RULE 17. If any communication, petition, ordinance, order, resolution or other original matter under consideration contains several distinct propositions, the Council by a majority vote of the members present may divide such question.

The Council, at the request of any two (2) Alderpersons present, shall divide a question dealing with the confirmation of appointments requiring Council approval so that each appointee may be considered separately.

Record Of Motions.

RULE 18. In all cases where a resolution or motion is entered in the *Journal*, the name of the member moving the same shall be entered also.

Taking And Entering Of Votes; Explanation Of Votes Not Permitted.

RULE 19. At any point during debate, any member may request that the yeas and nays upon any question be taken electronically or, at the discretion of the Chair, verbally, at the conclusion of debate and entered in the *Journal*; but the yeas and nays shall not be taken unless called for previously to any other vote on the question. Only members present shall be permitted to vote or have their votes recorded either by "yea" or "nay" on any matter before the City Council, any of its standing committees or subcommittees.

When the Clerk has commenced to call the roll of the Council for the taking of a vote of yeas and nays, whether electronically or verbally, all debate on the question before the Council shall be deemed concluded, and during the taking of the vote no member shall be permitted to explain their vote but shall respond, electronically or verbally as the case may be, "yea" or "nay". After one minute has elapsed following the start of an electronic roll call vote, the Clerk will call the name of any Alderperson who has not voted in order to prompt their vote, verbally if necessary. Following this step, the voting will be deemed closed and the Clerk will inform the Presiding Officer of the result.

Announcement And Changes Of Votes.

RULE 20. The result of all votes by roll call shall not be announced by the Clerk, but shall be transmitted or handed from the Clerk to the Presiding Officer for announcement. No vote shall be entered or changed after the Clerk has conveyed the result of the vote to the Presiding Officer.

RULE 21. When a question is under debate, the following motions shall be in order and shall have precedence over each other in order, as listed:

4. to lay on the table;
5. the previous question;
6. to refer;
7. to amend;
8. to postpone to a time certain; and
9. to postpone (without reference to time).

Numbers 2, 4 and 5 shall be decided without debate.

Motion To Adjourn.

RULE 22. A motion to adjourn the Council shall always be in order, except:

1. when a member is in possession of the floor;
2. when the members are voting;
3. when adjournment was the last preceding motion; and
4. when it has been decided that the previous question shall be taken.

RULE 23. A motion to adjourn shall not be subject to amendment. But a motion to adjourn to a time certain shall be amendable.

Previous Question.

RULE 24. When the previous question is moved on the main question, it shall be put in this form: "Shall the main question now be put?". If such motion is carried by a majority of all the members authorized by law to be elected, no further amendment, motion or debate shall be allowed and the question shall be put without delay upon the pending amendments or motion in inverse order of presentation, and then upon the main question.

Motions To Lay On The Table And
To Take From The Table.

RULE 25. A motion to lay a question on the table shall not be debatable. A motion to take a question from the table shall not be debatable.

A motion to lay on the table and publish, or with any other condition, shall be subject to amendment and debate.

A motion to take any question from the table may be proposed at the same meeting at which such question was laid upon the table, provided two-thirds (2/3) of the Alderpersons vote therefor.

RULE 26. A motion to lay any particular motion or proposition on the table shall apply to that motion or proposition only. An amendment to the main motion or proposition or other pending motion or proposition may be laid on the table and neither the main motion or proposition nor such other pending motion or proposition shall be affected thereby.

Postponement; Motion To Postpone Without
Any Reference To Time.

RULE 27. Subject to the provisions of Rule 25, consideration of a motion or other proposition may not be postponed indefinitely. Unless a definite time is set for its subsequent consideration and final action, a motion to postpone, without any reference to time, shall be construed as a motion to postpone to the next succeeding regular meeting.

Motion To Refer.

RULE 28. A motion to refer to a standing committee shall take precedence over a similar motion to refer to a special committee.

Motion To Amend.

RULE 29. A motion to amend an amendment shall be in order, but one to amend an amendment to an amendment shall not be entertained.

RULE 30. An amendment modifying the intention of a motion shall be in order; but an amendment relating to a different subject shall not be in order.

On an amendment to "strike out and insert", the paragraph to be amended shall first be read as it stands, then the words proposed to be stricken out, then, those to be inserted, and finally the paragraph as it will stand if so amended shall be read.

RULE 31. An amendment to the main motion or proposition or other pending motion or proposition may be referred to a committee and neither the main motion or proposition nor such other pending motion or proposition shall be affected thereby.

Filling The Blanks.

RULE 32. When a blank is to be filled, and different sums or time proposed, the motion or proposition shall be taken first on the least sum or the longest time.

