occurred, then either Landlord or Tenant (but as to Tenant, only if all or a substantial portion of the Premises are rendered untenable) shall have the right to terminate this Lease as of the date of such damage upon giving notice to the other at any time within twenty (20) days after Landlord gives Tenant the notice containing said estimate (it being understood that, if it elects to do so, Landlord may also give such notice of termination together with the notice containing said estimate). Unless this Lease is so terminated, Landlord shall proceed with reasonable promptness to repair and restore the Premises, subject to reasonable delays for insurance adjustments and delays caused by matters beyond Landlord's reasonable control, and also subject to zoning laws and building codes then in effect. Landlord shall have no liability to Tenant, and Tenant shall not be entitled to terminate this Lease, except as hereinafter provided, if such repairs and restoration in fact are not completed within the time period estimated by Landlord or within two hundred seventy (270) days. If the Premises are not repaired or restored within eighteen (18) months after the date of such fire or other casualty, then either party may terminate this Lease, effective as of the date of such fire or other casualty, by written notice given to the other party not later than thirty (30) days after the expiration of said eighteen (18) month period, but prior to substantial completion of repair or restoration. Notwithstanding anything to the contrary set forth herein, (a) Landlord shall have no duty pursuant to this Section to repair or restore any portion of the alterations, additions or improvements owned or made by Tenant in the Premises or to expend for any repair or restoration amounts in excess of insurance proceeds paid to Landlord and available for repair or restoration; (b) Tenant shall not have the right to terminate this Lease pursuant to this Section if the damage or destruction was caused by the act or neglect of Tenant, its agents or employees; and (c) if any such damage rendering all or a substantial portion of the Premises or the Building untenable shall occur during the last two (2) years of the Term, Landlord and Tenant shall each have the option to terminate this Lease by giving written notice to the other within sixty (60) days after the date such damage occurred, and if such option is so exercised, this Lease shall terminate as of the date of such notice.

15.02 Abatement of Rent. In the event any fire or casualty damage not caused by the act or neglect of Tenant, its agents or employees, renders the Premises untenable and if this Lease is not terminated pursuant to Section 15.01 by reason of such damage, then Rent shall abate during the period beginning with the date of such damage and ending with the date Landlord tenders the Premises to Tenant as being in a condition which permits Tenant to commerce and continuously perform improvements to the Premises to prepare the same for occupancy. Such abatement shall be in an amount bearing the same ratio to the total amount of Rent for such period as the portion of the Premises not usable by Tenant for its normal business operations from time to time bears to the entire Premises. In the event of termination of this Lease pursuant to Section 15.01, Rent shall be apportioned on a per diem basis and shall be paid to the date of the fire or casualty.

## ARTICLE 16

### EMINENT DOMAIN

If the entire Building or a substantial part thereof, or any part thereof which includes all or a substantial part of the Premises, shall be taken or condemned by any competent authority for any public or quasi-public use or purpose, the Term of this Lease shall end upon and not before the earlier of the date when the possession of the part so taken shall be required for such use or purpose

or the effective date of the taking, and without apportionment of the award to or for the benefit of Tenant. If any condemnation proceeding shall be instituted in which it is sought to take or damage any part of the Building, the taking of which, in Landlord's opinion, would prevent the economical operation of the Building, or if the grade of any street or alley adjacent to the Building is changed by any competent authority, and such taking, damage or change of grade makes it necessary or desirable to remodel the Building to conform to the taking, damage or changed grade, Landlord shall have the right to terminate this Lease upon written notice given to Tenant not less than ninety (90) days prior to the date of termination designated in said notice. In either of these events, Rent at the then current rate shall be apportioned as of the date of the termination. No money or other consideration shall be payable by Landlord to Tenant for the right of termination, and Tenant shall have no right to share in the condemnation award, whether for a total or partial taking, for loss of Tenant's leasehold or improvements or other loss or expenses or to share in any judgment for damages caused by the change of grade.

#### ARTICLE 17

##### DEFAULT

17.01 Events of Default. The occurrence of any one or more of the following matters constitutes a "Default" by Tenant under this Lease:

(a) Failure by Tenant to pay any Rent within five (5) days after notice of failure to pay the same on the due date;

(b) Failure by Tenant to pay, within five (5) days after notice of failure to pay on the due date from Landlord to Tenant, any other moneys required to be paid by Tenant under this Lease;

(c) Failure by Tenant to observe or perform any of the covenants with respect to assignment and subletting set forth in Article 13 and in accordance therewith;

(d) Failure by Tenant to comply with Tenant's warranties, representations or covenants set forth in Article 26;

(e) Failure by Tenant to cure, immediately after receipt of notice from Landlord, any hazardous condition which Tenant has created in violation of law or of this Lease;

(f) Failure by Tenant to observe or perform any other covenant, agreement, condition or provision of this Lease, if such failure continues for thirty (30) days after notice thereof from Landlord to Tenant; provided, however, that if the nature of any such default is such that the same cannot be cured within thirty (30) days, Tenant shall have such additional period of time as may be necessary to cure such default provided that it commences to cure said default within the thirty (30) day period and proceeds diligently thereafter to complete such cure, and provided further that such default is cured within one hundred and twenty (120) days from the date of Landlord's notice to Tenant; further provided, that in the event the nature of any such default may result in or relate to an emergency, urgency or other matter that if not cured immediately, Landlord, the

Premises or the Building may suffer damages or harm or an individual suffer personal injury, such default shall be cured immediately upon the delivery of such notice.

(g) The levy upon, under writ of execution or the attachment by legal process of, the leasehold interest of Tenant, or the filing or creation of a lien with respect to such leasehold interest, which lien shall not be released or discharged within thirty (30) days from the date of such filing;

(h) Tenant becomes insolvent or bankrupt or admits in writing its inability to pay its debts as they mature, or makes an assignment for the benefit of creditors, or applies for or consents to the appointment of a trustee or receiver for Tenant or for the major part of its property;

(i) A trustee or receiver is appointed for Tenant or for the major part of its property and is not discharged within sixty (60) days after such appointment; or

(j) Any bankruptcy, reorganization, arrangement, insolvency or liquidation proceeding, or other proceeding for relief under any bankruptcy law, or similar law for the relief of debtors, is instituted (i) by Tenant or (ii) against Tenant and is allowed against it or is consented to by it or is not dismissed within sixty (60) days after such institution.

