the Remarketing Agent, shall be the interest rate borne by a Bond necessary to enable the Remarketing Agent to sell such Bond on such Rate Determination Date at a price equal to 100% of the principal amount and accrued interest, if any, thereon. In determining each Variable Rate pursuant to this Section 2.03, the Remarketing Agent shall take into account to the extent applicable (1) market interest rates for comparable securities held by tax exempt, open-end municipal bond funds or other institutional or private investors with substantial portfolios (i) with interest rate adjustment periods and demand purchase options substantially identical to the Bonds, (ii) bearing interest at a variable rate intended to maintain a value equal to 100% of the principal amount thereof, and (iii) rated by a national credit rating agency in the same category as the Bonds; (2) other financial market rates

and indices which may have a bearing on the Variable Rate (including, but not limited to, rates borne by commercial paper, tax-exempt commercial paper, HUD project notes, Treasury Bills, commercial bank prime rates, certificate of deposit rates, federal funds rates, the London Interbank Offered Rate, indices maintained by *The Bond Buyer*, and other publicly available tax-exempt interest rate indices); (3) general financial market conditions (including current forward supply); and (4) industry, economic or financial conditions which may affect or be relevant to the Bonds.

(e) The determination by the Remarketing Agent in accordance with this Section 2.03 of the Weekly Rate, the Flexible Period and the Flexible Rate shall be conclusive and binding on the owners of the Bonds and the Notice Parties. Failure by the Trustee or any Paying Agent to give any notice required hereunder, or any defect therein, shall not affect the interest rate borne by the Bonds or the rights of the owners thereof pursuant to Section 2.06 hereof.

(f) If for any reason the position of Remarketing Agent is vacant or the Remarketing Agent fails to act on the Rate Determination Date, (i) if the Bonds are in a Weekly Mode, the Weekly Rate for the immediately preceding Rate Period shall remain in effect until a new Remarketing Agent is appointed or the Remarketing Agent determines a new Weekly Rate, and (ii) if the Bonds are in the Flexible Mode, each successive Flexible Period shall be equal to 30 days and the Flexible Rate shall be equal to *The Bond Buyer Tax-Exempt Prime Commercial Paper Rate (30 days)* for the most recent period or any comparable composite rate for short-term, tax-exempt securities, as determined by the Trustee.

(g) Anything herein or in the Bonds to the contrary notwithstanding, no payment constituting interest on the Bonds shall be required to the extent that it exceeds the lesser of (i) _____ % per annum, or (ii) if the Bonds are secured by a Letter of Credit, the maximum interest rate on the Bonds used for purposes of calculating the stated amount of the Letter of Credit.

Section 2.04. Conversion to Fixed Rate on Bonds.

(a) At the option of the City, the rate of interest payable on the Bonds shall be permanently converted from a Variable Rate to the Fixed Rate. The Fixed Rate Conversion Date shall be any Interest Payment Date for which the applicable notices described in subparagraph (d) of this Section 2.04 have been given. In order to exercise the Fixed Rate Conversion option, the City shall deliver a Mode Adjustment Notice to the Notice Parties directing such Fixed Rate Conversion. The Mode Adjustment Notice shall specify the period during which the Fixed Rate shall be determined and the Fixed Rate Conversion Date, which shall be not less than 35 days following the receipt by the Trustee of such Fixed Rate Conversion notice. Such notice shall be accompanied by a Fixed Rate Letter of Credit or a binding commitment therefor or if no Fixed Rate Letter of Credit will be effective after the Fixed Rate Conversion Date, a statement by the City to that effect.

(b) No Fixed Rate shall be established unless, on or before 35 days prior to the Fixed Rate Conversion Date, an opinion of Bond Counsel has been delivered to the Trustee to the effect that the Fixed Rate Conversion in accordance with the provisions of this Fortieth

Supplemental Indenture (1) is lawful under the Constitution and laws of the State and complies with the provisions of this Fortieth Supplemental Indenture, and (2) will not adversely affect the exclusion of interest on the Bonds from gross income for Federal income tax purposes (other than with respect to an alternative minimum tax imposed on interest on the Bonds). Such opinion of Bond Counsel shall be confirmed in writing by such Bond Counsel on the Fixed Rate Conversion Date.

(c) Unless and until the conditions for Fixed Rate Conversion set forth in this Section 2.04 are satisfied, the Bonds shall continue in the then current Interest Mode and continue to bear interest at a Variable Rate determined as provided in Section 2.03 hereof.

(d) Unless the City exercises its option not to convert as described in subparagraph (e) below, the Trustee shall give telephonic notice, confirmed in writing, to the Bank of the date of the Fixed Rate Conversion and shall mail by first class mail a notice to each owner of the Bonds not less than 30 days prior to the Fixed Rate Conversion Date stated in the notice from the City stating:

- (1) that the interest rate on the Bonds may be converted to a Fixed Rate;
- (2) the Fixed Rate Conversion Date;
- (3) that after the Fixed Rate Conversion the owners of the Bonds will no longer have the right to tender Bonds to the Trustee for purchase, specifying the last times and dates prior to the Fixed Rate Conversion Date on which such Bonds must be delivered for purchase, and upon which notice must be given; and
- (4) that all Bonds will be purchased pursuant to Section 2.08 hereof on the Fixed Rate Conversion Date.

(e) The City shall have the option, to be exercised prior to the date the Trustee mails a notice to each owner of the Bonds pursuant to subparagraph (d) above, to elect not to convert the Bonds to the Fixed Mode. The City shall give any such notice to the Notice Parties in writing. If the City elects not to convert the Bonds to the Fixed Mode, the Bonds shall continue in the then current Interest Mode and continue to bear interest at a Variable Rate determined as provided in Section 2.03 hereof.

(f) Not later than the last Business Day preceding the Fixed Rate Conversion Date, the Remarketing Agent shall determine the Fixed Rate as that rate of interest which, in the sole judgment of the Remarketing Agent, would result as nearly as practicable in the market value of the Bonds on the Fixed Rate Conversion Date being equal to 100% of the principal amount thereof. Notice of the Fixed Rate shall be promptly given by the Remarketing Agent to the Trustee and the other Notice Parties. In determining the Fixed Rate pursuant to this Section, the Remarketing Agent shall take into account to the extent applicable (1) market interest rates for comparable securities which are held by institutional and private investors with substantial portfolios (i) with a term equal to the period to maturity remaining on the Bonds, (ii) the interest on which is exempt from Federal income taxation, (iii) rated, if the Bonds are rated by a national credit rating agency, in the same rating category as the Bonds, and (iv) with redemption provisions similar to those of the Bonds; (2) other financial market rates and indices which have

a bearing on the Fixed Rate (including, but not limited to, rates borne by industrial development bonds, pollution control revenue bonds, public power bonds, housing bonds, other revenue bonds, general obligation bonds, United States Treasury obligations, commercial bank prime rates, certificate of deposit rates, federal funds rates, indices maintained by *The Bond Buyer* and other publicly available tax-exempt interest rate indices); (3) general financial market conditions (including current forward supply); and (4) industry, economic or financial conditions which may affect or be relevant to the Bonds. Upon the date stated in the Mode Adjustment Notice as the Fixed Rate Conversion Date, the Fixed Rate shall be effective and shall be equal to the Fixed Rate so determined by the Remarketing Agent.

(g) The determination of the Fixed Rate by the Remarketing Agent in accordance with this Section shall be conclusive and binding on the owners of the Bonds and the other Notice Parties.

(h) If for any reason the position of Remarketing Agent is vacant or the Remarketing Agent fails to act by the Fixed Rate Conversion Date, the Bonds shall continue to bear interest in the then current Interest Mode and continue to bear interest at the Variable Rate determined as provided in Section 2.03 hereof.

(i) Upon any Fixed Rate Conversion as provided in this Section, the Bonds shall be subject to mandatory purchase in accordance with Section 2.08 hereof, and the owners shall be notified of the Fixed Rate Conversion as provided herein and therein. No Bonds (other than Bonds remarketed as Fixed Rate Bonds) shall be remarketed by the Remarketing Agent subsequent to the date of notice of Fixed Rate Conversion unless the Remarketing Agent procures an acknowledgment from the purchaser of such remarketed Bonds of receipt of notice of (1) the Fixed Rate Conversion and (2) the fact that there may not be a Fixed Rate Letter of Credit in effect after the Fixed Rate Conversion. The Bonds shall be deemed purchased and shall be delivered to the Remarketing Agent for remarketing in accordance with Section 2.07 hereof.

(j) Not later than 31 days prior to a proposed Fixed Rate Conversion Date, the City may direct the Trustee in writing to select in advance of the date on which the Trustee would otherwise do so the Bonds to be redeemed prior to maturity pursuant to Section 3.01(b) hereof on each subsequent mandatory redemption date specified in such direction. Thereafter, but not later than ten days prior to the effective date of such conversion, the Trustee shall:

(1) assign a distinctive number (a "*Tentative Serial Bond Number*") to each \$5,000 in principal amount of the Bonds then outstanding;

(2) treating each Tentative Serial Bond Number as a separate Bond, select by lot in such manner as the Trustee deems appropriate and fair the particular Bonds to be redeemed on each subsequent mandatory redemption date specified in the City's direction, in such manner that the aggregate principal amount of Bonds required by Section 3.01(b) hereof to be redeemed on each such date shall be so redeemed;

(3) assign to each Bond selected to be redeemed prior to maturity a distinctive number (a "*Permanent Serial Bond Number*") corresponding to its Tentative Serial Bond

Number, whereupon the Tentative Serial Bond Numbers previously assigned to all such Bonds and to any Bonds not so selected shall lapse and shall no longer be effective; and

(4) provide the City, the Remarketing Agent and the Bank with copies of a list of all Permanent Serial Bond Numbers assigned to the Bonds and the date on which each Bond bearing a Permanent Serial Bond Number is scheduled to be redeemed prior to its stated maturity.

The Trustee shall cause to be noted on each Bond thereafter authenticated the Permanent Serial Bond Number or Numbers, if any, assigned to such Bond and the date on which the Bond or a portion thereof in the principal amount of \$5,000 bearing such permanent Serial Bond Number is scheduled to be redeemed. In addition the Remarketing Agent shall apply for and, if available, cause to be printed on each Bond scheduled to be redeemed on a particular date pursuant to the preceding provisions of this Section a separate CUSIP number that, either on its face or by reference to an index or directory or otherwise, identifies the date on which such Bond is scheduled to be redeemed prior to its stated maturity date.

Solely for the purpose of selecting Bonds for redemption prior to maturity, whether at the option of the City pursuant to Section 3.01(b) hereof or otherwise, all of the Bonds scheduled to be redeemed on a particular date pursuant to the preceding provisions of this Section shall be deemed to mature on that date.

If any condition to the Fixed Rate Conversion to a Fixed Rate shall not have been satisfied on the Fixed Rate Conversion Date, the mandatory redemption dates determined pursuant to this Section 2.04(j) shall be of no force or effect.

Section 2.05. Interest Modes.

(a) The Interest Mode from the Date of Issuance until further designated by the Remarketing Agent shall be a Weekly Mode. Thereafter, in order to designate a new Interest Mode which shall apply to all Bonds (other than as provided in Section 2.04 hereof which allows the City to convert to the Fixed Mode), the Remarketing Agent, in consultation with the City, shall provide a Mode Adjustment Notice to the Notice Parties stating (1) the Mode Adjustment Date, which date shall be an Interest Payment Date at least 20 days, in the case of a change to a Weekly Mode or Flexible Mode, after the date on which the Mode Adjustment Notice is received by the Trustee, and (2) the Interest Mode that will be effective on such Mode Adjustment Date; furthermore, in the case of a change from a Flexible Mode to any other Interest Mode, such Mode Adjustment Date must be an Interest Payment Date with respect to all Bonds. The Remarketing Agent may designate a new Interest Mode upon a determination by the Remarketing Agent that a change to the Interest Mode would result in the lowest overall cost to the City.

(b) Not later than five days following receipt by the Trustee of a Mode Adjustment Notice, the Trustee shall mail to each Bond owner by registered or certified mail a notice containing the same information as that contained in the Mode Adjustment Notice.

(c) The owners of the Bonds, by their acceptance of the Bonds, agree to tender their Bonds to the Trustee, as more specifically provided for in Section 2.08 hereof.

(d) If for any reason following the delivery of any Mode Adjustment Notice, a new Interest Mode, a new Rate Period or the Fixed Rate is not effective, the Bonds shall continue to bear interest in the then current Interest Mode, and all rights, privileges and obligations of the Bondholders and the Notice Parties shall continue as they were as though such Mode Adjustment Notice had not been given, except the provisions of Section 2.08 hereof shall be applicable. The failure of a new Interest Mode, a new Rate Period or the Fixed Rate to become effective shall not be deemed to be a default under this Fortieth Supplemental Indenture.

(e) From the date on which (1) the City gives notice to the Trustee of its election to redeem any Bonds pursuant to Section 3.01 hereof, (2) the Trustee gives the notice of a mandatory purchase pursuant to Section 2.08 hereof, or (3) the Remarketing Agent gives a Mode Adjustment Notice, to the day on which such redemption, purchase or Interest Mode adjustment is scheduled to occur, no new Interest Mode may become effective with respect to Bonds affected by such events. The Remarketing Agent shall upon designation of a Mode Adjustment Date or Fixed Rate Conversion Date only remarket Bonds for delivery not later than such Mode Adjustment Date or Fixed Rate Conversion Date, as the case may be.

(f) For each Interest Mode, the Interest Payment Date and method of calculating interest due, the Record Date, the dates of the Mode Adjustment Notice, the Optional Tender Notice, the Optional Tender Date, the date of delivery of Bonds upon Optional Tender, the Rate Determination Date, the Rate Adjustment Date and the date of the Notice of Variable/Fixed Rate shall be determined in accordance with the schedule set forth upon the following pages, provided that in the event of any conflict between the provisions of this Section 2.05(f) and any other provisions of this Fortieth Supplemental Indenture, such other provisions shall govern:

(a) Upon the tender of any Bonds in accordance with Section 2.06 or 2.08 hereof, the Remarketing Agent shall offer for sale and use its best efforts to sell such Bonds (or portion thereof) on any Purchase Date or Mandatory Purchase Date for such Bonds at the Purchase Price. If the Bonds are not remarketed, the Remarketing Agent shall continue to use its best efforts to remarket the Bonds unless otherwise directed by the City.

(b) The Remarketing Agent shall not remarket any Bonds pursuant to this Section 2.07 (i) if an Event of Default shall have occurred and be continuing hereunder with respect to the Bonds or (ii) except in compliance with this Fortieth Supplemental Indenture.

Section 2.08.Mandatory Purchase.

(a) The Bonds shall be subject to mandatory purchase prior to maturity at the Purchase Price (1) on the Mode Adjustment Date beginning any Flexible Mode, (2) on the Fixed Rate Conversion Date or on any Credit Substitution Date, (3) on the Interest Payment Date for any Flexible Period, and (4) on the day ten days after the Bank delivers notice to the Trustee of the occurrence of an event of default under the Reimbursement Agreement and that the Letter of Credit is being terminated pursuant to its terms by the Bank.

(b) The Trustee shall, prior to the Fixed Rate Conversion Date, give notice to each owner pursuant to Section 2.04(d) hereof.

(c) In connection with any mandatory purchase of Bonds upon a Mode Adjustment Date, the Trustee shall not later than five days following receipt of the Mode Adjustment Notice from the Remarketing Agent pursuant to Section 2.05(a) hereof send by first class mail a notice of mandatory purchase to each owner which in substance shall state the following:

- (2) that all owners of Bonds shall be deemed to have tendered their Bonds for purchase on the applicable Mode Adjustment Date; and
- (3) delivery instructions for the Bonds to be surrendered for mandatory purchase and the time by which such Bonds must be delivered.

Failure by the Trustee to give such notice by mail or any defect therein shall not affect the validity of any mandatory purchase or extend the time when such mandatory purchase shall be made.

(d) In connection with any mandatory purchase of Bonds upon a day described in paragraph (a)(4) of this Section, the Trustee shall not later than five days following receipt of the notice from the Bank send by registered or certified mail a notice of mandatory purchase to each owner which in substance shall state the following:

- (1) the Mandatory Purchase Date;
- (2) that all owners of Bonds subject to such mandatory purchase shall be deemed to have tendered their Bonds for purchase; and
- (3) delivery instructions for the Bonds to be surrendered for mandatory purchase and the time by which the Bonds must be delivered.

Failure to give any such notice to any owner of the Bonds or any defect therein shall not affect the validity of any such mandatory purchase or extend the time when such mandatory purchase shall be made.

(e) In connection with any Credit Substitution Date (other than as described in (d) above), the Trustee shall promptly give immediate notice by registered or certified mail, not less than 20 days and not more than 25 days prior to each Credit Substitution Date, to the Bank and to each owner of Bonds that all Bonds shall be subject to mandatory purchase on such Credit Substitution Date. Such notice shall state in substance the following:

(1) on and after such Credit Substitution Date the Bonds will not be entitled to the benefit of the then existing Letter of Credit, and whether any Alternate Letter of Credit or Fixed Rate Letter of Credit will thereafter be in effect;

(2) whether any rating on the Bonds issued by Moody's, S&P or any other rating agency then in effect will be reduced, suspended or withdrawn; provided if the Trustee shall not have been given notice and evidence that any such rating will or will not be reduced, suspended or withdrawn, the notice shall state that such rating on the Bonds may be reduced, suspended or withdrawn; and

(3) that all owners of Bonds shall be deemed to have tendered such Bonds for purchase on such Credit Substitution Date.

Failure to give any such notice to any owner of the Bonds or any defect therein shall not affect the validity of any such mandatory purchase or extend the time when such mandatory purchase shall be made.

(f) In connection with Bonds in a Flexible Mode, the Remarketing Agent shall send by first class mail a confirmation notice to owners upon the purchase of Bonds by such owner which in substance shall state the following:

- (1) the Flexible Rate;
- (2) the Flexible Period;

- (4) the Mandatory Purchase Date.

(g) In the event the Bonds become subject to mandatory purchase pursuant to this Section 2.08, the Trustee shall hold any investments (or the proceeds thereof) in the Letter of Credit Account without reinvestment until the applicable Mandatory Purchase Date.

Section 2.09. Execution; Limited Obligations. The Bonds shall be executed on behalf of the City with the official manual or facsimile signature of the Mayor of the City and attested with the official manual or facsimile signature of its City Clerk, and shall have affixed, impressed, imprinted or otherwise reproduced thereon the corporate seal of the City or a facsimile thereof. The Bonds are issued pursuant to and in full compliance with the Constitution and laws of the State, and pursuant to an ordinance duly adopted by the City Council of the City, which ordinance authorizes the execution and delivery of this Fortieth Supplemental Indenture. The Bonds and the Series 2010C Bank Obligations are not general obligations of the City but limited obligations payable solely from the Third Lien Revenues (except to the extent paid out of

moneys attributable to the proceeds derived from the sale of the Bonds or to income from the temporary investment thereof) and from moneys drawn under the Letter of Credit and shall be a valid claim of the respective Registered Owners thereof only against the 2010C Dedicated Sub-Fund and other moneys held by the Trustee or otherwise pledged therefor, which amounts are hereby pledged, assigned and otherwise held as security for the equal and ratable payment of the Bonds and the Series 2010C Bank Obligations and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds and the Series 2010C Bank Obligations, except as may be otherwise expressly authorized in the Indenture or in this Fortieth Supplemental Indenture. The Bonds shall not constitute an indebtedness of the City or a loan of credit thereof within the meaning of any constitutional or statutory limitation, and neither the faith and credit nor the taxing power of the City, the State or any political subdivision thereof is pledged to the payment of the principal of, premium, if any, or the interest on the Bonds or other costs incident thereto. In case any officer whose signature or a facsimile of whose signature shall appear on the Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, as if he or she had remained in office until delivery.

Section 2.10. Authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Fortieth Supplemental Indenture unless and until such certificate of authentication in substantially the form hereinabove set forth shall have been duly executed by the Trustee, and such executed certificate of the Trustee, upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Fortieth Supplemental Indenture. The Trustee's certificate of authentication on any Bond shall be deemed to have been executed by it if (a) signed by an authorized signatory of the Trustee, but it shall not be necessary that the same signatory sign the certificate of authentication on all of the Bonds issued hereunder, and (b) the date of authentication on the Bond is inserted in the place provided therefor on the certificate of authentication.

Section 2.11. Form of Bonds; Temporary Bonds. The Bonds issued under this Fortieth Supplemental Indenture shall be substantially in the form hereinbefore set forth, with such appropriate variations, omissions and insertions as are permitted or required by this Fortieth Supplemental Indenture.

Pending preparation of definitive Bonds, or by agreement with the purchasers of the Bonds, the City may issue and, upon its request, the Trustee shall authenticate, in lieu of definitive Bonds, one or more temporary printed or typewritten Bonds in Authorized Denominations of substantially the tenor recited above. Upon request of the City, the Trustee shall authenticate definitive Bonds in exchange for and upon surrender of an equal principal amount of temporary Bonds. Until so exchanged, temporary Bonds shall have the same rights, remedies and security hereunder as definitive Bonds.

Section 2.12. Delivery of Bonds. Upon the execution and delivery of this Fortieth Supplemental Indenture, the City shall execute and deliver to the Trustee, and the Trustee shall authenticate, the Bonds and deliver them to the purchasers as may be directed by the City as hereinafter in this Section 2.12 provided.

Prior to the delivery by the Trustee of any of the Bonds there shall be filed with the Trustee:

- (1) A copy, duly certified by the City Clerk of the City, of the Ordinance;
- (2) A copy, duly certified by the City Clerk of the City, of the General Airport Revenue Bond Ordinance;
- (3) Original executed counterparts of the Indenture, this Fortieth Supplemental Indenture, the Reimbursement Agreement and the Remarketing Agreement and the executed Letter of Credit;
- (4) A Counsel's Opinion or Opinions to the effect that (i) the City had the right and power to adopt the General Airport Revenue Bond Ordinance and the Ordinance; (ii) the General Airport Revenue Bond Ordinance and the Ordinance have been duly and lawfully adopted by the City Council, are in full force and effect and are valid and binding upon the City and enforceable in accordance with their terms; (iii) the Indenture and this Fortieth Supplemental Indenture have been duly and lawfully authorized by all necessary action on the part of the City, have been duly and lawfully executed by authorized officers of the City, are in full force and effect and are valid and binding upon the City and enforceable in accordance with their terms (except as limited by any applicable bankruptcy, liquidation, reorganization, insolvency or other similar laws or by general principles of equity if equitable remedies are sought); (iv) the Indenture and this Fortieth Supplemental Indenture create the valid pledge of Third Lien Revenues and moneys and securities which they purport to create; and (v) upon the execution, authentication and delivery thereof, the Bonds will have been duly and validly authorized and issued in accordance with the Constitution and laws of the State, the Indenture, this Fortieth Supplemental Indenture and the Ordinance;
- (5) A written order as to the delivery of the Bonds, signed by an Authorized Officer and stating (i) the identity of the purchasers, the aggregate purchase price and date and place of delivery and (ii) that no Event of Default has occurred and is continuing under the General Airport Revenue Bond Ordinance, the Indenture or this Fortieth Supplemental Indenture;
- (6) The certificate of the City required by Section 206(e) of the Indenture; and
- (7) Either (a) a Certificate of an Independent Airport Consultant or a Certificate of the City complying with Section 206(f) of the Indenture or (b) a Certificate of the City complying with Section 207(b) of the Indenture.

Section 2.13. Mutilated, Lost, Stolen or Destroyed Bonds. In the event any Bond is mutilated, lost, stolen or destroyed, the City may execute and the Trustee may authenticate a new Bond of like date, maturity, interest rate and denomination as the Bond mutilated, lost, stolen or destroyed; provided that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the City and the Trustee, together with indemnity satisfactory

to them. In the event any such Bond shall have matured, instead of issuing a substitute Bond the City may pay the same without surrender thereof. The City and the Trustee may charge the Registered Owner of such Bond with their reasonable fees and expenses in this connection. All Bonds so surrendered to the Trustee shall be cancelled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.14. Registration and Exchange of Bonds; Persons Treated as Owners. The City shall cause books for the registration and for the transfer of the Bonds as provided in this Fortieth Supplemental Indenture to be kept by the Trustee as the Bond Registrar of the City. Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his or her attorney duly authorized in writing, the City shall execute and the Bond Registrar shall authenticate and deliver in the name of the transferee or transferees a new fully registered Bond for a like aggregate principal amount.

Bonds may be exchanged at the principal office of the Bond Registrar for a like aggregate principal amount of fully registered Bonds of the same maturity of other authorized denominations. The City shall execute and the Bond Registrar shall authenticate and deliver Bonds which the Bondowners making the exchange are entitled to receive, bearing numbers not contemporaneously then outstanding. The execution by the City of any Bond of any denomination shall constitute full and due authorization of such denomination and the Bond Registrar shall thereby be authorized to authenticate and deliver such Bond.

The Bond Registrar shall not be required to register for transfer or exchange any Undelivered Bond or any Bond (a) with respect to which any Paying Agent, the Trustee or the Remarketing Agent shall have received a Tender Notice, (b) after the giving of notice calling such Bond for redemption or partial redemption, (c) after the giving of notice of a Credit Substitution Date or Mandatory Purchase Date (following receipt of notice of default from the Bank), or (d) after the City has given a Mode Adjustment Notice or a notice of the Fixed Rate Conversion; provided that on the applicable Purchase Date for such Bonds or after such Mode Adjustment Date, Credit Substitution Date, Mandatory Purchase Date or Fixed Rate Conversion, the Bond Registrar shall be required to register the transfer or exchange of Bonds.

The person in whose name any fully registered Bond is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such registered Bond upon any transfer or exchange thereof subsequent to the Record Date and prior to such Interest Payment Date, except if and to the extent there shall be a default in the payment of the interest due on such Interest Payment Date, in which case such defaulted interest shall be paid to the person in whose name such Bond is registered either at the close of business on the day preceding the date of payment of such defaulted interest or on a subsequent Record Date for such payment if one shall have been established as hereinafter provided. A subsequent Record Date may be established by or on behalf of the City by notice mailed to the Registered Owners of Bonds not less than ten days preceding such Record Date, which Record Date shall be not more than 30 days prior to the subsequent Interest Payment Date.

Except as provided in the Indenture, as to any Bond the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of principal, premium, if any, or interest on any Bond shall be made only to or upon the written order of the Registered Owner thereof or his or her legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The Bond Registrar shall require the payment by any Registered Owner requesting any exchange or transfer of any tax or other governmental charge required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the Registered Owner for such exchange or transfer.

Section 2.15. Book-Entry Provisions. The provisions of this Section shall apply so long as the Bonds are maintained in book-entry form with DTC or another Securities Depository, any provisions of this Fortieth Supplemental Indenture to the contrary notwithstanding.

(a) *Payments.* The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in same day funds on each date on which the principal of, premium, if any, and interest on the Bonds is due as set forth in this Fortieth Supplemental Indenture and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice as set forth herein. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Bonds to Participants or the beneficial owners of the Bonds or their nominees.

(b) *Replacement of the Securities Depository.* If (i) the City determines or (ii) the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50% in principal amount of the Bonds that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository or that it is in the best interests of the beneficial owners that they obtain certificated Bonds, the City may (or in the case of clause (ii) above, the City shall) cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) *Discontinuance of Book-Entry or Change of Securities Depository.* If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant,

to the beneficial owners of the Bonds shown on the records of such Participant. Replacement Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of the Bonds by check or draft mailed to each Registered Owner at the address of such Registered Owner as it appears on the bond registration books maintained by the City for such purpose at the principal corporate trust office of the Trustee or at the option of any Registered Owner of not less than \$1,000,000 principal amount of Bonds, by wire transfer to any address in the continental United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the principal corporate trust office of the Trustee.

(d) *Effect of Book-Entry System.* The Securities Depository and its Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Bonds.

(e) So long as Cede & Co. is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Registered Owners or owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds.

(f) So long as Cede & Co. is the Registered Owner of the Bonds:

(i) selection of Bonds to be redeemed upon partial redemption, presentation of Bonds to the Trustee upon partial redemption, delivery of Bonds to the Trustee in connection with an optional or mandatory tender; or redelivery of such Bonds by the Trustee to owners following a remarketing or failed conversion to the Fixed Rate shall be deemed made when the right to exercise ownership rights in such Bonds through DTC or DTC's Participants is transferred by DTC on its books;

(ii) notice of a demand for purchase of Bonds pursuant to Section 2.06 hereof shall be given by the beneficial owner of such Bonds exercising ownership rights to the Remarketing Agent (pursuant to DTC's Deliver Order procedures) by telephonic notice (confirmed in writing) or written notice;

(iii) any notices of the interest rate on the Bonds to be provided by the Trustee shall be provided to anyone identifying itself to the Trustee as a person entitled to exercise ownership rights with respect to such Bonds through DTC or its Participants;

(iv) DTC may present notices, approvals, waivers or other communications required or permitted to be made by owners under this Indenture on a fractionalized basis on behalf of some or all of those persons entitled to exercise ownership rights in the Bonds through DTC or its Participants; and

(v) Beneficial interests in Bonds deemed to be held in the Custody Account shall be held for the account of the Trustee (or its Participant) on the records of DTC.

(a) *Optional Redemption.*

(1) Optional Redemption Without Premium During Variable Interest Rate Periods. So long as the Bonds do not bear interest at a Fixed Rate, the Bonds are subject to redemption at the option of the City on any Interest Payment Date in whole or in part, at a redemption price of 100 percent of the principal amount thereof, without premium, plus accrued interest to the redemption date upon receipt by the Trustee not less than 45 days prior to such redemption date of a written direction from the City stating that it intends to exercise its option to effect redemption of such Bonds.

(2) Optional Redemption With Premium During Fixed Rate Period. When the Bonds bear interest at a Fixed Rate, the Bonds shall be non-callable for redemption for the first ten years after the Fixed Rate Conversion Date. On and after the Interest Payment Date which is or which next follows the tenth anniversary of the Fixed Rate Conversion Date, the Bonds shall be subject to redemption at a redemption price of 102 percent, which redemption price shall decline by one percent per annum.

(b) *Mandatory Sinking Fund Redemption.* The Bonds are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed:

<u>Year</u>	<u>Principal Amount</u>
	\$

(maturity)

If the City redeems Bonds pursuant to optional redemption or purchases such Bonds and cancels the same, then an amount equal to the principal amount of Bonds of such maturity so redeemed or purchased shall be deducted from the mandatory redemption requirements as provided for such Bonds of such maturity in such order as the City Comptroller shall determine.

Section 3.02. Notice of Redemption.

(a) Notice of the redemption of Bonds or any portion thereof pursuant to Section 3.01 hereof identifying the Bonds or portions thereof to be redeemed, specifying the redemption date, the Redemption Price, the places and dates of payment and that from the redemption date interest will cease to accrue, shall be given by the Trustee by mailing a copy of such redemption notice by first class mail not less than 30 nor more than 60 days prior to the date fixed for redemption, to the Registered Owner of each Bond to be redeemed in whole or in part at the address shown on the registration books. Failure to mail any such notice to the Registered Owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

(b) In addition to the requirements of subsection (a), notice of the redemption of Bonds or any portion thereof pursuant to Section 3.01 hereof identifying the Bonds or portions thereof to be redeemed shall specify (i) the series name and designation and certificate numbers of Bonds being redeemed, (ii) the CUSIP numbers of the Bonds being redeemed, (iii) the principal amount of Bonds being redeemed and the redeemed amount for each certificate (for partial calls), (iv) the redemption date, (v) the Redemption Price, (vi) the Date of Issuance, (vii) the interest rate and maturity date of the Bonds being redeemed, (viii) the date of mailing of notices to Registered Owners and information services, and (ix) the name of the employee of the Trustee which may be contacted with regard to such notice.

(c) Redemption notices shall be sent by first class mail, postage prepaid.

(d) Redemption notices shall also be sent by registered mail, at least 30 days but not more than 60 days prior to the redemption date, to two national information services that disseminate redemption information as determined by the Trustee so long as such services exist.

(e) A second redemption notice shall be sent by first class mail, not more than 60 days after the redemption date to any Registered Owner of a Bond called for redemption who has not presented Bonds within 30 days following the redemption date.

(f) In the event of an advance refunding of the Bonds, a notice of such event shall be given as required above for redemptions at least 30 days but not more than 60 days prior to the actual redemption date.

Notwithstanding the forgoing, failure to comply with the provisions of paragraph (b) through (g), inclusive, of this Section 3.02 shall not affect the validity of proceedings for the redemption of Bonds.

Section 3.03. Deposit of Funds. For the redemption of any of the Bonds, the City shall cause to be deposited in the Principal and Interest Account moneys sufficient to pay when due the principal of and premium, if any, and interest on the redemption date to be applied in accordance with the provisions of Section 4.05 hereof.

Section 3.04. Partial Redemption of Bonds; Selection of Bonds for Redemption.

(a) In case a Bond is of a denomination larger than the minimum Authorized Denomination, all or a portion of such Bond (equal to the minimum Authorized Denomination or any integral multiple thereof) may be redeemed but such Bond shall be redeemed only in a principal amount equal to the minimum Authorized Denomination or any integral multiple thereof.

(b) Upon surrender of any Bond for redemption in part only, the City shall execute and the Bond Registrar shall authenticate and deliver to the Registered Owner thereof, at the expense of the City, a new Bond or Bonds of Authorized Denominations in aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

(c) If less than all of the Bonds of a maturity are called for redemption, the Bonds (or portions thereof) to be redeemed shall be selected by lot by the Trustee; provided, however, that in the event of the redemption of any Bonds pursuant to the provisions of Section 3.01(b) hereof, or, at the option of the City, in the event of the redemption of any other Bonds, any Bonds on deposit in the Custody Account shall be redeemed prior to the redemption of any other Bonds. The Trustee shall promptly notify the other Notice Parties in writing of the Bonds (or portions thereof) selected for redemption.

If the owner of any such Bond of a denomination greater than the minimum Authorized Denomination shall fail to present such Bond to the Bond Registrar for payment and exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the unit or units of principal amount called for redemption (and to that extent only).

Section 3.01(a) hereof) and not otherwise provided for, for payment of principal of and interest due on each Payment Date with respect to the Series 2010C Bank Note, from moneys held in the Principal and Interest Account, ratably, without preference or priority of any kind; provided, however, that so long as the Letter of Credit shall be in effect, such principal of and interest on the Bonds (except for Pledged Bonds and Bank-owned Bonds) shall be paid from a draw or draws on the Letter of Credit and moneys held in the Principal and Interest Account shall be used on such Payment Date to reimburse the Bank in an amount not to exceed such draw or draws; and

(c) for payment of principal of, premium, if any, and interest due on each Payment Date with respect to the Bonds and not otherwise provided for, and for payment of principal of and interest due on each Payment Date with respect to the Series 2010C Bank Note, from amounts held in the Debt Service Reserve Account (except for amounts therein representing investment income required to be paid to the First Lien Trustee pursuant to Section 6.02 hereof), ratably, without preference or priority of any kind; provided, however, that so long as the Letter of Credit shall be in effect, such principal of and interest on the Bonds (except for Pledged Bonds and Bank-owned Bonds) shall be paid from a draw or draws on the Letter of Credit and moneys held in the Debt Service Reserve Account shall be used on such Payment Date to reimburse the Bank in an amount not to exceed such draw or draws.

When the Bonds bear interest at a Flexible Rate, on the first Business Day of each month or on such date as may be required pursuant to Section 5.02(c) hereof, the Trustee shall withdraw from the Principal and Interest Account and pay to the Bank an amount sufficient to reimburse the Bank for the draw made on the Letter of Credit pursuant to Section 5.02(c) hereof on such date.

Section 4.07. Use of Moneys in the Costs of Issuance Account and the Program Fee Account. Moneys deposited into the Costs of Issuance Account pursuant to Section 4.03(g) shall be used solely for the payment of Costs of Issuance of the Bonds as directed in a Certificate filed with the Trustee. If after the payment of all Costs of Issuance, as specified in a certificate filed with the Trustee, there shall be any balance remaining in the Costs of Issuance Account, such balance shall be transferred to the Program Fee Account. Moneys deposited into the Program Fee Account pursuant to Section 4.03(d) hereof shall be used solely for the payment of Program Fees payable by the City to third parties, including the Bank, with respect to the Bonds as set forth in a Certificate filed with the Trustee.

Section 4.08. Tax Covenants. The City covenants to take any action required by the provisions of the Code and within its power to take in order to preserve the exclusion of interest on the Bonds from gross income for Federal income tax purposes (other than with respect to an alternative minimum tax imposed on interest on the Bonds), including, but not limited to, the provisions of Section 148 of the Code relating to "arbitrage bonds."

Section 4.09. Non-presentment of Bonds. In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or otherwise, if moneys sufficient to pay any such Bond shall have been made available to the Trustee for the benefit of the Registered Owner or Owners thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the

Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under the Indenture or this Fortieth Supplemental Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City upon direction of an Authorized Officer, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys. The obligation of the Trustee under this Section 4.10 to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

Section 4.10. Moneys to be Held in Trust. All moneys required to be deposited with or paid to the Trustee for the account of any Fund or Account referred to in any provision of this Fortieth Supplemental Indenture shall be held by the Trustee in trust as provided in Section 1003 of the Indenture, and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien or security interest created hereby.

Section 4.11. Debt Service Reserve Account. The City shall maintain the Debt Service Reserve Account in an amount equal to the Reserve Requirement. Any Qualified Investments held to the credit of the Debt Service Reserve Account shall be valued in accordance with Section 305 of the Indenture.

Section 4.12. Adjustment of Reserve Requirement at Beginning of Fixed Rate Period. Notwithstanding any other provision of this Fortieth Supplemental Indenture, as of the Fixed Rate Conversion Date, the Reserve Requirement shall consist of an amount equal to the maximum Annual Third Lien Debt Service on the Bonds during any current or future Bond Year while the Bonds bear interest at the Fixed Rate. Prior to the Fixed Rate Conversion Date, the Trustee shall determine the amount on deposit in the Debt Service Reserve Account, including the valuation of investments thereof pursuant to Section 305 of the Indenture. If the amount then on deposit in the Debt Service Reserve Account exceeds the Reserve Requirement determined pursuant to this Section 4.13, the Trustee shall, if so instructed by the City in a Certificate filed with the Trustee, transfer the excess to the Project Account for the purpose of paying the cost of Capital Projects, and in the absence of receipt by the Trustee of such Certificate apply such excess to the redemption of Bonds in Authorized Denominations pursuant to the provisions of Section 3.01(a) hereof on the Fixed Rate Conversion Date. If at the time of such redemption the Letter of Credit shall be in effect, the Trustee shall draw on the Letter of Credit to effect such redemption and shall reimburse the Bank in an amount equal to such draw from such excess moneys in the Debt Service Reserve Account. If the amount then on deposit in the Debt Service Reserve Account is less than the Reserve Requirement determined pursuant to this Section 4.13, the Trustee shall notify the City in writing of the amount of such deficiency.

The Letter of Credit shall terminate on the earliest of (i) the expiration date set forth therein (which shall be a date at least ten days after the last Interest Payment Date of the coverage period thereof), unless renewed or extended by the Bank, (ii) the close of business of the Bank on the tenth day after the day on which an Alternate Letter of Credit becomes effective (but not earlier than the tenth day following the last Interest Payment Date covered by the Letter of Credit to be terminated or such earlier date within such ten-day period as the Trustee shall designate at the request of the City pursuant to paragraph (d) of this Section 5.01), (iii) the close of business of the Bank on the tenth day after the Fixed Rate Conversion Date (but not earlier than the tenth day following the last Interest Payment Date covered by the Letter of Credit to be terminated or such earlier date within such ten-day period as the Trustee shall designate at the request of the City pursuant to paragraph (d) of this Section 5.01), (iv) subject to the provisions of Section 8.02 hereof, the date on which there has been a drawing under the Letter of Credit upon the maturity of the Bonds or redemption of all the Bonds, (v) the date on which there is no Bond Outstanding, (vi) the close of business of the Bank on the 15th day after the date on which the Trustee receives notice from the Bank that an event of default under the Reimbursement Agreement has occurred and that the Letter of Credit will expire and (vii) the surrender by the Trustee to the Bank of the Letter of Credit for cancellation.

(b) *Alternate Letter of Credit.* At any time the City may, at its option, provide for the delivery to the Trustee of an Alternate Letter of Credit. An Alternate Letter of Credit shall be an irrevocable direct pay letter of credit, issued by a commercial bank or banks, the terms of which shall in all material respects be the same as the then current Letter of Credit, if any. Such Alternate Letter of Credit shall set forth a maximum interest rate on the Bonds with respect to which draws may be made. On or prior to the date of delivery of an Alternate Letter of Credit to the Trustee, the City shall furnish to the Trustee (i) an opinion of Counsel stating that

the delivery of such an Alternate Letter of Credit to the Trustee is authorized under this Fortieth Supplemental Indenture and complies with the terms hereof, and (ii) an opinion of Bond Counsel stating that the delivery of such an Alternate Letter of Credit will not adversely affect the exclusion of interest on the Bonds from gross income for Federal income tax purposes (other than with respect to an alternative minimum tax imposed on interest on the Bonds). The Trustee shall then accept such Alternate Letter of Credit and surrender the previously held Letter of Credit, if any, to the previous Bank for cancellation as provided in subsection (d) of this Section 5.01. Each Alternate Letter of Credit shall become effective and commence coverage as of the applicable Credit Substitution Date determined in reference to the previously held Letter of Credit and shall not expire earlier than one year following its date of issuance. No Alternate Letter of Credit may terminate earlier than ten days after the last Interest Payment Date of the coverage period thereof.