Motion To Substitute.

RULE 33. A substitute for any original proposition under debate or for any pending amendment to such proposition may be entertained notwithstanding that at such time further amendment is admissible; and if accepted by the Council by a majority vote shall entirely supersede such original proposition or amendment, as the case may be, and cut off all amendments appertaining thereto.

Reconsideration.

RULE 34. A vote or question may be reconsidered at any time during the same meeting, or at the first regular meeting held thereafter. A motion for reconsideration, having been once made and decided in the negative, shall not be renewed, nor shall a motion to reconsider be reconsidered.

A motion to reconsider must be made by a member who voted on the prevailing side of the question to be reconsidered, unless otherwise provided by law; provided however, that where a motion has received a majority vote in the affirmative, but is declared lost solely on the ground that a greater number of affirmative votes is required by statute for the passage or adoption of such motion, then in such case a motion to reconsider may be made only by a member who voted in the affirmative on such question to be reconsidered.

The Project was selected for the plan and scope of work presented in the application and summarized below. Any changes to the proposed project plan or scope of work without DPD's prior written approval may result in forfeiture of the City Grant.

CAPITAL GRANT PAYMENT

The Capital Grant may be disbursed as progress payments through a project escrow, or as a single, 100% reimbursement upon project completion. The Finalist must select a payment method before executing the RDA.

Project Escrow

Grantees may establish a project escrow account at their own cost, and receive four, incremental disbursements of their Capital Grant during construction. The fourth, and final, disbursement is provided following the completion of the Project and DPD's issuance of a Certificate of Completion ("Certificate"). Each escrow draw requires review and approval of Grantee's documentation by DPD. Grantees who elect to receive their Capital Grant via a project escrow must execute an escrow agreement with DPD and the title company concurrently with the execution of the RDA.

Single Reimbursement

Grantees may receive a one-time disbursement of 100% of their Capital Grant following the completion of the Project and DPD's issuance of the Certificate.

GRANT STRUCTURE

Before any City Grant funds are disbursed, Grantees will be required to submit evidence of eligible costs.

Base Grant

Rehabilitation projects are eligible to receive up to 50% of total project costs. New construction projects are eligible to receive up to 30% of total project costs, to the extent that eligible costs such as land acquisition or site preparation are documented. In no case may the total Capital Grant exceed the program's \$2.5 million grant limit.

Ineligible project costs include furnishings, fixtures and equipment (FF&E); fees generally related to accounting, marketing, permitting, equipment rental, or construction management; and hard and soft contingencies unrelated to eligible project costs.

Local Hiring Funds

Each Grantee is entitled to up to \$75,000 in additional funds, exclusive of their grant amount, to reimburse wage expenses or training costs associated with hiring at least two or more new employees who maintain their primary residence in the Qualified Investment Area ("QIA"). These funds are disbursed following the issuance of the Certificate, for eligible costs incurred no earlier than three months prior to, and no later than 12 months following, receipt of the Certificate. The new, qualifying employees:

- Must maintain their primary residence in the QIA
- Must work at least 20 hours/week, achieving at least 60 hours/week across all qualifying employees

- Must receive at least minimum wage, as defined by the City of Chicago
- Must be continually employed for a minimum of 12 weeks
- May not include the Grantee's family members (by blood or marriage), persons dwelling at the Grantee's primary residency, or the Grantee themselves.

Grantees are advised to keep a separate record of wage expenses for the qualifying employees in an organized file for reimbursement. Requests for reimbursement can only be submitted once per calendar quarter. Grantees must submit the following documents with their reimbursement requests to verify the new employees' home addresses and wage expenses:

- Evidence of eligible project costs incurred and paid by the Grantee
- Employee Worksheet Form (included in the RDA) listing all new hires, their primary residences, their hourly wages, and their average weekly hours worked.
- Payroll ledgers and/or copies of pay stubs that verify hours worked, hourly wage, and address for employees.

SUMMARY OF GRANT COVENANTS

The following is a summary of important City Grant covenants to which the Grantee must adhere. The RDA will contain a complete list of all City Grant covenants.

Grantees shall not do any of the following without prior, written consent from DPD, for the Term of the Agreement: be a party to any merger, liquidation or consolidation; sell, transfer, convey, lease or otherwise dispose of all or substantially all of their assets or any portion of the project property (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business; enter into any transaction outside the ordinary course of Grantee's business; assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or enter into any transaction that would cause a material and detrimental change to Grantee's financial condition.

Operations & Occupancy Covenants

Grantees must continuously own, occupy, and/or operate the entirety of the Project for three years following the issuance of the Certificate. If a Grantee fails to satisfy these requirements, the City shall have the right to cease the payment of the City Grant, terminate the RDA, or place a lien on the Project property in the value of disbursed City Grant.