17.02 Rights and Remedies of Landlord. If a Default occurs, Landlord shall have the rights and remedies hereinafter set forth, which shall be distinct, separate and cumulative and shall not operate to exclude or deprive Landlord of any other right or remedy allowed it by law:

(a) Landlord may terminate this Lease by giving to Tenant notice of Landlord's election to do so, in which event the Term of this Lease shall end, and all right, title and interest of Tenant hereunder shall expire, on the date stated in such notice;

(b) Landlord may terminate the right of Tenant to possession of the Premises without terminating this Lease by giving notice to Tenant that Tenant's right to possession shall end on the date stated in such notice, whereupon the right of Tenant to possession of the Premises or any part thereof shall cease on the date stated in such notice; and

(c) Landlord may enforce the provisions of this Lease and may enforce and protect the rights of Landlord hereunder by a suit or suits in equity or at law for the specific performance of any covenant or agreement contained herein, or for the enforcement of any other appropriate legal or equitable remedy, including recovery of all moneys due or to become due from Tenant under any of the provisions of this Lease.

Notwithstanding any provision in this Lease to the contrary, or any provision of law, the benefit of which is expressly waived by Tenant (unless such waiver is not permitted), in no event shall Landlord be required to serve Tenant with a notice of a failure by Tenant (including but not limited to permitted successors and assigns) pursuant to its obligations under this Lease, more than two (2) times within any Lease Year, and any failure thereafter by Tenant (including but not limited to permitted successors and assigns) shall not be subject to cure by Tenant (including but not limited to permitted successors and assigns), and shall constitute an event of default under this Lease.

17.03 Right to Re-Enter. If Landlord exercises either of the remedies provided in Sections 17.02(a) or (b), Tenant shall surrender possession and vacate the Premises and immediately deliver possession thereof to Landlord, and Landlord may re-enter and take complete and peaceful possession of the Premises, with or without process of law, full and complete license to do so being hereby granted to Landlord, and Landlord may remove all occupants and property therefrom, using such force as may be necessary, without being deemed guilty in any manner of trespass, eviction or forcible entry and detainer and without relinquishing Landlord's right to Rent or any other right given to Landlord hereunder or by operation of law.

17.04 Current Damages. If Landlord terminates the right of Tenant to possession of the Premises without terminating this Lease, Landlord shall have the right to immediate recovery of all amounts then due hereunder. Such termination of possession shall not release Tenant, in whole or in part, from Tenant's obligation to pay Rent hereunder for the full Term, and Landlord shall have the right, from time to time, to recover from Tenant, and Tenant shall remain liable for, all Base Rent, Rent Adjustments and any other sums accruing as they become due under this Lease during the period from the date of such notice of termination of possession to the stated end of the Term. In any such case, Landlord may relet the Premises or any part thereof for the account of Tenant for such rent, for such time (which may be for a term extending beyond the Term of this Lease) and upon such terms as Landlord shall determine and may collect the rents from such reletting. Landlord shall not be required to accept any tenant offered by Tenant or to observe any instructions given by Tenant relative to such reletting. Also, in any such case, Landlord may make repairs, alterations and additions in or to the Premises and redecorate the same to the extent deemed by Landlord necessary or desirable and in connection therewith change the locks to the Premises, and Tenant upon demand shall pay the cost of all of the foregoing together with Landlord's expenses of reletting. The rents from any such reletting shall be applied first to the payment of the expenses of reentry, redecoration, repair and alterations and the expenses of reletting and second to the payment of Rent herein provided to be paid by Tenant. Any excess or residue shall operate only as an offsetting credit against the amount of Rent due and owing as the same thereafter becomes due and payable hereunder, and the use of such offsetting credit to reduce the amount of Rent due Landlord, if any, shall not be deemed to give Tenant any right, title or interest in or to such excess or residue and any such excess or residue shall belong to Landlord solely, and in no event shall Tenant be entitled to a credit on its indebtedness to Landlord in excess of the aggregate sum (including Base Rent and Rent Adjustments) which would have been paid by Tenant for the period for which the credit to Tenant is being determined, had no Default occurred. No such reentry or repossession, repairs, alterations and additions, or reletting shall be construed as an eviction or ouster of Tenant or as an election on Landlord's part to terminate this Lease, unless a written notice of such intention is given to Tenant, or shall operate to release Tenant in whole or in part from any of Tenant's obligations hereunder, and Landlord, at any time and from time to time, may sue and recover judgment for any deficiencies remaining after the application of the proceeds of any such reletting.

17.05 Final Damages. If this Lease is terminated by Landlord pursuant to Section 17.02(a), Landlord shall be entitled to recover from Tenant all Rent accrued and unpaid for the period up to and including such termination date, as well as all other additional sums payable by Tenant, or for which Tenant is liable or for which Tenant has agreed to indemnify Landlord under any of the provisions of this Lease, which may be then owing and unpaid, and all costs and expenses, including court costs and attorneys' fees incurred by Landlord in the enforcement of its rights and

remedies hereunder, and, in addition, Landlord shall be entitled to recover as damages for loss of the bargain and not as a penalty (a) the unamortized portion of any concessions offered by Landlord to Tenant in connection with this Lease, including without limitation Landlord's contribution to the cost of tenant improvements and alterations, if any, installed by either Landlord or Tenant pursuant to this Lease or any Workletter, (b) the aggregate sum which at the time of such termination represents the excess, if any, of the present value of the aggregate rents which would have been payable after the termination date had this Lease not been terminated, including, without limitation, Base Rent at the annual rate or respective annual rates for the remainder of the Term provided for in Article 3 of this Lease or elsewhere herein and the amount projected by Landlord to represent Rent Adjustments for the remainder of the Term pursuant to Article 4 of this Lease, over the then present value of the then aggregate fair rental value of the Premises for the balance of the Term, such present worth to be computed in each case on the basis of a five percent (5%) per annum discount from the respective dates upon which such rentals would have been payable hereunder had this Lease not been terminated, and (c) any damages in addition thereto, including reasonable attorneys' fees and court costs, which Landlord sustains as a result of the breach of any of the covenants of this Lease other than for the payment of Rent.

**17.06 Removal of Personal Property.** All property of Tenant removed from the Premises by Landlord pursuant to any provision of this Lease or applicable law may be handled, removed or stored by Landlord at the cost and expense of Tenant, and Landlord shall not be responsible in any event for the value, preservation or safekeeping thereof. Tenant shall pay Landlord for all expenses incurred by Landlord with respect to such removal and storage so long as the same is in Landlord's possession or under Landlord's control. All such property not removed from the Premises or retaken from storage by Tenant within thirty (30) days after the end of the Term, however terminated, at Landlord's option, shall be conclusively deemed to have been conveyed by Tenant to Landlord as by bill of sale without further payment or credit by Landlord to Tenant.

