WHEREAS, on July 7, 1999, the City Council of the City of Chicago approved an ordinance (C.J. pp. 7188-7191), a copy of which is attached as Exhibit A and which is hereby incorporated ("Ordinance") which Ordinance provided for the vacation of all of the east-west 18-foot public alley in the block bounded by West Fulton Street, North Ada Street, West Carroll Avenue and North Elizabeth Street (hereinafter referred to as "Subject Premises"), the Subject Premises being more particularly described in Exhibit A which is attached and incorporated; and

WHEREAS, the Owner intends to use the Subject Premises for construction of an employee/visitor parking garage, the renovation of its corporate headquarters and other uses which are reasonably necessary therefore:

WHEREAS, the vacation provided in the Ordinance is conditioned upon the execution and recording by the Owner of a restrictive covenant running with the land that provides that the Subject Premises shall be used only for manufacturing (including production, processing, cleaning, servicing, testing and repair) of materials, goods or products only, and for those structures and additional uses which are reasonably necessary to permit such manufacturing use including the location of necessary facilities, storage, employee and customer parking, and other similar uses and facilities;

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE PASSAGE AND APPROVAL OF THE VACATION ORDINANCE AND THE VESTING OF TITLE IN THE OWNER, WITHOUT THE REQUIREMENT THAT THE OWNER PAY COMPENSATION TO THE CITY, THE OWNER DOES HEREBY AGREE WITH AND

99893697

The covenant shall be binding on the Owner, its successors and assigns, and shall be enforceable by the City, its successors and assigns. The covenant may be released or abandoned only upon approval of the City Council of the City of Chicago which may condition its approval upon the payment of such additional compensation by the Owner or any persons claiming under the

Owner, which said City Council of the City of Chicago deems to be equal to the benefits accruing because of the release or abandonment of the covenant.

3. VIOLATION OF RESTRICTIONS.

Upon the recording of the aforementioned documents by the City of Chicago, the Subject Premises shall be deemed to be conveyed by Owner to the City of Chicago. In the event that the City does not exercise its right of reversion as stated in this Section 3(a) within twenty (20) years from the date of execution and recording of this Covenant, then the provisions of this Section 3(a) shall be deemed null and void.

(To Ordinance)

Release Of Restrictive Use Covenant.

City of Chicago, an Illinois municipal corporation ("City"), pursuant to a July 10, 1996 ordinance and a September 10, 1997 ordinance (collectively, the "Vacation Ordinances"), which ordinances were recorded on September 27, 1996 as Document Number 96738961, and on December 9, 1997 as Document Number 97925317 (respectively) with the Office of the Cook County Recorder of Deeds, and are attached hereto as (Sub)Exhibit A and (Sub)Exhibit B, and provided for industrial program ("Industrial Program") street vacations (collectively the "Vacations") of two southerly portions of West Kinzie Street, between North Aberdeen Street and North Carpenter Street ("Subject Properties"), as legally described on (Sub)Exhibit C attached hereto.

The Vacation Ordinances each provided that the Vacation of the Subject Properties was conditioned upon restrictive use covenants running with the land ("Restrictive Use Covenants"), that required the Subject Properties be used only for "manufacturing (including production, processing, cleaning, servicing, testing and repair) of materials, goods or products only and for those structures and additional uses which are reasonably necessary to permit such manufacturing use including the location of necessary facilities, storage, employee and customer parking, and other similar uses and facilities".

The Restrictive Use Covenants associated with the Vacations were recorded on September 27, 1996 as Document Number 96738962, and on December 9, 1997 as Document Number 97925318 with the Office of the Cook County Recorder of Deeds, and are attached hereto as (Sub)Exhibit D and (Sub)Exhibit E.

Section 2 of each of the Vacation Ordinances set forth that the Restrictive Use Covenant "may be released or abandoned by the City only upon approval of the City Council, which may condition its approval upon the payment of such additional compensation which it deems to be equal to the benefits accruing because of the release or abandonment".

The City, upon due investigation and consideration, has determined that the public interest now warrants a release of the Restrictive Use Covenants reserved in Section 2 of the Vacation Ordinances for the payment of such additional compensation which it deems to be equal to the benefits accruing because of such release of the Restrictive Use Covenants.

The City hereby releases the Restrictive Use Covenants from the Subject Properties, as legally described on (Sub)Exhibit C, attached.

 - d) Lakeshore East shall be responsible for obtaining approvals of or making suitable arrangements with (including payment to) the persons or entities owning or controlling any currently existing utility or public service facility (or replacements or upgrades thereof in currently existing locations) that is duly authorized to occupy the Public Way and is required to be removed, relocated, altered, additionally maintained or restored because of the Streetscape Work ("Streetscape Utility Facilities").
 - e) Lakeshore East shall perform all Streetscape Work subject to the City's right to monitor the Streetscape Work at all times and shall be performed to the reasonable satisfaction of the Commissioner of CDOT, all in accordance with Law and the Streetscape Permits.
 - f) At all times, the Streetscape Improvements and the Streetscape Work will be owned and controlled by Lakeshore East or its successors and assigns to Lakeshore East's Parcel, including the Lakeshore East's Building, as provided in Section 10.
- 3) Commencement of use of the Privilege Areas and Streetscape Improvements. Other than to construct and install the Viaduct Work and Streetscape Work, Lakeshore East shall not enter the Privilege Areas to use and enjoy the Streetscape Improvements nor allow the public to enter the Privilege Areas to use and enjoy the Streetscape Improvements until a) it has turned over to the City and the City has accepted all of the Viaduct Work for the Initial Phase following its completion as provided in Section 1 f) above, and b) it has obtained the City's acceptance of the accounting and documents in respect of the Initial Phase, and if all Viaduct Work has then been completed, paid to the City any amount due as provided in Section 1 h) above.
- 4) Use and occupation of Privilege Areas for Streetscape Improvements.
- a) Lakeshore East may use and occupy the Privilege Areas for purposes of placing, constructing, reconstructing, maintaining, repairing, replacing, modifying, supplementing, relocating, removing, using and operating the Streetscape Improvements, all in accordance with the Approved Streetscape Plans and Law, including the Planned Development. The Privilege is subject to a reservation of rights by the City to utilize, and allow the public access to utilize, the Public Way, including the Streetscape Improvements.

- b) Upon reasonable request by the other, City and Lakeshore East each agree to promptly execute a confirmation of the commencement, continuation or termination of the Privilege.
- c) Notwithstanding any other provision of this Agreement, the Privilege is subject to amendment, modification or repeal and may be revoked by the City at the discretion of the Mayor or the Commissioner at any time, without cause and without the consent of Lakeshore East. If, in the reasonable discretion of the Commissioner, it is necessary or appropriate for the City to make improvements, repairs or rehabilitation to the Public Way ("City Public Way Work"), including the Privilege Areas and any portion of the upper, mid or sub levels of the Wacker Drive structure, and such Public Way Work involves the City closing any portions of the Privilege Areas, the City will provide Lakeshore East with thirty (30) days' notice, except in cases of Emergency as defined in Section 4k below. In the event that the City Public Way Work involves removing, disturbing or relocating the Streetscape Improvements, the City will not be required to replace, rebuild or restore the Streetscape Improvements. Upon termination of the Privilege, Lakeshore East, at its own expense and without cost or expense to the City, shall remove, within 30 days of such termination, the Streetscape Improvements and restore or improve the Public Way, to a proper condition that complies with City standards for Public Way improvements as provided in CDOT's *Regulations for Opening, Repair and Construction in the Public Way* and its appendices as it is then under effect or as provided in its successor publication, all under the supervision of the Commissioner and as applied in the reasonable sole discretion of the Commissioner. Upon termination of the Privilege, performance of all obligations then outstanding, and restoration of the Public Way as required herein, Lakeshore East shall have no further obligations pursuant to this Agreement, except as to the indemnity in Section 5 as provided therein.
- d) Lakeshore East warrants to the City that it has sufficient title and interest in and to Lakeshore East's Parcel to enter into this Agreement and bind Lakeshore East's Parcel to the obligations in this Agreement.
- e) Lakeshore East, at its sole expense, shall maintain the Streetscape Improvements in good condition and repair, safe for public travel, free from debris, and, except for any roadway surface, free from snow and ice, all to the satisfaction of the Commissioner and in accordance with Law, including the ordinances of the City of Chicago and the directions of the Commissioner, the Commissioner of Streets and Sanitation, and the Building Commissioner.
- f) Lakeshore East shall use, operate, maintain repair and replace the Streetscape Improvements and those portions of the Lakeshore East Parcel necessary to support or serve the Streetscape Improvements, including Lakeshore East's Building, so that they do not unreasonably interfere with any legally authorized use of the Public Way, including the Privilege Areas, by the City, the public, or any person or entity authorized by City or by Law to use or occupy the Public Way ("Unreasonable Interference"). Unreasonable Interference shall include the closing or restriction of any portion of the Public Way, including any level of Wacker Drive, for periods longer or areas greater than those determined by the Commissioner as reasonably necessary or appropriate to construct, install, operate, inspect, maintain, repair or replace the Streetscape

Improvements and such portions of Lakeshore East's Parcel described above; provided, however, that any request by Lakeshore East to close a portion of the Public Way for periods which, in the reasonable opinion of the Commissioner, are reasonably necessary to safely construct or maintain the Viaduct Work, Streetscape Improvements or any portion of the Streetscape Improvements and the portions of Lakeshore East's Parcel described above shall not be unreasonably withheld or denied. Unreasonable Interference shall also include Lakeshore East's failure to provide or ensure reasonable access to or reasonable coordination and cooperation with the City or any person or entity authorized by City to install, construct, maintain, repair or replace any Utility Facilities in the Public Way, all as provided herein.

- g) Lakeshore East shall cooperate with the City concerning the coordination of uses of the Public Way, including reasonable responses to inquiries and attending meetings and site visits necessary to ensure the use of the Privilege Areas by Lakeshore East does not interfere with the use of the Public Way as provided in this Agreement.
- h) Lakeshore East shall pay for all expenses actually incurred and those reasonably necessary or appropriate for the operation of the Streetscape Improvements within the Privilege Areas in accordance with this Agreement, including the cost of providing and operating lighting, drainage, water service, and other services.
- i) Lakeshore East acknowledges that City is not responsible for placing, constructing, reconstructing, maintaining, repairing, replacing, modifying, supplementing, relocating, removing and operating or for security in or of the Streetscape Improvements, and City has no obligations with respect thereto.
- j) In the event that the condition of the Streetscape Improvements or those portions of the Lakeshore East Parcel necessary to support or serve the Streetscape Improvements, including Lakeshore East's Building, have not been used, operated, maintained, repaired or replaced in compliance with this Agreement, then City may send Lakeshore East written notice of such noncompliance. In the event that such noncompliance is not cured within thirty (30) days after receipt of such notice of noncompliance, then City may cause the correction of the noncompliance and Lakeshore East shall reimburse City its costs and expenses reasonably incurred in making such corrections within ten (10) days of receipt of a notice from City detailing such costs and demanding payment therefor by Lakeshore East; provided however, in the event of noncompliance cannot reasonably be cured by Lakeshore East within such thirty (30) days after written notice, and Lakeshore East has notified the City of such fact along with an estimate of the time needed for completion of the correction, and Lakeshore East is proceeding diligently to make the correction, then Lakeshore East shall have such additional time as is reasonably necessary to cure said non-compliance.
- k) Notwithstanding the foregoing and Section 7 below, in the event that the noncompliance raises or substantially contributes to a substantial risk of imminent injury or death of any person, or substantial damage to or destruction of property ("Emergency"), then City may provide such notice to Lakeshore East as is reasonable under the circumstances, including telephone and/or email notices. Upon receipt of such notice, Lakeshore East shall immediately take all reasonable actions necessary or appropriate to address the Emergency and Lakeshore East shall grant City access to the Privilege Area and Lakeshore East's Parcel to take all reasonable actions to address the Emergency. To

the extent the City's actions were taken in reasonable response to Lakeshore East's noncompliance in an Emergency, then Lakeshore East shall reimburse City for all costs and expenses incurred in connection with such response within ten (10) days of receipt of a notice from City detailing such costs and expenses and demanding payment therefor by Lakeshore East.

5) Indemnity. To the full extent of the law, Lakeshore East hereby agrees to indemnify, hold harmless and defend City, its officials, officers, employees, and agents from and against any and all actual claims, demands, damages, lawsuits, legal proceedings, losses, liens, liabilities, judgments, orders or decrees, and all costs and expenses (including, without limitation, actual attorneys' fees, court costs, and other reasonable expenses related to litigation incurred in compliance with this Section 5)("Claims"), arising from or as a result of the death of, or any accident, injury, loss or damage whatsoever caused to any natural person, or the property of any person, arising out of, resulting from, or occurring in any manner relating to the Viaduct Work, the Streetscape Work, or the use of the Privilege Areas by Lakeshore East, its employees, agents, and contractors, or any person or entity using or coming into contact with the Streetscape Improvements ("Lakeshore East Parties"). In the event City receives notice of a claim or initiation of any legal action against City or its agents that it desires to be covered by this indemnity, City shall notify Lakeshore East and tender said defense to Lakeshore East. In such event, Lakeshore East shall appear in City's name and shall vigorously defend such action or claim at Lakeshore East's own expense. City shall cooperate with Lakeshore East in the defense thereof; provided however, that following tender of the defense, City shall have the right at its own cost to participate in the defense with Lakeshore East in any such legal action, and no settlement of any such claim or actions shall be entered into by Lakeshore East that would impose obligations on, or have an adverse effect on, City without the consent of City, which consent shall not be unreasonably withheld or denied. This indemnity shall not be the exclusive remedy of the City, and City shall maintain whatever other right of indemnity it may have under common law, by statute, or by ordinance.

To the extent permissible by law, Lakeshore East waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any losses, including any claim by an employee of Lakeshore East that may be subject to the Workers Compensation Act, 820 ILCS 305/1 et seq or any other law or judicial decision (such as, Kotecki v. Cyclops Welding Corporation, 146 Ill. 2d 155 (1991)).

The indemnity in this Section 5 shall survive the termination of the Privilege or this Agreement but it shall not apply to Claims arising out of, resulting from, or occurring in any manner relating to the Viaduct Work, the Streetscape Work, or the use of the Privilege Areas after such terminations.

6) Insurance.

a. During the Viaduct Work or Streetscape Work:

Prior to the commencement by Lakeshore East of any Viaduct Work or Streetscape Work in the Public Way, including placing, constructing, reconstructing, maintaining, repairing, replacing, modifying, supplementing, relocating, removing and operating the Viaduct or

Streetscape Improvements, Lakeshore East shall procure and maintain, or cause to be procured and maintained, at all times and continuing until the completion of such Viaduct Work or Streetscape Work ("Work"), including any period when any contractor is required to return to complete or correct such Work ("Work Period"), all of the types and coverages of insurance specified in Exhibit 6-A which is attached and incorporated. The Work Period shall not end until Lakeshore East has notified the City in writing and the City has inspected and confirmed the actual completion of the Work, which confirmation shall not be unreasonably withheld or delayed.

b. Following completion of the Viaduct Work and the Streetscape Work:

Prior to the completion of the Work Period, Lakeshore East shall procure and maintain, or cause to be procured and maintained, in respect of the Streetscape Improvements, at all times beginning with the termination of the Work Period and continuing until the termination or expiration of the Privilege and the removal of the Streetscape Improvements, and the restoration or improvement of the Privilege Areas as required in Section 4c above, all of the types and coverages of insurance specified in Exhibit 6-B.