(c) *Fixed Rate Letter of Credit.* No later than thirty days prior to the Fixed Rate Conversion, the City may, at its option, provide for the delivery to the Trustee of a Fixed Rate Letter of Credit issued by a commercial bank, which shall be effective on the Fixed Rate Conversion Date and may terminate not earlier than one year thereafter. The Fixed Rate Letter of Credit shall be an irrevocable direct pay obligation of the Bank to pay the Trustee, upon request and in accordance with the terms thereof, up to (a) an amount sufficient to pay the principal of the Bonds when due whether at stated maturity or upon redemption thereof, plus (b) an amount equal to seven months' interest accrued on the Outstanding Bonds to pay interest on the Bonds on or prior to the expiration date of such Fixed Rate Letter of Credit. The Fixed Rate Letter of Credit shall be delivered to the Trustee. On or prior to the date of the delivery of the Fixed Rate Letter of Credit to the Trustee, the City shall furnish to the Trustee an Opinion of Counsel stating that the delivery of such Fixed Rate Letter of Credit to the Trustee is authorized under this Fortieth Supplemental Indenture and complies with the terms hereof. The Trustee shall then accept such Fixed Rate Letter of Credit and surrender the previously held Letter of Credit to the Bank issuing the same for cancellation as provided in subsection (d) of this Section 5.01.

(d) *Delivery to Trustee of Alternate Letter of Credit or Fixed Rate Letter of Credit; Surrender of Letter of Credit for Cancellation.* If at any time there shall have been delivered to the Trustee (i) an Alternate Letter of Credit or a Fixed Rate Letter of Credit pursuant to the preceding subsections of this Section 5.01, and (ii) when required under the preceding subsections of this Section 5.01, an opinion of Counsel stating that the delivery of such Alternate Letter of Credit or Fixed Rate Letter of Credit to the Trustee is authorized under this Section 5.01 and complies with the terms hereof, then the Trustee shall accept such Alternate Letter of Credit or Fixed Rate Letter of Credit, as the case may be, and surrender the previously held Letter of Credit to the Bank issuing the same for cancellation; provided, however, that (a) in no event shall such Letter of Credit be surrendered prior to the effective date of the Alternate Letter of Credit or Fixed Rate Letter of Credit, as the case may be, and (b) on the applicable Credit Substitution Date, the Trustee shall draw upon the existing Letter of Credit rather than the new Alternate Letter of Credit or Fixed Rate Letter of Credit, as the case may be, in order to provide funds to pay the Purchase Price of Bonds subject to mandatory purchase on such Credit Substitution Date pursuant to Section 2.08 hereof. If at any time there shall cease to be any Bonds Outstanding hereunder, the Trustee shall promptly surrender the Letter of Credit to the Bank for cancellation.

The Trustee shall comply with the procedures set forth in the Letter of Credit relating to the termination thereof.

(e) *Notice of Expiration of Letter of Credit.* The Trustee shall give notice by first class mail of the expiration of the term of the Letter of Credit, which notice shall (i) specify the date of the expiration of the term of the Letter of Credit, (ii) state that such expiration may result in reduction or withdrawal of Moody's or S&P's ratings of the Bonds from those which then prevail, (iii) if the Bonds bear interest at a Variable Rate, specify the last times and dates prior to such expiration on which Bonds must be delivered, or on which notice must be given, for the purchase of Bonds pursuant to Section 2.08 hereof and the place where such Bonds must be delivered for such purchase and (iv) state that on the Interest Payment Date immediately preceding the date of the expiration of the term of the Letter of Credit, the Bonds shall be subject to mandatory purchase on such date. Such notice shall be given by first class mail at least 30 days prior to such Interest Payment Date to the owners of Bonds appearing on the Bond Registrar's registration books.

Section 5.02. Draws on the Letter of Credit.

(a) *Trustee's Duty to Draw on Letter of Credit to Pay Principal of and Interest on Bonds.* The City hereby authorizes and directs the Trustee, and the Trustee hereby agrees, to draw moneys under the Letter of Credit for the benefit of the owners of the Bonds in accordance with the terms thereof in amounts sufficient to make timely payments of the principal of and interest on the Bonds (other than Pledged Bonds or Bank-owned Bonds) in accordance with the provisions of Section 4.06 hereof after taking into account any amounts held in the Letter of Credit Account as a result of draws on the Letter of Credit pursuant to subsection (c) of this Section 5.02.

(b) *Trustee's Duty to Draw on Letter of Credit to Pay Purchase or Redemption Price of Bonds.* The Trustee shall also (i) draw moneys under the Letter of Credit in accordance with the terms thereof to the extent necessary to make timely payments required to be made pursuant to, and in accordance with, Sections 2.06 and 2.08 hereof, and (ii) draw moneys under the Letter of Credit to pay the redemption price of Bonds (other than Pledged Bonds or Bank-owned Bonds) pursuant to Section 3.01 hereof in accordance with the terms thereof in the amounts required by said Section 3.01. It is understood and agreed that the Trustee when drawing amounts under the Letter of Credit as provided in clauses (i) and (ii) of this subsection (b) is not acting as an agent of the City. The Trustee shall make draws under the Letter of Credit in accordance with the terms thereof to pay the purchase price of Bonds pursuant to Sections 2.06 and 2.08 hereof, or to pay the redemption price or purchase price of Bonds pursuant to Article III hereof, so as to provide immediately available funds in New York, New York, by the close of business on the date such purchase or redemption is to be made.

(c) *Drawings Under Letter of Credit When Bonds Bear Interest at Flexible Rate.* On the first Business Day of each month while the Bonds bear interest at a Flexible Rate and on any Mode Adjustment Date commencing a Flexible Mode that is not the first Business Day of a month, the Trustee shall make draws under the Letter of Credit in accordance with the terms thereof in an amount that would be sufficient to cause the amount on deposit in the Letter of Credit Account on such day to equal the accrued and unpaid interest on the Bonds (other than

Pledged Bonds and Bank-owned Bonds) plus the interest that would accrue on the Bonds from such date to and including the first Business Day of the following calendar month if the Bonds were outstanding at all times during such period calculated on the basis of the interest rate used in the Letter of Credit for purposes of calculating the stated amount thereof for any day interest is to accrue at a rate unknown on the date such draw is made. In either case, the Trustee shall apply amounts held to the credit of the Principal and Interest Account to reimburse the Bank the amount of such draw pursuant to Section 4.06 hereof. The Trustee shall provide any Paying Agent with the amounts calculated by the Trustee to be drawn under the Letter of Credit by such Paying Agent pursuant to this Section 5.02. Notwithstanding the deposit of such moneys in the Letter of Credit Account and the reimbursement of the Bank, the City shall have no right, title or interest in such moneys, and such moneys shall be held exclusively for the Registered Owners and paid over in accordance with the provisions of this Fortieth Supplemental Indenture.

Section 5.03. Maintenance of Letter of Credit. The City covenants and agrees that during such period as the Bonds bear interest at a Variable Rate it will cause a Letter of Credit or Alternate Letter of Credit to be delivered to the Trustee. The Letter of Credit shall not be transferred to a successor Trustee except in full compliance with the terms of the Letter of Credit.

ARTICLE VI

Investment of Moneys

Section 6.01. Investment of Moneys. Moneys held in the funds, accounts and sub-accounts established hereunder shall be invested and reinvested in accordance with the provisions governing investments contained in the Indenture; provided, however, that moneys held in the Letter of Credit Account which are proceeds of a draw or draws on the Letter of Credit shall only be invested in Federal Obligations maturing on the earlier of (a) nine days from the date of the investment, or (b) the date upon which such moneys will be required to be used in accordance herewith. All such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund, account or sub-account for which they were made.

Section 6.02. Investment Income. The interest earned on any investment of moneys held hereunder, any profit realized from such investment and any loss resulting from such investment shall be credited or charged to the fund, account or sub-account for which such investment was made; provided, however, that any interest earned on, and any profit resulting from, the investment of moneys on deposit in the Debt Service Reserve Account shall be transferred by the Trustee to the First Lien Trustee for deposit into the Revenue Fund established under the General Airport Revenue Bond Ordinance.

ARTICLE VII

Upon the satisfaction and discharge of this Fortieth Supplemental Indenture, the Trustee shall, upon the request of the City, execute and deliver to the City all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the City all Funds, Accounts and other moneys or securities held by them pursuant to this Fortieth Supplemental Indenture which are not required for the payment or redemption of the Bonds or the Series 2010C Bank Obligations not theretofore surrendered or presented for such payment or redemption.

Section 9.02. Dealing in Bonds. The Remarketing Agent, in its individual capacity, may buy, sell, own, hold and deal in any of the Bonds, and may join in any action which the owner of any Bond may be entitled to take with like effect as if it did not act in any capacity hereunder. Section 9.09. Delivery of Proceeds of Sale. The proceeds of the sale by the Remarketing Agent of any Bond pursuant to Section 9.05 hereof shall be turned over to the Trustee for redelivery to the person who delivered such Bond to the Trustee. The proceeds of the sale by the Remarketing Agent of any Bonds held in the Custody Account shall be paid to the Bank in accordance with the Reimbursement Agreement.

Section 9.10. No Remarketing After Default. Anything in this Fortieth Supplemental Indenture to the contrary notwithstanding, there shall be no remarketing of Bonds pursuant to this Article IX if there shall have occurred and be continuing an Event of Default.

Section 9.11. Custody Account.

(a) *Creation of Custody Account.* There is hereby created by the City and ordered established with the Trustee a separate and segregated trust account to be designated the "Chicago O'Hare International Airport 2010C Third Lien Bond Custody Account" (hereinafter called the "*Custody Account*").

(b) *Deposit of Pledged Bonds in Custody Account.* If any Bond (other than any Bank-owned Bond) is purchased by the Trustee pursuant to Section 2.06 or 2.08 hereof with moneys drawn under the Letter of Credit, that Bond shall be delivered to and held by the Trustee (and shall thereafter constitute a Pledged Bond until released as herein provided), shall be deposited in the Custody Account, and shall be released to the City or its order only upon the following:

(i) written or telephonic notice to the Bank from the Trustee promptly confirmed by tested telex, that such Bond has been remarketed by the Remarketing Agent;

(ii) evidence that the Trustee has received the proceeds of the remarketing of such Bond and holds such proceeds for the account of the Bank; and

(iii) telephonic notice from the Bank to the Trustee that the Letter of Credit has been reinstated to cover such remarketed Bond, provided that in connection with such reinstatement if such Bond bears interest at a Flexible Rate, sufficient amounts shall be drawn under the Letter of Credit and deposited into the Letter of Credit Account (and the Bank reimbursed therefor) so that the amount then held in the Letter of Credit Account is not less than the amount that would have been in such account as a result of draws pursuant to subsection (c) of Section 5.02 hereof if such Bond did not constitute a Pledged Bond hereunder; provided, however, that no single draw pursuant hereto may be made with respect to more than 34 days' interest on the Bonds being remarketed at the maximum rate of interest used for purposes of calculating the amount of the Letter of Credit.

(c) *Registration of Pledged Bonds.* Bonds purchased by the Trustee pursuant to Section 2.06 or 2.08 hereof which, by virtue of subsection (b) of this Section 9.11, constitute Pledged Bonds shall, immediately, upon receipt thereof by the Trustee, be registered in the name of the Trustee and held by the Trustee as collateral security for the payment of the Series 2010C Bank Note.

(d) *Deposit of Proceeds of Remarketing in Custody Account.* To the extent of amounts due and owing to the Bank under the Series 2010C Bank Note the proceeds of the remarketing of Bonds held in the Custody Account shall be deposited into the Custody Account and held by the Trustee for the account of, and in trust solely for, the Bank, shall not be commingled with the Trust Estate or any other moneys held by the Trustee, and shall be paid

over immediately to the Bank. The balance of such proceeds shall be deposited in the Principal and Interest Account of the 2010C Dedicated Sub-Fund.

(e) *Principal and Interest Payments on Pledged Bonds.* On each Payment Date prior to the release of such Pledged Bonds to the City or the Remarketing Agent and reinstatement of the Letter of Credit as aforesaid, the Trustee shall apply the moneys in the Principal and Interest Account to the payment of Principal Installments or Sinking Fund Payments of, and interest on, such Pledged Bonds in the manner provided in Article IV hereof, but shall not draw on the Letter of Credit or use moneys in the Letter of Credit Account or any other moneys in the 2010C Dedicated Sub-Fund, except moneys in the Principal and Interest Account, for that purpose to any extent whatever; and the Trustee shall receive for the account of the City the interest and principal paid in respect of such Bonds and immediately upon such receipt the Trustee shall pay such interest and principal over to the City; provided, however, that if at such time there shall remain any unreimbursed draw on the Letter of Credit with respect to such Bonds, such interest and principal payments shall be paid over to the Bank until the amount of such draw plus interest thereon as provided in the Reimbursement Agreement shall have been fully reimbursed.

(f) *Cancellation of Pledged Bonds upon Redemption.* If, on any date prior to the release of such Pledged Bonds from the Custody Account to the City or the Remarketing Agent and reinstatement of the Letter of Credit as aforesaid, all Bonds are called for redemption pursuant to Section 3.01(a) hereof, the Pledged Bonds shall be deemed to have been paid and shall thereupon be cancelled by the Trustee.

(g) *Conversion of Pledged Bonds to Bank-owned Bonds.* Upon a mandatory purchase of the Bonds pursuant to clause (a)(4) of Section 2.08 hereof, all Pledged Bonds held in the Custody Account shall constitute Bank-owned Bonds hereunder for all purposes.

Any Paying Agent appointed pursuant to this Section 9.12 shall evidence its acceptance by a certificate filed with the Trustee and the City. For all purposes of this Fortieth Supplemental Indenture, the authentication, registration and delivery of Bonds by or to any Paying Agent pursuant to this Section shall be deemed to be the authentication, registration and delivery of Bonds "by or to the Trustee." Such Paying Agent shall at all times be a commercial bank having its principal office in New York, New York and shall at all times be a corporation organized and doing business under the laws of the United States or of any state with combined capital and surplus of at least \$50,000,000 and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by Federal or state authority. If

such corporation publishes reports of condition at least annually pursuant to law or the requirements of such authority, then for the purposes of this Section the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Any corporation into which such Paying Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which such Paying Agent shall be a party, or any corporation succeeding to the corporate trust business of such Paying Agent, shall be a successor of such Paying Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing or any further act on the part of the parties hereto or such Paying Agent or such successor corporation.

Any Paying Agent may at any time resign by giving written notice of resignation to the Trustee, the Remarketing Agent, the Bank and the City, and such resignation shall take effect at the appointment by the Trustee of a successor Paying Agent pursuant to the succeeding provisions of this Section 9.12 and the acceptance by the successor Paying Agent of such appointment. The Trustee may at any time terminate the agency of any Paying Agent by giving written notice of termination to such Paying Agent, the Remarketing Agent, the Bank and the City. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Paying Agent shall cease to be eligible under this Section, the Trustee shall promptly appoint a successor Paying Agent, shall give written notice of such appointment to the City, the Remarketing Agent and the Bank, and shall mail notice of such appointment to all owners of Bonds.

Notwithstanding anything herein to the contrary, any Paying Agent shall be entitled to rely on information furnished to it orally or in writing by the Trustee, and in the case of notices pursuant to Section 9.05(c) hereof, by the Remarketing Agent, and shall be protected hereunder in relying thereon.

The Trustee agrees to pay to any Paying Agent from time to time its fees and expenses for its services and the Trustee shall be entitled to be reimbursed for such payments pursuant to Section 1006 of the Indenture.

Section 9.13. Notice to Moody's and S&P. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Seventh SupplementalIndenture unless and until such certificate of authentication in substantially the form hereinabove set forth shall have been duly executed by the Trustee, and such executed certificate of the Trustee, upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Seventh SupplementalIndenture. The Trustee's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized signatory of the Trustee, but it shall not be necessary that the same signatory sign the certificate of authentication on all of the Bonds.

Section 2.06. Form of Bonds; Temporary Bonds. The Bonds issued under this Seventh SupplementalIndenture shall be substantially in the form hereinbefore set forth, with such appropriate variations, omissions and insertions as are permitted or required by this Seventh SupplementalIndenture.

Pending preparation of definitive Bonds, or by agreement with the purchasers of the Bonds, the City may issue and, upon its request, the Trustee shall authenticate, in lieu of definitive Bonds, one or more temporary printed or typewritten Bonds in Authorized Denominations of substantially the tenor recited above. Upon request of the City, the Trustee shall authenticate definitive Bonds in exchange for and upon surrender of an equal principal amount of temporary Bonds. Until so exchanged, temporary Bonds shall have the same rights, remedies and security hereunder as definitive Bonds.

Section 2.07. Delivery of Bonds. Upon the execution and delivery of this Seventh SupplementalIndenture, the City shall execute and deliver to the Trustee, and the Trustee shall

authenticate, the Bonds and deliver them to the purchasers as may be directed by the City as provided in this Section. Prior to the delivery by the Trustee of any of the Bonds there shall be filed with the Trustee:

In the event any such Bond shall have matured, instead of issuing a substitute Bond the City may pay the same without surrender thereof. The City and the Trustee may charge the Registered Owner of such Bond with their reasonable fees and expenses in this connection. All Bonds so surrendered to the Trustee shall be cancelled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.09. Registration and Exchange of Bonds; Persons Treated as Owners. The City shall cause books for the registration and for the transfer of the Bonds as provided in this Seventh Supplemental Indenture to be kept by the Trustee as the Bond Registrar of the City. Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or such Owner's attorney duly authorized in writing, the City shall execute and the Bond Registrar shall authenticate and deliver in the name of the transferee or transferees a new fully registered Bond for a like maturity, interest rate and aggregate principal amount.

Bonds may be exchanged at the principal office of the Bond Registrar for a like aggregate principal amount of fully registered Bonds of the same Series and maturity and interest rate and of other Authorized Denominations. The City shall execute and the Bond Registrar shall authenticate and deliver Bonds which the Bondowners making the exchange are entitled to receive, bearing numbers not contemporaneously then outstanding. The execution by the City of any Bond of any denomination shall constitute full and due authorization of such denomination and the Bond Registrar shall thereby be authorized to authenticate and deliver such Bond.

The Bond Registrar shall not be required to register for transfer or exchange any undelivered Bond or any Bond after the giving of notice calling such Bond for redemption or partial redemption.

The person in whose name any fully registered Bond is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such

registered Bond upon any transfer or exchange thereof subsequent to the Record Date and prior to such Interest Payment Date, except if and to the extent there shall be a default in the payment of the interest due on such Interest Payment Date, in which case such defaulted interest shall be paid to the person in whose name such Bond is registered either at the close of business on the day preceding the date of payment of such defaulted interest or on a subsequent Record Date for such payment if one shall have been established as hereinafter provided. A subsequent Record Date for defaulted interest may be established by the Trustee by notice mailed to the Registered Owners of Bonds not less than 10 days preceding such Record Date, which Record Date shall be not more than 30 days prior to the subsequent Interest Payment Date.

Except as provided in the Indenture, as to any Bond the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of principal, premium, if any, or interest on any Bond shall be made only to or upon the written order of the Registered Owner thereof or his or her legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Bond Registrar shall require the payment by the Bondowner requesting exchange or transfer, of any tax or other governmental charge required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the Bondowner for such exchange or transfer.

Section 2.10. Book-Entry Provisions. The provisions of this Section shall apply so long as the Bonds are maintained in book-entry form with DTC or another Securities Depository.

(a) Payments. The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in same day funds on each date on which the principal of, interest on, and premium, if any, on the Bonds is due as set forth in this Seventh Supplemental Indenture and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth in this Seventh Supplemental Indenture. If such different manner of payment is agreed upon, the City shall give the Trustee written notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, interest on, and premium, if any, on the Bonds to Participants or the beneficial owners of the Bonds or their nominees.

(b) Replacement of the Securities Depository. If (i) the City determines or (ii) the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50% in principal amount of the Bonds that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository or that it is in the best interests of the beneficial owners that they obtain certificated Bonds, the City may (or in the case of clause (ii) above, the City shall) cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the

occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) Discontinuance of Book-Entry or Change of Securities Depository. If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the beneficial owners of the Bonds shown on the records of such Participant. Replacement Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of the Bonds by check or draft mailed to each Registered Owner at the address of such Registered Owner as it appears on the bond registration books maintained by the City for such purpose at the principal corporate trust office of the Trustee or at the option of any Registered Owner of not less than \$1,000,000 in aggregate principal amount of Bonds, by wire transfer to any address in the continental United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the principal corporate trust office of the Trustee.

(d) Effect of Book-Entry System. The Securities Depository and its Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Bonds.

(b) The Trustee shall establish and maintain in the Principal Account a separate account for each particular group of Bonds of a Series that mature on a single date and for which Sinking Fund Payments are established pursuant to Section 3.01(b). Moneys paid into the Principal Account as a Sinking Fund Payment in any year shall upon receipt be segregated and set aside in said accounts in proportion to the respective amounts of the Sinking Fund Payment on the next ensuing January 1 Payment Date with respect to the particular Bonds for which each such account is maintained.

(c) The Trustee shall apply moneys in any account established in the Principal Account as provided in subsection (b) of this Section to the purchase or redemption of the Bonds for which such account is maintained in the manner provided in this Section and Article III or to the payment of the principal thereof at maturity. (b) If at any time the Debt Service Reserve Account holds both a Qualified Reserve Account Credit Instrument and Qualified Investments, the Qualified Investments shall be liquidated and the proceeds applied for the purposes for which Debt Service Reserve Account moneys may be applied under this Seventh SupplementalIndenture prior to any draw being made on the Qualified Reserve Account Credit Instruments. If the Debt Service Reserve Account holds Qualified Reserve Account Credit Instruments issued by more than one issuer, draws shall be made under such credit instruments on a pro-rata basis to the extent of available funds.

(c) If on the Business Day prior to any Interest Payment Date there shall not be a sufficient amount in the Interest Account and the Capitalized Interest Account available to provide for the payment of the interest on the Bonds due on such Interest Payment Date, the Trustee shall withdraw from the Debt Service Reserve Account and pay into the Interest Account the amount needed to cure such deficiency.

If, after payment of all Costs of Issuance of the Bonds, there shall be any balance remaining in the Costs of Issuance Account, such balance, at the direction of an Authorized Officer filed with the Trustee, shall be withdrawn from the Costs of Issuance Account and deposited in the Construction Account or the Administrative Expense Account.

(v) That the payment is for costs which, pursuant to the PFC Approvals, are permitted to be paid from Bond proceeds; and

(vi) That there has not been filed with or served upon the City any notice of any lien, right to lien, or attachment upon or claim affecting the right to receive payment of any of the moneys payable to any of the persons, firms or corporations named which have not been released or will not be released simultaneously with the payment of such obligations, and in the event that any assignment of right to receive payment has been made and notice thereof has been given to the City and the City has accepted such assignment, the order directing payment shall recite that fact and direct the payment to be made to the assignee thereof as shown by the records of the City.

WHEREAS, The City has determined that the continuance of a shortage of affordable rental housing is harmful to the health, prosperity, economic stability and general welfare of the City; and

WHEREAS, The City has certain funds available from a variety of funding sources ("Multi-Family Program Funds") to make loans and grants for the development of multi-family residential housing to increase the number of families served with decent, safe, sanitary and affordable housing and to expand the long-term supply of affordable housing, and such Multi-Family Program Funds are administered by the City's Department of Community Development ("D.C.D."); and

WHEREAS, D.C.D. has preliminarily reviewed and approved the making of a loan to Roseland Village Inc., NFP, an Illinois not-for-profit corporation (the "Borrower"), in an amount not to exceed \$1,681,334 (the "Loan"), to be funded from Multi-Family Program Funds pursuant to the terms and conditions set forth in Exhibit A attached hereto and made a part hereof; and

WHEREAS, The City has received certain funds pursuant to a settlement agreement with Peoples Energy Corporation, et al. (the "Peoples Gas Funds") and has a portion of the Peoples Gas Funds available to make grants, loans, or equity investments for energy efficiency or weatherization purposes; and

WHEREAS, D.C.D. may make a loan or grant of Peoples Gas Funds to the Borrower, or to another entity affiliated with the Borrower, the amount of which such loan or grant may reduce the amount of the Loan, but the making of such loan or grant is not a condition to making of the Loan; and

WHEREAS, On January 16, 2002, the City Council of the City (the "City Council") enacted an ordinance published in the *Journal of the Proceedings of the City Council of the City of Chicago* (the "*Journal*") for such date at pages 77362 through 77366 (as amended by an ordinance enacted by the City Council on September 4, 2003 and published in the *Journal* for such date at pages 6475 through 6621) which authorized the establishment of a program (the "Donation Tax Credit Program") to be implemented by the Department of Housing (of which D.C.D. is the successor agency) in connection with the use of certain tax credits authorized by the Illinois General Assembly pursuant to Public Act 92-0491 (as supplemented, amended and restated from time to time) for donations made in connection with affordable housing projects; and

WHEREAS, Pursuant to an ordinance adopted by the City Council on January 16, 2002 and published at pages 76911 through 77058, in the *Journal* of such date, a certain redevelopment plan and project ("Plan") for the Roseland/Michigan Avenue Tax Increment Financing Redevelopment Project Area ("Area") was approved pursuant to the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq.) WHEREAS, The Plan and the use of tax increment financing provide a mechanism to support new growth through leveraging private investment, and helping to finance land acquisition, demolition, remediation, site preparation and infrastructure for new development in the Area; and

WHEREAS, The City is the owner of that certain vacant real property located in the Area, commonly known as 10400 -- 10410 South Michigan Avenue, Chicago, Illinois, and legally described on Exhibit B attached hereto (subject to final title commitment and survey, the "Property"); and

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made a part of this ordinance as though fully set forth herein.

SECTION 2. Upon the approval and availability of the Additional Financing as shown in Exhibit A hereto, the Commissioner of D.C.D. (the "Commissioner") and a designee of the Commissioner (collectively, the "Authorized Officer") are each hereby authorized, subject to approval by the Corporation Counsel, to enter into and execute such agreements and instruments (collectively, the "Loan Documents"), and perform any and all acts as shall be necessary or advisable in connection with the implementation of the Loan. The Authorized Officer is hereby authorized, subject to the approval of the Corporation Counsel, to negotiate any and all terms and provisions in connection with the Loan which do not substantially modify the terms described in Exhibit A hereto. Upon the execution and receipt of proper documentation, the Authorized Officer is hereby authorized to disburse the proceeds of the Loan to the Borrower.

SECTION 3. In connection with the Loan by the City to the Borrower, the City shall waive those certain fees, if applicable, imposed by the City with respect to the Project (as described in Exhibit A hereto) and as more fully described in Exhibit C attached hereto and made a part hereof. The Project shall be deemed to qualify as "Affordable Housing" for purposes of Chapter 16-18 of the Municipal Code of Chicago. Section 2-45-110 of the Municipal Code of Chicago shall not apply to the Project or the Property.

SECTION 4. The City hereby approves the conveyance of the Property as a donation to the Borrower from the City under the Donation Tax Credit Program in connection with the Project. The Authorized Officer is hereby authorized to transfer the tax credits allocated to the City under the Donation Tax Credit Program in connection with the conveyance of the Property to an entity satisfactory to the Authorized Officer on such terms and conditions as are satisfactory to the Authorized Officer (the "Transfer"). The proceeds, if any, received by the City in connection with the Transfer are hereby appropriated, and the Authorized Officer is hereby authorized to use such proceeds, to make a grant to the Borrower, in the Authorized Officer's sole discretion, for use in connection with the Project (the "Grant"). The Authorized Officer is hereby authorized, subject to approval by the Corporation Counsel, to enter into and execute such agreements and instruments, and perform any and all acts as shall be necessary or advisable in connection with the implementation of the Transfer and the Grant. Upon the execution and receipt of proper documentation, the Authorized Officer is hereby authorized to disburse the proceeds of the Grant to the Borrower.

SECTION 5. The Mayor or his proxy is authorized to execute, and the City Clerk or Deputy City Clerk is authorized to attest, a quitclaim deed conveying the Property to the Borrower, or to a land trust of which the Borrower is the sole beneficiary, or to an entity of which the Borrower is the sole owner and the controlling party, subject to those covenants, conditions and restrictions set forth in this ordinance.

SECTION 6. The following provisions shall govern the City's conveyance of the Property to the Borrower:

(i) Form Of Quitclaim Deed. The City shall convey to the Borrower title to the Property by quitclaim deed for the sum of One and no/100 Dollars (\$1.00), which shall be paid by the Borrower to the City on the date the City conveys the Property. The Borrower acknowledges and agrees that the Property has an appraised fair market value price of approximately Three Hundred Sixty Thousand Dollars (\$360,000). Without limiting the quitclaim nature of the deed, the conveyance of and title to the Property shall, in addition to the provisions of this ordinance, be subject to:

- (a) general real estate taxes and any special assessments or other taxes;
- (b) all easements, encroachments, covenants and restrictions of record and not shown of record;
- (c) such other title defects as may exist;
- (d) any and all exceptions caused by the acts of the Borrower or its agents; and
- (e) the Plan for the Area.

The City shall use reasonable efforts to obtain the waiver or release of any delinquent real estate taxes or tax liens on the Property prior to the closing, to the extent such taxes or tax liens can be waived or released through submission of an abatement letter to the Cook County Treasurer, a motion to vacate a tax sale or a petition for exemption. If the City is unable to obtain the waiver or release of any such tax liens or is unable to cause the title company to insure over such tax liens, or if the Property is encumbered with any other unpermitted exceptions, the Borrower shall have the option to do one of the following: (a) accept title to the Property subject to the unpermitted exceptions, which shall then become permitted exceptions; or (b) terminate this Agreement by delivery of written notice to the City at least fourteen (14) days prior to the closing date.

(ii) Financing. The Borrower shall not, without prior written consent of D.C.D., which shall be in D.C.D.'s sole discretion, engage in any financing or other transaction which would create an encumbrance or lien on the Property (other than financing described on Exhibit A).

(iii) The Property. The closings for the Property (both land conveyance and financing) shall take place simultaneously and sequentially (land conveyance followed by the financing closing) and on such date and at such place as the parties may mutually agree to in writing, but in no event earlier than the satisfaction of all conditions precedent to closing as the City may require and not later than December 31, 2010 (the "Outside Closing Date"), unless D.C.D. in its sole discretion extends the Outside Closing Date by up to six (6) months, for good cause shown by issuing a written extension letter.

(iv) Recordation Of Quitclaim Deed. The Borrower shall promptly record the quitclaim deed for the Property in the Office of the Recorder of Deeds of Cook County, Illinois. The Borrower shall pay all costs for so recording the quitclaim deed.

(v) Escrow. In the event that the Borrower requires conveyance through an escrow, the Borrower shall pay all escrow fees.

(vi) Environmental Condition Of The Property. The City makes no covenant, representation or warranty as to the soil or environmental condition of the Property or the suitability of the Property for any purpose whatsoever, and the Borrower agrees to accept the Property "as is". If after the closing of the City's conveyance of the Property to the Borrower, the soil or environmental condition of the Property is not in all respects entirely suitable for the use to which the Property is to be utilized, it shall be the sole responsibility and obligation of the Borrower to take such action as is necessary to put the Property in a condition suitable for such intended use. The Borrower agrees to release and indemnify the City from any claims and liabilities relating to or arising from the environmental condition of the Property (including, without limitation, claims under CERCLA) and to undertake and discharge all liabilities of the City arising from any environmental condition which existed on the Property prior to the closing.

SECTION 7. No provision of the Municipal Code of Chicago, ordinance, resolution, motion, or executive order, including, but not limited to the provisions of Section 5-8-020 of the Municipal Code of Chicago with respect to parental status, shall be applied to prohibit the operation of the Project as elderly housing for intergenerational families during the term of the Loan.

SECTION 8. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 9. This ordinance shall be effective as of the date of its passage and approval.

WHEREAS, In consideration of redevelopment project costs for the Phase 1 Project incurred or to be incurred by or on behalf of Developer, the City agrees to issue, and Developer agrees to acquire, according to certain terms and conditions, the Note (as defined below) as a tax increment revenue obligation; and

WHEREAS, The City will receive no cash proceeds in exchange for the Note (as defined below) to be issued under this ordinance; and

WHEREAS, As described in the form of Chicago Lakeside Development Phase 1 Redevelopment Agreement (as defined below) and attached hereto as Exhibit A, including but not limited to Recital H and Section 4.10 thereof, the City anticipates issuing its general obligation bonds and its special assessment bonds (collectively, the "Bonds") as defined and detailed in the Chicago Lakeside Development Phase 1 Redevelopment Agreement, in one or more series, for the purpose of financing capital costs with respect to the Phase 1 Project; and

WHEREAS, Any such Bonds will be issued pursuant to one or more ordinances adopted by the City Council on one or more future dates; and

WHEREAS, The United States Department of Treasury has promulgated final regulations that, among other things, impose certain requirements on the City in connection with the reimbursement of the City from the proceeds of tax-exempt debt for expenditures made for capital improvements, such as the Phase 1 Project; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are incorporated herein and made a part hereof.

SECTION 2. Developer is hereby designated as the developer for the Phase 1 Project under Section 5/11-74.4-4 of the Act.

SECTION 3. The Commissioner or Acting Commissioner of D.C.D. (the "Commissioner") or a designee of the Commissioner are each hereby authorized, with the approval of the City's Corporation Counsel as to form and legality, to negotiate, execute and deliver a redevelopment agreement between Developer and the City in substantially the form attached hereto as Exhibit A and made a part hereof (the "Chicago Lakeside Development Phase 1 Redevelopment Agreement"), and such other supporting documents as may be necessary or appropriate to carry out and comply with the provisions of the Chicago Lakeside Development Phase 1 Redevelopment Agreement, with such changes, deletions and insertions as shall be approved by the persons executing the Chicago Lakeside Development Phase 1 Redevelopment Agreement and supporting documents.

SECTION 4. The City Council hereby finds that the City is authorized to issue its tax increment allocation revenue obligation, the Note (as defined below), in an aggregate amount not to exceed \$98,128,919 for the purpose of paying a portion of the eligible costs included within the Phase 1 Project.

SECTION 5. There shall be borrowed for and on behalf of the City an aggregate amount not to exceed \$98,128,919 for the payment of a portion of the eligible costs included within the Phase 1 Project and the note of the City shall be issued up to said amount and shall be designated: "Tax Increment Allocation Revenue Note (Chicago Lakeside Development Phase 1 Redevelopment Project), Taxable Series A". Registered Note Number R-1 (the "Note") shall be for a principal amount not to exceed \$98,128,919. The Note shall be dated the date of delivery thereof, and shall also bear the date of authentication, shall be in fully registered form, shall be in the denomination of the outstanding principal amount thereof and shall become due and payable as provided therein.

The Note shall bear interest at the rate of not to exceed 8.50% per annum computed on the basis of a 360 day year of twelve 30 day months.

The principal of and interest on the Note shall be paid by check or draft of the Comptroller of the City, as registrar and paying agent (the "Registrar"), payable in lawful money of the United States of America to the person in whose name the Note is registered at the close of business on the 15th day of the month immediately prior to the applicable payment date; provided, that the final installment of the principal and accrued but unpaid interest of the Note shall be payable in lawful money of the United States of America at the principal office of the Registrar or as otherwise directed by the City.

The seal of the City shall be affixed to or a facsimile thereof printed on the Note, and the Note shall be signed by the manual or facsimile signature of the Mayor of the City and attested by the manual or facsimile signature of the City Clerk of the City, and in case any

officer whose signature shall appear on the Note shall cease to be such officer before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

The Note shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Registrar, as authenticating agent of the City for the Note, and showing the date of authentication. The Note shall not be valid or obligatory for any purpose or be entitled to any security or benefit under this ordinance unless and until such certificate of authentication shall have been duly executed by the Registrar by manual signature, and such certificate of authentication upon the Note shall be conclusive evidence that the Note has been authenticated and delivered under this ordinance.

SECTION 6. The City shall cause books (the "Register") for the registration of the Note as provided in this ordinance to be kept at the principal office of the Registrar, which is hereby constituted and appointed the registrar of the City for the Note. The Registrar shall maintain a list of the names and addresses of the registered owner of the Note. The City is authorized to prepare, and the Registrar shall keep custody of, multiple Note blanks executed by the City for use in the transfer of the Note.

Upon surrender for transfer of the Note at the principal office of the Registrar, duly endorsed by, or accompanied by: (i) a written instrument or instruments of transfer in form satisfactory to the Registrar; (ii) an investment representation in form satisfactory to the City and duly executed by, the registered owner or his attorney duly authorized in writing; and (iii) the written consent of the City evidenced by the signature of the Commissioner (or his or her designee) on the instrument of transfer, the City shall execute and the Registrar shall authenticate, date and deliver in the name of the transferee or transferees, a new, fully registered Note of the same maturity, of authorized denomination, and for a like aggregate principal amount. The execution by the City of the fully registered Note shall constitute full and due authorization of the Note, and the Registrar shall thereby be authorized to authenticate, date and deliver the Note, provided, however, that the principal amount of the Note authenticated by the Registrar shall not exceed the authorized principal amount of the Note less previous retirements. The Registrar shall not be required to transfer or exchange the Note during the period beginning at the close of business on the 15th day of the month immediately prior to the maturity date of the Note nor to transfer or exchange the Note after notice calling the Note for redemption has been made, nor during a period of five (5) days next preceding mailing of a notice for redemption of principal of the Note. No beneficial interests in the Note shall be assigned, except in accordance with the procedures for transferring the Note described above.

The person or entity in whose name the Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of the Note shall be made only to the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon the Note to the extent of the sum or sums so paid.

No service charge shall be made for any transfer of the Note, but the City or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of the Note.

SECTION 7. The Note shall be prepared in substantially the form attached hereto as Exhibit B.

SECTION 8. Under the Chicago Lakeside Development Phase 1 Redevelopment Agreement, Developer has agreed to perform construction and redevelopment work on the Phase 1 Project Property necessary for the Phase 1 Project. The eligible costs of such construction and redevelopment up to the amount not to exceed \$98,128,919 shall be deemed to be a disbursement of the proceeds of the Note, and the outstanding principal amount of the Note shall be increased by the amount of such advance. The principal amount outstanding of the Note shall be the amount of principal indicated in such Note on its date of issuance, or the sum of advances made under a form of certificate of expenditure (the "Certificate of Expenditure") executed by the Commissioner (or his or her designee) and authenticated by the Registrar, in accordance with the Chicago Lakeside Development Phase 1 Redevelopment Agreement, minus any principal amount paid on such Note and other reductions in principal as provided in the Chicago Lakeside Development Phase 1 Redevelopment Agreement. A Certificate of Expenditure shall not be valid or obligatory under this ordinance unless or until authenticated by the Registrar by manual signature. The City shall not execute Certificates of Expenditure that total in excess of \$98,128,919. Upon execution of a Certificate of Expenditure, the Registrar shall promptly send the Certificate of Expenditure to the Registered Owner and retain a copy with the Register. The Certificate of Expenditure for the Note shall be in substantially the form attached hereto as Exhibit C.

SECTION 9. The principal of the Note shall be subject to prepayment and redemption at any time, without penalty, as provided in the form of Note attached herein. As directed by the Commissioner, the Registrar shall proceed with redemption without further notice or direction from the City.

SECTION 10. The Registrar shall note on the payment schedule attached to the Note the amount of any payment of principal or interest on the Note, including the amount of any redemption, and the amount of any reduction in principal under the Chicago Lakeside Development Phase 1 Redevelopment Agreement.

SECTION 11. The Note hereby authorized shall be executed and delivered to Developer and shall be paid and have such security and shall have such priorities all as provided in the Chicago Lakeside Development Phase 1 Redevelopment Agreement.

SECTION 12. (a) Special Tax Allocation Fund. Under the T.I.F. Ordinance, the City has created a special fund, designated as the Chicago Lakeside Phase 1 Redevelopment Project Area Special Tax Allocation Fund (the "Chicago Lakeside Phase 1 T.I.F. Fund.")

The Treasurer of the City is hereby directed to maintain the Chicago Lakeside Phase 1 T.I.F. Fund as a segregated interest-bearing account, separate and apart from the General Fund or any other fund of the City, with a bank which is insured by the Federal Deposit Insurance Corporation or its successor. Under the T.I.F. Ordinance, all incremental ad valorem taxes received by the City for the Redevelopment Area are to be deposited into the Chicago Lakeside Phase 1 T.I.F. Fund.

(b) Chicago Lakeside Development Phase 1 Developer Account. There is hereby created within the Chicago Lakeside Phase 1 T.I.F. Fund a special account to be known as the "Chicago Lakeside Development Phase 1 Developer Account". The City shall promptly designate and deposit into the Chicago Lakeside Development Phase 1 Developer Account the incremental taxes defined as the "Available Incremental Taxes" in the Chicago Lakeside Development Phase 1 Redevelopment Agreement which have been deposited into the Chicago Lakeside Phase 1 T.I.F. Fund after the execution and delivery of the Chicago Lakeside Development Phase 1 Redevelopment Agreement.