**17.07 Attorneys' Fees.** Tenant shall pay all of Landlord's costs, charges and expenses, including court costs and reasonable attorneys' fees, incurred in enforcing Tenant's obligations under this Lease, incurred by Landlord in any action brought by Tenant in which Landlord is the prevailing party, or incurred by Landlord in any litigation, negotiation or transaction in which Tenant causes Landlord, without Landlord's fault, to become involved or concerned.

**17.08 Assumption or Rejection in Bankruptcy.** If Tenant is adjudged bankrupt, or a trustee in bankruptcy is appointed for Tenant, Landlord and Tenant, to the extent permitted by law, agree to request that the trustee in bankruptcy determine within sixty (60) days thereafter whether to assume or to reject this Lease.

**17.09 Default Under Other Leases.** If the term of any lease, other than this Lease, for any space in the Building under which Tenant is now or hereafter the tenant, shall be terminated or terminable after the making of this Lease because of any default by Tenant under such other lease, such fact shall empower Landlord, at Landlord's sole option, to terminate this Lease by notice to Tenant or to exercise any of the rights or remedies set forth in Section 17.02.

## ARTICLE 18

## SUBORDINATION

18.01 Subordination. Landlord heretofore has executed and delivered and hereafter from time to time may execute and deliver a mortgage or trust deed in the nature of a mortgage (both hereinafter referred to as a "Mortgage"), against the Land and Building or any interest therein. If requested by the mortgagee or trustee under any Mortgage, Tenant will either (a) subordinate its interest in this Lease to said Mortgage, and to any and all advances made thereunder and to the interest thereon, and to all renewals, replacements, supplements, amendments, modifications and extensions thereof, or (b) make certain of Tenant's rights and interests in this Lease superior thereto; and Tenant will promptly execute and deliver such agreement or agreements as may be reasonably required by such mortgagee or trustee under any Mortgage, pursuant to a form which is commercially reasonable or typically used by the mortgagee; provided, upon Tenant's request, Landlord will request (at no cost to Landlord) such mortgagee or trustee to include in such agreement or agreements a provision that it will not disturb Tenant's rights pursuant to this Lease so long as tenant is not in default hereunder. Tenant covenants that it will not subordinate this Lease to any mortgage or trust deed other than a Mortgage without the prior written consent of the holder of the Mortgage.

18.02 Liability of Holder of Mortgage; Attornment. It is further agreed that (a) if any Mortgage is foreclosed and Tenant's rights hereunder are otherwise in full force and effect, so long as Tenant is not in default beyond any applicable notice or cure period, (i) the holder of the Mortgage, ground lessor, or their respective grantees, or purchaser at any foreclosure sale (or grantee in a deed in lieu of foreclosure), as the case may be, shall not be (x) liable for any act or omission of any prior landlord (including Landlord) provided that any Landlord default of a continuing nature shall be cured in accordance with the terms and conditions of this Lease), (y) subject to any offsets or counterclaims which Tenant may have against a prior landlord (including Landlord), or (z) bound by any prepayment of Base Rent or Rent Adjustments which Tenant may have made in excess of the amounts then due for the next succeeding month, (ii) the liability of the mortgagee or trustee hereunder or purchaser at such foreclosure sale or the liability of a subsequent owner designated as Landlord under this Lease shall exist only so long as such trustee, mortgagee, purchaser or owner is the owner of the Building or Land and such liability shall not continue or survive after further transfer of ownership; and (iii) upon request of the mortgagee or trustee, if the Mortgage is foreclosed, Tenant will attorn, as Tenant under this Lease, to the purchaser at any foreclosure sale under any Mortgage, and Tenant will execute such instruments as may be necessary or appropriate to evidence such attornment, provided Tenant's rights hereunder are otherwise in full force and effect, so long as Tenant is not in default beyond any applicable notice or cure period; and (b) this Lease may not be modified or amended so as to reduce the rent or shorten the term provided hereunder, or so as to affect adversely in any other respect to any material extent the rights of Landlord or Tenant, nor shall this Lease be cancelled or surrendered, without the prior written consent, in each instance, of the mortgagee or trustee under any Mortgage.

18.03 Short Form Lease. Should any prospective mortgagee require execution of a short form of lease for recording (containing the names of the parties, a description of the Premises, and the term of this Lease) or a certification from Tenant concerning this Lease in such form as may be required by a prospective mortgagee and in a form reasonably acceptable to Tenant, Tenant agrees

to execute promptly such short form of lease or certificate and deliver the same to Landlord within ten (10) days following the request therefor.

#### ARTICLE 19

##### MORTGAGEE PROTECTION

Tenant agrees to give any holder of any First Mortgage, as defined in Section 18.01, against the Land or Building, or any interest therein, by registered or certified mail, a copy of any notice or claim of default served upon Landlord by Tenant, provided that prior to such notice Tenant has been notified in writing (by way of service on Tenant of a copy of an assignment of Landlord's interests in leases, or otherwise) of the address of such First Mortgage holder. Tenant further agrees that if Landlord has failed to cure such default within twenty (20) days after such notice to Landlord (or if such default cannot be cured or corrected within that time, then such additional time as may be necessary if Landlord has commenced cure or correction within such twenty (20) days and is pursuing diligently the remedies or steps necessary to cure or correct such default), then the holder of the First Mortgage shall have an additional thirty (30) days after expiration of such twenty (20) day period within which to cure or correct such default (or if such default cannot be cured or corrected within that time, then such additional time as may be necessary if such holder of the First Mortgage has commenced cure or correction within such thirty (30) days and is pursuing diligently the remedies or steps necessary to cure or correct such default, including the time necessary to obtain possession if possession is necessary to cure or correct such default).

#### ARTICLE 20

##### ESTOPPEL CERTIFICATE

Tenant agrees that from time to time within ten (10) days of written request received from Landlord, or the holder of any Mortgage or any ground lessor, Tenant (or any permitted assignee, subtenant, licensee, concessionaire or other occupant of the Premises claiming by, through or under Tenant) will deliver to Landlord or to the holder of any Mortgage or ground lessor, a statement in writing signed by Tenant (and/or such other party) certifying (a) that this Lease is unmodified and in full force and effect (or if there have been modifications, that this Lease as modified is in full force and effect and identifying the modifications); (b) the date upon which Tenant began paying Rent and the dates to which Rent and other charges have been paid; (c) that Landlord is not in default under any provision of this Lease, or, if in default, the nature thereof in detail; (d) that the Premises have been completed in accordance with the terms hereof and Tenant is in occupancy and paying Rent on a current basis with no rental offsets or claims; (e) that there has been no prepayment of Rent other than that provided for in this Lease; (f) that there are no actions, whether voluntary or involuntary, pending against Tenant under the bankruptcy laws of the United States or any State thereof; and (g) such other matters as may be reasonably required by Landlord, the holder of the Mortgage or ground lessor.