All provisions hereof, including the benefits and burdens, shall run with the land of Lakeshore East's Parcels and the Public Way, including the Privilege Area, and shall be binding upon and enforceable by, and shall inure to the benefit of City and Lakeshore East and their respective successors and assigns. Upon a bona fide conveyance of all right, title and interest in the Lakeshore East's Parcel to a successor owner, all obligations of performance from the date of conveyance shall be enforceable against the transferee and not against the transferor.

This section shall not apply to any obligation stated with respect to an "Emergency" as provided in Section 4k of this Agreement nor to the obligation to indemnify as provided in Section 5 of this Agreement nor to any obligation to pay money nor any obligation that can be reasonably satisfied by the payment of money.

Whereas, the City has now requested that the Grantor grant it an easement in, on, over and through the Easement Parcels to utilize, and allow the public to utilize, the Upper Level Street as a public way;

- (ii) upon written notice if a Casualty Event as defined below, occurs such that it requires the discontinuance of the use of a portion of Upper Level Street.

Such Suspended Easement shall be reinstated and the Suspending Grantor shall cause the reinstallation, reconstruction and reopening of the Upper Level Street at such time as either the Suspending Grantor has completed the Impacting Work (other than removal) to the Underlying Structure, or repaired or restored the Underlying Structure following the Casualty Event, or has reoccupied or is using (for the intended purposes under a certificate of occupancy) any portion of the Underlying Structure that was subject to the Impacting Work or Casualty Event. As used herein "Casualty Event" means a sudden and unanticipated damage to or destruction of the Underlying Structure. In the event of a suspension of an Easement hereunder, the parties shall cooperate to suspend, redirect or re-route vehicular and pedestrian traffic accordingly.

- b) Upon reasonable request by a Grantor or City, Grantors and City shall execute a confirmation of commencement, continuation or termination of the Easements which may be recorded.
 - c) The Grantors shall not undertake any activity or use of the Grantors' Parcels which substantially interferes with City's rights hereunder.
 - d) Lakeshore East warrants to the City that it has sufficient title and interest in and to the Lakeshore East Parcels to enter into this Agreement and bind the Lakeshore East Parcels to the obligations in this Agreement. Shoreham warrants to the City that it has sufficient title and interest in and to the Shoreham Parcel to enter into this Agreement and bind the Shoreham Parcel to the obligations in this Agreement, including providing Lakeshore East with access to the Shoreham Parcel in accordance with Section 4 a hereunder.
 - e) The Easements granted pursuant to this Agreement constitute a contemporaneous grant of interest in real property and is not executory in nature.
- 3) Lakeshore East's Construction Obligations.
- a) Prior to constructing, installing or substantially altering any substantial portion of the Upper Level Street, including reinstallation or reconstruction pursuant to Section 2 a) above, Lakeshore East shall obtain City's approval of the plans and specifications for such work. City agrees that its approval of the submitted plans and specifications will not be unreasonably withheld or delayed, and will be limited to matters that would unreasonably adversely affect use of the Public Way or the

Upper Level Street, including the underground utilities and other underground public service utility facilities, including pipes, wires, cables, conduits, manholes and other underground facilities used in connection with the underground flow, transmission, and distribution of electricity, communications, sounds, signals, natural gas, water (including potable, chilled, and heated), sewage, storm water, and other public utility services located in the Easement Parcels or the adjacent Public Way. Upon approval by City of such plans and specifications, they shall be known as the "Approved Plans". Notwithstanding the foregoing, the City's approval does not constitute the approval required by the City's Department of Buildings ("DOB") or any other City department pursuant to ordinance or statute; nor does the approval by City pursuant to this Agreement constitute an approval of the quality, structural soundness or the safety of any improvements located or to be located on the Grantors' Parcels, the Easement Parcels, or the Public Way.

- b) Upon commencing any work on the Upper Level Street, Lakeshore East shall diligently pursue completion of such work and shall complete substantially such work within five (5) years of such commencement.
 - c) Lakeshore East expressly agrees and warrants that the Upper Level Street shall be designed, constructed, installed, reconstructed, maintained, repaired, replaced, modified, supplemented, relocated, removed and operated at all times in compliance with all applicable federal, state and local laws and regulations ("Law").
 - d) Lakeshore East shall be responsible for obtaining approvals of or making suitable arrangements with the persons or entities owning or controlling any currently existing utility or public service facility (or replacements or upgrades thereof in currently existing locations) that is duly authorized to occupy the Public Way and is required to be removed, relocated, altered, additionally maintained or restored because of the Upper Level Street or any work thereto ("Utility Facilities").
 - e) Lakeshore East shall secure all necessary building, public way and other permits required by Law ("Permits") in connection herewith. In addition to all obligations thereunder, all work shall be subject to the City's right to monitor the work at all times and shall be performed to the reasonable satisfaction of the Commissioner of CDOT and in accordance with the Municipal Code of Chicago.
- 4) Grantor's Maintenance obligations.
- a) Lakeshore East, at its sole expense, shall maintain the Upper Level Street in clean, neat, usable and safe condition and repair, safe for public travel, and free from snow, ice and debris to the reasonable satisfaction of Shoreham and in accordance with Law, including the requirements and orders and directions of the Commissioners of Transportation, Streets and Sanitation, Buildings, and Business Affairs and Consumer Protection. Shoreham grants to Lakeshore East and its designees access to the Shoreham Parcel to the extent provided in the

operative agreements to which Lakeshore East and Shoreham are parties in connection therewith, and agrees to reasonably cooperate with Lakeshore East, in connection with the construction, maintenance, repair, replacement and renewal of the Upper Level Street located on the Shoreham Easement Parcel, provided that such rights of access shall be exercised so as not to unreasonably interfere with the use of and access to the Shoreham Parcel by Shoreham, its tenants, invitees, and contractors.

- b) Lakeshore East shall maintain the improvements on the Lakeshore East Parcels, including the Upper Level Street, in a manner that does not allow or cause unreasonable interference with any legally permitted use of the Public Way or the Upper Level Street by the City, the public, or any person or entity authorized to use or occupy the public way. Shoreham shall maintain the improvements on the Shoreham Parcel, other than the Upper Level Street, in a manner that does not allow or cause interference with any legally permitted use of the Public Way or the Upper Level Street by the City, the public, or any person or entity authorized to use or occupy the public way.
- c) The Grantors and City acknowledge that the grant of easement in this Agreement constitutes a grant of public way rights subject to the terms and conditions of this Agreement. Accordingly, subject to this Agreement, the City may regulate the access to and use of the Upper Level Street by the public, including by the Grantors, all in accordance with Law, provided Grantors shall not be denied rights that are the same as those of any other owner of property abutting a public way or the other rights, or the ability to perform obligations, provided for in this Agreement and such regulations shall not interfere with the use, operation, maintenance, repair, reconstruction, or replacement of the balance of the Grantors' Parcels subject to requirements of Law.
- d) The Grantors shall cooperate with the City concerning the coordination of uses of the Upper Level Street, including reasonable responses to inquiries and attending meetings and site visits necessary to ensure the use of the Upper Level Street does not interfere with the use of the Public Way.
- e) Lakeshore East shall pay for all costs and expenses incurred with respect to the operation of the Upper Level Street, including utility costs.
- f) The Grantors acknowledge that City is not responsible for placing, constructing, reconstructing, maintaining, repairing, replacing, modifying, supplementing, relocating, removing and operating or for security in or of the Upper Level Street, and City has no obligations with respect thereto.

- g) In the event that the Upper Level Street, or the improvements, facilities or equipment in or on either of the Easement Parcels or the other portions of a Grantor's Parcel that are necessary to support or serve the Upper Level Street as required by this Agreement, have not been maintained in compliance with this Agreement, then City may send both Grantors a written notice of such noncompliance. In the event that such noncompliance is not cured by Lakeshore East within thirty (30) days after receipt of such notice of noncompliance ("Lakeshore East Cure Period"), then City may cause the correction of the noncompliance and Lakeshore East shall reimburse City its costs and expenses reasonably incurred in making such corrections within ten (10) days of receipt of a notice from City detailing such costs and demanding payment therefor by Lakeshore East; provided however, that, in the event that noncompliance cannot reasonably be cured, or cause to be cured, by Lakeshore East within thirty (30) days after written notice, and Lakeshore East has notified the City of such fact along with an estimate of the time needed for completion of the cure, and Lakeshore East is proceeding diligently to make, or cause to be made, the cure, then the Lakeshore East Cure Period shall be extended by such additional time as is reasonably required and is stated in the notice, or a restated notice, to cure, or cause to be cured, said non-compliance. Notwithstanding the foregoing, if notice is sent that a portion of the Upper Level Street located on the Shoreham Easement Parcel or improvements, facilities or equipment that are necessary to support or serve the Upper Level Street located on the Shoreham Easement Parcel that are on the Shoreham Parcel are not being maintained in compliance with this Agreement and during the Lakeshore East Cure Period, Shoreham sends a notice to City and Lakeshore East of its intention to cure after the expiration of the Lakeshore East Cure Period, then Shoreham shall be given an additional thirty (30) days after the Lakeshore East Cure Period in order to cure such noncompliance (provided however, that, in the event that noncompliance cannot reasonably be cured, or cause to be cured, by Shoreham within thirty (30) days after written notice, and Shoreham has notified the City of such fact along with an estimate of the time needed for completion of the cure, and Shoreham is proceeding diligently to make, or cause to be made, the cure, then the cure period shall be extended by such additional time as is reasonably required and is stated in the notice, or a restated notice, to cure, or cause to be cured, said non-compliance.) prior to the City performing any corrective activities affecting the Shoreham Parcel or within the Shoreham Parcel Easement. Notwithstanding the foregoing, Shoreham shall have the right but not the obligation to perform such maintenance or cure.
- h) Notwithstanding the foregoing, in the event that Grantors or City receive notice that the condition of the Upper Level Street, or the improvements, facilities or equipment in, on, over or under either of the Easement Parcels or the other portions of a Grantor's Parcel that are necessary to support or serve the Upper Level Street as required by this Agreement, causes or substantially contributes to a substantial risk of imminent injury or death of any person, or substantial property damage or destruction ("Emergency"), then Grantors and City shall provide such notices to the others as are reasonable under the circumstances, including telephone and/or email notices. In the event that Lakeshore East receives notice or becomes aware of such an Emergency, regardless of receipt of a notice under this section, Lakeshore East shall immediately take, or cause to be taken, all

reasonable actions necessary to reduce and/or remove such Emergency and Grantors shall permit City to take all reasonable actions to reduce and/or remove the Emergency. In the event of an Emergency, if Lakeshore East has been provided notice in accordance with this subsection, then Lakeshore East shall reimburse City for all costs incurred in connection with such Emergency within 10 days of receipt of a notice from City detailing such costs and demanding payment therefor by Lakeshore East.

5) Indemnity. To the full extent of the Law, Lakeshore East hereby agrees to indemnify, hold harmless and defend City, its officials, officers, employees, and agents from and against any and all actual claims, demands, damages, lawsuits, legal proceedings, losses, liens, liabilities, judgments, orders or decrees, and all costs and expenses (including, without limitation, actual attorneys' fees, court costs, and other reasonable expenses related to litigation incurred in compliance with this Section 5)("Claims"), arising from or as a result of the death of, or any accident, injury, loss or damage whatsoever caused to any natural person, or the property of any person, arising out of, or occurring in any manner relating to the use of, activities in connection with, or the maintenance of or failure to maintain as provided herein, the Upper Level Street by Lakeshore East. In the event City receives notice of a claim or initiation of any legal action against City or its agents that it desires to be covered by this indemnity, City shall notify Grantors and tender said defense to Lakeshore East which shall appear in City's name and vigorously defend such action or claim at Lakeshore East's own expense. City shall cooperate with Lakeshore East in the defense thereof; provided however, that following tender of the defense, City shall have the right at its own cost to participate in the defense with Lakeshore East and no settlement of any such claim or actions shall be entered into by Lakeshore East that would impose obligations on, or have an adverse effect on, City without the consent of City, which consent shall not be unreasonably withheld or denied. This indemnity shall not be the exclusive remedy of the City, and City shall maintain whatever other right of indemnity it may have under common law, by statute, or by ordinance. City shall look solely to Lakeshore East for performance under this Section 5.

To the extent permissible by law, Lakeshore East waives any limits to the amount of their obligations to indemnify, defend or contribute to any sums due under any losses, including any claim by an employee of Lakeshore East that may be subject to the Workers Compensation Act, 820 ILCS 305/1 et seq or any other law or judicial decision (such as, *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)).

This indemnity shall survive the termination of the Easements or this Agreement, but it shall not apply to Claims arising from the use of, activities in connection with, or the maintenance of or failure to maintain as provided herein, the Upper Level Street by Lakeshore East that occur after such termination.

6) Insurance.

a. During the work:

Prior to the commencement by Lakeshore East of any work on the Upper Level Street or within the Easement Parcels, including placing, constructing, reconstructing, maintaining, repairing, replacing, modifying, supplementing, relocating, removing and operating the Upper Level Street on the Grantors' Parcels, Lakeshore East shall procure and maintain, or cause to be procured and maintained, at all times and continuing until the completion of such work including any period when any contractor is required to return to complete or correct such work ("Work Period"), all of the types and coverages of insurance specified in Exhibit 4-A which is attached and incorporated.

b. Following completion of the work:

Following the end of the Work Period described in subsection a above, Lakeshore East shall notify the City in writing of such fact, and upon City's inspection and confirmation of the actual completion of the work Lakeshore East shall procure and maintain, or cause to be procured and maintained, at all times continuing until the termination of the Easement and the removal of Upper Level Street all of the types and coverages of insurance described in Exhibit 4-B in respect of the Easement Parcels and the Upper Level Street. In the event that any contractor is needed to return to complete the work, the Work Period shall be deemed to have been extended to include such time.

7) Notices. Any and all notices or other communications required or permitted pursuant hereto shall be in writing and shall be deemed to have been given upon receipt. (To Ordinance)*

*Agreement With Lakeshore East LLC Regarding
Water Management Facilities.*

This Agreement (the "Agreement") is entered into as of this ____ day of ____ 20__, by and between the **CITY OF CHICAGO**, an Illinois home rule municipal corporation (the "City"), by and through its Department of Water Management ("DWM") and **LAKESHORE EAST LLC**, an Illinois limited liability company ("Lakeshore East").