Annual Compliance Report

Grantees must submit an Annual Compliance Report for at least three years following the issuance of the Certificate. Requirements for the Annual Compliance Reports will be detailed in the RDA.

GRANT CONDITIONS

Issuance of the City Grant is subject to the Finalist's ability to fulfill the following conditions, and City Council approval. Following City Council approval of the City Grant, the Grantee will be required to execute the RDA with the City, through DPD, which details the legal requirements of the Project and the process for receiving the City Grant.

If the Project uses and/or improvements require a zoning map amendment, licenses, or permits, the Finalist must provide evidence of the approved zoning map amendment, secured licenses and/or permits, and Aldermanic input.
6. **Preliminary Project Financing:** The Finalist must submit proof of project financing, demonstrating that all sources of funds outside of the City Grant are available and secured, or will be secured by closing. The Finalist must close on all financing sources on or before executing the RDA.
7. **Preliminary Site Control:** The Finalist must submit the following proof of site control, demonstrating that the Project location is secured, or will be secured by closing. The Finalist must secure site control on or before executing the RDA.
 - a) Tenant Finalists: Letter of interest or executed lease (for at least three years) for the Project location.
 - b) Owner-Occupied Finalists: Deed or Real Estate Purchase Agreement (demonstrating closing within 90 days), for the Project location.

1. **Final Project Financing:** If not yet submitted, the Grantee must submit proof of project financing, evidencing that all financing sources outside of the Capital Grant have been secured and are available.
2. **Final Site Control:** If not yet submitted, the Grantee must submit the following proof of site control, evidencing that the Project location has been secured:
 - a) Tenant Grantees: Executed lease for at least three years for the Project location AND written evidence of property owner's consent to record the RDA against the tenant's leasehold interest in the Project location.
 - b) Owner-Occupied Grantee: Deed for the Project location.

- c) **Property Owner Grantee:** Deed for the Project location; AND executed tenant leases, for at least three years, for at least 75% of the Project.
3. **Escrow Agreement:** If the Grantee elects to receive the Capital Grant via progress payments (escrow), the escrow agreement between the City, title company and Grantee must be fully executed.
4. **Building Permits:** The Grantee must submit proof of all permits required by the City's Municipal Code for work associated with the Project for all corresponding costs to be eligible for reimbursement.

Conditions for Receiving the Certificate

The Grantee must complete project construction and receive a Certificate within the timeframe dictated by the executed RDA, or the Project will be considered in default, the City Grant may be forfeited, and the RDA may be terminated. The Certificate *must* be issued within two years of the RDA execution date.

1. **MBE/WBE Requirements:** The Grantee must fulfill at least 26% Minority Business Enterprise (MBE) and 6% Women Business Enterprise (WBE) participation for all direct and indirect construction costs associated with the Project.

DPD will withdraw City Grants for Grantees who are unable to satisfy the conditions after exhausting their extensions.

The project will cost approximately \$7.2 million to construct and will be funded through state and city grants, New Market Tax Credits, and Owner Equity. (the "Project")

*The Local Hiring Funds are available after project completion and therefore cannot be considered part of the Project capital stack.

CAPITAL GRANT PAYMENT

The Capital Grant may be disbursed as progress payments through a project escrow, or as a single, 100% reimbursement upon project completion. The Finalist must select a payment method before executing the RDA.

Project Escrow

Grantees may establish a project escrow account at their own cost, and receive four, incremental disbursements of their Capital Grant during construction. The fourth, and final, disbursement is provided following the completion of the Project and DPD's issuance of a Certificate of Completion ("Certificate"). Each escrow draw requires review and approval of Grantee's documentation by DPD. Grantees who elect to receive their Capital Grant via a project escrow must execute an escrow agreement with DPD and the title company concurrently with the execution of the RDA.

Single Reimbursement

Grantees may receive a one-time disbursement of 100% of their Capital Grant following the completion of the Project and DPD's issuance of the Certificate.

GRANT STRUCTURE

Before any City Grant funds are disbursed, Grantees will be required to submit evidence of eligible costs.

Base Grant

Rehabilitation projects are eligible to receive up to 50% of total project costs. New construction projects are eligible to receive up to 30% of total project costs, to the extent that eligible costs such as land acquisition or site preparation are documented. In no case may the total Capital Grant exceed the program's \$2.5 million grant limit.

Ineligible project costs include furnishings, fixtures and equipment (FF&E); fees generally related to accounting, marketing, permitting, equipment rental, or construction management; and hard and soft contingencies unrelated to eligible project costs.