## ARTICLE 21

## SUBROGATION AND INSURANCE

21.01 Waiver of Subrogation. Landlord and Tenant agree to have all fire and extended coverage and other property damage insurance which may be carried by either of them endorsed with a clause providing that any release from liability of or waiver of claim for recovery from the other party entered into in writing by the insured thereunder prior to any loss or damage shall not affect the validity of such policy or the right of the insured to recover thereunder, and providing further that the insurer waives all rights of subrogation which such insurer might have against the other party. Without limiting any release or waiver of liability or recovery set forth elsewhere in this Lease, and notwithstanding anything in this Lease which may appear to be to the contrary, each of the parties hereto waives all claims for recovery from the other party for any loss or damage to any of its property insured under valid and collectible insurance policies to the extent of any recovery collectible under such insurance policies. Notwithstanding the foregoing or anything contained in this Lease to the contrary, any release or any waiver of claims shall not be operative, nor shall the foregoing endorsements be required, in any case where the effect of such release or waiver is to invalidate insurance coverage or to invalidate the right of the insured to recover thereunder or to increase the cost thereof (provided that in the case of increased cost, the other party shall have the right, within ten (10) days following written notice thereof, to pay such increased cost and thereby keep such release or waiver in full force and effect).

21.02 Tenant's Insurance. Tenant shall carry insurance during the entire Term hereof with terms, coverages and companies satisfactory to Landlord and with such increases in limits as Landlord may request from time to time, but initially Tenant shall maintain the following coverages in the following amounts:

(a) Comprehensive or commercial general liability insurance, including contractual liability, on an occurrence basis, in an amount not less than Three Million Dollars (\$3,000,000.00) combined single limit per occurrence, including, but not limited to, One Million Dollars (\$1,000,000.00) of fire and/or tenant legal liability coverage, covering Tenant as a named insured and Landlord and its beneficiaries, their respective partners, the managing agent for the Building and the respective officers, directors, shareholders, partners, agents and employees of each of the foregoing as additional insureds.

(b) Insurance against fire, sprinkler leakage and vandalism, and the extended coverage perils for the full replacement cost of all additions, improvements and alterations to the Premises owned or made by Tenant, if any, and of all office furniture, trade fixtures, office equipment, merchandise and all other items of Tenant's property on the Premises, with loss or damage payable to Landlord and Tenant as their interests may appear.

(c) Insurance coverage for any and all improvements to the Premises in accordance with the terms of this Section.

(d) Business income insurance in a commercially reasonable amount, but in any event, not less than in an amount sufficient to cover Tenant's obligations pursuant to this Lease.

WHEREAS, This Ordinance purported to repeal 4-60-023 (49.68): "On the north side only of Devon Avenue, from Greenview Avenue to Glenwood Avenue". However, the text actually read: "On the north side of Devon Avenue, from Sheridan Road to Greenview Avenue". This would have had the effect of repealing adjacent moratoria as well -- 4-60-023 (49.69 and 49.70); and

WHEREAS, To promote effective regulation and eliminate potential confusion in future application of the Ordinance, it is useful and appropriate to correct this textual error in geographic coverage; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. The Ordinance is hereby amended by replacing the erroneous struck-through text, namely: "On the north side of Devon Avenue, from Sheridan Road to Greenview Avenue" with the following struck-through text:

4-60-023 Restrictions On Additional Licenses.

Subject to the provisions of subsection 4-60-021(c), no additional package goods license shall be issued for any premises located within the following areas:

(Omitted text is unaffected by this ordinance.)

~~(49.68) On the north side only of Devon Avenue, from Greenview Avenue to Glenwood Avenue.~~

(Omitted text is unaffected by this ordinance.)

SECTION 2. This ordinance shall be in full force and effect from and after its passage and publication and shall be deemed to apply retroactively to the effective date of the Ordinance.

Grantee will also cooperate with any inquiries by IGO Hiring Oversight or the Shakman Monitor's Office related to this Agreement.

(f) The parties agree that this Agreement is solely for the benefit of the parties and nothing herein is intended to create any third party beneficiary rights for subcontractors or other third parties.

#### *Section 10.*

##### *Indemnification.*

The Grantee agrees to indemnify, pay, defend and hold the City, and its elected and appointed officials, employees, agents and affiliates (individually an "Indemnitee", and collectively the "Indemnitees") harmless from and against, any and all liabilities, obligations,

The provisions of the undertakings and indemnification set out in this Section 10 shall survive the termination of this Agreement.

### *Section 11.*

#### *Default And Remedies.*

##### **11.01 Events Of Default.**

The occurrence of any one or more of the following events, subject to the provisions of Section 11.03, shall constitute an "Event of Default" by the Grantee hereunder:

(a) the failure of the Grantee to comply with any covenant or obligation, or the breach by the Grantee of any representation or warranty, under this Agreement or any related agreement;

(b) the commencement of any bankruptcy, insolvency, liquidation or reorganization proceedings under any applicable state or federal law, or the commencement of any analogous statutory or non-statutory proceedings involving the Grantee; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(c) the appointment of a receiver or trustee for the Grantee, for any substantial part of the Grantee's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Grantee; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(d) the entry of any judgment or order against the Grantee or the Property which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(e) the dissolution of the Grantee or the death of any natural person who owns a 50 percent or more ownership interest in the Grantee, unless, in the case of a death, the

Grantee establishes to the DPD's satisfaction that such death shall not impair the Grantee's ability to perform its executory obligations under this Agreement;

(f) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Grantee or any natural person who owns five percent or more ownership interest in the Grantee, which is not dismissed within thirty (30) days, or the indictment of the Grantee or any natural person who owns such a material interest in the Grantee, for any crime (other than a misdemeanor); or

(g) the Grantee allows the Project or the City Bond Funds to be used in any way that adversely affects the tax-exempt status of the Bonds, as determined by the City in its sole discretion, including but not limited to "private business use" as defined in Section 141(b)(6) of the Internal Revenue Code (a "Tax-Exemption Default"). If a Tax-Exemption Default has occurred and the City determines, in its sole discretion, that no cure is capable of correcting such default, the City may deliver an immediately effective notice of termination and the Grantee will promptly repay the City the full amount of the City Bond Funds previously distributed to the Grantee and fully cooperate with the City in any actions it deems necessary as a result of the Tax-Exemption Default.