Witnesseth:

WHEREAS, Lakeshore East is the current owner of parcels of property located at the intersection of Field Boulevard and Wacker Drive including vacated air rights located above dedicated Field Boulevard, all as more fully described on Exhibit 1 which is attached and incorporated ("Lakeshore East Parcel"); and

WHEREAS, the City holds in trust for the people of the State of Illinois fee title in and to a certain dedicated public way adjacent to Lakeshore East Parcel known as E. Wacker Drive and North Field Boulevard in the City of Chicago, County of Cook and State of Illinois (the "Public Way"), including the portion of the Public Way described in Exhibit 2 which is attached and incorporated ("Access Area"); and

WHEREAS, Lakeshore East, for itself and its successors, and/or assigns, intends to develop a building and improvements in and on the Lakeshore East Parcel, pursuant to and in compliance with Planned Development No.70 adopted by the City Council of the City of Chicago ("City Council") on December 9, 2015, and published in the Journal of Proceedings at pp. 15687-15826 ("Planned Development") (such building and improvements are referred to as the "Lakeshore East's Building"); and

WHEREAS, the Planned Development contemplates Lakeshore East making certain adjustments to the boundaries of the Public Way, constructing an Upper Level Street to connect Upper Wacker Drive to Upper Waterside Drive, and undertaking required work to utility and other public service facilities in connection with the construction and installation of Lakeshore East's Building, including items described in Exhibit 3 which is attached and incorporated ("Public Way Improvements"); and

WHEREAS, pursuant to the ordinance adopted on December 4, 2002 by City Council ("2002 Vacation Ordinance"), the City vacated portions of Field Boulevard above a specified limiting plane thereby transferring title to Lakeshore East; and

WHEREAS, pursuant to the ordinance approved _____, 2016 ("2016 Vacation Ordinance"), the City vacated portions of Field Boulevard above a specified limiting plane thereby transferring title to Lakeshore East; and

WHEREAS, as a result of the vacations of areas that were part of the Public Way prior to the 2002 Vacation Ordinance and prior to the 2016 Vacation Ordinance (collectively, the "Ordinances"), the City expects that it will incur certain increased costs and obligations with respect to the inspection, maintenance and improvement of utility and public service facilities below the areas vacated by the Ordinances located in the Access Areas as a result of reduced clearance to access DWM Facilities which clearance will be limited to the area below a height of +22'CCD; and

WHEREAS, in consideration of the City's approval of the 2016 Vacation Ordinance which will limit such access height to +22'CCD, Lakeshore East has agreed to perform certain additional obligations and assume the obligation to pay certain additional costs that would otherwise be the responsibility of the City;

NOW, THEREFORE, in consideration of mutual covenants herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1) Obligations for Work by or for Lakeshore East.

Lakeshore East will be responsible, at its sole cost, for relocating, replacing, rehabilitating, or installing all City owned or controlled sewer, water and related facilities ("DWM Facilities") in the Access Area to the extent required by Law, as defined below, in connection with construction or installation of Lakeshore East's Building, the Public Way Improvements, or any improvements, developments or other work necessitated thereby, including any such item requiring approval of the Commissioner of Water Management ("Commissioner") of the City ("Development DWM Facilities Work"). All such Development DWM Facilities Work must comply with all applicable federal, state and local laws, ordinances and regulations, judicial orders, and City rules regulations and standards ("Law").

2) Obligations for Access and Restoration Work

a. Access Work. Except in cases of Emergency/Non-compliance as defined below, in the event DWM requires access within the Access Area to inspect, install, repair, maintain, rehabilitate or replace DWM Facilities located in the Access Area, the City shall issue a written notice to Lakeshore East not less than 30 days prior to the date such access is needed ("Access Notice"). The Access Notice shall provide a general description of the City's work to be performed and the specifications for the work necessary and appropriate to provide the City with sufficient construction access to the applicable DWM Facilities located within the Access Area, including excavation, exposure, shoring, protection, traffic control and other work reasonably required by DWM to provide construction access to the DWM Facilities ("Access Work"), along with the schedule for the Access Work, including the date by which access is required by DWM to perform its work and the estimated time

when the required Restoration Work, as defined below, will need to be performed ("Access and Restoration Schedule"). Upon receipt of the Access Notice, Lakeshore East shall perform, or cause to be performed, including procuring and paying for all labor, equipment and materials, the Access Work in accordance with Law and the Access and Restoration Schedule.

b. Restoration Work. Upon receipt of a notice from the City that it has completed the work on or to the DWM Facilities as described above ("Restoration Notice"), Lakeshore East shall perform, or cause to be performed all actions necessary or appropriate, including procuring and paying for all labor, equipment and materials, to restore the Access Area to its prior condition, including backfilling, grading, removal of shoring, protection, traffic control and other temporary work, all as required by Law and City standards for such work ("Restoration Work"). Lakeshore East shall perform all of the Restoration Work in compliance with the Access and Restoration Notice, including the Access and Restoration Schedule, as it may be amended by the Restoration Notice, and in accordance with Law.

c. Permits. In accordance with the Access and Restoration Schedule, Lakeshore East shall apply for, secure and comply with all necessary building, public way and other permits required by Law for the Access Work and Restoration Work ("Permits") including those issued by City and those providing for traffic control. In addition to all obligations under the Permits, all Access Work and Restoration Work shall be subject to the City's right to monitor the work at all times and all Access Work and Restoration Work shall be performed to the reasonable satisfaction of the Commissioner of DWM.

d. Emergency or Non-compliance. Notwithstanding the foregoing, and subject to Section 7 below, in the event that either:

i) the condition of DWM Facilities in the Access Area raises or substantially contributes to a substantial risk of imminent injury or death of any person, or substantial damage to or destruction of property, or

ii) Lakeshore East has failed or refused to perform Access Work or Restoration Work in compliance with this Agreement ("Emergency or Non-compliance"), then City may provide such notice to Lakeshore East as is reasonable under the circumstances, including telephone and/or email notices. Upon receipt of such notice, Lakeshore East shall immediately take all actions to perform Access Work or Restoration Work necessary or appropriate to address the Emergency or Non-compliance. Notwithstanding and concurrent with such notice, Lakeshore East shall take all actions necessary and appropriate to allow City access to the Access Areas to address the Emergency or Non-compliance. Should Lakeshore East not perform the Access Work and the Restoration Work as required in this Agreement, then Lakeshore East shall reimburse City for all its Access Work and Restoration Work costs incurred in connection with obtaining access to the DWM Facilities, backfilling and restoring, and addressing the Emergency or Non-

compliance within ten (10) days of Lakeshore East's receipt of an invoice from City detailing such costs and demanding payment therefor by Lakeshore East. Following the City's notification to Lakeshore East that it has addressed the Emergency or Non-compliance, Lakeshore East shall then perform any Access Work or Restoration Work required under the standards set forth in Sections 2(a) and (b) above to the extent it has not been undertaken by the City in addressing the Emergency or Non-compliance.

In the event of an Emergency or Non-compliance, and the City undertakes actions to address the Emergency or Non-compliance as provided in this Section 2d, then to the extent provided by Law, the City will not be responsible for any damage to the Lakeshore East Parcel, Lakeshore East's Building, and any facilities, equipment or property located thereon and owned by Lakeshore East that is proximately caused by the City's actions to address the Emergency or Non-compliance, or by the corresponding work to the DWM Facilities, unless arising out of the gross negligence or intentionally tortious conduct of the City.

e. DWM Facilities. The parties acknowledge that the Access Work and Restoration Work as described in Sections 2a and 2b above do not include the obligation to perform the relocations, replacements, rehabilitations, installations or repairs of DWM facilities giving rise to such Access Work and Restorations Work. Further, the Development DWM Facilities Work as defined in Section 1 above includes only those relocations, replacements, rehabilitations, installations or repairs of the DWM Facilities as required by that Section and no other work.

3) Confirmation. Upon reasonable request by the other, City and Lakeshore East each agree to promptly execute a confirmation of the commencement, continuation or termination of the Access Work and Restoration Work.

4) Title. Lakeshore East warrants to the City that it has sufficient title and interest in and to the Lakeshore East Parcel to enter into this Agreement and bind the Lakeshore East Parcel to the obligations in this Agreement.

5) Indemnity. To the full extent of the Law, Lakeshore East hereby agrees to indemnify, hold harmless and defend City, its officials, officers, employees, and agents from and against any and all actual claims, demands, damages, lawsuits, legal proceedings, losses, liens, liabilities, judgments, orders or decrees, and all costs and expenses (including, without limitation, actual attorneys' fees, court costs, and other reasonable expenses related to litigation incurred in compliance with this Section 5)("Claims"), arising from or as a result of the death of, or any accident, injury, loss or damage whatsoever caused to any natural person, or the property of any person, arising out of, or occurring in any manner relating to the performance or non-performance of the Access Work or Restoration Work, or the use of the Access Areas by Lakeshore East, its employees, agents, and contractors ("Lakeshore East Parties"). In the event City receives notice of a claim or initiation of any legal action against City or its agents that it desires to be covered by this indemnity, City shall notify Lakeshore East and tender said defense to Lakeshore East. In such event, Lakeshore East shall appear in City's name and shall vigorously defend such action or

claim at Lakeshore East's own expense. City shall cooperate with Lakeshore East in the defense thereof; provided however, that following tender of the defense, City shall have the right at its own cost to participate in the defense with Lakeshore East in any such legal action, and no settlement of any such claim or actions shall be entered into by Lakeshore East that would impose obligations on, or have an adverse effect on, City without the consent of City, which consent shall not be unreasonably withheld or denied. This indemnity shall not be the exclusive remedy of the City, and City shall maintain whatever other right of indemnity it may have under common law, by statute, or by ordinance.

To the extent permissible by law, Lakeshore East waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any losses, including any claim by an employee of Lakeshore East that may be subject to the Workers Compensation Act, 820 ILCS 305/1 et seq or any other law or judicial decision (such as, Kotecki v. Cyclops Welding Corporation, 146 Ill. 2d 155 (1991)).

The provisions of this Section 5 shall survive any termination of this Agreement but it shall not apply to Claims arising from performance or non-performance of the Access Work or Restoration Work, or the use of the Access Areas by Lakeshore East Parties that occurs after such termination.

6) Insurance during Access Work or Restoration Work. Prior to the commencement of any Access Work or Restoration Work, the Lakeshore East shall procure and maintain, at all times and continuing until the completion of such Access Work and Restoration Work, including any period when any contractor is required to return to complete or correct such work ("Work Period"), all of the types and coverages of insurance specified in Exhibit 3 which is attached and incorporated.

7) Notices. Except in case of Emergency or Non-compliance described above in Section 2(d) above, any and all notices or other communications required or permitted pursuant hereto shall be in writing and shall be deemed to have been given upon receipt. In addition, Lakeshore East agrees to update the names, addresses and other contact information in a timely fashion so as to ensure that all notices, including Access Notices and Restoration Notices, are received promptly.

9) Partial Invalidity. If any clause, sentence or other portion of this Agreement shall become illegal, null or void for any reason, or shall be held by any court of competent jurisdiction to be so, the remaining portion hereof shall remain in full force and effect.

All provisions hereof, including the benefits and burdens, shall run with the land of Lakeshore East Parcel and the Public Way, including the Access Area, and shall be binding upon and enforceable by, and shall inure to the benefit of City and Lakeshore East and their respective successors and assigns. Upon a bona fide conveyance of all right, title and interest in the Lakeshore East Parcel to a successor owner, all obligations of performance from and after the date of conveyance shall be enforceable against the transferee and not against the transferor.

11) No Third-Party Beneficiaries. The Access is intended solely for the benefit of the parties. No other person or entity shall have any rights hereunder nor may such person enforce any of the terms or be entitled to any of the benefits hereof.

12) Force Majeure. The period within which a party is required to perform an obligation hereunder shall be extended to the extent caused by Unavoidable Delays commencing on the date that such party delivers to the other party to which the obligation is owed a written notice describing in detail the Unavoidable Delay and its specific effect on such party's ability to perform the obligation. As used herein "Unavoidable Delays" shall mean delays due to strikes, lockouts, labor troubles, inability to procure labor or materials or reasonable substitutes therefor, failure of power, fire or other casualty damage, war or civil disorder, or other causes beyond the reasonable control of the party delayed; provided Unavoidable Delays hereunder shall not include delays resulting from changes in economic or market conditions, or financial or internal problems of the parties. This section shall not apply to any obligation stated with respect to an "Emergency or Non-compliance" as provided in Section 2.d of this Agreement, nor to the obligation to indemnify as provided in Section 5 of this Agreement, any obligation to pay money, or any obligation or problems that can be reasonably satisfied by the payment of money.

SECTION 4: PAYMENT IN LIEU OF UNITS

When do you expect to make the payment -in-lieu? N/A
 (typically corresponds with issuance of building permits) Month/Year

For ARO projects, use the following formula to calculate payment owed:

$$\frac{\text{Number of total units in development}}{\text{Number of total units in development}} \times 10\% = \frac{\text{Amount owed}}{\text{Amount owed}} \times \$100,000 = \$ \text{N/A}$$

(round up to nearest whole number)

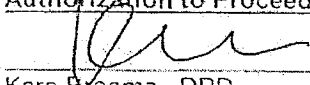

For Density Bonus projects, use the following formula to calculate payment owed:

$$\frac{\text{Bonus Floor Area (sq ft)}}{\text{Bonus Floor Area (sq ft)}} \times 80\% \times \$ \frac{\text{Median Land Price per Base FAR Foot}}{\text{Median Land Price per Base FAR Foot}} = \$ \text{N/A}$$