Local Hiring Funds

Each Grantee is entitled to up to \$75,000 in additional funds, exclusive of their grant amount, to reimburse wage expenses or training costs associated with hiring at least two or more new employees who maintain their primary residence in the Qualified Investment Area ("QIA"). These funds are disbursed following the issuance of the Certificate, for eligible costs incurred no earlier than three months prior to, and no later than 12 months following, receipt of the Certificate. The new, qualifying employees:

- Must maintain their primary residence in the QIA
- Must work at least 20 hours/week, achieving at least 60 hours/week across all qualifying employees
- Must receive at least minimum wage, as defined by the City of Chicago

- Must be continually employed for a minimum of 12 weeks
- May not include the Grantee's family members (by blood or marriage), persons dwelling at the Grantee's primary residency, or the Grantee themselves.

Grantees are advised to keep a separate record of wage expenses for the qualifying employees in an organized file for reimbursement. Requests for reimbursement can only be submitted once per calendar quarter. Grantees must submit the following documents with their reimbursement requests to verify the new employees' home addresses and wage expenses:

- Evidence of eligible project costs incurred and paid by the Grantee
- Employee Worksheet Form (included in the RDA) listing all new hires, their primary residences, their hourly wages, and their average weekly hours worked.
- Payroll ledgers and/or copies of pay stubs that verify hours worked, hourly wage, and address for employees.

SUMMARY OF GRANT COVENANTS

The following is a summary of important City Grant covenants to which the Grantee must adhere. The RDA will contain a complete list of all City Grant covenants.

Grantees shall not do any of the following without prior, written consent from DPD, for the Term of the Agreement: be a party to any merger, liquidation or consolidation; sell, transfer, convey, lease or otherwise dispose of all or substantially all of their assets or any portion of the project property (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business; enter into any transaction outside the ordinary course of Grantee's business; assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or enter into any transaction that would cause a material and detrimental change to Grantee's financial condition.

Operations & Occupancy Covenants

Grantees must continuously own, occupy, and/or operate the entirety of the Project for three years following the issuance of the Certificate. If a Grantee fails to satisfy these requirements, the City shall have the right to cease the payment of the City Grant, terminate the RDA, or place a lien on the Project property in the value of disbursed City Grant.

Annual Compliance Report

Grantees must submit an Annual Compliance Report for at least three years following the issuance of the Certificate. Requirements for the Annual Compliance Reports will be detailed in the RDA.

GRANT CONDITIONS

Issuance of the City Grant is subject to the Finalist's ability to fulfill the following conditions, and City Council approval. Following City Council approval of the City Grant, the Grantee will be required to execute the RDA with the City, through DPD, which details the legal requirements of the Project and the process for receiving the City Grant.

Conditions for Submission to City Council for Approval for the City Grant

The following must be submitted to your Project Manager by Monday, August 28, 2023 to prepare for submission to City Council for approval.

1. **Pre-Construction Compliance Meeting:** The Finalist, general contractor, and all major subcontractors must meet with Construction Compliance staff to review the Finalist's plan to achieve the City's Construction Compliance obligations (MBE/WBE, City Residency and Prevailing Wage Requirements), as established in the RDA and as mandated by City ordinance and DPD policy.
2. **Final Contractor Estimates:** The Finalist must submit at least two, final and comprehensive contractor estimates for the final Project scope of work. All estimates must reflect the same scope of work and final Project Budget, as well as account for the City's M/WBE, Prevailing Wage and City Residency construction compliance requirements.
3. **Final Project Budget:** The Finalist must submit a final Project budget. The City Grant amount in this letter will not be increased; therefore, the Finalist must assume the responsibility of any Project cost increases following City Council approval.
4. **Final Design Documents:** The Finalist must submit, at a minimum, a final site plan, final renderings, and final elevations for the Project. All DPD comments on the Project design should be addressed prior to seeking City Council approval.
5. **Final Zoning Approval:** The Finalist must verify that all proposed Project uses and physical improvements comply with the zoning requirements for the Project location. If the Project uses and/or improvements require a zoning map amendment, licenses, or permits, the Finalist must provide evidence of the approved zoning map amendment, secured licenses and/or permits, and Aldermanic input.
6. **Preliminary Project Financing:** The Finalist must submit proof of project financing, demonstrating that all sources of funds outside of the City Grant are available and secured, or will be secured by closing. The Finalist must close on all financing sources on or before executing the RDA.
7. **Preliminary Site Control:** The Finalist must submit the following proof of site control, demonstrating that the Project location is secured, or will be secured by closing. The Finalist must secure site control on or before executing the RDA.
 - a) Tenant Finalists: Letter of interest or executed lease (for at least three years) for the Project location.
 - b) Owner-Occupied Finalists: Deed or Real Estate Purchase Agreement (demonstrating closing within 90 days), for the Project location.
 - c) Property Owner Finalists: Deed or Real Estate Purchase Agreement (demonstrating closing within 90 days), for the Project location; AND letters of interest or executed tenant leases, for at least three years, for at least 75% of the Project.