#### 11.02 Remedies.

Upon the occurrence of an Event of Default, the City may terminate this Agreement and all related agreements, and may suspend disbursement of City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy. However, the City shall not be entitled to recover any City Funds previously paid to the Grantee unless the Event of Default involves a Reimbursement Event.

#### 11.03 Curative Period.

In the event the Grantee fails to perform any covenant or obligation or breaches any representation or warranty which the Grantee is required to perform under this Agreement, an Event of Default shall not be deemed to have occurred unless the Grantee has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Grantee shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured. No such cure period, however, shall apply to Events of Default described in Section 11(b), (c), (d), (e), (f) or (g), which defaults shall have the cure periods described therein, if any.

(2) Commercial General Liability (Primary And Umbrella).

Commercial General Liability Insurance or equivalent with limits of not less than \$1,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverages must include the following: all premises and operations, products/completed operations, separation of insureds, defense, and contractual liability (with no limitation endorsement). The City of Chicago is to be named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the work.

(3) All Risk Property.

All Risk Property Insurance, including improvements and betterments in the amount of full replacement value of the Property. The City of Chicago is to be named an additional insured on a primary, noncontributory basis during the term of the Agreement.

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Grantee is not a waiver by the City of any requirements for the Grantee to obtain and maintain the specified coverages. The Grantee must advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance does not relieve Grantee of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

The Grantee agrees that insurers waive their rights of subrogation against the City of Chicago, its employees, elected officials, agents, or representatives.

The Grantee expressly understands and agrees that any coverages and limits furnished by the Grantee must in no way limit the Grantee's liabilities and responsibilities specified within the Agreement documents by law.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by the Grantee under the Agreement.

The required insurance must not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity in this Agreement given as a matter of law.

The Grantee must require the Contractor to provide the insurance required herein, or Grantee may provide the coverages for the Contractor. All Contractors are subject to the same insurance requirements of Grantee unless otherwise specified in this Agreement.

If the Grantee, or any Contractor desires additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

- b) One 6-inch water service that is no longer in use at 7' S.N.L of E. 105<sup>th</sup> Street and 371' W.W.L. of S. Avenue "E".

The cost to do this work is \$11,700.00 on regular time (7am to 3 pm). Detailed instructions for payment of this deposit will follow under separate cover.

For questions regarding water facilities, please contact Andrew McFarland at (312) 742-7027.

II) The Department of Water Management - Sewer Section

There are no public sewer facilities within the limits of the area proposed for subdivision.

Please note that based on sewer records, there is a private sewer running north-south on vacated S. Avenue C from approx. 11 feet NNL of E 106th Street to E 105th Street that serves the existing parking lot and building on the property. The Sewer Section has no objection to the proposed subdivision with the condition that the proposed subdivision is responsible for the operation, maintenance or abandonment of the private sewer and appurtenances.

For questions regarding sewer facilities, please contact Sid Osakada at (312) 744-0344 or Anupam Verma at (312) 742-7108.

Very truly yours,

**SUBJECT: Proposed Street Vacation

S Aberdeen Street – W Van Buren Street to W Tilden Street  
W Tilden Street – S Aberdeen Street to W Van Buren Street  
BES Project No. 15-12:055  
OUC Permit No. 2015-67321 (Vacation)**

Mr. Kenney:

This correspondence is in response to a meeting between representatives of Pizzuti and the Department of Water Management (DWM) on May 6, 2019, regarding the proposed vacation of S Aberdeen Street, and supersedes the previously issued DWM correspondence dated October 26, 2018. The DWM must review and approve Pizzuti's final plans prior to construction, and further comments and costs for DWM's involvement in the overall project may result from that review.

In order to accommodate this development and the proposed vacation of S Aberdeen Street, Pizzuti will execute a reservation for the benefit of the DWM within the S Aberdeen Street right-of-way for the existing water and sewer facilities located within that area. This will allow the street vacation to proceed while new water and sewer facilities are installed in W Tilden Street by Pizzuti's contractor. Once the new water and sewer facilities are installed and approved for service by the DWM, the existing water and sewer facilities in S Aberdeen Street can then be abandoned and the reservation vacated.

In the event Pizzuti is unable to complete the water and sewer installations in W Tilden Street, a deposit is required from which the DWM may complete the work. The required deposit amount for the Water Section is **\$440,231.82**, and the required deposit for the Sewer Section is **\$2,167,446.04**. These estimates are based on current rates for labor, materials, equipment and overhead charges, but actual costs will be billed to Pizzuti upon DWM's completion of the work.

Dear Mr. Kalayil:

This letter is in response to your inquiry dated March 22, 2019 concerning the proposed vacation. After reviewing our records, we have determined the following:

I) **The Department of Water Management - Water Section**

There is one 8-inch water main within the proposed vacation that was installed in 1940. There are also three fire hydrants, two 6-inch valves, two 8-inch valves and three 12-inch valves associated with this main.

These facilities must be abandoned at the owner's expense for the vacation to be approved by the Water Section, subject to the following conditions:

- a. Disconnecting the water main to be abandoned at W. 40<sup>th</sup> Street and at W. Ann Lurie Place, removing all three fire hydrants and abandoning the valve basins outside of the proposed vacation will be done by the Department of Water Management (DWM) at the owner's expense. Removal of the four valve basins within the proposed vacation are the responsibility of the owner.
- b. The DWM will perform the excavation, pipe work and backfilling to grade associated with the work described above. The owner will be responsible for obtaining all applicable permits and all restoration to CDOT standards.
- c. The estimated cost to do this work is \$40,800.00. This estimate is based on current rates for labor, materials, equipment and overhead charges, but actual costs will be billed to the owner upon DWM's completion of the work.

- d. The existing water main is not fully amortized. The total fixed unamortized cost for this water main is \$641.03.
- e. All water services no longer in use must be permanently terminated as part of the proposed development by permit per DWM Standards.
- f. Because the existing water main cannot be located within private property (the proposed vacation), this work must be done before the vacation can be approved.
- g. Detailed instructions for payment of the estimated cost of \$40,800.00 and the fixed unamortized cost of \$641.03 will follow under separate cover.

For questions regarding water facilities, please contact Andrew McFarland at (312) 742-7027.