(c) Pledge of Chicago Lakeside Development Phase 1 Developer Account. The City hereby assigns, pledges and dedicates the Chicago Lakeside Development Phase 1 Developer Account, together with all amounts on deposit in the Chicago Lakeside Development Phase 1 Developer Account: (i) to the payment of the Note, subject to the provisions and limitations of the Chicago Lakeside Development Phase 1 Redevelopment Agreement. Any monies on deposit in the Chicago Lakeside Development Phase 1 Developer Account that are forfeited under the terms of the Chicago Lakeside Development Phase 1 Redevelopment Agreement shall be transferred and deposited in the Chicago Lakeside Phase 1 T.I.F. Fund. Upon deposit, the monies on deposit in the Chicago Lakeside Development Phase 1 Developer Account may be invested as hereinafter provided. Interest and income on any such investment shall be deposited in the Chicago Lakeside Phase 1 T.I.F. Fund. All monies on deposit in the Chicago Lakeside Development Phase 1 Developer Account shall be used to pay the principal of and interest on the Note, at maturity or upon payment or redemption prior to maturity, each in accordance with its terms, which payments from the Chicago Lakeside Development Phase 1 Developer Account are hereby authorized and appropriated by the City. Upon payment of all amounts due under the Note in accordance with its respective terms, the amounts on deposit in the Chicago Lakeside Development Phase 1 Developer Account shall be deposited in the Chicago Lakeside Phase 1 T.I.F. Fund of the City and the Chicago Lakeside Development Phase 1 Developer Account shall be closed.

SECTION 13. The Note is a special limited obligation of the City, and is payable solely from amounts on deposit in the Chicago Lakeside Development Phase 1 Developer Account (or such other funds in the Chicago Lakeside Phase 1 T.I.F. Fund as the City, in its sole discretion may determine), and shall be a valid claim of the registered owners thereof only against said sources. The Note shall not be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the City, within the meaning of any constitutional or statutory provision. The registered owner of the Note shall not have the right to compel any exercise of the taxing power of the City, the State of Illinois or any political subdivision thereof to pay the principal of or interest on the Note.

SECTION 14. Monies on deposit in the Chicago Lakeside Development Phase 1 Developer Account may be invested as allowed under Section 2-32-520 of the Municipal Code of the City of Chicago. Each such investment shall mature on a date prior to the date on which said amounts are needed to pay the principal of or interest on the Note.

SECTION 15. The provisions of this ordinance shall constitute a contract between the City and the registered owner(s) of the Note. All covenants relating to the Note are enforceable by the registered owner(s) of the Note.

SECTION 16. This ordinance shall serve as a declaration of official intent so as to satisfy the "official intent requirement" of Treasury Regulations Section 1.150-2.

SECTION 17. The City has determined to undertake certain capital improvements with respect to the Phase 1 Project. The City anticipates that monies, other than the proceeds of any outstanding debt of the City; will be expended by the City with respect to such capital improvements.

SECTION 18. The City reasonably expects to be reimbursed for such expenditures with proceeds of the Bonds. The maximum principal amount of Bonds expected to be issued for reimbursements of such expenditures is \$100,000,000.

SECTION 19. No funds from sources other than the debt referred to in Section 18 are, or are expected to be, reserved, allocated on a long-term basis, or otherwise set aside by the City, or any entity controlled by the City pursuant to their respective budget or financial policies with respect to the expenditures mentioned in Section 17. This declaration of official intent is consistent with the budgetary and financial circumstances of the City.

SECTION 20. The Mayor, the Comptroller, the City Clerk, the Commissioner (or his or her designee), the Corporation Counsel and the other officers and employees of the City are each hereby authorized to execute and deliver on behalf of the City such other documents, agreements and certificates and to do such other things consistent with the terms of this ordinance as such officers and employees shall deem necessary or appropriate in order to effectuate the intent and purposes of this ordinance.

SECTION 21. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 22. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 23. This ordinance shall be in full force and effect immediately upon its passage.

Exhibits "A", "B" and "C" referred to in this ordinance read as follows:

Exhibit "A".
(To Ordinance)

*Chicago Lakeside Development Phase 1
Redevelopment Agreement.*

This Chicago Lakeside Development Phase 1 Redevelopment Agreement (the "**Agreement**") is made as of this _____, 2010, by and between the City of Chicago, an Illinois municipal corporation (the "**City**"), through its Department of Community Development ("**DCD**"), and Chicago Lakeside Development, LLC, a Delaware limited liability company ("**Developer**").

RECITALS:

A. **Constitutional Authority:** As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "**State**"), the City has the power to regulate for the protection of the public health, safety, morals, and welfare of its inhabitants and, pursuant thereto, has the power to encourage private development in order to enhance the local tax base and create employment opportunities, and to enter into contractual agreements with private parties in order to achieve these goals.

B. **Statutory Authority:** The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (2008 State Bar Edition), as amended from time-to-time (the "**Act**"), to finance projects that eradicate blighted conditions through the use of tax increment allocation financing for redevelopment projects.

C. **City Council Authority:** To induce redevelopment under the provisions of the Act, the City Council of the City (the "**City Council**") adopted the following ordinances on May 12, 2010: (1) "An Ordinance of the City of Chicago, Illinois Approving a Tax Increment Redevelopment Plan for the Chicago Lakeside Development – Phase 1 TIF Redevelopment Project Area" (the "**TIF Plan Ordinance**"); (2) "An Ordinance of the City of Chicago, Illinois Designating the Chicago Lakeside Development – Phase 1 Redevelopment Project Area as a Redevelopment Project Area Pursuant to Tax Increment Allocation Redevelopment Act"; and (3) "An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the Chicago Lakeside Development – Phase 1 Redevelopment Project Area" (the "**TIF Adoption Ordinance**"). Collectively the three ordinances are defined as the "**TIF Ordinances**". The redevelopment project area (the "**Redevelopment Area**") is legally described in Exhibit A.

D. **The Overall Project:** Developer proposes to redevelop the approximately 369 acre tract (net of more than 106 acres of surrounding public park areas) of land that is a portion of the former site of U.S. Steel's South Works plant (the "Site"). The Site has been vacant since the early 1990s. The Site is roughly bounded by 79th Street, the Lake Michigan shoreline, 87th Street, a line approximately 150 feet east of and parallel to Avenue O, 92nd Street, Avenue O, 89th Street, Mackinaw Avenue, 87th Street, Burley Avenue, 86th Street, Green Bay Avenue, 83rd Street, Mackinaw Avenue, 82nd Place, and Brandon Avenue. Developer will undertake and complete a master development strategy and one or more master development plans, which will include designation of uses, bulk and densities, street grid, streetscape improvements, demolition, ground improvements, infrastructure installation, environmental remediation and other horizontal work. All work proposed for the Site is defined collectively as the "**Overall Project**". Different components of the Overall Project may be undertaken by Developer, Affiliates of Developer and by other related and unrelated entities.

The Site is unique because it is composed of landfill in the form of slag and other fill materials primarily generated in the operation of the former steel making facility. The Site is further challenged by the existence of the concrete foundations of the former Site buildings, miles of infrastructure for the former steel making operation, building rubble and debris and impacted surface and subsurface conditions.

The Overall Project is planned to serve as a new neighborhood and town center for all of South Chicago and is expected to be a catalyst for other infill development. The Overall Project will also provide mixed-use retail/commercial/residential development in a location long under-served by such uses with a quality of community development that will add substantial benefits to this area of the City. A map of the Overall Project area and its location in the City is Exhibit B-1.

E. **The Planned Development:** The master plan for the Overall Project created by Developer and its design team with input from City departments and staff (the "**Master Plan**") contemplates developing the Site in 5 areas and multiple phases. The Chicago Plan Commission adopted the Master Plan as the policy of the City on April 15, 2010, and the Master Plan is intended to provide guidance and direction to City staff and departments when they are evaluating proposed plans and requests for zoning changes and other City approvals related to later phases of the Overall Project. Developer's application for zoning of Area 1 of the Master Plan as a Planned Development District was recommended for approval by the Chicago Plan Commission on April 15, 2010, and approved by the City Council on June 9, 2010, and is defined in this Agreement (as the PD may be amended) as the "**PD**". A copy of the PD for Area 1 is Exhibit B-2. A legal description of the private portion of Area 1, which is defined in this Agreement as the "**Phase 1 Project Property**", is Exhibit B-3. The Phase 1 Project Property will be the location for the Phase 1 Project (as defined below). The Phase 1 Project Property is located in the northwest area of the Site and is generally bounded by relocated U.S. Route 41 to the North and East, 83rd Street to the South and S. Brandon Avenue to the West.

F. **Phase 1 Project:** Developer will redevelop the Phase 1 Project Property to be a high-quality, mixed-use retail/residential development that will create a new neighborhood town center in the City, in accordance with the requirements of this Agreement and the PD. Such redevelopment work is defined in this Agreement as the "**Phase 1 Project**" and is sometimes referred to herein as the "**Project**". The Phase 1 Project will consist of two major components: the "**Vertical Development Area**" and the "**Pad Sale Area**".

The Vertical Development Area is to be a neighborhood town center environment consisting of: (i) approximately 844,000 gross square feet of retail floor area to be anchored by major retail anchors and numerous smaller retailers, and (ii) approximately 250 rental residential units to be constructed above the first floor retail space in order to create an urban environment. A number of these units will be Affordable Units (as defined in Schedule A). For this Vertical Development Area, Developer intends to prepare the Phase 1 Project Property, construct all necessary Phase 1 Project Property site improvements and construct the vertical improvements.

For the Pad Sale Area, Developer intends to prepare the pad sites and sell the finished development pads to residential developer(s) to construct the buildings. The Pad Sale Area work will include the site preparation and provision of pads for the following: (i) approximately 136 for-sale residential townhome/2-flat units, all targeted to be Affordable Units, and (ii) approximately 598 rental residential units contained within three high-rise buildings along the north end of the Phase 1 Project Property adjacent to U.S. Route 41.

In addition, Developer will construct all necessary public and private on-site infrastructure and related utilities for the portion of the Phase 1 Project to be undertaken by Developer and integral to the development of the applicable portion of the Phase 1 Project in accordance with the requirements of this Agreement and the PD (except that the City will undertake the construction of a new segment of U.S. Route 41 to be located between East 79th Street and East 87th Street). A site plan for the Phase 1 Project is Exhibit B-4. Depending on market conditions, the rental residential units may be offered for sale and the for-sale residential units may be offered for rent. The completion of the Phase 1 Project would not reasonably be anticipated without the financing contemplated in this Agreement.

G. **Redevelopment Plan:** The Project will be carried out in accordance with this Agreement and the City of Chicago, Chicago Lakeside Development – Phase 1 Redevelopment Project Area Tax Increment Finance Program Redevelopment Plan and Project, dated October 29, 2009, revised November 24, 2009, revised March 5, 2010 and approved by the City through the TIF Plan Ordinance (the "**Redevelopment Plan**") attached as Exhibit C, as amended from time-to-time.

H. **City Financing and Assistance:** Subject to Developer fulfilling its obligations under this Agreement required to obligate the City to do so, the City will make a Note (as defined below in Section 4.03(c)) and issue Bonds (as defined below in Section 4.10(e)), in the amounts stated in Section 4.03, to reimburse Developer out of Available Incremental Taxes (as defined below) as provided in this Agreement for the costs of the TIF-Funded Improvements (as

defined below) under the terms and conditions of this Agreement. In addition, the City will, subject to Developer fulfilling its obligations under this Agreement required to obligate the City to do so, issue Bonds (as defined below) secured by or otherwise payable from Incremental Taxes (as defined below) as provided in a bond ordinance (the "**Bond Ordinance**"), at a later date as described and conditioned in Section 4.10. The proceeds of the Bonds may be used to pay for the costs of the TIF-Funded Improvements not previously paid for from Available Incremental Taxes, or in order to reimburse the City for the costs of TIF-Funded Improvements.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

AGREEMENT:

ARTICLE ONE: INCORPORATION OF RECITALS

The recitals stated above are an integral part of this Agreement and are hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE TWO: DEFINITIONS

The definitions stated in Schedule A and those definitions stated in the recitals and preamble are hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE THREE: THE PHASE 1 PROJECT

3.01 The Phase 1 Project.

(a) The currently estimated Phase 1 Project construction start date is: June, 2013. The currently estimated Phase 1 Project completion date is: June, 2017.

(b) The Phase 1 Project construction start date will occur on the latest of:
(i) the estimated construction start date stated above, (ii) the issuance of the Phase 1 Commencement Certificate (as defined in Section 4.10(m)), and (iii) the completion of construction and opening to public traffic of the segment of U.S. Route 41 extending between East 79th Street and East 87th Street ("**Route 41 Completion**").

(c) Any Phase 1 Project construction start date will be subject to the provisions of Section 18.17 (Force Majeure), and the receipt by Developer of all applicable permits and Phase 1 Project approvals. .

(d) Developer's work on the Phase 1 Project will at all times comply with the requirements and Developer undertakings (both on-site or off-site) stated in the PD.

3.02 Scope Drawings, Plans and Specifications and Boundary Survey. Developer has delivered the Scope Drawings, Plans and Specifications (as reflected in the PD) and

boundary survey for the Phase 1 Project Property to DCD and DCD has approved them or DCD has agreed to approve them as a post-closing item promptly upon receipt. After such initial approval, subsequent proposed changes to the Scope Drawings or Plans and Specifications within the scope of Section 3.04 will be submitted to DCD as a Change Order under Section 3.04. The Scope Drawings and Plans and Specifications will at all times conform to the Redevelopment Plan, and to all applicable Federal, State and local laws, ordinances and regulations and to the requirements and undertakings stated in the PD. Developer will submit all necessary documents to the City's Department of Buildings, Department of Transportation, and to such other City departments or governmental authorities as may be necessary to acquire building permits and other required approvals for the Phase 1 Project.

3.03 **Project Budget.** Developer has furnished to DCD, and DCD has approved, a Phase 1 Project Budget which is Exhibit D-1 (the "**Project Budget**"), showing total costs for the Phase 1 Project in an amount of approximately \$396,693,757. Developer hereby certifies to the City that: (a) it believes that the amount of Lender Financing and/or Equity specified in the Project Budget will be available and sufficient to complete the Phase 1 Project as of Bond Closing (as defined in Section 4.10(r)), and acknowledges that such availability and sufficiency is a condition to Bond Closing; and (b) the Project Budget is true, correct and complete in all material respects. Developer will promptly deliver to DCD copies of any Change Orders with respect to the Phase 1 Project Budget as provided in Section 3.04.

3.04 **Change Orders.**

(a) Except as provided in subparagraph (b) below, all Change Orders (and documentation substantiating the need and identifying the source of funding therefor) relating to material changes to the Phase 1 Project must be submitted by Developer to DCD concurrently with the progress reports described in Section 3.07; provided, however, that any Change Orders relating to any of the following must be submitted by Developer to DCD for DCD's prior written approval: (i) a reduction by more than five percent (5%) in the square footage of the Phase 1 Project from the square footage approved by DCD under Section 3.02, or (ii) material changes in the basic use of the Phase 1 Project Property or the Phase 1 Project, or (iii) a delay in the Phase 1 Project start date, or (iv) a delay in the Phase 1 Project completion date, by more than 6 months, or (v) increases in the Phase 1 Project Budget by more than 10 percent. The City will not unreasonably delay, withhold or condition its consent to a proposed Change Order. Developer will not authorize or permit the performance of any work relating to any Change Order requiring DCD's prior written approval or the furnishing of materials in connection therewith prior to the receipt by Developer of DCD's written approval. The Construction Contract, and each contract between the General Contractor and any subcontractor, will contain a provision to this effect. An approved Change Order will not be deemed to imply any obligation on the part of the City to increase the amount of City Funds or to provide any other additional assistance to Developer.

(b) Notwithstanding anything to the contrary in this Section 3.04, Change Orders costing less than Two Hundred Fifty Thousand Dollars (\$250,000) each, to an aggregate amount not exceeding 5% of the Project Budget, or required to avoid a construction emergency situation or preserve existing work, do not require DCD's prior written approval as stated in this Section 3.04, but DCD must be notified in writing of all such Change Orders and Developer, in

connection with such notice, must identify to DCD the source of funding for any resulting increase in the Project Budget in the progress reports described in Section 3.07.

(c) DCD must also approve in writing the reconfigurations of the Phase 1 Project causing the various leasable square footages of the major components (e.g., residential, retail, and parking) to vary in the aggregate by more than 5% from those initially approved by DCD under Section 3.02 (Scope Drawings, Plans and Specifications and Boundary Survey).

3.05 **DCD Approval**. Any approval granted by DCD under this Agreement of the Scope Drawings, Plans and Specifications and the Change Orders is for the purposes of this Agreement only, and any such approval does not affect or constitute any approval required by any other City department under any City ordinance, code, regulation, or any other governmental approval, nor does any such approval by DCD under this Agreement constitute approval of the utility, quality, structural soundness, safety, habitability, merchantability, or investment quality of the Phase 1 Project in whole or in part. Developer will not make any verbal or written representation to anyone to the contrary.

3.06 **Other Approvals**. Any DCD approval under this Agreement will have no effect upon, nor will it operate as a waiver of, Developer's obligations to comply with the provisions of Section 5.03 (Other Governmental Approvals). DCD agrees to provide cooperation and non-financial assistance to Developer's efforts to obtain all other governmental approvals required for the Phase 1 Project (including approvals of all required access to the Site) from all government agencies in a timely manner; provided, however, that Developer is solely responsible for obtaining its required governmental approvals. Developer will not commence construction of the Phase 1 Project until Developer has obtained all necessary permits and approvals (including DCD's approval of the Scope Drawings and Plans and Specifications) and proof of the General Contractor's and each subcontractor's bonding as required under this Agreement.

3.07 **Progress Reports and Survey Updates**. After the Bond Closing (as defined in Section 4.10(r)), on or before the 15th day of each reporting month, Developer will provide DCD with written quarterly construction progress reports detailing the status of the Phase 1 Project, including a revised completion date, if necessary (with any delay in completion date being considered a Change Order, requiring DCD's written approval under Section 3.04). Developer must also deliver to the City written monthly progress reports following commencement of construction of the Phase 1 Project detailing compliance with the requirements of Section 8.08 (Prevailing Wage), Section 10.02 (City Resident Construction Worker Employment Requirement) and Section 10.03 (Developer's MBE/WBE Commitment) (collectively, the "City Requirements"). Developer will not commence construction of the Phase 1 Project until Developer has obtained all necessary permits and approvals (including DCD's approval of the Scope Drawings and Plans and Specifications) and Proof of the General Contractor's and each subcontractor's bonding as required under this Agreement. If the reports reflect a shortfall in compliance with the requirements of Sections 8.08, 10.02 and 10.03, then there must also be included a written plan from Developer acceptable to DCD to address and cure such shortfall. At the time of Developer's request for a COC (as defined in Section 7.01), and upon the request of DCD, Developer will provide 3 copies of an updated Survey to DCD reflecting improvements made to the Phase 1 Project Property.

3.08 **Inspecting Agent or Architect.** An independent agent or architect, if any, selected by the lender providing Lender Financing (which may be the Developer's architect) will also act as the inspecting agent or architect for DCD for the Phase 1 Project, and any fees and expenses connected with its work or incurred by such independent agent or architect will be solely for Developer's account and will be promptly paid by Developer. The inspecting agent or architect shall perform periodic inspections with respect to the Phase 1 Project, providing certifications with respect thereto to DCD, if DCD requests same, prior to requests for disbursement for costs related to the Phase 1 Project. Further, as provided in the PD, Developer will provide the Chicago Department of Transportation with certain requested engineering design and inspection services for public way improvements and be solely responsible for the costs of such services.

3.09 **Barricades and Fencing.** Prior to commencing any construction requiring barricades, Developer will install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable Federal, State or City laws, ordinances, rules and regulations. DCD retains the right to approve the maintenance, appearance, color scheme, painting, nature, type, content, and design of all barricades (other than the name and logo of the Developer or the Phase 1 Project). As provided in the PD, Developer will be responsible for the requirement to erect and maintain site access control fencing.

3.10 **Signs and Public Relations.** If requested by DCD, Developer will erect and maintain in a conspicuous location on the Phase 1 Project Property during the Phase 1 Project a sign of size and style approved by the City, indicating that financing has been provided by the City. The City reserves the right to include the name, photograph, artistic rendering of the Phase 1 Project and any other pertinent information regarding Developer and the Phase 1 Project in the City's promotional literature and communications.

3.11 **Utility Connections.** Developer may connect all on-site water, sanitary, storm and sewer lines constructed as a part of the Phase 1 Project to City utility lines existing on or near the perimeter of the Property, provided Developer first complies with all City requirements governing such connections, including the payment of generally applicable fees and costs related thereto.

3.12 **Permit Fees.** In connection with the Phase 1 Project, Developer is obligated to pay only those building, permit, engineering, tap on, and inspection fees that are assessed on a uniform basis throughout the City of Chicago and are of general applicability to other property within the City of Chicago.

3.13 **Accessibility for Disabled Persons.** Developer acknowledges that it is in the public interest to design, construct and maintain the Phase 1 Project in a manner which promotes, enables, and maximizes universal access throughout the Phase 1 Project. Plans for all buildings on the Phase 1 Project Property and improvements on the Phase 1 Project Property will be reviewed and approved by the Mayor's Office for People with Disabilities ("MOPD") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest legal standard for accessibility.

3.14 Additional Project Features.

(a) Landscaping. Developer will perform all landscaping work consistent with the landscaping requirements stated in the City of Chicago Municipal Code.

3.15 Environmental Requirements and Water Management.

(a) All components of the Phase 1 Project will be compliant with the applicable portions of the City's South Chicago Leadership in Energy and Environmental Design ("LEED") Neighborhood Development ("ND") (collectively, "LEED ND") Initiative Area Plan as evidenced by Developer's provision of the requisite registrations and certifications to the City.

(b) Sanitary sewer facilities shall be provided on the Phase 1 Project Property in a manner substantially consistent with the "Conceptual Sanitary Sewer Flow Exhibit" prepared by SPACECO, Inc., dated June 15, 2005 and last revised December 15, 2006. Storm water management shall be provided on the Phase 1 Project Property in a manner substantially consistent with the "USX Southworks Redevelopment Final Storm Water Management Plan Summary Report" prepared by Christopher B. Burke Engineering, Ltd., dated January 2006 and last revised March 2006. The development of the Phase 1 Project Property also shall be in accordance with the City of Chicago Stormwater Management Ordinance Manual dated January 2009 and the 2009 Regulations for Sewer Construction and Stormwater Management dated January 2009, and in effect as of October 1, 2009. Other infrastructure improvements, except as described otherwise on the plans included in the PD, will be provided in accordance with Infrastructure Plans for the Phase 1 Project Property prepared by SPACECO, Inc. dated July 20, 2009.

(c) In addition to the above requirements, the Phase 1 Project shall meet the standards set forth in the City's Sustainable Development Policy Matrix for TIF-assisted projects (the "**Matrix**");

(i) Green Roofs and Shading

Per the City's Sustainable Development Policy Matrix for TIF-assisted projects:

- (A) 100% of the net usable roof area of the habitable buildings in the Phase 1 Project shall be constructed with green roofs, or
- (B) 50% of the roof area of the Phase 1 Project shall be constructed with green roofs, and 50% of Vehicular Use Areas shall be shaded within 5 years of completion of construction of these areas

(ii) LEED Certification of Buildings. Per the Matrix, 100% of the buildings in the Phase 1 Project will attain LEED certification.

ARTICLE FOUR: FINANCING

4.01 Total Project Cost and Sources of Funds. The cost of the Phase 1 Project is estimated to be \$396,693,757 to be applied in the manner stated in the Project Budget. Such costs will be funded from the following sources:

Equity (subject to <u>Section 4.06</u>)	\$ 75,000,000
Lender Financing	225,808,173
Net Proceeds of Bonds (1)	<u>95,885,584</u>

ESTIMATED TOTAL	\$396,693,757
------------------------	----------------------

(1) The amount of Bond Proceeds will be set based on the final sizing and underwriting parameters set forth in Section 4.10 below and shall be limited to the amount necessary to pay Bondable Costs (as defined in Section 4.10(i) below, generally hard and soft costs associated with Site preparation, infrastructure and dedicated public improvements). A maximum of \$3.0 million of TIF-Eligible planning costs associated with designation of the Redevelopment Area and attributable to the Phase 1 Project (as determined by the City Department of Law) will be reimbursed with Net Bond Proceeds; the remainder, subject to adequate projected Incremental Taxes, will be reimbursable through the Note to be issued by the City to the Developer as described in Section 4.03(c) below.

4.02 Use of Funds. Equity and Lender Financing and Bond Proceeds, will be used to pay all Project costs, including but not limited to costs of TIF-Funded Improvements.

4.03 City Funds.

(a) **Uses of City Funds.**

(i) Any principal or interest paid under the Note (as defined below in Section 4.03(c)), Bond Proceeds (as defined below in Section 4.10(e)(ii)), and any other funds expended by the City under this Agreement or otherwise related to the Phase 1 Project or to the TIF-Funded Improvements are defined as "**City Funds**".

(b) **Sources of City Funds.**

(i) Subject to the terms and conditions of this Agreement and the completion of underwriting and due diligence, the City hereby agrees to issue a Note and Bonds (as defined below in Section 4.10(e)(i)), and to make payments of City Funds pursuant to the terms of the Note and to make Net Bond Proceeds available to pay the costs of certain TIF-Funded Improvements related to the Phase 1 Project, all as more fully set forth herein.

(ii) City Funds may be used to reimburse Developer only for costs of TIF-Funded Improvements. Exhibit E states, by line item, the TIF-Funded Improvements for the Phase 1 Project contingent upon receipt by the City of documentation satisfactory in form and substance to DCD evidencing such costs and their respective eligibility as a Redevelopment Project Cost.

(c) **Issuance of the Note.** On the Closing Date, the City will issue to Developer a taxable Note made payable to Developer (the "Note") in the form described in **Exhibit M** with the following terms and conditions.

(i) **Principal.** The initial principal amount of the Note will be set equal to the amount of costs for TIF-Funded Improvements which have been paid by Developer as of the Closing Date up to a maximum principal amount of \$98,128,919. Such principal amount will be evidenced by a certificate provided by the City based on evidence of TIF-Funded Improvements provided by Developer. Such certificate is defined in this Agreement as a "**Certificate of Expenditure**". After the initial issuance of the Note, if the principal balance of the Note is less than \$98,128,919, then the principal balance of the Note will be increased when the City issues additional Certificate(s) of Expenditure up to a maximum of \$98,128,919. The principal balance of the Note will be subject to determination by the City and Developer based upon the actual Project Budget for the Phase 1 Project that is finalized by the City and Developer prior to the issuance of the Bonds (as described below in **Section 4.10**). TIF-Funded Improvements will be certified by the Developer and approved by the City on the Closing Date and on a monthly basis thereafter.

(ii) **Interest.** The interest rate on the Note will be set at the Closing Date at a rate equal to the median value of the FINRA/Bloomberg Corporate BBB Bond Index for 15 reported Business Days prior to the Closing Date plus 100 basis points, but in no event greater than 8.5%. Interest will compound annually.

(iii) **Term.** The Note will be issued on the Closing Date and will have a term of 20 years. Upon Developer's request, the City will at Bond Closing retire the Note by means of re-issuance of, and delivery to Developer of, a new original of the Note having an original principal amount equal to the sum of (a) the principal and interest due on the Note as of Bond Closing, and (b) the amount of costs incurred by Developer for TIF-Funded Improvements that is neither reimbursed with Net Bond Proceeds (as defined below in **Section 4.10(c)**) nor included as of the Closing Date in the principal amount of the Note (with all other terms and provisions of the Note issued at Bond Closing to be consistent with the terms of this Agreement), which new original of the Note will have a term of 20 years following the date of its issuance, but in no event will such term exceed the term of the Redevelopment Area.

(iv) **Payments of Principal and Interest.**

(A) Interest on the Note will begin to accrue at the date of issuance as to the then outstanding principal amount. Amortization of principal will be over the term of 20 years, as Available Incremental Taxes are or become available for payments.

- (B) Available Incremental Taxes only will be used to pay the principal of and interest on the Note, and on unpaid interest, if any. In the ordinance authorizing the issuance of the Note, the City will establish an account denominated the: "Chicago Lakeside Development Developer Account" within the Chicago Lakeside Development – Phase 1 Redevelopment Project Area Special Tax Allocation Fund. All Available Incremental Taxes will be deposited into the Chicago Lakeside Development Developer Account. The Note will have a first lien on 100% of Available Incremental Taxes.
- (C) Payments on the Note will begin upon issuance of a Phase 1 Commencement Certificate, and will be made by the City upon Developer's (or other Note payee's) submission to the City of a Requisition Form (in the form attached hereto as Exhibit N) ("**Requisition Form**") along with documentation satisfactory in form and substance to DCD evidencing that Developer has incurred the costs of TIF-Funded Improvements for which the Developer is seeking reimbursement payment through the Note (which may be in the form of a Certificate of Expenditure).

(v) **Insufficient Available Incremental Taxes.** If the amount of Available Incremental Taxes pledged under this Agreement is insufficient to make any scheduled payment on the Note, then: (1) the City will not be in default under this Agreement or the Note, and (2) due but unpaid scheduled payments (or portions thereof) on the Note will be paid as provided in this Section 4.03 as promptly as funds become available for their payment. Interest per annum at the rate set when the Note is issued will accrue on any principal or interest payments which are unpaid because of insufficient Available Incremental Taxes.

(vi) **Prepayment.** The Note may be prepaid in whole or in part at any time without premium or penalty.

(vii) **Note Transfer.** Upon surrender for transfer of the Note at the principal office of the Comptroller of the City, as registrar and paying agent (the "**Registrar**"), duly endorsed by, or accompanied by: (i) a written instrument or instruments of transfer in form satisfactory to the Registrar; (ii) an investment representation in form satisfactory to the City and duly executed by the registered owner or his or her attorney duly authorized in writing; and (iii) the written consent of the City evidenced by the signature of the Commissioner (or his or her designee) on the instrument of transfer, the City shall execute and the Registrar shall authenticate, date and deliver in the name of the transferee or transferees, a new, fully registered Note of the same maturity, of authorized denomination, and for a like aggregate principal amount. The execution by the City of the fully registered Note shall constitute full and due authorization of the Note, and the

Registrar shall thereby be authorized to authenticate, date and deliver the Note, provided, however, that the principal amount of the Note authenticated by the Registrar shall not exceed the authorized principal amount of the Note less previous retirements.

4.04 **RESERVED.**

4.05 **Treatment of Prior Expenditures.** Only those expenditures made by Developer with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to DCD and approved by DCD as satisfying costs covered in the Project Budget, will be considered previously contributed Equity or Lender Financing, if any, hereunder (the "**Prior Expenditure(s)**"). DCD has the right, in its sole discretion, to disallow any such expenditure (not listed on Exhibit H) as a Prior Expenditure as of the date of this Agreement. Exhibit H identifies the prior expenditures approved by DCD as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements will not be reimbursed to Developer, but will reduce the amount of Equity and/or Lender Financing, if any, required to be contributed by Developer under Section 4.01.

4.06 **Cost Overruns.** If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available under Section 4.03, Developer will be solely responsible for such excess costs, and will hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and from any and all costs and expenses of completing the Project in excess of the Project Budget.

4.07 **RESERVED.**

4.08 **RESERVED.**

4.09 **RESERVED.**

4.10 **The Bonds.**

(a) This Section 4.10(a) shall not be construed as a limitation of the City's agreement with respect to City Funds as set forth in Section 4.03(b). It is the anticipation of the parties hereto that, prior to Bond Closing (as defined in Section 4.10(r) hereof), this Agreement will have to be amended and restated pursuant to Section 18.01 hereof (as amended and restated, the "**Amended and Restated Agreement**") in order to accommodate and document in further detail, among other things, the agreed terms and conditions regarding the issuance of the Bonds (as defined in Section 4.10(e)(i) hereof) and the expenditure of the proceeds thereof, the final forms of the Phase 1 Project Budget, Scope Drawings and original Plans and Specifications, and confirmation of the Developer Phase 1 Scope (as described below in Section 4.10(f)(B)), and the ongoing responsibility for operation and maintenance of the completed Phase 1 Project or applicable portions thereof. The final form of any Amended and Restated Agreement will be subject to approval by the City Council pursuant to a future ordinance separate from the ordinance authorizing the City's execution of this Agreement and issuance of the Note under this Agreement. The parties' present intentions and expectations with respect to the Bonds are set forth in Sections 4.10(b) through (r) hereof below.

(b) Costs of issuance of the Bonds, including but not limited to payment of fees of special assessment counsel selected and retained by the City ("**Special Assessment Counsel**"), will be borne by the Developer until the Bonds are issued, at which time such reasonable and customary Bond closing costs will be payable and refunded from Bond Proceeds, subject to the approval of bond counsel.

(c) Upon the later of (i) Developer's request (which may be delayed by Developer until Route 41 Completion) and (ii) the issuance of the Phase 1 Commencement Certificate (as defined in Section 4.10(m)(ii) hereof), the City will issue the Bonds as follows: the City will issue one or more series of Bonds to achieve net proceeds thereof ("**Net Bond Proceeds**") equal to the lesser of: (A) the amount that can be successfully financed based on the Sizing and Underwriting Parameters set forth in Section 4.10(f) hereof, and (B) Bondable Costs as set forth in Section 4.10(j) hereof (currently estimated at \$95,885,584). Net Bond Proceeds will be made available for distribution in accordance with the TIF Construction Escrow (as defined in Section 4.10(m)(iii) hereof) (exclusive of any debt service coverage, capitalized interest, debt service reserve fund, or closing costs) simultaneously described in the following Sections 4.10(d) and (e) hereof.

(d) **General Obligation Bonds.**

(i) The City will issue one or more series of fixed-rate general obligation bonds (the "**G.O. Bonds**") underwritten by the first 50% of the Available Incremental Taxes (see "**Sizing and Underwriting Parameters**" in Section 4.10(f) hereof). The City will pledge its full faith and credit to secure payment of the G.O. Bonds. Notwithstanding the City's pledge of its full faith and credit and any general *ad valorem* property tax levy imposed by the City for payment of the G.O. Bonds, it is intended that the City will use Available Incremental Taxes to abate such levy and make payment on the G.O. Bonds. The G.O. Bonds will have a first lien on 100% of the Available Incremental Taxes.

(ii) The proceeds of the G.O. Bonds (the "**G.O. Bond Proceeds**") shall be used to pay those costs of the Phase 1 Project (collectively, "**Phase 1 Project Costs**") that are TIF-Funded Improvements listed on Exhibit E hereto (including but not limited to Redevelopment Project Costs under Section 3(q)(1) of the Act incurred by the City and/or Developer in direct connection with the preparation of the Phase 1 Redevelopment Plan and related eligibility report and the designation of the Redevelopment Area, provided that any such planning and preparation costs to be incurred are expected to be advanced by Developer subject to reimbursement from the proceeds of the G.O. Bonds (under the parameters described in Section 4.05 hereof regarding Prior Expenditures)), with such reimbursement including those Redevelopment Project Costs that are not eligible for payment pursuant to Illinois law regarding special assessments (including but not limited to 65 ILCS 5/9-2-1 et seq. (the "**Special Assessment Law**") and 50 ILCS 460/1, et seq. (the "**Special Assessment Supplemental Bond and Procedures Act**") or Federal law, such as site preparation costs not associated with local public improvements.

(iii) Payment of the G.O. Bonds will be further supported by an unconditional, irrevocable standby letter of credit posted by the Developer at Bond Closing with the City as the sole beneficiary from a bank acceptable to the City in an amount equal to 110% of the maximum amount payable as interest and principal on the G.O. Bonds during any calendar year and substantially in the form attached as Exhibit F (the "**Unconditional, Irrevocable Letter of Credit**"). If a debt service reserve would otherwise be required for the G.O. Bonds, the Unconditional, Irrevocable Letter of Credit will be pledged to holders of the G.O. Bonds in lieu of this debt service reserve. Otherwise, the Unconditional, Irrevocable Letter of Credit is intended to provide the City with a backup funding source in the event Available Incremental Taxes are insufficient to service the G.O. Bonds, and to provide the City with a compliance remedy for certain events described in Section 15.02(b) hereof. The Unconditional, Irrevocable Letter of Credit shall be renewed and maintained throughout the term of the G.O. Bonds, but Developer shall not be required to restore any amounts that are drawn upon under the Unconditional, Irrevocable Letter of Credit by the City. Developer's obligation to renew and maintain the Unconditional, Irrevocable Letter of Credit will continue through the sooner of (A) the originally scheduled maturity of the G.O. Bonds, or (B) the full repayment of the G.O. Bonds or any replacement bonds secured by a general obligation pledge from the City issued to refinance the G.O. Bonds.

(e) **Special Assessment Bonds.**

(i) The City will issue one or more series of fixed-rate special assessment bonds (the "**S.A. Bonds**", and, together with the G.O. Bonds, the "**Bonds**") underwritten by the second 50% of Available Incremental Taxes (see "**Sizing and Underwriting Parameters**" in Section 4.10(f) hereof). Payment of the S.A. Bonds will be secured by a special assessment (the "**Special Assessment**") that the City will levy on the Phase 1 Project Property only, subject to the prior designation of the Phase 1 Project Property, or applicable portions thereof, as a special assessment area by the City pursuant to the Special Assessment Law and the Special Assessment Supplemental Bond and Procedures Act. Designation of the Phase 1 Project Property as a special assessment area and levy of the Special Assessment thereon shall require, among other things (as shall be confirmed by advice of Special Assessment Counsel), that: an engineer designated by the City's Board of Local Improvements ("**BOLI**") produce a so-called engineer's estimate of costs of the local public improvements to be financed by the S.A. Bonds; BOLI pass a so-called first resolution describing the Phase 1 Project, or applicable portion thereof, setting forth the estimated costs of the local public improvements to be financed by the S.A. Bonds and calling for a public hearing; such public hearing be held after legally sufficient notice; BOLI recommend that the designation and levy proceed; the City Council adopt an ordinance approving the designation and levy; a Special Assessment be prepared; and the Circuit Court of Cook County, upon petition and after legally sufficient notice, issue an order confirming the designation and levy, which the City agrees to undertake.

Notwithstanding the Special Assessment levy imposed by the City for payment of the S.A. Bonds, it is intended that, subject to approval by Bond Counsel and Special Assessment Counsel, the City will use Available Incremental Taxes to abate such levy and make payment on the S.A. Bonds. The S.A. Bonds will have a lien on all Available Incremental Taxes from the Redevelopment Area that is subordinate to the lien of the G.O. Bonds but superior to any other liens on Available Incremental Taxes.

(ii) The net proceeds of the S.A. Bonds (the "**S.A. Bond Proceeds**," and, together with the G.O. Bond Proceeds, the "**Bond Proceeds**") will be used to pay for local public improvements to be dedicated to a public agency (including the City) as permitted by the Illinois law regarding special assessments (including but not limited to the Special Assessment Law and the Special Assessment Supplemental Bond and Procedures Act). The local public improvements shall be constructed pursuant to plans and specifications approved by the applicable public agency, and such local public improvements and the estimated costs thereof will be listed in detail in an Amended and Restated Agreement or an exhibit thereto. Developer shall warrant the local public improvements for a period of one (1) year following the written acceptance thereof by the applicable public agency (provided that such acceptance shall not be unreasonably withheld or delayed). The City and Developer intend to configure the parameters of the Special Assessment such that the Special Assessment shall not: (A) impair or threaten to impair the affordability of the residential units specifically earmarked as Affordable Units pursuant to Recital F and Section 7.01 hereof, nor (B) be levied upon existing residences located outside the boundary of the Phase 1 Project Property but within the Redevelopment Area. The mechanism(s) by which the foregoing limitations are to be achieved is to be developed subject to approval by Special Assessment Counsel and will be set forth in sufficient detail in an Amended and Restated Agreement.

(f) **Sizing and Underwriting Parameters**. The sizing of the Bonds shall be based on projections of Available Incremental Taxes ("**TIF Revenue Projections**") prepared by Developer that are satisfactory to the City. Net Bond Proceeds shall be limited to the lesser of: (i) the amount that can be successfully financed based on the parameters set forth below in this Section 4.10(f) ("**Bond Capacity**"), and (ii) Bondable Costs as set forth in Section 4.10(j) hereof. These TIF Revenue Projections will incorporate commercially reasonable assumptions derived at the time of Bond Closing (as defined in Section 4.10(r) hereof), including without limitation the following:

- (A) Incremental Property Taxes from the portions of the Vertical Development Area for which sufficient Lender Financing and Equity sources to reach completion will be committed by Developer at the time of Bond Closing;
- (B) Incremental Property Taxes from the portions of the Pad Sale Area (or any other areas not to be completed directly by Developer) representing no more than 35% of the total

Incremental Property Taxes to be considered in the Bond sizing; that are supported by private financing commitments and/or sale commitments deemed sufficient for successful placement of the Bonds; and for which Developer will have secured commitments for sufficient Lender Financing and Equity (by admission of one or more additional members into Developer or capital commitments made by existing members of Developer) to reach completion of the related portion of the Phase 1 Project to be undertaken by Developer at the time of Bond Closing (the "Developer Phase 1 Scope");

- (C) Projected Incremental Taxes from the pre-sold portion of the residential tower sites within the Pad Sale Area as described in Section 4.10(m) hereof represent no less than 33% of the aggregate Incremental Taxes projected to be generated by the residential tower portions of the Pad Sale Area;
- (D) Reasonable, documented assumptions regarding future valuations of property based upon information provided in the Phase 1 Project plans, leases, private financing documents, and appropriate property tax comparables;
- (E) An assumption of 96% collection of extended/billed property taxes;
- (F) Absorption and phasing assumptions that are linked to specific supportable conclusions of market studies provided by Developer and deemed acceptable by the City to the extent that such market studies are required as part of the feasibility report required by underwriters and Bond purchasers at the time of Bond Closing, and executed leases as set forth in Section 4.10(m) hereof;
- (G) Accounting for observed trends in the effective property tax rate based on the Cook County Equalization Factor and applicable composite tax rate; and
- (H) Developer has provided soil/geotechnical studies confirming to the City's reasonable satisfaction that the development areas included in the TIF Revenue Projections are suitable for the densities, land uses, and layouts assumed in the TIF Revenue Projections.