Conditions for Executing the RDA

Following City Council's approval, the Grantee must satisfy the conditions below before the City will execute and deliver the RDA, unless the City waives such conditions in writing. The following must be secured within one month of receiving City Council approval to close on the RDA.

1. **Final Project Financing:** If not yet submitted, the Grantee must submit proof of project financing, evidencing that all financing sources outside of the Capital Grant have been secured and are available.
2. **Final Site Control:** If not yet submitted, the Grantee must submit the following proof of site control, evidencing that the Project location has been secured:
 - a) Tenant Grantees: Executed lease for at least three years for the Project location AND written evidence of property owner's consent to record the RDA against the tenant's leasehold interest in the Project location.
 - b) Owner-Occupied Grantee: Deed for the Project location.
 - c) Property Owner Grantee: Deed for the Project location; AND executed tenant leases, for at least three years, for at least 75% of the Project.

3. **Escrow Agreement:** If the Grantee elects to receive the Capital Grant via progress payments (escrow), the escrow agreement between the City, title company and Grantee must be fully executed.
4. **Building Permits:** The Grantee must submit proof of all permits required by the City's Municipal Code for work associated with the Project for all corresponding costs to be eligible for reimbursement.

Conditions for Receiving the Certificate

The Grantee must complete project construction and receive a Certificate within the timeframe dictated by the executed RDA, or the Project will be considered in default, the City Grant may be forfeited, and the RDA may be terminated. The Certificate *must* be issued within two years of the RDA execution date.

1. **MBE/WBE Requirements:** The Grantee must fulfill at least 26% Minority Business Enterprise (MBE) and 6% Women Business Enterprise (WBE) participation for all direct and indirect construction costs associated with the Project.
2. **City Residency Requirements:** The Grantee must hire City residents to perform 50% of all construction hours.
3. **Prevailing Wage Requirements:** The Grantee must adhere to the City's prevailing wage requirement for all construction trades, as established by the Illinois Department of Labor.
4. **Certificate of Occupancy:** The Grantee must obtain and submit proof of all permits required by the City's Municipal Code to occupy the Project premises.
5. **Business Licenses:** The Grantee must obtain all necessary business licenses.
6. **Documentation:** The Grantee must appropriately document all eligible project costs. Documentation includes, but is not limited to, detailed invoices, cancelled checks, sworn owner's statement, sworn statement of contractor and subcontractor to owner and final lien waivers.

PROJECT EXTENSION, WITHDRAWAL AND TERMINATION POLICIES

Project Deadline Extension

Grantees are allowed to request up to two extensions to satisfy the conditions for all milestones leading to RDA execution. Grantees in need of an extension during this time must submit a written request to DPD justifying the need for the extension. DPD will issue extension approvals and durations, in writing, at its discretion. DPD will withdraw City Grants for Grantees who are unable to satisfy the conditions after exhausting their extensions.

Project Withdrawal

Finalists or Grantees must provide written notification to DPD staff of their intent to rescind their City Grant and withdraw from the program. DPD staff will send the Finalist or Grantee an email confirmation of the Project's withdrawal and the return of the allocated City Grant.

Project Termination

DPD staff will send the Finalist or Grantee notification via email and postal mail to the above address regarding termination of the Project and the return of the allocated City Grant. All questions regarding the conditions outlined in this letter, and general City requirements and procedures, can be addressed to Garrett Riou (garrett.riou@cityofchicago.org) or 312-744-6221.

WHEREAS, The City of Chicago (the "City") is a home rule unit of government as defined in Section 6(a), Article VII of the 1970 Constitution of the State of Illinois and, as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, The City, through the Department of Cultural Affairs and Special Events ("DCASE"), sponsors and conducts unparalleled exhibits, programs, festivals and cultural and entertainment events as further described by this ordinance (collectively "Events") in City facilities managed by DCASE and other City departments and throughout the City's streets, parks and neighborhoods; and

WHEREAS, The Events promote the public interest by providing vital recreation for the citizens of the City and from around the world, enhancing the cultural life of the City, and bringing together large numbers of people from every segment of society to meet and share in common social experiences in celebration of the City; and

WHEREAS, The City Council wishes to confer supplemental authority relating to the management and execution of Events, and also to vest the Commissioner with contracting authority important to the functioning of DCASE, including the operation of retail shops at DCASE's facilities, and the authority to buy, maintain, and restore art, all as specified in this ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are made a part of this ordinance as though fully set forth herein.