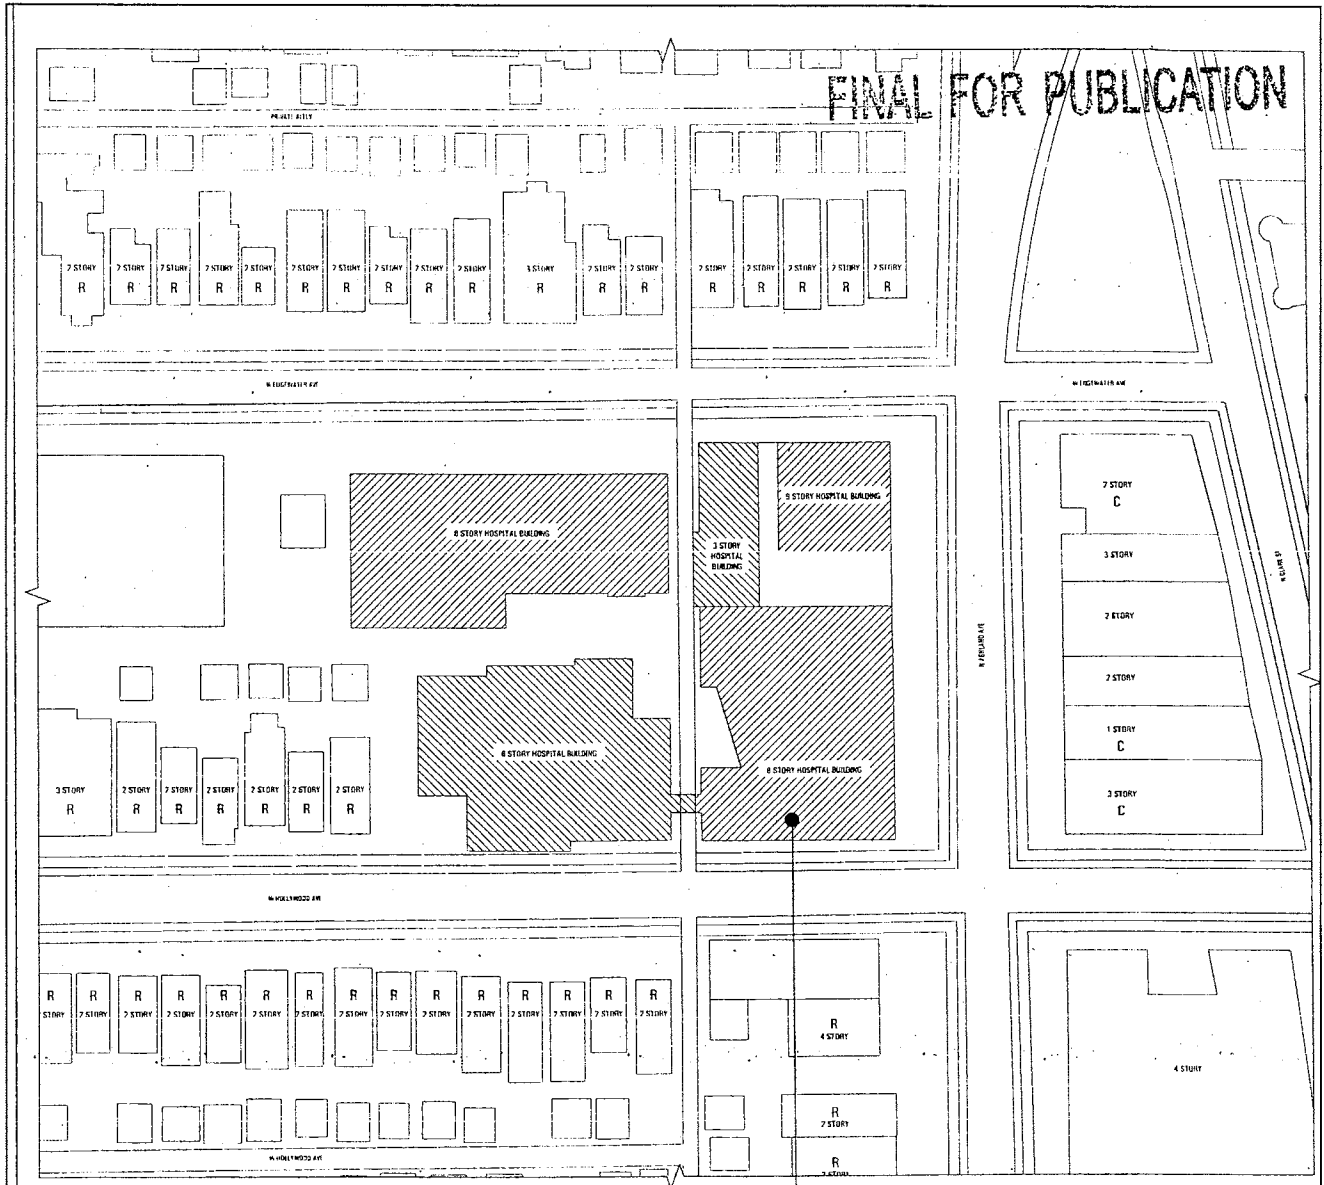

(from table below)

Submarket (Table for use with the Density Bonus fees-in-lieu calculations)	Median Land Price per Base FAR Foot
Loop: Chicago River on north/west; Congress on south; Lake Shore Dr on east	\$31
North: Division on north; Chicago River on south/west; Lake Shore Dr. on east	\$43
South: Congress on north; Stevenson on south; Chicago River on west; Lake Shore Dr. on east	\$22
West: Lake on north; Congress on south; Chicago River on east; Racine on west	\$29

SECTION 3. This ordinance shall be in force and effect from and after its passage and publication.

Plan of Development Statements attached to this ordinance read as follows:

Waterway-Residential-Business Planned Development No. _____.

1. The area delineated herein as Waterway-Residential-Business Planned Development Number _____ ("Planned Development") consists of approximately 1,265,781 square feet of net site area (after right-of-way adjustments contemplated herein) together with certain portions of adjacent rights-of-way, as depicted on the attached Planned Development Boundary and Property Line Map ("Property"). Lathrop Community Partners is the "Applicant" and has requested this Planned Development with the authorization of the owner of the Property, the Chicago Housing Authority. This Planned Development is divided into Subareas (each, a "Subarea" and collectively, the "Subareas") as indicated on the attached Subarea Map.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets of alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assign or grantees. Proposed right-of-way adjustments are shown in the attached -- "Right-of-Way Adjustment Map", including the proposed dedication of approximately 100,814 square feet of new right-of-way and the vacation of approximately 121,663 square feet of existing right-of-way. Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Department of Planning and Development (the "Department") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

All work proposed in the public way must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be approved by CDOT.

Prior to the issuance of any Part II Approval for Phase 2 or 3 as shown on the Preliminary Phasing Plan, the Applicant shall submit a traffic study that contemplates the full extent of the proposed development and which details the anticipated vehicular and pedestrian impact of such project on both the subject site and area infrastructure. Review and approval of such traffic study by CDOT is intended to ensure that the proposed development will not establish an improperly mitigated burden on the existing infrastructure. If any modifications are needed, the study shall detail the specific improvements and necessary infrastructure upgrades, which shall be fully funded by the Applicant.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessees.  - c. Subarea 3: 0 square feet
 - d. Subarea 4: 42,000 square feet, provided no building shall have a single retail tenant larger than 15,000 square feet within any subarea.
 - e. Subarea 5: 5,000 square feet; provided, however, that additional retail square footage for Subarea 5 may be expanded for the southernmost "Powerhouse Building" upon review and approval by the Department of Planning and Development.
7. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department. Off-premises signs are prohibited within the boundary of the Planned Development.
8. All ingress and egress shall be subject to the review and approval of CDOT and the Department. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT. All work proposed in the public way must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago and must be designed in accordance with the CDOT Street and Site Plan Design Standards and follow the principles and practices of a Complete Streets design approach. Any dedication, opening or vacation of public streets, alleys or easements or any adjustment of the public right-of-way contained within a particular Part II submittal shall be approved by CDOT and City Council as described in Statement 2.

The Applicant agrees to modify the traffic signal at Diversey and Leavitt to provide countdown pedestrian signal indications and a leading eastbound left turn arrow prior to the issuance of the Certificate of Occupancy for any building in Subarea 1.
9. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
10. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 1,265,781 square feet.

11. The Applicant shall obtain approvals from MWRD as may be required in order to release any stormwater from the development into the Chicago River. Stormwater detention facilities on the Property shall be privately owned and maintained.
12. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the waterway planned development guidelines contained in the Zoning Ordinance (Section 17-8-0912) and the Chicago River Corridor Design Guidelines and Standards. To further these goals, the Applicant agrees, as set forth in the Plans, to: (a) provide a minimum 30-foot building setback from the river as measured from the legal property line, which will include a continuous riverwalk as shown on the Landscape Plans, provided, however, that all existing buildings to remain shall be permitted to encroach on the 30-foot setback and (b) permit connection of such riverwalk and landscaping with similar facilities when properties adjacent to such portions of the riverwalk are improved or redeveloped. The Applicant shall permit un-gated public access to the river setback and provide signage on the riverwalk indicating that the riverwalk is open to the public during typical Chicago Park District hours. All riverwalk and landscaping improvements within the river setback must be substantially completed within twenty-four (24) months of the issuance of all necessary permits by all governmental or quasi-governmental authorities having jurisdiction over such improvements including, without limitation, the Army Corps of Engineers, Metropolitan Water Reclamation District, IDNR-OWR, Coast Guard and CDOT, and provided that planting may be delayed due to delays or inability to perform such acts due to causes beyond the reasonable control of the Applicant and provided that completion may be delayed if consistent with good landscape practice or if necessary to accommodate construction of later phases of development, but not longer than one year following receipt of the final occupancy certificate.

In addition to the riverwalk, and subject to the receipt of all necessary permits and approvals, the Applicant or its successors and assigns, at its sole cost, shall design and construct the open space improvements as depicted on the Landscape Plan (hereinafter the "Park"). The Applicant may enter into an agreement with the Chicago Park District relating to the ownership and maintenance of portions of the Park and, upon entering into such agreement, the Applicant shall provide evidence of such agreement to the Department of Planning and Development for inclusion in the main file for this Planned Development. Upon completion of the Park, the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors, shall be responsible for maintaining and managing those portions of the Park that are not subject to an agreement with the Chicago Park District (the "Privately Maintained Park") for the purposes set forth herein, including ensuring that the Privately Maintained Park's landscaping is well maintained, that the vegetation and plantings are kept in a healthy condition and that the Privately Maintained Park facilities are clean, well lit, litter free and clear of snow (hardscaped areas) and debris. The maintenance and management obligations contained herein shall continue for the life of this Planned Development and may, at the Applicant's election, be delegated or assigned to a homeowners association or master association. The Privately Maintained Park shall be privately owned, maintained and, subject to occasional partial closure for private use but subject to the foregoing, shall remain accessible to the public during

hours in which public parks are accessible to the public. All improvements within the Park must be substantially completed within the eighteen (18) month period set forth in this Statement 12 above, provided that plantings may be delayed if consistent with good landscape practice, but not longer than one year following the construction of the open space improvements set forth herein. Signage shall be placed at all park entries indicating the Park is open to residents of the Planned Development and the general public, free of charge.

13. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
14. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
15. Prior to the Part II Approval (per Section 17-13-0610 of the Zoning Ordinance) for construction of new buildings (with the exception of buildings substantially conforming to the Plans for Buildings N101 and S101, incorporated herein), site plan approval by the Department and site plan review by the Chicago Plan Commission shall be required in accordance with this Statement 15. In the instance the Applicant does not secure approval to demolish the existing buildings located in the areas identified on the plans as occupied by Buildings N101 and S101 and as depicted on PD Exhibit Number 10, Site Plan Review shall be required. Any modification of the existing facades and exterior work shall be reviewed by the Department of Planning and Development.

The Applicant shall submit a site plan, landscape plan, building elevations and a site data table for the building(s) and Subarea(s) in question for review by the Department (collectively, "Site Plans"). The site data table shall contain the following data for the proposed building(s) as compared to the parameters for the applicable Subarea(s) as set forth in the Bulk Regulations and Data Table:

- a. Gross Site Area;
- b. Net Site Area;
- c. FAR floor area of each proposed building;
- d. Maximum building height;
- e. Number of dwelling units;
- f. Number of parking spaces; and
- g. Other data as may be required by the Department to demonstrate compliance with this Planned Development

If, after review, the Commissioner determines that the Site Plans are not in substantial compliance with the Planned Development, then the Commissioner shall advise the Applicant in writing of the ways in which the Site Plans do not so comply. If, after review, the Commissioner determines that the Site Plans are in substantial compliance with the Planned Development, such Site Plans must then be reviewed by the Chicago Plan Commission at a public meeting but shall not require review or approval by the City Council. Following the Chicago Plan Commission review, the Zoning Administrator shall issue written approval of the applicable Site Plans. Following such approval, the approved Site Plans shall be made part of the main file and shall be deemed to be an integral part of this Planned Development.

Review and approval of Site Plans is intended to assure that specific development components substantially conform with the Planned Development and to assist the City in monitoring ongoing development. Site plan approval submittals need only include that portion of the Property for which approval is being sought by the Applicant. After approval of a site plan, changes or modifications may be made pursuant to the provisions of Statement 17. In the event of any inconsistency between approved plans and the terms of the Planned Development, the terms of the Planned Development shall govern.

16. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.
17. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessees. Specifically, but without limitation, in the instance that the Applicant does not secure approval to demolish the existing buildings located in the areas on the plans occupied by Buildings N101 and S101 as provided in Statement 15 above, the Department of Planning and Development is authorized to transfer FAR floor area, dwelling units and other development rights herein between and among Subareas 2, 4 and 5 and to revise the Bulk Regulations and Data Table accordingly, provided the total FAR and number of dwelling units shall not be exceeded.
18. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
19. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all new buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. At the time of site plan approval, all new buildings must demonstrate substantial compliance with the current City of Chicago Sustainable Development Policy set forth

by the Planning and Development. All buildings will achieve LEED or other building certification and a 50 percent green roof will be required on all new construction buildings.

20. The Applicant acknowledges and agrees that the rezoning of the Property from the RT4 Residential Two-Flat, Townhouse and Multi-Unit District and POS-2 Neighborhood Park, Mini-Park or Playlot District to the C2-3 Motor Vehicle-Related Commercial District, then to a Waterway-Residential-Business Planned Development for construction of this Planned Development will trigger the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements, the Applicant has agreed to provide affordable housing units and/or make a cash payment to the Affordable Housing Opportunity Fund, each in accordance with the requirements set forth in the Affordable Housing Ordinance. At the time of each Part II Review, Applicant must submit an Affordable Housing Profile Form to the Department of Planning and Development ("DPD"), in DPD's then-current form, for purposes of determining the number of required affordable units and/or the amount in lieu of cash payment for each residential building in the Planned Development. Prior to the issuance of any building permits for any residential buildings in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must either make the required cash payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Property (or the applicable portion thereof) and will constitute a lien against each required affordable unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each affordable unit to an income-eligible buyer at an affordable price, in accordance with the Affordable Housing Ordinance, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such affordable unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development in lieu of the requirements set forth in this Statement 20.

21. Construction of the improvements contemplated by this Planned Development may be completed in phases over a period of years. In accordance with Section 17-13-0612 of the Chicago Zoning Ordinance, it is acknowledged that commencement and completion of certain phases may exceed the periods set forth in Section 17-13-0612 of the

Chicago Zoning Ordinance. Unless construction of Phase 1 has commenced within six years following adoption of this Planned Development (subject to extension for one additional year as set forth in Section 17-13-0612 of the Chicago Zoning Ordinance), then this Planned Development shall expire and the zoning of the Property shall automatically revert to the C2-3 Motor Vehicle-Related Commercial District.

11. The applicant acknowledges and agrees that the rezoning of the Property from M2-3 Light Industry District to a C1-5 Neighborhood Commercial District for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). At the time of each Part II Review for the Residential Project, applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement Number 11 (amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the applicant must make the required Cash Payment.

12. The applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. All development shall be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development. The proposed building shall provide a vegetated ("green") roof, totaling a minimum of 50 percent of the net roof area (approximately 11,822 square feet) and obtain LEED certification.
16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property C1-5 Neighborhood Commercial District.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. 282, As Amended

Plan Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number 282, as amended (the "Planned Development") consists of approximately one hundred twenty thousand nine hundred fifty and forty-four hundredths (120,950.44) square feet (two and seventy-eight hundredths (2.78) acres) (the "Property") net site area which is depicted on the attached Planned Development Boundary, Property Line, Right-of-Way Adjustment and Subarea Map. The property is divided into three (3) subareas. Subarea A is owned by Windermere House LLC. Windermere House LLC is "Applicant" under this ordinance with respect to Subarea A; Solstice on the Park LLC

is "Applicant" with respect to Subarea B; and 5528 South Cornell Avenue Owner LLC is "Applicant" with respect to Subarea C. Windermere House LLC, Solstice on the Park LLC and 5528 South Cornell Avenue Owner LLC are collectively referred to in this ordinance as the "Applicants".

2. All applicable official reviews, approvals or permits implementing this Planned Development are required to be obtained by the Applicant or Applicants as specified in Statement 3. Any dedication or vacation of streets, alleys, or easements, any adjustments of right-of-way, or any consolidation or resubdivision of parcels, shall require a separate submission on behalf of such Applicants or their respective successors, assignees, or grantees and approval by the City Council.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon each Applicant, its respective successors and assigns, grantees and lessees and, if different than an Applicant, the legal titleholders or any ground lessors of its subarea. All rights granted hereunder to the Applicants shall inure to the benefit of the Applicants' respective successors and assigns and, if different than the Applicants, the legal titleholder or any ground lessors of their respective subareas. Furthermore, pursuant to the requirements of Article 17-8-0400 of the Chicago Zoning Ordinance, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, the Property shall be under single ownership or under single designated control.