The G.O. Bonds will be sized and structured such that, based on the projected flow of Available Incremental Taxes, pledged revenue, capitalized interest, the

Unconditional, Irrevocable Letter of Credit and other Bond reserves, a two-year delay in cash flow beyond what is projected would not cause the City to pay debt service on the Bonds with its general *ad valorem* property tax levy.

(g) **Make-Whole Amount.** If the City is required to make all or part of any debt service payments on the G.O. Bonds from the general *ad valorem* property tax levy, general funds of the City or any source other than Available Incremental Taxes, the amount of such funding shall be cumulatively recorded with interest accruing on an annual basis at the overall yield rate on the G.O. Bonds ("**Make-Whole Amount**"). The City shall have a right to be repaid up to the Make-Whole Amount from 100% of Available Incremental Taxes. This repayment right shall be subordinate to the lien of the Bonds on Available Incremental Taxes but senior to the lien on Available Incremental Taxes of any City Note(s) or other Redevelopment Area funding commitments.

(h) **Refunding.** The City shall retain the right to refund any and all funding obligations described in this Section 4.10 with bonds, notes or other instruments subject to the lien priorities set forth above and such reasonable repayment "call protection" provisions as may be required within the Bonds to achieve satisfactory marketability. The City shall not be obligated to refund any obligations at any time except as explicitly stated in the Amended and Restated Agreement.

(i) **Summary of City Financing Obligations and Repayment Streams.**

Financing Instrument	Repayment Source
General Obligation (G.O.) Bonds	Capitalized interest, Available Incremental Taxes (1 st Lien) with backup from the Unconditional, Irrevocable Letter of Credit and the City's general <i>ad valorem</i> property tax levy.
Special Assessment (S.A.) Bonds	Capitalized interest, Available Incremental Taxes (2 nd Lien) with backup from the Special Assessment levied on the Phase 1 Project Property
Make-Whole Amount	Available Incremental Taxes (3 rd Lien)
City Note	Temporary instrument repaid from Available Incremental Taxes; subordinate to/superseded by, in order of descending priority, G.O. Bonds, S.A. Bonds, and the Make-Whole Amount

The foregoing is intended as a summary only. In the event of any conflict between the foregoing summary set forth in this Section 4.10(i) and any other provision of this Agreement, including but not limited to any other subsection of this Section 4.10, such other provision shall control.

(j) **Bondable Costs.** "Bondable Costs" are the costs of TIF-Funded Improvements and shall be further defined as:

(i) so-called "hard" Redevelopment Project Costs for TIF-Funded Improvements associated with site demolition, preparation, and remediation and construction of infrastructure required for site preparation as described in the Project Budget;

(ii) hard Redevelopment Project Costs for TIF-Funded Improvements associated with the delivery of infrastructure and improvements to be publicly dedicated;

(iii) so-called "soft" Redevelopment Project Costs for TIF-Funded Improvements attributable to the hard Redevelopment Project Costs set forth in Section (4.10)(j)(i-ii) above; and

(iv) partial reimbursement of Developer's planning costs associated with the designation of the Redevelopment Area equal to the lesser of: (A) \$3,000,000 or (B) 100% of the planning costs incurred by Developer and deemed by the City to be both Redevelopment Project Costs under Section 3(q)(1) of the Act and attributable to the Redevelopment Area.

Total Bondable Costs are currently estimated at \$95,885,584.

Planning costs associated with the designation of the Redevelopment Area that are: (1) deemed by the City to be both Redevelopment Project Costs under Section 3(q)(1) of the Act and attributable to the Redevelopment Area; (2) in excess of the \$3,000,000 cap set forth in Section 4.10(j)(iv)(A) above; and (3) satisfactorily evidenced to the City, shall be included in the principal amount of the Note. The maximum amount of such additional planning costs under Section 3(q)(1) of the Act shall be \$2,243,335.

(k) **Reconciliation of Bond Capacity and Bondable Costs.** Prior to Bond Closing, Bondable Costs shall be reconciled with Bond Capacity to develop a final budget illustrating the allowable uses of Bond Proceeds for the Phase 1 Project ("**Bond Proceeds Budget**"). This Bond Proceeds Budget will be equal to the lesser of Bond Capacity or Bondable Costs, shall be incorporated into instructions for the TIF Construction Escrow (as defined in Section 4.10(m)(iii) hereof), and shall set forth limitations on the nature and amounts of Phase 1 Project Costs that may be paid or reimbursed from Bond Proceeds. If Bond Capacity (as estimated consistent with "Sizing and Underwriting Parameters" in Section 4.10(f) hereof) is less than the amount of Bondable Costs, the Bond Proceeds Budget shall incorporate the following items in the following order of priority:

Priority 1: To the extent sufficient Bond Capacity exists, up to 100% of budgeted public infrastructure costs, site preparation Redevelopment Project Costs not yet incurred, and soft Redevelopment Project Costs attributable to these items; then

Priority 2: To the extent sufficient Bond Capacity remains, up to 100% of site preparation hard and soft Redevelopment Project Costs incurred prior to Bond Closing but after designation of the Redevelopment Area; then

Priority 3: To the extent sufficient Bond Capacity remains, other Bondable Costs not included in Priority 1 or Priority 2 above.

To the extent costs in the Bond Proceeds Budget have been prepaid by Developer prior to Bond Closing, these costs may be reimbursed from the initial draw on Bond Proceeds. Any such reimbursement will be subject to the same draw review process as subsequent disbursements of Bond Proceeds.

To the extent that Bond Proceeds remain after completion of all phases of work contemplated in the Bond Proceeds Budget, the City may in its discretion (subject to applicable law and other governing documents) reallocate Bond Proceeds for redemption of the Bonds or for other Redevelopment Project Costs and/or S.A.-Eligible Costs (as defined in Section 4.10(q) hereof). Un-reimbursed Bondable Costs in excess of Bond Capacity will be added to the balance of the Note.

Nothing in this Section 4.10(k) shall be construed as limiting the ability of the parties hereto to establish appropriate escrows and funding procedures to comply with applicable law regarding Redevelopment Project Costs and S.A.-Eligible Costs.

(l) **Other Phase 1 Project Financing.** In addition to the Bond financing described above, Developer will provide (by proof of lender commitments to finance all Developer Phase 1 Scope costs other than those to be funded by the Bond Proceeds or Equity with all material funding contingencies met or waived) sufficient Lender Financing, and (by admission of one or more additional members into Developer or capital commitments made by existing members) Equity financing to complete the Developer Phase 1 Scope at the time of Bond Closing. The minimum amount of Equity demonstrated to be available and committed to the Phase 1 Project at the time of Bond Closing shall be not less than 20% of the Project Budget (Developer Phase 1 Scope as described in Section 4.10(f) hereof) other than costs in the Project Budget that will be funded with Bond Proceeds. This calculation of committed Equity shall exclude any expenditures that will be reimbursed by the City as described in Section 4.05 hereof regarding Prior Expenditures, but shall otherwise include funds expended on pre-development activities (including Phase 1 Project land planning and preparation, if any) directly related (in the City's judgment) to the Phase 1 portion of the Master Plan and the Phase 1 Project, but committed Developer Equity shall not be required to exceed \$75,000,000 subject to the requirements of Section 4.06. The availability and nature of funds available to address costs overruns will be demonstrated by the Equity and Lender Financing commitments described in Sections 4.10(f)(B) and 4.10(m) hereof (or by completion guaranties, or by Developer's right to use demonstrated savings from Phase 1 Project construction costs, to the extent acceptable to lenders).

(m) **Order of Spending Phase 1 Project Funds.**

(i) Developer will commit Equity and/or Lender Financing in amounts sufficient, when combined with Bond Proceeds, to complete the Developer Phase 1 Scope simultaneously with the request to the City for issuance of the Bonds. The City's financial assistance will be in the form of the City Note and Net Bond Proceeds.

(ii) The Bonds will be issued upon the later of (x) Developer's request, and (y) the City's issuance of the Phase 1 Commencement Certificate ("**Phase 1 Commencement Certificate**"), which the City will issue when all of the following conditions have been met (subject to Section 4.10(c)(i)):

- (A) Developer has achieved and evidenced sufficient pre-leasing of the retail space to be built on the Phase 1 Project Property to obtain a commitment for the senior Lender Financing for construction to complete the Developer Phase 1 Scope. The pre-leasing will constitute not less than the greater of 60% of the total gross leasable retail area in the Phase 1 Project or the amount required in the senior Lender Financing commitment;
- (B) The nature of the pre-leased retail is consistent with the character and tenant mix of a high-quality "lifestyle" mixed-use retail/residential development;
- (C) Developer has acquired good, fee simple title to all private land located within the Phase 1 Project Property;
- (D) Developer has provided sufficient soil/geotechnical studies to confirm to the City's satisfaction that the Phase 1 Project Property is suitable for development with the densities, land uses, and layouts contemplated in the Phase 1 Project site plan approved by the City pursuant to the PD to carry out the Developer Phase 1 Scope (the "**Phase 1 Project Site Plan**");
- (E) Developer has satisfied the City's environmental due diligence requirements as set forth in Section 4.10(p) and Section 5.13 hereof;
- (F) Developer has provided an executed, binding sale commitment for a third-party purchaser to purchase one of the rental residential tower sites within the Pad Sale Area; such purchaser has committed to the completion of a vertical development project of the density and scale, and in conformity with the timing, assumed in the TIF Revenue Projections used in Bond sizing ("**Pre-Sale Commitment**"). The Pre-Sale Commitment(s) must account for no less than 33% of the aggregate incremental property taxes projected to be generated by the residential tower portions of the Pad Sale Area. As an alternative to the foregoing requirement, Developer may provide a means of security reasonably satisfactory to the City to ensure payment of an equivalent proportion of Bond debt service.

If, after posting such security, Developer subsequently provides one or more Pre-Sale Commitments, the City shall release an equivalent portion of the security posted by Developer. The amount to be released shall be calculated by comparing (on a present value basis) the value of the security posted by Developer to the Incremental Property Taxes projected to be generated by the third party development associated with the Pre-Sale Commitment(s).

- (G) Developer has provided a senior lender with a commitment for the requisite cash Equity in order to obtain a loan commitment for senior construction Lender Financing to complete the Developer Phase 1 Scope, and has provided the City with a copy of this written loan commitment;
- (H) Developer has provided the City sufficient evidence and documentation that a commitment for senior Lender Financing for the Phase 1 Project has been obtained, and is prepared to open a senior Lender Financing construction escrow (the "**Senior Lender Financing Construction Escrow**") in connection therewith.
- (I) The total amount of committed Lender Financing and Equity is, when combined with the anticipated Net Bond Proceeds, demonstrated to be sufficient to complete the Developer Phase 1 Scope;
- (J) Developer has satisfied the City's environmental requirements with respect to design for items such as LEED certification and the provision of green roofs, as provided in the PD;
- (K) Developer has submitted adequate documentation of Developer Phase 1 Scope Costs ("**Phase 1 Scope Costs**") to DCD, under the terms of Section 4.10(r) hereof;
- (L) Developer has submitted and received City approval of MBE/WBE budgets pursuant to Section 10.03 hereof; and
- (M) The Phase 1 Project Property, or applicable portion thereof, has been designated as a special assessment area and the Special Assessment has been established thereon.

(iii) Upon satisfaction of all of the foregoing conditions, Developer will open the Senior Lender Financing Construction Escrow (as defined in Section 4.10(m)(ii)(H) hereof), the City thereupon will issue the Bonds and the Net Bond Proceeds will be placed in one or more escrow accounts (the "**TIF Construction Escrow**"). Funds will be drawn out of the Senior Lender Financing

Construction Escrow and the TIF Construction Escrow to fund the Project, as follows:

- (A) For all horizontal construction (site preparation, general infrastructure, roads, utilities, Bondable Costs, etc.), which will commence first, construction funds may first be drawn out of the TIF Construction Escrow.
- (B) For all vertical construction (privately-owned buildings and other improvements which are not TIF-Funded Improvements), construction funds will be drawn out of the Senior Lender Financing Construction Escrow in the order specified in the Lender Financing documents and in accordance with loan covenants.
- (C) Detailed requirements for the structuring of escrows and disbursement of funds will be delineated in the respective Senior Lender Financing Construction Escrow and TIF Construction Escrow.

(n) **City Funds at Closing.** City Funds up to the amount of the costs incurred for TIF-Funded Improvements will be paid on the later of: (i) the Closing Date of the Agreement and (ii) the Bond Closing.

(o) **TIF Construction Escrow for Bond Proceeds.** The City will establish project funds under bond indentures to be held in the TIF Construction Escrow, to contain the Net Bond Proceeds and to facilitate the reimbursement to Developer of the costs of the TIF-Funded Improvements. Developer will make construction draws against the TIF Construction Escrow as it incurs the costs of TIF-Funded Improvements, following submission of City-approved requests for payment, on a monthly basis following Bond Closing. The bond indentures governing the TIF Construction Escrow will contain such mechanisms as are necessary to ensure that draws against S.A. Bond Proceeds are only for S.A.-Eligible Costs (as defined in Section 4.10(q) hereof).

(p) **Environmental Audits.** As of the date hereof, Developer has provided the City with all environmental reports in its possession or control with respect to the Phase 1 Project Property. Developer must provide the City with copies of any additional sampling plans and data, reports, assessments, studies, audits and other documents in its possession or control relating to the environmental condition of the Phase 1 Project Property completed after the date hereof, including Phase I and II environmental assessment reports and the reports submitted to the Illinois Environmental Protection Agency ("IEPA") for the Site Remediation Program ("SRP"), if any (collectively, "New Environmental Reports"). Developer will provide the City with reliance letter(s) ("Reliance Letters") from the environmental consultants preparing any such New Environmental Reports.

(q) **S.A.-Eligible Costs.** Subject to City Special Assessment Counsel approval, the cost of all local public improvements (including all site preparation related thereto),

as prescribed by Illinois special assessment law (including but not limited to the Special Assessment Law and the Special Assessment Supplemental Bond and Procedures Act), will be eligible for reimbursement from S.A. Bond Proceeds and will be listed specifically as "S.A.-Eligible Costs" in the Amended and Restated Agreement.

(r) **Bond Closing Requirements.** Prior to issuance of the Bonds and the release of City Funds for the Phase 1 Project ("**Bond Closing**"), Developer shall provide the following to the City:

(i) Evidence of good, fee simple title to all private land located within the Phase 1 Project Property (which may be satisfied by providing a current title insurance commitment covering the Phase 1 Project Property and showing Developer as the insured party) subject to liens in favor of the City and the provider of Lender Financing;

(ii) Proof that the Phase 1 Project Property has been contributed to Developer with the sole consideration for the contribution of the Phase 1 Project Property being a share in future Phase 1 Project profits/net cash flow (that is, no consideration for this real property contribution is to be funded from City Funds);

(iii) The operating agreement for Developer as of Bond Closing;

(iv) Proof of commitment of Lender Financing and Developer Equity sufficient to complete Developer Phase 1 Scope (see additional applicable parameters set forth in Section 4.10(l) hereof);

(v) Developer's financial statements for the most recent three fiscal years;

(vi) Description of the composition of Affordable Units included in the entire Phase 1 Project, as reviewed and approved by DCD;

(vii) A copy of an owner's title insurance policy, UCC, tax and judgment searches, as specified in Sections 5.05 and 5.06;

(viii) Opinion of counsel, as specified in Section 5.09;

(ix) Evidence of insurance (acceptable to the City);

(x) Certified copies of ground leases and operating leases; and

(xi) Other customary closing requirements in transactions of this type.

Further, Developer shall have obtained a Phase 1 Commencement Certificate as described in Section 4.10(m)(ii) hereof prior to Bond Closing.

4.11 Voluntary Termination. If Bond Closing has not occurred within twelve (12) years of Route 41 Completion, then either the City or Developer may terminate this

Agreement by written notice to the other party, and upon delivery of such notice this Agreement shall be null and void and of no further force or effect.

ARTICLE FIVE: CONDITIONS PRECEDENT TO AGREEMENT CLOSING AND BOND CLOSING

The following conditions precedent to closing must be complied with to the City's satisfaction within the time periods set forth below or, if no time period is specified, prior to the Closing Date or the Bond Closing (as indicated):

5.01 **Project Budget.** Developer will have submitted to DCD, and DCD will have approved, the Project Budget stated in Exhibit D-1, in accordance with the provisions of Section 3.03 as of the Closing Date.

5.02 **Scope Drawings and Plans and Specifications.** Developer will have submitted to DCD, and DCD will have approved, the Scope Drawings and Plans and Specifications in accordance with the provisions of Section 3.02 or DCD will have agreed to approve them as a post-closing item, promptly upon receipt, as of the Bond Closing.

5.03 **Other Governmental Approvals.** Not less than 5 Business Days prior to the Bond Closing, Developer will have secured or applied for or provided DCD with an application time schedule for all other necessary approvals and permits required by any Federal, State, or local statute, ordinance, rule or regulation to begin or continue construction of the Project, and will submit evidence thereof to DCD or DCD will have agreed to accept such evidence as a post-closing item.

5.04 **Financing.**

(a) Prior to Bond Closing, Developer will have furnished evidence acceptable to the City that Developer has Equity and Lender Financing commitments, if any, at least in the amounts stated in Section 4.01 (or such other amounts as may be necessary for the construction of the Developer Phase 1 Scope as set forth in an Amended and Restated Agreement) to complete the Project and satisfy its obligations under this Agreement. If a portion of such financing consists of Lender Financing, Developer will have furnished evidence as of the Bond Closing that the proceeds thereof are available to be drawn upon by Developer as needed and are sufficient (along with the Equity and other financing sources, if any, stated in Section 4.01) to complete the Project.

(b) Prior to the Bond Closing, Developer will deliver to DCD a copy of the construction escrow agreement, if any, entered into by Developer regarding Developer's Lender Financing, if any. Such construction escrow agreement must provide that the City will receive copies of all construction draw request materials submitted by Developer after the Bond Closing.

(c) Any financing liens against the Phase 1 Project Property or the Project in existence at the Bond Closing will be subordinated to certain encumbrances of the City stated in this Agreement under a subordination agreement, in the form of Exhibit O, executed on or prior to the Bond Closing, which is to be recorded, at the expense of Developer, in the Office of the Recorder of Deeds of Cook County.

5.05 Acquisition and Title.

(a) Developer has provided the City with a copy of a title insurance commitment and/or title insurance policy, and a copy of Developer's operating agreement and other entity documentation, that together demonstrate that Developer is the owner of the Phase 1 Project Property.

(b) At the Bond Closing, Developer will furnish the City with a copy of the Title Policy for the Phase 1 Project Property, showing Developer as the named insured. The Title Policy will be dated as of the date of the Bond Closing and will contain only those title exceptions listed as Permitted Liens on Exhibit I and will evidence the recording of this Agreement under the provisions of Section 8.15. The Title Policy will also contain the following endorsements as required by Corporation Counsel in this transaction, including but not limited to: an owner's comprehensive endorsement and satisfactory endorsements regarding zoning (3.1 with parking, if available), contiguity, location, access, and survey. Developer will provide to DCD, on or prior to the Bond Closing, documentation related to the acquisition of the Phase 1 Project Property and certified copies of all easements and encumbrances of record with respect to the Phase 1 Project Property not addressed, to DCD's satisfaction, by the title policy and any endorsements thereto.

5.06 Evidence of Clear Title. Not later than 5 Business Days prior to the Closing Date, Developer, at its own expense, will have provided the City with current searches under Developer's name as follows:

showing no liens against Developer, the Phase 1 Project Property or any fixtures now or hereafter affixed thereto, except for the Permitted Liens.

5.07 Surveys. Developer has provided the City with a boundary survey of the Phase 1 Project Property. Not later than 5 Business Days prior to the Bond Closing, Developer will have furnished the City with 3 copies of the Survey.

5.08 Insurance. As of the Closing Date, Developer, at its own expense, will have insured the Phase 1 Project Property and the Project as required under Article Twelve. At least 5 Business Days prior to the Closing Date, certificates required under Article Twelve evidencing the required coverages will have been delivered to DCD.

5.09 **Opinion of Developer's Counsel.** On the Closing Date and at Bond Closing, Developer will furnish the City with an opinion of counsel, substantially in the form of Exhibit J, with such changes as may be required by or acceptable to Corporation Counsel. If Developer has engaged special counsel in connection with the Project, and such special counsel is unwilling or unable to give some of the opinions stated in Exhibit J, such opinions shall be obtained by Developer from its general corporate counsel.

5.10 **Evidence of Prior Expenditures.** Not less than 20 Business Days prior to the Closing Date, Developer will have provided evidence satisfactory to DCD of the Prior Expenditures as provided in Section 4.05, which shall provide a basis for determining the principal amount of the Note at its issuance. Such evidence of Prior Expenditures may be updated to the Closing Date by Developer. Developer also shall provide evidence satisfactory to DCD of Prior Expenditures as of Bond Closing, which shall provide a basis for determining both: (a) the amount of Net Bond Proceeds to be paid to Developer at the Bond Closing, and (b) the principal amount of the Note as of Bond Closing.

5.11 **Financial Statements.** Not less than 30 days prior to the Bond Closing, Developer will have provided Financial Statements to DCD for its most recent fiscal years, if available, and its most recently publicly available unaudited interim Financial Statements, in each case together with any audit letters.

Developer will provide to the City an Economic Disclosure Statement(s), in the City's then current form (or recertification of same), dated as of the Closing Date.

5.15 **Litigation.** Developer will provide to Corporation Counsel and DCD, at least 10 Business Days prior to the Closing Date and again prior to the Bond Closing, a description of all pending or threatened litigation or administrative proceedings involving Developer specifying, in each case, the amount of each claim, an estimate of probable liability, the amount of any reserves taken in connection therewith, and whether (and to what extent) such potential liability is covered by insurance.

ARTICLE SIX: AGREEMENTS WITH CONTRACTORS**6.01 Bid Requirement for General Contractor and Subcontractors.**

(a) DCD acknowledges that Developer will select a General Contractor for the Project prior to Bond Closing. Prior to entering into an agreement with any subcontractor for construction of the TIF-Funded Improvements, (or any phase thereof) after the Closing Date, Developer must solicit, or must cause the General Contractor to solicit, bids from qualified contractors eligible to do business with the City of Chicago. For the TIF-Funded Improvements, Developer must cause the General Contractor to select the subcontractor submitting the lowest responsive and responsible bid who can complete the Project (or phase thereof) in a timely and good and workmanlike manner; provided, however, that Developer may consider a bidder's ability to meet the unique challenges of the Project in evaluating the "lowest responsible bid" rather than the lowest bid. If the General Contractor selects any subcontractor submitting other than the lowest responsive and responsible bid for the TIF-Funded Improvements, the difference between the lowest responsive and responsible bid and the bid selected may not be paid out of City Funds.

(b) The Developer must submit copies of the Construction Contract to DCD as required under Section 6.02 below. Photocopies of all subcontracts entered or to be entered into in connection with the TIF-Funded Improvements must be provided to DCD within 20 Business Days of the execution thereof. Developer must ensure that the General Contractor will not (and must cause the General Contractor to ensure that the subcontractors will not) begin work on the Project (or any phase thereof) until the applicable Plans and Specifications for that phase have been approved by DCD and all requisite permits have been obtained.

6.02 Construction Contract. Prior to the execution thereof, Developer must deliver to DCD a copy of the proposed Construction Contract with the General Contractor selected to work on the TIF-Funded Improvements under Section 6.01 above, for DCD's prior written approval. Within 10 Business Days after execution of such contract by Developer, the General Contractor and any other parties thereto, Developer must deliver to DCD and Corporation Counsel a certified copy of such contract together with any modifications, amendments or supplements thereto.

6.03 Performance and Payment Bonds. Prior to commencement of construction of any work in the public way, if any, Developer will require that the General Contractor and any applicable subcontractor(s) be bonded (as to such work in the public way) for their respective payment and performance by sureties having an AA rating or better using the payment and performance bond form attached as Exhibit L. The City will be named as obligee or co-obligee on such bond.

6.04 Employment Opportunity. Developer will contractually obligate and cause the General Contractor to agree and contractually obligate each subcontractor to agree to the provisions of Article Ten.

6.05 Other Provisions. In addition to the requirements of this Article Six, the Construction Contract and each contract with any subcontractor must contain provisions required

under Section 3.04 (Change Orders), Section 8.08 (Prevailing Wage), Section 10.01(e) (Employment Opportunity), Section 10.02 (City Resident Construction Worker Employment Requirement), Section 10.03 (Developer's MBE/WBE Commitment), Article Twelve (Insurance) and Section 14.01 (Books and Records).

ARTICLE SEVEN: COMPLETION OF CONSTRUCTION

7.01 **Certificate of Completion of Construction.** Upon completion of the construction of portions of the Phase 1 Project in compliance with the terms and conditions of this Agreement, and upon Developer's written request, and after review with other affected City departments, DCD will issue to Developer certificates of completion of construction in recordable form (individually the "COC", and collectively the "COCs") certifying that Developer has fulfilled its obligation to complete the applicable portion of the Phase 1 Project in compliance with the terms and conditions of this Agreement, as follows:

(a) **Certificate of Vertical Development Area Completion.** The City will issue a Certificate of Vertical Development Area Completion (the "**Vertical Area Certificate**"), upon Developer's written request for such COC, when the following conditions have been met:

- (i) 100% of the leasable square footage of retail/commercial area in the Vertical Development Area that was included in the TIF Revenue Projections has been substantially completed (subject only to completion of tenant improvement work) and a minimum of 75% of said square footage has been leased and occupied;
- (ii) 100% of the residential dwelling units designated as Affordable Units within the Vertical Development Area that were included in the TIF Revenue Projections have been substantially completed and a minimum of 80% of said units have been leased, or sold, and occupied;
- (iii) 100% of the residential dwelling units designated as "market rate" within the Vertical Development Area that were included in the TIF Revenue Projections have been substantially completed and 50% of said units have been leased, or sold, and occupied;
- (iv) Buildings and improvements within the Vertical Development Area as set forth in the Phase 1 Developer Scope have been constructed in material compliance with the applicable provisions of the PD.
- (v) The City's monitoring staff has determined in writing that Developer is in compliance with all City Requirements, as defined in Section 3.07 hereof, as they pertain to the Vertical Development Area;
- (vi) Developer has satisfied the City's environmental requirements with respect to design for items such as LEED certification and the provision of green roofs for the Vertical Development Area, as provided in the PD;

(vii) As required by Section 11.01, Developer has provided the City with sufficient evidence that the 1997 No Further Remediation ("NFR") letter remains valid and enforceable for the Vertical Development Area;

(viii) Developer has designated at least 20% of the residential dwelling units included in the Vertical Development Area as housing to be Affordable Units for households earning up to 60% of area median income ("AMI") for rental dwelling units and households earning up to 100% of AMI for owner-occupied dwelling units; and

(ix) the designated public improvements to be constructed by Developer within the Vertical Development Area, as indicated in the PD, have been substantially completed and dedicated to the City or other appropriate public entity (provided that this dedication condition shall have been met if Developer has: (1) completed the full scope of said public improvements to the applicable standards of the public entity or entities to which they are to be dedicated, as evidenced by inspection reports produced by such public entity or entities, and (2) has attempted to make, but the City or other appropriate public entity has failed to accept, such dedication).

(b) **Certificate of Pad Sale Area Completion.** The City will issue a Certificate of Pad Sale Area Completion ("Pad Area Certificate") upon Developer's written request for such COC, when the following conditions have been met:

(i) Developer has sold, or otherwise conveyed, all saleable components of the Pad Sale Area to third party, or related, entities for development;

(ii) the executed documents for these conveyances have been provided to DCD, and DCD has verified that the conveyance documents reflect the requirements of Section 4.10(m)(ii)(F);

(iii) Buildings and improvements within the Pad Sale Area have been constructed in accordance with the applicable PD provisions;

(iv) the buildings included in the TIF Revenue Projections are at least 60% leased (in the case of rental residential dwelling units and commercial facilities) or at least 60% sold (in the case of owner-occupied residential dwelling units);

(v) 100% of the residential dwelling units designated as Affordable Units within the Pad Sale Area that were included in the TIF Revenue Projections have been substantially completed and 80% of said units have been leased, or sold, and occupied;

(vi) As required by Section 11.01, Developer has provided the City with sufficient evidence that the 1997 NFR letter remains valid and enforceable for the Pad Sale Area;

(vii) the City's monitoring staff has determined in writing that Developer is in compliance with all City Requirements, as defined in Section 3.07, as they pertain to the Pad Sale Area; and

(viii) Developer has satisfied City's environmental requirements with respect to items such as LEED certification and the provision of green roofs for the Pad Sale Area, as provided in the PD.

(c) DCD will respond to Developer's written request for a COC within 45 days by issuing either a COC or a written statement detailing the ways in which the Phase 1 Project does not conform to this Agreement or has not been satisfactorily completed and the measures which must be taken by Developer in order to obtain the COC. Developer may resubmit a written request for a COC upon completion of such measures, and the City will respond within 45 days in the same way as the procedure for the initial request. Such process may repeat until the City issues a COC. The City's issuance of both the Vertical Area Certificate and the Pad Sale Certificate shall constitute the City's certification that Developer has fulfilled its obligation to complete the Phase 1 Project in compliance with the terms and conditions of this Agreement.

7.02 Effect of Issuance of COC; Continuing Obligations.

(a) The COC relates only to the construction of the Phase 1 Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to Developer's obligation to complete such activities have been satisfied. After the issuance of a COC, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the COC must not be construed as a waiver by the City or Developer of any of their respective rights and remedies under such executory terms.

(b) Those covenants specifically described at Section 8.02 (Covenant to Redevelop), Section 8.16 (Real Estate Provisions), and Section 8.18 (Land Use Covenants) as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Phase 1 Project Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a COC (except with respect to Section 8.02). The other executory terms of this Agreement that remain after the issuance of a COC will be binding only upon Developer or a permitted assignee of Developer who, as provided in Section 18.15 (Assignment) of this Agreement, has contracted to take an assignment of Developer's rights under this Agreement and assume Developer's liabilities hereunder.

7.03 Failure to Complete. If Developer fails to timely complete the Project in compliance with the terms of this Agreement, then the City will have, but will not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed under this Agreement;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of such TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. If the aggregate cost of completing the TIF-Funded Improvements that are public improvements exceeds the amount of City Funds available under Section 4.03, Developer will reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) The right to seek reimbursement of the City Funds from Developer that have not already been expended for TIF-Funded Improvements, provided that the City is entitled to rely on an opinion of counsel that such reimbursement will not jeopardize the tax-exempt status of the Bonds.

7.04 **Notice of Expiration of Term of Agreement.** Upon the expiration of the Term of the Agreement, DCD will provide Developer, at Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

ARTICLE EIGHT: REPRESENTATIONS, WARRANTIES AND COVENANTS OF DEVELOPER.

8.01 **General.** Developer represents, warrants, and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) Developer is a Delaware limited liability company duly organized, validly existing and qualified to do business in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by Developer of this Agreement has been duly authorized by all necessary limited liability company action, and does not and will not violate its Certificate of Formation as amended and supplemented, its operating agreement, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which Developer is now a party or by which Developer or any of its assets is now or may become bound;

(d) Developer has acquired and will maintain good, indefeasible and merchantable fee simple title to the Phase 1 Project Property (and improvements and appurtenances) free and clear of all liens except for: (i) the Permitted Liens scheduled in the Title Report and incorporated in Exhibit I; (ii) Lender Financing, if any, as disclosed in the Project Budget; (iii) liens in favor of the City, and (iv) non-governmental charges that Developer is contesting in good faith as provided in Section 8.12.

(e) Developer is now, and for the Term of the Agreement, will remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending or, to Developer's actual knowledge threatened or affecting Developer which would impair its ability to perform under this Agreement;

(g) Developer has and will maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to construct and complete and operate the Phase 1 Project and to conduct its business on the Phase 1 Project Property;

(h) Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which Developer is a party or by which Developer or any of its assets is bound which would materially adversely effect its ability to comply with its obligations under this Agreement;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of Developer; and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of Developer since the date of Developer's most recent Financial Statements;

(j) prior to the issuance of a COC, if it would materially adversely affect Developer's ability to perform its obligations under this Agreement, Developer will not do any of the following without the prior written consent of DCD: (1) be a party to any merger, liquidation or consolidation; (2) sell, transfer, convey, lease or otherwise dispose (directly or indirectly) of all or substantially all of its assets or any portion of the Phase 1 Project Property or the Phase 1 Project (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business as contemplated in Developer's operating agreement; other than (i) sale, lease or other transfer of the Pad Sale Area, (ii) leases of sites or buildings within the Vertical Development Area to tenants or other end users, (iii) dedications to the public or to private utility providers, (iv) sales of owner-occupied residential dwelling units to unit buyers, and (v) transfers of portions of the Phase 1 Project Property to Affiliates of Developer, provided that Developer shall notify the City of any such sale, lease or transfer to Developer Affiliates; (3) enter into any transaction outside the ordinary course of Developer's business that would materially adversely affect the ability of Developer to complete the Phase 1 Project; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity that would materially adversely affect the ability of Developer to complete the Phase 1 Project; or (5) enter into any transaction that would cause a material and detrimental change to Developer's financial condition or its ability to complete the Phase 1 Project or to continue operations at the Phase 1 Project Property;

(k) Developer has not incurred and, prior to the issuance of a COC, will not, without the prior written consent of the Commissioner of DCD, allow the existence of any liens against the Phase 1 Project Property and Phase 1 Project other than the Permitted Liens; or incur any indebtedness secured or to be secured by the Phase 1 Project Property and Phase 1 Project or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget;

(l) Developer has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or under City ordinance, for services to any City agency ("**City Contract**") as an inducement for the City to enter into the Agreement or any City Contract with Developer in violation of Chapter 2-156-120 of the Municipal Code of the City, as amended, and

(m) neither Developer nor any Affiliate thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons Lists, the Unverified List, the Entity List and the Debarred List.

8.02 Covenant to Redevelop. Upon (a) DCD's approval of the Scope Drawings and Plans and Specifications, and the Project Budget as provided in Sections 3.02 and 3.03, and Developer's receipt of all required building permits and governmental approvals, (b) Developer's obtaining of Equity and Lender Financing, upon terms acceptable to Developer and the City, required for the Developer Phase 1 Scope, and (c) Bond Closing and deposit of Net Bond Proceeds into the TIF Construction Escrow, Developer will redevelop the Phase 1 Project Property in compliance with this Agreement and all exhibits attached hereto, the TIF Ordinances, the City ordinances authorizing the issuance of the Bonds, the Scope Drawings, the Plans and Specifications, the Project Budget and all amendments thereto, and all Federal, State and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Phase 1 Project Property, the Phase 1 Project and/or Developer. The covenants set forth in this Section 8.02 will run with the land and will be binding upon any transferee, until fulfilled as evidenced by the issuance of a COC.

8.03 Redevelopment Plan. Developer represents that the Phase 1 Project is and will be in compliance with all applicable terms of the Redevelopment Plan.

8.04 Use of City Funds. City Funds disbursed to Developer will be used by Developer solely to pay for or to reimburse Developer for its payment for the TIF-Funded Improvements as provided in this Agreement.

8.05 Other Bonds. At the request of the City, Developer will agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole and absolute discretion) TIF Bonds or other bonds ("**Other Bonds**") in connection with the Project or the Redevelopment Area, the proceeds of which are to be used to reimburse the City for expenditures made in connection with the TIF-Funded Improvements; provided, however, that any such amendments will not have a material adverse effect on Developer or the Project. Developer will, at Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Other Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition (but not including proprietary sales and operating information), and assisting the City in its preparation of an offering statement with respect thereto. Developer will not have any liability with respect to any disclosures made in connection with any such issuance that are

actionable under applicable securities laws unless such disclosures are based on factual information provided by Developer that is determined to be false and misleading.

8.06 Employment Opportunity.

(a) Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and, as applicable, to cause the General Contractor to contractually obligate each subcontractor to abide by the terms set forth in Section 8.08 (Prevailing Wage) and Article Ten (Developer's Employment Obligations). Developer will submit to DCD a plan describing its compliance program prior to the Bond Closing.

(b) Developer will deliver to the City written progress reports by draw, but not less than quarterly following Bond Closing, detailing compliance with the requirements of Sections 8.08, (Prevailing Wage) 10.02 (City Resident Construction Worker Employment Requirement) and 10.03 (Developer's MBE/WBE Commitment) of this Agreement. If any such reports indicate a shortfall in compliance, Developer will also deliver a plan to DCD which will outline, to DCD's satisfaction, the manner in which Developer will correct any shortfall.

8.07 Employment Profile. Developer will submit, and contractually obligate and cause the General Contractor to submit and contractually obligate any subcontractor to submit, to DCD, from time to time, statements of its employment profile upon DCD's request.

8.08 Prevailing Wage. Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor to pay and to contractually cause each subcontractor to pay, the prevailing wage rate as ascertained by the State Department of Labor (the "**Labor Department**"), to all of their respective employees working on constructing the Phase I Project or otherwise completing the TIF-Funded Improvements. All such contracts will list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed under such contract, or alternatively Developer will provide applicable schedules evidencing wage rates paid. If the Labor Department revises such prevailing wage rates, the revised rates will apply to all such contracts. Upon the City's request, Developer will provide the City with copies of all such contracts entered into by Developer or the General Contractor to evidence compliance with this Section 8.08.

8.09 Arms-Length Transactions. Except as set forth on Exhibit E and Exhibit H, unless DCD shall have given its prior written consent with respect thereto, no Affiliate of Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement, except for the General Contractor. Developer will provide information with respect to any entity (other than the General Contractor) to receive City Funds directly or indirectly (whether through payment to an Affiliate by Developer and reimbursement to Developer for such costs using City Funds, or otherwise), upon DCD's request, prior to any such disbursement.

8.10 Financial Statements. Developer will obtain and provide to DCD Financial Statements for 2010, and each year thereafter for the Term of the Agreement. In addition,

Developer shall provide to DCD unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as DCD may request.

8.11 **Insurance.** Solely at its own expense, Developer will comply with all applicable provisions of Article Twelve (Insurance) hereof.

8.12 **Non-Governmental Charges.**

(a) **Payment of Non-Governmental Charges.** Except for the Permitted Liens, and subject to subsection (b) below, Developer agrees to pay or cause to be paid when due any Non-Governmental Charges assessed or imposed upon the Phase I Project Property or any fixtures that are or may become attached thereto and which are owned by Developer, which creates, may create, or appears to create a lien upon all or any portion of the Phase I Project Property; provided however, that if such Non-Governmental Charges may be paid in installments, Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. Developer will furnish to DCD, within thirty (30) days of DCD's request, official receipts from the appropriate entity, or other evidence satisfactory to DCD, evidencing payment of the Non-Governmental Charges in question.

(b) **Right to Contest.** Developer will have the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charges by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charges, prevent the imposition of a lien or remove such lien, or prevent the transfer or forfeiture of the Phase I Project Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend Developer's covenants to pay any such Non-Governmental Charges at the time and in the manner provided in this Section 8.12); or

(ii) at DCD's sole option, to furnish a good and sufficient bond or other security satisfactory to DCD in such form and amounts as DCD will require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such transfer or forfeiture of the Phase I Project Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charges and all interest and penalties upon the adverse determination of such contest.

8.13 **Developer's Liabilities.** Developer will not enter into any transaction that would materially and adversely affect its ability to: (i) perform its obligations under this Agreement or (ii) repay any material liabilities or perform any material obligations of Developer to any other person or entity. Developer will immediately notify DCD of any and all events or actions which may materially affect Developer's ability to carry on its business operations or perform its

obligations under this Agreement or under any other documents and agreements related to this Agreement or the Phase 1 Project.

8.14 **Compliance with Laws.**

(a) **Representation.** To Developer's knowledge, after diligent inquiry, the Phase 1 Project Property and the Phase 1 Project are in compliance with all applicable Federal, State and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Phase 1 Project Property and the Phase 1 Project. Upon the City's request, Developer will provide evidence reasonably satisfactory to the City of such current compliance.

(b) **Covenant.** Developer covenants that the Phase 1 Project Property and the Phase 1 Project will be operated and managed in compliance with all applicable Federal, State and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Phase 1 Project Property or the Phase 1 Project, including the following Municipal Code Sections: 7-28-390, 7-28-440, 11-4-1410, 11-4-1420, 11-4-1450, 11-4-1500, 11-4-1530, 11-4-1550 or 11-4-1560, whether or not in performance of this Agreement. Upon the City's request, Developer will provide evidence to the City of its compliance with this covenant.