II) **The Department of Water Management - Sewer Section**

The following sewer facilities are within the proposed vacation:

- a. One 15" public sewer main and appurtenances on S. Keeler Avenue extending from W. 40th Street approximately 92 feet south.
- b. One 15" to 21" public sewer main and appurtenances on S. Keeler Avenue extending from W. Ann Lurie Place approximately 756 feet north.

The Sewer Section has no objections to the proposed vacation, provided the following are part of the vacation ordinance:

- 1. The existing 15" public sewer main and appurtenances on S. Keeler Avenue extending south from W. 40th Street must become a private sewer maintained by the owner.
- 2. The existing 15" to 21" public sewer main and appurtenances on S. Keeler Avenue extending north from W. Ann Lurie Place must become a private sewer maintained by the owner.
- 3. The area to be vacated will be subject to the Stormwater Regulation requirements upon development.
- 4. If the owner wants to abandon any of the sewer facilities on S. Keeler Avenue, the abandonment plans must meet the Sewer Section's requirements. Abandonment of these facilities must be approved by the Sewer Section and installed at the owner's expense.

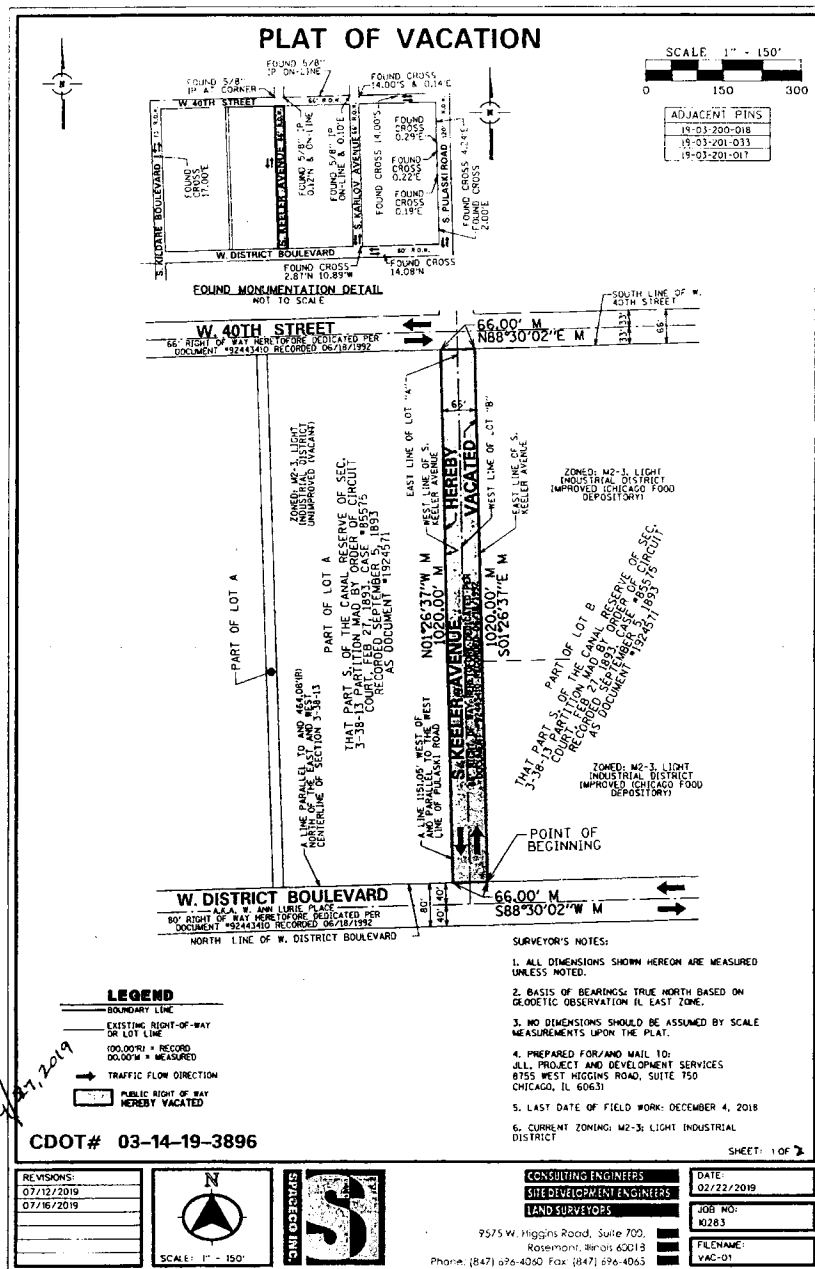

For questions regarding sewer facilities, please contact Anupam Verma at (312) 742-7108 or Sid Osakada at (312) 744-0344.

Very truly yours,

Randy Conner  
Commissioner

Dear Mr. Kalayil:

This letter is an updated response to your inquiry dated September 11, 2017 concerning the proposed vacation. This response supersedes all previous responses.

I) The Department of Water Management - Water Section

Based on our records, there are no water facilities within the limits of the area proposed for vacation. Therefore, the Water Section has no objection to the proposed vacation.

All water services no longer in use must be permanently terminated as part of the proposed development by permit per DWM standards at the developer's expense.

For questions regarding water facilities, please contact Andrew McFarland at (312) 742-7027.

II) The Department of Water Management - Sewer Section

Based on sewer records, there is a 60-inch public sewer on S. Laflin Street located at 31 feet west of east line of S. Laflin Street flowing south entering the proposed area to be

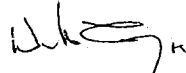

vacated. The 60-inch sewer is serving areas along S. Laflin Street including upstream of the area to be vacated. This 60-inch sewer must be retained and maintained.

Based on drawings received on 06/06/2019, the Sewer Section will approve the proposed street vacation, provided the beneficiary must agree with the following conditions:

- i. There must be a reservation of forty-six (46) feet wide centered at 31 feet west of east line of S. Laflin St for the existing 60-inch public sewer.
- ii. *Form Of Release Of Restrictive Use Covenant.*

City of Chicago, an Illinois municipal corporation ("City"), pursuant to an ordinance passed by the City Council of the City on September 27, 2007 ("Vacation Ordinance") and recorded on November 30, 2007 with the Office of the Cook County Recorder of Deeds as Document Number 0733409020, a copy of which is attached hereto as (Sub)Exhibit A, provided for an industrial program ("Industrial Program") alley vacation ("Vacation") of all of the remaining east/west public alley in the block bounded by West Washington Boulevard, West Madison Street, North Ogden Avenue and North Bishop Street ("Subject Property"), as legally described on (Sub)Exhibit B attached hereto.