Single designated control for purposes of this statement shall mean any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessors, subject however to the following exceptions and conditions: (a) an agreement among property owners, the board of directors of any property owners association, or a covenant binding property owners may designate the authorized party for any future amendment, modification or change; (b) except to the extent such an agreement is in effect, any changes or modifications to this Planned Development applicable to or in a given Subarea need only be made or authorized by the owners and/or any ground lessees of such Subarea provided there is no adverse effect on any other Subarea; and (c) where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and not to the individual unit owners therein.

4. The following uses shall be permitted within the Planned Development:

Subarea A:

Multi-unit residential, accessory and related uses, and residential support services as enumerated in Section 17-17-0104-Y of the Zoning Ordinance, provided, however, Subarea A at the time of adoption of this amended Planned Development

Ordinance has approximately thirty thousand (30,000) square feet of floor area devoted to non-residential uses, including retail, general restaurant, office, medical office, dental office, and daycare/childcare facilities and may continue to have those and similar non-residential uses within no more than thirty thousand (30,000) square feet of floor area.

Subarea B:

Subarea C:

Any portion of the Property may be used on an interim basis during construction for construction staging, the storage of construction materials, and parking for construction purposes.

5. This Planned Development consists of these seventeen (17) Statements, a Bulk Regulations and Data Table, and the following plans (collectively, the "Approved Plans") prepared by Studio/Gang/Architects, Ltd. and dated February 18, 2016: Existing Zoning Map; Planned Development Boundary, Property Line, Right-of-Way and Subarea Map; Site Plan - Extended; Subarea B Site Plan; Landscape Plan; Landscape Detail; Green Roof Plan; Lower Level Parking and Tower Plan; Level 1 Parking and Tower Plan; Level 2 Parking Plan; Level 3 Parking Plan and Subarea B South, North, East and West Elevations. These and no other zoning controls shall apply to the Property. The Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control.
6. On-premises signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development (the "Department"). Temporary signs such as construction and marketing signs shall be permitted subject to the review and approval of the Department. Off-premises signs shall not be permitted in the Planned Development.

7. The improvements on Subarea B of the Property shall be designed, constructed, and maintained: (i) in substantial conformance with this Planned Development and the Subarea B Site Plan, Landscape Plan, and Building Elevations; and (ii) in accordance with the parkway tree and the landscaping and screening provisions of the Chicago Zoning Ordinance. With respect to the driveway and vehicle use area on the south side of the building proposed for Subarea B, where the unique design of the building is reflected in the Site Plans and Landscape Plans, the Approved Plans shall control. The landscaping and screening provisions of the Chicago Zoning Ordinance shall control in the event of any other conflict with the Subarea B Site Plans and Landscape Plans.
8. Off-street parking and off-street loading facilities shall be provided in compliance with this Plan of Development. The required parking facilities within the Planned Development shall be permitted to have drive aisle and parking space dimensions in substantial conformity with those depicted on the Approved Plans. Nothing in this Plan of Development will prohibit automotive lifts or valet parking if applicable approvals and licenses are obtained.
9. Any service drive or any other means of ingress or egress, including for emergency vehicles, shall be adequately designed and paved in accordance with the provisions of the Municipal Code and the regulations of the Chicago Department of Transportation ("CDOT") in effect at the-time of review. There shall be no parking or storage of garbage receptacles within such service drives or within fire lanes. Any change to off-street parking ingress and egress as depicted in the Approved Plans shall be subject to the review and approval of CDOT and the Department.

All work in the public way must be designed and constructed in accordance with CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of CDOT.

The Applicants as specified in Statement 3 shall obtain the applicable official reviews, approvals and permits from the various City Departments and or Committees regarding the use of the public way for any encroachments of public way space including encroachments on, over or under the street, sidewalk, parkway or alley. Such approval and permits shall require a separate submittal on behalf of such Applicants or their respective successors, assignees or grantees and approval by the City Council.

10. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. In addition to the maximum height of the building and any appurtenance thereto prescribed in this Planned Development, the height of any improvement shall also be subject to height limitations as approved by the Federal Aviation Administration.
11. For purposes of F.A.R. calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply, provided, however, no floor area used for parking and loading will count as floor area for F.A.R. purposes. It is also hereby

acknowledged that: (i) any existing non-conformities with respect to F.A.R. and minimum lot area ("M.L.A.") within Subarea A are legal non-conformities; and (ii) in accordance with the attached Bulk Regulations and Data Table, F.A.R. and M.L.A. for Subarea B and Subarea C are permitted to be calculated on an aggregate basis, and F.A.R. and M.L.A. from Subarea C are being incorporated into Subarea B to permit the construction of the improvements to be located within Subarea B.

12. The terms, conditions and exhibits of this Planned Development ordinance may be modified administratively by the Zoning Administrator upon the application for such a modification by the Applicants as specified in Statement 3 and after a determination is made by the Zoning Administrator that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this Planned Development by the Zoning Administrator shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance. It is acknowledged that interior parking layouts and demising walls for the rooms and other interior spaces as shown on the Approved Plans are illustrative only and that the reconfiguration of such interior spaces shall not be deemed to require any further approvals pursuant hereto.
13. The Applicants acknowledge that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. Development within Subarea B shall be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department as follows: The Applicant for Subarea B shall: (a) obtain LEED certification, Green Globe or Energy Star certification for the Subarea B development; and (b) provide a vegetated ("green") roof on at least fifty percent of the Net Roof Area within Subarea B as shown on the Green Roof Plan (approximately 6,600 square feet). "Net Roof Area" shall exclude: rooftop parking areas, perimeter setbacks, roof areas occupied by rooftop structures and roof-mounted equipment, and roof areas above any enclosed mechanical penthouse.
14. The Applicants acknowledge that it is in the public interest to design, construct and maintain the building and other improvements within Subarea B in a manner that promotes, enables, and maximizes universal access throughout Subarea B. Plans for all buildings and improvements within Subarea B shall be reviewed and approved by the Mayor's Office for People with Disability ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote a high standard of accessibility.
15. Upon Part II Review for any improvements within Subarea B, a Part II Review Fee shall be assessed by the Department pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance. The fee as determined by staff at the time is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval for Subarea B.

16. All further development within the Planned Development shall comply with the Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings under Section 13-32-125 of the Municipal Code of Chicago or any other provision of that Code.
17. Unless substantial construction has commenced within six (6) years following adoption of this amendment to the Planned Development, and unless completion is thereafter diligently pursued, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property to the pre-existing classifications of Residential, Business Planned Development Number 282, as amended and modified, prior to the approval of this Plan of Development. Said six (6) years may be extended for up to one (1) additional year, if before expiration; the Zoning Administrator determines that a good cause for such an extension is shown.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall seek LEED certification and provide a green roof of not less than 50 percent of the net roof area of the improvements Subarea A, which is currently anticipated to consist of approximately 4,899 square feet of green roof.
15. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall; initiate a Zoning Map Amendment to rezone the property to the DX-5 Mixed-Use District.
16. The Applicant acknowledges and agrees that the rezoning of the Property from DX-5 Mixed-Use District to this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or "AHO"). Any developer of a "residential" housing project within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The Applicant further acknowledges and agrees that the project has received an affordable housing floor area bonus pursuant to Section 17-4-1004-B of the Zoning Ordinance; as set forth in the bonus worksheet attached hereto as Exhibit Number 1 ("Bonus Worksheet") and Exhibit Number 2, the Affordable Housing Profile Form, and as a result is also subject to the requirements of the former Section 17-4-1004-D of the Zoning Code (the "Density Bonus Provisions"). Like the ARO, the Density Bonus Provisions require on-site affordable housing or payment of a fee in lieu of providing affordable housing, but the formulas for calculating the number of required affordable units and the amount of the in lieu payment are different from the formulas in the ARO. If a Planned Development

is subject to both the 2007 ARO and the former Density Bonus Provisions, the Applicant may elect to comply with either. In this case, the Applicant has elected to comply with the Density Bonus Provisions. In accordance with the formulas set forth in the former Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must provide a minimum of 8,045 square feet of affordable housing floor area (the "Affordable Units") in the building receiving the affordable housing floor area bonus ("Eligible Building"), with an affordable unit mix comparable to the overall mix and approved by DPD's density bonus project manager, or make a cash payment in lieu of providing Affordable Units in the amount of \$1,106,992 ("Cash Payment"). Prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation, or foundation permits, the Applicant must either make the required Cash Payment or, if providing Affordable Units, enter into an affordable housing agreement with the City pursuant to the former Section 17-4-1004-E9 ("Affordable Housing Agreement"). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Eligible Building. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must comply with the applicable affordable housing standards and requirements set forth in the former Section 17-4-1004, the terms of which are incorporated herein by this reference. Notwithstanding anything to the contrary contained in the former Section 17-4-1003-E, the Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. Pursuant to the Transit Infrastructure Improvements Bonus provisions of Section 17-4-1020 of the Zoning Ordinance, the Applicant has requested an increase in the floor area permitted on the Property based on a cash contribution for public transit infrastructure improvements. The Applicant shall make a cash contribution in the amount of One Million One Hundred Six Thousand Nine Hundred Ninety-two and no/100 Dollars (\$1,106,992.00), which corresponds to a floor area bonus of 1.0 over the Net Site Area of 32,180 square feet. Pursuant to Section 17-4-1020-A of the Zoning Ordinance, the Applicant must enter into an agreement with the agency undertaking the improvements providing for such cash contribution. The Commissioner may require evidence that such cash contribution has been funded by the Applicant as a condition to issuance of any Part II Approvals.
18. Pursuant to the Adopt-A-Landmark Bonus provisions of Section 17-4-1022 of the Zoning Ordinance, the Applicant has requested an increase in the floor area of the Property based on the proposed restoration of concrete balconies at the Marina City Residential Towers located at 300 North State Street (the "Landmark Project").

Pursuant to Section 17-4-1022 of the Zoning Ordinance, the Commissioner of Department of Planning and Development (the "Commissioner"), acting on behalf of the City and the Commission on Chicago Landmarks, is authorized and directed to enter into an agreement with the Marina Towers Condominium Association, which is the association of owners of the Landmark Project established pursuant to the Illinois Condominium Property Act, regarding the manner in which funds for renovation work in the Landmark Building relating to the Adopt-A-Landmark Bonus, as approved by the Commission on Chicago Landmarks, will be used. On January 7, 2016, the Commission on Chicago Landmarks approved a Scope of Work and Budget for the Landmark Project, providing for the expenditure of One Million One Hundred Six Thousand Nine Hundred Ninety-two and no/100 Dollars (\$1,106,992.00) in project costs (the "Project Costs"), which corresponds to a floor area bonus of 1.0 over the Net Site Area of 32,180 square feet. The agreement shall be in a form approved by the Corporation Counsel and shall be executed and submitted to the Department of Planning and Development prior to the issuance of any approvals pursuant to Section 17-13-0610 of the Chicago Municipal Code ("Part II"). The Commissioner may require evidence that the Project Costs have been funded by the Applicant as a condition to issuance of any Part II Approvals. The terms and conditions of the Landmark Project Scope of Work and Budget may be modified administratively by the Commissioner in accordance with the provisions of Statement 12 of this Planned Development and as described in the Landmark Project Scope of Work and Budget.

19. The Applicant acknowledges that the Planned Development includes a building commonly known as Assumption Church and identified as Orange (OR) (potentially significant) in the Chicago Historic Resources Survey. This Planned Development does not propose any changes to the building or its use.

SECTION 2. This ordinance shall be in force and effect from and after its passage and approval.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. 1169, As Amended.

Plan Of Development Statements.

1. The area delineated herein as a Residential-Business Planned Development Number 1169, as amended (the "Planned Development") consists of approximately 3,063,969 square feet of net site area (approximately 70.34 acres) of property (the "Property"), together with certain portions of existing rights-of-way, as depicted on the Planned Development Boundary and Property Line Map, as defined in Statement Number 4(a). The Property is owned or controlled by Lake Meadows Associates, an Illinois limited partnership (the "Applicant"). The Planned Development is divided into Subareas (each, a "Subarea", and collectively, the "Subareas"), as indicated on the Subarea Map, as defined in Statement Number 4(a). The purpose of this amendment to the Planned Development is to (a) secure Final Subarea Plan approval for Subarea A2 and to secure Site Plan Review approval for Parcel 1.1 of Block 1 of Subarea A2 and (b) make certain revisions to these statements in recognition of revised development program sequence for the Planned Development. The Applicant owns or controls Subarea A2.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant. These Planned Development statements do not obligate the City of Chicago ("City") to establish any public rights-of-way, accept or maintain any open space, detention or site buffer areas, construct any public improvements, or finance the construction of any improvements. Any dedication, opening or vacation of streets, alleys or easements or adjustments of rights-of-way or consolidation or resubdivision of parcels shall require a separate submittal on behalf of the Applicant and approval by the Commissioner of the Department of Transportation ("CDOT") and the City Council of the City of Chicago (the "City Council"). Any required City Council approvals must be obtained prior to issuance of any Part II Approval. Applicant shall have the right to seek approval in phases for any or all of the foregoing approvals. In connection with planning for any Subarea, adjustments in the location, width and configuration of the

rights-of-way illustrated on the Rights-of-Way Adjustment Map, as defined in Statement Number 4(a), may be approved by the Zoning Administrator of the Department of Planning and Development (the "Department") as a minor change to this Planned Development, provided such adjustments (a) do not result in a change in the character of this Planned Development in accordance with the requirements of Section 17-13-0611 of the Chicago Zoning Ordinance, (b) are set forth in a plat of subdivision, dedication, opening or vacation, or comparable plat or instrument, as applicable, that has been submitted by Applicant for approval by CDOT, the Department and by the City Council at the time of request for such adjustments (and approved by CDOT and the City Council prior to the issuance of any Part II Approval), and (c) shall not be deemed to confer any additional bulk, density or other development.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant and its successors, assigns and grantees. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors, assigns and grantees (including any condominium or homeowners' association which may presently exist or hereafter be formed). References in this Planned Development to "Applicant" shall mean and include as applicable the Applicant's successors, assigns and grantees. The requirements of Section 17-8-0400 of the Chicago Zoning Ordinance shall apply to the Property. The Subareas (and, if subsequently designated on any Final Subarea Plan, any subparcels designated thereon), shall be deemed specifically delineated subareas and subparcels for purposes of Section 17-8-0400 of the Chicago Zoning Ordinance, provided, however, that for so long as Lake Meadows Associates ("LMA") owns or controls any part of the Property, any application to the City for any such changes or modifications (administrative, legislative or otherwise) must in all cases be authorized by the LMA or its express designee. Where portions of the improvements located on the Property have been or are hereafter submitted to the Illinois Condominium Property Act or any similar common interest community statute, or made subject to a private declaration governing a homeowners association, the term "owner" shall be deemed to refer solely to the condominium association, common interest community or homeowners association of such owners of such portions of the improvements and not to the individual unit owners therein. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer (a "Transfer") of all or any portion of the Property or any rights, interests or obligations therein by the Applicant or any owner. Any party making application shall have the burden of establishing to the reasonable satisfaction of the Department that the consent of LMA (or its express designee) has been obtained, assigned or irrevocably waived. Upon any Transfer of all or any portion of the Property or the rights therein (other than a mortgage lien or security interest) and solely with respect to the portion of the Property so transferred, the term "Applicant" shall be deemed amended to apply solely to the transferee thereof (and its beneficiaries if such transferee is a land trust); provided, however, that the right of LMA (or its express designee) to authorize future amendments, modifications or other changes (administrative, legislative or otherwise) to this Planned Development shall not be deemed to be amended or transferred unless the Applicant assigns such rights to the transferee in writing or otherwise irrevocably waives such rights. Nothing in this Statement 2 shall be construed in derogation of Section 17-1-1003 of the Zoning Ordinance.