SECTION 2. DCASE is authorized to sponsor and produce the Events set forth in Exhibit A attached to this ordinance. Subject to the availability of funds, DCASE may add additional programs, exhibits, festivals, cultural and/or entertainment events to Exhibit A.

SECTION 3. Those revenues that the Events may generate in 2023 in excess of revenues that have been appropriated in the 2023 Annual Appropriation Ordinance, as well as all City revenues collected in connection with concession agreements entered pursuant to this ordinance, must be deposited into Fund Number 355, and are subject to appropriation. All agreements and extensions authorized in this ordinance shall: (1) be made subject to the availability of duly appropriated funds, (2) contain such other terms and conditions as the Commissioner deems reasonable and appropriate, and (3) be subject to the approval of the Corporation Counsel.

Such agreements may authorize such entities to sell works of art or tickets to performances or exhibitions and to keep the proceeds and may also provide for the City to give financial or promotional support to the entity.

SECTION 5. (a) DCASE is authorized to impose application fees and/or registration fees in connection with certain Events, as follows: (i) Online talent submissions to perform at Events -- a fee of not more than Ten and no/100 Dollars (\$10.00); and (ii) any other Event where, based on the location of the Event, the estimated number of participants in the Event, the duration of the Event or any other relevant factor set forth in duly promulgated rules, DCASE determines that an application fee and/or registration fee is required for such Event. Provided, however, that if an application fee and/or registration fee is assessed under this item (ii), such fee shall not exceed One Hundred and no/100 Dollars (\$100.00) and shall be

reasonably related to the costs incurred by DCASE in connection with the administration of such Event. Any balance remaining from the application fees and/or registration fees after payment of the costs of the respective Event must be applied to the costs incurred by the City with respect to various other Events.

(b) DCASE is authorized to sell tickets for admittance to events that take place at venues where DCASE events are held. The number of tickets sold shall not exceed 25 percent (25%) of the total capacity of the venue; 75 percent (75%) of the venue shall remain free of charge. DCASE may also sell coupons in electronic and other formats and at quantities greater or less than fourteen (14). The service charge for an individual coupon must not be greater than $\frac{1}{14}$ of Three and no/100 Dollars (\$3.00). The service charge will be applied to the City's costs for these Events, which include, without limitation: security, entertainment, programming, production and marketing, maintenance operation, restroom facilities, inclusion of dining areas and picnic tables, and public relations efforts regionally, nationally and internationally. Any balance remaining from the service charge revenues after payment of these costs must be applied to the costs incurred by the City with respect to various other Events.

SECTION 7. On behalf of the City, DCASE may donate the amount of one percent (1%) of the total ticket sales, less service charge revenues and sales tax, generated from Taste of Chicago for the relief of malnutrition to not-for-profit organizations and/or for job training in the culinary arts industry in the City as directed by the Commissioner.

SECTION 2. This ordinance shall take effect upon its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Waterway-Residential-Business Planned Development No. 1342.

Plan Of Development Statements.

1. The area delineated herein as Waterway-Residential-Business Planned Development Number 1342 consists of approximately 69,840 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, 322 North Clark LLC.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees, or grantees. Any dedication or vacation of streets or alleys, or easements, or adjustments of right-of-way, or consolidation or resubdivision of parcels, shall require a separate submittal on behalf of the Applicant or its successors, assignees, or grantees and approval by the City Council.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.
4. All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. The submitted plans must be approved by the Department of Transportation. Applicant shall make the following improvements:

To facilitate consistent and desirable street grade development and promote vehicular and public access, the Applicant shall design and construct a structure to deck over lower Carroll Avenue to provide one-way vehicular access entering on Clark Street, exiting onto LaSalle Street. The City shall take into consideration the proposed deck structure over lower Carroll Avenue when planning or designing proposed improvements to LaSalle and Clark Streets at their intersections with Carroll Avenue. The area of the upper level of the deck that is not occupied by the vehicular access but is within the public way, including that portion outside the P.D. boundary, shall be, subject to CDOT review and site plan approval, improved, landscaped and maintained as a public plaza by the Applicant, open to public access

6:00 A.M. -- 11:00 P.M. (standard Chicago Park District hours), subject to reasonable regulations agreed to by the Applicant, DPD, CDOT, and the local alderman. The lower level shall be repaved by the Applicant and will maintain unobstructed vehicular access and the Applicant shall provide lighting, ventilation and other public improvements as needed. Long-term maintenance agreements shall be executed, and applicable permits issued before Part II approval is granted and, a final certificate of occupancy will not be issued for the project until the deck system outside the PD is complete.