8.15 **Recording and Filing.** Developer will cause this Agreement, certain exhibits (as specified by Corporation Counsel) and all amendments and supplements hereto to be recorded and filed on the date hereof in the conveyance and real property records of Cook County, Illinois against the Phase 1 Project Property. Developer will pay all fees and charges incurred in connection with any such recording. Upon recording, Developer will immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.16 **Real Estate Provisions.**

(a) **Governmental Charges.**

(i) **Payment of Governmental Charges.** Subject to subsection (ii) below, Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon Developer, the Phase 1 Project Property or the Phase 1 Project, or become due and payable, and which create, or may create a lien upon Developer or all or any portion of the Phase 1 Project Property or the Phase 1 Project. "**Governmental Charge**" means all Federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances relating to Developer, the Phase 1 Project Property or the Phase 1 Project, including but not limited to real estate taxes.

(ii) **Right to Contest.** Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the

contested Governmental Charge and prevent the imposition of a lien or the sale or transfer or forfeiture of the Phase 1 Project Property. Developer's right to challenge real estate taxes applicable to the Phase 1 Project Property is limited as provided for in Section 8.16(c) below; provided, that such real estate taxes must be paid in full when due. No such contest or objection will be deemed or construed in any way as relieving, modifying or extending Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless Developer has given prior written notice to DCD of Developer's intent to contest or object to a Governmental Charge and, unless, at DCD's sole option:

(iii) Developer will demonstrate to DCD's satisfaction that legal proceedings instituted by Developer contesting or objecting to a Governmental Charge will conclusively operate to prevent or remove a lien against, or the sale or transfer or forfeiture of, all or any part of the Phase 1 Project Property to satisfy such Governmental Charge prior to final determination of such proceedings, and/or;

(b) Developer will furnish a good and sufficient bond or other security satisfactory to DCD in such form and amounts as DCD may require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or transfer or forfeiture of the Phase 1 Project Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(c) **Developer's Failure To Pay Or Discharge Lien.** If Developer fails to pay or contest any Governmental Charge or to obtain discharge of the same, Developer will advise DCD thereof in writing, at which time DCD may, but will not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in DCD's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which DCD deems advisable. All sums so paid by DCD, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, will be promptly disbursed to DCD by Developer. Notwithstanding anything contained herein to the contrary, this paragraph must not be construed to obligate the City to pay any such Governmental Charge. Additionally, if Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require Developer to submit to the City audited Financial Statements at Developer's own expense.

(d) **Real Estate Taxes.**

(i) **Acknowledgment of Real Estate Taxes.** Developer agrees that: for the purposes of this Agreement, the total projected minimum assessed value of the Phase 1 Project Property (and related improvements) ("**Minimum Assessed Value**") is shown on Exhibit K for the years noted on Exhibit K.

(ii) **Real Estate Tax Exemption.** With respect to the Phase 1 Project Property (and related improvements) or the Phase 1 Project, until the Bonds are

issued on a tax-exempt basis neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer will seek or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

(iii) No Reduction in Real Estate Taxes.

- (A) Neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer will, until the Bonds are issued on a tax-exempt basis, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Phase 1 Project Property or the Phase 1 Project below the amount of the Minimum Assessed Value as shown in Exhibit K for the applicable year.

(iv) No Objections. Until the Bonds are issued on a tax-exempt basis, neither Developer nor any agent, representative, the lessee, tenant, assignee, transferee or successor in interest to Developer, will object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Under Assessment Complaint (as defined below) or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Under Assessment Complaint" as used in this Agreement means any complaint seeking to increase the assessed value of the Phase 1 Project Property (and related improvements) or the Phase 1 Project up to (but not above) the Minimum Assessed Value as shown in Exhibit K.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.16(d) are covenants running with the land. This Agreement will be recorded by Developer as a memorandum thereof, at Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions will be binding upon Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants will be released when the Redevelopment Area is no longer in effect, or upon termination of this Agreement. Developer agrees that any sale, transfer, lease, conveyance, or transfer of title to all or any portion of the Phase 1 Project Property or the Phase 1 Project from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.16(d) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of Developer, its successors or assigns, may waive and terminate Developer's covenants and agreements set forth in this Section 8.16(d).

8.17 **Job Recruitment, Training and Hiring Plan.** Developer agrees to work with the Workforce Solutions Unit of DCD to create and implement a mutually acceptable plan for the recruitment, training and hiring of City of Chicago residents. Such plan will have as one of its goals, an objective to maximize the number of local residents from the South Shore and South Chicago and adjacent communities participating in the plan. Developer will develop job criteria and qualifications for plan use and will consult with the Workforce Solutions Unit as necessary in this process. The Workforce Solutions Unit will refer candidates to Developer whom it finds are qualified to perform work consistent with the operations timing objectives contained in the plan, and Developer will interview such qualified candidates. Developer will not be required to hire any specified number of such candidates.

8.18 **Land Use Covenants.**

(a) **Land Use Compliance.** Developer covenants that its use of the Phase 1 Project Property and the Phase 1 Project will be in compliance with the Redevelopment Plan, and applicable zoning laws.

(b) **Run With The Land.** The covenants stated in this Section 8.18 run with the land and are intended to be binding on any transferee of the Phase 1 Project Property or the Phase 1 Project.

8.19 **Annual Compliance Report.** Beginning with the issuance of the COC and continuing throughout the Term of the Agreement, Developer shall submit to DCD the Annual Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.

8.20 **Reserved.**

8.21 **Broker's Fees.** Developer has no liability or obligation to pay any fees or commissions to any broker, finder, or agent with respect to any of the transactions contemplated by this Agreement for which the City could become liable or obligated. The City has no liability or obligation to pay any fees or commissions to any broker, finder, or agent with respect to any of the transactions contemplated by this Agreement for which Developer could become liable or obligated.

8.22 **No Conflict of Interest.** Under Section 5/11-74.4-4(n) of the Act, Developer represents, warrants and covenants that to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Phase 1 Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City (a "City Group Member") owns or controls, has owned or controlled or will own or control any interest, and no such City Group Member will represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in Developer, the Phase 1 Project Property, the Phase 1 Project, or to Developer's actual knowledge, any other property in the Redevelopment Area.

8.23 **Disclosure of Interest.** Developer's counsel has no direct or indirect financial ownership interest in Developer, the Phase 1 Project Property or any other feature of the Project.

8.24 **No Business Relationship with City Elected Officials.** Developer acknowledges receipt of a copy of Section 2-156-030(b) of the Municipal Code and that Developer has read and understands such provision. Under Section 2-156-030(b) of the Municipal Code of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a "Business Relationship" (as defined in Section 2-156-080(b)(2) of the Municipal Code), or to participate in any discussion of any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship. Violation of Section 2-156-030(b) by any elected official, or any person acting at the direction of such official, with respect to this Agreement, or in connection with the transactions contemplated thereby, will be grounds for termination of this Agreement and the transactions contemplated thereby. Developer hereby represents and warrants that, to the best of its knowledge after due inquiry, no violation of Section 2-156-030(b) has occurred with respect to this Agreement or the transactions contemplated thereby.

8.25 **Prohibition on Certain Contributions By Mayoral Executive Order No. 05-1.** Developer agrees that Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in Developer of more than 7.5 percent ("**Owners**"), spouses and domestic partners of such Owners, Developer's contractors (i.e., any person or entity in direct contractual privity with Developer regarding the subject matter of this Agreement) ("**Contractors**"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("**Sub-owners**") and spouses and domestic partners of such Sub-owners (Developer and all the other preceding classes of persons and entities are together, the "**Identified Parties**"), will not make a contribution of any amount to the Mayor of the City of Chicago (the "**Mayor**") or to his political fundraising committee: (i) after execution of this Agreement by Developer, (ii) while this Agreement or any Other Contract is executory, (iii) during the Term of this Agreement or any Other Contract between Developer and the City, or (iv) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated.

Developer represents and warrants that from the later of: (i) February 10, 2005, or (ii) the date the City approached the Developer or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Developer agrees that it will not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Developer agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

Developer agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Developer intentionally violates this provision or Mayoral Executive Order No. 05-1 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fundraising committee.

"Other Contract" means any other agreement with the City of Chicago to which Developer is a party that is: (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are **"Domestic Partners"** if they satisfy the following criteria:

- (A) they are each other's sole domestic partner, responsible for each other's common welfare; and
- (B) neither party is married; and
- (C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
- (D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
- (E) two of the following four conditions exist for the partners:
 - 1. The partners have been residing together for at least 12 months.
 - 2. The partners have common or joint ownership of a residence.
 - 3. The partners have at least two of the following arrangements:
 - a. joint ownership of a motor vehicle;
 - b. a joint credit account;
 - c. a joint checking account;
 - d. a lease for a residence identifying both domestic partners as tenants.
 - 4. Each partner identifies the other partner as a primary beneficiary in a will.

"Political fundraising committee" means a "Political fundraising committee" as defined in Chapter 2-156 of the Municipal Code, as amended.

8.26 **Information To Be Kept Current.** Developer shall comply with Section 2-154-020 of the Municipal Code, as amended. Developer has read and understands Chapter 2-55 of the Municipal Code and shall comply with said Chapter.

8.27 **Failure to Maintain Eligibility To Do Business With The City.** Failure by Developer or any controlling person (as defined in Section 1-23-010 of the Municipal Code) thereof to maintain eligibility to do business with the City as required by Section 1-23-030 of the Municipal Code shall be grounds for termination of the Agreement and the transactions contemplated thereby.

8.28 **Survival of Covenants.** All warranties, representations, covenants and agreements of Developer contained in this Article Eight and elsewhere in this Agreement are true, accurate and complete at the time of Developer's execution of this Agreement, and will survive the execution, delivery and acceptance by the parties and (except as provided in Article Seven upon the issuance of a COC) will be in effect throughout the Term of the Agreement.

ARTICLE NINE: REPRESENTATIONS, WARRANTIES AND COVENANTS OF CITY

9.01 **General Covenants.** The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 **Survival of Covenants.** All warranties, representations, and covenants of the City contained in this Article Nine or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

ARTICLE TEN: DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 **Employment Opportunity.** Developer, on behalf of itself and its successors and assigns, hereby agrees, and will contractually obligate its or their various contractors, subcontractors or any Affiliate of Developer on the Phase 1 Project (collectively, with Developer, such parties are defined herein as the "**Employers**", and individually defined herein as an "**Employer**") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services, in connection with the construction of the Phase 1 Project:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and

as amended from time-to-time (the "**Human Rights Ordinance**"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of qualified low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Phase I Project be awarded to qualified business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer will comply with all applicable Federal, State and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the State Human Rights Act, 775 ILCS 5/1-101 et. seq. (2006 State Bar Edition), as amended, and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, will cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of Federal, State and municipal agencies.

(e) Each Employer will include the foregoing provisions of subparagraphs (a) through (d) in every construction contract entered into in connection with the Phase I Project, after the Closing Date, and will require inclusion of these provisions in every subcontract entered into by any subcontractors, after the Closing Date, and every agreement with any Affiliate operating on the Phase I Project Property or at the Phase I Project, after the Closing Date, so that each such provision will be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 will be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof, subject to the cure rights under Section 15.03.

10.02 City Resident Construction Worker Employment Requirement.

(a) Developer agrees for itself and its successors and assigns, and will contractually obligate its General Contractor and will cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Phase 1 Project they will comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons employed by the General Contractor and subcontractors on the site of the Phase 1 Project for the Phase 1 Project will be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, Developer, its General Contractor and each subcontractor will be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions. Developer, the General Contractor and each subcontractor will use their respective best efforts to exceed the minimum percentage of hours stated above, and to employ neighborhood residents in connection with the Phase 1 Project.

(b) Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

(c) "Actual residents of the City" means persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

(d) Developer, the General Contractor and each subcontractor will provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Phase 1 Project. Each Employer will maintain copies of personal documents supportive of every Chicago employee's actual record of residence and Developer, its General Contractor and each subcontractor shall be entitled to rely solely on such documents.

(e) Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) will be submitted to the Commissioner of DCD in triplicate, which will identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

(f) Upon 2 Business Days prior written notice, Developer, the General Contractor and each subcontractor will provide full access to their employment records related to the construction of the Phase 1 Project to the Chief Procurement Officer, the Commissioner of DCD, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Developer, the General Contractor and each subcontractor will maintain all relevant personnel data and records related to the construction of the Phase 1 Project for a period of at least 3 years after final acceptance of the work constituting the Phase 1 Project.

(g) At the direction of DCD, affidavits and other supporting documentation will be required of Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(h) Good faith efforts on the part of Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) will not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

(i) When work at the Phase 1 Project is completed, in the event that the City has determined that Developer has failed to ensure the fulfillment of the requirement of this Article concerning the worker hours performed by actual residents of the City or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Article. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project Budget (the product of .0005 x such aggregate hard construction costs) (as the same will be evidenced by approved contract value for the actual contracts) will be surrendered by Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly will result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data by the Developer, the General Contractor and/or the subcontractors may subject Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether Developer must surrender damages as provided in this paragraph.

(j) Nothing herein provided will be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

(k) Developer will cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Phase 1 Project, entered into after the Closing Date.

10.03 Developer's MBE/WBE Commitment. Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements stated in this section, will contractually obligate the General Contractor to agree that during the construction of the Phase 1 Project:

(a) Consistent with the findings which support, as applicable: (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "**Procurement Program**"), and

(ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 *et seq.*, Municipal Code of Chicago (the "**Construction Program**", and collectively with the Procurement Program, the "**MBE/WBE Program**"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Phase 1 Project, at least the following percentages of the MBE/WBE Budget (as stated in Exhibit D-2) must be expended for contract participation under contracts with Minority-Owned Businesses ("**MBEs**") and by Women-Owned Businesses ("**WBEs**"):

1. At least 24 percent by MBEs.
2. At least four percent by WBEs.

(b) For purposes of this Section 10.03 only:

(i) Developer (and any party to whom a contract is let by Developer in connection with the Phase 1 Project) is deemed a "**Contractor**" and this Agreement (and any contract let by Developer in connection with the Phase 1 Project) is deemed a "**Contract**" or a "**Construction Contract**" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(ii) The term "**Minority-owned Business**" or "**MBE**" shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) The term "**Women-owned Business**" or "**WBE**" shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, Developer's MBE/WBE commitment may be achieved in part by Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Phase 1 Project by Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of: (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Phase 1 Project by the MBE or WBE), by Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Phase 1 Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Phase 1 Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Phase 1 Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as

described in this Section 10.03. In compliance with Section 2-92-730, Municipal Code of Chicago, Developer will not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DCD.

(d) Developer must deliver quarterly reports to the City's monitoring staff during the construction of the Phase 1 Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports will include, inter alia: the name and business address of each MBE and WBE solicited by Developer or the General Contractor to work on the Phase 1 Project, and the responses received from such solicitation; the name and business address of each MBE or WBE actually involved in the Phase 1 Project; a description of the work performed or products or services supplied; the date and amount of such work, product or service; and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. Developer will maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Phase 1 Project for at least 5 years after completion of the Phase 1 Project, and the City's monitoring staff will have access to all such records maintained by Developer, on 5 Business Days' notice, to allow the City to review Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Phase 1 Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, Developer is obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of Developer's MBE/WBE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Phase 1 Project, Developer shall be required to meet with the City's monitoring staff with regard to Developer's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors are required to attend this pre-construction meeting. During said meeting, Developer will demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which will be approved by the City's monitoring staff. During the Phase 1 Project, Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Phase 1 Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Developer is not complying with its obligations under this Section 10.03, will, upon the delivery of written notice to Developer, be deemed an Event of Default. Upon the

occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to Developer to halt the Phase 1 Project, (2) withhold any further payment of any City Funds to Developer or the General Contractor, or (3) seek any other remedies against Developer available at law or in equity.

ARTICLE ELEVEN: ENVIRONMENTAL MATTERS

11.01 **Environmental Matters.** Developer hereby represents and warrants to the City that Developer has conducted environmental studies sufficient to conclude that the Phase 1 Project may be constructed, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the TIF Ordinances and the Redevelopment Plan. Developer shall make similar representations and warranties for subsequent phases of the Project in future restatements of or amendments to this Agreement.

Developer has provided the City with a copy of the final recorded NFR letter related to the Site (and other land) dated July 31, 1997 as well as the so-called "Comfort Letter" from the IEPA dated June 27, 2005 reaffirming the "continued validity of the 1997 NFR letter for the Site and [wherein IEPA further] agrees that the Site continues to be suitable for residential development and use." The "Site" as referred to in the original NFR letter includes in its entirety the Phase 1 Project Property, along with other real property.

As a condition of issuance of COCs, Developer must provide the City with evidence reasonably acceptable to the City that the 1997 NFR letter remains valid and enforceable pursuant to applicable law (which may, at the City's election, require IEPA review and approval or confirmation), and that the Phase 1 Project Property, or applicable portion thereof, has been fully remediated to the site specific objectives set forth therein.

Developer covenants and agrees to complete all investigation, sampling, monitoring, testing, removal, response, disposal, storage, remediation, treatment and other activities necessary to comply with the terms of the 1997 NFR letter in accordance with the requirements of the IEPA and all applicable laws, including, without limitation, all applicable Environmental Laws ("**Environmental Remediation**"). Developer shall bear sole responsibility for all aspects of the Environmental Remediation and any other investigative and cleanup costs associated with the Phase 1 Project Property and any improvements, facilities or operations located or formerly located thereon, including, without limitation, the removal and disposal of all Hazardous Materials, debris and other materials excavated during the performance of the Environmental Remediation. Developer shall promptly transmit to the City copies of any written communications received from or submitted to the IEPA or other regulatory agencies with respect to the Environmental Remediation.

Without limiting any other provisions hereof, Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of Developer, unless caused by the negligent acts or omissions of the City, its employees or contractors: (i) the

presence of any Hazardous Materials on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Materials from: (A) all or any portion of the Phase 1 Project Property, or (B) any other real property in which Developer, or any person directly or indirectly controlling, controlled by or under common control with Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by Developer), or (ii) any liens against the Phase 1 Project Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or Developer or any of its Affiliates under any Environmental Laws relating to the Phase 1 Project Property, or (iii) failure to comply with any other IEPA requirements for residential properties applicable to the Phase 1 Project Property now existing or hereinafter in effect; and (iv) the invalidation or voidance of the 1997 NFR letter.

ARTICLE TWELVE: INSURANCE

12.01 **Insurance Requirements**. Developer's insurance requirements are stated in Schedule B which is hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE THIRTEEN: INDEMNIFICATION

13.01 **General Indemnity**. Developer agrees to indemnify, pay and hold the City, and its elected and appointed officials, employees, agents and affiliates (individually an "Indemnitee," and collectively the "Indemnities") harmless from and against, any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs, expenses and disbursements of any kind or nature whatsoever, (and including, without limitation, the reasonable fees and disbursements of counsel for such Indemnities in connection with any investigative, administrative or judicial proceeding commenced or threatened, whether or not such Indemnities shall be designated a party thereto), that may be imposed on, suffered, incurred by or asserted against the Indemnities by a third party in any manner relating to or arising out of:

- (i) Any cost overruns as described in Section 4.06; or
- (ii) Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or
- (iii) Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Funded Improvements or any other Phase 1 Project improvement; or
- (iv) the existence of any material misrepresentation or omission in this Agreement, any offering memorandum or the Redevelopment Plan or any other document related to this Agreement that is the result of information supplied or omitted by Developer or its agents, employees, contractors or persons acting under the control or at the request of Developer; or
- (v) Developer's failure to cure any misrepresentation in this Agreement or any other document or agreement relating hereto; or

(vi) any act or omission by Developer, any Affiliate of Developer, Developer's General Contractor, any Subcontractor, any materialman or any person or entity in privity with Developer concerning the Phase 1 Project Property or the Phase 1 Project.

provided, however, that Developer shall have no obligation to an Indemnatee arising from the wanton or willful misconduct of that Indemnatee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer will contribute the maximum portion that it is permitted to pay and satisfy under applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this Section 13.01 will survive the termination of this Agreement.

ARTICLE FOURTEEN: MAINTAINING RECORDS/RIGHT TO INSPECT

14.01 **Books and Records.** Developer will keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual costs of the Phase 1 Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Phase 1 Project. All such books, records and other documents, including but not limited to Developer's loan statements, if any, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, will be available at Developer's offices for inspection, copying, audit and examination by an authorized representative of the City, at Developer's expense. Developer will not pay for salaries or fringe benefits of auditors or examiners. Developer must incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by Developer with respect to the Phase 1 Project.

14.02 **Inspection Rights.** Upon 3 Business Days notice, any authorized representative of the City will have access to all portions of the Phase 1 Project Property or the Phase 1 Project during normal business hours following Bond Closing.

ARTICLE FIFTEEN: DEFAULT AND REMEDIES

15.01 **Events of Default.** The occurrence of any one or more of the following events, subject to the provisions of Section 15.03, will constitute an "Event of Default" by Developer hereunder:

(a) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under this Agreement;

(b) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under any other agreement with any person or entity if such failure may have a material adverse effect on Developer's business, property (including the Phase 1 Project Property or the Phase 1 Project), assets (including the Phase 1 Project Property or the Phase 1 Project), operations or condition, financial or otherwise;

(c) the making or furnishing by Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder following Bond Closing, the creation (whether voluntary or involuntary) of, or any attempt by Developer to create, any lien or other encumbrance upon the Phase 1 Project Property or the Phase 1 Project, including any fixtures now or hereafter attached thereto, other than the Permitted Liens or any Permitted Mortgage, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against Developer or Developer's ultimate parent entity, if any, or for the liquidation or reorganization of Developer or Developer's ultimate parent entity, if any, or alleging that Developer or Developer's ultimate parent entity, if any, is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of Developer's or Developer's ultimate parent entity's, if any, debts, whether under the United States Bankruptcy Code or under any other state or Federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving Developer or Developer's ultimate parent entity, if any; provided, however, that if such commencement of proceedings is involuntary, such action will not constitute an Event of Default unless such proceedings are not dismissed within 60 days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for Developer or Developer's ultimate parent entity, if any, for any substantial part of Developer's or Developer's ultimate parent entity's, if any, assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of Developer or Developer's ultimate parent entity, if any; provided, however, that if such appointment or commencement of proceedings is involuntary, such action will not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within 60 days after the commencement thereof;

(g) the entry of any judgment or order against Developer, not covered by insurance for an amount in excess of \$1.0 million which remains unsatisfied or undischarged and in effect for 60 days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under the Lender Financing, if any;

(i) the dissolution of Developer or Developer's ultimate parent entity, if any;

or

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against Developer or any natural person who owns a material interest in Developer, which is not dismissed within 30 days, or the indictment of Developer or any natural person who owns a material interest in Developer, for any crime (other than a misdemeanor);

(k) prior to the issuance of a COC, the sale or transfer of a majority of the ownership interests of Developer without the prior written consent of the City.

For purposes of Sections 15.01(i) and 15.01(j) hereof, a natural person with a material interest in Developer is one owning in excess of ten percent (10%) of Developer's or Developer's ultimate parent entity issued, if any, and outstanding ownership shares or interests.

15.02 Remedies.

(a) Upon the occurrence of an Event of Default (subject to applicable cure rights and periods), the City may exercise one or more of the following remedies at the same time: (i) terminate this Agreement and all related agreements; and (ii) suspend disbursement of City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, also pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein. To the extent permitted by law, the City may also lien the Phase 1 Project Property.

(b) The City may draw down some or all of the then current balance of the Unconditional Irrevocable Letter of Credit (subject to applicable cure rights and periods) if Developer fails to: (i) attain a Vertical Area Certificate within six (6) years of Bond Closing; (ii) maintain on an annual basis a minimum occupancy of 65% of the net leasable area within the Vertical Development Area starting on the date of issuance of the Vertical Area Certificate and running for a period of seven (7) years thereafter; (iii) obtain City approval for sale of any component of the Vertical Development Area other than sales of owner-occupied residential dwelling units to end buyers during the period beginning on the date of issuance of the Vertical Area Certificate and running for a period of five (5) years thereafter (provided such City approval shall not be unreasonably withheld or delayed) or notify the City of any such sale that may occur within the period during which the Bonds are outstanding; (iv) attain a Pad Area Certificate within ten (10) years of Bond Closing; or (v) at substantial completion of construction of improvements in the Vertical Development Area and the Pad Sale Area, evidence material compliance with the City Requirements.

15.03 Curative Period.

(a) In the event Developer fails to perform a monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default will not be deemed to have occurred unless Developer has failed to commence to perform such monetary covenant within 10 days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant.

(b) In the event Developer fails to perform a non-monetary covenant which Developer is required to perform under this Agreement, an Event of Default will not be deemed to have occurred unless Developer has failed to cure such default within 30 days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such 30 day period, Developer will not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such 30 day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

ARTICLE SIXTEEN: MORTGAGING OF THE PROJECT

16.01 **Mortgaging of the Project.** Any and all mortgages or deeds of trust in place as of the date hereof with respect to the Phase 1 Project Property or Phase 1 Project, if any, or any portion thereof are listed on Exhibit I hereto (and shall include but not be limited to mortgages made prior to or on the date of Bond Closing in connection with Lender Financing, if any) and are referred to herein as the "**Existing Mortgages.**" Any mortgage or deed of trust that Developer may hereafter elect to execute and record or execute and permit to be recorded against the Phase 1 Project Property or Project or any portion thereof without obtaining the prior written consent of the City is referred to herein as a "**New Mortgage.**" Any mortgage or deed of trust that Developer may hereafter elect to execute and record or execute and permit to be recorded against the Phase 1 Project Property or Project or any portion thereof with the prior written consent of the City is referred to herein as a "**Permitted Mortgage.**" It is hereby agreed by and between the City and Developer as follows:

(a) If a mortgagee or any other party shall succeed to Developer's interest under a New Mortgage in the Phase 1 Project Property or any portion thereof by the exercise of remedies under a mortgage or deed of trust (other than an Existing Mortgage or a Permitted Mortgage) whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.15 hereof, the City may, but will not be obligated to, attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party will be entitled to no rights or benefits under this Agreement, but such party will be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) If any mortgagee or any other party shall succeed to Developer's interest in the Phase 1 Project Property or any portion thereof by the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.15 hereof, then the City hereby agrees to attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement so long as such party accepts all of the executory obligations and liabilities of "Developer" hereunder. Notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of Developer's interest under this Agreement, such party will have no liability under this Agreement for any Event of Default of Developer which occurred prior to the time such party succeeded to the interest of Developer under this Agreement, in which case Developer will be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of Developer's interest hereunder, such party will be entitled to no rights and benefits under this Agreement, and such party will be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Following Bond Closing and prior to the issuance by the City to Developer of a COC under Article Seven hereof, no New Mortgage will be executed with respect to the Phase 1 Project Property or the Project or any portion thereof without the prior written consent of the Commissioner of DCD. A feature of such consent will be that any New Mortgage

will subordinate its mortgage lien to the covenants in favor of the City that run with the land. After the issuance of a COC, consent of the Commissioner of DCD is not required for any such New Mortgage.

- (e) be supplemented by a delivery receipt or time/date stamped notice or other documentary evidence showing the date of delivery of Developer's request.

ARTICLE EIGHTEEN: ADDITIONAL PROVISIONS

18.01 Amendments. This Agreement and the Schedules and Exhibits attached hereto may not be modified or amended except by an agreement in writing signed by the parties; provided, however, that the City in its sole discretion, may amend, modify or supplement the Redevelopment Plan, which is Exhibit C hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by the Developer by more than 90 days.

18.02 Complete Agreement, Construction, Modification. This Agreement, including any exhibits and the other agreements, documents and instruments referred to herein or contemplated hereby, constitutes the entire agreement between the parties with respect to the Phase I Project Property and the subject matter hereof and supersedes all previous negotiations,

commitments, agreements and writings with respect to such subject matter and the Phase I Project Property. This Agreement and the Schedules and Exhibits attached hereto may not be contradicted by evidence of prior, contemporaneous, or subsequent verbal agreements of the parties. There are no unwritten verbal agreements between the parties.

18.03 Limitation of Liability. No member, elected or appointed official or employee or agent of the City shall be individually, collectively or personally liable to Developer or any successor in interest to Developer in the event of any default or breach by the City or for any amount which may become due to Developer or any successor in interest, from the City or on any obligation under the terms of this Agreement.

18.04 Further Assurances. Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement, and to accomplish the transactions contemplated in this Agreement.

18.05 Waivers. No party hereto will be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by such party. No delay or omission on the part of a party in exercising any right will operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement will not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver, by a party, nor any course of dealing between the parties hereto, will constitute a waiver of any of such parties' rights or of any obligations of any other party hereto as to any future transactions.

18.06 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein must not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

18.07 Parties in Interest/No Third Party Beneficiaries. The terms and provisions of this Agreement are binding upon and inure to the benefit of, and are enforceable by, the respective successors and permitted assigns of the parties hereto. This Agreement will not run to the benefit of, or be enforceable by, any person or entity other than a party to this Agreement and its successors and permitted assigns. This Agreement should not be deemed to confer upon third parties any remedy, claim, right of reimbursement or other right. Nothing contained in this Agreement, nor any act of the City or Developer, will be deemed or construed by any of the parties hereto or by third persons, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving the City or Developer.

18.08 Titles and Headings. The Article, section and paragraph headings contained herein are for convenience of reference only and are not intended to limit, vary, define or expand the content thereof.

18.09 Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, with the same effect as if all parties had

signed the same document. All such counterparts shall be deemed an original, must be construed together and will constitute one and the same instrument.

18.10 Counterpart Facsimile Execution. For purposes of executing this Agreement, a document signed and transmitted by facsimile machine will be treated as an original document. The signature of any party thereon will be considered as an original signature, and the document transmitted will be considered to have the same binding legal effect as an original signature on an original document. At the request of either party, any facsimile document will be re-executed by other parties in original form. No party hereto may raise the use of a facsimile machine as a defense to the enforcement of this Agreement or any amendment executed in compliance with this section. This section does not supersede the requirements of Article Seventeen: Notices.

18.11 Severability. If any provision of this Agreement, or the application thereof, to any person, place or circumstance, is held by a court of competent jurisdiction to be invalid, unenforceable or void, the remainder of this Agreement and such provisions as applied to other persons, places and circumstances will remain in full force and effect only if, after excluding the portion deemed to be unenforceable, the remaining terms will provide for the consummation of the transactions contemplated hereby in substantially the same manner as originally set forth herein. When any plans, designs, drawings, specifications and documents are produced or used under this Agreement by Developer's architects, contractors, subcontractors, project managers and other parties constructing the Project, Developer will cause such parties to maintain Valuable Papers Insurance which must be maintained in an amount to insure against any loss whatsoever, and which must have limits sufficient to pay for the re-creations and reconstruction of such records.

(viii) Contractor's Pollution Liability.

When any environmental remediation work is performed which may cause a pollution exposure, Developer will cause the party performing such work to maintain contractor's Pollution Liability insurance with limits of not less than \$1,000,000

insuring bodily injury, property damage and environmental remediation, cleanup costs and disposal. When policies are renewed, the policy retroactive date must coincide with or precede, start of work on the Agreement. A claims-made policy which is not renewed or replaced must have an extended reporting period of one year. The City is to be named as an additional insured on a primary, noncontributory basis.

(ix) Blanket Crime.

Developer must provide Crime Insurance or equivalent covering all persons handling funds under this Agreement, against loss by dishonesty, robbery, destruction or disappearance, computer fraud, credit card forgery, and other related crime risks. The policy limit must be written to cover losses in the amount of the maximum monies collected or received and in the possession of Developer at any given time.

(c) Other Insurance Required.

- (i) Prior to Bond Closing and during construction of the Phase 1 Project, All Risk Property Insurance in the amount of the full replacement value of the Project. The City is to be named as an additional insured.
- (ii) Post-construction, throughout the Term of the Agreement, All Risk Property Insurance, including improvements and betterments in the amount of full replacement value of the Project. Coverage extensions shall include business interruption/loss of rents, flood and boiler and machinery, if applicable. The City is to be named as an additional insured.

(d) Other Requirements.

- (i) Developer will furnish the City of Chicago, Department of Community Development, City Hall, Room 1000, 121 North LaSalle Street, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of Bond Closing, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring thereafter during the Term of this Agreement. Developer will submit evidence of insurance on the City Insurance Certificate Form or commercial equivalent prior to closing. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies

indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer must not be deemed to be a waiver by the City. Developer will advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance will not relieve Developer of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to terminate this Agreement until proper evidence of insurance is provided.

- (ii) The insurance will provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.
- (iii) Any and all deductibles or self-insured retentions on referenced insurance coverages are borne by Developer.
- (iv) Developer agrees that insurers must waive rights of subrogation against the City, its employees, elected officials, agents, or representatives.
- (v) Developer expressly understands and agrees that any coverages and limits furnished by Developer will in no way limit Developer's liabilities and responsibilities specified within the Agreement documents or by law.
- (vi) Developer expressly understands and agrees that Developer's insurance is primary and any insurance or self-insurance programs maintained by the City will not contribute with insurance provided by Developer under the Agreement.
- (vii) The required insurance will not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.
- (viii) Developer will require its general contractor and all subcontractors to provide the insurance required herein or Developer may provide the coverages for the contractor or subcontractors. All contractors and subcontractors will be subject to the same requirements of Developer unless otherwise specified herein.
- (ix) If Developer, contractor or subcontractor desires additional coverages, Developer, contractor and each subcontractor will be responsible for the acquisition and cost of such additional protection.
- (x) The City Risk Management Department maintains the right to modify, delete, alter or change these requirements, so long as such action does not, without Developer's written consent, increase such requirements.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements attached to this ordinance read as follows:

Residential-Business Planned Development No. _____.

Plan Of Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number ____ (the "Planned Development") consists of approximately three million three hundred forty-two thousand six hundred twelve (3,342,612) gross square feet (seventy-six and seventy-four hundredths (76.74) acres) of property (the "Property") and two million two hundred twenty-one thousand three hundred seventy-nine (2,221,379) square feet (fifty-one (51) acres) of net site area together with certain portions of existing adjacent rights-of-way, as depicted on the attached Planned Development Boundary and Property Line Map. The Property is owned by Chicago Lakeside Development, L.L.C., a Delaware limited liability company (the "Applicant"). This Planned Development is divided into Subareas (each, a "Subarea" and collectively, the "Subareas") as indicated on the attached Subarea Map.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant and its successors, assigns and grantees. These Planned Development Statements do not establish any public rights-of-way, nor do they obligate the City to construct any public improvements, nor do they obligate the City to finance the construction of any such public improvements. Any dedication, opening or vacation of public streets, alleys or easements or any adjustment of the public right-of-way shall require a separate submittal on behalf of the Applicant and its successors, assigns and grantees, and approval by the Commissioner of the Department of Transportation ("C.D.O.T.") and the City Council. Any required City Council approvals must be obtained prior to the issuance of any Part II approval. In connection with planning for any Subarea identified on the Subarea Map, adjustments in the location, width and configuration of the public rights-of-way illustrated on the Right-of-Way Map attached to these statements may be approved by the Commissioner (the "Commissioner") of the Department of Zoning and Land Use Planning (the "Department") as a minor change to this Planned Development in accordance with the requirements of Section 17-13-0611 of the Chicago Zoning Ordinance, provided that such adjustments (a) do not result in a change in the character of this Planned Development, (b) are set forth in a plat of subdivision, dedication, opening or vacation, or comparable plat or instrument, as applicable, that has been submitted by Applicant (or its successors, assigns or grantors) for approval by C.D.O.T., the Department and by the City Council at the time of request for such adjustments (and approved by C.D.O.T. and the City Council to the issuance of any Part II approval related to such adjustments), and (c) shall not be deemed to confer any additional bulk, density or other development rights. The plat review and approval provisions of this Statement 2 shall be construed consistently with the provisions of Statement 12.a.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors, assigns and grantees.

All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant and its successors, assigns and grantees. The requirements of Section 17-8-0400 of the Chicago Zoning Ordinance (the "Zoning Ordinance") shall apply to the Property. The Subareas (and, if subsequently designated on any Final Subarea Plan, as described below, any subparcels designated therein) shall be deemed specifically delineated subareas and subparcels for purposes of Section 17-8-0400; provided, however, that for so long as the Applicant or any affiliate thereof owns any part of the Property, any application to the City for any amendments, changes or modifications (administrative, legislative or otherwise) must in all cases be authorized by the Applicant (or Applicant's successors, assigns or grantees) or such affiliate. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein by the Applicant and its successors, assigns and grantees, nor interfere with, abrogate or annul any zoning rights agreement, deed restriction or covenant, or other written agreement between the Applicant (or Applicant's successors, assigns or grantees) and other owners or designated controlling parties of Subareas (or any designated subparcels). The developer making application shall have the burden of establishing to the reasonable satisfaction of the Department that the Applicant's consent has been obtained or irrevocably waived. Where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and the applicable portion of the Property, and not to the individual unit owners therein.

4. This Planned Development consists of these nineteen (19) statements and the Design Exhibits prepared by Skidmore, Owings & Merrill L.L.P. ("S.O.M."), dated April 15, 2010 and attached hereto, which include the following exhibits, maps and plans (collectively, the "Design Exhibits"):

Full-sized copies of the Design Exhibits are on file with the Department. References in these statements to the "Planned Development" shall be deemed to include the Bulk Regulations Data Table and the Design Exhibits. In any instance where a provision of the Planned Development conflicts with the Chicago Building Code, the Chicago Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance and satisfies the established criteria for approval as a planned development. In the case of any express conflict between the terms of this Planned Development ordinance and the Chicago Zoning Ordinance, this Planned Development ordinance shall apply. Absent such an express conflict, the terms of the Chicago Zoning Ordinance shall apply to reviews, determinations and approvals under these statements and to improvements to the Property.

5. The permitted uses, bulk, density, off-street parking, loading, setback and other development regulations applicable to the Subareas are set forth in the applicable Subarea use and Bulk Regulations Summaries and the Area and Bulk Regulation Data Table. The zoning district applicable to the Property immediately before approval of this Planned Development was the B3-5 Community Shopping District.
6. On-premise signs and temporary signs such as construction and marketing signs shall be permitted within the Planned Development subject to the review and approval of the Department. Off-premise signs are prohibited within the boundary of the Planned Development.
7. All ingress and egress shall be subject to the review and approval of the Department of Transportation ("C.D.O.T.") and the Department. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of C.D.O.T.. All work proposed in the public way must be designed and constructed in accordance with the C.D.O.T. Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago, and must be designed in accordance with the C.D.O.T. Street and Site Plan Design Standards and follow the principles and practices of a Complete Streets design approach. Any dedication, opening or vacation of public streets, alleys or easements or any adjustment of the public right-of-way contained within a particular Part II submittal shall be approved by C.D.O.T. and City Council as described in Statement 2. In connection with the Applicant's submittal of plats, Final Sub Area Plans and Site Plans in accordance with Statement 12 below, C.D.O.T., after consultation with the Applicant, shall finally determine what means of ingress and egress are needed, what public rights-of-way are required, and what public way improvements must be constructed as part of the construction of any project in any given Subarea (which public way improvements may include construction, reconstruction, adjustment or improvement of public rights-of-way outside of the Subarea or Planned Development boundary but are integrally related to such Subarea's public way improvements, such as, for example, public way improvements between East 83rd Street and East 82nd Place), and when such construction must occur.
 - a. Applicant shall secure and pay for the services of a traffic consultant to be designated by C.D.O.T. to update the "USX South Works Site Transportation Access Strategy" and to update the capacity analyses of the signalized intersections along the relocated US Route 41 from the intersection of East 79th Street and South South Shore Drive to the intersection of South Harbor Avenue/South Ewing Avenue/South Mackinaw Avenue. The study must be completed within six (6) months of finalization of the scope of work by C.D.O.T.
 - b. Applicant acknowledges that the level of detailed development information available at the time of approval of this Planned Development precludes the customary detailed analysis of the traffic trip generation rates, traffic distributions and peak hour traffic volumes. The applicant and its successors, assigns and grantees agrees to provide traffic impact studies for each Subarea

of development as needed, as determined by C.D.O.T.. The scope of work for the traffic impact studies for Subareas will be related to the requested approvals being sought and will be reasonably determined by C.D.O.T., but at a minimum, will include projected peak hour turning movement volumes, pedestrian and bicycle traffic projections, existing and projected multi-modal levels of service, recommended traffic control devices, and approach lane configurations, and will be incrementally comprehensive in scope, incorporating traffic studies and data from earlier phases of development. The applicant agrees to implement recommended traffic measures (e.g., additional traffic signals, traffic signal modifications) included in the studies approved by C.D.O.T. and integrally related to such Subarea's public way improvements. C.D.O.T. must approve such traffic impact studies before the department's issuance of any applicable Part II approval.