The Vacation Ordinance provided that the Vacation of the Subject Property was conditioned upon a restrictive use covenant running with the land ("Restrictive Use Covenant"), that required the Subject Property "be used only for manufacturing (including production, processing, cleaning, servicing, testing and repair) of materials, goods or products only and for those structures and additional uses which are reasonably necessary to permit such manufacturing use including the location of necessary facilities, storage, employee and customer parking and other similar uses and facilities".

The Restrictive Use Covenant was recorded on November 30, 2007 with the Office of the Cook County Recorder of Deeds as Document Number 0733409021, and is attached hereto as (Sub)Exhibit C.

Section 4 of the Vacation Ordinance sets forth that the Restrictive Use Covenant "may be released by the City only upon approval of the City Council which may condition its approval upon the payment of such additional compensation which it deems to be equal to the benefits accruing because of the release or abandonment".

The City, upon due investigation and consideration, has determined that the public interest now warrants a release of the Restrictive Use Covenant reserved in Section 4 of the Vacation Ordinance for the payment of such additional compensation which it deems to be equal to the benefits accruing to the Developer because of such release of the Restrictive Use Covenant.

The City hereby releases the Restrictive Use Covenant from the Subject Property, as legally described on (Sub)Exhibit B, attached.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

*Business Planned Development No. \_\_\_\_\_.*

*Planned Development Statements.*

1. The area delineated herein as Planned Development Number ("Planned Development") consists of approximately 30,209 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map (the "Property"). NWC 308 West Erie LLC is the owner of a portion of the Property and the "Applicant" for this Planned Development pursuant to authorization from the owner of the other portion.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance (the "Zoning Ordinance"), the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Chicago Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Department of Planning and Development ("DPD") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between the City's Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the Property, which may include, but not be limited to, the following as shall be reviewed and determined by CDOT's Division of Infrastructure Management:

- Full width of streets
- Full width of alleys
- Curb and gutter
- Pavement markings
- Sidewalks
- ADA crosswalk ramps
- Parkway and landscaping

The Perimeter Restoration Agreement must be executed prior to any CDOT and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the CDOT Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by CDOT.

Should the loading dock operations for the 308 West Erie Street Building create undue congestion in the adjacent public alley, due to insufficient vertical clearance, the Applicant shall be required to submit an operations plan for review and approval to CDOT to mitigate such impacts.

4. This planned development consists of these 17 Statements; a Bulk Regulations and Data Table and the following exhibits and plans attached hereto prepared by NORR Architects and dated August 15, 2019 (the "Plans"): an Existing Zoning Map; an Existing Land-Use Map; a Planned Development Boundary, Subarea and Property Line Map; an Overall Site Plan; Landscape Plan -- Ground Level; Landscape Plan -- Roof Decks; Ground Floor Plans (Subarea A and Subarea B); an Overall Roof Plan; an Overall Elevation and Building Elevations (Subarea A North, South, East and West and Subarea B North, South, East and West); 308 West Erie Street -- Axonometric View -- South and East Elevations; 308 West Erie Street Axonometric View -- Middle and Top; 301 West Huron Street -- Axonometric View -- North Elevation; and 301 West Huron Street -- Axonometric View -- Middle and Top. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.
5. The following uses are permitted in the area delineated herein as a Business Planned Development:

Subarea A:

Office; daycare (conditional on CDOT review and approval for pick-up and drop-off prior to issuance of license or permits); animal services (excluding boarding and kenneling); business equipment sales and service; business support services; communication service establishments; eating and drinking establishments; financial services (excluding pawn shops and payday loan); food and beverage retail sales; medical service; personal service; general retail sales; participant sports and recreation; co-located wireless communication facilities; and incidental and accessory uses.

Subarea B:

Office; daycare (conditional on CDOT review and approval for pick-up and drop-off prior to issuance of license or permits); animal services (excluding boarding and kenneling); business equipment sales and service; business support services; communication service establishments; eating and drinking establishments; financial services (excluding pawn shops and payday loan); food and beverage retail sales; medical service; personal service; general retail sales; participant sports and recreation; co-located wireless communication facilities; accessory parking; non-accessory parking up to 25 percent of the total number of parking spaces can be leased out to occupants outside of the planned development, and incidental and accessory uses.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of DPD. Off-premises signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted Floor Area Ratio ("FAR") for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted overall FAR identified in the Bulk Regulations Table has been determined using a net site area of 30,209 square feet.

The Applicant acknowledges that the project has received a Bonus FAR of 3.1, pursuant to Section 17-41000 of the Zoning Ordinance. With this Bonus FAR, the total FAR for the Planned Development is 8.1. In exchange for the Bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

The bonus payment will be split between three separate funds, as follows: 80% to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

Should any of the existing parkway trees be damaged or killed as a result of lack of soil conservation, required tree protection, or landscape plan deviation, the assessed value of the existing trees plus their removal and replacement at 4-inch caliper will be required.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085 of the Municipal Code, or any other provision of that Code.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, a M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The

M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a zoning map amendment to rezone the Property to the DX-5 Downtown Mixed-Use District.

*Planned Development No. 136, As Amended.*

*Planned Development Statements.*

1. The area delineated herein as Planned Development Number 136, as amended ("Planned Development") consists of approximately 370,789 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property"). The Planned Development includes two subareas -- Subarea A and Subarea B. It is the intent of this ordinance to amend Subarea A only. Subarea A is under the single-designated control of the Applicant, Onni Atrium Apartments Limited Partnership.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the rights-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Design of the improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

The Applicant acknowledges that the site traffic impact study completed by KLOA, Inc. on behalf of the Applicant identifies the need for certain traffic control improvements in the immediate vicinity. Accordingly, the Applicant agrees, subject to approval of CDOT, to fund the design and installation of left-turn arrows on the east and west approaches of West Division Street at North Wells Street; to fund the installation of countdown pedestrian signals at the intersections of Division Street and Wells Street; and Division Street and Orleans Street; and to fund the modification of pavement markings on Division Street necessary to provide left-turn lanes at Wells Street. This work must be completed prior to the completion of Phase I. Additionally, the Applicant agrees, subject to the approval of CDOT, to fund the design and installation of a new traffic signal at the intersection of North Orleans Street and West Hill Street. This work must be completed prior to the completion of Phase II.

approval of CDOT, Applicant agrees to fund the design and installation of traffic control improvements as identified by CDOT in the subsequent phases.