Prior to issuance of Certificate of Occupancy, the Applicant agrees to remove the existing traffic signal at 320 North Clark Street and to perform a traffic signal warrant study to determine whether a new mid-block pedestrian traffic signal should be provided on Clark adjacent to the project's proposed entrance driveway. If warranted, the Applicant agrees to fully fund, install, and activate the traffic signal prior to issuance of the Certificate of Occupancy. The Applicant also agrees to install countdown pedestrian signals at the intersection of Clark Street and Kinzie Street prior to the issuance of the Certificate of Occupancy.

5. This plan of development consists of these eighteen (18) Statements; a Bulk Regulations and Data Table; an Existing Land-Use Map; Existing Zoning Map; and Property Line and Planned Development Boundary Map, Site Plan, Green Roof Plan, Riveredge Plan, Riveredge Section, and Building Elevations prepared by HKS Architects dated April 20, 2023. Full size copies of the Site Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development and the Zoning Ordinance, this Planned Development ordinance shall control.
6. The following uses shall be allowed within the area herein delineated a Waterway-Residential-Business Planned Development: dwelling units located above the ground floor; cultural exhibits; day care; lodge or private club; artist work or sales space; building maintenance services; business equipment sales and service; business support services; communication service establishments; eating and drinking establishments (all); entertainment and spectator sports, small and medium venue; financial services; food and beverage retail sales; hotel; medical service; office; personal service; repair and laundry services, consumer; retail sales, general; indoor participant sports and recreation; children's play center; valuable objects dealer; light equipment sales/rentals; artisan manufacturing, production and industrial services; wireless communication facilities; riveredge docking; accessory parking.
7. Business identification signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development. Temporary signs, such as construction and marketing signs, shall be permitted subject to the review and approval of the Department of Planning and Development.

8. Any service drives or other ingress or egress (including ramps from Clark Street and/or LaSalle Street to Carroll Avenue) shall be adequately designed and paved in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such emergency area. Ingress and egress shall be subject to the review and approval of the Department of Transportation and the Department of Planning and Development. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Department of Transportation.
9. In addition to the maximum height of the building and any appurtenance thereto prescribed in this Planned Development, the height of any improvement shall also be subject to height limitations approved by the Federal Aviation Administration.
10. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 69,840 square feet and a base FAR of 12.0.
11. The improvements on the property shall be designed, installed and maintained in substantial conformance with the Site/Landscape Plan, the Riveredge Plan and Building Elevations and in accordance with the parkway tree provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines. All physical improvements to the exterior of the designated historic Reid Murdoch Building including, but not limited to roof top additions, infill additions, signage, awnings, window replacement, cleaning and restoration, shall require approval of the Commission on Chicago Landmarks.
12. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance and quality of and accessibility to the Chicago River, as provided for in the Waterway Planned Development Guidelines set forth in Section 17-8-0509 of the Chicago Zoning Ordinance. To further these goals, the Applicant may pursue a permit from the Army Corps of Engineers to extend the existing deck running east to west along the property at the river level ("River Deck") in accordance with the plan attached hereto. Applicant's application for permit will provide for extending the River Deck southward to a point aligned with the south edge of the existing dolphins adjacent to the Clark and LaSalle Street bridge houses. Following its extension, the River Deck shall include a publicly accessible walkway ("Riveredge Walkway"). When completed, the Riveredge Walkway shall be open and available for use by the general public, free of charge, during normal Chicago Park District hours and such other hours as may be designated by Applicant; provided, however, Applicant may from time to time close off public access to the Riveredge Walkway for repairs and to prevent the

establishment of any public, prescriptive or constructive easements to such area or portion thereof. Until such time as the Applicant secures the permit from the Army Corps of Engineers and the related approvals for the extension of the River Deck, Applicant shall continue to maintain the River Deck and provide a street level walkway connection between LaSalle and Clark Streets ("Street Level Deck"). From the Street Level Deck, Applicant also provides stairways to the River Deck, one on the west end (LaSalle Street) and one on the east end (Clark Street). Until such time as the Applicant secures the permit from the Army Corps of Engineers and the related approvals for the extension of the River Deck, the Street Level Deck and River Deck and at least one stairway shall be open, unobstructed, and available for use by the general public, free of charge, during normal Chicago Park District hours; provided, however, Applicant may from time to time close off public access to the Street Level Deck and the River Deck for repairs and to prevent establishment of any public, prescriptive or constructive easements. Notwithstanding the foregoing and provided the public ingress and egress is not blocked, the Applicant and any lessee, shall be permitted to operate outdoor dining areas on the River Deck and Street Level Deck.