- c. The applicant also agrees to secure and pay for the services of a professional engineering service to assist C.D.O.T. in (a) reviewing detailed engineering plans and drawings and performing review services in connection with C.D.O.T.'s review and approval of any plats, Final Subarea Plan, and Site Plan submissions (which approval shall be a condition precedent to the Department's issuance of any applicable Part II approval), and (b) performing construction inspection and certification services in connection with the construction of the public improvements constructed at the Property (or constructed, reconstructed or adjusted outside of the Planned Development Boundary, but integrally related to such Subarea's public way improvements, such as, for example, improvements between East 83rd Street and East 82nd Street) to assure compliance with approved plans and city standards. The selection of the traffic consultant and professional engineering consultant shall be subject to approval of C.D.O.T. and all such consultant(s) shall report to C.D.O.T.; provided, however, that copies of such consultant's reports shall also be made available to the Applicant. All streets and other transportation improvements in the public right-of-way shall be designed and constructed in accordance with the requirements and standards of C.D.O.T.. Utility services and stubs shall be extended at least five (5) feet outside the right-of-way line and clearly marked for ease of location in the future. Open cutting of the roadway along US Route 41 will not be allowed.
- d. Applicant acknowledges that the city will not maintain or bear the cost of maintaining any landscape or streetscape improvements on any medians to be constructed within the Planned Development. The City will maintain any landscape and streetscape improvements in medians to be constructed by the City along relocated US Route 41, and the Applicant will cooperate to establish a mechanism reasonably satisfactory to the City that provides for funding for the maintenance costs of such medians, which mechanism may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which will require separate City Council approval. If such City Council approval is not granted, the Applicant shall have

to find an alternative means of financing such costs. Prior to C.D.O.T. approval of engineering drawings for any median street to be constructed by the Applicant within the Planned Development other than Route 41, the Applicant must demonstrate to the satisfaction of C.D.O.T. that sufficient sustainable resources have been committed, and written agreements exist (which provide reasonable protection to the City and, among other things, shall name the City as intended beneficiary, shall grant the City enforcement rights, and shall include or extend indemnification and insurance provisions for the benefit of the City) (such agreements, the "Maintenance Agreements") to provide for the satisfactory maintenance of such medians, which agreements may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which will require separate City Council approval. If such City Council approval is not granted, the Applicant shall have to find an alternative means of financing such costs.

- e. Applicant acknowledges that the City will not maintain, nor bear the cost of maintaining, landscape and streetscape improvements on the sidewalk and parkway areas, including street furniture, located on the Property within hereinafter approved public rights-of-way. Prior to C.D.O.T. approval of engineering drawings for any landscape or streetscape improvements to be constructed by the applicant on such public rights-of-way, the Applicant must demonstrate to the satisfaction of C.D.O.T. that sufficient sustainable resources have been committed, and written Maintenance Agreements exist to provide for the satisfactory maintenance of such landscape and streetscape improvements, which may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which will require separate City Council approval, and in a manner otherwise consistent with the City's requirements for the issuance of building permits. If such City Council approval is not granted, the Applicant shall have to find an alternative means of financing such costs. Notwithstanding the foregoing, the City will maintain or cause to be maintained publicly-owned facilities such as street lighting, fire hydrants, water facilities, parking meters, and bus shelters that are located within the approved public right-of-way.
- f. Applicant has identified Subareas 3.1, 3.2, 3.3, 3.4 and 3.5 as the Subareas that may be the first phase of the development project. The Applicant shall submit for C.D.O.T. review and approval a detailed schedule for the design, construction and opening of the public street improvements proposed by the Applicant for the first phase of the development as part of the submission for approval of the first Final Subarea Plan consistent with the principles set forth in Statement 7 and pursuant to the procedures set forth in Statement 13 hereof. The applicant shall thereafter similarly submit for C.D.O.T. review and approval a detailed schedule for the design, construction and dedication or opening of the public street improvements for each subsequent Final Subarea Plan Submittal and development phase. If the first phase of the development includes Subareas 3.1, 3.2, 3.3., 3.4 and 3.5 (or one or more such Subareas), or when

- C.D.O.T., after consultation with the applicant, otherwise determines it is necessary or appropriate, the applicant shall complete the reconstruction and improvement (including curbs, pavement, sidewalks, streetlights, sewer lines integrally related to sewer lines serving the Property, parkway trees and restoration) along the following existing City streets: South Burley Avenue, South Buffalo Avenue and South Mackinaw Avenue, all from East 82nd Place to East 83rd Street, and East 82nd Place, from South Brandon Avenue to South Mackinaw Avenue. Such off-site improvements shall be constructed in conjunction with Applicant's construction work in the applicable Subarea(s) triggering the need for such related off-site public improvement work and completed before C.D.O.T.'s issuance of a certificate of acceptance for the applicable Subarea's public improvements.
- g. Applicant shall maintain South Brandon Avenue between East 79th Street and East 83rd Street in a clean and serviceable condition during construction of improvements to the Property along the east side of South Brandon Avenue, unless the city otherwise authorizes the temporary closure of said public right-of-way. When, after any first development phase submission, C.D.O.T., in consultation with the Department of Water Management ("D.W.M."), determines it is necessary or appropriate, the applicant shall complete the reconstruction of South Brandon Avenue between East 79th Street and East 83rd Street (or, if determined by C.D.O.T. and D.W.M., a portion thereof), including existing curbs, pavement, sidewalks, streetlights and replacement or rehabilitation of existing sewer lines within South Brandon Avenue (between East 79th Street and East 83rd Street) that are integrally related to sewer lines serving the property if required by D.W.M. on the basis of a video inspection of such sewer lines prior to preparation of final plans for reconstruction of South Brandon Avenue. Such adjacent public improvements shall be completed before C.D.O.T.'s issuance of a certificate of acceptance for the applicable Subarea improvements triggering the need for such related public improvement work.
 - h. At such time as is established by the mutual agreement of C.D.O.T., the Chicago Transit Authority and the Illinois Department of Transportation ("I.D.O.T."), and in accordance with the standards and requirements of C.D.O.T. and I.D.O.T., the applicant will complete all work necessary to establish South Shore Drive as a one-way street in the southbound direction between East 79th Street and East 80th Street. Such work shall include, without limitation, modification of traffic signals at the intersections of East 79th Street and South South Shore Drive and at US Route 41 and South Buffalo Avenue.
 - i. Applicant shall complete at the applicants's expense the installation of traffic signals at the intersection of East 81st Street and US Route 41 at the time of construction of right-of-way improvements at that intersection within the Property. C.D.O.T. shall install at no cost to the applicant manholes, handholes and the conduit street crossing associated with the traffic signals in accordance

with the plans and details prepared and approved by C.D.O.T.. Activation and operation of the traffic signals shall be determined by C.D.O.T.

- j. The locations, elevations and release rates of storm water discharges from the Planned Development to the drainage system installed for US Route 41 shall be consistent with the Applicant's Storm Water Plan Exhibit prepared by Spaceco, Inc. and dated December 22, 2006, as approved by the City's Department of Water Management on August 24, 2009. In accordance with special condition Number 4 of Metropolitan Water Reclamation District ("M.W.R.D.") Permit Number 06-CH-08 on the Sewer Connection Authorization issued by M.W.R.D. to C.D.O.T., the Applicant shall obtain approvals from M.W.R.D. as required in order to release any storm water from the development into the north slip.
- k. Applicant acknowledges that construction by the City of US Route 41 will result in breaches of the existing site access control fencing. The Applicant will install, secure and maintain site access control fencing in accordance with a plan that is mutually agreeable to the city, the Chicago Park District and the Applicant.
- l. No Part II approvals will be issued unless and until C.D.O.T. approves detailed site development plans and engineering plans and specifications for public right-of-way improvements for the project for which Part II approval is requested. Site plans submitted to the City for approval pursuant to Statement 12.b hereof shall include proposed building placement, parking lot plans, locations and sizes of ingress and egress, drop-off areas and loading zones. Nothing within this Planned Development shall be construed to be approval of any driveway, drop-off area or loading zone. The configurations of all public rights-of-way are subject to C.D.O.T. review pursuant to Statement 12 hereof and based on actual development proposals and plans for adjacent properties, and on the transportation infrastructure, including streets, parking lanes, sidewalks, bicycle facilities, and parkway or landscape zones required to meet the needs of the Planned Development.
- m. Unless the Applicants proposed infrastructure improvement plans match the design and configuration of C.D.O.T.'s plans to realign and construct US Route 41, the Applicant shall be responsible for all costs associated with any necessary changes to US Route 41 to accommodate the Applicant's plans. The City shall vacate at no cost to the Applicant the portions of the US Route 41 right-of-way identified on the Planned Development Boundary and Property Line Map, which were previously dedicated by the Applicant at the direction of C.D.O.T. and which are inconsistent with C.D.O.T.'s design and configuration of the realigned US Route 41 now under construction.
- n. Applicant acknowledges that the site traffic study completed by KLOA, Inc. on behalf of the Applicant identifies the need for additional right-of-way to allow for future modifications at certain intersections along the relocated US Route 41 to

accommodate projected traffic volumes and ultimate build-out of the Planned Development. KLOA Inc. has identified the need for additional right-of-way at the northwest, southwest and southeast corners of East 81st Street and US Route 41; and the northwest, southwest and southeast corners of East 83rd Street and US Route 41. Except at the intersection of East 79th Street and South South Shore Drive (US Route 41), such additional right-of-way, as identified on drawings prepared by KLOA, Inc. and dated September 30, 2009, shall be dedicated to the city prior to any Part II approval for any proposed development immediately adjacent to an individual parcel of additional right-of-way identified in such drawings.

- o. Applicant acknowledges that based on the density of the improvements contemplated by this Planned Development, it is in the public interest to design, construct, and maintain improvements on the Property in a manner that reduces the amount of, and dependence on, travel by single-occupant automobile and provides real choice among alternative modes of transportation, including walking, biking and transit. Subject to approval of the Department and C.D.O.T., Applicant shall implement and integrate travel demand management measures that further these goals, which measures may include, but not be limited to:

- 1. providing enhanced bicycle and pedestrian amenities and facilities;
- 2. providing start-up support of a one-stop Transportation Resource Center to (A) coordinate and market mobility programs for the site; and (B) periodically monitor transportation, parking and traffic outcomes from the new development and impacts on adjacent neighborhoods in South Chicago; and
- 3. a comprehensive shared parking program.

Applicant shall participate in the start-up costs of establishing a car-sharing service for residents, guests and employees at the Property and in the start-up costs of establishing a bicycle sharing program throughout the Planned Development in accordance with a schedule mutually agreed to by C.D.O.T. and the Applicant.

- q. Applicant acknowledges that it is in the public interest to design, construct and maintain improvements on the Property so that the safety and convenience of all users of the transportation system, including pedestrians, bicyclists, transit users, freight, and motor vehicle drivers shall be accommodated and balanced in all phases of the project so that even the most vulnerable -- children, elderly, and persons with disabilities -- can travel safely within the public right-of-way. Plans for all street improvements shall incorporate appropriate and feasible

traffic calming measures, bicycle accommodations and pedestrian safety measures, including but not limited to curb extensions, raised intersections and crosswalks, traffic circles, median refuge islands, and pedestrian crossing signals and warning devices. The maintenance of any landscape treatments associated with any such measures shall be the responsibility of the Applicant.

8. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building or improvement shall also be subject to height limitations established by the Federal Aviation Administration.
9. The maximum permitted floor area ratio ("F.A.R.") for the Property shall be in accordance with the attached Area Bulk Regulation and Data Table and Design Exhibits. For the purposes of floor area ratio calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply. The maximum permitted F.A.R. on the Property identified in the Bulk Regulations and Data Table and the Design Exhibits has been determined using a Net Site Area of two million two hundred twenty-one thousand three hundred seventy-nine (2,221,379) square feet.
10. The location of certain water retention and detention areas are depicted on the Open Space Plan (such areas, the "Detention Parks"). Such Detention Parks shall be privately-owned and privately-maintained and, when not serving retention and detention purposes, shall serve as publicly-accessible open space. Any relocation or material modification of the Detention Parks shall require an amendment to this Planned Development, unless such modification is processed under the plat review and minor change provisions set forth in Statement 2. The location of certain open space areas located within the medians of certain public rights-of-way are depicted on the right-of-way map (such areas, the "Median Plazas"). Such Median Plazas shall be publicly-owned but privately-maintained but shall also serve as publicly-accessible open space that may, subject to compliance with City procurement requirements, be activated with seasonal retail uses from temporary structures. Any relocation or material modification of the Median Plazas shall require an amendment to this Planned Development, unless such modification is processed under the plat review and minor change provisions set forth in Statement 2. The Detention Parks and the Median Plazas are sometimes collectively referred to in these statements as the "Publicly Available Areas". Prior to the issuance of any Part II approval related to the construction of the Detention Parks and the Median Plazas, the Applicant must demonstrate to the satisfaction of the Department and C.D.O.T. that sufficient sustainable resources have been committed, and written Maintenance Agreements exist to provide for the satisfactory maintenance of Median Plazas and to govern the public's use of such areas, which agreements may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which will require separate City Council approval. If such City Council approval is not granted, the Applicant shall have to find an alternative means of financing such costs. Areas depicted on the Open Space Plan as open space shall

have no permanent retail buildings or retail improvements built upon them, the only permitted permanent structures being those accessory to the publicly-accessible open space use of such areas, such as, for example, streetscape and landscape amenities for general public use and enjoyment (e.g., fountains, street furniture).

11. Sanitary sewer facilities shall be provided in the Planned Development in a manner consistent with the "Conceptual Sanitary Sewer Flow Exhibit" prepared by Spaceco, Inc., dated June 15, 2005 and last revised December 22, 2006, as approved by D.W.M. on August 24, 2009. Storm water management shall be provided in the Planned Development in a manner consistent with the "USX Southworks Redevelopment Final Storm Water Management Plan Summary Report" prepared by Christopher B. Burke Engineering, Ltd., dated January, 2006 and last revised March 2006, as approved by D.W.M. on August 24, 2009. Except as otherwise set forth in this Statement Number 12, the development of the Property shall be in accordance with the City of Chicago Storm Water Management Ordinance Manual, dated January 2009 and the latest edition of the Regulations for Sewer Construction and Storm Water Management (or any successor regulations) then applicable. Volume control in accordance with the Storm Water Ordinance and Regulations shall be provided for any storm water discharges to combined City sewers. Conceptual layouts of these sanitary sewer, Storm Water Management and infrastructure plans are on file with the Department. Determinations of consistency with the referenced plans shall be made by D.W.M. and C.D.O.T. (and any other affected City department), as applicable, taking into account any prior amendments to these statements, any plats previously approved by City Council, any prior Part II approval and known site conditions known at the time of any such approval. Sanitary sewer, storm water and other infrastructure improvements shown on said plans to be constructed for the benefit of the Planned Development will be constructed by the applicable developer of each parcel of the Property at the time of construction of improvements in such applicable parcels (pursuant to the review and approval of the Department, C.D.O.T., D.W.M. and any other affected City departments), to the extent necessary to serve or accommodate proposed specific buildings and uses that are included in said improvements based on civil engineering review and plans. The City and Applicant contemplate entering into a separate redevelopment agreement subject to City Council approval providing for the financing of a portion of the costs of such improvements. Without limiting C.D.O.T.'s discretion under Statement 7, improvements defined as "necessary to serve or accommodate proposed specific buildings or uses" on an applicable parcel or parcels of land within the Planned Development shall be deemed to be the following: (a) the utilities necessary to provide potable water, sanitary sewer facilities, storm sewer facilities, electric, gas, telephone, cable and other private utility facilities and services to the proposed uses on a subject site; and (b) the streetscape and landscape improvements associated with the required public roadway improvements (sidewalks, streetlights, street trees and planters). As to public improvements described in preceding clauses (a) and (b), C.D.O.T., D.W.M. and other affected City department shall determine what public improvements must be constructed as part of any phase of construction and when such construction must occur, including, if applicable, any off-site improvements integrally related to the construction of such public improvements. Public facilities

constructed by the Applicant or any developer on behalf of the City will be maintained by the developer until the City issues its certificate of acceptance for such facilities. Thereafter, the City will be responsible for their on-going maintenance.

12. This Statement 12 describes the procedures and approvals that shall govern the review and approval by the Department and, when applicable, the review and approval of the Chicago Plan Commission or the City Council, or both the Chicago Plan Commission and the City Council, whenever the Applicant, or any developer that is a successor, assignee or grantee with respect to any portion of the Property, undertakes any development project on the Property.

- a. **Final Subarea Plan.** At the time the first development project in one or more Subareas is undertaken, the Applicant, or the applicable developer shall file with the Department a preliminary plat of subdivision for the applicable Subarea and a final Subarea plan (the "Final Subarea Plan") for submission along with an application for Site Plan Review pursuant to Section 17-13-0800 of the Zoning Ordinance. The Final Subarea Plan shall govern such first development project and (unless amended) all subsequent development projects thereafter constructed in such Subarea. The preliminary plat of subdivision shall include, without limitation, proposed lot dimensions. After incorporating any City comments received during the review process described in this statement, and prior to any Part II approvals, the Applicant or applicable developer shall thereafter submit to the City Council for approval a final plat of subdivision for the subject Subarea which conforms with the Final Subarea Plan for the area to be subdivided. The City Council's approval of such plat of subdivision, and the recording of such plat, shall be a condition precedent to the Applicant's (or any developer's) conveyance of any property within such Subarea. Upon such recording, the Applicant (or applicable developer) shall promptly deliver a copy of the recorded plat to the Department for filing with this Planned Development. The Applicant's failure to comply with such approval and recording requirements shall be the basis for the Department to withhold any further Part II approvals until such requirements are satisfied. The Final Subarea Plan filing shall include the following:

- (1) A dimensioned Subarea Plan including the following with respect to such Subarea (and any subparcels designated therein, if any):
- (i) all public rights-of-way that are proposed to be dedicated or opened, and all private rights-of-way;
 - (ii) dimensioned setback lines;
 - (iii) all off-street parking and service areas, both accessory and nonaccessory;

- (iv) all open space, Publicly-Available Areas and recreational facilities; and
 - (v) sites for any schools, libraries, police stations or other public facilities, if any; and
 - (vi) dimensioned green roof plans.
- (2) A detailed, dimensioned Subarea site plan including:
- (i) all sidewalks (including the width of paved surfaces and construction details);
 - (ii) all roads, streets, alleys (all identified as public or private), including the right-of-way width, the width of paved surfaces, construction details, and all curb cuts;
 - (iii) dimensioned building sites, dimensioned setback lines, the proposed use of each building site, and indication of the maximum building height, F.A.R. and residential unit count for each building site;
 - (iv) all off-street parking and service areas, both accessory and non-accessory (provided that, subject to the approval of the Department and C.D.O.T., parking to serve uses in one Subarea may be located in another Subarea); and
 - (v) fully dimensioned parking plans, loading areas, and landscape plans.
- (3) Preliminary engineering drawings including the following:
- (i) sanitary and storm sewer lines and systems (identified as public or private);
 - (ii) water lines and water supply systems (identified as public or private);
 - (iii) street lighting (identified as public or private) and lighting systems.
- (4) Illustrative Subarea building elevations and locations for all of the buildings to be constructed in such Subarea including the following:

- (i) illustrative elevations for all buildings to be located within the applicable Subarea (including 3-D exhibits), consistent with the maximum floor area ratio, building height, dwelling unit, setback and parking space requirements permitted or required in the applicable subarea;
 - (ii) although final elevations for the buildings to be constructed shall not be required, the massing, the entrances, building orientations, windows and maximum building heights should be addressed, and depictions and explanations provided that establish how the buildings will incorporate the pedestrian-orientation, urban design, building design and green design standards and guidelines set forth in Sections 17-8-0905, 17-8-0906, 17-8-0907 and 17-8-0908 of the Zoning Ordinance, respectively.
- (5) Traffic planning information including the following:
- (i) Travel demand management measures;
 - (ii) Any operation and maintenance agreements required under these statements; and
 - (iii) Any traffic studies required under these statements.

The Final Subarea Plan shall be subject to the review and approval of the Department and such bureaus, departments or agencies as the Commissioner deems appropriate; (which may include, but are not limited to, C.D.O.T., D.W.M., the Fire Department and the Mayor's Office for People With Disabilities ("M.O.P.D."), before any Part II approval shall be granted under this Planned Development for the first development project. The Final Subarea Plan must be in substantial compliance with the Planned Development, as applied to the applicable Subarea. If, after such City departmental review, the Commissioner determines that the Final Subarea Plan is in substantial compliance with the Planned Development, the Final Subarea Plan must then be reviewed and a recommendation issued by the Chicago Plan Commission during a public meeting (for which placement on a Chicago Plan Commission Agenda, publication in accordance with Section 17-13-0107-B of the Zoning Ordinance, and posting in accordance with Section 17-13-0107-C of the Zoning Ordinance shall be required, but for which written notice pursuant to Section 17-13-0107-A of the Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. The Commissioner shall either approve the Final Subarea Plan or advise the Applicant or developer in writing of the ways in

which the Final Subarea Plan and supporting data and material do not comply with the Planned Development, in which case the Applicant shall be given an opportunity to submit a revised Final Subarea Plan that complies with the Planned Development. If the Commissioner finally determines that a Final Subarea Plan is not in substantial compliance with the Planned Development, the Applicant or developer undertaking such development project shall be required to amend the Planned Development in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance in order to obtain approval of such Final Subarea Plan.

- b. Site Plans. Site Plan Review shall be required for all projects undertaken in furtherance of the Planned Development and the Final Subarea Plan in accordance with Section 17-13-0800 of the Zoning Ordinance. In addition to complying with the Site Plan Review submission requirements specified in such section, the Applicant or developer of the subject project shall provide an exhibit showing lot sizes and boundaries for such project.

The Applicant or developer shall also provide a Site Data Table for such project containing, for each Subarea and subparcel, if any, included in such project:

- (1) the Gross Site Area;
- (2) the Net Site Area;
- (3) the square feet of floor area of each proposed building;
- (4) the amount of F.A.R. utilized out of the maximum F.A.R. permitted under the Design Exhibit(s) applicable to such Subarea;
- (5) the height of each building to be constructed and the maximum allowable height permitted under the Design Exhibits applicable to such Subarea;
- (6) the number of dwelling units to be constructed and the maximum number of dwelling units permitted under the Design Exhibits applicable to such Subarea;
- (7) the front, rear and side setbacks for each building and the setbacks required under the Design Exhibits applicable to such Subarea;
- (8) all Residential Open Space, if applicable;
- (9) the number of parking spaces to be provided and the minimum and maximum number of parking spaces required under the Area and Bulk Regulation Data Table; and

- (10) building elevations, including, without limitation, window designs.

The Site Data Table shall also incorporate a Chicago Builds Green Form/Sustainable Features table showing the "green" features to be included in the proposed buildings. The Site Plan shall be subject to review and approval of the Department and such bureaus, departments or agencies as the Commissioner reasonably deems appropriate (which may include, but are not limited to, C.D.O.T., D.W.M., the Fire Department and M.O.P.D.) before any Part II approval shall be granted under this Planned Development for the subject project. The Site Plan must be in substantial compliance with both the Planned Development and the applicable Final Subarea Plan. If, after City departmental review, the Commissioner determines that the Site Plan is in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, the Site Plan must then be reviewed by the Chicago Plan Commission during a public meeting (for which placement on a Chicago Plan Commission Agenda, publication in accordance with Section 17-13-0107-B of the Zoning Ordinance, and posting in accordance with Section 17-13-0107-C of the Zoning Ordinance shall be required, but for which written notice pursuant to Section 17-13-01-07-A of the Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. After such City departmental review, the Commissioner shall either approve the applicable Site Plan or advise the Applicant or developer in writing of the ways in which the Site Plan and supporting data and material do not comply with the Planned Development and/or the Final Subarea Plan, in which case the Applicant shall be given an opportunity to submit revised Site Plans that comply with the Planned Development and the Final Subarea Plan. If the Commissioner finally determines that a Site Plan is not in substantial compliance with the Planned Development and/or the applicable Final Subarea Plan, the Applicant or developer undertaking such development project shall be required to amend the Planned Development in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance in order to obtain approval of such Site Plan. After approval of a Final Subarea Plan and/or Site Plan, such Final Subarea Plans and Site Plans may be changed or modified pursuant to the requirements of Statement 14 hereof, if applicable.

13. Final Subarea Plans or Site Plans, and improvements constructed pursuant thereto, that substantially comply with the requirements of this Planned Development (as the same may be amended from time to time in accordance with the Chicago Zoning Ordinance), the applicable Final Subarea Plan and final Site Plan (as the same may be modified and/or amended from time to time in accordance with these statements) shall, after Chicago Plan Commission review and recommendation, and approval by the Commissioner, be reviewed and approved through the Part II Review Process as set forth in Section 17-13-0600 of the Chicago Zoning Ordinance. The Part II review fee for permits and licenses to be issued for projects in the Planned Development shall be the

greater of Zero and 25/100 Dollars (\$0.25) per square foot for the total buildable floor area (i.e., the current rate under Section 17-13-0610 of the Zoning Ordinance) or the then applicable per square foot charge (or other then applicable charge) at the time of such Part II review. Such fee shall be determined and assessed by the Department at the time of each and every Part II review, shall be applicable to all projects, whether undertaken by the Applicant or another developer, shall be final and binding and must be paid to the Department prior to issuance of any Part II approval. Following Part II review and approval by the Commissioner, the Department shall keep such approved plans and elevations on permanent file and they shall be deemed to be an integral part of this Planned Development. After Part II review and approval of project plans by the Department, said approved project plans may be changed or modified pursuant to the minor change and amendment provisions, as applicable, of Section 17-13-0611 of the Chicago Zoning Ordinance.

14. Final Subarea Plans or Site Plans for buildings or project improvements that increase one or more of the applicable (a) maximum F.A.R., (b) maximum building height or (c) dwelling unit limits, for any Subarea set forth in this Planned Development, or (d) that do not conform to the Open Space Plan or the Right-of-Way Map (subject to any modification processed under the plat review and minor change provisions set forth in Statement 2), (e) or that, in the Commissioner's reasonable determination, fail to incorporate the pedestrian-orientation, urban design, building design and green design standards and guidelines set forth in Sections 17-8-0905, 17-8-0906, 17-8-0907 and 17-8-0908 of the Zoning Ordinance, respectively, shall mean that a Final Subarea Plan or Site Plan is not in substantial compliance with the Planned Development and/or the applicable Final Subarea Plan and, therefore, must be approved in accordance with the review and approval procedures for planned development amendments under Section 17-13-0602 through Section 17-13-0610 of the Zoning Ordinance. Subject to the foregoing, the terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner upon application and a determination by the Commissioner in accordance with the minor change provisions and standards of Section 17-13-0611 of the Chicago Zoning Ordinance.
15. The Applicant and each developer of any portion of the Property at the time of a project shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of the Department of Streets and Sanitation, the Commissioner of the Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of the City of Chicago or any other provision of that Code.
16. The Applicant acknowledges that it is in the public interest to design, construct and maintain the Planned Development buildings and improvements in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by

M.O.P.D. to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility, at the time of application for building permits for specific improvements.

17. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant also acknowledges that it is in the public interest to design, construct and preserve a development that maintains and improves Chicago's urban design to optimize its environmental benefits for current and future generations. The Applicant agrees that all buildings pursuant to this Planned Development shall conform to the current City of Chicago Sustainable Development Policy Matrix (the "Matrix") in effect on the date of any Part II approval issued pursuant to this Planned Development.
18. The Site and Landscape plans shall be in substantial conformance with Section 17-11 of the Chicago Zoning Ordinance and any other corresponding Municipal Code provisions, regulations and guidelines. Final landscape plan review and approval will be by the Department. Any interim reviews associated with site plan review or Part II reviews are conditional until final Part II approval.
19. This Planned Development shall lapse and be null and void unless both (a) substantial construction (as hereinafter defined) of the improvements on the Property has commenced within six (6) years of the latest of (a) of the date of City Council's approval of this Planned Development, and (ii) the date on which the reconstruction of the segment of US Route 41 extending between East 79th Street and East 87th Street is substantially complete, which shall be deemed satisfied if US Route 41 is either open to public traffic or is available to be open to traffic (but C.D.O.T. has determined that such opening should be deferred), and (b) construction is thereafter diligently pursued to completion. For purposes of clause (a), "substantial construction" of the improvements on the Property shall be deemed to have commenced if construction permits for all of the following improvements have been issued: (i) two hundred fifty (250) or more residential units; (b) one hundred thousand (100,000) square feet of non-residential improvements; and (c) the Detention Parks. In the event of such lapse, the zoning of the Property shall automatically revert to the zoning district in place immediately prior to the approval of this Planned Development. Such six (6) year period may be extended if, before expiration, the Commissioner determines that good cause exists for an extension, in which case the Commissioner shall have the discretion to extend such period for one (1) additional year.

Existing Topographic Map.

This topographic map shows a city block bounded by East 7th Street to the north, South Avenue Q to the east, and East 3rd Street to the south. The western boundary is defined by 80th St., 81st St., and 82nd St. The map features contour lines indicating elevation, with a peak of 100 feet shown in the central area. A proposed project area is highlighted with a hatched pattern, running along the western side of the block between East 7th and East 3rd Streets. Various streets are labeled, including East 7th Street, South Avenue Q, East 3rd Street, and S. Mackinaw Ave. A scale bar indicates a distance of 1 inch equals 300 feet, and a north arrow is present in the upper right corner. The map also shows existing structures, including a school building and a church, and various utility lines and easements.

Form Of Opinion Of Developer's Counsel.

[To Be Retyped On Developer's Counsel's Letterhead]

_____, 201__

City of Chicago
City Hall, Room 600
121 North LaSalle Street
Chicago, Illinois 60602

Attention: Corporation Counsel

Ladies and Gentlemen:

We have acted as special counsel to Chicago Lakeside Development, L.L.C., a Delaware limited liability company ("Developer"), in connection with a certain redevelopment agreement

(the "Agreement") dated _____, 2010 by and between Developer and the City of Chicago, a municipal corporation (the "City"), [opinion at Bond Closing to include: "and a Redevelopment Subordination Agreement of even date herewith (the "Subordination Agreement") by and between the City and _____, a national banking association (the "Bank") and consented to by Developer"], and the provision of tax increment financing assistance to Developer from the City for Developer's preparation of certain land and the construction of certain facilities thereon located in the Chicago Lakeside Development -- Phase 1 Redevelopment Project Area and generally located at 79th Street and South Shore Drive in the City (the "Project"). In that capacity, we have examined, among other things, the Agreement [opinion at Bond Closing to include: "and the Subordination Agreement"] (referred to herein as the "Agreement").

In rendering this opinion we also have examined the original or certified, conformed or photostatic copies of: certain mortgage loan documents entered into by and between Developer and the Bank, as identified on (Sub)Exhibit A attached hereto; judgment searches and other searches with respect to Developer performed by Corporation Service Company attached hereto as (Sub)Exhibit B (the "Searches"); Developer's Certificate of Formation, as amended to date; Developer's Operating Agreement, as amended to date; the certificate of Developer attached hereto and referred to herein (the "Certificate"); records of all limited liability company proceedings of Developer relating to the Project and the Agreement; and such legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed (collectively the "Documents").

In all such examinations, and for the purposes of this opinion, we have assumed: (i) the genuineness of all signatures (other than those of Developer) on the Agreement and Documents; (ii) the authenticity and completeness of documents submitted to us as originals; (iii) the authenticity, completeness and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies; (iv) that all natural persons who are signatories to the Agreement were legally competent at the time of execution; (v) that all material terms and conditions of the relationship between Developer and any other parties to the Agreement are correctly and completely reflected in the Agreement; and (vi) that the execution and delivery of the Agreement and other documents reviewed by us, and the entry into and performance of the transactions contemplated by, the Agreement by all parties other than Developer have been duly authorized by all necessary action and that the Agreement and other documents that we have reviewed constitute the valid and binding obligations of all parties other than Developer.

Based upon the foregoing, and subject to the assumptions, qualifications and limitations set forth herein, it is our opinion that:

1. Developer is a limited liability company duly organized, validly existing and in good standing under the laws of its state of organization, has full limited liability company power and authority to own and lease its properties and to carry on its business as presently conducted thereof, and is in good standing and duly qualified to do business as a foreign organization under laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Agreement: (a) has been properly authorized, executed and delivered by or on behalf of Developer, (b) constitutes the legal, valid and binding obligation of Developer, and (c) is enforceable against Developer in accordance with their terms.

3. Developer has all requisite limited liability company right, power and authority to execute and deliver the Agreement and to perform its obligations thereunder. Such execution, delivery and undertaking of performance will not conflict with, or result in a violation of, Developer's Certificate of Formation or Operating Agreement. Such execution, delivery and undertaking of performance (provided Developer performs in accordance with the terms and conditions of the Agreement) will not result in a material breach or other violation of any of the terms, conditions or provisions of any agreement, instrument or document to which Developer is a party or by which Developer or its properties are bound, or any law, regulation, order, writ, injunction or decree of any court or governmental or regulatory authority. Such execution and delivery, to our knowledge (based on the Certificate and without further investigation), will not: (a) result in the creation of any lien, charge or encumbrance on any property or assets of Developer, except as contemplated by the Agreement, (b) result in a violation of any of the terms, conditions or provisions of any order, writ, injunction or decree of any court, governmental or regulatory authority, (c) constitute grounds for the acceleration of the maturity of any agreements or other instruments to which Developer is a party or by which any of the property of Developer may be bound, or (d) conflict with, constitute an event of default under, or result in a violation of the provisions of any agreement or other instrument of which we have knowledge to which the Developer is a party, or by which the properties or assets of the Developer are bound.

4. No authorizations, approvals or consents of, or filings or registrations with, or the giving of notice to, any person or any governmental or regulatory authority or agency of the State of Illinois or any political subdivision thereof are necessary for the execution and delivery of the Agreement or for the validity or enforceability thereof, except for recording or filing of the Agreement, that have not already been obtained or effected.

5. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law provisions contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

6. To our knowledge, relying solely on the Searches and the Certificate, except as set forth in the Searches (copies of which have been delivered to the City), there are no judgments outstanding against Developer and no legal, administrative or other governmental proceedings pending or threatened before any court or governmental agency by or against Developer, or affecting the Project.

7. To our knowledge relying solely on the Certificate, without further investigation, there is no default by Developer with respect to any indenture, loan agreement, mortgage, deed of trust, note or any other agreement or instrument to which Developer is a party or by which Developer is bound, a default under which would have a material adverse effect on Developer or its business except as disclosed in the Certificate.

8. To our knowledge, relying solely on the Certificate, without further investigation, as of the date of this opinion, there are no options, rights or commitments to acquire or transfer any ownership interests of Developer except as permitted under the Agreement and except as provided in the Operating Agreement of Developer.

9. To our knowledge, relying solely on the Certificate and the Searches, except as set forth in the Searches, Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in or under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on Developer or its business.

10. To the best of our knowledge, all of the assets of Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

11. To the best of our knowledge, Developer owns, possesses, is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

The opinions set forth above are subject to the following qualifications:

1. Wherever we indicate that our opinion with respect to the existence or absence of facts is based on our knowledge, our opinion is based solely on (1) the actual knowledge of the attorneys currently with the firm who have represented Developer in connection with the transactions contemplated by the Agreements and of any other attorneys presently in our firm whom we have determined are likely, in the course of representing any of said parties, to have knowledge of the matters covered by this opinion, (2) the representations and warranties of said parties contained in the Agreements, and (3) the Certificate as issued by Developer, and we have not undertaken any independent investigation (and we have not made or caused to be made any review of any court file or indices except as described above with respect to the Searches) and no inference as to our knowledge should be drawn from our representation of Developer or otherwise. However, we know of no facts which lead us to believe such factual matters are untrue or inaccurate;

2. Your ability to enforce the Agreement may be limited by applicable bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance or transfer and other similar laws now or hereafter in effect relating to or affecting creditors' rights generally, and their interpretation by courts of appropriate jurisdiction;

3. Enforcement of your rights and remedies may be limited by general principles of equity, regardless of whether such enforcement is considered in a proceeding in equity or at law, and the availability of equitable remedies or equitable defenses would be subject to the discretion of the court requested to grant such remedies or allow such defenses; and further, in this regard, we have assumed that you will exercise your rights and remedies under the Agreement in good faith and in circumstances and a manner which are commercially reasonable;

4. Certain provisions of the Agreement may be rendered unenforceable or limited by applicable laws and judicial decisions but such laws and judicial decisions do not render the Agreement invalid as a whole, and there exist in the Agreement or pursuant to applicable law legally adequate remedies for the realization of the principal benefits and secured lien intended to be provided by the Agreement;

5. If, and to the extent, the Agreement is construed to provide for the payment of interest on interest, such provisions may be unenforceable under *Bowman v. Neeley*, 137 Ill. 443 (1891) and other cases to the same effect;

6. We express no opinion with respect to provisions in the Agreement which purport to (i) confer, waive or consent to the jurisdiction of any court, (ii) provide for service of process except in accordance with applicable law, (iii) waive any right granted by statutory or common law, or (iv) require indemnification or contribution for liabilities under the provisions of any Federal or state securities law or in respect to the negligent or wrongful conduct of the indemnified party or its representatives or agents; and

7. We call your attention to the fact that although we represent Developer as special counsel in connection with the subject transaction, we do not represent Developer generally, and our engagement has been limited to the specific matters as to which we have been consulted.

This opinion is limited to the laws of the United States (except as set forth below) and the laws of the State of Illinois and (as to matters set forth in paragraph 4 only) political subdivisions thereof in effect on the date hereof as they presently apply. We shall have no continuing obligations to inform you of changes in law or fact subsequent to the date hereof or of facts of which we become aware after the date hereof.

We express no opinion as to matters of title or priority or perfection of liens or security interests with regard to real and personal property. We understand that, with respect to all real and personal property security interests intended to be created by the Agreement and the priority of the liens thereof, you will rely on a title insurance policy being provided to Developer and such Uniform Commercial Code and other searches as you deem adequate, and, accordingly, we express no opinion to such matters.

We have not reviewed and do not opine as to: (i) compliance by the Project with applicable health, fire, safety, building, environmental, subdivision laws, ordinances, codes, rules or regulations, (ii) ERISA laws, rules and regulations, or (iii) Federal or state taxation, banking, securities, Patriot Act or other anti-terrorist or "blue sky" laws, rules or regulations.

This opinion is limited to the matters set forth herein. This opinion is provided to you as a legal opinion only and not as a guaranty or warranty of the matter discussed herein or the documents referred to herein. No opinion may be inferred or implied beyond the matters expressly contained herein, and no portion of this opinion may be quoted or in any other way

published without the express written consent of the undersigned. This opinion is rendered solely for your benefit and no other person or entity shall be entitled to rely on any matter set forth herein without the express written consent of the undersigned.

Very truly yours,

WHEREAS, The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended from time to time (the "Act"), to finance projects that eradicate blight conditions and conservation factors that could lead to blight through the use of tax increment allocation financing for redevelopment projects; and

WHEREAS, In accordance with the provisions of the Act, and pursuant to ordinances adopted on January 12, 2000 and published in the *Journal* for said date at pages 22866 -- 22994, the City Council: (i) approved and adopted a redevelopment plan and project (the "Plan") for a portion of the City known as the "Belmont/Cicero Redevelopment Project Area" (the "Belmont/Cicero Redevelopment Area"); (ii) designated the Belmont/Cicero Redevelopment Area as a "redevelopment project area"; and (iii) adopted tax increment allocation financing for the Belmont/Cicero Redevelopment Area; and

WHEREAS, Under 65 ILCS 5/11-74.4-3(q)(7), such incremental ad valorem taxes which pursuant to the Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof ("City Increment") may be used to pay all or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs (City Increment collected from the Belmont/Cicero Redevelopment Area shall be known as the "Belmont/Cicero Increment"); and

WHEREAS, The Chicago Park District has agreed to use the Open Space Assistance for the Project subject to the terms and conditions specified in the Agreement; and

WHEREAS, D.Z.L.U.P. has determined that the use of the Open Space Fees to assist the Project will provide a direct and material benefit to each of the Fee-Paying Developments from which the Open Space Fees were collected in that the Open Space Fees to be used for the Project will come from the specific fund set up by D.O.R. for the Belmont Cragin Community Area; and

WHEREAS, By ordinances and resolutions adopted on May 14, 2008, and February 10, 2010, the Board of Commissioners of the Chicago Park District authorized the acceptance of the Property from the City and execution of the Agreement to accept the Open Space Assistance and City Increment as described herein; and

WHEREAS, By Resolution Number 10-CDC-42 adopted on July 13, 2010, the Chicago Plan Commission recommended the transfer of the Property to the Chicago Park District and entrance into the Agreement; and

WHEREAS, D.Z.L.U.P. has recommended that the City Council (i) approve the use of the City Increment for the purposes set forth in this ordinance; (ii) approve the use of the Open Space Fees for the purposes set forth in this ordinance; (iii) make a finding that the expenditure of the Open Space Fees as described herein will directly and materially benefit

the Fee-Paying Developments from which the Open Space Fees were collected; (iv) authorize the conveyance of the Property by the City to the Chicago Park District; and (v) authorize the City to enter into the Agreement; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

After the Closing Date, the Park District shall have no recourse whatsoever against the City under any Environmental Laws or any other laws, rules or regulations for the environmental, soil or other condition of the Property. Recitals.

A. The City is a home rule unit of government under Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois and, as such, may exercise any power and perform any function pertaining to its government and affairs.

B. The Park District is a unit of local government under Article VII, Section 1 of the 1970 Constitution of the State of Illinois and, as such, has the authority to exercise control over and supervise the operation of all parks within the corporate limits of the City.

C. The Park District seeks payment or reimbursement of funds expended for the rehabilitation of and improvements made to Revere Park (the "Project"), a park located at 2509 West Irving Park Road and legally described in (Sub)Exhibit A (the "Property"). The Park District owns the Property.