4. This plan of development consists of 19 Statements; a Bulk Regulations Table; and the following exhibits published in the *City Council Journal of the Proceedings* dated April 10, 2019, at pages 100825 -- 100851 and incorporated herein by reference: Existing Zoning Map; an Existing Land-Use Map; a Planned Development Boundary and Property Line Map; Site Plan; a Subarea A Map; CTA Easement Area Map; Floor Plans for Phase 3/Subarea A4; Landscape Plan for Phase 3/Subarea A4; a Green Roof Plan for Phase 3/Subarea A4; Building Elevations (North, South, East and West) for Phase 3/Subarea A4, prepared by Hartshorne Plunkard Architecture and dated December 20, 2018; and copies of Minor Change Approvals dated May 27, 2015 and July 20, 2017. Full-sized copies of the Site Plan, Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.
5. The following uses are permitted in the area delineated herein as Subarea A of Planned Development 136, as amended: multi-unit buildings with residential units on and above the ground floor; townhouses; day care; eating and drinking establishments; office; personal service; retail sales; grocery stores; hotel; shared housing; accessory parking; non-accessory parking if located below-grade; financial services; public transit-related uses; accessory and related uses.  
  
The following uses shall be permitted within Subarea B of Planned Development 136, as amended: residential dwelling units; community centers; daycare facilities; accessory church offices; accessory parking; and other accessory church-related facilities; and accessory uses.
6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has

been determined using a net site area of 313,379 square feet for Subarea A and a base FAR of 5.0. The permitted FAR in Subarea B is 4.94 based upon a net site area of 57,410 square feet.

The Applicant acknowledges that the project has received a bonus FAR of 1.35 for Subarea A4, pursuant to Section 17-4-1000 of the Zoning Ordinance and based upon a net site area of 60,064 square feet in Subarea A4. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B and -C, prior to the issuance of the first building permit for any building in Subarea A4; provided, however, if Subarea A4 is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-41003-C.3.

The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including  
Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II Approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the

Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and \*(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof;

---

\* Editor's Note: Numbering sequence error; (i) missing in original document.

(c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the rezoning of the Property from Planned Development Number 136, as amended 1992, to Planned Development Number 136 as amended July 25, 2012, for the construction of the Residential Project triggers the requirements of Section 2-45-110 of the Municipal Code ("The Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance must (i) develop affordable housing units as part of the residential housing project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements, the Applicant has agreed to provide 10 percent affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$100,000 per unit ("Cash Payment"). At the time of each Part II Review for the Residential Project, Applicant shall update and resubmit an Affordable Housing Profile Form to the Department of Planning and Development for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, the Department of Planning and Development may adjust the requirements of this statement (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending this Planned Development. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Property and will constitute a lien against each Affordable Unit.

The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. Notwithstanding anything to the contrary contained in Section 17-4-1003-E, the Commissioner of the Department of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the planned development ordinance.

The Applicant acknowledges and agrees that this Planned Development is subject to that certain Affordable Housing Covenant and Agreement dated February 27, 2017, and recorded in the Office of the Cook County Recorder of Deeds as Document Number 1705822156; and by that certain Memorandum of Agreement Regarding Phase 2, dated October 23, 2017, and recorded in the Office of the Cook County Recorder of Deeds as Document Number 1729744033.

17. The development of Subarea B is located adjacent to a Chicago Landmark Building (the Sexton School). Accordingly, the owner of Subarea B shall provide a landscaped pedestrian walkway within the buffer zone between the landmark building and the apartment building as a means of increasing visual access to the west and north facades of the landmark building. The apartment building shall be set back from the southern boundary of Subarea B as depicted on the Subarea B Site Plan. The owner of Subarea B shall install and maintain an illuminated, paved pedestrian walkway no less than six (6) feet in width within this setback area. The pedestrian walkway shall not be closed off by any gate or other obstruction unless the owner of Subarea B determines that public safety requires otherwise; any such decision to restrict access for public safety reasons shall be subject to approval by the commander of the local district of the Chicago Police Department, with notice of any such decision provided to the Department of Planning and Development.
18. The Applicant acknowledges that the City of Chicago and the Chicago Transit Authority ("CTA") are studying the possibility of a future CTA station near the intersection of West Division Street and North Orleans Street in accordance with the "Central Area Action Plan" adopted by the Chicago Plan Commission on August 20, 2009. The Applicant recognizes the value that convenient access to public transportation would offer the residents of this Planned Development and agrees to grant the CTA a permanent easement (the "Station Easement") in, on, over and under the area labeled "Future Transit Station" as generally depicted on the Site Plan and on the CTA Easement Areas exhibit (the "CTA Exhibit") for the purpose of constructing, operating and maintaining a rail station and related public transportation facilities. The Applicant must record the Station Easement prior to the issuance of any Part II Approval for the Project. The transit station has not been fully designed as of the date of this Planned Development. Accordingly, prior to the issuance of Part II Approval for the transit station, the CTA shall submit a site plan ("Transit Station Site Plan") to the Commissioner of the Department of Planning and Development (the "Commissioner") for approval. Review and approval of the Transit Station Site Plan by the Commissioner is intended to assure that specific development proposals substantially conform to this Planned Development and to assist the City in monitoring on-going development. The CTA shall share copies of the Transit Station Site Plan with the Applicant for informational purposes only. The Department shall convene meetings between the CTA and the Applicant, if necessary and at the Department's own discretion, to discuss the station plans prior to final site plan approval of the station. Following approval of the Transit Station Site Plan by the Commissioner, the plan and such supporting data and materials as the

Commissioner had requested shall be kept on permanent file with the Commissioner and shall be deemed to be an integral part of this Planned Development. The approved Transit Station Site Plan may be changed or modified pursuant to the provisions of Statement 12 hereof. In the event of any inconsistency between the approved Transit Station Site Plan and the terms of this Planned Development in effect at the time of approval of such plan or of the modifications or changes thereto, the terms of this Planned Development shall govern. Applicant shall bear no costs associated with the proposed transit station.

The Applicant acknowledges and agrees that this Planned Development is subject to that certain Grant of Easements and Release of Easement dated November 8, 2013, and recorded in the Office of the Cook County Recorder of Deeds as Document Number 1401444043, by and between the Applicant and the Chicago Transit Authority ("CTA"), a municipal corporation. The grant of easement is a permanent, non-exclusive easement (the "Maintenance Easement") in, on, over, under, through and across the western portion of the Property to the extent necessary to create a buffer (clear zone) of at least 14 feet along, and parallel to, the eastern edge of the CTA elevated track structures for access to, and maintenance, repair, renovation and replacement of any CTA transit facilities now or hereafter located within the CTA's Brown Line right-of-way, and for safety reasons.

19. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to Planned Development Number 136, as amended April 10, 2019, and as modified administratively thereafter.