- (e) The intent of this amendment is to revise the Planned Development Statements, the Use, Bulk and Data Subarea A2, and the Design Exhibits applicable to Subarea A2 in order to recognize and provide for approval of a Final Subarea Plan for Subarea A2. It is the further intent that the Planned Development Statements, use, bulk and regulation provisions and the Design Exhibits for all Subareas other than Subarea A2 remain in full force and effect as approved as of June 30, 2010. Moreover, references herein to one or more Design Exhibits

with the pre-cursor 2010 (e.g., 2010 Subarea Map) shall be deemed to refer to that specific Design Exhibit approved as of June 30, 2010, as the context requires.

- (f) Full size copies of the Design Exhibits are on file with the Department. References in these statements to the "Planned Development" shall be deemed to include the aforementioned Design Exhibits. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance and satisfies the established criteria for approval as a planned development. In the case of any express conflict between the terms of this Planned Development, and the Chicago Zoning Ordinance, this Planned Development shall apply. Absent an express conflict, the terms of the Chicago Zoning Ordinance shall apply to reviews, determinations and approvals under these statements and to improvements to the Property. In any instance where a provision of the Planned Development conflicts with the Chicago Building Code, the Building Code shall control.
5. The maximum floor area ratio ("FAR") and number of dwelling units permitted in each Subarea are set forth in the Master Bulk Regulations and Data Table. The permitted uses, floor area ratio, number of dwelling units, building height, setbacks, parking and bicycle parking requirements for each Subarea are set forth in each Subarea's Use, Bulk and Data Table included in the Design Exhibits, and as further explained in the notes to each of such tables. For the purposes of calculations or measurements pertaining to the foregoing, the applicable definitions in the Chicago Zoning Ordinance shall apply. The Property was zoned B3-5 immediately prior to the City Council's adoption of this Planned Development.
 6. Changes in the boundaries of Subareas shall require an amendment to these statements in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance.
 7. On-premises signs and temporary signs such as construction and marketing signs shall be permitted within the Planned Development subject to the review and approval of the Department. Off-premises signs are prohibited within the boundaries of the Planned Development.

 9. (a) All ingress and egress shall be subject to the review and approval of the Chicago Department of Transportation ("CDOT") and the Department. Closure of all or any public street or alley during demolition or construction, and the conditions and timing for acceptance of any new public roadways or improvements that are to be constructed and dedicated, shall be subject to the review and approval of CDOT. All work proposed in the public way must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way

and in compliance with the Municipal Code of the City of Chicago, and must be designed in accordance with the CDOT Street and Site Plan Design Standards and follow the principles and practices of a Complete Streets design approach where practical and appropriate.

Any dedication or vacation of public streets, alleys or easements, any subdivision or any other adjustments of the public rights-of-way contained within a particular Part II Submittal (collectively "Public Way Adjustments") shall be approved by City Council prior to the issuance of any final Part II Approval. Subject to the foregoing, the City's election to defer the dedication of any land, or the dedication and acceptance of any new public roadways or improvements until the same have been fully constructed and approved, shall not otherwise delay or prevent the Department's issuance of any Part II Approval.

- (b) In connection with the Applicant's submittal of any plats, Final Subarea Plans and Site Plans in accordance with Statement 10 below, CDOT shall finally determine what means of ingress and egress are required, what public rights-of-way are required, and what public way improvements must be constructed as part of any project in any given Subarea (including any improvements required outside of such Subarea, but impacted or integrally related to such Subarea's project and the public improvements associated therewith). The term "project" as used in this Planned Development shall mean the subject of an application for Site Plan approval, which may consist of one or more buildings, unless the context indicates otherwise.
 - (c) Applicant, at its own expense, agrees to provide traffic impact studies, pay for the services of professional engineering services, and pay for the cost of third party construction inspection services to assist CDOT in its review and approval of any plats, Final Subarea Plans, and Site Plan submissions (which approvals shall be a condition precedent to the Department's issuance of any applicable Part II Approval). CDOT must approve the applicable consultant, which shall report to CDOT. Recommended traffic and engineering measures shall be included in the design review process and implemented.
 - (d) A minimum of two percent (2%) of all parking spaces provided pursuant to this Planned Development shall be designated and designed for parking for the handicapped.
10. This Statement 10 describes the procedures and approvals that shall govern the review and approval by the Department and, when applicable, the review and approval of the Chicago Plan Commission or the City Council, or both the Chicago Plan Commission and the City Council, whenever the Applicant undertakes any development project on the Property.

(a) Final Subarea Plan.

At the time the first development project in a given Subarea (or one or more Subareas) is undertaken, the Applicant shall file with the Department a final subarea plan which includes the information set forth below, (the "Final Subarea Plan") for such Subarea(s) along with an application for Site Plan Review pursuant to Statement 10(b) hereof. Such filing requirements shall not apply to Subarea A1, which was approved as part of this Planned Development on June 30, 2010. Such filing requirements also shall not apply to Subarea A2 which is being approved as part of this amendment to the Planned Development. The Final Subarea Plan shall govern such first development project and, unless amended pursuant to this Statement 10(a), all subsequent development projects thereafter constructed in such Subarea.

The Final Subarea Plan filing shall include the following:

- (i) A dimensioned Subarea Plan including the following with respect to such Subarea (and any subparcels designated therein, if any):
 1. All public rights-of-way that are proposed to be dedicated or opened, and all private rights-of-way;
 2. Dimensioned setback lines;
 3. All off-street parking and service areas, both accessory and non-accessory;
 4. All open space, site buffer, detention and recreational facilities;
 5. Sites for any schools, libraries, police stations or other public facilities, if any; and
 6. Dimensioned green roof plans, as set forth in Statement 14.

- (ii) A detailed, dimensioned Subarea site plan including:
 1. All sidewalks (including the width of paved surfaces);
 2. All roads, streets, alleys (all identified as public or private), including the right-of-way width, the width of paved surfaces, street intersection details, and all curb cuts;
 3. Dimensioned building sites, dimensioned setback lines, the proposed use of each building site, and indication of the maximum building height, FAR and residential unit count for each building site;

4. All off-street parking and service areas, both accessory and non-accessory; and
 5. Fully dimensioned parking plans, loading areas, and landscape plans (which landscaping may be planned and constructed in phases).
- (iii) Preliminary engineering plans including the following:
1. Sanitary and storm sewer lines and systems (identified as public or private);
 2. Water lines and water supply systems (identified as public or private); and
 3. Street lighting (identified as public or private) and lighting systems.
- (iv) Illustrative Subarea building elevations and locations for all of the buildings to be constructed in such Subarea including the following:
1. Illustrative elevations for all buildings to be located within the applicable Subarea (including axonometric or 3-D exhibits), which buildings shall be consistent with the floor area ratio, building height, dwelling unit, setback and parking space requirements permitted or required in the applicable Subarea.
 2. Although final elevations for the buildings to be constructed shall not be required at the Final Subarea Plan approval stage except for the building requesting site plan approval, the massing, the entrances, and maximum building heights and window design should be addressed, and depictions and explanations provided describing how the buildings to be constructed incorporate the pedestrian-orientation, urban design, building design and green design standards and guidelines set forth in Sections 17-8-0905, 17-8-0906, 17-8-0907 and 17-8-0908 of the Chicago Zoning Ordinance, respectively.
- (v) For the Final Subarea Plan for Subarea D only, the information required under Statement 17(e).

The Final Subarea Plan shall be submitted and processed as an amendment to the Planned Development pursuant to Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance. As such, the Final Subarea Plan shall be subject to the review and approval of the Department and such other bureaus, departments or agencies as the Commissioner deems appropriate (which may

include, but are not limited to, CDOT, the Department of Water Management ("DWM"), the Fire Department and the Mayor's Office for Persons With Disabilities ("MOPD") (as applicable, the "Affected City Departments"), the Chicago Plan Commission, the Zoning Committee and the City Council, as described in such Section 17-13-0602 through Section 17-13-0610. Each Final Subarea Plan submitted shall propose "sunset" requirements applicable to such Subarea for City Council approval and for the continued effectiveness of this Planned Development as to Subareas where the zoning of this Planned Development remains subject to lapse and voiding. A Final Subarea Plan must be approved prior to, or concurrently with, the approval of any Site Plans submitted and processed pursuant to Statement 10(b) below.

- (b) Site Plans. Site Plan Review shall be required for all projects undertaken in furtherance of the Planned Development and the Final Subarea Plan in accordance with the provisions hereof, excluding Site Plan Review for the Subarea A1-1.4 project described in Statement Number 4(c)(i) which was approved as part of the Planned Development on June 30, 2010 and the Subarea A2-1.1 project described in Statement Number 4(c)(ii), which is being approved as part of this Planned Development. No Site Plan approval shall be required for alterations to existing buildings that do not increase their height or alter their footprint and no Site Plan approval shall be required for demolition or site work. In addition to the data referenced below, the Applicant shall provide an exhibit showing lot sizes and boundaries for such project. The Applicant shall also provide a Site Data Table for such project containing, for each Subarea and subparcel, if any, the following:
- i. the Gross Site Area;
 - ii. the Net Site Area;
 - iii. the square feet of floor area of each proposed building;
 - iv. the amount of FAR utilized out of the maximum FAR permitted in such Subarea;
 - v. the height of each building to be constructed and the maximum allowable height permitted under the Design Exhibits applicable to such Subarea;
 - vi. the number of dwelling units to be constructed and the maximum number of dwelling units permitted under Design Exhibits applicable to such Subarea;
 - vii. the front, rear and side setbacks for each building and the setbacks required under the Design Exhibits applicable to such Subarea;
 - viii. the site area attributable to all residential open space, if applicable; and
 - ix. The number of parking spaces to be provided and the minimum and maximum number of parking spaces required under the Subarea Use, Bulk and Data Table, as applicable.

Except to the extent previously depicted in (and unchanged from) the applicable Final Subarea Plan, the Applicant shall also provide site plan documents illustrating: all building location(s); curb cuts; sidewalks; parking and loading areas; landscaping, lighting and signs; fencing and outdoor storage areas; and waste storage and compacting facilities. A map of surrounding land uses and buildings for a distance of one block in all directions also must be provided. Final elevations must be provided for the proposed building(s). Building materials for the proposed building(s) must also be specified.

- (c) Under Chapter 2-45-115(b) of the Municipal Code (the "ARO"), the City Council's approval of this Planned Development amendment does not constitute a "Rezoning of Property" as that term is defined in the ARO. Accordingly, the Applicant is subject to the provisions of Section 2-45-110 of the ARO. Pursuant to Section 2-45-110, the Applicant is obligated to either (i) establish at least ten percent (10%) of the residential dwelling units constructed after the date of such approval on the Property as affordable housing within the meaning of, and as governed by, the ARO or; (ii) in lieu of establishing such affordable housing, the Applicant may make payments in accordance with the requirements of Section 2-45-110(d)(1) of the ARO. As part of the Site Plan review and approval process for any application proposing the construction of a building containing residential dwelling units, the Applicant shall also provide, for the review and approval of the Department (or any successor department thereto), such information, documents and agreements as may be required under the ARO to assure that such required affordable housing units are provided and maintained or, in lieu thereof, that such payments are provided.
- (d) The Site Data Table shall also incorporate a Chicago Builds Green Form/Sustainable Features table showing the "green" features to be included in the proposed buildings. The Site Plan shall be subject to review and approval of the Department and such affected City Departments as the Commissioner deems appropriate before issuance of any Part II approval for the subject project. The Site Plan must be in substantial compliance with both the Planned Development and the applicable Final Subarea Plan.
- (e) If, after City departmental review, the Commissioner determines that the Site Plan is in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, and if any improvements contemplated by the Site Plan trigger or exceed any of the mandatory Planned Development thresholds set forth in Section 17-8-0500 of the Chicago Zoning Ordinance as applicable to the B3-5 zoning district, then the Site Plan must be reviewed by the Chicago Plan Commission, during a public meeting and shall not require review and approval by the City Council. The threshold for tall buildings under Section 17-8-0512-A of the Chicago Zoning Ordinance shall be 80 feet, irrespective of ground floor commercial space.
- (f) If such mandatory thresholds are not triggered, met or exceeded, then no Chicago Plan Commission review shall be required, and if, after City departmental review and where applicable, Plan Commission review, the

Commissioner determines that the Site Plan is otherwise in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, the Site Plan shall then be approved by the Commissioner. If, after City departmental review, the Commissioner determines that the Site Plan is not in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, the Commissioner shall advise the Applicant in writing of how the Site Plan does not substantially comply with the Planned Development and/or the Final Subarea Plan. In such case, the Applicant shall be given an opportunity to submit revised Site Plans. If the Commissioner finally determines that the Site Plans, as the same may be revised, are not in substantial compliance with the Planned Development and/or the Final Subarea Plan, the Applicant then shall be required to amend the Final Subarea Plan in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance in order to obtain approval of such Site Plans. After approval of a Final Subarea Plan and/or Site Plan, such Final Subarea Plans and Site Plans may be changed or modified pursuant to the requirements of Statement Number 14 hereof, if applicable.

- (g) The Applicant acknowledges that the City's approval of a Final Subarea Plan and/or Site Plan shall not be deemed to be an approval of a subdivision of the property. It shall be Applicant's responsibility to comply with the Illinois Plat Act, as and when required, and to obtain separate City Council approval of any required subdivision.

11. Approved Site Plans.

- (a) On June 30, 2010, the Department approved the Site Plan for Subarea A1-1.4, consisting of the drawings and materials set forth in Statement Number 4(c) hereof, as in substantial compliance with the approved Subarea A1 Final Subarea Plan. Additionally, the Subarea A1-Parcel 1.1.4 Site Plan represents the first project to be approved pursuant to the Subarea A1 Final Subarea Plan. No further City Council or Department approval of the Subarea A1 Final Subarea Plan shall be required for future projects submitted for Site Plan approval in Subarea A1; provided, however, that each such future project shall substantially comply with the approved A1 Final Subarea Plan.
- (b) The Department hereby approves the site plan for Subarea A2-1.1, consisting of the drawings and materials set forth in Statement Number 4(c)(ii) hereof, as in substantial compliance with the approved Subarea A2 Final Subarea Plan. Additionally, the Subarea A2-1.1 Site Plan represents the first project to be approved pursuant to the Subarea A2 Final Subarea Plan. No further City Council or Department approval of the Subarea A2 Final Subarea Plan shall be required for future projects submitted for Site Plan approval in Subarea A2; provided, however, that each such future project shall substantially comply with the approved A2 Final Subarea Plan.

12. The improvements on the Property shall be designed, constructed and maintained in substantial compliance with the Design Exhibits attached hereto.
 - (a) Parkway and parking lot landscaping shall comply with the landscaping provisions of the Chicago Zoning Ordinance and Chicago Landscape Ordinance, unless specified otherwise in an approved Final Subarea Plan.
 - (b) The Property shall be designed and constructed in accordance with the City of Chicago Regulations for Sewer Construction and Stormwater Management and Stormwater Management Ordinance Manual, latest editions. Any amendment to the City's storm water management requirements which the City adopts thereafter shall apply to the Property or the development thereof.
 - (c) The Applicant, at the time of a project shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of the Department of Streets and Sanitation, the Commissioner of the Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of the City of Chicago or any other provision of that Code.