D. The Property lies wholly within the boundaries of the Western Avenue South Redevelopment Area (as hereinafter defined).

E. The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended from time to time (the "Act"), to finance projects that eradicate blight conditions and conservation factors that could lead to blight through the use of tax increment allocation financing for redevelopment projects.

F. In accordance with the provisions of the Act, pursuant to ordinances adopted on January 12, 2000 and published in the *Journal of Proceedings of the City Council of the City of Chicago* (the "*Journal*") for said date at pages 22277 to 22393, the City Council of the City (the "City Council"): (i) approved and adopted a redevelopment plan and project for a portion of the City known as the "Western Avenue South Redevelopment Project Area" (the "Original Plan"); (ii) designated the Western Avenue South Redevelopment Area as a "redevelopment project area"; and (iii) adopted tax increment allocation financing for the Western Avenue South Redevelopment (collectively, the "Original Western Avenue South Ordinances").

G. On May 17, 2000, the City Council adopted and published an ordinance in the *Journal* for such date at pages 31519 to 31610 that amended the Original Plan (the "Amendment" and together with the Original Plan, the "Plan"). The ordinance that authorized the Amendment and the Original Western Avenue South Ordinances are collectively referred to below as the "Western Avenue South Ordinances".

H. Under 65 ILCS 5/11-74.4-3(q)(7), such incremental ad valorem taxes which pursuant to the Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof ("Increment") may be used to pay all or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs. (Increment collected from the Western Avenue South Redevelopment Project Area shall be known as the "Western Avenue South Increment").

I. Zoning wishes to make available to the Park District a portion of the Western Avenue South Increment in an amount not to exceed a total of \$200,000 (the "T.I.F. Assistance"), subject to Section 2.6, for the purpose of funding the Project (the "T.I.F.-Funded Improvements") in the Western Avenue South Redevelopment Area to the extent and in the manner provided in the Agreement (as hereinafter defined).

J. The Plan contemplates that tax increment financing assistance would be provided for public improvements, such as the Project, within the boundaries of the Western Avenue South Redevelopment Area.

K. The Park District is a taxing district under the Act.

L. In accordance with the Act, the T.I.F.-Funded Improvements shall include such of the Park District's capital costs necessarily incurred or to be incurred in furtherance of the objectives of the Plan, and the City has found that the T.I.F.-Funded Improvements consist of the cost of the Park District's capital improvements that are necessary and directly result from the redevelopment project constituting the Project and, therefore, constitute "taxing districts' capital costs" as defined in Section 5/11-74.4-3(u) of the Act.

M. The City and the Park District wish to enter into this Agreement whereby the Park District shall undertake the Project and the City shall pay or reimburse the Park District for the T.I.F.-Funded Improvements made pursuant to the Project.

N. On _____, the City Council adopted an ordinance published in the *Journal* for said date at pages _____, (the "Authorizing Ordinance"), among other things, authorizing the execution of this Agreement.

O. On February 10, 2010, the Park District's Board of Commissioners passed a resolution expressing its desire to cooperate with the City in the completion of the Project and authorizing the execution of this Agreement (the "Park District Ordinance").

Now, Therefore, In consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

Terms And Conditions.

Section 1.

The Project.

1.1

[Intentionally omitted -- relating to the acquisition/conveyance of property]

1.2

No later than eighteen 18 months from the Closing Date, or later as the Commissioner of Zoning (the "Commissioner") may agree in writing, the Park District shall let one or more contracts for the Project in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.3

The plans and specifications for the Project (the "Plans and Specifications") shall at a minimum meet or shall have met the general requirements set forth in (Sub)Exhibit B hereof and shall be provided to the City by the Park District prior to the disbursement of the T.I.F. Assistance. No material deviation from the Plans and Specifications may be made without the prior written approval of the City. The Park District shall comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.4

The Park District shall also provide the City with copies of all governmental licenses and permits required to construct the Project and to use, occupy and operate the Property as a public park from all appropriate governmental authorities, including evidence that the Property is appropriately zoned to be used, occupied, and operated as a public park.

1.5

The Park District shall include a certification of compliance with the requirements of Sections 1.2, 1.3 and 1.4 hereof with the request for the T.I.F. Assistance hereunder at the time the Project is completed and prior to the disbursement of the T.I.F. Assistance. The City shall be entitled to rely on this certification without further inquiry. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

*Section 2.**Funding.*

2.1

The City shall, subject to the Park District's satisfaction of the conditions precedent for disbursement described in this Section 2 and such other conditions contained in this Agreement, disburse the T.I.F. Assistance to the Park District.

2.2

The City shall establish a special account within the Western Avenue South Redevelopment Project Area Special Tax Allocation Fund; such special account is or shall be known as the "Revere Park Account". Disbursement of T.I.F. Assistance funds will be subject to the availability of Western Avenue South Increment in the Revere Park Account, subject to all restrictions on and obligations of the City contained in all Western Avenue South Ordinances, or relating to the Western Avenue South Increment and all agreements and other documents entered into by the City pursuant thereto.

2.3

Within __ days after the Closing Date or such longer period of time as may be agreed to by the Commissioner, but in no event later than __ days after the execution of this Agreement (the "Satisfaction Period"), the Park District must satisfy to the reasonable satisfaction of the Commissioner, the following conditions precedent for City's disbursement of the T.I.F. Assistance to the Park District:

2.3.1

The Park District has satisfactory title to the Property, which may be evidenced by an acceptable title insurance policy, subject only to those title exceptions acceptable to the City and the Park District; and

2.3.2

[Intentionally omitted -- relating to title imperfections.]

2.3.3

The Park District has satisfied the conditions stated in this Section 2.3 within the Satisfaction Period. If the Park District is unable to satisfy said conditions, either Party may terminate this Agreement by providing written notice to the other Party.

2.4

The Park District may request that a certificate(s) of expenditure in the form of (Sub)Exhibit D hereto ("Certificates of Expenditure") be processed and executed periodically, but in no event more frequently than quarterly. The City shall not execute Certificates of Expenditure in the aggregate in excess of the actual costs of the Project that are T.I.F.-Funded Improvements. Prior to each execution of a Certificate of Expenditure by the City, the Park District shall submit documentation regarding the applicable expenditures to the City. Delivery by the Park District to the City of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

2.4.1

The total amount of the request for the Certificate of Expenditure represents the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

2.4.2

All amounts shown as previous payments on the current request for a Certificate of Expenditure have been paid to the parties entitled to such payment;

2.4.3

The Park District has approved all work and materials for the current request for a Certificate of Expenditure, and such work and materials conform to the Plans and Specifications; and

2.4.4

The Park District is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

2.5

The City shall have the right, in its discretion, to require the Park District to submit further documentation as the City may require in order to verify that the matters certified to in Section 2.4 are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Park District.

2.6

The current estimate of the cost of the Project is \$200,000. The Park District has delivered to the Commissioner a budget for the Project attached as (Sub)Exhibit C. The Park District certifies that it has identified sources of funds, including the T.I.F. Assistance, sufficient to complete its budgeted portion of the Project. The Park District agrees that the City will pay or reimburse the Park District with the T.I.F. Assistance for the costs of the Project and that all costs of completing the Project over the T.I.F. Assistance shall be the sole responsibility of the Park District. If the Park District at any point does not have sufficient funds to complete the Project, the Park District shall so notify the City in writing, and the Park District may narrow the scope of the Project (the "Revised Project") as agreed with the City in order to complete the Revised Project with the available funds.

2.7

(Sub)Exhibit C contains a preliminary list of capital improvements, land assembly costs, relocation costs, financing costs, and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of the T.I.F. Assistance. To the extent the T.I.F.-Funded Improvements are included as taxing district capital costs under the Act, the Park District acknowledges that the T.I.F.-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these T.I.F.-Funded Improvements are necessary and directly result from the Plan. Prior to the expenditure of T.I.F. Assistance funds on the Project, the Commissioner, based upon the Project budget, may make such modifications to (Sub)Exhibit C as he or she wishes in his or her discretion to account for all of the T.I.F. Assistance funds to be expended under this Agreement; provided, however, that all T.I.F.-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Plan; and (iii) be improvements that the Commissioner has agreed to pay for out of T.I.F. Assistance funds, subject to the terms of this Agreement.

2.8

The Park District hereby acknowledges and agrees that the City's obligations hereunder with respect to the T.I.F. Assistance are subject in every respect to the availability of funds as described in and limited by this Section 2. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the T.I.F. Assistance, then the City will notify the Park District in writing of that occurrence, and the City may terminate this Agreement on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

2.9

If the aggregate cost of the Project is less than the amount of the T.I.F. Assistance contemplated by this Agreement, the Park District shall have no claim to the difference between the amount of the T.I.F. Assistance contemplated by this Agreement and the amount of the T.I.F. Assistance actually paid by the City to the Park District and expended by the Park District on the Project.

*Section 3.**Term.*

3.1

The term of this Agreement shall commence on the Closing Date and shall expire on the date on which the Western Avenue South Redevelopment Area is no longer in effect, or on the date of termination of this Agreement according to its terms, whichever occurs first.

3.2

[Intentionally omitted -- related to conveyance]

3.3

[Intentionally omitted -- related to conveyance]

3.4

[Intentionally omitted -- related to conveyance]

*Section 4.**Environmental Matters.*

4.1

It shall be the responsibility of the Park District, at its sole cost and expense, to investigate and determine the soil and environmental condition of the Property, including obtaining phase I and, if applicable, phase II environmental audits for the Property. The City makes no covenant, representation, or warranty as to the environmental condition of the Property or the suitability of the Property as a park or for any use whatsoever.

4.2

The Park District agrees to carefully inspect the Property prior to commencement of any activity related to the Project to ensure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Park District shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect the work being done on the Property. The Park District agrees to keep the Property free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Park District.

4.3

[Intentionally omitted -- relating to environmental remediation]

*Section 5.**Insurance.*

5.1

The Park District shall provide and maintain at the Park District's own expense, or cause to be provided during the term of this Agreement, the insurance coverages and requirements specified below, insuring all operations related to this Agreement.

5.1.1 Workers' Compensation And Employer's Liability.

Workers' Compensation as prescribed by applicable law covering all employees who are to provide a service under this Agreement and Employer's Liability coverage with limits of not less than \$100,000 each accident or illness.

5.1.2 Commercial General Liability (Primary And Umbrella).

Commercial General Liability Insurance or equivalent with limits of not less than \$1,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverages shall include the following: all premises and operations, products/completed operations, explosion, collapse, underground, separation of insureds, defense, and contractual liability (with no limitation endorsement). The City of Chicago is to be named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the work.

5.1.3 Automobile Liability (Primary And Umbrella).

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Park District shall provide or cause to be provided, Automobile Liability Insurance with limits of not less than \$1,000,000 per occurrence for bodily injury and property damage.

5.1.4 Professional Liability.

When any architects, engineers or professional consultants perform work in connection with this Agreement, the Park District shall cause to be provided, Professional Liability Insurance covering acts, errors, or omissions and shall be maintained with limits of not less than \$1,000,000.

5.1.5 Self-Insurance.

To the extent permitted by applicable Law, the Park District may self-insure for the insurance requirements specified above, it being expressly understood and agreed that, if the Park District does self-insure for any such insurance requirements, the Park District must bear all risk of loss for any loss which would otherwise be covered by insurance policies, and the self-insurance program must comply with at least such insurance requirements as stipulated above.

5.2

The Park District will furnish the City at the address stated in Section 8.13, original Certificates of Insurance evidencing the required coverage to be in force on the Closing Date, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. The Park District shall submit evidence of insurance on the City's Insurance Certificate Form or equivalent prior to the Closing Date. The receipt of any certificate does not constitute agreement by the City

that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence shall not be deemed to be a waiver by the City.

5.3

The Park District shall advise all insurers of the provisions of this Agreement regarding insurance. Nonconforming insurance shall not relieve the Park District of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of this Agreement, and the City retains the right to stop work until proper evidence of insurance is provided, or this Agreement may be terminated.

5.4

The required insurance shall provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

5.5

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by the Park District and its contractors.

5.6

The Park District agrees that insurers shall waive their rights of subrogation against the City, its employees, elected officials, agents, or representatives.

5.7

The Park District expressly understands and agrees that any coverage and limits furnished by the Park District shall in no way limit the Park District's liabilities and responsibilities specified by this Agreement or by law.

5.8

The Park District expressly understands and agrees that any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by the Park District under this Agreement.

5.9

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

5.10

The Park District shall require all subcontractors to provide the insurance required herein or the Park District may provide the coverages for subcontractors. All subcontractors shall be subject to the same insurance requirements of the Park District unless otherwise specified herein. In all contracts relating to the Project, the Park District agrees to require the contractor to name the City as an additional insured on insurance coverages and to require the contractor to indemnify the City from all claims, damages, demands, losses, suits, actions, judgments and expenses including but not limited to attorney's fees arising out of or resulting from work on the Project by the contractor or contractor's suppliers, employees, or agents.

5.11

The City's Risk Management Department maintains the right to modify, delete, alter or change these requirements.

*Section 6.**Indemnity/No Personal Liability.*

6.1

The Park District agrees to indemnify and hold the City, its officers and employees, harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses, including, without limitation, reasonable attorney's fees and court costs suffered or incurred by the City arising from or in connection with (i) the Park District's failure to comply with any of the terms, covenants and conditions contained in this Agreement; or (ii) the Park District's or any contractor's failure to pay general contractors, subcontractors or materialmen in connection with the Project. The defense and indemnification obligations in this Section 6.1 shall survive any termination or expiration of this Agreement.

6.2

No elected or appointed official or member or employee or agent of the City or the Park District shall be individually or personally liable in connection with this Agreement.

*Section 7.**Default.*

7.1

[Intentionally omitted -- relating to title]

7.2

If the Park District, without the City's written consent, fails to complete the Project within ____ months after the date of execution of this Agreement, then the City may terminate this Agreement by providing written notice to the Park District.

7.3

In the event the Park District fails to perform, keep or observe any of its covenants, conditions, promises, agreements or obligations under this Agreement not identified in Section 7.2 and such default is not cured as described in Section 7.4 hereof, the City may terminate this Agreement.

7.4

Prior to termination, the City shall give its notice of intent to terminate 30 days prior to termination at the address specified in Section 8.13 hereof, and shall state the nature of the default. In the event Park District does not cure such default within the 30 day notice period, such termination shall become effective at the end of such period; provided, however, with respect to those defaults which are not capable of being cured within such 30 day period, the Park District shall not be deemed to have committed such default and no termination shall occur if the Park District has commenced to cure the alleged default within such 30 day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

7.5

The City may, in any court of competent jurisdiction, by any proceeding at law or in equity, secure the specific performance of the agreements contained herein, or may be awarded damages for failure of performance, or both.

Appendices "A" and "B" referred to in this Intergovernmental Agreement relating to the O'Hare Noise Compatibility Commission read as follows:

Appendix "A".
(To Intergovernmental Agreement Relating To The
O'Hare Noise Compatibility Commission)

Implementation Of Noise Compatibility Projects.

In connection with the development and implementation of noise compatibility projects in the O'Hare Commission Area, the City and the O'Hare Commission shall have the following duties and responsibilities:

A. The members of the O'Hare Commission shall direct the further development of the noise compatibility programs for the O'Hare Commission Area. The members of the O'Hare Commission shall establish criteria for the equitable allocation of Noise Compatibility Projects and related airport revenues (Airport Improvement Program grants, Passenger Facility Charges ("P.F.C."), and General Airport Revenue Bonds, and/or bonds backed by such funding sources) within the O'Hare Commission Area and the priorities for providing Noise Compatibility Projects, subject in each case to approval by the F.A.A. and in compliance with all applicable F.A.A. regulations and grant assurances, as well as other applicable law, and subject to available funding.

B. The City shall retain all necessary powers to satisfy the assurances made to the F.A.A. in connection with the expenditure of airport revenues, including eligibility for sound insulation and/or sound insulation funding that is paid by airport revenues. The City shall enter into all agreements and assurances and shall take all other actions that may be necessary to provide for the utilization of airport revenues on the basis set forth in this Appendix A. Each Participant and other Governmental Unit that receives Noise Compatibility Projects shall enter into all agreements and assurances, including agreements with and assurances to the City, shall execute any necessary certificates, records and other documents and shall take all other actions that may be necessary to obtain and maintain F.A.A. approval for the use of the airport revenues as contemplated in this Appendix A. Neither the O'Hare Commission nor any Participant shall take or omit to take any action if such action or omission violates restrictions on the use of airport revenues. The City shall not be obligated in any year to pay or utilize any amounts in excess of available airport revenues to carry out the purposes of this Appendix A.

C. The determination of eligibility to participate in a Noise Compatibility Program or receive a Noise Compatibility Project is not to be construed as an admission or determination of negative impact by aircraft noise or of liability for damages or any other injury relating to aircraft noise on the part of the City or the O'Hare Commission.

D. In the event they are determined to be eligible for participation in a Noise Compatibility Program, property owners in the O'Hare Commission Area shall not be required to pay any

portion of the cost of any Noise Compatibility Project. Upon approval by the City of Chicago and with the consent of the property owner, at its option the City may acquire homes that are subject to very high levels of aircraft noise.

E. Noise Compatibility Projects outside the City of Chicago may be implemented through Participants and other Governmental Units located in the O'Hare Commission Area. A Governmental Unit may request that the City undertake a Noise Compatibility Project within such Governmental Unit's corporate boundaries. Noise Compatibility Projects within the boundaries of the City shall be implemented by the City. The City may enter into agreements in connection with the planning and implementation of proposed Noise Compatibility Projects in the O'Hare Commission Area. The City shall provide administrative support and professional and technical assistance to the O'Hare Commission, each Participant and all other Governmental Units located in the O'Hare Commission Area in connection with the operations of the O'Hare Commission and the planning and implementation of Noise Compatibility Projects. All procurement activities related to Noise Compatibility Projects shall be undertaken in accordance with applicable law.

F. The O'Hare Commission may receive grants from any source to be used for the purpose of discharging its duties and obligations in accordance with the provisions of this Appendix A, and also may make grants for such purposes. The O'Hare Commission may expend any such grants for purposes consistent with this Appendix A. The City and the O'Hare Commission shall each use its best efforts (including serving as the sponsor or applicant for federal grants) to obtain the maximum amount of federal funds in connection with any noise mitigation projects, so as to maximize the availability and impact of the City's financial contribution to noise mitigation projects in the O'Hare Commission Area.

G. The City shall install and maintain a permanent noise monitoring system (the "System") at and around O'Hare Airport. The purposes of the System include validation of the F.A.A.-approved noise contour for O'Hare, assisting in determining the eligibility and priority of proposed Noise Compatibility Projects for schools, enhancing public understanding of noise issues, and monitoring trends in aircraft noise.

(1) The City may retain a third party vendor ("System Operator") selected by the City with the input of the O'Hare Commission to operate and maintain the System pursuant to an agreement between the City and the System Operator.

(2) At the request of the O'Hare Commission, the City may also retain and pay the cost of another third party vendor ("System Expert") to provide independent management oversight of the System. The System Expert shall be mutually selected by the City and the O'Hare Commission. The System Expert will be responsible for independently verifying data and system operation through the review of all inputs and operational aspects of the System. All reports prepared by the System Expert shall be provided directly to the City and the O'Hare Commission. The activities and duties of the System Expert shall be consistent in all respects with the applicable requirements of the F.A.A. If the Noise Commission requests the City to retain and pay for such a System Expert, the amount that the City is obligated to pay the System Expert shall not exceed \$150,000 per year, adjusted annually for inflation.

(3) The System shall include a minimum of 33 monitoring sites in the O'Hare Commission Area, plus such number of additional permanent monitoring sites as may agreed upon by the City and the O'Hare Commission.

(4) The correlated data collected by the System shall be made available by the City to the O'Hare Commission and any Participant that requests such data. The City shall provide reports to the O'Hare Commission and each Participant based on the data collected by the System.

(5) Neither the O'Hare Commission, nor any of its Participants, representatives, agents, employees, consultants or professional advisors shall use, or assist other persons in using, information generated by the System in violation of the Memorandum of Agreement between the F.A.A. and the City relating to the use of certain data provided by the F.A.A. to the System.

- (1) has been convicted of bribery or attempting to bribe a public officer or employee of the State of Illinois or the federal government or any state or local government in the United States in that officer's or employee's official capacity. Provided, however, that for purposes of this item (1), the term "local government" does not include the City of Chicago or any sister agency, as defined in Section 1-23-010, of the City of Chicago. Persons who have been convicted of bribery or attempting to bribe a public officer or employee of the City of Chicago or any of its sister agencies shall be subject to the requirements set forth in Article I of Chapter 1-23 of this Code; or
- (2) has been convicted of agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price, or otherwise; or
- (3) has made an admission of guilt of such conduct described in (1) or (2) above which is a matter of record but has not been prosecuted for such conduct; or
- (4) has violated Section 2-92-610; or
- (5) has violated any regulation promulgated by the chief procurement officer that includes ineligibility as a consequence of its violation.

For purposes of this section, where an official, agent or employee of a business entity has committed any conduct on behalf of such an entity, while acting within the scope of employment, that could warrant a finding of ineligibility, the business entity shall be chargeable with the conduct. If appropriate under the circumstances, one business entity may be chargeable with the conduct of an affiliated entity. For purposes of this section, business entities are affiliated if, directly or indirectly, one controls or has the power to control the other, or if a third person controls or has the power to control both entities. Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members; shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity

under this section, using substantially the same management, ownership or principals as the ineligible entity.

(b) Upon making a finding of ineligibility, the chief procurement officer shall determine the period of ineligibility imposed, which may include permanent or indefinite ineligibility or some lesser penalty. The period of ineligibility may be reduced, waived or rescinded by the chief procurement officer, upon the written application of the ineligible person or business entity, supported by documentation of either or both of the following reasons:

(i) reversal of the conviction or judgment on which the ineligibility is based, unless the conviction or judgment is based on an admission of conduct described in subparagraph (a)(1) or (a)(2) above; or

(ii) bona fide change in ownership and/or control of the business entity, or other mitigating factors sufficient in the judgment of the chief procurement officer to remove the conditions giving rise to the conduct that led to the ineligibility. Mitigating factors may include, without limitation: disciplinary action against all persons responsible for the acts giving rise to the ineligibility; remedial action designed to prevent a recurrence of the acts giving rise to the ineligibility; or a determination by the chief procurement officer that the past conduct of the business entity does not indicate a pattern or history of similar acts.

(c) An application to reduce or waive the period of ineligibility, or to suspend ineligibility for a specific contract transaction, shall be verified by the applicant. The determination to reduce or waive the period of ineligibility, or to suspend ineligibility for a specific contract transaction, shall be made in writing and shall specify the reasons for the decision.

(d) The chief procurement officer may also suspend the ineligibility of a person or business entity in order to allow execution of a contract transaction with the person or entity, upon written application by the head of a city agency or department affected by the proposed contract transaction, setting forth facts sufficient in the judgment of the chief procurement officer to establish:

(i) that the public health, safety or welfare of the city requires the goods or services of the person or business entity; and

(ii) that the city is unable to acquire the goods or services at comparable price and quality, and in sufficient quantity from other sources.

(e) The chief procurement officer is authorized to: (i) conduct investigations or hearings or other actions or proceedings, consistent with the requirements of due process of law and equal protection under the law, to accomplish the purposes of this section and Section 2-92-540; (ii) promulgate rules governing ineligibility under this section and Section 2-92-540, including but not limited to the circumstances warranting extended ineligibility, reduction or waiver of ineligibility and a hearing process regarding a finding of

ineligibility; and (iii) delegate to a designee his authority to conduct hearings under this section or Section 2-92-540.

(f) For purposes of this section, the term "transaction" shall mean, without limitation, any contract, including contracts not awarded or administered under this chapter, concession agreement, retainer agreement, grant, loan, license, permit or other conferral of status that includes the city as a party and provides a benefit, whether monetary or otherwise, to another party to the transaction.

(g) This section shall not apply to any transaction with respect to which the Code otherwise provides a process for determining and imposing ineligibility for the same malfeasance provided for in this section. Upon request of the chief procurement officer or other city official, the corporation counsel shall make a conclusive determination as to any jurisdictional questions arising pursuant to this subsection (g).

WHEREAS, The Subject Property is located within the Pilsen Redevelopment Project Area (created pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended, and pursuant to an ordinance enacted by the City Council of the City), and the purposes of Redevelopment Project Areas are also to provide certain incentives in order to stimulate economic activity and to revitalize depressed areas; and

That the Clerk of the City of Chicago is authorized to and shall send a certified copy of this resolution to the Office of the Cook County Assessor, Room 312, County Building, Chicago, Illinois 60602 and a certified copy of this resolution may be included with the Class 6(b) eligibility application filed with the Assessor by the Applicant, as applicant, in accordance with the Ordinance.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), §§ 2-120-130 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that the Shoreland Hotel, located at 5454 South South Shore Drive, as more precisely described in Exhibit A attached hereto and incorporated herein (the "Building"), meets three criteria for landmark designation as set forth in § 2-120-620 (1), (4), and (7) of the Municipal Code; and

WHEREAS, The Building -- once the largest and most opulent luxury apartment hotel on Chicago's South Side and one of the largest hotels in the city when it was completed in 1926 -- reflects the significance of the apartment hotel as a new building type that developed in the city around the turn of the century and matured in the 1920s. The Building is a symbol of the rapid growth and expansion of the city during the 1920s, when skyrocketing land values, advancing building technologies, and shifting tastes among the affluent first made apartment living an attractive option for the middle-and upper-classes. The proliferation of apartment hotels during the 1910s and 1920s -- including lavish examples such as the Building directly on the lakefront and more modest examples in residential neighborhoods along the city's north and south sides -- marked the final phase of Chicago's transition from a mid-western town of single-family homes into a dense urban center; and

WHEREAS, The Building served as an important center of Hyde Park social life during the first half of the twentieth century. During its heyday in the 1930s, 1940s, and 1950s, the

Building hosted a long list of famous (and infamous) guests, including famed aviatrix Amelia Earhart, First Lady Eleanor Roosevelt, Poet Laureate to England John Masefield, singer Elvis Presley, and Jimmy Hoffa, the notorious head of the Teamsters Union. During the 1940s, big bands gave radio-broadcast performances live from the Louis XVI Room, and the Building also served as home to visiting baseball teams who were in town to play the White Sox at Comiskey Park; and

WHEREAS, The Building, designed by architect/engineer Meyer Fridstein, is a handsome example of a Spanish Renaissance Revival-style building with exuberant masonry detailing and terra-cotta ornamentation. The Building's sheer size, its elegant composition, and the quality of its overall design, which featured face brick and terra-cotta ornamentation on all four elevations, made the building a major focal point along the lakefront in Hyde Park; and

WHEREAS, The Building possesses fine detailing and craftsmanship in a variety of historic building materials, most notably in brick and architectural terra cotta. The Building is decorated with heraldic shields, eagles, satyr heads, and other fanciful touches. The Building's logo -- a ship at full mast -- decorates the second-floor terrace and appears again along the top of the Building, forming the center of two massive multi-colored terra-cotta cartouches that decorate the two projecting stair towers. Ornamentation at the top section of the Building includes terra cotta arcades of cusped arches framing the 11th story windows, cornices topped with red terra cotta roof tiles, and attic stories above the cornice-line that feature baroque center sections; and

WHEREAS, The Building's elaborate multi-colored terra-cotta ornament was produced by Chicago's Northwestern Terra Cotta Company, one of the United States' major terra-cotta companies and the producers of terra-cotta cladding and ornament for such significant Chicago buildings as the Auditorium Building, the Carson, Pirie, Scott and Company Building, the Marquette Building, the Chicago Theater, and the Civic Opera House, all designated Chicago landmarks; and

WHEREAS, The Building includes grandly-scaled and finely-crafted interior spaces exemplifying the importance of the building in terms of its building type and history as a grand apartment hotel. The two-story main building lobby and mezzanine, remodeled in the Art Moderne style in the 1930s, is a grandly-scaled entrance to the building. The second-floor Crystal Ballroom is a large, finely-detailed room with Classical-style historic details in ornamental plaster, including an intricately-scrolled plaster ceiling, crystal chandeliers, and Classical pilasters; and

WHEREAS, The Building was designed to serve as a visual landmark at the entrance to Jackson Park and the Hyde Park community. This vision for the Building -- more that of a country manor in a bucolic setting than a piece of the urban fabric was dependent on the completion of a massive lakefront extension and improvement plan that had been in the works since the years following the World's Columbian Exposition and which, by the early 1930s, had completely transformed the shoreline between Grant Park and Jackson Park. The South Park Development at 55th Street created an open and attractive natural framework for the Building and made it even more of a focal point along the lakefront than it would have been had the shoreline been at its door; and

WHEREAS, Situated at the entrance to the Hyde Park neighborhood just north of Jackson Park, facing the lakefront across Promontory Point, the Building is a powerful visual presence on the lakefront. The Building was completed just as the last stages of the city's massive South Park Development plans were being implemented, and the resulting Promontory Point provides a grand landscape setting for the hotel; and

WHEREAS, The Building retains more than sufficient physical integrity to express its "historic, community, architectural, or aesthetic interest or value" as required by § 2-120-630 of the Municipal Code, through its location, context, and overall design quality. The Building retains the great majority of its historic materials, design, and detailing, to convey its architectural and historic values; and now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made a part of this ordinance as though fully set forth herein.

SECTION 2. The Building is hereby designated as a Chicago landmark in accordance with the provisions of the Landmarks ordinance and the rules and regulations adopted by the Commission.

SECTION 3. The significant historical and architectural features of the Building, for the purposes of § 2-120-740 of the Municipal Code, are as follows:

- All exterior elevations, including rooflines, of the building;
- The first-floor, two-story main building lobby in its entirety as indicated in Exhibits 1 and 2, including, but not limited to, its overall historic spatial volume, piers, open second-floor mezzanine, historic decorative wall, floor, and ceiling finishes, and historic decorative radiator covers/grilles; and
- The second-floor Crystal Ballroom (including the one bay originally part of the ballroom that is currently partitioned off as a separate space) in its entirety as indicated in Exhibits 2 and 3, including, but not limited to, its overall historic spatial volume, historic decorative wall, floor, and ceiling finishes and ornamentation, stage, historic decorative radiator covers/grilles, and historic light fixtures.

SECTION 4. For the purposes of § 2-120-740 of the Municipal Code, the following "Additional Guidelines -- General-Interiors" should apply:

To the extent the significant historical and architectural features of the building include interior spaces specifically identified in the designation ordinance, the Commission's review of work proposed for these interior spaces should ensure that the historic features and character of the building are preserved long-term while allowing reasonable change and flexibility to meet continuing and new needs, whether related to the continued current uses of the Building or in accommodating future uses, and to the extent such consideration is not otherwise inconsistent with the intent of the Chicago Landmarks Ordinance.

SECTION 5. The Commission is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix the plaque on or near the property designated as a Chicago landmark in accordance with the provisions of § 2-120-700 of the Municipal Code.

SECTION 6. The Commission is directed to comply with the provisions of § 2-120-720 of the Municipal Code, regarding notification of said designation.

SECTION 7. This ordinance shall take effect upon its passage and approval.

*City Of Chicago
Commission On Chicago Landmarks*

July 1, 2010

*Recommendation To The City Council To Approve A Permit
Application For Revision To Previously Approved
Partial Demolition And Reconstruction Of
A Contributing Building In A Chicago
Landmark District.*

Pursuant to Section 2-120-825 of the Municipal Code governing review of permits for the demolition of 40% or more of any building or structure either designated as a "Chicago Landmark" or located in any district designated as a "Chicago Landmark", the Commission on Chicago Landmarks (the "Commission") has reviewed an application which includes the partial demolition and reconstruction of:

a three-story and one-story commercial/industrial building located at 542 West Grant Place (the "Property") within the Mid-North District, a Chicago landmark (the "Landmark District"); and

Whereas, The significant historical or architectural features identified in the ordinance designating the Landmark District are all exterior elevations of all structures within the district;

The Commission on Chicago Landmarks Hereby:

1. finds, in accordance with the criteria for review of permit applications established in Article IV of the Commission's Rules and Regulations, that the portions of the Property to be demolished are deteriorated beyond reasonable methods of repair; the replacement of these portions of the Property will be similar in design, construction, function, appearance, material, and other characteristics; and the demolition and replacement of these portions of the Property will not have a negative effect on the character of the Landmark District;

Recitals.

Whereas, Pursuant to ordinances adopted by the City Council of the City of Chicago ("City Council") on February 16, 2000 and published at pages 25276 -- 25432 of the *Journal of the Proceedings of the City Council of the City of Chicago* ("Journal") of such date, a certain redevelopment plan and project (as amended, the "Plan") for the Central West Tax Increment Financing Redevelopment Project Area (the "Area") was approved pursuant to the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq. ("Act")), the Area was designated as a redevelopment project area pursuant to the Act, and tax increment allocation financing was adopted pursuant to the Act as a means of financing certain Area redevelopment project costs incurred pursuant to the Plan; and

Whereas, The Developer desires to purchase from the City the real property commonly known as the southeast corner of West Madison Street and South Western Avenue, Chicago, Illinois 60612, which consists of twenty-seven (27) vacant tax parcels and is legally described no (Sub)Exhibit A attached hereto (the "Property"); and

Whereas, The Property is located in the Area; and

Whereas, The Developer intends to construct a commercial strip center consisting of a Pete's Fresh Market grocery store of approximately 55,170 square feet and 11,271 square feet of additional retail space and a total of approximately one hundred sixty-six (166) on-site parking spaces on the Property (the "Project") as more fully described on (Sub)Exhibit B attached hereto; and

Whereas, The Project is consistent with the goals and objectives of the Plan, which include creating a cohesive and vibrant urban mixed use community and facilitating the assembly, preparation and marketing of vacant and underutilized sites for new retail, commercial and residential development, as well as off-street parking areas; and

Whereas, The appraised fair market value of the Property in September 2009 was Six Million Five Hundred Thousand and no/100 Dollars (\$6,500,000.00); and

Whereas, A portion of the consideration for the transfer of the Property consists of a One Million and no/100 Dollar (\$1,000,000.00) cash payment by the Developer to the City at the Closing (as defined in Section 4 below); and

Whereas, As additional consideration for the transfer of the Property, the Developer has also agreed to construct the Project in accordance with the terms and conditions of this Agreement and the Working Drawings and Specifications defined in Section 10 below; and

Whereas, The City Council, pursuant to an ordinance adopted on _____, 2010, and published at pages _____ through _____ in the *Journal* of such date, authorized the sale of the Property to the Developer, subject to the execution, delivery and recording of this Agreement; and

Whereas, The Developer and the City acknowledge that the implementation of the policies and provisions described in this Agreement will be of mutual benefit to the Developer and the City;

Now, Therefore, In consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1.

Incorporation Of Recitals.

The foregoing recitals constitute an integral part of this Agreement and are incorporated herein by this reference with the same force and effect as if set forth herein as agreements of the parties.

Section 2.

Purchase Price.

The City hereby agrees to sell, and the Developer hereby agrees to purchase, upon and subject to the terms and conditions of this Agreement, the Property, for the sum of One Million and no/100 Dollars (\$1,000,000.00) ("Purchase Price"), to be paid to the City at the Closing (as defined in Section 4) in cash or by certified or cashier's check or wire transfer of

immediately available funds. Except as specifically provided herein to the contrary, the Developer shall pay all escrow fees and other title insurance fees and closing costs. The Developer acknowledges and agrees that the Purchase Price is approximately Five Million Five Hundred Thousand and no/100 Dollars (\$5,500,000.00) less than the appraised fair market value of the Property, and that the City has only agreed to sell the Property to the Developer for the Purchase Price because the Developer has agreed to execute this Agreement and comply with its terms and conditions.

Section 3.

Earnest Money And Performance Deposit.

3.1 Earnest Money.

The Developer has previously deposited with the City the amount of Three Hundred Twenty-five Thousand and no/100 Dollars (\$325,000.00) ("Earnest Money") which shall be credited against the Purchase Price at the Closing (as defined in Section 4 below).

3.2 Performance Deposit.

The Developer has previously deposited with the City the amount of Three Hundred Twenty-five Thousand and no/100 Dollars (\$325,000.00), as security for the performance of its obligations under the Agreement ("Performance Deposit"), which the City will retain until the City issues a Certificate of Completion (as defined in Section 13).

3.3 Interest.

The City will pay no interest to the Developer on the Earnest Money or Performance Deposit.

Section 4.

Closing.

The closing of the transaction contemplated by this Agreement ("Closing") shall take place at the downtown offices of Greater Illinois Title Company ("Title Company"), 120 North LaSalle Street, Chicago, Illinois 60602, within thirty (30) days after the Developer has satisfied all conditions precedent set forth in Section 9, or on such date as the parties

mutually agree upon in writing (the "Closing Date"); provided, however, in no event shall the Closing occur any later than December 31, 2010 (the "Outside Closing Date"), unless D.C.D., in its sole discretion, extends the Outside Closing Date.

Section 5.

Conveyance Of Title.

5.1 Form Of Deed.

The City shall convey the Property to the Developer by quitclaim deed ("Deed"), subject to the terms of this Agreement and the following (collectively, the "Permitted Exceptions"):

- (a) the Plan for the Area; and
- (b) standard exceptions in an ALTA title insurance policy; and
- (c) general real estate taxes and any special assessments or other taxes that are not yet due and owing; and
- (d) all easements, encroachments, covenants and restrictions of record and not shown of record that will not adversely affect the use and insurability of the Property for the development of the Project; and
- (e) such other title defects as may exist that will not adversely affect the use of the Property for the development of the Project; and
- (f) any and all exceptions caused by the acts of the Developer or its agents.

5.2 Recording Costs.

The Developer shall pay to record the Deed, this Agreement, and any other documents incident to the conveyance of the Property to the Developer.

Section 6.

Title And Survey.

6.1

The Developer acknowledges that the City has delivered to the Developer a commitment for an owner's policy of title insurance for the Property (the "Title Commitment") from the Title Company, showing the City in title to the Property. The Developer shall be solely responsible

for and shall pay all costs associated with updating the Title Commitment (including all search, continuation and later-date fees), and obtaining any title insurance, extended coverage or other endorsements it deems necessary. The Developer shall also be solely responsible for and shall pay all costs associated with obtaining any survey it deems necessary, including any survey required to induce the Title Company to waive the standard exceptions in an ALTA title insurance policy.

6.2

The City shall use reasonable efforts to obtain the waiver or release of any delinquent real estate tax liens on the Property prior to the Closing, to the extent such tax liens can be waived or released through submission of an abatement letter to the Cook County Treasurer or a motion to vacate a tax sale. If the City is unable to obtain the waiver or release of any such tax liens or is unable to cause the Title Company to insure over such tax liens, or if the Property is encumbered with any other unpermitted exceptions, the Developer shall have the option to do one of the following: (a) accept title to the Property subject to the exceptions, which shall then become Permitted Exceptions, without reduction in the Purchase Price; or (b) terminate this Agreement by delivery of written notice to the City at least fourteen (14) days prior to the Closing, in which event this Agreement shall be null and void and, except as otherwise specifically provided herein, neither party shall have any further right, duty or obligation hereunder, and the Earnest Money and Performance Deposit shall be returned to the Developer. If the Developer elects not to terminate this Agreement as aforesaid, the Developer agrees to accept title subject to the unpermitted exceptions. The Developer shall be responsible for all taxes accruing or otherwise payable after the Closing.

Section 7.

Building Permits And Other Governmental Approvals.

The Developer shall apply for all necessary building permits and other required permits and approvals for the construction of the Project no later than one hundred twenty (120) days after the City Council authorizes the sale of the Property, and shall pursue such permits and approvals in good faith and with all due diligence.

Section 8.

Project Budget And Proof Of Financing.

The total budget for the Project is currently estimated to be Eighteen Million Three Hundred Seventy-four Thousand and no/100 Dollars (\$18,374,000.00) (the "Preliminary Project Budget"). Prior to the Closing Date, the Developer shall submit to D.C.D. for approval a final

project budget materially consistent with the Preliminary Project Budget ("Budget") and evidence of funds adequate to finance the purchase of the Property and the construction of the Project ("Proof of Financing"). The Developer acknowledges that the City's agreement to sell the Property for the Purchase Price is premised on the Budget accurately setting forth the Project's costs. The Proof of Financing shall include binding commitment letters from the Developer's lenders, if any, or, if no lender is providing financing, liquid funds of the Developer evidencing the Developer's ability to make an equity contribution in the amount necessary to finance the costs of the Project. In the event that the Developer elects to initially close without any third party lender financing, the Developer may, subsequent to such closing, and with the prior written consent of D.C.D., obtain third party lender financing for the Project in such amount and on such terms as may be reasonably acceptable to D.C.D. and, in connection therewith, may grant the third party lender providing such financing a first mortgage lien on the Property, provided, however, that such lien shall be subject to the terms and conditions of this Agreement. In connection with such financing, the Commissioner of D.C.D. shall have the authority to enter into a subordination document or such ancillary documents as may be required, subject to the review and approval of the Corporation Counsel.

Section 9.

Conditions To The City's Obligation To Close.

The obligations of the City under this Agreement are contingent upon each of the following being satisfied on or before the Closing Date:

9.1 Final Governmental Approvals.

The Developer shall have delivered to the City evidence of application for all building permits and other final governmental approvals necessary to construct the Project.

9.2 Budget And Proof Of Financing.

The City shall have approved the Developer's Budget and Proof of Financing.