13. The terms, conditions and exhibits of this Planned Development Ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the application for such modification by the Applicant and after a determination by the Commissioner of the Department of Planning and Development that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all new buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards. Applicant will achieve building certification for the new building area and will provide a 50 percent green roof on all new net roof area.
15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("MOPD") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 17-13-0611 until the Director of MOPD has approved detailed construction drawings for each building or improvement.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II permit review for the project or any phase thereof, the applicant must submit to DPD: (a) updates (if any) to the applicant's preliminary outreach plan; (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts; and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
17. The Applicant acknowledges and agrees that the rezoning of the Property from Waterway-Business Planned Development Number 1342 to Waterway-Residential-Business Planned Development Number 1342, as amended, is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The P.D. is located in a downtown district within the meaning of the ARO and is being amended to allow residential uses. Since this P.D. did not previously allow residential uses, any future ARO obligation will be based on the total number of dwelling units in the project.

* Editor's Note: Numbering sequence error; (i) missing in original document.

18. Unless substantial construction of the new improvements contemplated in this Planned Development has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire and the zoning of the Property shall automatically revert to Waterway-Business Planned Development Number 1342 dated September 14, 2016.

The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II permit review A improvements or any phase thereof, the applicant must submit to DPD: (a) updates (if any) to the applicant's preliminary outreach plan; (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts; and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the improvements or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
15. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to a PMD Number 6 District.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-620 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that the Clark Netsch House (the "Building"), located at 1700 North Hudson Avenue, Chicago, Illinois, as more fully described in Exhibit A, attached hereto and incorporated herein, satisfies four criteria for landmark designation as set forth in Section 2-120- 620 (1), (3), (4) and (5) of the Municipal Code; and

WHEREAS, The Building reflects the architectural heritage of Old Town in the 1960s and 1970s, a neighborhood that had established itself as a place for artists and the creative community. Walter Netsch was one of several Chicago architects of the modern era that designed residential buildings for themselves and for clients in Old Town. The Building is one example how modern design was adapted for smaller, urban residences in Old Town; and

WHEREAS, The Building is significant as the residence of Dawn Clark Netsch, a progressive politician and lawyer who served as an Illinois State Senator, Comptroller, and Northwestern University professor; and

WHEREAS, Dawn Clark Netsch's career was marked by a number of superlative achievements: she was the first woman to serve on the faculty at Northwestern University School of Law, she was the first woman to be elected to the Illinois state senate, she became in 1990 the highest-ranked woman in the state government when she was elected Illinois comptroller, and she was the first woman to campaign for governor of Illinois; and

WHEREAS, During her long career in law and public service, both in and out of office, Dawn Clark Netsch championed progressive government reforms, funding for public education, civil rights and social justice; and

WHEREAS, During her 18 years in the state senate, Dawn Clark Netsch helped advance the Equal Rights Amendment and the Family and Medical Leave Act. She was also an early and vocal supporter of the gay and lesbian community, she worked to establish state funding for HIV/AIDS care in the 1980s and also sponsored gay rights legislation; and

WHEREAS, As a delegate to the Illinois Constitutional Convention in 1969, Dawn Clark Netsch played an influential role in modernizing state government; and

WHEREAS, The Building is constructed with economical and off-the-shelf materials, resulting in an innovative example of a small modern house set within a historic residential setting; and

WHEREAS, The Building is significant as the residence of its designer Walter Netsch, a prominent Chicago architect who worked for the internationally-renowned firm Skidmore, Owings and Merrill for over 30 years and designed such well-known works as the U.S. Air Force Academy Cadet Chapel (a National Historic Landmark) and the University of Illinois at Chicago campus; and

WHEREAS, Netsch became known during the 1960s for his "Field Theory" of design, where he created floor plans and general building parti from the manipulation of superimposed geometric figures. Netsch's design theory influenced the design of his Hudson Street house in Old Town; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the Building has a significant historic, community, architectural, or aesthetic interest or value, the integrity of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On March 9, 2023, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the Building be designated a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby adopted as the findings of the City Council.

SECTION 2. The Building is hereby designated a Chicago landmark in accordance with Section 2-120-700 of the Municipal Code.

SECTION 3. For purposes of Sections 2-120-740 and 2-120-770 of the Municipal Code governing permit review, the significant historical and architectural features of the Building are identified as:

- On the interior, the overall spatial volume of the residential portion of the Building. Aspects of Netsch's Field Theory on the interior that are significant include the central tower and the arrangement of living spaces extending from it.

SECTION 4. The Commission is hereby directed to create a suitable plaque appropriately identifying the Building as a Chicago landmark.

SECTION 5. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 6. All ordinances, resolutions, motions, or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.