13.
 - (a) The Part II Review fee for permits and licenses to be issued for projects in the Planned Development shall be the greater of \$0.50 per square foot for the total buildable floor area (i.e., the current rate under Section 17-13-0610 of the Chicago Zoning Ordinance) or the then applicable per square foot charge (or other then applicable charge) at the time of such Part II Review. Such fee shall be determined and assessed by the Department at the time of each and every Part II review, shall be applicable to all projects, whether undertaken by the Applicant or another developer, shall be final and binding and must be paid to the Department prior to issuance of any Part II Approval.
 - (b) Following Part II Review and approval by the Commissioner, the Department shall keep such approved plans and elevations on permanent file and they shall be deemed to be an integral part of this Planned Development.
 - (c) The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promote and enable universal access throughout the Property in accordance with all laws.
 - (d) Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote accessibility in accordance with all laws.
 - (e) Any interim reviews associated with Site Plan approvals or Part II Reviews, are conditional until final Part II Approval.

14. Subject to the other terms and conditions of these statements, including specifically, but without limitation, Statement 10's filing, review and approval requirements, the terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner: (i) upon application and a determination by the Commissioner in accordance with the minor change provisions and standards of Section 17-13-0611 of the Chicago Zoning Ordinance (provided, however, that Sections 17-13-0611-A.2 and A.3 shall be separately tested on a subarea basis, without taking into account the Net Site Area of or dwelling units permitted in other subareas or the Planned Development as a whole); and (ii) provided such modification, and the improvements contemplated thereby, are consistent with the character of the Planned Development and the applicable Final Subarea Plan. Any such modification shall be reviewed and approved through the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.
15. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner which provides healthier environments, reduces operating costs and conserves energy and resources. All development in any subarea shall conform to the City of Chicago's "Sustainable Development Policy Matrix" in effect on the date of submittal of Site Plans pursuant to this Planned Development.
16. Open Space B2-2.1, as set forth in the Subarea Plan for Subarea B2, consists of 153,655 square feet (approximately 3.53 acres), and Open Space E-1.1, as set forth in the Subarea Plan for Subarea E, consists of 86,822 square feet (approximately 2.0 acres). Open Space B2-2.1 and Open Space E-1.1 shall be dedicated to the Chicago Park District ("CPD") and the parks and improvements thereon must be designed and constructed to CPD standards. Any conveyance of such open space to the CPD shall be subject to the approval of the CPD and a resolution or ordinance issued by the CPD Board of Commissioners must be provided to the Department to evidence such dedication, conveyance and acceptance.
17. (a) The Applicant shall have substantially completed installation; and made publicly available, either Open Space B2-2.1 (located in Subarea B2) or Open Space E-1.1 (located in Subarea E), no later than 12 months after the date that Part II Approval has been issued for 2,354 or more new dwelling units (30 percent of total permitted units) since the date of adoption of this Planned Development. The date of completion as aforesaid shall be subject to a six month extension as necessary to accommodate the growing season.

(b) The Applicant shall have substantially completed installation, and made publicly available, either Open Space B2-2.1 (located in Subarea B2) or Open Space E-1.1 (located in Subarea E), whichever was not installed pursuant to Statement 17(a) above, no later than the date that is 12 months after the date that Part II Approval

has been issued for 4,707 or more new dwelling units (60 percent of total permitted units) since the date of adoption of this Planned Development. The date of completion as aforesaid shall be subject to a six month extension as necessary to accommodate the growing season.

- (c) The location, configuration and boundaries of Open Space A3-1.2 (consisting of 0.8 acres) and Open Space E-2.3 (consisting of 0.7 acres), as depicted in the applicable design exhibits, are preliminary. So long as the minimum amount of site area attributable to each such Open Space remains substantially as required above, the location, configuration and boundaries of each may be modified at the election of the Applicant, with the concurrence of the department; provided, however, that each such Open Space, as its location, configuration or boundary may have been modified, shall be located wholly within its applicable Subarea or adjacent Subarea. Any such modifications shall be reflected in the applicable Site Plan approvals, when and as submitted for such approval. The Open Spaces described in this Statement 17(c) shall be clearly lit and signage shall be appropriately placed indicating the site is publicly accessible from sunrise to sunset. The Applicant shall be responsible for all development, management, maintenance repair and replacement costs associated with such Open Spaces.
- (d) The Applicant shall have substantially completed installation, and made publicly available:
 - (i) Open Space E-2.3 (consisting of 0.7 acre), located in Subarea E, not later than 24 months after issuance of Part II Approval for any buildings in Parcel 2.2 having in aggregate not less than 449,962 square feet (i.e., 30 percent of Parcel 2.2's floor area as specified in Subarea E's Use, Bulk and Data Table).
 - (ii) Open Space A3-1.2 (consisting of 0.8 acre), located in Subarea A3, not later than 24 months after issuance of Part II Approval for buildings in Parcels 1.1, 1.3 and 1.4 having in aggregate not less than 421,379 square feet (i.e., 30 percent of the total combined floor area attributable to Parcels 1.1, 1.3 and 1.4, as specified in the Subarea A3's Use, Bulk and Data Table).
 - (iii) The dates of completion as aforesaid shall be subject to a six month extension as necessary to accommodate the growing season.
- (e) Nothing in this Planned Development shall preclude the Applicant from seeking and obtaining Open Space Impact Fee Credits for any Qualifying Open Space

pursuant to the Open Space Impact Fee Administrative Regulations and Procedures promulgated by the Commissioner pursuant to Section 16-18-110 of the Municipal Code of Chicago and the "Notice to Residential Developers Regarding New Open Space Impact Fees", last revised by the City on April 6, 1998, as either may be amended from time to time.

- (f) As part of the Final Subarea Plan for Subarea D, the Applicant shall provide preliminary engineering drawings and such other information as the Department may reasonably require to evidence the design, elevations and plans for the construction of the public pedestrian bridge and footpath (the "33rd Street Improvements") depicted in the Subarea D exhibits, including, without limitation, the CPD's approval of such designs, elevations and plans. The Applicant shall be obligated to substantially complete construction of the 33rd Street Improvements within 24 months of the issuance of Part II Approval for the third high-rise building in Subarea D. No Part II Approval for a fourth high-rise building in Subarea D shall be issued until construction of the 33rd Street Improvements has substantially commenced. If the Applicant, however, after 12 months of diligent and good faith efforts at the Applicant's own expense, certifies in writing to the Department that the Applicant has been unable to secure the real property interests, governmental approvals, and third party approvals and agreements necessary to construct the 33rd Street Improvements, then, in lieu of constructing such improvements, the Applicant may instead substantially commence construction of the open space required under Statement 17(a) (if it has not previously been constructed) or Statement 17(b) (if the open space required under Statement 17(a) has been previously constructed) within 24 months of the issuance of Part II Approval for the third high-rise building in Subarea D. Upon such substantial commencement of construction (and assuming that the Applicant does not thereafter cease or abandon such construction efforts, but thereafter diligently constructs such open space), the Applicant shall be entitled to obtain Part II Approval for the fourth high-rise building in Subarea D.
18. As of the original date of adoption of this Planned Development (i.e., June 30, 2010), the various portions of the Property (now defined as Subareas A1, A2, A3, B1, B2, B3, C, D and E) are improved with existing improvements and operated with existing uses. Subarea C is improved with, among other things, multiple townhouses, single-family homes and a condominium building containing dwelling units; and the owners, ground lessees and operators of Subarea C use said improvements and conduct other uses and operations within Subarea C (collectively, the "Subarea C Uses and Improvements"). The remaining portions of the Property are improved with, among other things, multiple residential buildings containing nearly 2,000 residential dwelling units, multiple commercial and retail buildings and surface parking lots; and the owners

and operators of these portions of the Property use said improvements and conduct other uses and operations within said portions of the Property (collectively, the "Lake Meadows Uses and Improvements"). (The Subarea C Uses and Improvements and the Lake Meadows Uses and Improvements may collectively be referred to herein as the "Existing Uses and Improvements"). Changes to the Existing Uses and Improvements shall be subject to the terms of this Planned Development.

19. The FAR and number of dwelling units attributable to buildings existing on the Property on the original date of this Planned Development (i.e., June 30, 2010) shall, until the demolition of any such buildings, continue to be included in the calculations of maximum FAR and dwelling units. If the FAR or number of dwelling units of an existing building located in a given Subarea is less than allowed subarea, then new FAR and/or dwelling units, as the case may be, shall be allowed in such subarea up to the applicable maximums. If the FAR or number of dwelling units of any existing building(s) in Subarea B1 is equal to or more than such subarea's applicable maximums under this Planned Development, then no new FAR or dwelling units, as the case may be, may be constructed in such subarea until sufficient FAR and dwelling units are removed so as to permit the construction of new dwelling within the limitations set forth in this Planned Development applicable to Subarea B1. Notwithstanding the foregoing, a maximum of 50 new dwelling units shall be permitted within that portion of Subarea B1 bounded by the northern boundary of Subarea B1 (Olivet Baptist Church); the north/south alley east of Dr. Martin Luther King, Jr. Drive; East 33rd Street; and Dr. Martin Luther King, Jr. Drive. A sufficient amount of FAR to accommodate such new dwelling units shall also be permitted.
20. (a) This Planned Development shall lapse and be null and void unless Substantial Construction (as defined below) has occurred in Subarea A1 and Subarea A2 within six (6) years of the date of the City Council's approval of this Planned Development amendment (as such date may be extended pursuant to Statement 20(d) below, the "Initial Expiration Date"). "Substantial Construction" shall mean and be evidenced by the (i) issuance of Part II Approvals; (ii) commencement of substantial construction; and (iii) the continued proceeding of such construction with reasonable diligence for not less than 50,000 gross square feet of improvements in Subarea A1 and 70,000 gross square feet of improvements in Subarea A2 (it being acknowledged that the Applicant has already completed 60,000 square feet of improvements in Subarea A2 as of the date hereof which improvements are labeled as "existing" on the Subarea A2 Buildings exhibit). The Applicant shall supply the Department with such documents requested as may be reasonably necessary to evidence compliance with such Substantial Construction requirements (such requirement, the "Substantial Construction Requirements").

- (b) If the Substantial Construction Requirements set forth in Statement Number 20(a) are not satisfied by the Initial Expiration Date, then this Planned Development shall thereafter lapse and become void and the zoning classification of the entire Property shall automatically revert to the B3-5 zoning classification in place immediately prior to the passage of this Planned Development.
- (c) If the Substantial Construction Requirements set forth in Statement Number 20(a) are satisfied by the Initial Expiration Date, then (1) the zoning established pursuant to this Planned Development for Subarea A1 and Subarea A2 shall not thereafter be subject to expiration, but (2) the zoning established pursuant to this Planned Development as to the remaining subareas shall thereafter lapse and become void and shall automatically revert to the B3-5 zoning classification in place immediately prior to the passage of this Planned Development unless the Applicant thereafter obtains City Council approval for a Final Subarea Plan for a third subarea in accordance with Section 10(a) prior to the Initial Expiration Date.
- (d) The Initial Expiration Date may be extended for up to one additional year if, before expiration, the Applicant makes written request for such an extension explaining the good cause for such an extension, the Commissioner determines that good cause for an extension has been shown, and the Commissioner issues a written extension letter.

Note 1. The Subarea aggregate maximum FAR of 4.52 and maximum number of dwelling units of 7,845 is referred to herein as the "Base Amount". To provide flexibility among the Subareas, the maximum amount of FAR and the maximum number of dwelling units allowed in each Subarea set forth in the chart above is 10% higher than the Base Amount. Any individual Subarea may be developed to the maximum FAR or maximum dwelling units allowed in the chart above; provided, however, that in no event and at no time shall the Base Amount FAR or dwelling units be exceeded. Accordingly, where the construction of any amount of FAR or any number of dwelling units would otherwise cause the applicable Base Amount within the total Property to be exceeded, the availability of FAR or number of dwelling units within the total Property must be reduced by the amount necessary to avoid exceeding the Base Amount.

Note 2. Two hotel units shall be equal to one dwelling unit; the maximum number of hotels units shall not exceed 2,000 units.

Note 3. As of the date of adoption of this Planned Development, the actual built floor area in Subarea C is approximately 292,428 square feet (the approximate equivalent of 1.42 FAR) and the actual built number of dwelling units is approximately 185.

Note 4. 1.25 Elderly Housing units shall be equal to one dwelling unit.

BUILDING MATERIALS

Building Materials

The selection of appropriate building materials should be made with a concern for the existing context.

Highly reflective glass is discouraged. If all glass walls are used, high quality, low-e or clear/lightly tinted glass should be used.

Two categories of building material quality, Category 1 and Category 2, have been identified in the Master Plan.

NOTE: South and west elevations will be subject to the same material guidelines.

Category 1

- Natural Stone
- Cast Stone
- Brick
- Architectural Precast
- Glass and Metal Walls
- Architectural Metal Panels

Category 2

- Exposed Structural Concrete with high quality construction formwork
- Exterior Plaster or DEFS System
- Metal Panelized Exterior Cladding System
- Exposed Steel
- Synthetic Wood Siding

Generally, Category 1 materials should be used for signature buildings at the perimeter of the site and Category 2 materials may be used for buildings on the interior and service areas of the site. Unique materials and colors are encouraged along the ground level, at building entrances and on the rooftops. Whether Category 1 or Category 2 materials are used, a high quality level of finishes and details is important.

Building Base

Category 1 materials should be used on the building bases and low-rise structures. Clear or lightly tinted glass is preferred. Retail storefronts may include ornamental metals.

Building Tower

The portion of the building above the base may use Category 2 materials that are compatible with the material used for the base and also be complementary with neighboring buildings. Ornamental metals may be used for building accents.

Building Top

The materials used for the building tops should be of high quality and present a distinctive image for the building.

Material Color

A variety of color and materials are encouraged as a means to enhance the appearance of separate multiple adjacent buildings as opposed to a single mass. Stone, brick and concrete may range in color. Glass colors may include clear panes or slightly tinted gray, silver, green or blue.

It is acknowledged, however, that parking is a permitted use at the first (1st) floor level.
- (ii) In general, new structures, except for the new structures to be built within Subarea C-1, shall have setbacks which match the predominant setback of adjacent structures on the street. Increased setbacks may be allowed or required for residential structures to provide adequate common landscaped areas or private yards, or in other circumstances where a larger setback area would permit additional landscaping, outdoor sidewalk cafe seating, or other amenities. Notwithstanding the above, setbacks shall not be required on Chicago Avenue.
- (iii) The owner shall install new street trees, sidewalks, decorative lighting, parkway planting, benches, garbage containers, sculpture, or other elements as appropriate concurrent with the development of each site within any subarea and in general accordance with the Right-of-Way and Street Width Table.

For business or commercial uses, aluminum and glass curtain wall system shall be permitted. Windows or courses of windows are to be provided on all sides of each building above its base. The colors and textures of materials used within any subarea are to be complementary and compatible. Mechanical equipment on rooftops shall be screened with quality materials and made a feature of the building design, where appropriate.