9.3 Simultaneous Financing Closing.

The Developer shall close the lender financing, if any, necessary for the Project, or otherwise provide evidence reasonably satisfactory to the City of its ability to self-finance the Project.

9.4 Insurance.

The Developer shall have delivered to the City evidence of insurance reasonably acceptable to the City. The City shall be named as an additional insured on all liability insurance policies and as a loss payee on all property insurance policies from the Closing Date through the date the City issues the Certificate of Completion (as defined in Section 13 below). With respect to property insurance, the City will accept an ACORD 28 form. With respect to liability insurance, the City will accept an ACORD 25 form, together with a copy of the endorsement that is added to the Developer's policy showing the City as an additional insured.

9.5 Legal Opinion.

The Developer shall have delivered to the City a legal opinion in substantially the form attached hereto as (Sub)Exhibit C.

9.6 Due Diligence.

The Developer shall have delivered to the City due diligence searches in its name (UCC liens, state and federal tax liens, pending suits and judgments in Cook County and the U.S. District Court for the Northern District of Illinois, and bankruptcy), showing no unacceptable liens, litigation, judgments or filings, as reasonably determined by the Corporation Counsel.

9.7 Organization And Authority Documents.

The Developer shall have delivered to the City the Developer's articles of incorporation, including all amendments thereto, as furnished and certified by the Illinois Secretary of State; the bylaws of the Developer, as certified by the secretary of the Developer; resolutions authorizing the Developer to execute and deliver this Agreement and any other documents required to complete the transaction contemplated by this Agreement and to perform its obligations under this Agreement; a certificate of good standing from the Illinois Secretary of State dated no more than thirty (30) days prior to the Closing; and such other corporate authority and organizational documents as the City may reasonably request.

9.8 Site Remediation Enrollment.

If the Developer, in the Developer's sole discretion, determines that it is necessary or appropriate, the Developer shall enroll the Property in the Illinois Environmental Protection Agency's Site Remediation Program ("S.R.P.") prior to the Closing Date.

9.9 M.B.E./W.B.E. And City Residency Hiring Compliance Plan.

The Developer and the Developer's general contractor and all major subcontractors shall meet with staff from D.C.D. regarding compliance with the M.B.E./W.B.E., city residency

hiring, prevailing wage and other requirements set forth in Section 23, and at least seven (7) days prior to the Closing Date, the City shall have approved the Developer's compliance plan in accordance with Section 23.4.

9.10 Representations And Warranties.

On the Closing Date, each of the representations and warranties of the Developer in Section 24 and elsewhere in this Agreement shall be true and correct.

9.11 Reconveyance Deed.

Prior to the conveyance of the Property to the Developer, the Developer shall deliver to the City a special warranty deed for the Property in recordable form naming the City as grantee ("Reconveyance Deed"), for possible recording in accordance with Section 19.6 below, if applicable.

9.12 Other Obligations.

On the Closing Date, the Developer shall have performed all of the other obligations required to be performed by the Developer under this Agreement as and when required under this Agreement.

If any of the conditions in this Section 9 have not been satisfied to the City's reasonable satisfaction within the time periods provided for herein, the City may, at its option, either issue a written letter extending the time for satisfying such condition by up to six (6) months, or waiving such condition, or, in the alternative, may terminate this Agreement by delivery of written notice to the Developer at any time after the expiration of the applicable time period, in which event this Agreement shall be null and void and, except as otherwise specifically provided, neither party shall have any further right, duty or obligation hereunder. In the event of a termination (and subject to Section 19.5 below), the City shall be entitled to retain the Earnest Money but shall return the Performance Deposit to the Developer. Any forbearance by the City in exercising its right to terminate this Agreement upon a default hereunder shall not be construed as a waiver of such right.

Section 10.

Construction Requirements.

10.1 Site Plans.

The Developer shall construct the Project on the Property in accordance with the final design development drawings and specifications prepared by Angelo Stamatoukos, dated _____, 2010, which have been approved by D.C.D. ("Working Drawings and

Specifications") and which are identified on (Sub)Exhibit D. No material deviation from the Working Drawings and Specifications may be made without the prior written approval of D.C.D.. If the Developer submits and D.C.D. approves revised design development drawings and specifications after the date of this Agreement, the term "Working Drawings and Specifications" as used herein shall refer to the revised design development drawings and specifications upon D.C.D.'s written approval of the same.

10.2 Relocation Of Utilities, Curb Cuts And Driveways.

The Developer shall be solely responsible for and shall pay all costs associated with: (a) the relocation, installation or construction of public or private utilities, curb cuts and driveways; (b) the repair or reconstruction of any curbs, vaults, sidewalks or parkways required in connection with or damaged as a result of the Developer's construction of the Project; (c) the removal of existing pipes, utility equipment or building foundations; and (d) the termination of existing water or other services. The City shall have the right to approve any streetscaping provided by the Developer as part of the Project, including, without limitation, any paving of sidewalks, landscaping and lighting.

10.3 City's Right To Inspect Property.

For the period commencing on the Closing Date and continuing through the date the City issues a Certificate of Completion, any duly authorized representative of the City shall have access to the Property at all reasonable times for the purpose of determining whether the Developer is constructing the Project in accordance with the terms of this Agreement and all applicable federal, state and local statutes, laws, ordinances, codes, rules, regulations, orders and judgments, including, without limitation, Sections 7-28 and 11-4 of the Municipal Code of Chicago relating to waste disposal (collectively, "Laws").

10.4 Barricades And Signs.

Promptly after the execution of this Agreement, the Developer shall, at its sole cost and expense, erect and maintain such signs as the City may reasonably require identifying the Property as a City redevelopment project. Prior to the commencement of any construction activity requiring barricades, the Developer shall install barricades of a type and appearance satisfactory to the City and constructed in compliance with all applicable Laws. D.C.D. shall have the right to approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades, which approval shall not be unreasonably withheld or delayed. The Developer shall erect all signs and barricades so as not to interfere with or affect any bus stop or train station in the vicinity of the Property.

10.5 L.E.E.D. Certification.

The Developer shall construct the Project in compliance with the "Leadership in Environmental and Energy Design" ("L.E.E.D.") guidelines and requirements which are

necessary for the Project to achieve L.E.E.D. certified status. Upon completion of the Project, Developer will submit written evidence from the U.S. Green Building Council ("U.S.G.B.C.") demonstrating that the Project has achieved L.E.E.D.-certified status. The Project will have at least 50% green roof, and the Developer will provide 50% Vehicle-Use Area Shading within five years after construction of the Project is complete.

10.6 N.F.R. Letter.

If the Developer elects to enroll the Property in the S.R.P. Program, the Developer shall take such actions necessary to obtain a comprehensive letter confirming that no further environmental remediation of the Property is necessary ("N.F.R. Letter").

10.7 Survival.

The provisions of this Section 10 shall survive the Closing.

Section 11.

Limited Applicability.

Any approval given by D.C.D. pursuant to this Agreement is for the purpose of this Agreement only and does not constitute the approval required by the City's Department of Buildings ("D.O.B.") or any other City department; nor does such approval constitute an approval of the quality, structural soundness or safety of any improvements located or to be located on the Property, or the compliance of said improvements with any Laws, private covenants, restrictions of record, or any agreement affecting the Property or any part thereof.

Section 12.

Commencement And Completion Of Project.

The Developer shall commence construction of the Project within thirty (30) days after receipt of the building permits required for the initial construction to commence, and shall complete the Project (as evidenced by the issuance of a Certificate of Completion) within twelve (12) months after receipt of such initial permits; provided, however, D.C.D. may, in its sole discretion, elect to extend the construction commencement and completion dates for up to six (6) months each by issuing a written extension letter. The Developer shall give written notice to the City within five (5) days after it commences construction. The Developer shall construct the Project in accordance with the Working Drawings and Specifications and all Laws and covenants and restrictions of record.

*Section 13.**Certificate Of Completion.*

The Developer shall request from the City a certificate of completion ("Certificate of Completion") upon the completion of the Project in accordance with this Agreement. Within forty-five (45) days after receipt of a written request by the Developer for a Certificate of Completion, the City shall provide the Developer with either the Certificate of Completion or a written statement indicating in adequate detail how the Developer has failed to complete the Project in conformity with this Agreement, or is otherwise in default, and what measures or acts will be necessary, in the sole opinion of the City, for the Developer to take or perform in order to obtain the Certificate of Completion. If the City requires additional measures or acts to assure compliance, the Developer shall resubmit a written request for the Certificate of Completion upon compliance with the City's response. The Certificate of Completion shall be in recordable form, and shall, upon recording, constitute a conclusive determination of satisfaction and termination of the covenants in this Agreement and the Deed with respect to the Developer's obligations to construct the Project. The Certificate of Completion shall not, however, constitute evidence that the Developer has complied with any Laws relating to the Construction of the Project, and shall not serve as any "guaranty" as to the quality of the construction. Upon recordation of a Certificate of Completion for the Project, the City shall return the Performance Deposit to the Developer.

*Section 14.**Restrictions On Use.*

The Developer agrees that it:

14.1

Shall devote the Property or any part thereof to a use that complies with the Redevelopment Plan until the Redevelopment Plan expires.

14.2

Shall not discriminate on the basis of race, color, sex, gender identity, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, or source of income in the sale, lease, rental, use or occupancy of the Property or any part thereof or the Project or any part thereof.

14.3

Shall not permit any portion of the Property to be leased, used or occupied for the purposes listed on (Sub)Exhibit E without the prior written consent of D.C.D., which shall be in D.C.D.'s sole discretion.

14.4

Shall use the Property to construct the Project in accordance with the Working Drawings and Specifications and to operate a L.E.E.D.-certified food store on the Property, including construction and maintenance of an approximately 37,354 square foot green roof.

14.5 Traffic Increase.

The Chicago Department of Transportation ("C.D.O.T.") monitors traffic patterns and the need for signalization on City streets. If motorized traffic around the Property increases such that, in C.D.O.T.'s sole discretion, a traffic signal becomes necessary at the corner of South Western Avenue and West Monroe Street, the Developer will design, install, and pay all costs associated with such traffic signal. The total cost of this project shall not exceed \$350,000.

The Developer acknowledges and agrees that the use restrictions set forth in this Section 14 constitute material, bargained for consideration for the City and are intended to further the public policy of eliminating blight and redeveloping vacant and underutilized land.

*Section 15.**Prohibition Against Sale Or Transfer Of Property.*

Prior to the issuance of the Certificate of Completion for the Project, the Developer may not, without the prior written consent of D.C.D., which consent shall be in D.C.D.'s sole discretion: (a) directly or indirectly sell, transfer or otherwise dispose of the Property or any part thereof or any interest therein or the Developer's controlling interests therein (including without limitation, a transfer by assignment of any beneficial interest under a land trust); or (b) directly or indirectly assign this Agreement. The Developer acknowledges and agrees that D.C.D. may withhold its consent under (a) or (b) above if, among other reasons, the proposed purchaser, transferee or assignee (or such entity's principal officers or directors) is in violation of any Laws, or if the Developer fails to submit sufficient evidence of the financial responsibility, business background and reputation of the proposed purchaser, transferee or assignee. If the Developer is a business entity, no principal party of the

Developer (e.g., a general partner, member, manager or shareholder) may sell, transfer or assign any of its interest in the entity prior to the issuance of the Certificate of Completion to anyone other than another principal party, without the prior written consent of D.C.D., which consent shall be in D.C.D.'s sole discretion. The Developer must disclose the identity of all limited partners to the City at the time such limited partners obtain an interest in the Developer.

Section 16.

Limitation Upon Encumbrance Of Property.

Prior to the issuance of the Certificate of Completion, the Developer shall not, without D.C.D.'s prior written consent, which shall be in D.C.D.'s sole discretion, engage in any financing or other transaction which would create an encumbrance or lien on the Property, except as permitted under Section 8 of this Agreement.

Section 17.

Mortgagees Not Obligated To Construct.

Notwithstanding any other provision of this Agreement or of the Deed, the holder of any mortgage authorized by D.C.D. after the execution of this Agreement (or any affiliate of such holder) shall not itself be obligated to construct or complete the Project, or to guarantee such construction or completion, but shall be bound by the other covenants running with the land specified in Section 18. If any such mortgagee or its affiliate succeeds to the Developer's interest in the Property prior to the issuance of the Certificate of Completion, whether by foreclosure, deed-in-lieu of foreclosure or otherwise, and thereafter transfers its interest in the Property to another party, such transferee shall be obligated to complete the Project, and shall also be bound by the other covenants running with the land specified in Section 18.

Section 18.

Covenants Running With The Land.

The parties agree, and the Deed shall so expressly provide, that the covenants provided in Section 12 (Commencement and Completion of Project), Section 14 (Restrictions on Use), Section 15 (Prohibition Against Sale or Transfer of Property), and Section 16

(Limitation Upon Encumbrance of Property) will be covenants running with the land, binding on the Developer and its successors and assigns (subject to the limitation set forth in Section 17 above as to any permitted mortgagee) to the fullest extent permitted by law and equity for the benefit and in favor of the City, and shall be enforceable by the City. The covenants provided in Section 12, Section 15 and Section 16 shall terminate upon the issuance of the Certificate of Completion. The covenants contained in Section 14.1, Section 14.3 and Section 14.4 shall terminate on the date the Redevelopment Plan expires. The covenant contained in Section 14.2 shall have no limitation as to time. The covenant contained in Section 14.5 shall terminate five (5) years after the date of the City's issuance of a Certificate of Completion.

Section 19.

Performance And Breach.

19.1 Time Of The Essence.

Time is of the essence in the Developer's performance of its obligations under this Agreement.

19.2 Permitted Delays.

The Developer shall not be considered in breach of its obligations under this Agreement in the event of a delay due to unforeseeable causes beyond the Developer's control and without the Developer's fault or negligence, including, without limitation, acts of God, acts of the public enemy, acts of the United States government, fires, floods, epidemics, quarantine restrictions, strikes, embargoes and unusually severe weather or delays of subcontractors due to such causes. The time for the performance of the obligations shall be extended only for the period of the delay and only if the Developer requests an extension in writing within twenty (20) days after the beginning of any such delay.

19.3 Cure.

If the Developer defaults in the performance of its obligations under this Agreement, the Developer shall have sixty (60) days after written notice of default from the City to cure the default, or such longer period as shall be reasonably necessary to cure such default provided the Developer promptly commences such cure and thereafter diligently pursues such cure to completion (so long as continuation of the default does not create material risk to the Project or to persons using the Project). Notwithstanding the foregoing, no notice or cure period shall apply to defaults under Sections 19.4 (c), (e) and (g).

19.4 Event Of Default.

The occurrence of anyone or more of the following, which is not cured within the cure period provided for in Section 19.3 or expressly provided for in this Section 19.4 (if any), shall constitute an "Event of Default" under this Agreement:

(a) The Developer makes or furnishes a warranty, representation, statement or certification to the City (whether in this Agreement, an Economic Disclosure Statement, or another document) that is not true and correct.

(b) A petition is filed by or against the Developer under the Federal Bankruptcy Code or any similar state or federal law, whether now or hereafter existing, which is not vacated, stayed or set aside within thirty (30) days after filing.

(c) The Developer fails to complete the Project in accordance with the time line outlined in Section 12 above, or the Developer abandons or substantially suspends construction of the Project.

(d) The Developer fails to pay real estate taxes or assessments affecting the Property or any part thereof when due, or places thereon any encumbrance or lien unauthorized by this Agreement, or suffers permits any levy or attachment, mechanic's, laborer's, material supplier's, or any other lien or encumbrance unauthorized by this Agreement to attach to the Property unless bonded or insured over.

(e) The Developer makes an assignment, pledge, unpermitted financing, encumbrance, transfer or other disposition in violation of this Agreement.

(f) There is a material and adverse change in the Developer's financial condition or operations.

(g) The Developer fails to close by the Outside Closing Date, unless D.C.D., in its sole discretion, extends the Outside Closing Date.

(h) The Developer fails to perform, keep or observe any of the other covenants, conditions, promises, agreements or obligations under this Agreement or any other written agreement entered into with the City with respect to the Project.

19.5 Prior To Closing.

If an Event of Default occurs prior to the Closing, and the default is not cured in the time period provided for in Section 19.3 above, the City may terminate this Agreement, retain the Earnest Money, and institute any action or proceeding at law or in equity against the Developer. If, however, the Closing does not occur due to a default by the City in its obligations under this Agreement, then the City shall return the Earnest Money and Performance Deposit to the Developer.

19.6 After Closing.

If an Event of Default occurs after the Closing but prior to the issuance of the Certificate of Completion, and the default is not cured in the time period provided for in Section 19.3 above, the City, may terminate this Agreement, retain the Performance Deposit, and exercise any and all remedies available to the City at law or in equity, including but not limited to, the right to record the Reconveyance Deed, the right to re-enter and take possession of the Property, terminate the estate conveyed to the Developer, and revert title to the Property in the City (the "Right of Reverter"); provided, however, the City's Right of Reverter shall be limited by, and shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by D.C.D. after the execution of this Agreement.

19.7 Resale Of The Property.

Upon the revesting in the City of title to the Property as provided in Section 19.6, the City may complete the Project or convey the Property, subject to any first mortgage lien, to a qualified and financially responsible party reasonably acceptable to the first mortgagee, who shall assume the obligation of completing the Project or such other improvements as shall be satisfactory to D.C.D., and otherwise comply with the covenants that run with the land as specified in Section 18.

19.8 Disposition Of Resale Proceeds.

If the City sells the Property as provided for in Section 19.7, the net proceeds from the sale, after payment of all amounts owed under any mortgage liens authorized by D.C.D. after the execution of this Agreement in order of lien priority, shall be utilized to reimburse the City for:

- (a) costs and expenses incurred by the City (including, without limitation, salaries of personnel) in connection with the recapture, management and resale of the Property (less any income derived by the City from the Property in connection with such management); and
- (b) all unpaid taxes, assessments, and water and sewer charges assessed against the Property; and
- (c) any payments made (including, without limitation, reasonable attorneys' fees and court costs) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and
- (d) any expenditures made or obligations incurred with respect to construction or maintenance of the Project; and

(e) the land write-down amount of Five Million Five Hundred Thousand and no/100 Dollars (\$5,500,000.00) that was not included in the Purchase Price; and

(f) any other amounts owed to the City by the Developer.

After payment of such amounts, the Developer shall be entitled to receive any remaining proceeds up to the amount of the Developer's equity investment in the Property (including any amounts expended by the Developer in remediating the Property).

Section 20.

Conflict Of Interest; City's Representatives Not Individually Liable.

The Developer represents and warrants that no agent, official or employee of the City shall have any personal interest, direct or indirect, in the Developer, this Agreement, the Property or the Project, nor shall any such agent, official or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any corporation, partnership, association or other entity in which he or she is directly or indirectly interested. No agent, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or with respect to any commitment or obligation of the City under the terms of this Agreement.

Section 21.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with: (a) the failure of the Developer to perform its obligations under this Agreement; (b) the failure of the Developer or any contractor or other agent, entity or individual acting under the control or at the request of the Developer ("Agent") to pay contractors, subcontractors or material suppliers in connection with the construction and management of the Project; (c) any misrepresentation or omission made by the Developer or any Agent; (d) the failure of the Developer to redress any misrepresentations or omissions in this Agreement or any other agreement relating hereto; and (e) any activity undertaken by the Developer or any Agent on the Property prior to or after the Closing. This indemnification shall survive the Closing or any termination of this Agreement (regardless of the reason for such termination).

*Section 22.**Inspection; Condition Of Property At Closing.***22.1 "As Is" Sale.**

The City makes no covenant, representation or warranty, express or implied, of any kind, as to the structural, physical or environmental condition of the Property or the suitability of the Property for any purpose whatsoever, and the Developer agrees to accept the property in its "as is", "where is" and "with all faults" condition. The Developer acknowledges that certain Phase II soil sampling work at the Property has indicated the presence of polynuclear aromatic hydrocarbons ("P.N.A.s") and lead above the I.E.P.A. "TACO" Tier 1 soil remediation objectives for industrial/commercial properties, the presence of benzene, ethylbenzene, toluene, P.N.A.s, carbazole and lead above the I.E.P.A. "TACO" Tier 1 soil remediation objectives for the soil component of the groundwater ingestion exposure route, the presence of xylenes, naphthalene, mercury and lead in excess of the I.E.P.A. "TACO" Tier 1 soil remediation objectives for construction worker ingestion or inhalation, and visual and olfactory indications of impacts near the water table in borings at the site of a former UST incident site at 2347 West Monroe Street, which was the subject of an NRFL in 2004. In addition, the Developer acknowledges the possibility of orphan underground storage tanks at the Property. In consideration of the sale of the Property to the Developer for the Purchase Price, instead of for such Property's appraised fair market value, the Developer has knowingly and voluntarily agreed to accept the responsibility for any necessary remediation (if any) related to the condition of the Property.

22.2 Right-Of-Entry.

(a) The Developer's obligations hereunder are conditioned upon the Developer being satisfied with the condition of the Property for the construction, development and operation of the Project. Upon the Developer's request, the City shall grant the Developer the right, at its sole cost and expense, to enter the Property for a period of thirty (30) days (the "Inspection Period") pursuant to a Right-of-Entry Agreement in form and substance reasonably acceptable to the City to inspect the same, perform surveys, environmental assessments, soil and any other due diligence it deems necessary or desirable to satisfy itself as to the condition of the Property.

(b) If the Developer determines that it is not satisfied, in its sole discretion, with the condition of the Property, the Developer may terminate this Agreement by written notice to the City within thirty (30) days after the expiration of the Inspection Period, whereupon this Agreement shall be null and void and, except as otherwise specifically provided, neither party shall have any further right, duty or obligation hereunder. If the Developer elects not to terminate this Agreement pursuant to this Section 22.2, the Developer shall be deemed satisfied with the condition of the Property.

22.3 Indemnity.

The Developer hereby waives and releases, and indemnifies the City from and against, any claims and liabilities relating to or arising from the structural, physical or environmental condition of the Property, including, without limitation, claims arising under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("C.E.R.C.L.A."), and shall undertake and discharge all liabilities of the City arising from any structural, physical or environmental condition that existed on the Property prior to the Closing, including, without limitation, liabilities arising under C.E.R.C.L.A.. The Developer hereby acknowledges that, in purchasing the Property, the Developer is relying solely upon its own inspection and other due diligence activities and not upon any information (including, without limitation, environmental studies or reports of any kind) provided by or on behalf of the City or its agents or employees with respect thereto. The Developer shall perform such studies and investigations, conduct such tests and surveys, and engage such specialists as the Developer deems appropriate to evaluate fairly the structural, physical and environmental condition and risks of the Property. If, after the Closing, the structural, physical and environmental condition of the Property is not in all respects entirely suitable for its intended use, it shall be the Developer's sole responsibility and obligation to take such action as is necessary to put the Property in a condition which is suitable for its intended use. The provisions of this Section 22.3 shall survive the Closing.

The Developer shall lawfully haul away and dispose of any spoils generated during the construction of the Project, including disposing of any spoils characterized as special waste at a properly permitted special waste facility. The Developer shall institute soil sampling procedures during the course of construction to properly characterize spoils and assure their proper disposal in accordance with federal, state and local law.

Section 23.

Developer's Employment Obligations.

23.1 Employment Opportunity.

The Developer agrees, and shall contractually obligate its various contractors, subcontractors and any affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree, that with respect to the provision of services in connection with the construction of the Project or occupation of the Property:

(a) Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010, et seq. of the Municipal Code of Chicago, as amended

from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon the foregoing grounds, and are treated in a nondiscriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon the foregoing grounds.

(b) To the greatest extent feasible, the Developer and each Employer shall present opportunities for training and employment of low- and moderate-income residents of the City, and provide that contracts for work in connection with the construction of the Project be awarded to business concerns which are located in or owned in substantial part by persons residing in, the City.

(c) The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, without limitation, the Human Rights Ordinance, and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) The Developer, in order to demonstrate compliance with the terms of this Section 23.1, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) The Developer and each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the construction of the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 23.1 shall be a basis for the City to pursue remedies under the provisions of Section 19.

23.2 City Resident Employment Requirement.

(a) The Developer agrees, and shall contractually obligate each Employer to agree, that during the construction of the Project, the Developer and each Employer shall comply with the minimum percentage of total worker hours performed by actual residents of the

City of Chicago as specified in Section 2-92-330 of the Municipal Code of Chicago (at least fifty percent); provided, however, that in addition to complying with this percentage, the Developer and each Employer shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

(b) The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the chief procurement officer of the City of Chicago.

(c) "Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

(d) The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Project. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

(e) The Developer and the Employers shall submit weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) to D.O.H. in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Developer or Employer hired the employee should be written in after the employee's name.

(f) The Developer and the Employers shall provide full access to their employment records to the chief procurement officer, D.O.H. the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years after the issuance of the Certificate of Completion.

(g) At the direction of D.O.H., the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(h) Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the chief procurement officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section 23.2 concerning the worker hours performed by actual Chicago residents.

(i) If the City determines that the Developer or an Employer failed to ensure the fulfillment of the requirements of this Section 23.2 concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section 23.2. If such noncompliance is not remedied in

accordance with the breach and cure provisions of Section 19.3, the parties agree that 1/20 of 1 percent (.05%) of the aggregate hard construction costs set forth in the Budget shall be surrendered by the Developer and for the Employers to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employees to prosecution.

(j) Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this Agreement.

(k) The Developer shall cause or require the provisions of this Section 23.2 to be included in all construction contracts and subcontracts related to the construction of the Project.

23.3 Developer's M.B.E./W.B.E. Commitment.

The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the general contractor to agree, that during the construction of the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420, et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650, et seq., Municipal Code of Chicago (the "Construction Program", and collectively with the Procurement Program, the "M.B.E./W.B.E. Program"), and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 23.3, during the course of construction of the Project, at least 24% of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses and at least 4% of the aggregate hard construction costs shall be expended for contract participation by women-owned businesses.

(b) For purposes of this Section 23.3 only:

(i) The Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(ii) The term "minority-owned business" or "M.B.E." shall mean a business identified in the *Directory of Certified Minority Business Enterprises* published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) The term "women-owned business" or "W.B.E." shall mean a business identified in the *Directory of Certified Women Business Enterprises* published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved in part by the Developer's status as an M.B.E. or W.B.E. (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more M.B.E.s or W.B.E.s (but only to the extent of the lesser of (i) the M.B.E. or W.B.E. participation in such joint venture, or (ii) the amount of any actual work performed on the Project by the M.B.E. or W.B.E.); by the Developer utilizing an M.B.E. or a W.B.E. as the general contractor (but only to the extent of any actual work performed on the Project by the general contractor); by subcontracting or causing the general contractor to subcontract a portion of the construction of the Project to one or more M.B.E.s or W.B.E.s; by the purchase of materials or services used in the construction of the Project from one or more M.B.E.s or W.B.E.s; or by any combination of the foregoing. Those entities which constitute both an M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 23.3. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any M.B.E. or W.B.E. general contractor or subcontractor without the prior written approval of D.O.H.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the construction of the Project describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include, inter alia, the name and business address of each M.B.E. and W.B.E. solicited by the Developer or the general contractor to work on the Project, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the construction of the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this M.B.E./W.B.E. commitment. The Developer shall maintain records of all relevant data with respect to the utilization of M.B.E.s and W.B.E.s in connection with the construction of the Project for at least five (5) years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on prior notice of at least five (5) business days, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of the construction of the Project.

(e) Upon the disqualification of any M.B.E. or W.B.E. general contractor or subcontractor, if the disqualified party misrepresented such status, the Developer shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if possible, identify and engage a qualified M.B.E. or W.B.E. as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of the Developer's M.B.E./W.B.E. commitment as described in this Section 23.3 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

23.4 Pre-Construction Conference And Post-Closing Compliance Requirements.

Not less than fourteen (14) days prior to the Closing Date, the Developer and the Developer's general contractor and all major subcontractors shall meet with D.O.H. monitoring staff regarding compliance with all Section 23 requirements. During this pre-construction meeting, the Developer shall present its plan to achieve its obligations under this Section 23, the sufficiency of which the City's monitoring staff shall approve as a precondition to the Closing. During the construction of the Project, the Developer shall submit all documentation required by this Section 23 to the City's monitoring staff, including, without limitation, the following: (a) subcontractor's activity report; (b) contractor's certification concerning labor standards and prevailing wage requirements; (c) contractor letter of understanding; (d) monthly utilization report; (e) authorization for payroll agent; (f) certified payroll; (g) evidence that M.B.E./W.B.E. contractor associations have been informed of the Project via written notice and hearings; and (h) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 23, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (x) issue a written demand to the Developer to halt construction of the Project, (y) withhold any further payment of any City funds to the Developer or the general contractor, or (z) seek any other remedies against the Developer available at law or in equity.

Section 24.

Representations And Warranties.

24.1 Representations And Warranties Of The Developer.

To induce the City to execute this Agreement and perform its obligations hereunder, the

Developer hereby represents and warrants to the City that as of the date of this Agreement and as of the Closing Date the following shall be true and correct in all respects:

(a) The Developer is a corporation duly organized, validly existing and in good standing under the laws of the State of Illinois with full power and authority to acquire, own and redevelop the Property, and that the person signing this Agreement on behalf of the Developer has the authority to do so.

(b) All certifications and statements contained in the Economic Disclosure Statement last submitted to the City by the Developer (and any legal entity holding an interest in the Developer) are true, accurate and complete.

(c) The Developer's execution, delivery and performance of this Agreement and all instruments and agreements contemplated hereby will not, upon the giving of notice or lapse of time, or both, result in a breach or violation of, or constitute a default under, any other agreement to which the Developer, or any party affiliated with the Developer, is a party or by which the Developer or the Property is bound.

(d) To the best of the Developer's knowledge, no action, litigation, investigation or proceeding of any kind is pending or threatened against the Developer, or any party affiliated with the Developer, and the Developer knows of no facts which could give rise to any such action, litigation, investigation or proceeding, which could: (i) affect the ability of the Developer to perform its obligations hereunder; or (ii) materially affect the operation or financial condition of the Developer.

(e) To the best of the Developer's knowledge, the Project will not violate: (i) any Laws, including, without limitation, any zoning and building codes and environmental regulations; or (ii) any building permit, restriction of record or other agreement affecting the Property.

24.2 Representations And Warranties Of The City.

To induce the Developer to execute this Agreement and perform its obligations hereunder, the City hereby represents and warrants to the Developer that the City has authority under its home rule powers to execute and deliver this Agreement and perform the terms and obligations contained herein.

24.3 Survival Of Representations And Warranties.

Each of the parties agrees that all of its representations and warranties set forth in this Section 24 or elsewhere in this Agreement are true as of the date of this Agreement and will be true in all material respects at all times thereafter, except with respect to matters which have been disclosed in writing and approved by the other party.

The Developer hereby represents and warrants that no violation of Section 2-145-030(b) has occurred with respect to this Agreement or the transactions contemplated hereby.

Section 27.

Patriot Act Certification.

in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

Section 28.

*Prohibition On Certain Contributions --
Mayoral Executive Order No. 05-1.*

28.1

The Developer agrees that the Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in the Developer of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, the Developer's contractors (i.e., any person or entity in direct contractual privity with the Developer regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Subowners") and spouses and domestic partners of such Subowners (the Developer and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution: of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fund-raising committee (a) after execution of this Agreement by the Developer, (b) while this Agreement or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Agreement or any Other Contract, or (d) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to February 10, 2005, the effective date of Executive Order 2005-1.

28.2

The Developer represents and warrants that from the later of (a) February 10, 2005, or (b) the date the City approached the Developer, or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fund-raising committee.

28.5

Notwithstanding anything to the contrary contained herein, the Developer agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Section 28 or violation of Mayoral Executive Order Number 05-1 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

28.6

Re: J D Real Estate, Inc.
Purchase of southeast corner of West Madison Street and South Western Avenue
(Pete's Fresh Market)

Ladies and Gentlemen:

We have acted as counsel for J D Real Estate, Inc., an Illinois corporation ("Developer"), whose offices are located at _____, in connection with the purchase of the real property legally described on (Sub)Exhibit A attached hereto, pursuant to the terms of that certain Agreement for the Sale and Redevelopment of Land dated as of _____, 2010, by and between the City of Chicago (the "City") and the Developer (the "Redevelopment Agreement"). We are rendering this opinion at the request of the Developer and acknowledge that the City intends to rely upon this opinion letter.

As a basis for the opinions set forth herein, we have examined:

- A. an executed original of the Redevelopment Agreement;
- B. the articles of incorporation, including all amendments thereto, of the Developer, as furnished and certified by the Secretary of State of the State of Illinois;
- C. the bylaws of the Developer, as certified by the secretary of the Developer as of _____, 20__;
- D. the Certificate of Good Standing dated _____, 20__, issued by the Office of the Secretary of State of the State of Illinois, as to the good standing of the Developer;
- E. resolutions authorizing the Developer to enter into the Redevelopment Agreement and to consummate the transactions contemplated thereby; and
- F. the commitment for an owner's policy of title insurance, Order Number _____, dated _____, 20__, (the "Title Commitment"), issued by Chicago Title Insurance Company, in respect of the Property.

In our capacity as counsel, we have also examined such other documents or instruments as we have deemed relevant for the purposes of rendering the opinions hereinafter set forth.

Based upon the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of the State of Illinois, has made all filings required by the laws of the State of Illinois in respect of its formation and continuing existence, and has all requisite authority to carry on its business as described in the bylaws and to execute and deliver, and to consummate the transactions contemplated by, the Redevelopment Agreement.
2. Under the bylaws, the president has requisite power and authority to execute and deliver the Redevelopment Agreement on behalf of the Developer and all other documents required to be executed by the Developer in connection with the Redevelopment Agreement and to perform its obligations thereunder.
3. The Redevelopment Agreement has been executed and delivered on behalf of the Developer by the president and constitutes a legal, valid and binding obligation of the Developer enforceable against the Developer in accordance with its terms, except to the extent that enforcement of any such terms may be limited by: (a) applicable bankruptcy, reorganization, debt arrangement, insolvency or other similar laws generally affecting creditors' rights; or (b) judicial and public policy limitations upon the enforcement of certain remedies including those which a court of equity may in its discretion decline to enforce.

4. There is no action, suit or proceeding at law or in equity pending nor to our knowledge threatened against or affecting the Developer or the Property before any court or before any governmental or administrative agency which if adversely determined could materially and adversely affect the Developer's ability to perform under the Redevelopment Agreement or its business or properties or financial or other conditions.

5. The execution and delivery of the Redevelopment Agreement and the consummation of the transactions contemplated thereby will not conflict with, constitute an event or default under or result in a violation or breach of:

(a) the provisions of the Developer's articles of incorporation, bylaws, or any resolutions in effect;

(b) the provisions of any agreement or other instrument to which the Developer is a party or by which the Developer or its properties or assets are bound; or

(c) any judgment, order, writ, injunction, decree or rule of any court, or any determination or award of any arbitrator, or any law, statute, ordinance, rule or regulation binding on the Developer.

Very truly yours,

The failure of the City to obtain certificates or other insurance evidence from Landlord shall not be deemed to be a waiver by the City. The Landlord shall advise all insurers of the lease provisions regarding insurance. Nonconforming insurance shall not relieve Landlord of its obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the lease, and the City retains the right to terminate the lease until proper evidence of insurance is provided.

If Tenant does not remove Tenant's Trade Fixtures from the leased premise prior to the end of the Term, however ended, Landlord may, at its option, remove the same and deliver the same to any other place of business of Tenant or warehouse the same, and Tenant shall pay the cost of such removal (including the repair of any injury or damage to the leased premises resulting from such removal), delivery and warehousing to Landlord on demand, or Landlord may treat such Trade Fixtures as having been conveyed to Landlord with this lease as a bill of sale, without further payment or credit by Landlord to Tenant.

*Section 14.**Landlord Disclosures And Affirmations.***14.1 Business Relationships.**

Landlord acknowledges (A) receipt of a copy of Section 2-156-030(b) of the Municipal Code of Chicago, (B) that he has read such provision and understands that pursuant to such Section 2-156-030(b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (C) notwithstanding anything to the contrary contained in this Agreement, that a violation of Section 2-156-030(b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Agreement shall be grounds for termination of this Agreement and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this lease Agreement or the transactions contemplated hereby.

14.2 Patriot Act Certification.

Landlord represents and warrants that neither Landlord nor any Affiliate thereof (as defined in the next paragraph) is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

As used in the above paragraph, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

14.3 Prohibition On Certain Contributions -- Mayoral Executive Order Number 05-1.

Landlord agrees that Landlord, any person or entity who directly or indirectly has an

ownership or beneficial interest in Landlord of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Landlord contractors (i.e., any person or entity in direct contractual privity with Landlord regarding the subject matter of this agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Subowners") and spouses and domestic partners of such Subowners (Landlord and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fund-raising committee (i) after execution of this agreement by Landlord, (ii) while this agreement or any Other Contract is executory, (iii) during the of this agreement or any Other Contract between Landlord and the City, or (iv) during any period while an extension of this agreement or any Other Contract is being sought or negotiated.

Landlord represents and warrants that from the date the City approached Landlord or the date Landlord approached the City, as applicable, regarding the formulation of this agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fund-raising committee.

Landlord agrees that it shall not: (a) coerce, compel or intimidate his employees to make a contribution of any amount to the Mayor or to the Mayor's political fund-raising committee; (b) reimburse his employees for a contribution of any amount made to the Mayor or to the Mayor's political fund-raising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fund-raising committee.

Landlord agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 05-1.

Landlord agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 05-1 constitutes a breach and default under this agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Landlord intentionally violates this provision or Mayoral Executive Order Number 05-1 prior to the closing of this agreement, the City may elect to decline to close the transaction contemplated by this agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fund-raising committee.

"Other Contract" means any other agreement with the City of Chicago to which Landlord is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

- (A) they are each other's sole domestic partner, responsible for each other's common welfare; and
- (B) neither party is married; and
- (C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

During the period while this agreement is executory, Landlord, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this agreement, constitutes a breach of and an event of default under this agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the agreement, at law or in equity. This section does not limit Landlord, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this agreement, and may further affect Landlord eligibility for future contract awards.

In accordance with Chapter 2-26-110, et seq. of the Municipal Code, the Landlord acknowledges that every officer, employee, department and agency of the City shall be obligated to cooperate with the Office of the Inspector General and the Executive Director of the Office of Compliance in connection with any activities undertaken by such office with respect to this lease, including, without limitation, making available to the Office of the Inspector General and the Executive Director the department's premises, equipment, personnel, books, records and papers. The Landlord agrees to abide by the provisions of Chapter 2-26-110, et seq.

In Witness Whereof, The parties have executed this lease as of the day and year first above written.

A site plan shall include such other information as may be necessary to illustrate conformance with the applicable provisions of this Planned Development.

13. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Zoning and Land Use Planning upon the request of the applicant or its successors, assignees or grantees and after a determination by the Commissioner that such a modification is minor,

appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area or a reduction in the minimum required distance between structures or in periphery setbacks established in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

14. The applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner that provides healthier environments, reduces operating costs and conserves energy and resources. The applicant shall design, construct and maintain all future buildings located within the Property in conformance with the City's Sustainable Development Policy in effect at the time such building is developed.

Alderman Burke requested leave of the body to permit publication of written remarks in the *Journal of the Proceedings of the City Council of the City of Chicago*. Leave was granted.

Written Message Of Condolence By Alderman Edward M. Burke.

The Congressman was both a mentor and friend to me. His life demonstrated a remarkable sense of personal and political loyalty that today is rare to discover. Chicago never had a better friend in Washington D.C.. He arrived in Washington as a young man with the soul and the intelligence of a seasoned veteran. It would be hard to imagine anyone with a more vibrant or more demonstrable Chicago character. He was a fearless and tough defender of Chicago in the halls of Congress and in the corridors of power. I believe his vision of America and his understanding of its people were shaped by his deep roots in the 32nd Ward, in his Polish heritage and his devotion to his catholic faith. His father, Alderman Joseph P. Rostenkowski, served in the Chicago City Council for 24 years. The Congressman absorbed a remarkable political heritage from his father. He witnessed the inauguration of Franklin Delano Roosevelt's third term shortly before the world was plunged into war. Remarkably he was elected to the Illinois House of Representatives while still a student at Loyola University.

I believe Congressman Rostenkowski epitomized the great spirit of the age in which he first went to congress in the dawn of John Fitzgerald Kennedy's New Frontier. It was a magic moment in our nation's history with bright young political personalities brining the values of a fresh start to the nation's capital. He became a valued political leader in both Congress and the Democratic Party because he was a man of his word whose actions could always be trusted. Over the long course of his career he grew in political muscularity and shaped not only the direction of his constituency in the city he loved but also, thank God, for the entire nation. Ultimately as Chairman of the House Ways and Means Committee he exercised an indispensable ability to make government work.

Congressman Rostenkowski demonstrated a unique American patriotism. He never for one moment forgot the Polish neighborhood of hardworking immigrants from which he came. I believe this enabled him to understand how everyday Americans lived. Because of it he became their champion. He was a mentor and dear friend to me and my family. He will be missed. Chicagoans will always be reminded of what he did on their behalf when they see the concrete reality of his intervention in shaping Chicago into America's most American city. From expressways to airports and from the protecting American business to safeguarding the lakefront he was our hero and our champ. As the Irish say -- we will never see his like again.