- (iv) **Parking Structures:** Any new parking structures shall be constructed in accordance with the Parking Garage Ordinance and the Landscape Ordinance. In addition, any new structure adjacent to the Chicago River or to the Catalogue Building must be fronted with active-use spaces or predominantly enclosed with glazing with the minimal use of louvers, as necessary for ventilation. Any new parking structures adjacent to Chicago Avenue shall be fronted with active-use spaces or predominantly enclosed with glazing or other high-quality screening materials on the facade facing Chicago Avenue and wrapping the corner for the first twenty (20) feet. Garage facades which are enclosed with glazing shall be exempt from any requirements for landscaping in planters or baskets attached to the facade.
- (v) **Streetfront Fences:** Fencing on private property adjacent to a public right-of-way shall be substantially open and shall not take the form of a wall which prevents views from the public right-of-way into the private property lying between the fence and the facade of the structure. Fencing adjacent to the public right-of-way shall not be of chain link or wood construction. Closed fences may be allowed if adjacent to noxious, unsightly uses (such as generators or loading docks), subject to the approval of the Department of Planning and Development.
- (vi) **Lighting:** Lighting along private pedestrian ways shall be compatible with the lighting in the public right-of-way. Lighting in the public rights-of-way shall be subject to the future approval of the Department of Planning and Development. The level or intensity of lighting shall be sufficient to permit reasonable safety in walking.
- (vii) **Signage:** Except as delineated below, permitted signage within the planned development area shall include signs for buildings identified and information, business identification and information, and parking identification and information; however, all signage shall be subject to the approval of the Department of Planning and Development. The Department of Planning and Development shall review the design, materials, size, illumination level, and location of proposed signs to ensure their compatibility with the building design and with the neighborhood character prior to the issuance of Part II Approval for said signs.

The Department of Planning and Development encourages signs with individually lit or backlit letters, logos or other three-dimensional effects and strongly discourages box signs and painted or applied murals. Electronic message boards are prohibited. It is preferred that tenant identification signs on the facade of new buildings should be located in a sign bank area within the first (1st floor level near the tenant's space and/or entrance; however, the location of such signage shall be determined during the site plan approval process and alternate sign locations may be agreed upon during that process.

No posters or other two-dimensional images should be affixed directly to the glass. Any permitted posters (i.e., not affixed directly to the glass) should occupy no more than twenty percent (20%) of the window area.

Temporary signage for site identification and information purposes or for marketing (sales, rental, leasing) and directional purposes is permitted in all subareas, subject to the approval of the Department of Planning and Development.

Any proposed moving signs, rooftop signs or projecting signs will be reviewed on a case-by-case basis. A minimum of fifty percent (50%) of the streetwall at the ground level of any new structure containing retail, commercial or office uses at the ground level shall be finished with clear glass opening onto active internal uses. The remainder of that streetwall shall be architecturally compatible with adjacent structures.
- D. Satellite dishes or other electronic receiving devices must be placed in an area minimally visible from the adjacent street; provided, however, that these provisions shall not apply to the existing equipment located on the existing building in Subarea B-2. Propane tanks, garbage receptacles, et cetera, must be within the building area and screened from view. Boats and other recreational equipment must also be stored inside and screened from view other than those allowed in the marina area.
- E. Riverwalk (at non-existing buildings): To further the goals of the Chicago Zoning Ordinance (Section 17-01-0500) and the "Chicago River Urban Design Guidelines" for the downtown corridor, the owner shall set back all new buildings and parking areas from the existing river edge as depicted on the Riverwalk Plan and Details. The publicly accessible portion of this setback area shall be improved with decorative paving and landscaping, special lighting, railings and seating. Prior to the issuance of any Part of II Approval, more specific plans for the public riverwalk shall be reviewed by the Department of Planning and Development with input from the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for physically disable persons.

12. Existing Montgomery Ward Riverfront Structure.

- A. Subarea E-2. The existing structure located in Subarea E-2 has been designated a Chicago landmark by the City Council. In order to protect the historic and architectural character of this building, any proposed work on the building is subject to the review of the Commission on Chicago Landmarks, in accordance with the Chicago Landmarks Ordinance.
- B. Subareas E-1 And D. Along with the building in Subarea E-2, the existing structures in Subareas E-1 and D form the Montgomery Ward and Company Complex and are a National Historic Landmark. In particular:
 - (i) Projecting and recessed balconies shall be allowed in the locations shown on the elevations, although recessed balconies may be substituted for projecting balconies as shown; provided, however, that as long as the total number of balconies and the basic patterns remain the same, the applicant may change the location of the balconies as necessary by interior requirements and subject to the approval of the Department of Planning and Development. No additional balconies will be allowed. After the existing building's facades have been painted in either Subarea D or E-1, two (2) or more balconies shall be test painted in order for the Department of Planning and Development to review and approve the color selection in place.
 - (ii) Habitable and non-habitable roof-top additions shall be limited to the locations and dimensions shown on the elevations. No additional rooftop additions will be allowed.
 - (iii) Window openings shall not be added, enlarged or closed up except as shown on the elevations. - B. The following specific improvements shall be completed by the owner within the time periods described below. A "Development Parcel" means that portion of the Property located within a single subarea which is the subject of an application for Site Plan approval as described in Statement 15 of this planned development:
 - (i) The new construction of, widening, narrowing, or other improvements to, Kingsbury Street, Larrabee Street, Superior Street, Chicago Avenue, Oak Street, Hudson Avenue, Huron Street, Cambridge Street, and Hobbie Street, shall be constructed and completed by the owner per Right-of-Way and Street Width Table and Street Cross Sections. The alignment of Cambridge Street with Kingsbury at the Chicago Avenue intersection and provision of a new traffic light shall be completed no later than initial occupancy of the first (1st) principal structure constructed within Subareas A-1 or B-1.
 - (ii) The roadway improvements (curb-to-curb) depicted generally on the Street Cross Sections and on the Larrabee/Kingsbury Catalogue Building Streetscape Plan shall, for and to the extent such improvements are contiguous to a Development Parcel, be completed no later than six (6)

months following initial occupancy of the first principal structure constructed or renovated upon said Development Parcel.

The improvements to the public open space within Subarea H shall be completed and available for public use, and a conservation easement dedicated, no later than six (6) months following initial occupancy of the first (1st) principal structure constructed within Subarea H.

- (iii) The roadway improvements (curb-to-curb) depicted generally on the Street Cross Sections and on the Larrabee/Kingsbury Catalogue Building Streetscape Plan shall, for and to the extent such improvements are contiguous to a Development Parcel, be completed no later than six (6) months following initial occupancy of the first principal structure constructed or renovated upon said Development Parcel.
 - (iv) The improvements to the public open space within Subarea H shall be completed and available for public use, and a conservation easement dedicated, no later than six (6) months following initial occupancy of the first (1st) principal structure constructed within Subarea H.
 - (v) Conveyance of the park within Subarea C-2 to the Chicago Park District, free and clear of all encumbrances inconsistent with public use, shall also occur prior to issuance of a Certificate of Occupancy for any structure in Subarea C-1. An easement to the City for the use of approximately two hundred eighty-six (286) square feet of space at the south end of Subarea C-2 to build an accessible ramp for a water taxi dock at the end of Erie Street shall be conveyed to the City within three (3) months of passage of this planned development amendment.
 - (vi) Improvements to the riverwalk depicted on the Open Space Plan shall be completed as follows: in Subareas C-1 and H, the riverwalk shall be completed and available for public use no later than six (6) months following initial occupancy of the first principal structure constructed within such subarea. In Subarea E-1, the external riverwalk north of the Catalogue Building shall be completed at the time of occupancy of any new structure adjacent and to the east, or at the time of completion of the riverwalk in Subarea H, whichever comes first. The riverwalk internal to the existing building in Subarea D shall be completed and available for public use within six (6) months following initial occupancy of the building. The riverwalk internal to the existing buildings in Subareas E-1 and E-2 shall be completed and available for public use within one (1) year following fifty percent (50%) occupancy of the building.
14. It is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The owner shall

use reasonable efforts to design, construct and maintain all buildings located within the Property in an energy efficient manner, generally consistent with the most energy efficiency standards published by the American Society of Heating, Refrigeration and Air-Conditioning Engineers ("ASHRAE") and the Illuminating Engineers Society ("IES"). Copies of these standards may be obtained from the Department of Planning and Development.

15. Prior to issuance by the Department of Planning and Development of a determination pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance ("Part II Approval") for development or redevelopment of any property included within this planned development, other than interior-only alterations to existing buildings, a site plan for proposed development, including parking areas (a "Site Plan") shall be submitted by the owner or with the owner's written approval to the Commissioner for approval; provided, however, that individual lot owners for properties located within Subarea A-3 may submit a Site Plan for approval pursuant to the requirements of this statement. Review and approval of the Site Plan by the Commissioner is intended to assure that specific development proposals substantially conform with this planned development and to assist the City in monitoring ongoing development. A Site Plan may be submitted for all or any part of the Property. Such Site Plan need only include that portion of the Property, including adjacent public right-of-ways, for which approval is being sought by the owner. No Part II Approval for any portion of the Property shall be granted until an applicable Site Plan has been approved. Provided, however, that prior to the Commissioner's approval of a Site Plan for development of Subareas C1, C2 and H or for the development of the riverwalk through the improvements in Subareas E-1 and E-2, the Commissioner shall seek the review by the Chicago Plan Commission of the Site Plan with respect to Subareas C-1, C-2 and H and the riverwalk plans with respect to Subareas E-1 and E-2.

If a Site Plan substantially conforms to the provisions of this planned development, the Commissioner shall approve said Site Plan in writing within thirty (30) days of submission of a complete application for approval thereof. If the Commissioner fails to make a written determination on a Site Plan within thirty (30) days after the submission of a complete application, then the Site shall be deemed approved by the Commissioner.

If the Commissioner determines within said thirty (30) day period that the Site Plan does not substantially conform with the provisions of this planned development, the Commissioner shall advise the owner in writing of the specific reasons for such adverse determination and specific areas in which the Site Plan and supporting data and material do not substantially conform to the provisions of this planned development not later than fourteen (14) days after the expiration of the thirty (30) day period. The Commissioner shall thereafter make a final written determination of any resubmission within fourteen (14) days of its filing. The failure of the Commissioner to make final

written determination of any resubmission within fourteen (14) days of its filing shall be deemed an approval of the Site Plan by the Commissioner. Provided, however, that this paragraph shall not apply to the Site Plan review described in the previous paragraph for Subareas C1, C2 and H and the review of the riverwalk plans with respect to Subareas E-1 and E-2 until reviewed by the Chicago Plan Commission, which review shall occur at the next scheduled Plan Commission hearing available after submittal of the applicable Site Plan or riverwalk plan to the Commissioner.

Following approval of a Site Plan by the Commissioner, the approved Site Plan and supporting data and materials shall be kept on permanent file with the Commissioner and shall be deemed to be an integral part of this planned development.

After approval of a Site Plan by the Commissioner, the approved Site Plan may be changed or modified pursuant to the provisions of Statement 8 hereof. In the event of any inconsistency between an approved Site Plan and the terms of this planned development in effect at the time of approval of such Site Plan or of the modifications or changes thereto, the terms of this planned development shall govern.

A Site Plan shall, at a minimum, provide the following information:

- a. the boundaries of the site;
- b. the footprint of the proposed improvements;
- c. all proposed landscaping, including species and size;
- d. all pedestrian circulation routes;
- e. elevations of the improvements;
- f. location and depiction of all parking spaces (including relevant dimensions);
- g. locations and depiction of all loading berths (including relevant dimensions);
- h. all drives, roadways and vehicular routes;
- i. all landscaping and buffer zones (including a description of all landscape materials);
- j. statistical information application to the Property limited to the following:
 - (i) floor area and floor area ratio;
 - (ii) floor area devoted to retail uses;
 - (iii) number of dwelling units;
 - (iv) number of parking spaces;

- (v) number of loading berths; and
 - (vi) uses of parcels.
- k. parameters of building envelopes including:
- (i) maximum building height; and
 - (ii) setbacks, required and provided.

A Site Plan shall include such other information as may be necessary to illustrate substantial conformance to this planned development.

16. In order to develop the proposed improvements in Subarea A-1A, the applicant has contracted to acquire a portion of the unused floor area (for FAR purposes) and dwelling units from Subarea B-2 (the "Development Rights"). The applicant shall establish those Development Rights (i) prior to issuance of Part II Approval for Subarea A-1A and (ii) by delivery to DPD of an executed and recorded Agreement ("Agreement"). Said Agreement shall confirm the amount of Development Rights acquired for the benefit of Subarea A-1A. Said Development Rights shall be applicable solely to Subarea A-1A in accordance with the amounts shown on the Bulk Regulations and Data Table of this Planned Development. In no event shall such transfer of Development Rights cause the FAR or density limitations shown on the Bulk Regulations and Data Table to be exceeded. Delivery of the Agreement shall authorize DPD to issue Part II Approval for Subarea A-1A pursuant to the parameters set forth in the Bulk Regulations and Data Table of this planned development.

The following is said order transmitted with foregoing committee report:

It Is Hereby Ordered by the City Council of the City of Chicago, That in accordance with Section 2-120-825 of the Municipal Code of Chicago, the recommendation of the Commission on Chicago Landmarks (the "Commission") for the approval of a permit application for demolition of the existing building (the "Building") located at 1938 West Augusta Avenue, a non-contributing building in the East Village District, is accepted. The Commission's decision approving the proposed demolition of the Building is attached hereto as Exhibit A. Notwithstanding the foregoing, the permit applicant must pay the City of Chicago the applicable demolition permit fee and obtain from the Commissioner of the City's Department of Buildings a demolition permit prior to proceeding with any demolition.

Whereas, Pursuant to Section 2-120-825 of the Municipal Code of Chicago governing review of permits for the demolition of 40 percent or more of any building or structure either

designated as a "Chicago Landmark" or located in any district designated as a "Chicago Landmark", the Commission on Chicago Landmarks (the "Commission") has reviewed a permit application for the proposed demolition of:

a one- and two-story commercial building ("Building") located at 1938 West Augusta Avenue within the East Village District, a Chicago Landmark (the "Landmark District");

; and

Whereas, The significant historical or architectural features identified in the ordinance designating the Landmark District are all exterior building elevations, including rooflines, visible from the public rights-of-way; and historic rear buildings that contribute to the historic character of the Landmark District, to include those at 1103 North Winchester Avenue and 1110 North Wolcott Avenue; now, therefore,

The Commission on Chicago Landmarks hereby:

1. Finds, in accordance with the criteria for review of permit applications established in Article III of the Commission's Rules and Regulations, that the Building is non-contributing to the character of the Landmark District;
2. Finds, in accordance with Section 2-120-770 of the Municipal Code of Chicago, that the demolition of the Building will not adversely affect any significant historical or architectural features of the Landmark District, and that the demolition is in accordance with the Secretary of the Interior's Standards for the Rehabilitation of Historic Buildings;
3. Approves the permit application for the demolition of the Building; and
4. Recommends, in accordance with Section 2-120-825, that the City Council of the City of Chicago accept the Commission's approval of the permit application for the demolition of the Building.

WHEREAS, On November 7, 2015, for the first time in its history, the Earle STEM Elementary School Chess Team participated in the Chess Wizards Scholastic Tournament held at Niles West High School, with about 200 student-participants.
